CHAIRPERSON'S FOREWORD

This report is a record of the Committee's consideration of the Agreement between the Government of the Republic of Kenya and the Government of the Republic of United Kingdom of Great Britain and Northern Ireland on Defence Co-operation.

The Cabinet Secretary Ministry of Defence submitted a Memorandum to the National Assembly signed and dated 27th July, 2021. The Memorandum and the text of the Agreement were referred to the Departmental Committee on Defence and Foreign Relations by the Speaker of the National Assembly on 8th September, 2021 for processing.

In considering the Agreement, the Committee held a total of five (5) sittings, including a briefing on the Agreement from the Ministry of Defence.

Pursuant to Article 118(1)(b) of the Constitution on Public Participation and Section 8(3) of the Treaty Making and Ratification Act, 2012, the Committee placed advertisements in two local dailies, on 20th October 2021, calling for submissions of Memoranda on the subject matter. By the close of the deadline, the Committee had not received any Memorandum for or against the ratification of the Agreement. However, the Committee received submissions from the County Government of Laikipia on 31st March, 2022 long after the close of the deadline for submissions which was on 5th November, 2021.

The Memorandum from the County Government of Laikipia raises concerns over claims of deaths, injuries and other forms of suffering arising from the activities related to the British Army Training Unit, Kenya (BATUK). The Memo further avers that no form of compensation has been forthcoming to settle the claims. Despite the late submission of the Memorandum, the Committee considered the prayers of the County Government and noted that while the claims made were weighty, the issues raised were being addressed by the relevant National Government agencies in conjunction with BATUK.

The Committee observes that the Agreement adds to the already existing bi- and multi-lateral agreements with other States and agencies. The country stood to benefit from expertise by the Counterpart State.

The Committee recommends that, pursuant to the provisions of Section 8 of the Treaty Making and Ratification Act, 2012, the House adopts and approves the Ratification of the Agreement between the Government of the Republic of Kenya and the Government of the Republic of the United Kingdom of Great Britain and the Northern Ireland on Defence Co-operation.

Pursuant to Standing Order 199(6), it is my pleasant duty to present to the House the Report of the Departmental Committee on Defence and Foreign Relations on its consideration of the Agreement between the Government of the Republic of Kenya and the Government of the Republic of the United Kingdom of Great Britain and the Northern Ireland on Defence Co-operation.

Hon. Richard Nyagaka Tong'i, MP

2.2 Memorandum by the Ministry of Defence

17. The Ministry of Defence, through a letter dated 6th September 2021, submitted its memorandum on the Agreement. The Ministry submitted that the bilateral cooperation in defence between the Republic of Kenya and the Republic of the United Kingdom of Great Britain and Northern Ireland has been limited to exchange of students in military institutions, training support and cooperation in the defence industry. The Ministry indicated that this was observed to be narrow and does not exploit all the potential areas of cooperation. Therefore, the draft Agreement expands the potential areas of cooperation to include security and defence policy, peacetime military activities, environmental protection, military sports, military medicine and research and development. The draft Agreement also expands cooperation in military training to include

military exercises, staff talks and technical meetings and exchange of teaching and training personnel as well as students from military institutions.

18. The Ministry further submitted that the draft Agreement provides a formal framework for bilateral cooperation in defence between the Republics of Kenya and the United Kingdom of Great Britain and Northern Ireland in conformity with Section 37 of the Kenya Defence Forces Act, 2012 (revised in 2018) as read together with Section 283 which requires that cooperation in defence be regulated by an agreement which should also provide for the legal status of the Visiting Forces while in the Republic of Kenya. The draft Agreement at Article 6 prescribes the legal status of the Visiting Forces.
19. The Ministry submitted that contemporary security challenges such as terrorism, organized crime and human and drug trafficking are transnational and necessitate collaboration and cooperation between States. The proposed Agreement will provide a framework for collaboration between the Republics of Kenya and the United Kingdom of Great Britain and Northern Ireland to address the contemporary security challenges.
20. The Ministry submitted that the Defence Council had considered the draft Agreement and approved the same. The Ministry therefore recommended that the National Assembly approves its ratification in accordance with the Treaty Making and Ratification Act.
21. On the financial implications, the Ministry submitted that the implementation of the Agreement will occasion additional expenditure which will be defrayed from the budget voted to the Ministry of Defence.

- xv) On 10th June, 2020, the ODPP received a letter from the Ministry of Defence requesting for guidance from the DPP on the outcome of the inquest;
- xvi) On receipt of the said letter, the ODPP called for a certified copy of the proceedings and opinion of the Hon. Magistrate as well as the investigation files;
- xvii) Upon review of the file, the office established that there were critical areas that required to be covered by the DCI before the matter was to be admitted for prosecution;
- xviii) On 2nd November, 2021, the office received another letter from the Ministry of Defence requesting for the status of the proposed prosecution;
- xix) In this regard, the office, through a letter dated 10th November, 2021 responded to the same, indicating that upon review of the opinion of the learned magistrate, the file had been forwarded to the DCI for further investigations;
- xx) The ODPP committed to expeditiously review the investigation file once received and make a decision in line with article 157 of the Constitution, 2010;

- xxii) The ODPP was the office mandated to pursue mutual legal assistance, as affirmed by the Supreme Court, and the office of the Attorney General was a mere conduit of the same.

3.6 Memorandum by the County Government of Laikipia

27. The County Government of Laikipia made its submissions on the Agreement between the Government of the Republic of Kenya & the Government of the Republic of United Kingdom of Great Britain & Northern Ireland on Defence Cooperation, as follows: -

28. The Government of the Republic of Kenya entered into an Agreement with the United Kingdom of Great Britain and Northern Ireland (UKGBNI) concerning Defence Cooperation. Under the Agreement, the parties agreed to implement all activities in conformity with the domestic law in force in the Host Nation.
29. Since the beginning of their activities in Kenya, and despite the presence of a binding agreement, the BATUK have committed several unspeakable atrocities to the people of the Republic of Kenya and to the environment in general.

Some of the atrocities include:

2.1 Lolldaiga Hills Conservancy

30. Under Article 26(6)(b) of the Agreement, the Visiting Forces (BATUK) were required to terminate their use of Lolldaiga Hills Conservancy (the Conservancy) with effect from 30th June 2016. Despite this requirement, and in utter disregard of the environmental rights of the people of Kenya, and further with utter disregard of the safety of Kenya's ecological system, the BATUK undertook military training activities within the Conservancy, occasioning fire incidences between 20th and 24th of March 2021. This caused outrageous losses to the people of Kenya, the biodiversity and ecological system of the conservancy, and particularly to the Kenyan population surrounding the conservancy.
31. Pursuant to the Laws of Kenya, the Agreement, and following the destruction by fire, the African Centre for Corrective and Preventive Action lodged before the Environment and Land Court of Kenya at Nyeri, a Constitutional Petition against the BATUK as the 3rd Respondent, and its Commander as the 2nd Respondent.
32. Despite clear provisions of the Defence Corporation Agreement, the 2nd and 3rd Respondents approached the Honourable Court through a Notice of Motion application dated April 2021, and sought to have the petition struck out, and that the 2nd and 3rd Respondents be struck out of the Petition on the premises that the Government of the UKGBNI does not submit to the jurisdiction of the Kenyan Court.

2.2 The Murder of Agnes Wanjiku Wanjiru

33. Agnes Wanjiku Wanjiru was a Kenyan citizen, residing in Kenya, and working for gain in Laikipia, within the Republic of Kenya. She was last seen on 31st March 2012, partying with British soldiers at Lions Court Hotel. She later on went into a room with one of the soldiers in the same hotel. In June, 2012, a grounds man at the hotel was asked to clear an apparent blockage in a septic tank. He uncovered the lid and saw a woman's body. The police retrieved the body and transported the same to the mortuary at Nanyuki Teaching and Referral Hospital. The body was identified by her friends and family.
34. According to the post mortem report, Agnes met her horrific death in the hands of one of the nine British Soldiers who had booked rooms in the hotel on the fateful night of 31st March 2012: She had a stab wound, 2 cm long on the right side; her lungs collapsed and she had bleeding in her chest; she had an injury of the covering on her small intestine. In the pathologist's opinion therefore, the cause of death was chest and abdominal injuries due to blunt hit on the chest as well as sharp injuries (stab wounds).
35. Due to the continuous interruption by the BATUK, Agnes Wanjiku Wanjiru, who was also the mother of a 4-year-old child at the time of her death, is yet to obtain redress from Kenya's justice system. Her right to life, as guaranteed to her by Kenya's Constitution, was abused by

the BATUK, despite being bound by an Agreement to obey the laws and regulations of our country.

2.3 Blast injury on ten year-old Lisoka Lesasuyan

36. On or about 7th November 2015, the BATUK were undertaking a training exercise in open grounds within Laikipia County after which they left an unutilized explosive. Lisoka Lesasuyan, being a minor, found the explosive, and unknown to him of the dangers it could cause, started playing with it. The explosive exploded, causing multiple injuries upon him.
37. Upon filing of Miscellaneous Civil Application No. 1 of 2018 in the High Court of Kenya at Nanyuki, an ex gratia settlement was awarded in the sum of Kshs. 10,108,500.00/-

2.4 Unethical Business Practices by the Defence Infrastructure Organization and the BATUK

38. The Defence Infrastructure Organization (DIO) and the BATUK have also taken part in several unethical business practices, which have had the effect of acute economic sabotage on the people of Kenya, particularly Laikipia. They induce developers to build houses on the promise that they will lease the houses and subsequently renege.
39. One of the companies which has fallen victim to this unfortunate practice is Maiyan Holdings Limited. The company was induced to building thirty four custom built house units which would form the Swara Ranch Estate. The houses were built as a cost of Kshs. 400,000,000.00/-. The construction commenced in March 2019 and the houses were built for a period of 4 months under constant and consistent supervision and follow-up by the DIO and the BATUK.

2.5 Recommendations by the County Government of Laikipia

40. Due to the above acts, the County Government recommended the following for the Committee's review and action: -
 - i) That the current Agreement as entered into on 11th October 2016 between the Government of the United Kingdom of Great Britain and Northern Ireland, and the Government of Kenya be terminated immediately, as the Government of the United Kingdom of Great Britain and Northern Ireland is in contractual breach of its fundamental terms;
 - ii) That the Agreement being deliberated upon, dated 27th July 2021, be subjected to a rigorous process of public participation, especially within Laikipia County, before further deliberations and approvals;
 - iii) That the Government of the United Kingdom of Great Britain and Northern Ireland do unequivocally declare that the Visiting Forces under the Agreement being deliberated upon are under and subject to the jurisdiction of Kenyan Authorities for all illegal acts committed towards the people of the Republic of Kenya, and their properties, for the duration of the Agreement;
 - iv) That full compensation for the illegalities committed by the BATUK and by extension the DIO be provided for before renewal of the Agreement under deliberation;
 - v) That trainings by the BATUK be restricted to designated and enclosed areas, to ensure safety and security upon the Kenyan population; and
 - vi) That all future Agreements between the Government of the United Kingdom of Great Britain and Northern Ireland and the Government of Kenya be availed to the general public for purposes of ensuring the Kenyan population is aware of their rights under the Agreement.

3.7 Defence and Foreign Relations Committee UK Visit on the Defence Cooperation Agreement

41. The Committee travelled to the United Kingdom between 6th – 15th June, 2022. Top of the Committee's agenda was to explore ways through which the Kenya – UK DCA could be fast tracked for ratification by both countries.
42. The defence partnership is governed through the Defence Cooperation Agreement (DCA), which provides the framework for the exchange of experience and knowledge, as well as setting the conditions for UK activity in Kenya. The DCA was signed by Secretary of State (SoS) and Kenya's former Cabinet Secretary for Defence Amb. (Dr.) Monica Juma in July 2021. It has now successfully passed through UK Parliament.
43. The new DCA, if ratified by the Kenyan and UK Parliaments, would allow both Parties to continue to share expertise, experience, and techniques and to deepen cooperation, making both forces more effective.
44. The UK Government is currently operating in Kenya under a DCA bridging agreement. The DCA bridging arrangements were set out by an exchange of Notes Verbale between the Ministry of Foreign Affairs and the British High Commission Nairobi. They confirm the Agreement to extend the application of the existing DCA until the national ratification procedures in both countries have been completed to enable the new one to enter into force. The bridging arrangement sets no deadline for its termination, allowing the bridge to persist until DCA ratification. It also clearly states that any disputes over the bridging arrangement are to be settled amicably based on mutual consultations.

Ms. Agnes Wanjiru Case

45. The Committee and Hon. James Heapey, Minister for Armed Forces discussed the positive cooperation between the UK and Kenya in relation to this case and the desire of both nations to ensure that a full and robust investigation is carried out and Ms Wanjiru and her family receive justice. The UK is conscious that there is an active criminal investigation and has limited the disclosure of details of this investigation.
 - i) **RMP Activity** - RMP have worked closely with the Kenyan authorities to support access to the UK system and share intelligence.
 - ii) **Mutual Legal Assistance (MLA) Request** - The UK could neither confirm nor deny policy in relation to the receipt of Mutual Legal Assistance requests.

UK-Kenya Defence Partnership

46. The defence partnership that exists between UK and Kenya is built up over many years of cooperation, shared training experiences and a deep and long history. UK troops have trained in Kenya for decades, and the UK has a long-standing relationship with the Kenya Defence Forces (KDF), which the UK has come to regard as its Defence partner of first choice in Eastern Africa.
47. The priorities set by Secretary of State for Defence and former Cabinet Secretary for Defence, Amb. (Dr.) Monica Juma, agreed closer co-operation across:
 - a. counter-terrorism;
 - b. joint training and readiness;
 - c. the development of lasting institutions in the land, air, maritime and cyber domains;
 - d. information operations;

- e. command, leadership, and management, and;
 - f. dialogue on international security dynamics.
48. Both States' defence cooperation is wide and deep and it extends from land to sea. Every year, over 1,100 KDF soldiers are trained by the British Military either on UK based courses or by UK military training teams in Kenya. Much of this is mission specific training to help prepare KDF soldiers before deployment to Somalia.
49. This includes maritime security training to assist the Kenyan Navy and Coast Guard Service to protect Kenya's 'blue economy' and enable maritime access to international markets. In June 2021, the UK handed over a multipurpose training facility with firefighting equipment alongside the Danish government and this year they are delivering a damage control training unit. Both facilities will give realistic training environments for Kenya Navy which will enhance capability in maritime security. The facility will be available to other maritime agencies to conduct their firefighting and sea survival training, which is essential for deployment at sea. This will go a long way in helping the Kenyan Navy progress towards becoming a centre of excellence in maritime safety.
50. UK has training exercises on Counter-IED, people and vehicle searching, and some infantry tactics. They also have the UK supported infrastructure projects at KDF's school of infantry which include an urban village, a Forward Operating Base (FOB), and an assault course all of which prepare more than 600 KDF personnel for deployment in the African Union Mission in Somalia (AMISOM) and now its successor the African Union Transition Mission in Somalia (ATMIS).
51. The UK has been supporting AMISOM Troop Contributing Countries since 2010 and they do this through the Short Term Training Teams (STTTs) from the British Army, which costs Kshs. 43M annually as well as funding stipends via the African Union for all AMISOM Troop Contributing Countries.

Maritime Engagement

52. **Kenya's Blue Economy:** Kenya's coastline is 640 km long and she has 9700 km² of TTW and has a 142,400 km² EEZ. The British Government recognizes the potential of this maritime resource to boost the country's economic outlook and has made 'Blue Economy' part of the economic pillar in its development blueprint.
53. **Kenya Navy:** The Kenya Navy consists of 3 fighting squadrons who are supported by the Special Operations Squadron, the Fleet Maintenance Unit, and the newly formed elite Marine Ranger Regiment. The Kenya Navy is the leading regional maritime power with a very public commitment to supporting the Blue Economy and maritime security.
54. **Maritime Engagement to date:** To date, engagement with the Kenya Navy has been through the Kenya Navy Training College with which has a good working relationship and some effective interventions. Royal Navy frigate, HMS Kent, visited in November 2021 and conducted on shore training. The Kenya Navy has requested and UK Minister for Armed Forces agreed to, a broader and deeper maritime relationship. Meanwhile, the Royal Marines have developed a capability development plan to build up the capacity of the Kenya Marines.

Defence Cooperation Agreement

55. The new DCA is not a step change, but a broadening, tightening, and fresh commitment to a mutually valuable relationship. Valuable for the Parties national securities, but also for local

economies. It's essential the Agreement receives appropriate scrutiny, and that Kenya's citizenry feel like they have been listened to.

DCA Headlines

56. Since the first DCA was signed in 2016, the relationship has progressed well and they have not had to change much in the new Agreement. It can be seen as a renewal of vows rather than a step change. The latest version was signed by Defence Secretaries on 29th July 2021.
57. It will provide status of forces arrangements for deployed service personnel and their dependants to each other's country to conduct defence cooperation activity. It includes detail on the carriage of arms, wearing of uniform, environmental protection, tax status, liability, movement, investigations, and medical provision.
58. It provides for the establishment and operation of a permanent training unit in Kenya and the use of private and gazetted land for training. The Agreement covers exchanges, training, staff talks and meetings, courses, visits, and exercises. It explicitly limits its scope and does not cover Visiting Forces taking part in hostilities or other operations of the Host Nation's armed forces or security forces or activities with police or other security forces.

Changes to 2012 Text

59. The new DCA is broader and reflects a richer relationship. For example, the two countries included a mechanism for multilateral activity that they would both like to do more together. There's a commitment to continue the most important aspects of Kenya/UK relationship, for example the support they provide to the Counter IED facility.
60. The Agreement has enriched provision on environmental monitoring, increased license fees for use of the facilities on KDF land (which will be increased in line with inflation) and ensured that vehicle registration and the importation of personal effects have come in line with developments in Kenyan law.

Q&A/Current Issues/Members Concerns

What economic benefit will the DCA bring to Kenya?

61. BATUK is a huge contributor to the UK-Kenya defence partnership and to the local community. It permanently employs 550 local civilians and has contributed Kshs. 5.8 billion to the local economy since 2016.

How can the British Army better use Kenyan community lands?

62. Having listened to the local communities, some of whom have said that they would welcome training in community conservancies and other local land, the UK Government is looking at options to do so. Any such arrangements need to be made through the Kenyan Ministry of Defence and this is on the agenda for the next Intergovernmental Liaison Committee due to be held on 24th June, 2022.

What about cases where one is neither a soldier nor an employee?

63. Community engagements projects are central to BATUK's work. The local communities in Isiolo, Laikipia and Samburu counties where the trainings take place have benefitted from the Kshs. 101 Million investment in BATUK's community engagement activities.
64. BATUK supports the counties in enhancing educational environments (through provision of desks and other classroom improvements), provide water harvesting (through guttering and

water tanks); and facilitate with sanitation (build new toilets).

65. BATUK employs both casual staff and contracts locally employed civilians. All job requirements are sent to the relevant Civil Labour Offices in Nanyuki, Archers Post and Nairobi, who then advertise the post and collate all applicants.
66. All casual labour is recruited from the local labour offices. No individual employed as Casual Labour is employed for longer than eight weeks in a financial year under casual terms. This meets Kenyan Employment Law and ensures maximum opportunities for all registered.
67. BATUK always reviews its hiring practices to ensure they are fair, transparent and can work to suit the local community.

Why do British Soldiers break the military code of conduct when they are in Kenya?

68. The UK greatly values the opportunity for British troops to train in Kenya alongside their partners in the Kenya Defence Force. In every situation, whether on or off duty, UK Service Personnel are expected to uphold the values and high standards of their services, no less so when deployed overseas. The UK-Kenya Defence Cooperation Agreement includes a clear framework for jurisdiction to ensure that any allegations of disciplinary failures are investigated and pursued as appropriate.

What is being done regarding paternity of Kenyan children who have British Service persons as their father?

69. The British Army enforces Kenyan Child Welfare Agency rulings and there are a small number of British soldiers currently paying maintenance to Kenyan mothers. As soon as any children are brought to the CWA attention, BATUK has a process to ensure correct accountability is enforced. BATUK is in regular contact with the Child Welfare Agencies in Laikipia and Samburu Counties to determine whether they are aware of any children of British soldiers. Anyone who believes that the father of their child is a British Soldier is encouraged to raise this with the Child Welfare Agency.

q) Lolldaiga court case

What assurances could be given that there isn't a repeat of the Lolldaiga fire?

70. The fire damaged around 7,000 acres of private land. No local or community land was directly affected. KWS confirmed publicly that no elephants or wildlife died in the fire. Lessons have been learned with revised procedures and protocols in place for all future training to prevent similar accidents, including: an update of procedures for planning and conducting training during the dry season, adapting fire risk management training to all troops, and the commission of a specialist report from the UK Defence Fire Risk Management Organization.
71. **A local community fire prevention and containment group** is now established to enhance coordination for any future incidents, working with community leaders, conservation groups and land managers. Given fires of all kinds are common during dry season; this will help mitigate the risks.
72. **The actions of those responsible for a post on social media** have been investigated and appropriate and proportionate sanctions applied. The risks to reputation of the British Army and the inappropriate use of social media have been a crucial aspect of the investigation.

Unexploded Ordnance (UXO)

73. In 2001 Leigh Day & Co raised an action case on behalf of residents who said that they had been harmed or had relatives killed by unexploded ordnances left by British troops exercising. The MOD conducted an investigation into 173 injuries and deaths caused by unexploded ordnances left in training areas. An extensive investigation was conducted on behalf of the MOD and found that the majority of the UXO were of Kenyan Army and Air Force origin. A settlement was made following a mediation session in 2002.
74. In 2015 a child was seriously injured when he handled an unexploded fuse. The incident was investigated by the Kenyan Police Service, assisted by the Kenyan Defence Forces and British Army Training Unit Kenya (BATUK). The investigation was unable to conclusively establish whether the unexploded ammunition that caused the child's injuries was of Kenyan or British origin. An agreed settlement was reached without admission of liability and a payment made to the family of the injured child in June 2018.
75. BATUK had a relationship with the family of the injured boy and based on this, due to the possibility that it was British Army unexploded ordnance which had injured him and on the unlikelihood that he would receive significant support from other sources, a decision was made to offer a settlement through the Kenyan court system without accepting liability but calculated on the same basis as if it had been British-originated ordnance which had caused his injuries.
76. In addition to the settlement, additional sums of money to support the injured boy were raised by service personnel and dependents at BATUK.
77. The victim through his father received legal representation and the settlement was ratified by a Kenyan court in accordance with Kenyan law.
78. The UK annually deploys a Royal Engineer squadron to conduct unexploded ordnance disposal at Archers Post Training Area to ensure the area used by British units is safe to train in. This is a partnered activity with Kenyan Army Engineers and includes community outreach and training on how to identify, avoid and report UXO. This activity is included in the Defence Cooperation Agreement and has been ongoing for a number of years.

4.0 COMMITTEE OBSERVATIONS

The Committee observed THAT: -

1. The Agreement between the Government of the Republic of Kenya and the Government of the Republic of United Kingdom of Great Britain and Northern Ireland was one of the many existing Defence Cooperation Agreements that Kenya had ratified with other countries and agencies. The legal instrument was geared towards improving Defence Cooperation between the member States.
2. Defence Agreements are important to the country as they, among others, enable knowledge transfer and capacity building; and sharing of information in an increasingly complex global environment.
3. The Agreement with the Government of the Republic of Kenya and the Government of the Republic of United Kingdom of Great Britain and Northern Ireland provided for joint trainings and as such, activities of the Foreign Forces will not be in isolation.

4. The Memorandum by the County Government of Laikipia was submitted way past the deadline of 5th November, 2021 as had been prescribed in the newspaper advertisement. However, owing to the public interest on the issues, the Committee resolved to consider the prayers of the County Government.
5. The United Kingdom has an advanced defence capability due to the size and nature of its economy, geo-political position, including its large coastline hence there is a lot of military lessons that Kenya can learn from the latter.
6. The fire which had destroyed about 12,000 acres of land at Lolldaiga conservancy was as a result of the military exercise in the area.
7. The Directorate of Criminal Investigations had commenced investigations in the case of the murder of Ms. Agnes Wanjiru Wanjiku by the British Soldiers; while the Office of the Director of Criminal Investigations had initiated talks on Mutual Legal Assistance (MLA) with the UK Government.
8. The trainings by BATUK had failed to adhere to Kenya's laws and obligations under international law with respect to the preservation of the environment pursuant to Article 8 of the Agreement.
9. The ratification of the Defence Cooperation Agreement between Kenya and the United Kingdom and Northern Ireland would greatly enhance intelligence sharing to tackle security challenges facing the member countries given the security threats facing the region.

5.0 COMMITTEE RECOMMENDATION

The Committee recommends THAT: -

Pursuant to Section 8 of the Treaty Making and Ratification Act, 2012, the House adopts and approves the Ratification of the Agreement between the Government of the Republic of Kenya and the Government of the Republic of the United Kingdom of Great Britain and the Northern Ireland on Defence Co-operation.

MIN. NO.NA/DDC.DFR/2021/129: BRIEFING BY CABINET SECRETARY, MINISTRY OF DEFENCE ON THE DEFENCE COOPERATION AGREEMENT WITH THE UK

The Chairperson invited the Cabinet Secretary to provide a status update of the matter of murder of a Ms. Agnes Wanjiru by a British soldier, before delving into the new Defence Cooperation Agreement.

The Cabinet Secretary, Hon. Wamalwa submitted as follows;

1. He noted the importance of the Defence Cooperation Agreement in strengthening our military cooperation with the United Kingdom;

2. He acknowledged the findings of the inquest of the murder of Ms. Wanjiru and assured the Committee that the previous agreement gave Kenya jurisdiction to deal with the matter. Kenya would therefore invoke provisions of the Agreement;
3. Earlier in the morning, he had hosted the British Minister of Defence, Mr. James Hippie, accompanied by the High Commissioner, Ms. Jane Marriot who assured him that the UK government was ready to cooperate in accordance with the Agreement to prosecute those liable for the death;
4. The jurisdiction to prosecute was however in the hands of civilian authorities including the Director of Public Prosecutions and the Inspector General of Police. The latter had indeed issued a statement on the same;
5. He expressed regret at the delay of investigations and justice to the victim and her family.

The Committee was not satisfied with assurances and demanded concrete action and timelines. The Defence Cooperation Agreement no matter how beneficial, could not be at the expense of Kenyan lives. Members noted other cases in the visiting military areas of operations including children sired and abandoned by the soldiers, environmental degradation and brawls with residents, which needed to be wholesomely addressed.

The Committee further put the Cabinet Secretary to task over the possibility of local accomplices to the cover-up and demanded that they be exposed and punished.

The Cabinet Secretary responded that the government's cardinal duty was to protect the lives of Kenyans and could not be involved in any cover-up, but could be attributable to unintentional delays.

The Committee resolved that the Cabinet Secretary liaise with other agencies of government and provide concrete measures undertaken to ensure justice, and provide this information on Tuesday 16th November 2021. It is then that the contents of the new Agreement will be discussed.

MIN. NO.NA/DC.DFR/2021/137: AOB

- i) The Kenya Defence Forces' recruitment drive is open to all eligible candidates;
- ii) The recruitment was done at the sub-county level, and therefore the issue of discrimination cannot arise as long as the Sub-Counties got their fair share of allocations in the recruitment exercise as guided by the existing KDF strength in that particular Sub-County;
- iii) That, the general academic and physical qualifications notwithstanding, there are considerations made and provided for in the recruitment policy to ensure fair and equitable opportunities;
- iv) Further, the C.S noted that the recruitment had just started, and the Ministry couldn't provide satisfactory answers on the actual numbers recruited from Wajir East Sub County, until returns were filed.

The Cabinet Secretary submitted that the matter was crosscutting in all the constituencies and requested more time to coordinate with the recruitment officers and submit a comprehensive response in due course. The Committee acceded to this request.

- xvii) Upon review of the file, the office established that there were critical areas that required to be covered by the DCI before the matter is admitted for prosecution;
- xviii) On 2nd November, 2021, the office received another letter from the Ministry of Defence requesting for the status of the proposed prosecution;
- xix) In this regard, the office, vide a letter dated 10th November, 2021 responded to the same, indicating that upon review of the opinion of the learned magistrate, the file had been forwarded to the DCI for further investigations;
- xx) The ODPP will expeditiously review the investigation file once received and make a decision in line with article 157 of the constitution, 2010;
- xxi) Further, the office will initiate extradition proceedings for the persons found culpable of the heinous murder of Agnes Wanjiru;
- xxii) The ODPP was the office mandated to pursue mutual legal assistance, as affirmed by the Supreme Court, and the office of the Attorney General was a mere conduit of the same.

Committee Resolution

The Committee observed that the DCI had particularly failed to respond to a letter by the DPP of 7th December 2020 asking them to address certain matters of the investigation. This had posed a major obstacle in resolving the matter.

The Committee therefore resolved to invite the Inspector General of Police (IG) and the Director of Criminal Investigations to personally attend a meeting on Thursday, 2nd December, 2021 to provide complete and comprehensive responses on issues raised by the DPP in his letter of 7th December 2020 and chronology of concrete action taken since the murder.

141st Sitting

Minutes of the 141st sitting held on 25th November, 2021 were read and confirmed as a true record of proceedings as proposed by Hon. Charles Kilonzo, MP and seconded by Hon. Caleb Amisi, MP. There were no matters arising.

MIN. NO.NA/DDC.DFR/2021/147: SUBMISSIONS BY THE DIRECTOR OF CRIMINAL INVESTIGATIONS AND THE INSPECTOR GENERAL OF POLICE ON INVESTIGATIONS ON THE ALLEGED MURDER OF MS. AGNES WANJIRU BY BRITISH SOLDIERS BASED IN NANYUKI

Mr. George Kinoti, Director of Criminal Investigations on behalf of the team submitted the following in response to the alleged murder of Ms. Agnes Wanjiru;

- i) The deceased person herein Agnes Wanjiru Wanjiku then aged 21 years old was last seen alive on the night of 31st March, 2012 with a British Army Soldier in uniform at Lions Court Lodge in Nanyuki Town, Laikipia East sub county, Laikipia County. Her body was discovered and subsequently retrieved from a septic tank at the said hotel on the 5th June, 2012;
- ii) After investigations by Nanyuki Police Station, an inquest was conducted at Nanyuki Law Court where the presiding Principal Magistrate Hon. Njeri Thuku opined in her decision dated 5th November, 2019 that an offence of murder was committed against the deceased by the British Army Soldiers and therefore called for further investigations for the prosecution of the culpable party;
- iii) That upon receipt of the above opinion of the court, the Director of Criminal Investigations, instructed the Homicide team to take over and carryout fresh investigations. They established the following;
- iv) On the 31st day of March, 2012 at about 20:00 hours, the deceased herein Agnes Wanjiku Wanjiru went out with her friends Florence Nyaguthii Mugo and Susan Nyambura at Lions Court Lodge. Being a weekend there were several revelers at the hotel including British soldiers some in their uniform and others in ordinary clothing. While seated in the bar area, a British Army soldier in uniform approached the deceased and started engaging each other. Few minutes thereafter, the deceased and the British soldier in uniform went to the dancing floor and the two had a good time dancing;
- v) On 1st April, 2012 at 2:00am or thereabout, Susan Nyambura stepped out of the bar to get some fresh air leaving the deceased and the British Army Soldiers on the dancing floor still having their good time. While outside, Susan Nyambura saw the deceased and a British Soldier in uniform going towards the guest room direction within the precincts of the Lions Court Lodge;

- vi) When the deceased spotted her friend Susan, she stopped and shortly engaged her before proceeding with the British Army Soldier towards the guest room's direction never to be seen again, this was the last time the deceased was seen alive by a known person
- vii) By the time Florence and Susan were leaving, the deceased had not returned, they assumed that the deceased was having her good time with the British Soldier in uniform they had seen her last with;
- viii) On the 1st April, 2012, the deceased never returned home, therefore efforts to trace her whereabouts commenced in earnest since she had left behind five month old infant;
- ix) Florence, Susan and Rose the deceased's sister went back to Lions Court Lodge and the British Army Soldiers Camp among other places in search of the deceased but their efforts were futile;
- x) On the 5th June, 2012, John Gichuki who worked at the Lions Court Lodge as a gardener and in the maintainance section was instructed by his Manager, George Njuguna Wangari to clean the man holes and waste disposal pipes as there was a foul smell. In the process of cleaning, he lifted the grate of the septic tank and saw human legs floating on the sewage while the remainder of the body was submerged. He alerted his Manager who came and confirmed the same;
- xi) The police visited the scene after being alerted by the Hotel Manager George Njuguna Wangari and with the help of the then Nanyuki Municipal Council Fire Brigade Personnel, a body of an unknown African female adult was retrieved. The body was dressed only in a bra and had a packet of unused condoms tucked inside the bra. The body was moved to Nanyuki Teaching and Referral Hospital mortuary awaiting identification and autopsy;
- xii) The body was later positively identified as that of Agnes Wanjiku Wanjiru the deceased person herein who was lastly seen alive in company of a British Army Soldier in uniform on the night of 31st March, 2012 at Lions Court Lodge;
- xiii) On the 13th June, 2012 the autopsy was conducted by Dr. Obiero Okoth who opined that the cause of the death was due to chest and abdominal injuries. He further observed that the deceased could have been placed in the septic tank alive as injuries sustained were not fatal enough to kill her;
- xiv) Efforts by the initial investigators to interview the British Army Soldiers who were at the Lions Court on the night of 31st March, 2012 were futile as they had already left the country;
- xv) The Lions Court Hotel provided a list of British Army Soldiers who had booked into the hotel on the 31st March, 2012 when the deceased went missing. The initial investigators subsequently wrote to the then BATUK Camp Manager requesting to be provided with more details of the soldiers as per the hotels list;
- xvi) The soldiers were confirmed as follows' 30102814 Kgn Hendry Liam Robert, 30045162 Kgn Redford James Williams, 30116151Kgn Sons Ryan Paul, 30090677 Sgt Creighton Daniel, 30045162 Kgn Thornton Daniel John and 30101570 Kgn Smith Karl Eric
- xvii) According to the Royal Military Police, the above identified witnesses have information to link and identify the soldier who killed the deceased person;

Committee Resolution

MIN. NO.NA/DDC.DFR/2022/124: PRELIMINARIES

The Chairperson called the meeting to order at 11.25 am. A prayer was said. The agenda of the meeting was adopted after having been proposed by Hon. Col. (Rtd.) Dido Raso, MP and seconded by Hon. Ernest Ogesi Kivai, MP

The agenda item was deferred to the next sitting.

MIN. NO.NA/DDC.DFR/2022/126: CONSIDERATION OF THE DRAFT REPORT ON THE DEFENCE COOPERATION AGREEMENT BETWEEN THE GOVERNMENT OF THE REPUBLIC OF KENYA AND THE GOVERNMENT OF THE

**REPUBLIC OF THE UNITED KINGDOM AND
THE NORTHERN IRELAND**

The Members were informed by the Session Chair Hon. Elijah Memusi Kanchory, MP, that since the House was on *Sine die* recess the Speaker had approved the Committee meeting and therefore the Sitting was properly and procedurally convened.

Members deliberated on the ratification of the Defence Cooperation Agreement Agreement between the Government of the Republic of Kenya and the Government of the Republic of the United Kingdom and the Northern Ireland by observing that the Agreement had not been fully subjected to public participation. The Committee was yet to meet the County Government of Laikipia as well as hold public hearings in Nanyuki with the community and meet representatives of the British Army Training Unit in Kenya (BATUK).

It was also observed that the previous Agreement between the Member states had expired. The British soldiers were currently operating on a 'bridging Agreement' and therefore could be exposed to litigation if anything untoward happened. It was therefore hoped that the processing of the Agreement would be expedited by the Committee for adoption and approval by the House.

However, Members resolved to defer adoption of the report until the said public hearings were adequately conducted.

It was therefore resolved that a programme on the proposed visit to Nanyuki be developed and preparations be commenced.

MIN. NO.NA/DDC.DFR/2022/127: ANY OTHER BUSINESS

Hon. Yusuf Hassan Abdi, MP informed Members that he was invited to represent the Committee during the 18th Ambassadors and High Commissioners Conference at the Windsor Golf and Country hotel on Wednesday 15th June, 2022 where he was the key guest speaker during their dinner. His keynote speech focused on Parliamentary diplomacy with aspects drawn from his personal international experience while at the United Nations.

MIN. NO.NA/DDC.DFR/2022/128: ADJOURNMENT

There being no other business, the meeting was adjourned at 12.17 pm. The next meeting would be convened on notice.

The adoption of the report was proposed by Hon. Maoka Maore, MP and seconded by Hon. Zachary Thuku Kwenya, MP.

Dear Sir/Ms,

RE: REVIEW AND APPROVAL OF THE AGREEMENT BETWEEN THE GOVERNMENT OF THE UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND AND THE GOVERNMENT OF THE REPUBLIC OF KENYA CONCERNING DEFENCE COOPERATION, DATED IN LONDON ON 27TH JULY 2021 AND PRESENTED TO PARLIAMENT BY THE SECRETARY OF STATE FOR FOREIGN, COMMONWEALTH AND DEVELOPMENT AFFAIRS BY THE COMMAND OF HER MAJESTY, THE QUEEN, ON NOVEMBER 2021.

The above subject matter refers.

1. On 11th October 2016, the Government of the Republic of Kenya entered into an Agreement with the United Kingdom of Great Britain and Northern Ireland (UKGBNI) concerning Defence Cooperation. Under the Agreement, the parties agreed to implement all activities in conformity with the domestic law in force in the Host Nation. Among the

activities envisaged in the Agreement, was military exercises and training, under Article 4 of the Agreement.

2. Subsequently, the government of the UKGBNI brought its Armed Forces for training in Kenya, and particularly in Nanyuki, namely, the British Army Training Unit Kenya (BATUK). The Agreement is attached to this letter and marked '**Annex 1**' for your reference.
3. Since the beginning of their activities in Kenya, and despite the presence of a binding agreement, the BATUK have committed several unspeakable atrocities to the people of the Republic of Kenya, and to the environment in general. The sovereignty of the people of Kenya as enshrined in the Constitution of Kenya, 2010 has constantly been put under threat. The right to human life and the sanctity of such life as provided for under our Constitution has been undermined, and the right to a clean and healthy environment has been abused beyond measure. Below are just but a few examples of how the BATUK have abused the rights of the people of Kenya:

LOLLDAIGA HILLS CONSERVANCY

4. Under Article 26 (6)(b) of the Agreement, the Visiting Forces (BATUK) were required to terminate their use of Lolldaiga Hills Conservancy (The Conservancy) with effect from 30th June 2016. Despite this requirement, and in utter disregard of the environmental rights of the people of Kenya, and further with utter disregard of the safety of Kenya's ecological system, the BATUK undertook military training activities within the Conservancy, occasioning fire incidences between 20th and 24th of March 2021. This caused outrageous losses to the people of Kenya, the biodiversity and ecological system of the conservancy, and particularly to the Kenyan population surrounding the conservancy, as summarized hereunder:
 - a) On 23rd March 2021, 7,000 acres of grassland and forest area was affected by the fire (attached and marked '**Annex 2**' is a copy of a letter by the Defence Infrastructure Organisation confirming that an investigation was ongoing);
 - b) The destruction of the conservancy led to the escape of wildlife to private land, causing destruction of crops and thus economic loss (attached and

marked 'Annex 3' is a copy of the Compensation Claim Form by Ernest Ngeera Gituma issued on 27th March 2021); and

- c) The death of Mr. Murage Gitonga, an 82-year-old Kenyan gentleman, who developed throat cancer and breathing difficulties after exposure to the fire.
5. This is despite the enabling Agreement stating clearly under Article 6, that the visiting forces shall be subject to, and shall abide by and respect the Constitution, laws and regulations of the Republic of Kenya at all times, and that the relevant authorities of the Republic of Kenya shall have jurisdiction over any member of the Visiting Forces (BATUK), the Civilian Component of the Dependants for any offence that is against the security or property of the Host Nation (Kenya) or against a person or property of a member of the Host Nation (Kenya).
6. This is, further, despite the enabling Agreement stating clearly, under Article 8(1) that the Host Nation (Kenya) and the Visiting Forces (BATUK) shall ensure protection, preservation and restoration of the environment comprising of the Training Areas and Service Establishments and Installations. The Agreement, further, under Article 8(1) obliges the Visiting Forces (BATUK) to avoid acts that negatively impact on human health and safety, property, flora and fauna and to, at all material times, comply with Kenya's directions, regulations and laws preserving the environment and Service Establishments and Installations
7. Pursuant to the laws of Kenya, the Agreement, and following the destruction by fire, the African Centre for Corrective and Preventive Action lodged before The Environment and Land Court of Kenya at Nyeri, a Constitutional Petition against the BATUK at the 3rd Respondent, and its Commander as the 2nd Respondent. The Petition is attached to this Letter and marked 'Annex 4' for your reference.
8. Despite clear provisions of the Defence Corporation Agreement, the 2nd and 3rd Respondents approached the Honourable Court through a Notice of Motion application dated 27th April 2021, and sought to have the petition struck out, and that the 2nd and 3rd Respondents be struck out of the Petition on the premises that the Government of the UKGBNI does not submit to the jurisdiction of the Kenyan Court. Attached for your reference and marked 'Annex 5' is a copy of the said Application.

THE MURDER OF AGNES WANJIKU WANJIRU

9. Agnes Wanjiku Wanjiru was a Kenyan citizen, residing in Kenya, and working for gain in Laikipia, within the Republic of Kenya. She was last seen on 31st March 2012, dancing with British soldiers at Lions Court Hotel. She later on went into a room with one of the soldiers in the same hotel. In June, 2012, a groundsman at the hotel was asked to clear an apparent blockage in a septic tank. He uncovered the lid and saw a woman's body. The police retrieved the body, and transported the same to the mortuary at Nanyuki Teaching and Referral Hospital. The body was identified by her friends and family.
10. The police initiated their investigations. A Post Mortem report was generated on 13th June 2012, and subsequently, a more detailed report was generated on 13th July 2012. The issue however came to an abrupt rest for unclear reasons. The next letter came from the Office of the Director of Public Prosecutions (ODPP) on 10th January 2017, 5 years later, only to state that the offence was murder. It thereafter took another 1 year, 10 months for the file to be forwarded to the Honourable Court at Nanyuki with the recommendation that the Court conducts an inquest. These delays can only speak to interference by the British Soldiers, in the process of investigations, with an aim to frustrate the process.
11. According to the Post Mortem report, Agnes met her horrific death in the hands of one of the nine British Soldiers who had booked rooms in the hotel on the fateful night of 31st March 2012: She had a stab wound, 2 cm long on the right side; her lungs collapsed and she had bleeding in her chest; she had an injury of the covering on her small intestine. In the pathologist's opinion therefore, the cause of death was chest and abdominal injuries due to blunt hit on the chest as well as sharp injuries (stab wounds). We have herby attached the Pathologists testimony before Court in the proceedings of Inquest No. 8 of 2018, and marked the same as '**Annex 6**' for your reference. We have further attached the inquest report by the Judiciary and marked the same as '**Annex 7**'
12. Due to the continuous interruption by the BATUK, Agnes Wanjiku Wanjiru, who was also the mother of a 4-year-old child at the time of her death, is yet to obtain redress from our justice system. Her right to life, as guaranteed to her by our Constitution, was abused by the BATUK, despite being bound by an Agreement to obey the laws and regulations of our country. They have gone scot-free despite being bound by the very agreement that binds them to the jurisdiction of this country.

BLAST INJURY UPON 10-YEAR-OLD LISOKA LESASUYAN

13. On or about 7th November 2015, the BATUK were undertaking a training exercise in open grounds within Laikipia County after which they left an unutilized explosive. Lisoka Lesasuyan, being a minor, found the explosive, and unknown to him of the dangers it could cause, started playing with it. The explosive exploded, causing multiple injuries upon him. The injuries included:

- i. Traumatic amputation of the left forearm;
- ii. Facial injuries with a ruptured right eye;
- iii. Multiple lacerations of the chest; and
- iv. Gangrenous right forearm and hand. (Attached and marked 'Annex 8' is a copy of the medical report, and 'Annex 9' is a copy of Lisoka's photo.)

Upon filing of Miscellaneous Civil Application No. 1 of 2018 in the High Court of Kenya at Nanyuki, an *ex gratia* settlement was awarded in the sum of KSHs. 10,108,500.00/-.

14. This case however shows that the BATUK have been negligent in their activities, and ought to continue operating under strict guidelines. It is also a clear indicator of the dangers that come with military training on open public spaces.

UNETHICAL BUSINESS PRACTICES BY THE DEFENCE INFRASTRUCTURE ORGANISATION AND THE BATUK

15. The Defence Infrastructure Organisation (DIO) and the BATUK have also taken part in several unethical business practices, which have had the effect of acute economic sabotage on the people of Kenya, particularly Laikipia. They induce developers to build houses on the promise that they will lease the houses and subsequently renege.

16. One of the companies which have fallen victim to this unfortunate practice is Maiyan Holdings Limited. The company was induced to building 34 custom built house units which would form the Swara Ranch Estate. The houses were built at a cost of KSHs. 400,000,000.00/-. The construction commenced in March 2019, and were built for a period of 4 months under constant and consistent supervision and follow-up by the DIO and the BATUK (we have attached a copy of the project status report for July 2019 and

marked the same as 'Annex 10'. At this particular period, when the shell and core of the entire estate was already complete, the DIO wrote to Maiyan Holdings, withdrawing from the project. This was notwithstanding the fact that it is them who had supplied and approved the designs, and further requested for concurrent construction of all the houses to meet their housing demand from September 2019 (attached and marked 'Annex 11' is a thread of communication emails with regard to the progress of the Swara Ranch Estate Project).

17. The project employed more than 100 people at all given times, and sourced most of their material from Small and Medium Sized Enterprises (SMEs) within Laikipia County. The company further invited investors, most of whom were community-based investment groups, who mortgaged and charged their properties to invest and secure a long-term rental income. The livelihoods and sustainability of this large and diverse population was put on the line by this move.
18. This was not an isolated incident, neither was it an honest mistake. It was a result of a deliberate policy and pattern of behaviour employed by the DIO in high command. In a similar incident involving one Douglas Kiago, he was similarly engaged on 28th February 2019 to renovate his 12 units to be leased by the BATUK. He had built the houses 5 years ago for the BATUK, who reneged upon their conclusion. The units fell into disuse, and Douglas was left struggling to service his debt obligations. They since went incommunicado and became totally irresponsible of his calls and emails.
19. It is unacceptable that an entity under the British Government, that represents itself as one acting on behalf of the Secretary of State for Defence of the United Kingdom would deliberately adopt a policy aimed at sabotaging the local business community.

RECOMMENDATIONS:

Due to the above acts, which are just but a handful of all the acts that have been illegally orchestrated upon the Kenyan populace, we have come up with the following recommendations for your review and action:

- i. That the current agreement as entered into on 11th October 2016 between the Government of the United Kingdom of Great Britain and Northern Ireland, and the Government of Kenya be terminated immediately, as the Government of the United

Kingdom of Great Britain and Northern Ireland is in contractual breach of its fundamental terms;

- ii. That the Agreement being deliberated upon, dated 27th July 2021, be subjected to a rigorous process of public participation, especially within Laikipia County, before further deliberations and approvals;
- iii. That the Government of the United Kingdom of Great Britain and Northern Ireland do unequivocally declare that the Visiting Forces under the Agreement being deliberated upon are under and subject to the jurisdiction of Kenyan Authorities for all illegal acts committed towards the people of the Republic of Kenya, and their properties, for the duration of the Agreement;
- iv. That full compensation for the illegalities committed by the BATUK and by extension the DIO be provided for before renewal of the Agreement under deliberation;
- v. That trainings by the BATUK be restricted to designated and enclosed areas, to ensure safety and security upon the Kenyan population; and
- vi. That all future Agreements between Government of the United Kingdom of Great Britain and Northern Ireland and the Government of Kenya be availed to the general public for purposes of ensuring the Kenyan population is aware of their rights under the Agreement.

We have further reached out to all other bodies involved, and have hereby attached the bundle of letters as '**Annex 12**' herein.

We look forward to hearing from you, and further to your positive action in respect to these issues.

Yours faithfully,

ALEXANDER MUCHEMI,
THE COUNTY ATTORNEY,
THE COUNTY GOVERNMENT OF LAIKIPIA.

**THE AGREEMENT BETWEEN THE
GOVERNMENT OF THE REPUBLIC OF

KINGDOM OF GREAT BRITAIN AND

ON

DEFENCE CO-OPERATION

1.0 PURPOSE

The purpose of this Memorandum is to apprise the National Assembly on the Agreement between the Government of the Republic of Kenya and the Government of the Republic of the United Kingdom of Great Britain and Northern Ireland on Defence Co-operation (the Agreement) and to seek approval for ratification.

2.0 BACKGROUND

2.1 The Kenya Defence Forces has been co-operating with the United Kingdom of Great Britain and Northern Ireland Defence Forces primarily in the defence industry, training support and exchange of students in military institutions.

2.3 A delegation from the Republic of the United Kingdom of Great Britain and Northern Ireland was received at the Defence Headquarters in Nairobi to discuss and settle the terms of the draft agreement. The resulting agreement is annexed hereto as **Annex A**.

National Security Council and was accordingly signed by the parties on 27th July 2021 during the Head of State Visit to the United Kingdom. Copies of the clearance letters are at **Annexes B and C.**

3.0 ANALYSIS OF THE PROBLEM

3.1 The bilateral co-operation in defence between the Republic of Kenya and the Republic of the United Kingdom of Great Britain and Northern Ireland has been limited to exchange of students in military institutions, training support and co-operation in the defence industry. This was observed to be narrow and does not exploit all the potential areas of co-operation. The draft Agreement expands the potential areas of co-operation to include security and defence policy, peacetime military activities, environmental protection, military sports, military medicine and research and development. The draft Agreement also expands co-operation in military training to include military exercises, staff talks and technical meetings and exchange of teaching and training personnel as well as students from military institutions.

3.2 The draft Agreement provides a formal framework for bilateral co-operation in defence between the Republics of Kenya and The United Kingdom of Great Britain and Northern Ireland in conformity with section 37 of the Kenya Defence Forces Act, 2012 (revised 2018) as read together with section 283 requires that co-operation in defence be regulated by an agreement which should also provide for the legal status of the visiting forces while in the Republic of Kenya. The draft Agreement at Article 6 prescribes the legal status of the visiting forces.

3.3 Contemporary security challenges such as terrorism, organized crime and human and drug trafficking are

transnational and necessitate collaboration and co-operation between States. The proposed Agreement will provide a framework for collaboration between the Republics of Kenya and The United Kingdom of Great Britain and Northern Ireland to address the contemporary security challenges.

4.0 THE AGREEMENT

4.1 Article 2 of the draft Agreement identifies its objective as enhancing bilateral co-operation on defence by identifying a framework for the exchange of experience and knowledge for the use and mutual benefit of the Republics of Kenya and The United Kingdom of Great Britain and Northern Ireland. The Agreement will regulate co-operation in the following areas:

- a. Security and defence policy;
- b. Initial, advanced and follow-on training of military and Ministry of Defence civilian personnel;
- c. Defence administration and welfare matters of military personnel;
- d. Counter-piracy and other maritime security activities;
- e. Peacetime military activities;
- f. Protection of the environment;
- g. Military medical services including research and development;
- h. Military sports;
- i. Disaster relief and humanitarian operations by the Armed forces;
- j. Military exercises;
- k. Counter-terrorism;
- l. Information operations training;
- m. Defence civilian component;
- n. Exchange visits of military personnel;

- o. Mapping/survey and exchange of geographic materials;
- p. Other areas of mutual interest which may be decided upon in future.

4.2 Article 6 of the draft Agreement prescribes the legal status of the visiting forces. The draft Agreement while subjecting the visiting forces to the laws of the host nation, it grants the authorities of the visiting forces primary jurisdiction to try offences arising out of official duty.

4.3 The Agreement at Article 24 establishes the Inter-Governmental Liaison Committee comprising of the representatives of the Republics of Kenya and the United Kingdom of Great Britain and Northern Ireland to oversee the implementation of the Agreement. The Inter-Governmental Liaison Committee is also empowered to administer and implement the Agreement and to settle all disputes and misunderstandings arising out of the implementation of the Agreement.

5.0 WAY FORWARD

The Defence Council has considered the draft Agreement and approved the same. It is recommended that the National Assembly approves its ratification in accordance with the Treaty Making and Ratification Act.

6.0 FINANCIAL IMPLICATIONS

The implementation of the Agreement will occasion additional expenditure which will be defrayed from the budget voted to the Ministry of Defence.
