## IV. CHAIRMAN'S STATEMENT

I am delighted to present the University of Nairobi annual report and accounts for the year ended June 30, 2014. The University was able to promote research function which is a core business of the University through realization of Kshs. 2.5 billion from the University research partners. The University also continued with its main teaching functions where the student enrolment recorded an all time high of over 70,000 students.

### FINANCIAL PERFORMANCE

During the year 2013/2014, the University raised revenue totalling Kshs 12.2 billion compared to Kshs 10.4 billion in 2012/2013. The University settled the pending obligations of the last Collective Bargaining Agreement totalling Kshs 1.5 billion which led to a deficit of KShs. 458,399,413 and hence reducing our Revenue Reserve to KShs.334,757,458

### STRATEGIC DIRECTION

Our vision is to remain a world class University committed to scholarly excellence as envisioned in the reviewed Strategic Plan 2013-2018 by:(i) Managing the University efficiently(ii) Efficiently offering quality academic programmes (iii) Contributing to scientific and technological innovations (iv) Enhancing the competitiveness of the University.

To this end therefore the University has endeavoured to achieve positive international and local rankings. In the 2011/2012 Performance Contracting evaluation the University attained a mark of excellent among state agencies in Kenya and the best in East and Central Africa by Webometrics.

### FUTURE OUTLOOK

The University will continue with its expansion strategy to cover most parts of the country and beyond. We envisage completing the construction of the University of Nairobi Tower in the main campus to house lecture theatres and offices. This will ease the current shortage of physical facilities. An e-learning programme has been developed in the University to cater for distance learning and thereby improving national literacy level.

Finally, I would like to thank the government for guidance and support in the realization of the University's objectives. Allow me to take this honourable opportunity to thank our research partners, UON Alumni and other stakeholders for their support to steer us through another successful year.

## V. REPORT OF THE CHIEF EXECUTIVE OFFICER

It gives me much pleasure in presenting the Annual Report and Accounts of the University of Nairobi for the year ended June 30, 2014.

During the year under review the University incurred a deficit of KShs 458,399,413 (2012/2013 KShs.213,037,066 surplus).The cumulative Surplus for the University as at June 30, 2014 was KShs.334,757,458 (2012/2013 KShs. 793,156,871). The financial performance in the current year was mainly impacted by increased costs in academic programmes, refurbishment of teaching facilities, increase of personal emoluments based on improved terms and conditions of service. The University commenced the construction the University Towers in addition to the ongoing Kisumu complex and the School of Pharmacy projects.

As in the previous years the additional expenditure was not matched by Government funding. The total personal emolument was KShs.9.6 billion while the Government funding was KShs 6.3 billion giving a shortfall of KShs.3.3 billion. Despite these challenges, the University continued with prudent financial management of the available resources. The university enhanced income-generating activities through its various campuses as well as the subsidiary company, the University of Nairobi Enterprises and Services Limited (UNES).

The research partners supported the University to the extent of KShs. 2.5 billion during the year 2013/2014 (2012/2013 KShs. 2,110,951,157). This went a long way in pursuit of the University's mission of teaching and research.

The students' total population in this period for both undergraduate and postgraduate was in excess of 70,000.

Finally, I would like to express my special thanks to the University community who worked tirelessly to ensure smooth operation of this institution, especially continued commitment of the University performance in accordance with ISO 9001: 2008 Quality Management System.

## KENYA NATIONAL AUDIT OFFICE

### REPORT OF THE AUDITOR-GENERAL ON UNIVERSITY OF NAIROBI FOR THE YEAR ENDED 30 JUNE 2014

---

#### REPORT ON THE FINANCIAL STATEMENTS

I have audited the accompanying financial statements of University of Nairobi as set out on pages 12 to 43, which comprise the statement of financial position as at 30 June 2014, statement of financial performance, statement of changes in net assets, statement of cash flows for the year then ended, statement of comparison of budget and actual amounts and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 14 of the Public Audit Act, 2003. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 13 of the Public Audit Act, 2003.

#### **Auditor-General's Responsibility**

My responsibility is to express an opinion on these financial statements based on the audit and report in accordance with the provisions of Section 15(2) of the Public Audit Act, 2003 and submit the audit report in compliance with Article 229(7) of the Constitution of Kenya. The audit was conducted in accordance with International Standards on Auditing. Those standards require compliance with ethical requirements and that the audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of

material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

### **Basis for Qualified Opinion**

#### **Property, Plant and Equipment**

The property, plant and equipment balance of Kshs.94,921,005,500 as at 30 June 2014 includes four parcels of land, L.R No.22378 and 23493 in Upper Kabete, L.R No. 7219/R in Kikuyu, and L.R No.209/4847 in Nairobi, all valued at Kshs.357,348,000 against which ownership documents have not been availed for audit verification.

In the circumstances, the accuracy and ownership of property, plant and equipment balance of Kshs.94,921,005,500 as at 30 June 2014 could not be confirmed.

### **Qualified Opinion**

In my opinion, except for the effects of matter described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects the financial position of the University as at 30 June 2014, its financial performance and its cash flows for the year then ended in accordance with International Public Sector Accounting Standards and comply with the Universities Act, 2012 of the Laws of Kenya.
