GOVERNMENT PROPERTIES INVESTIGATION COMMITTEE

GPIC - ANNEX "B"

SUMMARY OF IRREGULARLY ALLOCATED HOUSES, PLOTS EXCISED FROM GOVERNMENT HOUSES AND ROAD CAMPS.

Some of the government houses have become the subject of claims by individuals and individuals through companies. The Committee has perused the law of the land, subsidiary, legislation circulars, and came to the conclusion that none of the claims are valid in law. As matters stand today, the government has not put in place legal and administrative machinery for the disposal of its houses to individuals or companies.

TABLE 2 which forms the second part of this annex is the summary of irregularly allocated houses, plots which are part of government houses and road maintenance camps. These properties have been identified through reports which have been filed by the DWO, field inspections of the Committee or complaints which have been made by civil servants and members of the public. The Committee found that 2118 cases of repossession and 37 cases in respect of road maintenance camps and materials depots.
