Contractor's Reasons for Request
The Main Contractor letter dated 12th Oct 2021 requesting for extension of contract period (Copies attached) gave the following general reasons for requesting for an extension of 126 days equivalent of 18 weeks:

1. Change of Site. A new site was identified for the contractor after mobilization and possession of the site initially earmarked for construction. The process of identification and possession of the new site by the contractor took 5 weeks before works commenced in the new site.

2. Delayed Payment. Payment certificate No. 1, dated June 2020 was not honored until July 2021, causing financial constraints to the contractor in executing the works further.

3. Additional Scope of Works. The initial site had shared facilities; however, the new site necessitated a few adjustments and additions to the design and the contract such as boundary wall, washroom and security features as recommended by the client reps and PM team.

<p>Project architect's comments on contractor's request:</p>	<p>The request for extension of time has been evaluated and Fifty (50 No.) Weeks period has been considered to be appropriate after taking into consideration the Project's status on the ground, COWs reports and design changes</p>

**RE: PROPOSED AMENDMENT TO RESTRICT INTEREST ON JUDGMENT AGAINST
THE GOVERNMENT**

Reference is made to the above subject matter and the direction by the Chairperson of the Public Accounts Committee on the 1st November, 2021.

The Chairperson requested the Ministry to provide Court Judgments and Contracts on various legal pending bills mentioned in the Auditor General Report and further directed that the Ministry submit a proposed amendment to cap interest.

The following are the proposed amendments to the Civil Procedure Act that gives the Courts discretion to award interest at any rate.

Civil Procedure Act, Cap 21

Amendment of Section 26 of the **Civil Procedure Act** as follows;

Introduce new subsection: -

"(3) Where any interest is awarded to or against the government, interest shall be payable unless the court otherwise orders, and any interest so payable shall be at the same rate as that at which interest is payable upon judgment debts due from or to the government under the Government Proceedings Act."

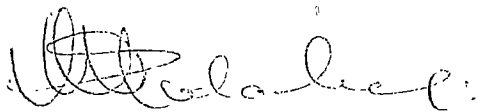

Statutory Cap on Interest Rate

Amendment of Section 48 of the Public Procurement and Disposal Act, and the Government Proceedings Act to provide for statutory cap on interest to be between 4-6% as the maximum rate of interest paid by the Government on Judgments/Arbitral Awards.

Therefore, please find attached the Court Judgments, Rulings, Certificate of Order against Government, Contract documents and Court pleadings in the Case of Vulcan Co. Ltd and Equip Agencies for your record and information.

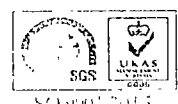

However, in the case of United Medical Supplies, we wish to reiterate that the matter is before Court and the rule of *sub-judice* applies.

1. Mr. Maurice Omuga, Advocate acting for Vulcan Ltd
2. Dr. S. Patel, Representative for Vulcan Ltd
3. Mrs. D. Patel, Representative for Vulcan Ltd
4. Mr. Shanil Viraj, Representative for Vulcan Ltd

Through its counsel, Vulcan Limited presented its position by stating that the initial negotiations in the matter took place on 24th August 2017 during which the Ministry agreed to pay the Claimant the sum of Kshs. 1,751,461,683.90 within 20 months, with a portion thereof being payable within the FY2017/2018, failing which the parties would revert to their pre-existing position.

The Claimant through its representative, Dr. Patel further indicated that the moratorium period ended on 23rd April 2019 in accordance with the High Court Order issued on 8th May 2018 and that no payment was made by the Government. It was his claim that based on the terms of the agreement, the amount payable under the judgment, together with interest and costs, amounted to Kshs. 3,518,189,866 as at January 2020 and that the same was due and payable.

The Government's joint negotiation team declined the Claimant's request to revert to the pre-existing position before the 2017 agreement and sought the indulgence of the Claimant to consider extending the moratorium period and retaining the agreed amount of Kshs.1,751,461,683.90. The Claimant agreed that the moratorium period could be extended but on condition that the Ministry settles the interest accrued for the ten (10) months since the lapse of the agreed moratorium period on 23rd April 2019 amounting to Kshs.619, 657, 821.01.

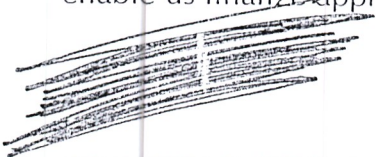

Upon deliberations, it was resolved:

- i. That the Claimant be paid the sum of Kshs. 1,751,461,683.90 as per the previous negotiations which were reduced to the court order issued on 8th May 2018.
- ii. That the agreed sum of Kshs. 1,751,461,683.90 be paid to the plaintiff company before the end of the FY2020/2021.
- iii. That the Ministry effects some part payment to the Plaintiff company within the FY2019/2020 if possible as a sign of good will to settle the long standing claim.

Following the meeting, the Claimant has since written to our office vide the letter dated 19th February 2020, indicating its dissatisfaction with the outcome of the meeting and requesting that the question of interest be reconsidered, even as the agreed sum **Kshs. 1,751,461,683.90** is retained as the base figure for payment. The Claimant requests that consideration be made to include the interest accrued for the ten (10) months after the lapse of the moratorium on 23rd April 2019. The Claimant also request that the payment of the first tranche of the already agreed amount of **Kshs.1,751,461,683.90** be

expedited in order to cater for the cancer treatment of their, representative Dr. Patel. A copy of the letter is enclosed herewith for your reference.

Kindly but urgently do let us have your guidance on the way forward on this matter to enable us finalize appropriately with the Claimant.

REF: MOH/FIN/1/A VOL III (451)

21st April, 2021

Hon. (Amb) Ukur Yatani, EGH,
Cabinet Secretary,
The National Treasury & Planning,
NAIROBI.

Dear *Waziri,*

RE: ACQUISITION OF COVID-19 VACCINES TO SUPPORT THE ACCELERATED VACCINATION PROGRAMME

The Country commenced the vaccination programme against COVID-19 on 5th March, 2021 after receiving a total of 1.12 million doses of the AstraZeneca Vaccine from the COVAX facility (1.02 Million) and the Government of India donation (100,000) which have been distributed to vaccinating health facilities across the country. To date, 750,471 Kenyans have been vaccinated.

The World Health Organization (WHO) has recommended a vaccination coverage of 60-70% of the total population in order to attain herd immunity and reduce community transmission of the virus. This will lead to reduced disease burden resulting into reduced restrictions put in place as part of the containment measures.

In view of the above and considering the supply constraint of COVID-19 vaccines which has affected the delivery of COVAX facility vaccines due for April and May 2021, the feasible way is for the Country to acquire alternative vaccines from Johnson & Johnson and Pfizer. The details are as captured in the table below.

Description	Population (Million)	No. of Doses (Million)	Financial Year 2020/21	Financial Year 2021/22
Astra Zeneca – COVAX Facility (Grant)	11	22		
Johnson & Johnson – AU (15% Deposit required in FY 2020/21)	10	10	1,650,000,000	9,350,000,000
Pfizer – AU	3.5	7	5,197,500,000	
Vaccine Cost Sub-Total			6,847,500,000	9,350,000,000
Other costs (Cold Storage, Syringes and safety boxes, Air Freight, Clearing & Handling)			441,767,632	
A 2% Procurement Levy through AU Facility			323,950,000	
Total	24.5		7,613,217,632	9,350,000,000
Grand total				16,963,217,632.00

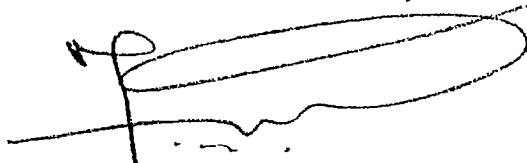

It is important for the Country to become self-sustaining in human vaccines production in view of the global supply landscape and challenges that are likely to persist exposing the country to health risks. The Ministry in its Cabinet Memo had requested for an initial Kshs.2 billion for setting up and commissioning a Form and Finish vaccines line. However, a multi-agency team has been constituted to come up with a proposal and estimated cost for a fully-fledged human vaccines manufacturing plant in Kenya. Further details will be availed once the team submits its report within the next two weeks.

This is therefore meant to request the National Treasury to urgently facilitate the acquisition of COVID-19 vaccines by availing Kshs.7,613,217,632 during the FY 2020/21 under Article 223 of the Constitution pending regularization in Supplementary estimates No.II for FY 2020/21, create a Budget sub-head under Vote Head 1081105500 (Vaccines and Immunizations) to be referred to as “COVID-19 Vaccines Acquisition and Deployment” and provide for Kshs.9,350,000,000 in FY 2021/22.

The Ministry appreciates your continued support.

Yours

Sincerely

Dear

**RE: ACQUISITION OF COVID-19 VACCINES TO SUPPORT THE
ACCELERATED VACCINATION PROGRAMME**

This is in reference to letter Ref. MOH/FIN/1/AVOL III(451) dated 21st April, 2021 on the above subject.

The National Treasury has noted your request for budgetary support amounting to KSh.7,613,217,632 in FY 2020/21 under Article 223 of the Constitution of Kenya and an additional provision of KSh.9,350,000,000 in FY 2021/22 to cater for acquisition of COVID-19 vaccines.

We further note that the World Health Organization has recommended vaccination coverage of 60-70% of the total population in order to attain herd immunity and reduce community transmission of the virus. In this regard, the Ministry of Health has requested KSh.7,613,217,632 and KSh.9,350,000,000 in FY 2020/21 and 2021/22 respectively, to cater for acquisition of Johnson & Johnson and Pfizer Vaccines.

In view of the foregoing approval is granted to the Ministry of Health to spend KSh.7,613,217,632 in FY 2020/21 to cater for acquisition of COVID-19 Vaccines as follows:-

- Additional funding of Ksh.3,800,000,000 is provided under Article 223 of the Constitution of Kenya and Section 21(2), (3) and (4) of the Public

Finance Management Act, 2012 pending regularization in the FY 2020/2021 Supplementary Estimates No.2.; and

- To reallocate KSh.3,813,217,632 from a budgetary provision of KSh.6,000,000,000 allocated to the Ministry of Health to cater for roll out of medical insurance under UHC. Consequently, the Ministry of Health is requested to submit F.O.3 forms to enable the National Treasury to consider and grant the necessary approval.

The requirement of KSh.9,350,000,000 for FY2021/22 will be considered based on the Commitment the Ministry of Health shall have entered into before end of the FY2020/21.

Please note that you will be required to submit to the National Treasury details of the actual expenditure for the additional funding of KSh.3,800,000,000 within two months after the payment in order to facilitate the Cabinet Secretary, National Treasury & Planning to submit the report to Parliament for approval in accordance to the requirement of Article 223 of the Constitution. Below please find the format for submission for your action. Finally you are advised to follow the Constitution, PFM Act and the Public Procurement and Disposal Act 2015 and their attendant regulations.

Dear *Waziri*

**RE: REQUEST FOR CREATION OF THE EMERGENCY MEDICAL FUND
TOWARDS OPERATIONALIZATION OF THE EMERGENCY MEDICAL CARE
POLICY**

The Ministry of Health is in the process of implementing several programmes and policies including the Kenya Health Policy and the Emergency Medical Care Policy. The Universal Health Coverage (UHC) policy that was recently launched by HE the President is based on the principle that individuals and communities should have access to quality essential health care services without suffering financial hardship.

In line with Article 7 of the Health Act 2017, every person has the right to emergency medical treatment and any person that fails to provide emergency treatment while having the ability is deemed to commit an offence and is liable upon conviction to fine not exceeding three Million shillings. The spirit of this section in the act is complicated by the absence of a financing framework to reassure the health service providers of being reimbursed for the services provided.

In view of the above, and the need to meet the legal obligations in provision of Universal Emergency Medical Care, there is need to establish Emergency treatment fund whose objects and purpose is to mobilize resources towards efficient and effective Emergency Medical service provision in the Country.

Under Section 15(1) (x) of the Health Act 2017, the National Government Ministry responsible for Health is required to establish an emergency medical treatment fund for emergencies to provide for unforeseen situations calling for supplementary finance. Notably, however, the establishment of any National government fund is to be undertaken pursuant to Sections 6 and 24 of the PFM Act, 2012.

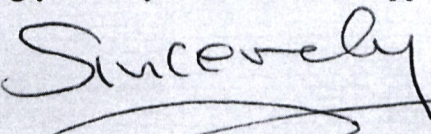

Cognizant of the provision of Section 207 of the PFM Regulations 2015, (National Government), it is envisioned that this is going to be a long term fund that shall be entrenched within the Ministry's Mid Term Plans and Budget policy. Its utility may be reviewed after 10 years. The fund shall be administered by the Principal Secretary, Ministry of health through the national Public Health Institute in which the Department of Health emergencies and Disaster Risk management shall be domiciled.

The Ministry has finalized the development of emergency medical care guidelines that provide the overall scope and limits of emergency medical care to health care providers and providing the standards for provisions of pre-hospital and immediate emergency medical care within health facility settings.

The purpose of this letter is to request you to consider constituting a multi-agency team to develop the regulations governing the operationalization and utilization of the fund and to advise on any consequential amendments to the Health Act to remove any provisions relating to the Fund in order to facilitate its establishment under PFM Act, 2012;

Thanking you for your continued support.

PURSUANT to the provision of section 69 (3) of the Physical and Land Use Planning Act, 2019, as read with the provision of Legal Notice No. 156 on the Physical and Land Use Planning Act (Classification of Strategic National or Inter-county Projects) Regulations, 2019, Arthi Smart City is hereby classified as a Project of Strategic National Importance.

The Ministry of Transport, Infrastructure, Housing, Urban Development and Public Works in collaboration with the Ministry of Lands and Physical Planning, Machakos County Government and other stakeholders intends to develop this area that is registered under LR No.10425/25 anchored on the Affordable Housing Program under the State Department for Housing and Urban Development.

This project is of national importance as it contributes towards the implementation of the big four agenda, i.e. Affordable Housing, Universal Healthcare Coverage, Manufacturing and Food Security. The affordable housing program seeks to develop 500,000 housing units by 2022. The government plans to support the program by setting aside this land for delivery of affordable housing alongside other supporting infrastructure. MINISTRY OF HEALTH

CABINET MEMORANDUM ON THE ESTABLISHMENT OF A MODERN NEUROPSYCHIATRIC NATIONAL TEACHING AND REFERRAL HOSPITAL

1.0. OBJECTIVE OF THE MEMORANDUM

The objective of this memorandum is to:

- (i) Apprise Cabinet on the current status of mental health problem in the country, particularly within the security sector *vis a vis* the gaps with respect to available mental care facilities; and
- (ii) Seek approval for the establishment of a modern Neuropsychiatric National Teaching and Referral Hospital at Ngong, Kajiado County by the Ministry of Defence.

2.0. BACKGROUND OF THE SUBJECT MATTER

In Kenya it is estimated that, up to 25% of outpatients and up to 40% of inpatients in health facilities suffer from mental conditions. It is also estimated that we currently have 500,000 Kenyans suffering from severe mental illness requiring access to short and long-term clinical care.

Since the 1st of June, 2019 when His Excellency the President pronounced in his speech that the country is facing a mental health crisis , the situation

has been getting worse despite concerted interventions by the Ministry of Health and other agencies.

This escalation is evidenced by the reported increase in suicides, domestic and relationships-related violence some of which are fatal. The situation is at a crisis point within the security sector including among the police, military and prison officers. Impulsive violent behavior involving members of the security forces which often leads to unexplained shootings, suicides and domestic fatalities is tending towards becoming a matter of serious threat to national security and therefore requires to urgently be addressed.

The advent of the COVID-19 pandemic with its adverse health, economic and psychosocial effects has further accelerated the mental health problem in Kenya, hence the need to enhance our capacities to cope with these immediate/emergent trends as well as advance to the future with some degree of preparedness.

3.0. ANALYSIS OF THE PROBLEM

Access to mental health services encompasses the ability to have adequate infrastructure, human resource, health products, equipment and technologies. The existing gaps in Mental Health Care is mainly due to the lack of capacity and a modern Health facility to address the problem effectively.

The Mathari National Teaching and Referral Hospital is the only specialized facility that treats mental health conditions in Kenya. It was started 110 years ago (1904) as a smallpox isolation centre and later changed to a mental hospital in 1924. In 1978, a maximum-security wing was opened within the facility to cater for law offenders with mental illnesses.

Since then, the facility has not had any notable expansion besides the challenges relating to modern equipment, medicines and human resource for this highly specialized area.

A recent assessment of the facility led to the following observations;

- i. Some of the buildings have been condemned by the Ministry of Works as inhabitable and recommended for demolition.
- ii. The hospital buildings are old and dilapidated with cracks on the walls, leaking roofs and lack essential facilities such as toilets, bathroom sinks and ventilation. The hospital has poor drainage and sewerage system.
- iii. The hospital is overcrowded. It has an original bed capacity of 650 beds, but was 120% occupied.
- iv. Being the only specialized mental health facility in the country, it does not meet local & international standards for a functional health institution of its status.
- v. The high demand for human resource development for mental health services has overstretched the training facilities in the hospital.

It should be noted that none of the existing security sector owned health facilities that serve security officers offers specialized mental health services.

4.0. WAY FORWARD

In view of the foregoing background, analysis of the problem and the urgency to address this national mental health problem, the Government has taken steps towards the construction of a modern Neuropsychiatric National Teaching and Referral Hospital by providing **two hundred (200) acres** of land in Ngong area of Kajiado County.

The construction of the facility is of paramount urgency so it is desirable that the most efficient and effective way possible to deliver the project be used.

This therefore brings to the fore the experience of the recent speedy completion of a modern and well-equipped Level Four Hospital for the Disciplined Officers at Kabete, Nairobi in response to the COVID-19 pandemic whose construction was undertaken by the Kenya Defence Forces (KDF). Subsequently, it is proposed that if feasible, the KDF extends the scope of the same contractors whose capability has been well demonstrated to include the establishment of the modern neuropsychiatric hospital in Ngong.

Upon completion of the project the Ministry of Health in collaboration with the Ministry of Defence will require to secure a medical management firm to assist in running the facility in view of the limited number of human resource and specialized expertise capacity in mental health in the country. In this regard it is proposed that M/S GSK Company, a world-renowned medical company that runs several health facilities globally with a workforce of over 25,000 medical health workers and with whom Kenya has signed an MoU in healthcare development; be engaged to manage the operations and service provision at the facility. This arrangement should incorporate a comprehensive capacity building component that will culminate in the smooth transition of the hospital to public management in a sustainable manner

5.0. FINANCIAL IMPLICATIONS

It is estimated that the cost of the project is **Kenya Shillings Five Billion (Ksh.5Bn)** and is proposed to be undertaken in two phases beginning with the current FY 2021/22 to 2022/23.

Subsequently, there is an urgent need to source for **Two and a Half Billion Shillings (Kshs.2.5Bn)** this Financial Year 2021/2022 to facilitate immediate commencement of construction of the hospital as a matter of urgency.

6.0. RECOMMENDATION TO THE CABINET

The Cabinet is requested to:-

- (i) Note the contents of this Memorandum and the security threat posed by the mental health crisis among officers in the security sector;
- (ii) Direct the Kenya Defence Forces to undertake construction of the proposed Modern Neuropsychiatric National Teaching and Referral Hospital on the earmarked parcel of land in Ngong, Kajiado County;
- (iii) In view of the urgency, allow the Ministry of Defence to extend the contract used in the just completed hospital for the Level 4 Health Facility in Westlands Nairobi to the same firm in order to ensure a similarly timely delivery of the proposed project.
- (iv) Direct the Cabinet Secretary, for The National Treasury and Planning to secure the required **Ksh.5Bn** over a two-year period; with the initial **Ksh.2.5 Bn** being made available this Financial Year 2021/2022.
- (v) Direct the Cabinet Secretaries for Health, Defence and Foreign Affairs to engage M/S GSK regarding collaboration on the management and running of the facility until sufficient local capacity is built to transition management to the Government.
