**5. Chairman's Statement**

There was no Board of Management during the financial year under review

.....

**Name**

**Chairman to the Board**

## **6. Report of The Medical Superintendent**

Uyawi Sub-County Level 4 Hospital management is under the Medical Superintendent

There was no Active board of management during the period.

The financial performance for the period reflects the true view of the entity's performance throughout the financial year since all the income were recorded and all expenditure captured, all the in-kind contributions, payables, inventory and receivables.

Uyawi sub county hospital level 4 have been providing essential healthcare to the community throughout the year under review. The hospital has been offering a range of medical services including primary health care, emergency services, inpatient services, outpatient services, HIV care services, maternal and child health services, maternity services. Additionally, the hospital has been conducting health education and promotion services to promote health awareness and prevent diseases

During the year under review Uyawi sub county level 4 hospital made significant strides in improving the health and well-being of the community it serves. Some of the successes includes reducing maternal and child mortality, increasing vaccination coverage including covid-19, improving access to healthcare services through outreaches and enhancing the overall outcomes of the population. It's important to note that during the period under review the facility did not record any maternal deaths.

Despite its success Uyawi sub county level 4 hospital faced several challenges during the period under review that hindered its ability to effectively meet the healthcare needs of the community. Some of these challenges include; limited funding and resources, understaffing of professional medical personnel, infrastructure constraints and inadequate medical equipment and supplies. Additionally, the hospital on numerous occasions may face challenges related to disease outbreaks, this in the long run led to surge in disease burden in the community. The hospital has no proper fencing resulting to patients absconding and posing threat to insecurity related issues

**Jack Otieno Ochieng'**

**Secretary to the Board**

**7. Statement of Performance Against Predetermined Objectives**

Uyawi Sub-county Hospital has 2 strategic pillars/ themes/issues and objectives within the current Strategic Plan for the FY 2023- FY 2024. These strategic pillars/ themes/ issues are as follows:

Pillar /theme/issue 1: Reduce mortality rate from preventable deaths

Pillar/theme/issue 2: improve services and revenue collection

Uyawi Sub-county Hospital develops its annual work plans based on the above 2 pillars/themes.

Assessment of the Board's performance against its annual work plan is done on a quarterly basis. The Hospital achieved its performance targets set for the FY 2023/2024 period for its 2 strategic pillars, as indicated in the diagram below:

Strategic Pillar/Theme/Issues	Objective	Key Performance Indicators	Activities	Achievements
Pillar/ theme/ issue 1:				
Pillar/ theme/ issue 1	To reduce mortality from preventable deaths	To provide accessible and appropriate diagnostic and curative services	% of Clients counselled and tested for HIV	94%
			% of HIV positive clients linked to care	98%
			% of WRA who know their HIV status	93%
			Percentage of HEI turning HIV positive at 18 months	2%
Pillar/ theme/ issue 2	Improve service delivery & revenue collection	-Range of medical services offered. -Services turnaround time. -Employ more health provider	-Wider variety of services offered including radiology.	-Radiology services availability.
			-More laboratory services offered with decreased turnaround time.	-Employed more health providers as casuals hence better services with shorter turnaround times

### **8. Corporate Governance Statement**

During the year under review the facility did not have an active Board of management this because the term of services of the previous board had expired. In the subsequent year (FY 2024-2025) endeavour to establish the board of management.

## **9. Management Discussion and Analysis**

### **Operational Performance.**

The hospital provides a variety of specialized medical services ranging from maternal & child health, paediatrics and medical services, amongst others. With our dedicated team of healthcare personnel, we offer safe, timely, efficient and effective medical services that are patient-centred to the population we serve, making Uyawi Sub county Hospital the facility of choice to our patients. In this financial year the facility attended to 9997 patients in total with 65% of them being in-patients. The hospital management in conjunction with the county government are planning to improve on hospital infrastructure majorly on the hospital fencing which will eliminate the problem of patients absconding hence affecting the revenue collection, this will also guarantee security to both patients and health care workers who are in the night shifts.

### **Financial Performance.**

The hospital relies majorly on internally generated revenue to cover all its operations and maintenance expenses. In the financial year under review, the hospital generated from rendering of medical services a total of Kshs. 7,986,242.00 (inclusive of NHIF) which marked a 85% increase in revenues collected in comparison with the last financial year. This can be attributed to the more and better medical services we provided, provision of services 24/7 and provision of ultra sound services. Despite the increase in revenue, the hospital's funding gap still stands due to Linda Mama dues thus affecting financial stability However, the hospital is closely following up with NHIF for reimbursements to aid it clear off its pending debts of 3,251,756.00 as at end of this financial year.

### **Clinical/operational performance**

The hospital currently has a bed capacity of 17 in total in the 3wards as follows: male medical- 5; female medical-5; maternity-7. Plans. Overall patient attendance during the year for both inpatient and outpatient was 9997. Accident and Emergency attendance for the year was 99 patients with majority being attributed to gold mining and partly assault cases. The hospital offers specialised clinic on Wednesday(s) of every week for the chronic diseases, the average length of stay for in patient during admission ranges from 4-10 days with very chronic cases going even up to 14days. The daily bed occupancy rate ranges from 30% to 70%.Mortality rate was 0.05%, Mortality rate for maternal was 0% throughout the period in review. The hospital is also in partnership with Centre for Health Solutions (CHS) through the county government of Siaya and receives support in carrying out various activities from Non-governmental Organizations.

*Uyawi Sub-County Level 4 Hospital (Siaya County Government)*  
*Annual Report and Financial Statements for The Year Ended 30<sup>th</sup> June 2024*

---

**Financial performance that includes: -**

During the period under review the Hospital generated a total of Kshs 10,033,862.00

Broken down as: -

In kind from the County Government Kshs. 2,047,620.00

Rendering medical services Kshs. 7,986,242.00 (including NHIF Receivable – Kshs. 3,251,756.00)

The funds were utilised as follows:

Medical and clinical costs amounted to	Kshs. 2,990,054.30
Employee costs amounted to	Kshs. 2,034,695.00
Repairs and Maintenance amounted to	Kshs. 529,140.00
Grants and subsidies amounted to	Kshs. 586,374.75
General Expenses amounted to	Kshs. 2,207,219.37

## **10. Environmental And Sustainability Reporting**

Uyawi Sub-county level 4 hospital exists to transform lives. It is what guides the facility to deliver on its strategic mandate by putting the client/Citizen first while providing quality health services, and improving on operational efficiency. Below is an outline of the of the Facility's policies and activities that promote sustainability.

### *i. Sustainability strategy and profile*

Uyawi Sub-County level 4 hospital has identified the following sustainability priorities:

- Improving the Hospital infrastructure
- Increasing the Hospital bed capacity
- Improving on collections from facility improvement fund (FIF)
- Bringing on board development partners to support the Hospital

Enhancing working relations with the National Hospital insurance fund (NHIF) are funding and delays in disbursement of funds

### *ii. Environmental performance*

Uyawi Sub-County level 4 hospital is yet to develop an environmental policy. However, the Hospital endeavours to continue adopting and adhering to the National policies and regulations that guide compliance with the existing environmental management laws.

Currently the Hospital is grappling with the challenge of disposal of biomedical waste products generated in the cause of its operations.

### *iii. Employee welfare*

The Facility endeavours to continuously comply with Occupational Safety and Health Act ,2007 (OSHA) by providing adequate office space that is regularly cleaned; providing sanitation facilities; regular training on drug and substance abuse and adequate PPE for frontline health staff

### *iv. Market place practices-*

#### *a). Responsible competition practice.*

The Facility as an appendage of the County Government was declared a corruption free zone after engagement with the officers from the Ethics and Anticorruption Commission. The Facility advocates for fairness in the provision of its services to the public.

***b). Responsible Supply chain and supplier relations***

The Facility treats its own suppliers responsibly by honouring contracts and endeavouring to pay for goods and services received on time and clear its pending debts to suppliers in a timely manner.

***c). Responsible marketing and advertisement***

All advertisements of tenders for supply of goods and services for the Hospital are openly displayed in public. Similarly, advertisements for employment vacancies are publicly displayed.

***d). Product stewardship***

The Hospital has a padlocked complaints/suggestion box where those with complaints can anonymously register their complaints.

**v. *Corporate Social Responsibility / Community Engagements***

The Hospital partners with players mainly NGOs in the health sector carry out various outreach services. The facility partners with NGOs to provide medical camps for screening of patients. The Facilities also supports regular clinic for mothers and new-borns.

### **11. Report of The Board of Management**

The Hospital did not have a functional Board in place during the period under review.

#### **Auditors**

The Auditor General is responsible for the statutory audit of the Uyawi Sub-County Level 4 Hospital in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015.

By Order of the Board

.....  
**Name**

JAUK OTIENO OCHIENG

**Secretary to the Board**

**12. Statement of Board of Management's Responsibilities**

Section 164 of the Public Finance Management Act, 2012 requires the Board of Management to prepare financial statements in respect of Uyawi Sub-County Level 4 Hospital which give a true and fair view of the state of affairs of the Uyawi Sub-County Level 4 Hospital at the end of the financial year 2023/2024 and the operating results of Uyawi Sub-County Level 4 Hospital for that year 2023/2024. The Board of Management is also required to ensure that Uyawi Sub-County Level 4 Hospital keeps proper accounting records which disclose with reasonable accuracy the financial position of Uyawi Sub-County Level 4 Hospital. The council members are also responsible for safeguarding the assets of the Uyawi Sub-County Level 4 Hospital.

The Board of Management is responsible for the preparation and presentation of the Uyawi Sub-County Level 4 Hospital financial statements, which give a true and fair view of the state of affairs of Uyawi Sub-County Level 4 Hospital for and as at the end of the financial year (period) ended on June 30, 2024. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period, (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity, (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud, (iv) safeguarding the assets of Uyawi Sub-County Level 4 Hospital; (v) selecting and applying appropriate accounting policies, and (vi) making accounting estimates that are reasonable in the circumstances.

The Board of Management accepts responsibility for Uyawi Sub-County Level 4 Hospital financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012. The Board members are of the opinion that Uyawi Sub-County Level 4 Hospital's financial statements give a true and fair view of the state of Uyawi Sub-County Level 4 Hospital transactions during the financial year ended June 30, 2024, and of Uyawi Sub-County Level 4 Hospital's financial position as at that date. The Board members further confirm the completeness of the accounting records maintained for Uyawi Sub-County Level 4 Hospital, which have been relied upon in the preparation of Uyawi Sub-County Level 4 Hospital's financial statements as well as the adequacy of the systems of internal financial control.

Nothing has come to the attention of the Board of management to indicate that Uyawi Sub-County Level 4 Hospital will not remain a going concern for at least the next twelve months from the date of this statement.

**Approval of the financial statements**

The Hospital's financial statements were approved by the Board on 30/09/2024 and signed on its behalf by:

.....  
**Name:**  
**Chairperson**  
**Board of Management**

  
.....

## REPORT OF THE AUDITOR-GENERAL ON UYAWI SUB-COUNTY LEVEL 4 HOSPITAL FOR THE YEAR ENDED 30 JUNE, 2024 - COUNTY GOVERNMENT OF SIAYA

---

### PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in the Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure the Government achieves value for money and that such funds are applied for the intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, risk management environment and internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

A Qualified Opinion is issued when the Auditor-General concludes that, except for material misstatements noted, the financial statements are fairly presented in accordance with the applicable financial reporting framework. The Report on Financial Statements should be read together with the Report on Lawfulness and Effectiveness in the Use of Public Resources and the Report on Effectiveness of Internal Controls, Risk Management and Governance.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report when read together constitute the report of the Auditor-General.

### REPORT ON THE FINANCIAL STATEMENTS

#### Qualified Opinion

I have audited the accompanying financial statements of Uyawi Sub-County Level 4 Hospital - County Government of Siaya set out on pages 1 to 57, which comprise of the

---

*Report of the Auditor-General on Uyawi Sub-County Level 4 Hospital for the year ended 30 June, 2024 - County Government of Siaya*

statement of financial position as at 30 June, 2024 and the statement of financial performance, statement of changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of Uyawu Sub-County Level 4 Hospital - County Government of Siaya at 30 June, 2024 and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the County Governments Act, 2012, Health Act, 2017 and the Public Finance Management Act, 2012.

### **Basis for Qualified Opinion**

#### **1. Inaccuracies in the Financial Statements - Opening Balances**

The audited financial statements had the following opening balances' variances:

<b>Item</b>	<b>Audited Financial Statements (Kshs)</b>	<b>The Comparative Balance (Kshs)</b>	<b>Variance (Kshs)</b>
Accumulated Surplus	2,571,967	1,800,148	771,819
Capital Fund	0	(1,335,702)	(1,335,702)
Trade and Other Payables	4,209,502	849,927	3,359,575
General Expenses	2,509,913	1,738,094	771,819

In the circumstances, the accuracy and completeness of the financial statements could not be confirmed.

#### **2. Unsupported Medical Costs**

The statement of financial performance reflects medical costs of Kshs.2,990,054 and as disclosed in Note 15 to the financial statements. The medical costs consist of elements of opening and closing stock for laboratory chemicals and reagents, food and rations, dressing and non-pharmaceuticals and pharmaceutical supplies as detailed below:

	<b>Opening Stock</b>	<b>Closing Stock</b>
Laboratory Chemicals and Reagents	1,370,946	359,976
Food and Rations	69,111	7,765
Dressing and Non-Pharmaceuticals	402,836	401,648
Pharmaceutical Supplies	108,920	355,655
<b>Total</b>	<b>1,951,813</b>	<b>1,125,044</b>

However, there was no evidence of conducting the annual stock take and no stores ledgers were provided to confirm the quantities, value and status of closing inventory balances as at 30 June, 2024. Therefore, it was not possible to confirm whether the inventories were valued correctly at the lower of cost and net realizable value as prescribed by the IPSAS 12.11.

In the circumstances, the accuracy and completeness of medical costs of Kshs.2,990,054 could not be confirmed.

### **3. Unsupported Computer and Related Equipment Expenses**

The statement of financial performance reflects general expenses of Kshs.2,207,219 and as disclosed in Note 21 to the financial statements. The expenses included an expenditure of Kshs.86,000 incurred on computer, printers and other related IT equipment. However, expenses were not supported with ledgers and payment records.

In the circumstances, the accuracy and completeness of computer, printers and other related IT equipment expenses of Kshs.86,000 could not be confirmed.

### **4. Non-Disclosure of Property, Plant and Equipment**

The statement of financial position reflects a Nil balance on property, plant and equipment. However, review of Hospital's records and physical verification revealed various assets including land, buildings, furniture, computers and equipment of undetermined value which were not disclosed in the financial statements contrary to IPSAS 17.26 which states that an item of property, plant and equipment that qualifies for recognition as an asset shall be measured at its cost. Where an asset is acquired through a non-exchange transaction, its cost shall be measured at its fair value as at the date of acquisition. Further, land for Uyawi Sub-County Hospital had not been surveyed and lacked ownership documents.

In the circumstances, the accuracy, completeness and ownership of Nil property, plant and equipment balance could not be confirmed.

The audit was conducted in accordance with International Standards for Supreme Audit Institutions (ISSAIs). I am independent of the Uyawi Sub-County Level 4 Hospital Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

### **Emphasis of Matter**

#### **1. Budgetary Control and Performance**

The statement of comparison of budget and actual amounts for the year ended 30 June, 2024 reflects final revenue budget of Kshs.10,402,000 against actual income of

Kshs.10,033,862, resulting to an over collection of Kshs.368,132 or 4% of the budget. During the year under review, the Hospital did not receive transfers from the County Government despite allocating Kshs.1,500,000 in the budget. Further, the Hospital spent Kshs.8,347,483 against final budget of Kshs.10,402,000 resulting to an under expenditure of Kshs.2,054,517 or 20% of the budget. The under-expenditure may impact negatively on delivery of services to the intended recipients.

In the circumstances, it was not possible to confirm whether the overcollection of Kshs.246,862 was lawful.

## **2. Trade and Other Payables**

Note 34 to the financial statements reflects trade and other payables balance of Kshs.2,478,324. However, payables amounting to Kshs.1,951,814, which should have been a first charge in the financial years 2023/2024 were still outstanding as at 30 June, 2024 contrary to Regulation 41(2) of the Public Finance Management (County Governments) Regulations, 2015 which requires debt service payments be a first charge to the budget. Failure to settle bills during the year to which they relate adversely affects the implementation of the subsequent year's budgeted programs as the outstanding bills form a first charge to that year's budget provision.

My opinion is not modified in respect of these matters.

### **Key Audit Matters**

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the financial statements. Except for the matters described in the Basis for Qualified Opinion section, I have determined that there are no other key audit matters to communicate in my report.

### **Other Matter**

#### **Unresolved Prior Year Matters**

In the audit report of the previous year, several issues were raised under the report on financial statements, report on lawfulness and Effectiveness in use of public resources, and report on effectiveness of Internal controls, risk management and Governance. However, the Management had not resolved the issues.

### **Other Information**

The Management is responsible for the other information set out on page ii to xvi which comprise of Key Entity Information and Management, Report of the Medical Superintendent, Corporate Governance Statement, Management Discussion and Analysis, Environmental and Sustainability Reporting, Statement of Performance Against Predetermined Objectives). The Other Information does not include the financial statements and my audit report thereon.

In connection with my audit on Uyawi Sub-County Level 4 Hospital's financial statements, my responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work I have performed, I conclude that there is a material misstatement of this Other Information, I am required to report that fact. I have nothing to report in this regard.

## REPORT ON LAWFULNESS AND EFFECTIVENESS IN THE USE OF PUBLIC RESOURCES

### **Conclusion**

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the effect of the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in the Use of Public Resources section of my report, I confirm that nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

### **Basis for Conclusion**

#### **1. Late Submission of Financial Statements**

The Hospitals' financial statements for the year ended 30 June, 2024 were submitted to the Office of the Auditor-General on 18 October, 2024, which was eighteen (18) days after the stipulated deadline of 30 September. This was contrary to Section 47(1) of the Public Audit Act, 2015 which states that the financial statements required under the Constitution, the Public Finance Management Act, 2012 and any other legislation, shall be submitted to the Auditor-General within three (3) months after the end of the fiscal year to which the accounts relate.

In the circumstances, Management was in breach of the law.

#### **2. Weaknesses In Inventories (Drugs) Management**

The Management did not provide reports on regular inspection of stores and annual stock take. Further, the Hospital has not included the pharmaceutical and non-pharmaceutical supplies in its proposed annual procurement plan to adequately meet the required needs for pharmaceutical and non-pharmaceutical supplies. This was contrary to Section 67(1) of the Health Act, 2017 that states that the procurement for the public health services of health products and technologies shall be undertaken in line with the Public Procurement and Disposal Act as well as the inter-governmental arrangements for medicine and medical products agreed upon.

In the circumstances, the effectiveness of internal controls on procurement processes could not be confirmed.

### 3. Deficiencies in Implementation of Universal Health Coverage (UHC)

Review of Hospital records and interviews on verification of services offered, equipment used and medical specialists in the Hospital at the time of audit revealed that the Hospital did not meet the requirements of Kenya Quality Model for Health Policy Guidelines due to staff deficits of 89% of the authorized establishment as tabulated below:

Staffing Requirement	Level 4 Requirement	In Post	Variance	Percentage % Deficit
Medical Officers	16	0	16	100
Anesthesiologists	2	0	2	100
General Surgeons	2	0	2	100
Gynecologists	2	0	2	100
Pediatricians	2	0	2	100
Radiologists	2	0	2	100
Registered Community Health Nurses	75	11	64	85
<b>Total</b>	<b>101</b>	<b>11</b>	<b>90</b>	<b>89</b>

In addition, the Hospital did not provide required services and lacked the necessary equipment and machines outlined in the Health Policy Guidelines as tabulated below:

Equipment and Machines	Level 4 Hospital Standard	Actuals in the Hospital	Variance	Percentage % Deficit
Bed Capacity	150	17	133	89
Incubators (Newborn)	5	0	5	100
Cots	5	0	5	100
Resuscitative in Theatre	1	0	1	100
Resuscitative in Labour Ward	2	1	1	50
Functional ICU Beds	6	0	6	100
HDU Beds	6	0	6	100
Renal Unit with Dialysis Machines	5	0	5	100
Functional Operating Theatres Maternity and General	2	0	2	100
<b>Services Offered</b>				
Surgical Services	Not available			
Pediatrics Services	Not available			
Gynecology Services	Not available			
Radiology Services	Not available			
Renal Services	Not available			
Tuberculosis Services	Available			

These deficiencies contravene the First Schedule of Health Act, 2017 and imply that accessing the highest attainable standard of health, which includes the right to health

care services, including reproductive health care as required by Article 43(1) of the Constitution of Kenya, 2010 may not be achieved.

In the circumstances, the Hospital will not be able to deliver on its mandate.

#### **4. Lack of Hospital Management Board**

As previously reported, the Hospital Board of Management that is supposed to direct the Hospital in achieving its strategic objectives was not constituted contrary to Section 12 of Siaya County Health Services Act, 2018. Although the Management has explained that the names of the shortlisted persons were forwarded to the County Assembly, it is not clear why the Board has not been constituted since August, 2024.

In the circumstances, the Hospital will not achieve its strategic objectives.

The audit was conducted in accordance with ISSAI 3000 and ISSAI 4000. The standards require that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements comply in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

### **REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE**

#### **Conclusion**

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that nothing has come to my attention to cause me to believe that internal controls, risk management and governance were not effective.

#### **Basis for Conclusion**

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk management and overall governance were operating effectively in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

#### **Responsibilities of the Management and those Charged with Governance**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Hospital's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management is aware of the intention to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements comply with the authorities which govern them and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Hospital's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management and ensuring the adequacy and effectiveness of the control environment.

### **Auditor-General's Responsibilities for the Audit**

My responsibility is to conduct an audit of the financial statements in accordance with Article 229(4) of the Constitution, Section 35 of the Public Audit Act, 2015 and the International Standards for Supreme Audit Institutions (ISSAIs). The standards require that, in conducting the audit, I obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes my opinion in accordance with Section 48 of the Public Audit Act, 2015. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In conducting the audit, Article 229(6) of the Constitution also requires that I express a conclusion on whether or not in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way. In addition, I consider the entity's control environment in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015.

Further, I am required to submit the audit report in accordance with Article 229(7) of the Constitution.

Detailed description of my responsibilities for the audit is located at the Office of the Auditor-General's website at: <https://www.oagkenya.go.ke/auditor-generals-responsibilities-for-audit/>. This description forms part of my auditor's report.

**Budget notes**

- There were no changes between the original and final budget.
- The projected income for the financial year in review was approximated to be Kshs. 10,402,000.00, but the actual income generated was Kshs. 10,033,862.00 resulting to 96.46 % utilization margin, this is as a result of number of patient turn out during the year
- The projected expenditure under repairs & maintenance was Kshs. 800,000.00 but the actual expenditure incurred was 529,140.00, during the financial year under review resulting to 66.14 % of utilization

## **19. Notes to the Financial Statements**

### **1. General Information**

Uyawi Sub-County Hospital is established by and derives its authority and accountability from Health Act. The entity is wholly owned by the Siaya County Government and is domiciled in Siaya County in Kenya. The entity's principal activity is to provide health services.

### **2. Statement of Compliance and Basis of Preparation**

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant, and equipment, marketable securities and financial instruments at fair value, impaired assets at their estimated recoverable amounts and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Public Sector Accounting Standards (IPSAS) allows the use of estimates and assumptions. It also requires management to exercise judgement in the process of applying the entity's accounting policies. The areas involving a higher degree of judgment or complexity, or where assumptions and estimates are significant to the financial statements, The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the entity.

The financial statements have been prepared in accordance with the PFM Act, and (include any other applicable legislation), and International Public Sector Accounting Standards (IPSAS). The accounting policies adopted have been consistently applied to all the years presented.

**3. Adoption of New and Revised Standards**

*i. New and amended standards and interpretations in issue effective in the year ended 30 June 2024*

There were no new and amended standards issued in the financial year.

*ii) New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2024.*

Standard	Effective date and impact:
IPSAS 43	<p><i>Applicable 1<sup>st</sup> January 2025</i></p> <p>The standard sets out the principles for the recognition, measurement, presentation, and disclosure of leases. The objective is to ensure that lessees and lessors provide relevant information in a manner that faithfully represents those transactions. This information gives a basis for users of financial statements to assess the effect that leases have on the financial position, financial performance and cashflows of an Entity.</p> <p>The new standard requires entities to recognise, measure and present information on right of use assets and lease liabilities.</p>
IPSAS 44: Non- Current Assets Held for Sale and Discontinued Operations	<p><i>Applicable 1<sup>st</sup> January 2025</i></p> <p>The Standard requires,</p> <p>Assets that meet the criteria to be classified as held for sale to be measured at the lower of carrying amount and fair value less costs to sell and the depreciation of such assets to cease and:</p> <p>Assets that meet the criteria to be classified as held for sale to be presented separately in the statement of financial position and the results of discontinued operations to be presented separately in the statement of financial performance.</p>
IPSAS 45- Property Plant and Equipment	<p><i>Applicable 1<sup>st</sup> January 2025</i></p> <p>The standard supersedes IPSAS 17 on Property, Plant and Equipment. IPSAS 45 has additional guidance/ new guidance for heritage assets, infrastructure assets and measurement. Heritage assets were previously</p>

Standard	Effective date and impact:
	<p>excluded from the scope of IPSAS 17 in IPSAS 45, heritage assets that satisfy the definition of PPE shall be recognised as assets if they meet the criteria in the standard. IPSAS 45 has an additional application guidance for infrastructure assets, implementation guidance and illustrative examples. The standard has clarified existing principles e.g valuation of land over or under the infrastructure assets, under-maintenance of assets and distinguishing significant parts of infrastructure assets.</p>
<p>IPSAS 46 Measurement</p>	<p><i>Applicable 1<sup>st</sup> January 2025</i></p> <p>The objective of this standard was to improve measurement guidance across IPSAS by:</p> <ul style="list-style-type: none"> <li>i. Providing further detailed guidance on the implementation of commonly used measurement bases and the circumstances under which they should be used.</li> <li>ii. Clarifying transaction costs guidance to enhance consistency across IPSAS;</li> <li>iii. Amending where appropriate guidance across IPSAS related to measurement at recognition, subsequent measurement and measurement related disclosures.</li> </ul> <p>The standard also introduces a public sector specific measurement bases called the current operational value.</p>
<p>IPSAS 47- Revenue</p>	<p><i>Applicable 1<sup>st</sup> January 2026</i></p> <p>This standard supersedes IPSAS 9- Revenue from exchange transactions, IPSAS 11 Construction contracts and IPSAS 23 Revenue from non-exchange transactions. This standard brings all the guidance of accounting for revenue under one standard. The objective of the standard is to establish the principles that an entity shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flow arising from revenue transactions.</p>

Standard	Effective date and impact:
IPSAS 48- Transfer Expenses	<p><i>Applicable 1<sup>st</sup> January 2026</i></p> <p>The objective of the standard is to establish the principles that a transfer provider shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of expenses and cash flow arising from transfer expense transactions. This is a new standard for public sector entities geared to provide guidance to entities that provide transfers on accounting for such transfers.</p>
IPSAS 49- Retirement - Benefit Plans	<p><i>Applicable 1<sup>st</sup> January 2026</i></p> <p>The objective is to prescribe the accounting and reporting requirements for the public sector retirement benefit plans which provide retirement to public sector employees and other eligible participants. The standard sets the financial statements that should be presented by a retirement benefit plan.</p>

*iii) Early adoption of standards*

The Entity did not early – adopt any new or amended standards in the financial year 2023/2024

**4. Summary of Significant Accounting Policies**

**a. Revenue recognition**

**i) Revenue from non-exchange transactions**

**Transfers from other Government entities**

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the *Entity* and can be measured reliably. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, the amount is recorded in the statement of financial position and realised in the statement of financial performance over the useful life of the asset that has been acquired using such funds.

**ii) Revenue from exchange transactions**

**Rendering of services**

The entity recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours. Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable.

**Sale of goods**

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably, and it is probable that the economic benefits or service potential associated with the transaction will flow to the entity.

**Interest income**

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income for each period.

**Rental income**

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

*Notes to the Financial Statements (Continued)*

**b. Budget information**

The original budget for FY 2023/24 was approved by Hospital Management on. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the entity upon receiving the respective approvals in order to conclude the final budget. Accordingly, the entity recorded additional appropriations of on the FY 2023-24 budget following the Managements' approval. The entity's budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget.

A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget. A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actuals as per the statement of financial performance has been presented under section 18 of these financial statements.

**c. Taxes**

**Sales tax/ Value Added Tax**

Expenses and assets are recognized net of the amount of sales tax, except:

- When the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the sales tax is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
- When receivables and payables are stated with the amount of sales tax included. The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

*Notes to the Financial Statements (Continued)*

**d. Investment property**

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property.

Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition. Subsequent to initial recognition, investment properties are measured using the cost model and are depreciated over a period of xxx years. Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of de-recognition. Transfers are made to or from investment property only when there is a change in use.

**e. Property, plant and equipment**

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

*Notes to the Financial Statements (Continued)*

**f. Leases**

Finance leases are leases that transfer substantially the entire risks and benefits incidental to ownership of the leased item to the Entity. Assets held under a finance lease are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the future minimum lease payments. The Entity also recognizes the associated lease liability at the inception of the lease. The liability recognized is measured as the present value of the future minimum lease payments at initial recognition.

Subsequent to initial recognition, lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in surplus or deficit.

An asset held under a finance lease is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Entity will obtain ownership of the asset by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating leases are leases that do not transfer substantially all the risks and benefits incidental to ownership of the leased item to the Entity. Operating lease payments are recognized as an operating expense in surplus or deficit on a straight-line basis over the lease term.

**g. Intangible assets**

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred. The useful life of the intangible assets is assessed as either finite or indefinite.

**Notes to the Financial Statements (Continued)**

**h. Research and development costs**

The Entity expenses research costs as incurred. Development costs on an individual project are recognized as intangible assets when the Entity can demonstrate:

- The technical feasibility of completing the asset so that the asset will be available for use or sale
- Its intention to complete and its ability to use or sell the asset
- The asset will generate future economic benefits or service potential
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development.

Following initial recognition of an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortized over the period of expected future benefit. During the period of development, the asset is tested for impairment annually with any impairment losses recognized immediately in surplus or deficit.

**i. Financial instruments**

IPSAS 41 addresses the classification, measurement and de-recognition of financial assets and financial liabilities, introduces new rules for hedge accounting and a new impairment model for financial assets. *The entity does not have any hedge relationships and therefore the new hedge accounting rules have no impact on the hospital's financial statements. (amend as appropriate).*

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. At initial recognition, the entity measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through surplus or deficit, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

*Notes to the Financial Statements (Continued)*

**Financial assets**

**Classification of financial assets**

The entity classifies its financial assets as subsequently measured at amortised cost, fair value through net assets/ equity or fair value through surplus and deficit on the basis of both the entity's management model for financial assets and the contractual cash flow characteristics of the financial asset. A financial asset is measured at amortized cost when the financial asset is held within a management model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. A financial asset is measured at fair value through net assets/ equity if it is held within the management model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. A financial asset shall be measured at fair value through surplus or deficit unless it is measured at amortized cost or fair value through net assets/ equity unless an entity has made irrevocable election at initial recognition for particular investments in equity instruments.

**Subsequent measurement**

Based on the business model and the cash flow characteristics, the entity classifies its financial assets into amortized cost or fair value categories for financial instruments. Movements in fair value are presented in either surplus or deficit or through net assets/ equity subject to certain criteria being met.

**Amortized cost**

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest, and that are not designated at fair value through surplus or deficit, are measured at amortized cost. A gain or loss on an instrument that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is de-recognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

*Notes to the Financial Statements (Continued)*

**Fair value through net assets/ equity**

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through net assets/ equity. Movements in the carrying amount are taken through net assets, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in surplus/deficit. Interest income from these financial assets is included in finance income using the effective interest rate method.

**Fair value through surplus or deficit**

Financial assets that do not meet the criteria for amortized cost or fair value through net assets/ equity are measured at fair value through surplus or deficit. A business model where the entity manages financial assets with the objective of realizing cash flows through solely the sale of the assets would result in a fair value through surplus or deficit model.

**Trade and other receivables**

Trade and other receivables are recognized at fair values less allowances for any uncollectible amounts. Trade and other receivables are assessed for impairment on a continuing basis. An estimate is made of doubtful receivables based on a review of all outstanding amounts at the year end.

**Impairment**

The entity assesses, on a forward-looking basis, the expected credit loss ('ECL') associated with its financial assets carried at amortized cost and fair value through net assets/equity. The entity recognizes a loss allowance for such losses at each reporting date. Critical estimates and significant judgments made by management in determining the expected credit loss (ECL) are set out in *Note*.

**Financial liabilities**

**Classification**

The entity classifies its liabilities as subsequently measured at amortized cost except for financial liabilities measured through profit or loss.

*Notes to the Financial Statements (Continued)*

**j. Inventories**

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for as follows:

- Raw materials: purchase cost using the weighted average cost method.
- Finished goods and work in progress: cost of direct materials and labour, and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs.

After initial recognition, inventory is measured at the lower cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower cost and the current replacement cost. Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Entity.

**k. Provisions**

Provisions are recognized when the Entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Where the Entity expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain.

The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

*Notes to the Financial Statements (Continued)*

**l. Social Benefits**

Social benefits are cash transfers provided to i) specific individuals and / or households that meet the eligibility criteria, ii) mitigate the effects of social risks and iii) Address the need of society as a whole. The entity recognises a social benefit as an expense for the social benefit scheme at the same time that it recognises a liability. The liability for the social benefit scheme is measured at the best estimate of the cost (the social benefit payments) that the entity will incur in fulfilling the present obligations represented by the liability.

**m. Contingent liabilities**

The Entity does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

**n. Contingent assets**

The Entity does not recognize a contingent asset but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

**o. Nature and purpose of reserves**

The entity creates and maintains reserves in terms of specific requirements. *(Entity to state the reserves maintained and appropriate policies adopted.)*

**p. Changes in accounting policies and estimates**

The Entity recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

*Notes to the Financial Statements (Continued)*

**q. Employee benefits**

**Retirement benefit plans**

The Entity provides retirement benefits for its employees and directors. Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable. Defined benefit plans are post-employment benefit plans other than defined-contribution plans. The defined benefit funds are actuarially valued tri-annually on the projected unit credit method basis. Deficits identified are recovered through lump-sum payments or increased future contributions on a proportional basis to all participating employers. The contributions and lump sum payments reduce the post-employment benefit obligation.

**r. Foreign currency transactions**

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

**s. Borrowing costs**

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance.

**t. Related parties**

The Entity regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the *Entity*, or vice versa. Members of key management are regarded as related parties and comprise the directors, the CEO/principal and senior managers.

*Notes to the Financial Statements (Continued)*

**u. Service concession arrangements**

The Entity analyses all aspects of service concession arrangements that it enters into in determining the appropriate accounting treatment and disclosure requirements. In particular, where a private party contributes an asset to the arrangement, the *Entity* recognizes that asset when, and only when, it controls or regulates the services. The operator must provide together with the asset, to whom it must provide them, and at what price. In the case of assets other than 'whole-of-life' assets, it controls, through ownership, beneficial entitlement or otherwise – any significant residual interest in the asset at the end of the arrangement. Any assets so recognized are measured at their fair value. To the extent that an asset has been recognized, the *Entity* also recognizes a corresponding liability, adjusted by a cash consideration paid or received.

**v. Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

**w. Comparative figures**

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

**x. Subsequent events**

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2024.

## **5. Significant Judgments and Sources of Estimation Uncertainty**

The preparation of Uyawi Sub-County Level 4 Hospital financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

### **Estimates and assumptions.**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Entity based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur. (IPSAS 1.140)

### **Useful lives and residual values**

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the Entity.
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes.
- The nature of the processes in which the asset is deployed.
- Availability of funding to replace the asset.
- Changes in the market in relation to the asset.

### **Provisions**

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note xxx. Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date and are discounted to present value where the effect is material.

**Notes to the Financial Statements (Continued)**

**43. Financial Risk Management**

The entity's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The hospital's overall risk management programme focuses on the unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The hospital does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The entity's financial risk management objectives and policies are detailed below:

**(i) Credit risk**

The entity has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments. Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the hospital's management based on prior experience and their assessment of the current economic environment. The carrying amount of financial assets recorded in the financial statements representing the entity's maximum exposure to credit risk without taking account of the value of any collateral obtained is made up as follows:

Description	Total amount	Fully performing	Past due	Impaired
	Kshs	Kshs	Kshs	Kshs
<b>At 30 June 2023(previous year)</b>				
Receivables from exchange transactions	-	-	-	-
Receivables from –non-exchange transactions	-	-	-	-
Bank balances	-	-	-	-
<b>Total</b>	-	-	-	-
<b>At 30 June 2024(current year)</b>				
Receivables from exchange transactions	-	-	-	-
Receivables from –non-exchange transactions	-	-	-	-
Bank balances	-	-	-	-
<b>Total</b>	-	-	-	-

**Notes to the Financial Statements (Continued)**

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the hospital has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts. The entity has significant concentration of credit-risk on amounts due from xxxx. The board of management sets the hospital's credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated.

**(ii) Liquidity risk management**

Ultimate responsibility for liquidity risk management rests with the hospital's board of management who have built an appropriate liquidity risk management framework for the management of the entity's short, medium and long-term funding and liquidity management requirements. The entity manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

The table below represents cash flows payable by the hospital under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

Description	Less than 1 month	Between 1-3 months	Over 5 months	Total

---

*Uyawi Sub-County Level 4 Hospital (Siaya County Government)*  
*Annual Report and Financial Statements for The Year Ended 30<sup>th</sup> June 2024*

**Notes to the Financial Statements (Continued)**

**(iii) Market risk**

The hospital has put in place an internal audit function to assist it in assessing the risk faced by the entity on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls. Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

The hospital's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day-to-day implementation of those policies. There has been no change to the entity's exposure to market risks or the way it manages and measures the risk.

**a) Foreign currency risk**

The entity has transactional currency exposures. Such exposure arises through purchases of goods and services that are done in currencies other than the local currency. Invoices denominated in foreign currencies are paid after 30 days from the date of the invoice and conversion at the time of payment is done using the prevailing exchange rate. The carrying amount of the entity's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Description	KShs	Other currencies	Total
	Kshs		Kshs
<b>At 30 June 2024</b>			
Financial assets (investments, cash, debtors)	-	-	-
Liabilities	-	-	-
Trade and other payables	-	-	-
Borrowings	-	-	-
Net foreign currency asset/(liability)	-	-	-

The entity manages foreign exchange risk from future commercial transactions and recognised assets and liabilities by projecting expected sales proceeds and matching the same with expected payments.

*Uyawi Sub-County Level 4 Hospital (Siaya County Government)*  
*Annual Report and Financial Statements for The Year Ended 30<sup>th</sup> June 2024*

**Notes to the Financial Statements (Continued)**

Description	KShs	Other currencies	Total
	Kshs		Kshs
<b>At 30 June 2024</b>			
Financial assets (investments, cash, debtors)	-	-	-
Liabilities	-	-	-
Trade and other payables	-	-	-
Borrowings	-	-	-
Net foreign currency asset/(liability)	-	-	-

**Foreign currency sensitivity analysis**

The following table demonstrates the effect on the hospital's statement of financial performance on applying the sensitivity for a reasonable possible change in the exchange rate of the three main transaction currencies, with all other variables held constant. The reverse would also occur if the Kenya Shilling appreciated with all other variables held constant.

Description	Change in currency rate	Effect on Profit before tax	Effect on equity
	Kshs	Kshs	Kshs
<b>2023 (previous year)</b>			
Euro	10%	-	-
USD	10%	-	-
<b>2024 (current year)</b>			
Euro	10%	-	-
USD	10%	-	-

**b) Interest rate risk**

Interest rate risk is the risk that the entity's financial condition may be adversely affected as a result of changes in interest rate levels. The hospital's interest rate risk arises from bank deposits. This exposes the hospital to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the hospital's deposits.

**Management of interest rate risk**

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

Notes to the Financial Statements (Continued)

**Sensitivity analysis**

The entity analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant. The analysis has been performed on the same basis as the prior year.

Using the end of the year figures, the sensitivity analysis indicates the impact on the statement of financial performance if current floating interest rates increase/decrease by one percentage point as a decrease/increase of KShs xxx (20xx: KShs xxx). A rate increase/decrease of 5% would result in a decrease/increase in surplus of KShs xxx (20xx – KShs xxx).

**iv) Capital Risk Management**

The objective of the entity's capital risk management is to safeguard the Hospital's ability to continue as a going concern. The entity capital structure comprises of the following funds:

Description	FY 2023/2024	Prior Year Adjusted 2022/2023

**20. Appendices**

**Appendix 1: Progress on Follow Up of Auditor Recommendations**

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)

**Guidance Notes:**

- (i) Use the same reference numbers as contained in the external audit report.
- (ii) Obtain the “Issue/Observation” and “management comments”, required above, from the final external audit report that is signed by Management.
- (iii) Before approving the report, discuss the timeframe with the appointed Focal Point persons within your entity responsible for the implementation of each issue.
- (iv) Indicate the status of “Resolved” or “Not Resolved” by the date of submitting this report to National Treasury.
