THIRTEENTH PARLIAMENT – FIFTH SESSION
THE NATIONAL ASSEMBLY

.....
**REQUEST FOR A STATEMENT REGARDING THE DISAPPEARANCE
OF AN ADMINISTRATION POLICE OFFICER AND THE STATUS OF
INVESTIGATIONS INTO THE MURDER OF A RESIDENT OF
ENDEBESS CONSTITUENCY**

Honourable Speaker, pursuant to the provisions of Standing Order 44(2)(c), I rise to request a Statement from the Chairperson of the Departmental Committee on Administration and Internal Security regarding the disappearance of an Administration Police officer and the murder of a resident of Endebess Constituency.

Honourable Speaker, Mr. *Hosea Kemei Kipketer Kaptila* of ID No. 285xxx16 an Administration Police officer of Pf No. 251060/2015065202, who hails from Toboo Farm in Endebess Constituency, was last seen at the Administration Police Staff Lines in Naivasha on 29th April, 2026. More than three months later, his whereabouts remain unknown. The matter was reported at Naivasha station OB No. 34/25/5/2026. His family has neither received any report on the progress of the search, nor any account of the circumstances surrounding his disappearance. The matter has caused distress to his family and unease among the residents of Endebess Constituency.

Honourable Speaker, in a separate incident, on 18th March, 2026, the late *Boaz Kiprop Keter* was murdered at *Kimothon* Forest in Endebess Constituency. Following this, Ranger George Gitau Njoroge, an officer of the Kenya Wildlife Service of Mt. Elgon National Park, was named as the suspect. The investigation file was forwarded to the Office of the Director of Public Prosecutions in Kitale in April, 2026 with a recommendation that the suspect be charged. The file is believed to have been recalled in May, 2026 and subsequently re-submitted to the Office of the Director of Public Prosecutions on 18th June, 2026. To date, no decision has been communicated to the family, and no charges have been preferred against the suspect.

Honourable Speaker, it is against this background that I seek a Statement from the Chairperson of the Departmental Committee on Administration and Internal Security on the following:

- (i) the circumstances of the disappearance of Mr. *Hosea Kemei Kipketer Kaptila* on 29th April, 2026, while serving at the Administration Police Staff Lines in Naivasha and the action taken by the National Police Service on this case;

- (ii) the status of the search, specifying the officers assigned, the areas searched, and the reason why his family has not received any report on his whereabouts; and
- (iii) the status of investigations into the murder of the late *Boaz Kiprop Keter*, including the movement of the file between the Directorate of Criminal Investigations and the Office of the Director of Public Prosecutions since April, 2026, and the reason for the delay.

I thank you, **Honourable Speaker.**

THE HON. (DR.) ROBERT PUKOSE, MP.
MEMBER FOR ENDEBESS CONSTITUENCY

THE NATIONAL ASSEMBLY

REQUEST FOR A STATEMENT REGARDING ALLEGED IRREGULAR
PROCESSING OF ELECTRONIC TRAVEL AUTHORISATIONS (eTAS) FOR
FOREIGN NATIONALS

Honourable Speaker, pursuant to the provisions of Standing Order 44(2)(c), I wish to request for a Statement from the Chairperson of the Departmental Committee on Administration and Internal Security regarding alleged irregular processing of Electronic Travel Authorisations (eTAs) for foreign nationals seeking entry into Kenya.

Honourable Speaker, it is alleged that Somali passport holders who require an Electronic Travel Authorisation to enter Kenya experience inordinate delays in the processing of applications submitted through the official online platform, notwithstanding payment of the prescribed fees. It is further alleged that such applications are only expedited upon payment of between USD 200 and USD 250 to intermediaries who purportedly facilitate approvals through irregular channels.

Honourable Speaker, the Electronic Travel Authorisation (eTA) system is a critical component of Kenya's border management and national security framework, designed to facilitate the screening and vetting of foreign nationals before they are authorised to travel to the country. Allegations that approvals are influenced by unofficial payments or involvement of third parties raise serious concerns that the integrity of the system has been compromised. This therefore undermines the credibility and effectiveness of the country's immigration controls, thereby exposing the country to significant national security risks in which persons are admitted without proper vetting of their background. Further, such practices foster corruption and result in the loss of revenue amounting to hundreds of thousands of dollars allegedly collected through these irregular payments on a daily basis.

Honourable Speaker, it is against this background that I request for a Statement from the Chairperson of the Departmental Committee on Administration and Internal Security on the following –

- (i) a report on the investigations, if any, into the existence of intermediaries and officers in Government agencies facilitating preferential processing of eTA applications by Somali nationals at illegal fees ranging from USD 200 to USD 250 and actions taken against those found culpable;
- (ii) a report on the audit of eTA applications processed over the past one year and confirmation as to whether the prescribed payment of USD 30 in respect of these applications was remitted to the government; and
- (iii) the measures put in place to ensure that eTA applications submitted by foreign nationals are processed fairly, transparently and within reasonable timelines without involvement of intermediaries.

I thank you, **Honourable Speaker.**

**REQUEST FOR A STATEMENT REGARDING THE STALLED
CONSTRUCTION OF THE NGONDA-GATUMBI-GACHOCHO ROAD**

Honourable Speaker, pursuant to the provisions of Standing Order 44(2)(c), I wish to request for a Statement from the Chairperson of the Departmental Committee on Transport and Infrastructure regarding the stalled construction of the *Ngonda-Gatumbi-Gachoch* road in Kigumo Constituency.

Honourable Speaker, the *Ngonda-Gatumbi-Gachoch* road serves as a critical transport infrastructure for the people of Kigumo Constituency, facilitating the movement of agricultural produce, access to schools and health facilities, and connectivity between several villages within the constituency. Regrettably, construction works on this road have stalled despite the contractor, *Triple N Capital Ventures Limited*, purportedly having been paid all outstanding dues. Consequently, the road has continued to deteriorate at an alarming rate, with several sections rendered impassable especially during the rainy seasons.

Honourable Speaker, it is against this background that I request for a Statement from the Chairperson of the Departmental Committee on Transport and Infrastructure on the following –

- (i) the reasons for the delay in the construction works on *Ngonda-Gatumbi-Gachoch* road, despite settlement of all outstanding payments owed to the contractor;
- (ii) the specific timelines within which the contractor is expected to resume construction works and an indication on the projected timeline for completion of the road; and
- (iii) measures, if any, that the Ministry of Road and Transport has put in place to safeguard the road from further deterioration pending resumption of works, particularly in light of the impending rains.

I thank you, **Honourable Speaker.**

**REQUEST FOR A STATEMENT REGARDING A TRAGIC ACCIDENT AROUND
MURUBARA BRIDGE ALONG THE MAKUTANO – EMBU HIGHWAY**

Honourable Speaker, pursuant to Standing Order 44(2)(c), I rise to seek a Statement from the Chairperson of the Departmental Committee on Transport and Infrastructure regarding a tragic road accident near *Murubara* Bridge along the *Mwea-Embu* Highway in Mwea Constituency.

Honourable Speaker, on the early morning of Saturday 1st August 2026, a grisly road accident involving a parcel truck and a *Tuk Tuk* occurred at the *Murubara* Bridge between *Red Soil* and *Nice Digital* area, along *Makutano-Embu* Highway. The accident occurred when a parcel truck that was being driven from *Mwea* towards *Embu* veered off its lane and rammed into a *Tuk-Tuk* that was heading towards *Ngurubani*. The head-on-collision caused the death of one occupant of the parcel truck, six passengers in the *Tuk Tuk* and one pedestrian, who was hit while walking on the roadside at the accident scene.

Honourable Speaker, the accident is attributable to the deplorable state of the road section near *Murubara* Bridge, where visibly dangerous potholes have developed. Eye witnesses claim that the truck driver veered off his lane while attempting to avoid a deep pothole. This tragic death of the truckers and the peasant workers who were travelling from *Kimbimbi* to the *Mwea* Irrigation Research area to plant rice has caused immense sorrow and loss of livelihoods to their depended families. There have been other accidents at the same spot, calling for urgent interventions to forestall any further accidents.

Honourable Speaker, it is against this background that I seek a Statement from the Chairperson of the Departmental Committee on Transport and Infrastructure on the following—

- (i) the immediate actions taken by the Kenya National Highways Authority (KeNHA) to mitigate recurrent accidents at *Murubara* Bridge, including recarpeting the road, erecting proper road signages, installation of speed bumps, and other safety enhancements to curb the accidents;
- (ii) the plans, if any, by KeNHA to expand the *Mawea-Embu* Road to a dual carriageway, including the budget allocation and timelines for implementation;
- (iii) the plans by the Government to support the funeral expenses for the accident victims, offset hospital bills for survivors nursing injuries in hospitals and compensate the families who lost their breadwinners in the *Murubara* Bridge accident; and
- (iv) the steps being taken by the National Transport and Safety Authority (NTSA), the Police and other relevant agencies to strengthen traffic law enforcement and safety in the country;

I thank you, **Honourable Speaker.**

REQUEST FOR A STATEMENT REGARDING IMPLEMENTATION
OF PERFORMANCE-BASED ROAD MAINTENANCE CONTRACTS
IN NAIROBI CITY COUNTY

Honourable Speaker, pursuant to the provisions of Standing Order 44(2)(c), I rise to request for a Statement from the Chairperson of the Departmental Committee on Transport and Infrastructure regarding Performance-Based Road Maintenance Contracts in Nairobi City County.

Honourable Speaker, Performance-Based Road Maintenance Contracts were introduced in 2010 in the Ministry of Transport to ensure that roads are maintained at prescribed service levels through continuous routine and periodic maintenance, thereby enhancing road safety, improving mobility, and ensuring value for public expenditure. Despite the implementation of these contracts, the conditions of several roads in Nairobi City County continue to deteriorate, raising concerns regarding contractor performance, supervision and accountability. Of particular concern is *Moi Drive Road* in Embakasi West Constituency, which is in a deplorable state despite serving as a key urban road linking residential estates, businesses, schools, health facilities and other public institutions. The road is characterised by numerous potholes, inadequate drainage that poses risks to motorists, pedestrians and other road users.

Honourable Speaker, it is against this background that I request for a Statement from the Chairperson of the Departmental Committee on Transport and Infrastructure on the following –

- (i) a list of all roads in Nairobi City County currently under Performance-Based Road Maintenance Contracts, indicating the implementing road agency and the contractor for each road;
- (ii) clarification on whether *Moi Drive Road* in Embakasi West Constituency is covered under any Performance-Based Road Maintenance Contract, and if so, details of the maintenance activities undertaken and the funds disbursed to the contractor since commencement of the contract;
- (iii) measures being taken by the government to guarantee compliance with the contractual obligations to ensure that all roads under the Performance-Based Road Maintenance Contracts are maintained, and specifically the *Moi Drive Road* in Embakasi West Constituency; and
- (iv) the monitoring, inspection and supervision mechanism employed by the Ministry of Transport to evaluate contract performance, including penalties, if any, imposed on contractors who breach the contracts.

I thank you, Honourable Speaker.
