## **1.0 EXECUTIVE SUMMARY**

### **1.1 Introduction and Background**

- 1.1.1 The Auditor-General expressed an Unqualified Opinion on the audit of the Regional Mombasa Port Access Road Project for the financial year 2019/2020, since there were no queries in the Financial Statement Section of the Report. However, on the Other Matter Section in the Report, the Auditor-General queried a non- payment of pending bills of Kshs.15,028,891 as at 30 June, 2020.
- 1.1.2 The Public Accounts Committee (PAC) adopted the Report of the Auditor-General in June, 2022 and made several recommendations, one being that the Auditor-General should undertake a Forensic Audit to ascertain the genuineness of the land compensation claims in the State Department for Roads (Regional Mombasa Port Access Road Project). The Auditor-General carried out the Forensic Audit on the Project in accordance with the request from Parliament.
- 1.1.3 The Regional Mombasa Port Access Road Project covers a distance of approximately 41.7Kms and starts at the Junction of Kenyatta Avenue (A109) and Digo Road (A14) within Mombasa City to Mariakani Weighbridge, in Mombasa County. The scope of the Project included widening from a single 2-way roadway to 4 lanes, realignment of an existing 4 lane section of the road, interchanges, village through-roads and weighbridge equipment for 2 weighbridge facilities.

### **1.2 Audit Objective**

- 1.2.1 The primary objective of the audit was to establish the accuracy, genuineness, and compliance to the law by the State Department for Roads, Kenya National Highways Authority (KeNHA) and the National Land Commission (NLC) on land compensation claims on the Regional Mombasa Port Access Road Project.

### **1.3 Terms of Reference**

- 1.3.1 The Terms of Reference (TORs) of the audit include; review of conceptualization and feasibility study, governance and management issues, budget and budgetary control, assets management, financial management and expenditure and physical verification to ascertain current status of the Project.

#### 1.4 Audit Scope and Limitations

- 1.4.1 The audit was carried out at the State Department for Roads, KeNHA, NLC Headquarters in Nairobi and at the project site in Mombasa.
- 1.4.2 The Audit Team covered the period of eleven financial years from 2011/2012 to 2021/2022.
- 1.4.3 Some of the challenges encountered by the Audit Team included: access to some beneficiaries; some difficulties in understanding the technical Project processes like interpretation of cadastral drawings, land survey and land valuation; slow retrieval of records; documents not provided among others. The Audit Team employed various mitigating measures which included: seeking support from the local administration officers to contact the beneficiaries; use of experts from the Ministry of Lands and Physical Planning; constantly updating the client on the documents not provided.

#### 1.5 Audit Approach and Methodology

- 1.5.1 The Audit Team held meetings with the Management Teams of the State Department for Roads, the NLC and KeNHA. The Audit Team collected evidence through document reviews, analytical review, interviews, circularization, physical verification, use of an expert, among others.

#### 1.6 Report Summary

| <b>Total Outstanding Claims</b>                 | <b>Kshs. 3,821,067,069.20</b> |

- 1.6.2 The Audit Team reviewed and analysed the claims, and the audit findings are summarised below and detailed in the main report;

### **Conceptualization and Feasibility Study**

- 1.6.3 Documents and correspondence on the involvement of the State Department for Roads prior to the signing of the Project's financing agreements, by Cabinet Secretary (CS) The National Treasury and financiers were not provided. The involvement of the State Department for Roads, prior to signing of the Project's financing agreements could therefore not be confirmed.
- 1.6.4 Documentation and correspondences between the State Department for Roads and KeNHA concerning identification and planning for the Mombasa- Mariakani Road Project were not provided. Consequently, the involvement of the two entities in identifying and planning for the Project, prior to its commencement could not be confirmed.
- 1.6.5 According to the Appraisal Report of the Project by the African Development Fund (ADF), the Project cost was total Units of Account (UA) 189.42 million. The Project was co-financed by the African Development Fund (ADF), German Development Bank (KfW), European Investment Bank (EIB), Africa Infrastructure Trust Fund (AITF) and Government of Kenya (GOK). However, evidence on how the financiers were identified was not provided for audit review.
- 1.6.6 Kenya National Highways Authority provided consultancy reports for feasibility study, detailed engineering design, environmental and socio-economic impact studies and resettlement action plan. According to the reports, the Audit Team noted that KeNHA appointed AECOM SA (Pty) Ltd, SAI Consult, Aquaclean Services and Panafcon Development Ltd to undertake various consultancy services.
- 1.6.7 However, consultancy contracts for the feasibility study, detailed engineering design, environmental and socio-economic impact studies were not provided for audit review. Therefore, the Audit Team could not establish when the consultants were appointed.
- 1.6.8 According to the feasibility report, a feasibility analysis was performed for four alternatives and it was stated that Alternative 4 was expected to provide the highest return on investment and thus the preferred option. The alternatives considered were;
- Alternative 1: Dual Carriageway Road with a Concrete Pavement (Interchange at Changamwe)- Kshs.26,819,000,000;

- Alternative 2: Dual Carriageway Road with Asphalt Pavement (Interchange at Changamwe)- Kshs.24,035,000,000;
- Alternative 3: Dual Carriageway Road with Concrete Pavement northbound and Asphalt Pavement southbound (Interchange at Changamwe)- Kshs.24,537,000,000; and
- Alternative 4: Dual Carriageway Road with Concrete Pavement northbound and Asphalt Pavement southbound (Signalized Intersection at Changamwe)- Kshs.19,152,000,000

1.6.9 However, KeNHA implemented Alternative 3- dual carriageway resulting to a cost increase of Kshs.5,385,000,000 from Kshs.19,152,000,000 for alternative 4 to Kshs.24,537,000,000 for alternative 3. Further, KeNHA did not provide justification for changing from Alternative 4 to Alternative 3.

#### **Governance and Management Issues**

- 1.6.10 The KeNHA Management did not provide annexes/budgets approval and Board appropriations for 2021/2022 in Lot 1 and 2020/2021 and 2021/2022 in Lot 2 for audit review.
- 1.6.11 In addition, the Board minutes were not provided for audit review. The Audit Team could therefore, not ascertain the involvement of the Board in overseeing the Project's activities.
- 1.6.12 Documents reviewed revealed that the CS- Ministry of Transport and Infrastructure requested for approval from NLC for compulsory land acquisition for the Project. However, NLC did not provide this approval for audit review and KeNHA relied on the published gazette notice.
- 1.6.13 Although the NLC published a gazette notice for compulsory acquisition on behalf of KeNHA on 18 December, 2015, in the absence of the approval documents, the audit could not confirm if the NLC approved the request, thus contravening Section 107 (5) of the Land Act, 2012.
- 1.6.14 Further, the Audit Team noted that the Manual on Procedures and Process in place at the time of audit in March 2023 had not been approved by NLC contrary to Section 107 (2) and 111 (2) of the Land Act, 2012.

### **Budget and Budgetary Control**

- 1.6.15 According to the Appraisal Report by the African Development Fund (ADF) dated February, 2015 for the Project, the overall Project cost estimate (net of taxes) was 189.42 million Unit of Account (UA) which was equivalent to Kshs.24,856,071,240.
- 1.6.16 The Kshs.24,856,071,240 comprised of Donor funding of Kshs.23,735,435,360 and the Government of Kenya (GOK) component of Kshs.1,120,635,880 meant for compensation. The Audit Team noted that the estimated compensation cost of the Project as per the RAP report was Kshs.6,525,815,953 which was an increase by Kshs.5,405,180,073 from Kshs.1,120,635,880 in the African Development Fund Appraisal Report.
- 1.6.17 The approved annual work plans and Project's annual work programs for the period were not provided for audit review. In the circumstances, the Audit Team could not establish whether the budget process adhered to the Kenya Roads Act, 2007 and whether the estimated costs as per the RAP report were applied in preparing the work plans and budgets.
- 1.6.18 According to the approved budgets for the State Department for Roads in the period under review, the Project was divided into Lot 1 and Lot 2 representing the section from Mombasa to Kwa Jomvu and Kwa Jomvu to Mariakani, respectively. The approved budgets for Lot 1 and Lot 2 for the period under review was Kshs.13,559,514,938 and Kshs.1,637,438,527 respectively both totaling to Kshs.15,196,953,465. The approved budget of Kshs.15,196,953,465 comprised of Loans and Grants representing the external loan components from the Development Partners and GOK components used for contractors' and consultants' taxes and land acquisition.
- 1.6.19 The approved budgets were single line budgets which comprised of Loans and Grants from the donors, and the GOK component. Therefore, out of the Kshs.15,196,953,465, the amount allocated for land compensation could not be established.
- 1.6.20 The Audit Team noted that the Project budget as per the ADF Appraisal Report was Kshs.24,856,071,240 while the approved budgets were Kshs.15,196,953,465, resulting to an unexplained variance of Kshs.9,659,117,775.

- 1.6.21 The Audit Team noted a variance of Kshs.76,445,660 between the approved budget by the State Department for Roads and the approved budget by KeNHA of Kshs.15,196,953,465 and Kshs.15,273,399,125 respectively.
- 1.6.22 Further the Audit Team noted that Kshs.13,146,568,500 out of Kshs.15,196,953,465, was disbursed for the Project by the State Department for Roads to KeNHA resulting to a budget shortfall of Kshs.2,050,384,965.

### **Assets Management**

- 1.6.23 The Audit Team noted that land parcel number MN/VI/2420 measuring 0.3058 HA was sub -divided into two (2) parcels numbered MN/VI/3669 (Org. 2420/1) and MN/VI/3670 (Org. 2420/2) measuring 0.0937 HA and 0.2118 HA respectively as per gazette notice number 1388 of 17 February, 2017. However, the original parcel of land MN/VI/2420 was not de-gazetted which may lead to litigation.
- 1.6.24 The National Land Commission gazetted ninety-two (92) parcels of land for acquisition on diverse dates between 18 December, 2015 and 07 May, 2021. However, NLC had only valued sixty-six (66) parcels of land amounting to Kshs.4,192,198,182 while the balance of twenty-six (26) parcels were not valued. It was noted that thirteen (13) parcels out of twenty-six (26) were affected by the Project.
- 1.6.25 Review of documents and physical verification exercise revealed that out of the ninety-two (92) parcels of land gazetted and acquired, nine (9) parcels of land belonged to six (6) State organs namely; Kenya Railways, National Housing, Kenya Power (KPLC), KENGEN, Kenya Revenue Authority and Coast Water Works Development Agency. The parcels of land owned by KPLC, KENGEN, Kenya Revenue Authority and Coast Water Works Development Agency were valued at a total cost of Kshs.470,087,137. However, Kenya Railways and National Housing Corporation parcels were not valued.
- 1.6.26 As at completion of the audit in March, 2023 the two (2) parcels of land belonging to Coast Water Works Development Agency, were compensated at a total of Kshs.90,935,582. This is contrary to Section 23(1b) of the Kenya Roads Act, 2007 which requires that in the case of public land, the Authority notifies the Minister responsible for Public Lands that the land specified in the notice was required for the purposes of the Authority.

- 1.6.27 Further, the ownership, size and current status of the acquired parcels of land could not be confirmed. The Auditor-General's letter referenced SA/CONF/015/(14) dated 01 March, 2023, to the Principal Secretary-State Department for Lands and Physical Planning requesting for the information had not been responded to, as at the completion of the audit in March, 2023.

### **Financial Management and Expenditure**

- 1.6.28 The KeNHA Management did not maintain separate books of accounts such as cashbooks, bank statements, bank reconciliation statements and returns to The National Treasury, for the Mombasa - Mariakani Access Road Project contrary to Regulations 74 (6)(a), 77 (a to c), 90(1) and 100 of the Public Finance Management (National Government) Regulations, 2015.
- 1.6.29 Requisitions for funds, AIEs, receipt vouchers, revenue ledgers, bank statements and cashbook extracts for funds requested for and transferred to KeNHA from the State Department, were not provided for audit review.
- 1.6.30 The Audit Team noted that the audited financial statements for 2015/2016 to 2021/2022 financial years reflected a total of Kshs.6,364,070,604 being Kshs.5,963,688,385 for Lot 1 and Kshs.400,382,219 for Lot 2, as received for the Project.
- 1.6.31 Out of the total GOK component of Kshs.6,364,070,604, an amount of Kshs.4,964,781,047 was utilized by KeNHA for land acquisition while the difference of Kshs.1,399,289,557 was utilized for purchase of goods and services, construction and consultancy.
- 1.6.32 Out of the Kshs.4,964,781,047 meant for land acquisition, Kshs.4,756,796,463 was disbursed to NLC while Kshs.118,689,944 was spent by KeNHA for other purpose thus contravening Section 115 (1) of the Land Act, 2012. The balance of Kshs.89,294,640 was an unverified amount by KeNHA for land acquisition.
- 1.6.33 The Audit Team noted that the compensation schedules prepared by the NLC reflected Kshs.6,800,514,107 as the total expected compensation. This was confirmed to be the equivalent amount NLC had requested from KeNHA.
- 1.6.34 Out of the Kshs. 6,800,514,107 requested for by NLC, KeNHA disbursed Kshs.4,756,796,463 resulting to balance of Kshs.2,043,717,644 which is yet to be disbursed by KeNHA. This contradicted the letter from KeNHA Ref: KeNHA/D&C/A104/2010/Vol.20(22) dated 28 July, 2015 addressed to Chairman NLC,

in which KeNHA confirmed that funds for land compensation were available under the Project budget.

- 1.6.35 The Kshs.4,756,796,463 requested for and received by NLC was accounted for as follows;

|                                                 |                              |
|-------------------------------------------------|------------------------------|
| Outstanding Compensation Claims                 | Kshs. 1,182,641,502.70       |
| Compensation paid to land owners and other PAPs | Kshs. 2,979,447,037.80       |
| Surrender to Exchequer                          | Kshs. 306,528,785.50         |
| Amount Reallocated to Other Projects            | Kshs. 288,179,137.00         |
| <b>Total Receipts from KeNHA</b>                | <b>Kshs.4,756,796,463.00</b> |

- 1.6.36 The Kshs.4,756,796,463 was accounted for as follows;

***Outstanding Compensation Claims of Kshs.1,182,641,502.70***

- 1.6.37 Review of documents revealed that Kshs.1,182,641,502.70 was yet to be paid out to a total of one hundred and seventy-six (176) PAPs. The unpaid balance was being held by NLC as outstanding compensation claims. Explanations given for the unpaid balances include; rejected awards, subject of litigation/court case, lack of adequate documentation, balance after reallocation, de-gazetted, dispute, uncollected awards and payment process ongoing.

***Compensation Paid to Landowners and Other PAPs of Kshs.2,979,447,037.80***

- 1.6.38 Review of documents revealed that out of Kshs.2,979,447,037.80 paid as compensation, Kshs.2,126,160,137.80 was paid to landowners while the balance of Kshs.853,286,900 was paid to other PAPs (E.g. Improvements, loss of business).

- 1.6.39 Out of the Kshs.2,126,160,137.80 paid to land owners, the Audit Team noted that Kshs.109,287,830 was not sufficiently supported while Kshs.55,464,886 was underpayment for 5 parcels of land, due to computation error.

***Surrender to Exchequer of Kshs.306,528,785.50***

- 1.6.40 The Audit Team noted that Kshs.306,528,785.50 allocated for the Project was surrendered to the Exchequer without justification. The funds were meant for the following PAPs.

- MN/VI/4788 Multiple ICD (EPZ) Limited- Kshs.151,374,695.50, and,
- MN/VI/4789 Multiple ICD (EPZ) Limited- Kshs.155,154,090.00

- 1.6.41 As at the completion of the audit in March, 2023, the land owners for the two parcels had not been compensated, and the funds had not been transmitted back to NLC.

***Amount Reallocated to Other Projects of Kshs.288,179,137***

- 1.6.42 Review of documents revealed that Kshs.288,179,137 meant for the Project was reallocated to Koifan Developers Ltd for LR No. Mombasa/MS/Block 1/815 and LR No. Mombasa/MS/Block 1/816 to allow KeNHA utilize the land to commence construction of a public service vehicle terminus to ease the usage of the floating bridge. The explanation given was that the affected parcels number MN/VI/5026 and MN/VI/1251 had long outstanding issues
- 1.6.43 However, the Audit Team was not provided with an explanation on why funds meant for the Mombasa- Mariakani Road Project were utilized in another project when the Project was still ongoing.

**Physical Verification and Current Status of the Project**

- 1.6.44 The Audit Team carried out a field visit to the Dualling of Mombasa – Mariakani (A109) Road Project. The verification exercise was to establish existence of the ninety-two (92) parcels of land and two thousand, five hundred and seventy-four (2,574) PAPs, the actual acreage/sizes acquired, land occupancy and the current usage of the land acquired by KeNHA for the road Project. The Audit Team applied the following approach in the exercise;
- a) Physical verification at the Project site and interviews with land owners
  - b) Actual Survey of the Parcels of land
  - c) Interviews with PAPs (who are not land owners) with outstanding claims
- 1.6.45 The Audit Team physically verified the entire road Project totaling 41.7 KMs, from Lot 1 (Mombasa to Kwa Jomvu) covering a distance of 11.4 KMs, to Lot 2 (Kwa Jomvu to Mariakani) covering a distance of 30.3 KMs.
- 1.6.46 Further, the Audit Team located all the ninety-two (92) parcels of land, out of which, the team met and engaged with fifty-eight (58) land owners, representing (63%). The remaining thirty-four (34) landowners were not interviewed since they did not present themselves as requested.
- 1.6.47 It was noted that out of the ninety- two (92) parcels of land visited, sixteen (16) parcels of land acquired and compensated for a total amount of Kshs.849,412,006, had structures and presence of PAPs living on the land.

KeNHA had not demolished the structures and/or taken full possession of the land acquired, contrary to Section 120 (1) of the Land Act, 2012.

- 1.6.48 In addition, the Audit Team noted that four (4) parcels of land with a compensation value amounting to Kshs.159,353,960.90, were occupied by both the Project and PAPs. Out of the four (4) parcels, two (2) parcels were fully paid for at a total of Kshs.94,102,572, and one (1) parcel partly paid for at Kshs.36,704,496, all totaling to Kshs.130,807,068. A balance of Kshs.28,546,892.90 remained outstanding.
- 1.6.49 Failure to demolish the structures, vacate the PAPs and take full possession of the acquired parcels of land, contravened Section 120 (1) of the Land Act, 2012 and this may result in possible conflict between the KeNHA (the acquiring entity) and the PAPs.
- 1.6.50 Review of valuation and award documents and physical verification revealed that one (1) parcel of land LR No. MN/VI/523 which was acquired and awarded Kshs.9,070,546.80, had developments within the parcel that were omitted during the valuation. The Management confirmed during the exit meeting that a re- inspection on the property was initiated which may result to a revised award by the NLC.
- 1.6.51 It was noted that two (2) parcels of land that were partly acquired for the Project, did not have access roads after the Project road was constructed. The remaining parcels were rendered inaccessible without compensation, contrary to Section 122(3) of the Land Act.

## **1.7 Recommendations**

- 1.7.1 The recommendations on the issues raised are as summarized below and detailed in Section 4.0 of the Report;

## **2.5 Scope of Work and Limitations**

### **Scope**

- 2.5.1 The Audit was limited to land compensation in the Regional Mombasa Port Access Road Project under the State Department for Roads implemented by KeNHA. The audit was carried out at the State Department for Roads, KeNHA, NLC and physical verification of the acquired parcels of land with outstanding compensation claims.
- 2.5.2 The Audit Team covered the Project's land compensation process for a period of eleven years from inception in the financial year 2011/2012 to the current status in 2021/2022.

## **Limitations and Mitigation**

- 2.5.3 The Audit Team experienced challenges and limitations which were mitigated in several ways in order not to negatively affect the quality and result of the findings. Some challenges and measures taken included;
- i) Access challenges to some beneficiaries of the paid and/or outstanding compensation. To mitigate this challenge, the Audit Team engaged and utilized the local Administration to reach the PAPs (i.e. landowners and other PAPs).
  - ii) Due to the technical nature of the assignment, there was some difficulties in understanding the Project processes. The Audit Team mitigated against this challenge by constantly engaging State Department for Roads, KeNHA, NLC and the staff from the State Department for Lands and Physical Planning.
  - iii) The audit covered eleven financials years from 2011/2012 to 2021/2022. Consequently, retrieval of necessary records took longer than expected. The challenge was mitigated by forwarding to the client, the list of required documents one week before the audit exercise started. Further, during audit execution, the Audit Team constantly updated the client on the documents not provided as a follow up. However, the documents listed in **Appendix II** were not provided for audit.

## **2.6 Audit Approach and Methodology**

Kenyatta Avenue (A109) and Digo Road (A14) within Mombasa City to Mariakani Weighbridge, so as to ascertain existence, the size/acreage and locations of the parcels of land with outstanding claims.

### Circularization

- 3.1.3 The Special Audit Team reviewed and analysed the claims and the audit findings are reported herein;

#### 3.2 Conceptualization and Feasibility Study

##### Project Conceptualization

- 3.2.1 Section 34 (1) of the Kenya Roads Act, 2007 requires the Minister responsible for Roads in consultation with KeNHA and the Kenya Roads Board to cause to be prepared once in every five years a Road Investment Program for approval by the Minister responsible for Finance. Further, Section 34 (2) of the Act

informs that the Road Investment Program shall outline development and maintenance priorities costed with respect to stated sections of the roads.

3.2.2 The Audit Team reviewed the Road Sector Investment Programme 2010-2024 dated May 2011 provided and noted that Mombasa- Mariakani Road Project was among the proposed development projects in the Ministry of Roads and Transport.

3.2.3 Further, the Road Sector Investment Program (RSIP) 2010-2024 outlines the prioritized road sub-sector investments and associated budgetary requirements designed to modernize the road network in line with Kenya Vision 2030. The RSIP provides a more integrated, proactive and comprehensive investment plan in the road sector. The prioritization of the road development and maintenance interventions in the revised Strategic Plan 2018/2019-2022/2023 is aligned to the RSIP 2010-2024.

3.2.4 Therefore, based on the abovementioned the Mombasa- Mariakani Road Project is in line with the RSIP and Authority's Strategic Plan.

***Lack of Documentation on Involvement of the State Department for Roads, Prior to Signing Financial Agreements***

3.2.5 The Audit Team requested for documents and correspondence on the involvement of the State Department for Roads prior to the signing of the Project's financing agreements, by the CS- The National Treasury and the financiers. However, the information and documents were not provided.

3.2.6 The Audit Team could therefore not confirm the involvement of the State Department for Roads, prior to signing of the Project's financing agreements.

***Lack of Documentation on Identification and Planning Prior to Commencement of the Project***

3.2.7 The Audit Team requested for documentation and correspondence between the State Department for Roads and KeNHA concerning identification and planning for dualling of Mombasa- Mariakani Road Project but none was provided.

3.2.8 Due to lack of documentation on communication between The National Treasury, KeNHA and the State Department for Roads, the Audit Team could not confirm how the entities were involved in identifying and planning for the Project, prior to its commencement.

### **Verification of Project Appraisal Reports**

- 3.2.9 The Appraisal Report of the Project, by the African Development Fund (ADF) under Section 2.4 revealed that, the Project cost was total Units of Account (UA) 189.42 million. The project was co-financed by the African Development Fund (ADF), German Development Bank (KfW), European Investment Bank (EIB), Africa Infrastructure Trust Fund (AITF) and Government of Kenya (GOK).
- 3.2.10 Section 2.4.2 of the ADF Project Appraisal Report outlined that the financiers would cover all the foreign exchange costs and part of the local costs, while GOK would cover part of the local cost which included compensation and maintenance costs.

### ***Lack of Documentation on Identification of Donors/ Financiers***

- 3.2.11 Correspondences and other documents between the State Department for Roads, KeNHA and the financiers on donor identification were not provided for audit review. Further, the KeNHA procedure manual dated 18 October, 2021, did not include processes and procedures on donor identification. The Audit Team was therefore not able to establish how the financiers were identified.

### **Project Feasibility and *Environmental and Social Impact Assessment Studies***

- 3.2.12 Policy 3.4.8 of the African Development Bank (AfDB)- ADF Involuntary Resettlement Policy states that, "*The Full Resettlement Plan (FRP) should be finalized as a supplement document to the Environmental and Social Impact Assessment (ESIA) report. The resettlement studies can be carried out as part of or parallel to the environmental and social impact studies*".
- 3.2.13 Section 5.01 of the AfDB- Conditions Precedent to the First Disbursement states that, "*The obligations of the Fund to make the first disbursement of the Loan shall be conditional upon the entry into force of the Agreement in accordance to Section 4.01 and the fulfilment by the borrower of the following condition: The Borrower shall provide evidence, in form and substance satisfactory to the Fund, confirming the following: Submission of an updated Resettlement Action Plan together with a schedule (the Works and Compensation Schedule) detailing inter alia:*
- *the sections into which the contract for the civil works will be divided; and*

3.2.14 According to the Resettlement Action Plan (RAP), KeNHA on behalf of the Government of the Republic of Kenya, issued an Invitation to Tender dated November, 2011 for eligible Consultancy firms to submit both Technical and Financial Proposals for Consultancy Services for Preliminary and Detailed Engineering Design for the dualling of Mombasa- Mariakani (A109) Road.

3.2.15 Further, the RAP report stated that the Invitation to Tender involved development of a Feasibility Study, Environmental and Socio-Economic Impact studies alongside a Resettlement Action Plan (RAP), and Detailed Engineering Design for the dualling of Mombasa-Mariakani (A109) Road.

***Non-Provision of Consultancy Contracts for Feasibility, Detailed Engineering Design, ESIA and RAP***

3.2.16 KeNHA provided consultancy reports for Feasibility Study, Detailed Engineering Design, Environmental and Socio-Economic Impact studies and Resettlement Action Plan. The Audit Team noted that KeNHA appointed firms to carry out various activities as shown in the table below;

**Table 4: List of Appointed Consultants**

| Consultants              | Activity                                                | Date of Report      |

| Panafcon Development Ltd | Review the RAP report                                   | January 2017        |

3.2.17 The Audit Team through entry and exit meetings, audit notifications and emails, requested for the consultancy contracts for the Feasibility study, Detailed Engineering Design, Environmental and Socio-Economic Impact studies, RAP report and review of the RAP report, for the respective firms, which were not provided for audit review. Therefore, the Audit Team could not establish when the consultants were appointed.

3.2.18 According to Section 7.1 of the feasibility study report, the broad objective of the economic analysis in the study was to establish the economic viability of the

Project on the basis of the economic benefits that accrue after implementation. Further, the report indicated that the primary economic benefits included reduced vehicle operating costs and savings in travel time.

3.2.19 According to the feasibility Report, a feasibility analysis was performed for four alternatives;

- Alternative 1: Dual Carriageway Road with a Concrete Pavement (Interchange at Changamwe)- Kshs.26,819,000,000
- Alternative 2: Dual Carriageway Road with Asphalt Pavement (Interchange at Changamwe)- Kshs.24,035,000,000
- Alternative 3: Dual Carriageway Road with Concrete Pavement northbound and Asphalt Pavement southbound (Interchange at Changamwe)- Kshs.24,537,000,000
- Alternative 4: Dual Carriageway Road with Concrete Pavement northbound and Asphalt Pavement southbound (Signalized Intersection at Changamwe)- Kshs.19,152,000,000

***Non- Provision of Justification for Change of Alternative***

3.2.20 Section 7.9 of the Feasibility Study Report stated that Alternative 4 was expected to provide the highest return on investment and thus the preferred option.

3.2.21 However, according to the Land Acquisition Drawings provided, the Authority implemented Alternative 3- dual carriageway with concrete pavement northbound on critical sections and remainder asphalt- Changamwe Interchange. Existence of the interchange at Changamwe was confirmed by the Audit Team during physical verification in January 2023.

3.2.22 The Audit Team requested for the reviewed designs and documented justification thereof, changing from Alternative 4 to 3, but the information was not provided for audit.

3.2.23 The Audit Team compared the costs of the two alternatives as indicated in the feasibility study report and noted that the selected alternative (alternative 3) led to a cost increase of Kshs.5,385,000,000 from Kshs.19,152,000,000 for alternative 4 to Kshs.24,537,000,000 for alternative 3.

### 3.3 Governance and Management Issues

#### Roles and Responsibilities as per the Law/ Guidelines in the Project Cycle

##### i. KeNHA Board of Directors

- 3.3.1 The KeNHA governance structure/organogram as outlined in its revised 2018/2019- 2022/2023 Strategic Plan is as detailed in **Appendix IV**. The Board of Directors are at the top of the organogram and one of the roles and functions of the Board according to Mwongozo 1.2 (g), is to approve the annual budgets of the State Corporation.

#### ***Non- Provision of Board Appropriations/ Approvals/ Annexes of the Annual Budgets***

- 3.3.2 The Audit Team reviewed the annual budgets disclosed in the Project's audited financial statements for financial years 2015/2016 to 2021/2022. However, annexes/budgets approvals/ Board appropriations for 2021/2022 in Lot 1 and 2020/2021 and 2021/2022 in Lot 2 were not provided for audit. This contravened Section 9 (1)(e)(i) of the Public Audit Act, 2015, which states that, *"Without prejudice to the powers given under the Constitution and this Act and for the purposes of carrying out her duties effectively, the Auditor-General, or an officer authorized for the purpose of this Act, shall have powers- of unrestricted access to- all books, records, returns, reports, electronic or otherwise and other documents of entities listed under Article 229 (4) of the Constitution"*.
- 3.3.3 Further, it was not possible to establish the total budget allocation for land acquisition and compensation for PAPs approved by the Board, for the period under review.

#### ***Absence of Board Minutes for the Project***

- 3.3.4 According to the Strategic Plan and Board Charter, the KeNHA Board has four (4) Committees namely Finance, Human Resource and General Purposes Committee; Audit, Risk and Governance Committee; Technical and Strategy Committee; and Procurement and Disposal Oversight Committee to execute its functions. However, Board minutes were not provided to confirm the formation and respective roles and responsibilities of the committees. Therefore, the Audit Team could not ascertain the involvement of the Board in overseeing the activities of the dualling of Mombasa-Mariakani (A109) Road Project.

## **ii. Commissioners for National Land Commission**

- 3.3.5 Section 107 (1) of the Land Act, 2012 states that *“Whenever the national or county government is satisfied that it may be necessary to acquire some particular land under section 110, the respective Cabinet Secretary or the County Executive Committee Member shall submit a request for acquisition of public land to the Commission to acquire the land on its behalf”*.
- 3.3.6 On 29 September, 2015, the Cabinet Secretary (CS)- Ministry of Transport and Infrastructure vide a letter Ref: MOTI/II. A129.4/DVol.2(63) wrote to the Chairman, NLC in compliance with Section 107 (1) of the Land Act, 2012. In the letter, the CS, requested the assistance of NLC in acquiring land through compulsory land acquisition for the purpose of dualling of Mombasa- Mariakani (A109) Road Project. Further, the CS confirmed that KeNHA had submitted to the Commission the land acquisition drawings vide letter Ref: KeNHA/ D&C/A104/2010/Vol.20(22) dated 28 July, 2015.
- 3.3.7 The objective of the Project as per the CS letter was to improve transport of import and export goods and passenger traffic along the Northern Corridor by decongesting the traffic to and from the Port of Mombasa.

### ***Failure to Provide Evidence of Project Approval by the National Land Commission***

- 3.3.8 Section 107 (5) of the Land Act, 2012 requires NLC to approve a request for compulsory land acquisition received from an acquiring entity before publishing a notice for compulsory land acquisition in the Kenya Gazette.
- 3.3.9 Documents reviewed revealed that the CS- Ministry of Transport and Infrastructure requested for approval from NLC for compulsory land acquisition for the Mombasa- Mariakani Road Project.
- 3.3.10 Although NLC published a gazette notice for compulsory acquisition on behalf of KeNHA on 18 December, 2015, in the absence of the approval documents, the audit could not confirm if the NLC deliberated and approved the request, thus contravening Section 107 (5) of the Land Act, 2012.

### ***Use of Unapproved Procedures Manuals***

- 3.3.11 Section 107 (2) of the Land Act, 2012 requires NLC to prescribe a criteria and guidelines to be adhered by the acquiring authorities in the acquisition of land. Further Section 111 (2) requires the Commission to make rules to regulate the assessment of just compensation.

3.3.12 The Audit Team reviewed the following documents provided by the NLC Management:

- Manual on Procedures and Process under Directorate of Land Valuation and Taxation revised in December 2018
- Finance, Accounts and Administration Manual Second Edition, April 2017
- Finance and Corporate Planning Manual, Revised 2022

3.3.13 The Audit Team noted that although the NLC documented its procedures and processes as outlined in the manuals stated above, the Manual on Procedures and Process under Directorate of Land Valuation and Taxation revised in December 2018 was in draft form as at the completion of the audit in March, 2023. No explanation was given as to why the document had not been approved by the NLC Commissioners as required. The Audit Team could therefore not rely on the unapproved manual. Further, the NLC Management has not complied with Section 111 (2) of the of the Land Act, 2012 in the absence of the approved Manual.

### **3.4 Budget and Budgetary Control**

#### **Project Budgetary Costs**

3.4.1 According to the Appraisal Report by the African Development Fund (ADF) dated February, 2015 for the Mombasa- Mariakani Highway Project, the overall Project cost estimate (net of taxes) was 189.42 million Unit of Account (UA) which was equivalent to Kshs.24,856,071,240. This amount is composed of Donor funding of Kshs.23,735,435,360 and the Government of Kenya (GOK) component of Kshs.1,120,635,880.

3.4.2 However, the State Department for Road's approval for the ADF Appraisal Report was not provided for audit review. The Audit Team could therefore not confirm whether the State Department for Roads concurred with the appraisal report.

#### **Project Sources of Funds and Financing**

3.4.3 According to the ADF Appraisal Report, the Project was financed by the Government of Kenya, together with loans and grants from four (4) Development Partners namely; African Development Bank (AfDB/ADF),

***Lack of Documentation Prior to Budgeting for the Project***

- 3.4.11 Section 34 (3) of the Kenya Roads Act, 2007 requires that all annual work programs prepared by KeNHA shall be based on the approved five-year Road Investment Program.
- 3.4.12 The Audit Team requested for the approved annual work plans and annual work programs for the period under review to establish the budget process for the dualling of Mombasa- Mariakani Road Project. However, the information was not provided for audit review.
- 3.4.13 Due to lack of the abovementioned documents at KeNHA, the Audit Team could not establish whether the budget process for the Project adhered to the Kenya

Roads Act, 2007, and whether the estimated costs as per the RAP report were applied in preparing the work plans and budgets.

### **Approved Budget by the State Department for Roads**

- 3.4.14 The Dualling of Mombasa- Mariakani Road Project was budgeted for under the State Department for Roads- Development Vote for the period under review. It comprised of Loans and Grants representing the external loan components from the Development Partners for implementation of the Project and GoK components used for contractors' and consultants' taxes and land acquisition.

### ***Unexplained Variance between the ADF Appraisal Report and the Approved Budget Estimates Kshs.9,659,117,775***

- 3.4.15 According to the approved budget for the State Department for Roads, the Project was divided into Lot 1 and Lot 2 representing the section from Mombasa to Kwa Jomvu and Kwa Jomvu to Mariakani, respectively. The approved budgets for Lot 1 and Lot 2 for the period under review was Kshs.13,559,514,938 and Kshs.1,637,438,527 respectively, as shown in the table below;

### 3.5 Assets Management

#### Acquisition Process and Confirmation of Value of Land Parcels and Improvements

- 3.5.1 Section 107 (1) of the Land Act,2012 states that, *"Whenever the national or county government is satisfied that it may be necessary to acquire some particular land under section 110, the respective Cabinet Secretary or the County Executive Committee Member shall submit a request for acquisition of public land to the Commission to acquire the land on its behalf"*.
- 3.5.2 The Audit Team reviewed a letter REF: KeNHA/D&C/A109/Vol.4(71) dated 16 September 2015, in which the Director-General, KeNHA requested the Principal Secretary- Infrastructure for approval for land acquisition from the Cabinet Secretary. The Cabinet Secretary- Ministry of Transport and Infrastructure thereafter wrote to the Chairman- National Land Commission vide

letter REF: MOTI//A.129.4/DVol.2 dated 29 September 2015, requesting the Commission for assistance in acquiring land for the purpose of development of the Dualling of Mombasa- Mariakani (A109) Road Project.

- 3.5.3 Hence, KeNHA adhered to Section 107(1) of the Land Act, 2012, by requesting for approval of land acquisition, prior to commencement of the process.

**Surveying of the Affected Parcels of Land**

- 3.5.4 Section 24(1) of the Kenya Roads Act, 2007 states that *“Any authorized employee of an Authority may, for the purposes of the Authority, enter upon any land and survey such land or any portion thereof”*.

- 3.5.5 KeNHA confirmed vide a letter Ref: KeNHA/ D&C/A104/2010/Vol.20(22) dated 28 July, 2015 addressed to Chairman NLC that land surveying had been carried out and the road sections to be acquired marked out. Further, KeNHA confirmed in the letter that the affected registered land owners had been identified by conducting searches in the District Registry.

- 3.5.6 The letter contained land acquisition drawings detailing specific parcels numbers affected, names of land owners and the areas to be acquired. The acquisition had been necessitated by the design for proposed dualling of Mombasa- Mariakani (A109) road Project that included construction of dual carriageway, service lanes on some sections, footpaths, footbridges, 3 major interchanges and high-speed weigh in motion weighbridges among others. As per the letter, KeNHA confirmed that funds for land compensation are available under the Project budget.

**Publication of Notices of Intention to Acquire and Inquiries.**

- 3.5.8 Section 107 (5) of the Land Act, 2012 requires NLC to publish a notice for compulsory land acquisition in the Kenya Gazette and deliver a copy of the notice to the Registrar and every person who appears to the Commission to be interested in the land.

- 3.5.9 The National Land Commission published an initial notice of intention to acquire in the Kenya Gazette notice number 9343 dated 18 December 2015 and a total of 85 parcels of land were gazetted. Subsequently, NLC published other notices

3.5.15 Based on the above, the Audit Team noted that the inquiry process adhered to Section 112 of the Land Act.

### **Valuation and Awards.**

- 3.5.16 Section 113 (1) of the Land Act, 2012 provides that upon the conclusion of the inquiry, NLC shall prepare a written award, in which it shall make a separate award of compensation for every person whom the Commission has determined to have an interest in the Land. Further, Section 114 (1) requires the Commission to serve a notice of award and offer of compensation to each person whom the Commission has determined to be interested in the land.

### ***Land Gazetted and Not Valued***

- 3.5.19 The Audit Team reviewed the valuation documents provided and compared them with the gazette notices and established that out of the ninety-two (92) parcels of land gazetted for acquisition, NLC had valued sixty-six (66) parcels of land and served the awards amounting to Kshs.4,192,198,182. This amount included the value of land and improvements, inclusive of 15% disturbance allowance and any other applicable statutory additions (injurious affection, severance and loss of income). The balance of 26 parcels were not valued, and are listed in the following table;

- 3.5.20 No explanation was provided to the Audit Team as to why the 26 parcels had not been valued, or de-gazetted. Further, as at the completion of the audit in March, 2023, the parcels' owners had not been compensated.

***Failure to Indicate NLC Valuer Name, Valuation Dates and Methodology in the Valuation Schedules***

- 3.5.21 The Audit Team noted that out of the total compensation amount of Kshs.6,800,514,107 as summarized in **Table 3** of this Report, valuation schedules totaling Kshs.714,861,783 had the names of the NLC valuers who undertook the valuation as well as the date of valuation and methodology used in arriving at the valuation amount. The balance of Kshs.6,085,652,324 did not indicate the name of the NLC valuer, the date of valuation and methodology hence lacked ownership and credibility.

***Irregular Compensation to State Organs for Public Land***

- 3.5.22 Article 62(1)(b) of the Constitution of Kenya, 2010 states that, "*Public land is land lawfully held, used or occupied by any State organ, except any such land*

that is occupied by the State organ as lessee under a private lease". Further, Article 67(2)(a) outlines one of NLC's function as managing public land on behalf of the National and County governments.

- 3.5.23 Section 8(a) of the Land Act, 2012 states that, *"In managing public land on behalf of the National and County governments, the Commission- shall identify public land, prepare and keep a database of all public land, which shall be geo-referenced and authenticated by the statutory body responsible for survey"*
- 3.5.24 Documents reviewed revealed that NLC does not maintain a database of all Public Land, contrary to Section 8(a) of the Land Act, 2012.
- 3.5.25 However, from the documents reviewed and physical verification exercise done, the Audit Team noted that out of the ninety-two (92) parcels of land gazetted and acquired, nine (9) parcels of land belonged to seven (7) State organs as detailed in the table below;

**Table 16: Parcels of Land Acquired from State Organs**

| No.          | Plot Number               | Registered Owner (State Organ)       | Gazetted Area (Ha) | Land Value as per Valuation Workings (Kshs) |

- 3.5.26 Out of the total nine (9) parcels of land belonging to six (6) state organs mentioned above, four (4) parcels of land for two (2) entities namely Kenya Railways and National Housing were not valued. NLC had requested for and received compensation funds for parcels of land for three (3) of the entities namely Kenya Power, KenGen and Kenya Revenue Authority amounting to Kshs.379,151,554.60. As at the completion of the audit in March, 2023, they had not been compensated.

- 3.5.27 However, the balance of two (2) parcels of land, belonging to Coast Water Works Development Agency, were compensated at a total of Kshs.90,935,582 contrary to Section 23(1b) of the Kenya Roads Act, 2007 which states that , *“if such land is public land, or if the Authority is unable to acquire it by agreement in accordance with paragraph (a) of this subsection, notify the Minister responsible for Public Lands that the land specified in the notice is required for the purposes of the Authority”*.

#### **Ownership Status of Acquired Parcels of Land**

- 3.5.28 In the letter referenced SA/CONF/015/ (14) dated 01 March, 2023, to the Principal Secretary- State Department for Lands and Physical Planning, the Auditor-General requested for the following information regarding all the parcels of land for the Mombasa- Mariakani Road Project.
- i) Ownership (Registered Owner)
  - ii) All entries in the Register of the intended acquisition
  - iii) Final size of land acquired by KeNHA
  - iv) Notice of taking possession from NLC
  - v) Current status on transfer of KeNHA
- 3.5.29 As at the time of reporting, no response had been received from the State Department for Lands and Physical Planning. The ownership, size and current status of the acquired parcels of land could therefore not be confirmed.

### **3.6 Financial Management, Expenditure and Physical Verification**

#### **Payment Process and Internal Control System**

##### ***Failure to Maintain Separate Project Books of Accounts.***

- 3.6.1 The Audit Team noted that KeNHA Management did not maintain separate books of accounts such as cashbooks, bank statements, bank reconciliation statements and returns to The National Treasury, for the Mombasa - Mariakani Access Road Project. This contradicted the provisions of Regulations 74 (6)(a), 77 (a to c), 90(1) and 100 of the Public Finance Management (National Government) Regulations, 2015.

#### **Funds Disbursed from the State Department for Roads to KeNHA**

- 3.6.2 According to the Expenditure Returns of State Department for Roads (SDR), the GOK component's disbursements to KeNHA for Lot 1 and Lot 2 was

Kshs.4,812,277,988 and Kshs.295,110,800 respectively, totaling Kshs.5,107,388,788.

***Non- Provision of Accounting Records for the Project***

- 3.6.3 To establish the amount of funds received by KeNHA from the State Department for Roads (SDR), the Audit Team through meetings, audit notifications and emails, requested for requisitions for funds from KeNHA to the State Department, AIEs, receipt vouchers, revenue ledgers, bank statements and corresponding cashbook extracts for the funds transferred to KeNHA from the State Department. However, the documents were not provided for audit review, thus contravening Section 9 (1)(e)(i) of the Public Audit Act, 2015.
- 3.6.4 In the absence of the above receipt documents, the Audit Team relied on figures disclosed in the audited financial statements. It was established that Lot 1 and Lot 2 of the Project were implemented from September 2015 and August 2017 respectively, hence the audited financial statements applicable were for the period 2015/2016 to 2021/2022. A total of Kshs.6,364,070,604 being Kshs.5,963,688,385 for Lot 1 and Kshs.400,382,219 for Lot 2, was disclosed as received for the Project as summarized in the table below;

**Table 17: Received Amounts as per Project's Audited Financial Statements**

***Unexplained variance between Amounts Disbursed by State Department for Roads and Received by KeNHA Kshs.1,256,681,816***

- 3.6.5 The Audit Team compared the Kshs.6,364,070,604 with the disbursed amounts as per the expenditure returns from the State Department for Roads (SDR) of Kshs.5,107,388,788, and noted variances as detailed in the following table;

- 3.6.6 There was an unexplained difference of Kshs.1,256,681,816 between the total receipts as per audited financial statements and disbursements as per expenditure returns.

#### **Funds Utilized by KeNHA for the Project**

- 3.6.7 According to Section 2.4.2 of the ADB Appraisal Report, the GOK component of the funds was to cover part of the local cost which included compensation and maintenance costs.
- 3.6.8 The Audit Team reviewed the provided expenditure ledgers for the period under review and noted that KeNHA utilized a total of Kshs.6,364,070,604 towards purchase of goods and services, construction & consultancy and land acquisition for the Project as summarized in the table below;

- 3.6.26 Review of documents provided revealed that, KeNHA sought valuation services from a private valuer, Paul Wambua Valuers Ltd. The Audit Team was provided with letter Ref: NLC/Val&Tax/61 dated July 2016, where the NLC advised KeNHA to contact the Chairman of the Institution of Surveyors of Kenya (ISK) to commission an urgent valuation from the list of licensed valuers of the coast region. According to a letter vide reference Ref: VAL.1486 dated 20 September, 2016 the Chairman NLC wrote to the Director-General, KeNHA requesting for the compensation amount of Kshs.31,119,096 after valuation had been done by the private valuer. Further, the letter indicated that the amount payable to the private valuer was Kshs.3,677,200.
- 3.6.27 The Audit Team could not ascertain how the private valuer was selected, and the payee for the abovementioned amounts totaling Kshs.34,796,296 could not be ascertained.

### ***Unexplained Amount in Notification Letters***

- 3.6.28 The Audit Team noted an amount of Kshs.2,167,850, comprising of two notification letters of REF: KeNHA/F/MOLH/6/1 Vol. 1/19 and REF: KeNHA/f/NLC/6/vol.1/2319 amounting to Kshs.1,676,200 and Kshs.491,650 respectively. However, documentary evidence to support the amount was not provided for audit. The Audit Team could therefore not ascertain the payees and the purpose for the payment.

- 3.6.31 The Audit Team reviewed ledgers, payment vouchers and NLC payment schedules and noted that, an amount of Kshs.6,539,891 included in two vouchers may have led to double payment. Details of these payments are as summarized in the table below;

**Table 23: Double Payments**

| Date         | Payment Voucher (PV) No. | Particulars    | Amount (Kshs) | Amounts Paid Twice (Kshs) |
|--------------|--------------------------|----------------|---------------|---------------------------|
| 24 Feb 2020  | 55826                    | Various Payee  | 190,843,850   | 2,183,646                 |
| 25 Jul 2018  | 42610                    | Payee- Various | 5,670,350     | 4,356,245                 |
| <b>Total</b> |                          |                |               | <b>6,539,891</b>          |

- 3.6.32 Included in the PV number 55826 amounting to Kshs.190,843,850, was a payment of Kshs.2,183,646 to a PAP namely Mary Atieno Walter. It was noted that the PAP with similar amount was recorded in the ledger under PV number 54686 vide Cheque number 5374. Further, in the PV number 42610, it was noted that KeNHA paid five PAPs directly instead of going through NLC. The Audit Team compared these PAPs with the NLC payments schedules and noted that out of the five PAPs in the voucher, three were paid by NLC an amount totaling Kshs.4,356,245. Though the bank statements were not provided for audit, the Kshs.6,539,891 seems to be a double payment.

#### **Irregular Payments**

- 3.6.33 According to PV number 53759 dated 8 November, 2019, an amount of Kshs.4,641,972 was paid by KeNHA for staff related expenses. Attached to the payment voucher were schedules indicating dates, names and amounts paid.
- 3.6.34 Upon verification, it was established that the staff paid were not in the NLC PAPs' compensation schedules hence it was an irregular payment.

### iii. Unverified Land Acquisition Amount

- 3.6.35 The Audit Team compared the total amount spent on land acquisition as per the expenditure ledgers amounting to Kshs.4,964,781,047 with the amounts received by NLC of Kshs.4,756,796,463.15 and amounts utilized by KeNHA of Kshs.118,689,944 both totaling Kshs.4,875,486,407.15, and noted an unverified amount for land acquisition of Kshs.89,294,639.85.

### Utilization of Compensation Funds Received by NLC

- 3.6.36 A review of the payment records provided for audit revealed that out of the total amount received from KeNHA of Kshs.4,756,796,463.15, an amount of Kshs.2,979,447,037.80 was paid as compensation to landowners and other Project Affected Persons (PAPs), Kshs.306,528,785.50 was surrendered to the exchequer and Kshs.288,179,137.15 was reallocated to other Projects, leaving an unpaid balance of Kshs.1,182,641,502.70 as detailed in the table below;

**Table 24: Expenditure of Funds Received from KeNHA**

| Description                                      | Amount (Kshs)           |

#### ***A. Compensation Paid to Land Owners and Other PAPs***

- 3.6.37 A review of payment records provided for audit revealed that NLC paid a total of Kshs.2,979,447,037.80 to various Project affected persons (PAPs), as detailed in **Appendix VII** and summarized below;

| Type of PAPs                                     | Amount Paid (Kshs)      |
|--------------------------------------------------|-------------------------|
| Land Owners                                      | 2,126,160,137.80        |
| Other PAPs (E.g. Improvements, loss of business) | <u>853,286,900.00</u>   |
| <b>Total Compensation Paid</b>                   | <b>2,979,447,037.80</b> |

- 3.6.38 During the exit meeting between KeNHA Management and the Audit Team, the Management of KeNHA informed the Audit Team that no periodic/ status reports had been received from NLC on all compensated and unpaid PAPs. In the circumstances, KeNHA could not confirm the amounts compensated and unpaid to the Audit Team.

3.6.39 Out of the Kshs.2,126,160,137.80 paid to landowners by NLC, the Audit Team noted irregularities in payments amounting to Kshs.164,752,716 as detailed below;

| <b>Irregularity</b>                    | <b>Amount Paid (Kshs)</b> |
|----------------------------------------|---------------------------|
| Insufficient Supporting Documents      | 109,287,830               |

| <b>Total Irregular Amount</b>          | <b><u>164,752,716</u></b> |

***Payments made to Land Owners with Insufficient Supporting Documents***

3.6.40 According to the NLC due diligence checklist, for any compensation payment to be effected, the following documents should be attached as supporting documents;

- i) Request letter from the CS or CEC Lands for County Governments
- ii) Notice of intention to acquire if compensation is for land
- iii) Inquiry notices if compensation is for land
- iv) Valuation report
- v) Copy of award and statement of acceptance of award
- vi) Current search and copy of title if compensation is for land, and
- vii) Other personal documents for the person to be paid i.e. copy of ID, copy of KRA pin certificate, bank account details and company details if payee is a company.

3.6.41 A review of payment records that were provided for audit revealed that a total of Kshs.109,287,830 were amounts paid to landowners without attaching all the required supporting documents. The land parcels (plot) numbers and documents not attached are as shown in the table below;

### ***Underpayment Due to Error in Valuation Compensation Workings***

- 3.6.42 A review of valuation workings provided for audit revealed that five (5) parcels of land were undervalued due to error in converting land sizes i.e. from Hectares to Acres. According to gazette notices, area to be acquired is in Hectares while the compensation land rate is expressed in Acres and therefore the need to convert area in Hectares to Acres as illustrated below;

$$\text{A. Area used in Valuation (Acres)} = \text{Area Gazetted (Hectares)} * 2.471$$

- 3.6.43 Due to non-conversion of the area from Hectares to Acres, the total amount of under valuation for the 5 parcels of land is Kshs.55,464,886 as shown in the table below;

**Table 26: Underpayment Due to Error in Valuation Workings**

| Plot Number  | Registered Owner                                | Gazetted Area (Ha) | Rate Per Acre (Kshs) | Value of Land as per Valuation Workings (Kshs) | Correct Amount (Kshs) | Amount of Undervaluation (Kshs) |

- 3.6.44 The Audit Team reviewed the valuation schedules and further established that the valuation workings were not counterchecked by confirming the accuracy, fairness and/ or objectivity of the valuation process, which may have led to non-detection of the error.
- 3.6.45 Valuation schedules were used to generate compensation schedules which NLC used to request for compensation funds from KeNHA. Due to the error in valuation workings, NLC requested for Kshs.37,786,700 from KeNHA, instead of Kshs.93,251,586, resulting in a shortfall of Kshs.55,464,886.
- 3.6.46 Review of payment records provided for audit revealed that the land owners for the 5 parcels of land were paid a total of Kshs.37,786,700, and therefore underpaid by Kshs.55,464,886.

- 3.6.47 During the exit meeting between NLC Management and the Audit Team, the Management of NLC agreed to re-calculate the amounts payable and confirm the actual amounts payable. The Audit Team noted that NLC wrote to the DG-KeNHA vide letter Ref No: NLC/VAL/1488 dated 14 March, 2023 requesting for the equivalent wrongly calculated amount of Kshs.55,464,886, so as to pay the undervalued parcels of land.

***B. Amount Surrendered to Exchequer***

- 3.6.48 According to the letter Ref No: NLC/1/26/89 dated 15 June, 2022 addressed to Director General (DG), KeNHA, the Ag. Chief Executive Officer (CEO), NLC informed the DG that the Commission had surrendered to the Exchequer Kshs. 306,528,785.50 allocated for the Mombasa- Mariakani Road Project which were funds meant for the following PAPs.
- MN/VI/4788 Multiple ICD (EPZ) Limited- Kshs.151,374,695.50, and,
  - MN/VI/4789 Multiple ICD (EPZ) Limited- Kshs.155,154,090.00
- 3.6.49 This surrender was confirmed in the NLC bank statements. However, reasons for the surrender of the above funds were not provided to the Audit Team. As at the completion of the audit in March, 2023, the land owners for the two parcels had not been compensated, and the funds had not been transmitted back to NLC.

***C. Funds Reallocated to a Different Project***

- 3.6.50 According to the letter Ref No: KeNHA/NLC/0.7A/6/1Vol. 3/41 dated 20 December, 2021 addressed to the Ag. CEO- NLC, the DG- KeNHA authorized reallocation of Kshs.288,179,137.15 from the Mombasa- Mariakani Road Project payable to two (2) beneficiaries as detailed in the table below. The reasons cited in the letter was that the Projects had long outstanding issues which were not specified in the letter.

**Table 27: Funds Reallocated to a Different Project**

| Plot No.     | Payment Beneficiary      | Total Amount Remitted by KeNHA (Kshs) | Reallocated Amount (Kshs) |

| <b>Total</b> |                          | <b>351,018,392</b>                    | <b>288,179,137</b>        |

- 3.6.51 The funds were re-allocated to Koifan Developers Ltd for LR No. Mombasa/MS/Block 1/815 and LR No. Mombasa/MS/Block 1/816 to allow KeNHA utilize the land to commence construction of a public service vehicle terminus to ease the usage of the floating bridge.
- 3.6.52 The Audit Team noted that the reallocation authorized, was for a different Project. The Audit Team was not provided with an explanation on why funds meant for the Mombasa- Mariakani Road Project were utilized in another project yet there were unpaid claims due to lack of resources.

#### ***D. Outstanding Compensation Claims (Unpaid Balance)***

##### ***Failure to maintain a Special Compensation Account for unpaid amounts***

- 3.6.53 The Audit Team compared the NLC compensation payment records and schedules of funds remitted by KeNHA and noted that, out of the Kshs.4,756,796,463.15 received by NLC from KeNHA, Kshs.2,979,447,037.80 was paid to PAPs and Kshs.1,182,641,502.70 was yet to be paid out to a total of one hundred and seventy-six (176) PAPs. The unpaid balance was being held by NLC as outstanding compensation claims.
- 3.6.54 It was established that the outstanding compensation amount was not disclosed in the financial statements as required. Further, NLC did not maintain a funds in a Special Compensation Account as required by Section 115(2) of the Land Act, 2012 where such funds are to be held.
- 3.6.55 According to a certificate of balance from National Bank of Kenya dated 09 March, 2023 NLC had a balance of Kshs.9,428,039,113 as at 31 December, 2022. NLC Management informed the Audit Team that the balance of the account as at 31 December, 2022 was inclusive of the unpaid balance of Kshs.1,182,641,502.70 meant for the Mombasa- Mariakani Road Project. The bank reconciliation statement provided did not reconcile the balance to the specific projects' funds held by NLC. The reasons for non-payment are as summarized in the table below;

3.6.60 Out of the nine (9) PAPs, the Audit Team was provided with supporting documents for six (6) PAPs. According to the schedule of unpaid balances and court documents provided for audit by NLC, the six (6) cases had not been determined by the Court as at the completion of the audit in March, 2023. The Audit Team could not ascertain the status of the remaining three (3) PAPs.

**c) Lack of Documentation- Kshs.176,599,155.25**

3.6.61 According to the NLC due diligence checklist, for any land compensation payment to be effected, the land owner must provide a current search and copy of title, amongst other documents.

3.6.62 The Audit Team noted that five (5) Project Affected Persons (PAPs) whose total award was Kshs.176,599,155.25 were yet to be paid, due to failure to provide the abovementioned documents, as required by the due diligence checklist. Details of the five PAPs who remained unpaid for failure to provide a current search and copy of title is as shown in the table below;

**d) Balance after Reallocation- Kshs.62,839,255**

- 3.6.63 According to the letter Ref No: KeNHA/NLC/0.7A/6/1Vol. 3/41 dated 20 December 2021 addressed to Ag. CEO NLC, the Director General- KeNHA authorized reallocation of Kshs.288,179,137.15 from the Mombasa- Mariakani Road Project. The funds were payable to Koifan Developers Ltd for compensation of LR No. Mombasa/MS/Block 1/815 and LR No. Mombasa/MS/Block 1/816. The reallocation was to allow KeNHA utilize the land to commence the construction of the public service vehicle terminus to ease the usage of the floating bridge.
- 3.6.64 Upon reallocation, there was a balance of Kshs.62,839,255 previously earmarked for KenGen Company as detailed in the table below;

**Table 32: Balance after Reallocation**

**e) De-gazettement- Kshs.100,470,693**

- 3.6.65 A review of the Gazette Notices published for compulsory land acquisition for the Mombasa- Mariakani Road Project revealed that plot number MN/VI/2448 whose registered owner is Uganda Properties and area to be acquired being 0.269 Ha and valued at Kshs.100,470,693 was de-gazetted. However, the funds for the parcel of land had already been sent to NLC prior to the de-gazettement.
- 3.6.66 A detailed analysis of the Gazette Notices' entries for plot number MN/VI/2448 is as shown in the table below;

**Table 33: De-Gazettement of Plot No. MN/VI/2448**

**f) Dispute - Kshs.3,726,000**

- 3.6.67 An amount of Kshs.3,726,000 meant to be paid out to WAQF Commissioners for improvement is being held by NLC in its bank account domiciled at National Bank of Kenya Ltd. The amount has not yet been paid out due to a dispute which led to the owner not being established by NLC.
- 3.6.68 According to Section 115(1)(c) of the Land Act, 2012, After notice of an award has been served on all the persons determined to be interested in the land, the Commission shall, promptly pay compensation in accordance with the award to the persons entitled thereunder, except in a case where- there is a dispute as to the right of the persons entitled to receive the compensation or as to the shares in which the compensation is to be paid. Further, Section 115(2) allows the Commission at any time, to pay the amount of the compensation not paid out as per Section 115(1)(c) above, into a special compensation account held by the Commission, notifying any persons interested accordingly.
- 3.6.69 There was no evidence that NLC adhered to Section 115(2), by maintaining a Special Compensation Account as required.

**g) Uncollected Awards- Kshs.275,153,198.95**

- 3.6.70 As at the completion of the audit in March, 2023, it was established that 135 Project Affected Persons (PAPs) were yet to collect their award letters totaling Kshs.275,153,198.95. Further analysis established that out of the Kshs.275,153,198.95, a total of Kshs.223,739,839.60 were awards for eight (8) land owners while Kshs.51,413,359.35 were awards for one hundred and twenty-seven (127) PAPs other than land owners. A detailed analysis of the PAPs who are yet to collect their awards is as per **Appendix VIII**.

***Non- collection of Awards for more than Four Years***

- 3.6.71 The Audit Team reviewed the 135 uncollected awards and compared them with the provided uncollected awards schedule. The comparison revealed that the dates of award for all uncollected awards was 04 June 2018 implying that the awards have remained uncollected for a period of more than four (4) years, as at the completion of the audit in March, 2023.
- 3.6.72 Documentary evidence showing the efforts by the Commission and KeNHA to locate the PAPs, were not provided for audit.

#### **h) Ongoing Payment Process - Kshs.102,878,265.25**

- 3.6.73 As at the completion of the audit in March, 2023, it was established that the payment process for twenty (20) Project Affected Persons (PAPs) totaling to Kshs.102,878,265.25 was ongoing as detailed in **Appendix IX**. Out of the payments, Kshs.67,425,830.25 and Kshs.35,452,435 is compensation to four (4) landowners and sixteen (16) other PAPs respectively.

#### **Physical Verification and Current Status of the Project**

- 3.6.74 The Audit Team carried out a field visit to the Dualling of Mombasa – Mariakani (A109) Road Project. The verification exercise was to establish existence of the 92 parcels of land, the actual acreage/sizes acquired, land occupancy and the current usage of the land acquired by KeNHA for the road Project. Further, the field exercise was to ascertain the existence and occupancy status of the two thousand, five hundred and seventy-four (2,574) PAPs (who are not land owners) with outstanding claims. The Audit Team applied the following approach in the exercise;
- d) Physical verification at the Project site and interviews with Land Owners
  - e) Actual Survey of the Parcels of land
  - f) Interviews with other PAPs (who are not land owners) with outstanding claims

#### ***Physical verification at the Project Site and Interviews with Land Owners***

- 3.6.75 During the site verification exercise held in 23 January to 03 February, 2023, the Audit Team was able to physically verify the entire road Project totaling 41.7KMS, from Lot 1 (Mombasa to Kwa Jomvu) covering a distance of 11.4KMs, to Lot 2 (Kwa Jomvu to Mariakani) covering a distance of 30.3KMs.
- 3.6.76 Further, the Audit Team located all the 92 parcels of land (100%), out of which, the team met and engaged with a total of 58 land owners (63%). The remaining 34 landowners were not interviewed since they did not present themselves as requested. The 58 landowners interviewed are as detailed in **Appendix X**.
- 3.6.77 From the verification exercise and engagement with the 58 land owners, the following issues relating to the land acquired were noted;

***i. Irregularities noted on the 26 Parcels of Land Not Valued***

- 3.6.78 As indicated in **Table 15** of this Report, 26 parcels of land had been gazetted but not valued. From the information provided, the Audit Team noted that none of the 26 parcels of land had court cases. Further, the following irregularity was noted during Project physical verification;

***Parcels of Land Affected by the Project Without Compensation***

- 3.6.79 The Audit Team established the existence of all the 26 parcels of land that were gazetted but not valued and noted that 13 of the parcels were affected by the Project. Amongst the landowners interviewed were 5 landowners of the 13 parcels of land that were affected by the Project. The landowners confirmed that the parcels of land were not valued and also did not receive award letters. A list of the 13 parcels of land that had been affected by the road construction indicating the 5 parcels whose land owners were interviewed, is as shown in the following table;

- 3.6.80 Further, the 5 landowners informed the Audit Team that they had not been compensated.
- 3.6.81 The National Land Commission contravened section 113 (1) and (2) of the Land Act, 2012. Section 113 (1) requires NLC to prepare written awards, in which it shall make a separate award of compensation for every person whom NLC has

determined to have an interest in the land. Section 113 (2) further provides that the award shall be conclusive evidence of: the size of the land to be acquired; the value, in the opinion of NLC, of the land and the amount of compensation payable.

3.6.82 Documents provided for audit revealed that parcel of land No. LR No. MN/VI/3806 of size 0.1069, which was gazetted via Gazette Notice No. 5266 of 31 May 2018, was amongst the 5 parcels not valued, and whose landowners were interviewed. The Audit Team visited the parcel of land and observed that KeNHA had constructed the road and a footbridge, without compensating the affected land owner, thus contravening Section 113 (2) of the Land Act, 2012.

3.6.83 During the exit meeting between NLC Management and the Audit Team, NLC explained that the land was not valued because there was an ongoing court case but the matter had since been determined. The court ordered a prompt, just and adequate compensation in full to the applicant. It was further explained that NLC and KeNHA officials had a meeting concerning the parcel of land where the owner claimed that the area acquired was more than the gazetted area and that an agreement was reached as follows;

- Surveyors from KeNHA to re-survey the land
- Gazette the new area
- Carry out valuation on the property; and
- Compensate the owner

3.6.84 As per the judgement in the case no. 36 of 2021 (Mombasa West Limited as applicant versus NLC, Attorney General and KeNHA as respondents), the court established that NLC acquired plot no. MN/V/3806 without adhering to Article 40 of the Constitution and Land Act, 2012. Further the court ordered a prompt, just and adequate compensation in full to the applicant.

***ii. Parcels of Land Fully Paid for but Occupied by PAPs***

3.6.85 Out of the 92 parcels of land visited, the Audit Team noted that sixteen (16) parcels of land which had been acquired and compensated a total amount of Kshs. 849,412,005.80, had structures and presence of PAPs living on the land, as detailed in **Appendix XI**. During the field verification exercise, it was noted that KeNHA had not demolished the structures and/or taken full possession of the land acquired, contrary to Section 120 (1) of the Land Act, 2012.

- 3.6.86 Failure by KeNHA not taking possession after compensation, may lead the PAPs occupying the land to demand for more compensation.

***iii. Parcels of Land Partially Occupied by The Project and PAPs***

- 3.6.87 Out of the 92 parcels of land visited, the Audit Team noted that there were four (4) parcels of land with a compensation value amounting to Kshs.159,353,960.90, that were being occupied by both the Project and PAPs. Out of the four (4) parcels of land, two (2) parcels were fully paid a total of Kshs.94,102,572 and one (1) parcel was partly paid Kshs.36,704,496 all totaling to Kshs.130,807,068.00 as detailed in **Appendix XII**. A balance of Kshs.28,546,892.90 was outstanding.
- 3.6.88 As at the time of the site verification exercise, the road had been constructed and passed through the four (4) parcels of land. However, presence of PAPs occupying the sections where the road had not been constructed though the land had been acquired, was noted. Failure to demolish the structures, vacate the PAPs and take full possession of the acquired parcels of land, contravened Section 120 (1) of the Land Act, 2012 and this may result in possible conflict between the KeNHA (the acquiring entity) and the PAPs.

***iv. Improvements on Land Acquired Not Valued and/or Compensated***

- 3.6.89 Review of valuation and award documents revealed that one (1) parcel of land LR No. MN/VI/523 which was acquired and awarded Kshs.9,070,546.80 as per the valuation and award, was not paid as at the time of field verification that was undertaken between January and February 2023. During the verification exercise, the Audit Team observed that there was presence of cabro lying intact on the abovementioned parcel of land.
- 3.6.90 The Audit Team met with the owner of the plot Mr. Yusuf Pasta, who explained that during the valuation of his land, the NLC valuation team did not value his improvements on the plot. The Audit Team observed that there existed cabro on the remaining parcel of his land. He mentioned that the cabro was part of the remaining improvement after demolition.
- 3.6.91 During the exit meeting between NLC Management and the Audit Team, the NLC undertook to check on the issue. The Audit Team noted that NLC informed the KeNHA Director General vide letter Ref No: NLC/VAL/1488 dated 14 March, 2023 that there was a development that had not been captured in the valuation

for parcel no. MN/VI/523 and requested for re-inspection on the property that would enable NLC issue a revised award.

**v. Failure to Provide Access Road**

- 3.6.92 During the field verification exercise, the Audit Team visited two (2) parcels of land that had been partly acquired for the Project. It was observed that after construction of the road, the remaining portions of the parcels of land did not have access roads, thus being rendered inaccessible. NLC thus contravened Section 122(3) of the Land Act which states that, *"If the Commission is satisfied that the partial compulsory acquisition originally intended will render the remaining land inadequate for its intended use or will severely and disproportionally reduce the value of the remaining land, it will instruct the acquiring authority to acquire the remaining land"*. The affected plots are as detailed in the table below;

**Table 35: Projects not Provided with Access Roads**

| Plot No.  | Registered Owner | Area Acquired (HA) | Amount Awarded (Kshs) | Remarks                 |
|-----------|------------------|--------------------|-----------------------|-------------------------|
| MN/VI/523 | Not indicated    | 0.0388             | 9,070,546.80          | No access road provided |
| MN/V/1052 | Mohamed Ali Taib | 0.2382             | 147,776,671.00        | No access road provided |

**Actual Survey of the Parcel of land**

- 3.6.93 Section 118 of the Land Act, 2012 requires NLC to cause a final survey of the land acquired. In relation to that, the Audit Team assisted by a KeNHA surveyor carried out an independent confirmation of the accurate sizes of the land acquired for the Project.
- 3.6.94 Out of the ninety-two (92) parcels of land gazetted, the Audit Team surveyed a sample of twenty (20) parcels of land, approximately 21.7%. The results detailing the 20 parcels of land surveyed is as shown in **Appendix XIII**.
- 3.6.95 From the survey data provided by the KeNHA surveyor and results as per **Appendix XIII**, it was noted that out of the 20 parcels of land surveyed, nine (9) parcels of land were similar to the area gazetted, while the balance of eleven (11) parcels, had differences ranging between 0.0001 and 0.0008 with the area gazetted. According to the Surveyor, these differences arose due to the following surveying errors;

- Systematic Errors- errors that can be caused by imperfections in the surveying equipment, by the specific method of observation, or by certain environmental factors.
- Accidental Errors- the difference between a true quantity and a measurement of that quantity that is free from blunders or systematic errors. Accidental errors always occur in every measurement.

3.6.96 The errors noted were relatively small, unavoidable errors in observation that are generally beyond the control of the surveyor and allowable.

***Interviews with PAPs who are not Land Owners***

3.6.97 During the audit verification exercise held between January 2023 and February 2023, the Audit Team met and engaged with a total of 592 PAPs (other than landowners). A summary of the PAPs engaged is as detailed in **Appendix X** and summarized in the table below;

**Table 36: Summary of other PAPs Interviewed by the Audit Team**
