NATIONAL GOVERNMENT
BUDGET IMPLEMENTATION REVIEW REPORT

FY 2021/22

AUGUST 2022

FOREWORD

The Office of the Controller of Budget (OCoB) is established under Article 228 of the Constitution of Kenya to oversee the implementation of the budgets of the national and county governments by authorising withdrawals from public funds and reporting to each House of Parliament every four months. Article 228(6) of the Constitution and Section 9 of the Controller of Budget Act, 2016 require the Controller of Budget (CoB) to submit to Parliament quarterly budget implementation reports of the national and county governments within thirty days after the end of each quarter.

In line with the preceding, I am pleased to present the National Government's budget implementation review report for the financial year (FY) 2021/22. The report covers the period from July 2021 to June 2022. It aggregates budget performance in compliance with Section 9(5) of the Controller of Budget Act, 2016, which states that despite the year's first quarterly report submitted, each subsequent report shall contain cumulative amounts from the beginning of that year.

The report offers a comprehensive analysis of the Ministries, Departments, and Agencies (MDAs) budget performance. In reviewing budget implementation, the report considers actual performance compared to the budget estimates in FY 2021/22 and further compared to prior year performance. The information provided includes receipts into the Consolidated Fund Services, net exchequer issues, and expenditure disaggregated by development and recurrent activities. The report is prepared based on data from the approved budget and reports on financial and non-financial information submitted by MDAs in line with Section 83(4) of the Public Finance Management Act, 2012 and data from the Integrated Financial Management Information System. The report also contains the challenges that hampered effective budget implementation. It further provides recommendations to be considered to ensure seamless budget implementation.

The preparation of this report was made possible by the concerted effort of staff from MDAs and the OCoB. I am grateful to them all for their contribution to preparing this report. The report intends to inform the Legislature, policymakers, leaders, analysts, and the public about the National Government budget implementation status. I urge readers to take an interest in the budget process as the OCoB avails information on budget implementation to enhance accountability and prudence in using public resources.

Dr. Margaret Nyakang'o, CBS
CONTROLLER OF BUDGET

EXECUTIVE SUMMARY

The National Government Budget Implementation Review Report for FY 2021/22 covers July 2021 to June 2022. We have prepared it in fulfilment of Article 228 of the Constitution of Kenya and Section 9 of the Controller of Budget Act, 2016, which require the CoB to submit quarterly budget implementation reports for the National and County governments to Parliament.

In FY 2021/22, receipts into the Consolidated Fund amounted to Kshs.3.06 trillion, representing 91.7 per cent of the revised annual target of Kshs.3.33 trillion, an increase compared to Kshs.2.82 trillion received in FY 2020/21. Total exchequer issues by the National Treasury to MDAs, Consolidated Fund Service (CFS), and County Governments amounted to Kshs.3.08 trillion, representing 92.3 per cent of the revised net estimates, a decline compared to 94.9 per cent recorded in FY 2020/21. The total expenditure by the National Government amounted to Kshs.2.96 trillion, representing 85.4 per cent of the revised gross estimates, similar to what was recorded in FY 2020/21. It comprised of development and recurrent expenditure of Kshs.553.37 billion (absorption rate of 80.3 per cent) and Kshs.2.40 trillion (86.6 per cent), respectively. The National government's recurrent expenditure comprises recurrent ministerial expenditure of Kshs.1.41 trillion and Consolidated Fund Services expenditure of Kshs.995.95 billion, recording an absorption rate of 96.0 per cent and 76.1 per cent, respectively. Gross spending is higher than the total of the exchequer issues due to Appropriations- in- Aid funding from Donors and Development Partners.

National government development expenditure recorded a 1.4 per cent decline from the Kshs.561.49 billion spent in FY 2020/21. The highest development expenditure included Capital Transfers by the MDAs in the form of subsidies, grants, or direct transfers to Semi-Autonomous Government Agencies (SAGAs) of Kshs.332.06 billion, followed by Refurbishment of buildings, Infrastructure, and Civil Works at Kshs.29.58 billion, representing 60.0 per cent and 5.3 per cent of the gross development expenditure, respectively.

A review of the recurrent expenditure shows that a total of Kshs.506.29 billion was spent on Compensation to Employees representing 36.0 per cent of the gross recurrent expenditure by MDAs. The Teachers Service Commission (TSC) recorded the highest expenditure on Compensation to Employees at Kshs.270.24 billion, translating to 19.2 per cent of the gross recurrent expenditure by the National Government MDAs, attributed to the fact that the bulk of the TSC's budget is for teachers' salaries.

The Controller of Budget identified several challenges that hindered effective budget implementation in FY 2021/22. These include a decline in development budgetary allocation and growth in recurrent funding for the past three financial years, i.e., FY 2019/20, FY 2020/21, and FY 2021/22. Low development absorption rates compounded this further at 86.2 per cent in FY 2019/20, 79.5 per cent in FY 2020/21, and 80.3 per cent in FY 2021/22. In addition, there was an observed delay in the disbursement of funds to MDAs and the County governments, which negatively impacted the timely implementation of the planned activities. Other challenges are poor budget discipline as reflected in additional funding requests made under Article 223 provisions made immediately after the start of the financial year, poor follow-through on some programmes and sub-programmes, late submission of financial and non-financial reports by MDAs to the Controller of Budget, delay in settlement of pending bills and growth in public debt.

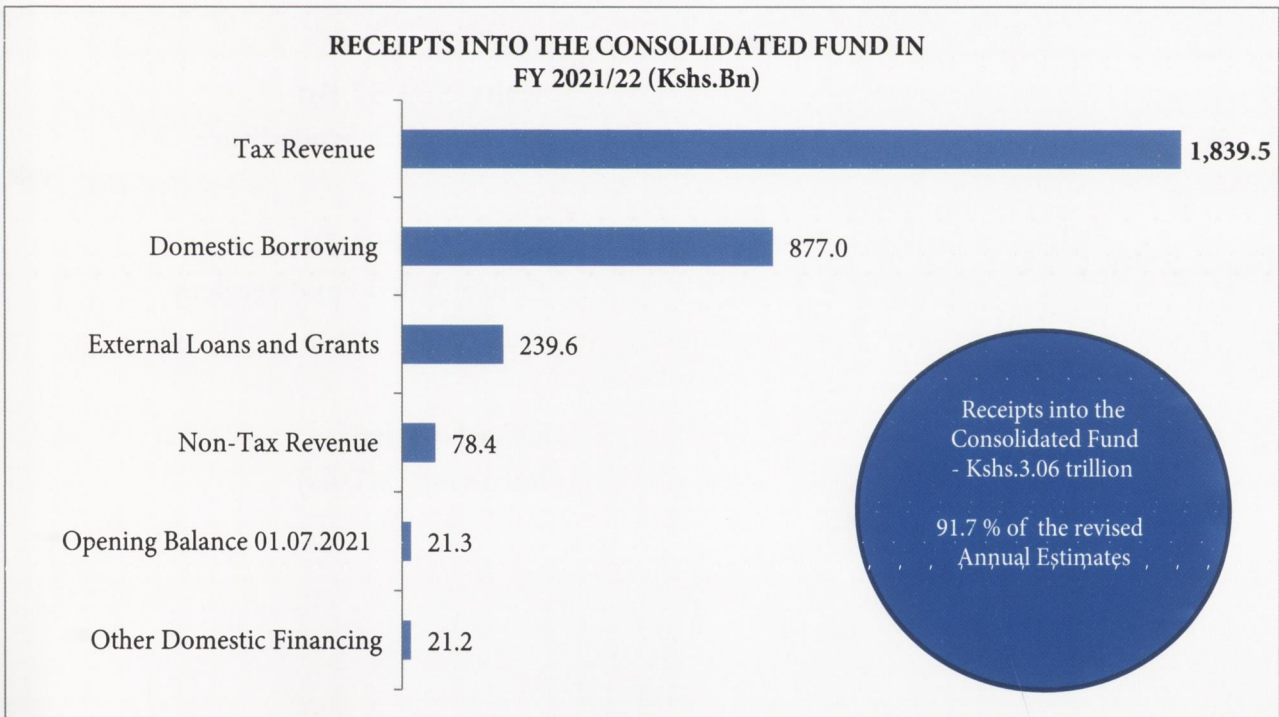

The report gives recommendations aimed at addressing the identified challenges. They include the need for the government to reduce recurrent expenditures and focus on growing the development budget to enhance economic activity. The National Treasury should ensure timely release of exchequer issues to MDAs and County governments to ensure timely implementation of the planned activities. The National Treasury should adhere to the cash plan forecast as per Section 29 (2) of the PFM Act and section 17(6) of the PFM

Act when releasing funds to MDAs and the County governments. To avoid requests for additional funding immediately after the start of the financial year, there should be proper planning at the sector working group stage to ensure the known expenditure in the budget are provided for at the budgeting stage.

Further, to fast-track the absorption of funds through programmes and sub-programmes, the MDAs should devise strategies to follow through and reallocate funds for programmes with low absorption to other programmes with a likelihood that funds will not be utilised within the implementation period. To ensure timely submission of budget implementation review reports by the Controller of Budget to the Parliament, Accounting Officers should ensure quarterly financial and non-financial performance reports are submitted to the Controller of Budget in a timely manner as per Section 83(4) of the PFM Act, 2012. MDAs should prioritise payment of pending bills as the first charge in FY 2022/23 budget before embarking on new development projects.

Finally, to curb the growth in public debt, the government should implement strategies to improve revenue collection at the national level and among the Counties. This will go a long way in ensuring adherence to the public finance principles on fiscal management.

1 INTRODUCTION

The OCoB is established under Article 228 of the Constitution of Kenya. Its primary mandate is to oversee the implementation of the budgets of the National and County Governments by authorizing withdrawals from public funds under Articles 204, 206, and 207 of the Constitution and to report on the implementation of the budgets to each House of Parliament every four months. This report fulfils the requirements of Article 228(6) of the Constitution and Section 9 of the Controller of Budget Act, 2016, by presenting progress on the budget implementation by the National Government in FY 2021/22.

This report is organised into six chapters. Chapter one offers the introduction. Chapter two presents an analysis of receipts into the Consolidated Fund and exchequer issues to MDAs, Consolidated Fund Services (CFS), and County Governments. Exchequer issues to MDAs are disaggregated into development and recurrent votes and grouped under the sectors. Chapter three summarises the overall budget performance and MDAs expenditure analysis by economic items for development and recurrent vote. Consolidated Fund Services is presented under recurrent expenditure and comprise Public debt, Salaries and Allowances to Constitutional Office holders, and payments for Pensions and Gratuities.

Chapter four presents the financial performance of the sixty-eight (68) MDAs, which are grouped under ten sectors aligned to each MDA's functions. A new MDA (State Department of Implementation of Curriculum Reforms) under the Ministry of Education received funding in Supplementary Budget I of FY 2021/22. It was formed to coordinate the implementation of the Competence Based Curriculum (CBC) across Pre-primary, Primary, Secondary, and Tertiary Education levels (all under the National Government). The ten sectors according to the Classification of the Functions of the Government include (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT), (iv) Environment Protection, Water and Natural Resources (EWNR), (v) General Economic and Commercial Affairs (GECA), (vi) Governance, Justice, Law, and Order (GJLO), (vii) Health, (viii) National Security, (ix) Public Administration and International Relations (PAIR), (x) Social Protection, Culture and Recreation (SPCR), sector.

Budget performance includes exchequer issues to net estimates and actual expenditure to gross estimates presented as a percentage of the annual estimates and referred to as the absorption rate. The gross estimate is the printed allocations to the MDAs, which includes funding by the Government and external resources, which may be in the form of Appropriations-in-Aid (A-I-A) or revenue either as a loan or grant. Net estimates represent financing by the government through the national exchequer.

Chapter five presents key issues that the Controller of Budget identified as hampering effective budget implementation in FY 2021/22, which are discussed to offer short- and long-term solutions. The chapter also recommends addressing the issues that inhibit efficient budget implementation. Chapter six provides a conclusion to the report.

Annexes support the chapters. A PDF version of this report is available on the COB website, <https://cob.go.ke>.

2 ANALYSIS OF RECEIPTS AND EXCHEQUER ISSUES

2.1 Introduction

This chapter summarises the receipts into the Consolidated Fund and exchequer issues in FY 2021/22. Exchequer issues comprise disbursements by the National Treasury towards development expenditure, recurrent expenditure, and transfers to the forty-seven Counties.

2.2 Analysis of Revenue Estimates and Receipts into the Consolidated Fund

This section summarises the revenue estimates and receipts into the Consolidated Fund during FY 2021/22. The Consolidated Fund is established under Article 206(1) of the Constitution of Kenya and is the account into which all money raised or received by or on behalf of the national government is deposited. It excludes monies reasonably excluded by an Act of Parliament and payable into other public funds established for a specific purpose or is retained by the State organ that received it to defray its expenses.

2.2.1 FY 2021/22 Revenue Estimates

The revenue estimates for FY 2021/22 were Kshs.3.19 trillion, revised to Kshs.3.28 trillion in Supplementary Budget I and Kshs.3.33 trillion in Supplementary Budget II compared to Kshs.2.94 trillion budgeted in FY 2020/21. To finance the budget, the government, through the National Treasury, budgeted to raise revenue from various sources, which included Tax revenue (Kshs.1.78 trillion), Non-tax revenue (Kshs.67.12 billion), Domestic borrowing (Kshs.1.02 trillion), External Loans and Grants (Kshs.421.19 billion) and other Domestic financings at Kshs.40.09 billion.

2.2.2 Receipts into the Consolidated Fund

In FY 2021/22, receipts into the Consolidated Fund were Kshs.3.06 trillion, representing 91.7 per cent of the revised annual target, an increase compared to Kshs.2.82 trillion (95.6 per cent of the yearly target) recorded in FY 2020/21. The receipts comprised opening balances from the previous financial year (FY 2020/21), Tax and Non-Tax Revenue, Domestic borrowing, External Loans and Grants, and Other Domestic Financing, as presented in Table 2.1.

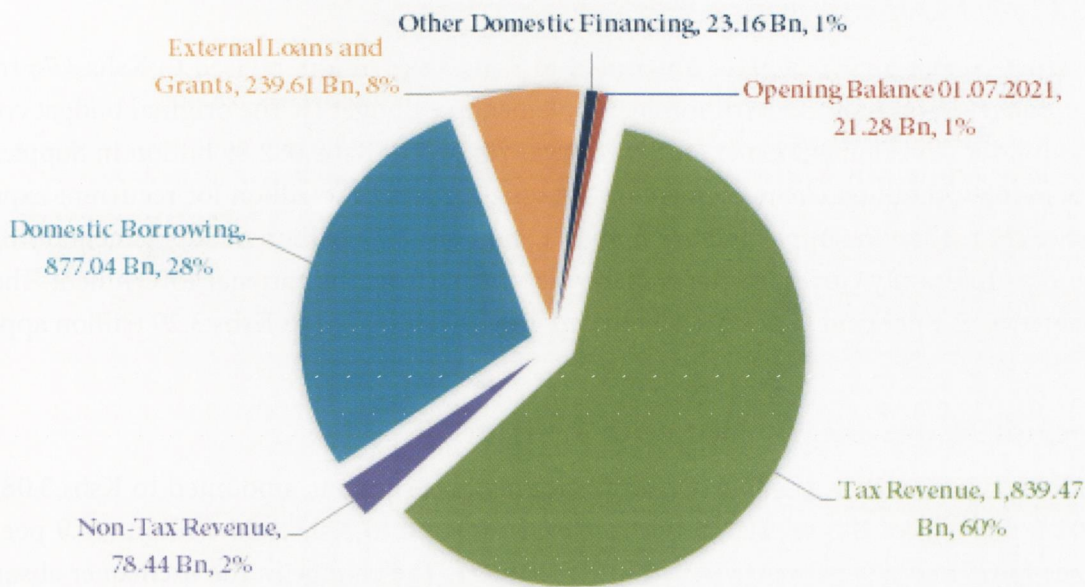

Table 2.1: Statement of Receipts into the Consolidated Fund

Receipts Category	Original Revenue Estimates	Revised Estimates	Receipts as of 30 th June 2022	Performance Against Annual Target (%)	Contribution by Category (%)
Opening Balance 01.07.2021	-	-	21,280,300,708.13	-	0.7
Tax Revenue	1,707,432,569,865.77	1,784,391,587,415.97	1,839,473,162,334.40	103.1	60.2
Non-Tax Revenue	68,191,603,994.11	67,118,160,282.00	78,437,652,838.92	116.9	2.6
Domestic Borrowing	1,008,428,584,928.72	1,022,022,208,979.77	877,038,741,180.00	85.8	28.7
External Loans and Grants	379,659,517,890.95	421,189,913,530.81	239,611,979,668.50	56.9	7.8
Other Domestic Financing	29,292,582,362.45	40,092,582,362.45	23,160,317,235.05	57.8	0.8
Total	3,193,004,859,042.00	3,334,814,452,571.00	3,057,721,853,256.87	91.7	-

Source: National Treasury

The tax revenue category contributed the highest proportion to total receipts at 60.2 per cent. It is worth noting that the tax and non-tax revenue surpassed the revised target at 103.1 per cent and 116.9 per cent, respectively, as shown in Figure 2.1.

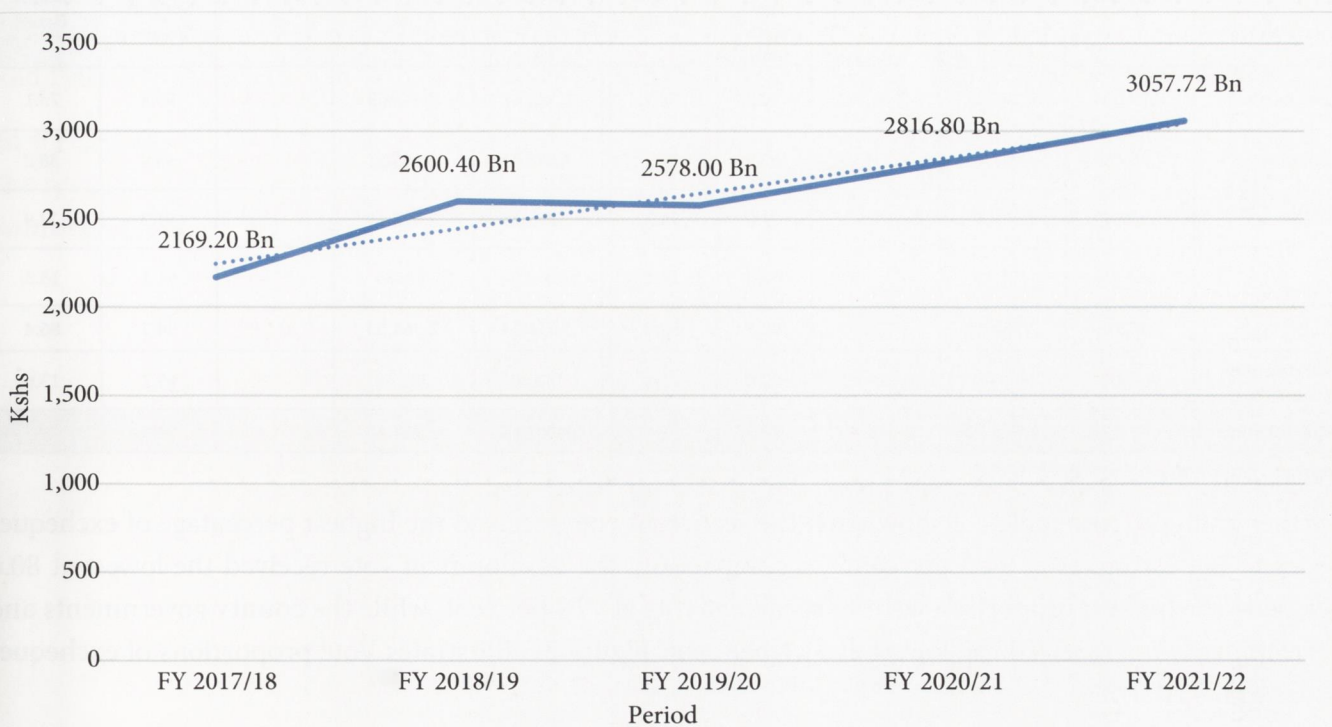

Figure 2.1: Contribution by Source to the Consolidated Fund

Source: National Treasury

Figure 2.2 shows the trend of receipts into the Consolidated Fund for the over five years from FY 2017/18 to FY 2021/22.

Figure 2.2: Receipts into the Consolidated Fund for the period between FY 2017/18 to FY 2021/22

Source: National Treasury

Trend analysis shows growth in receipts in FY 2021/22 compared to a similar time in FY 2020/21. Kenya Revenue Authority attributes the improved revenue performance in FY 2021/22 to enhanced tax compliance from taxpayers. The revenue performance is also consistent with the prevailing economic indicators, primarily the projected GDP growth of 5.9 per cent in FY 2021/22 compared to an increase of 2.9 per cent in FY 2020/21.

2.3 FY 2021/22 Overall Budget

The approved gross budget for FY 2021/22 amounted to Kshs.3.64 trillion, revised to Kshs.3.76 trillion in supplementary Budget I and Kshs.3.83 trillion in Supplementary Budget II. The original budget comprised Kshs.668.38 billion for development expenditure and was revised to Kshs.682.89 billion in Supplementary Budget I and Kshs.688.75 billion in Supplementary Budget II, Kshs.2.60 trillion for recurrent expenditure adjusted to Kshs.2.71 trillion in Supplementary Budget I and Kshs.2.77 trillion in Supplementary Budget II, and Kshs.370 billion to County Governments as shareable revenue from the national government. The revised budget represented a 12.1 per cent (Kshs.414.95 billion) growth compared to Kshs.3.29 trillion approved in FY 2020/21.

2.4 Exchequer Issues by the National Treasury

In FY 2021/22, total exchequer issues to MDAs and County governments amounted to Kshs.3.08 trillion, representing 92.3 per cent of the revised net estimates, compared to Kshs.2.80 trillion (94.9 per cent) of exchequer issues to revised net estimates issued in FY 2020/21. The change in the exchequer absorption is attributable to the decline in the exchequer issues for development expenditure and County governments. County governments did not receive their June 2022 shareable revenue except Mombasa County, which received its entire allocation of FY 2021/22. Table 2.2 summarises the exchequer issues in FY 2021/22.

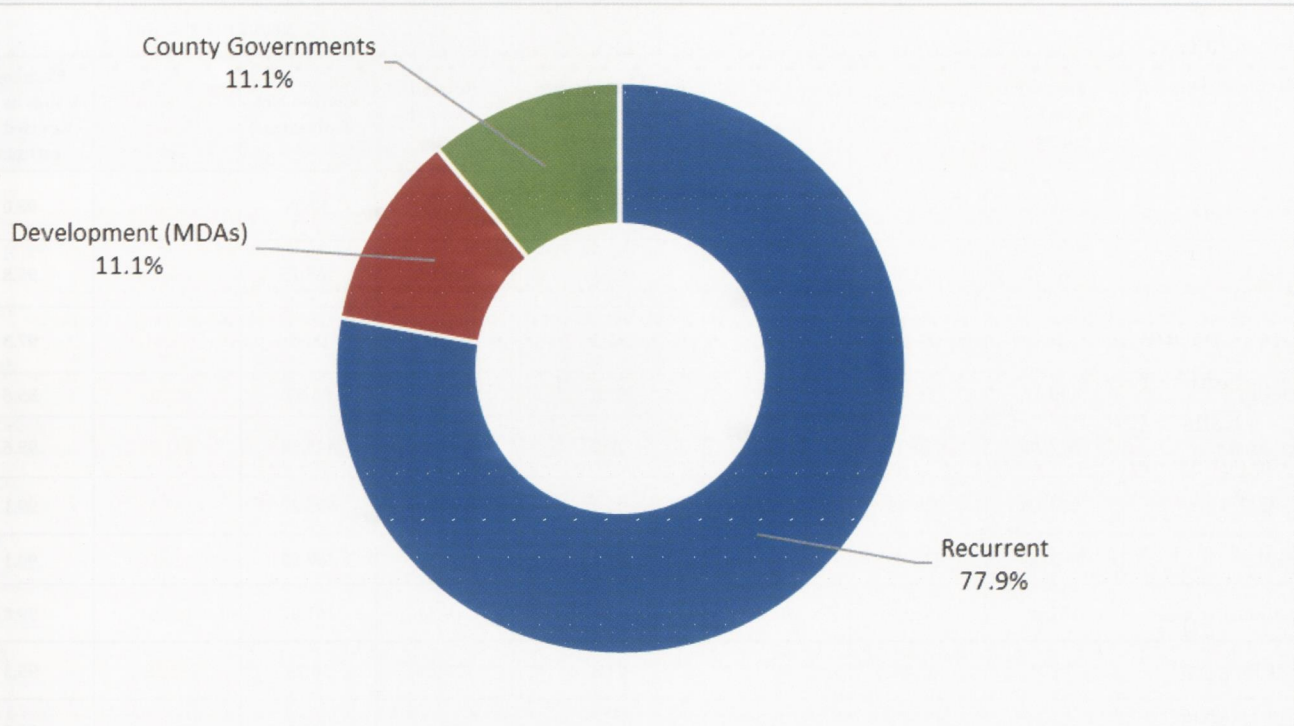

Table 2.2: Summary of Exchequer Issues

Vote	FY 2021/22 (Kshs. Bn)					FY 2020/21 (Kshs. Bn)				
	Revised Gross Estimates	Revised Net Estimates	Exchequer Issues	% of Exch. Issues to revised net Estimates	% of Exchequer issues to total Issues	Revised Gross Estimates	Revised Net Estimates	Exchequer Issues	% of Exch. Issues to revised Net Estimates	% of Exchequer issues to total Issues
Recurrent	2,773.34	2,540.63	2,396.98	94.3	77.9	2,328.61	2,155.69	2,043.5	94.8	73.1
MDAs	1,463.87	1,231.16	1,205.91	97.9	39.2	1,258.43	1,085.51	1,067.69	98.4	38.2

Source: National Treasury & OCOB

Further analysis from table 2.2 shows that the recurrent vote received the highest percentage of exchequer issues to net estimates at 94.3 per cent. In comparison, the development vote received the lowest at 80.4 per cent. The highest proportion went to recurrent vote at 77.9 per cent, while the county governments and development vote received the lowest at 11.1 per cent. Figure 2.3 illustrates Vote proportions of exchequer issues in FY 2021/22.

Figure 2.3: Proportion of Exchequer Issues by Vote

Source: National Treasury

2.5 Exchequer Issues by Sector.

MDAs are classified into ten sectors according to the Classification of Functions of Government (COFOG), which is designed to support fiscal analysis by breaking down Government Fiscal Statistics for comparability across sectors.

The ten sectors are (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure, and Information Communications Technology (EI&ICT), (iv) Environment Protection, Water and Natural Resources (EPW&NR) (v) General Economic and Commercial Affairs (GECA) (vi) Governance, Justice, Law, and Order (GJLO) (vii) Health (viii) National Security (ix) Public Administration and International Relations (PAIR) and (x) Social Protection, Culture and Recreation (SPCR).

In FY 2021/22, exchequer issues to MDAs amounted to Kshs.1.55 trillion, representing 93.4 per cent of the revised net estimates, compared to 96.4 per cent (Kshs.1.44 trillion) recorded in FY 2020/21. Table 2.3 summarises the sector's exchequer issues in FY 2021/22.

Table 2.3: Exchequer Issues by Sector

Sector	FY 2021/22 (Kshs. Bn)				FY 2020/21 (Kshs. Bn)			
	Revised Gross Estimates	Revised Net Estimates	Exchequer Issues	Exchequer Issues as % of Revised Net estimates	Revised Gross Estimates	Revised Net Estimates	Exchequer Issues	Exchequer Issues as % of Revised Net estimates

Total	2,152.62	1,655.35	1,546.92	93.4	1,964.36	1,494.35	1,440.17	96.4

Source: National Treasury

The National Security sector received the highest proportion of exchequer issues to revised net estimates at 98.9 per cent, while the PAIR sector received the lowest exchequer issues at 84.7 per cent. The PAIR performance was attributed to low development exchequer by the National Treasury (at 56.4 per cent), Public Service Commission (at 33.6 per cent), and Parliamentary Joint Services (at 71.5 per cent).

2.5.1 Development Exchequer Issues by Sector

In FY 2021/22, the gross allocation to the development budget was Kshs.668.38 billion, revised to Kshs.682.89 billion in Supplementary Budget I and Kshs.688.75 billion in Supplementary Budget II, representing 32 per cent of the gross ministerial budget, compared to Kshs.705.93 billion allocated in FY 2020/21. Further analysis shows that the development vote received 19.9 per cent of the national budget. Table 2.4 shows sectoral development gross estimates and exchequer issues in FY 2021/22.

Table 2.4: Sectoral Development Estimates and Exchequer Issues

Sector	FY 2021/22 (Kshs. Bn)				FY 2020/21 (Kshs. Bn)

Total	688.75	424.19	341.01	80.4	705.93	408.84	372.49	91.1

Source: National Treasury

Total development exchequer issues in FY 2021/22 amounted to Kshs.341.01 billion, representing 80.4 per cent of the revised net estimates, a decline compared to 91.1 per cent (Kshs.372.49 billion) in FY 2020/21. Analysis of exchequer issues towards development expenditure by sector shows that the National Security sector received the highest proportion of exchequer issues to revised net estimates at 100 per cent. In comparison, the Education sector received the lowest at 62.2 per cent. Table 2.5 shows development exchequer issues to the MDAs under each of the ten sectors in FY 2021/22.

2.5.2 Recurrent Exchequer Issues by Sector

In FY 2021/22, the gross ministerial recurrent budget amounted to Kshs.1.27 trillion, revised to Kshs.1.40 trillion in Supplementary Budget I and Kshs.1.46 trillion in Supplementary Budget II, representing 68 per cent of the ministerial expenditure allocation, compared to Kshs.1.26 trillion allocated in FY 2020/21. Further analysis shows that recurrent ministerial expenditure allocation was 42.3 per cent of the national budget. Table 2.6 shows the sectorial recurrent estimates and exchequer issues in FY 2021/22.

Table.2.6: Sectorial Recurrent Estimates and Exchequer issues

Source: National Treasury & OCOB

Total exchequer issues towards recurrent ministerial expenditure in FY 2021/22 amounted to Kshs.1.21 trillion, representing 97.9 per cent of the revised net estimates, compared to 98.4 per cent (Kshs.1.07 trillion) recorded in FY 2020/21.

A review of MDA's recurrent exchequer issues in the period under review shows that the Health sector received the highest percentage of exchequer issues at 100 per cent. In contrast, the PAIR sector received the lowest proportion at 93.5 per cent. Table 2.7 shows recurrent exchequer issues to the MDAs in each of the ten sectors in FY 2021/22.

2.5.3 Exchequer Issues to the Consolidated Fund Services

The CFS comprises funds allocated towards (i) Repayment of Public Debt (domestic and foreign) and government-guaranteed loans to parastatals, (ii) Pensions and Gratuities, (iii) Salaries and Allowances to Constitutional Officeholders and Miscellaneous Services, and (iv) Subscriptions to International Organizations.

The allocation to CFS in FY 2021/22 amounted to Kshs.1.33 trillion, revised to Kshs.1.31 trillion in Supplementary Budget II, representing 37.8 per cent of the revised gross national budget, an increase compared to Kshs.1.07 trillion allocated in FY 2020/21. Table 2.8 shows the exchequer issues to CFS in FY 2021/22.

In FY 2021/22, exchequer issues to CFS were Kshs.1.19 trillion, representing 91 per cent of the revised net estimates, compared to 91.2 per cent (Kshs.975.81 billion), recorded in FY 2020/21. Pensions and Gratuities received the highest percentage of exchequer issues to net estimates at 94.8 per cent. At the same time, Salaries, Allowances & Miscellaneous Services (SAM) had the lowest at 70.1 per cent. In absolute terms, Public debt took up the highest amount at Kshs 1,042, Tn.

3 OVERALL BUDGET PERFORMANCE

3.1 Introduction

This chapter presents the budget performance summary for FY 2021/22, comprising development and recurrent expenditure for both National and County Governments. The Consolidated Fund Services is discussed under recurrent expenditure and provides information on Public debt, Pensions, and Gratuities, as well as Salaries and Allowances to Constitutional Office holders and miscellaneous services. The chapter also presents expenditure breakdown by budget items for the development and recurrent votes as well as MDAs pending bills status as of 30th June 2022.

3.2 Overall Government Budget Performance

The approved gross budget for the National and County governments for FY 2021/22 was Kshs.3.77 trillion, revised to Kshs.3.92 trillion in Supplementary Budget I and Kshs.4.0 trillion in Supplementary Budget II. The gross budget is comprised of Kshs.668.38 billion for Ministerial development expenditure, revised to Kshs.682.89 billion in Supplementary Budget I and Kshs.688.75 billion in Supplementary Budget II (see Annex I, referenced on page 86), Kshs.1.27 trillion for recurrent ministerial expenditures adjusted to Kshs.1.40 trillion in Supplementary Budget I and Kshs.1.46 in Supplementary Budget II (see Annex II, referenced on page 89), Kshs.1.33 trillion for CFS revised to Kshs.1.31 trillion in Supplementary Budget I and Kshs.1.31 trillion in Supplementary Budget II. County Governments' gross budget was Kshs.535.74 billion, comprising an opening balance of Kshs.65.44 billion, Own Source Revenue of Kshs.60.42 billion, Conditional Grants of Kshs.39.88 billion, and Kshs.370 billion as the equitable share from the National government.

Table 3.1 shows the overall budget performance of the National government and County governments.

Source: National Treasury, OCOB, MDAs & County Treasuries

The gross exchequer for the National and County Governments was Kshs.3.15 trillion, out of which Kshs.3.08 trillion was funded by the National Treasury, representing 92.3 per cent of the revised net estimates, compared to 94.9 per cent recorded in FY 2020/21. The exchequer issues comprised Kshs.341.01 billion (80.4 per cent) for ministerial development expenditure, Kshs.2.4 trillion for recurrent expenditure (94.3 per cent), and Kshs.409.44 billion for the county governments (76.4 per cent). The recurrent exchequer comprised of Kshs.1.21 trillion for MDAs recurrent expenditure and Kshs.1.19 trillion to CFS, respectively.

Gross expenditure for the National and County Governments was Kshs.3.36 trillion, recording an absorption rate of 83.9 per cent, compared to 84.6 per cent recorded in FY 2020/21. National government gross expenditure amounted to Kshs.2.96 trillion (absorption rate of 85.4 per cent), comprising MDAs’ development expenditure at Kshs.553.37 billion (absorption rate of 80.3 per cent), MDAs’ recurrent expenditure at Kshs.1.41 billion (absorption rate of 96.0 per cent) and Consolidated Fund Services at Kshs.995.95 billion (76.1 per cent).

Gross county governments expenditure was Kshs.400.96 billion representing an absorption of 74.8 per cent. This comprised development expenditure amounting to Kshs.98.47 billion and recurrent expenditure at Kshs.302.49 billion representing absorption rates of 50.9 per cent and 88.4 per cent, respectively.

3.3 Consolidated Fund Services Budget Performance

Budget allocation to the CFS in FY 2021/22 amounted to Kshs.1.33 trillion, revised to Kshs.1.31 trillion in Supplementary Budget I and Supplementary Budget II, respectively, representing 34.2 per cent of the gross national budget, compared to Kshs.1.07 trillion allocated in FY 2020/21. Table 3.2 summarises the CFS performance in FY 2021/22.

Table 3.2: CFS Budget Performance in FY 2021/22

CFS Category	Printed Gross Estimates (Kshs. Million)	Revised Estimates II (Kshs. Million)	Exchequer Issues (Kshs. Million)	Cumulative Expenditure (Kshs. Million)	Expenditure as % of Revised estimates
Public Debt	1,169,165.03	1,151,292.50	1,042,241.89	847,145.00	73.6

Source: National Treasury

Total CFS expenditure in the period under review amounted to Kshs.995.95 billion, representing 76.1 per cent of the CFS revised estimates, compared to Kshs.878.78 billion (82.1 per cent) recorded in FY 2020/21. In the analysis of CFS performance. The Controller of Budget noted an overall growth in CFS payments over the period, which is attributable to the introduction of the Public Service Superannuation scheme in FY 2021/22 under the Pension & Gratuities Vote that was not there in the previous financial years. There was also an observed increase in public debt interest payments from Kshs.458.74 billion in FY 2020/21 to Kshs.605.28 billion in FY 2021/22. In addition, public debt redemptions increased from Kshs.499.66 billion in FY 2020/21 to Kshs.546.01 billion in FY 2021/22.

3.3.1 Public Debt

As of 30th June 2022, the Public debt stock stood at Kshs.8.45 trillion, comprising 50.7 per cent due to external lenders and 49.3 per cent due to domestic lenders. Table 3.3 represents the public debt position as of 30th June 2022.

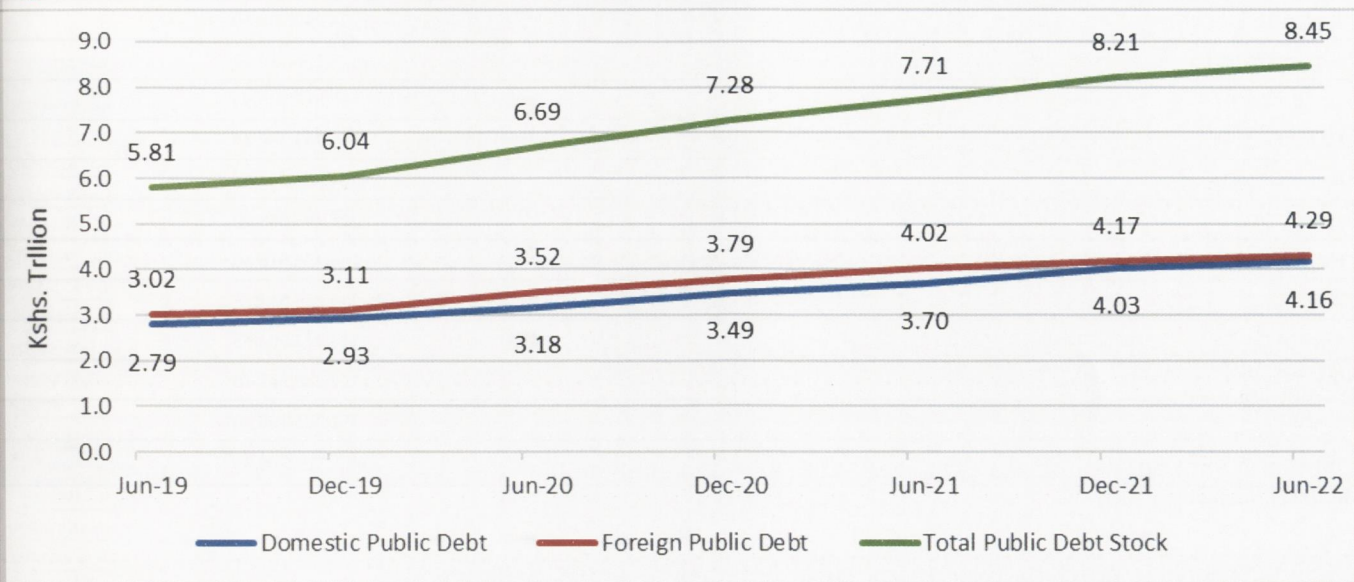

Table 3.3: Overall Public Debt Position as of 30th June 2022

Category	Amount (Kshs. Million)	Percentage (%)
External Debt		
Bilateral	1,173,230	13.9
Multilateral	1,924,023	22.8
Commercial Banks	1,181,325	14.0

Public debt recorded a 9.6 per cent growth from Kshs.7.71 trillion reported on 30th June 2021. Figure 3.4 shows the trend in public debt stock from 30th June 2019 to 30th June 2022.

Figure 3.4: Trend in Public Debt Stock

Source: National Treasury

The allocation towards servicing the public debt in FY 2021/22 amounted to Kshs.1.17 trillion, representing 88.1 per cent of the CFS budget allocation, compared to Kshs.958.87 billion (89.2 per cent) allocated in FY 2020/21. The total public debt is comprised of Kshs.608.90 billion for loan redemptions and Kshs.560.26 billion for interest payments revised to Kshs.1.15 trillion in Supplementary Budget I and Supplementary Budget II, respectively. The figure was revised to Kshs.546.01 billion for loan redemptions and Kshs.605.28 billion for interest payments in Supplementary Budget II, respectively. Redemptions comprised Kshs.202.07 billion and Kshs.343.94 billion for external and domestic debt, respectively. In contrast, interest payments included Kshs.126.06 billion and Kshs.479.22 billion for external and domestic debt, respectively.

Total expenditure on Public debt during FY 2021/22 amounted to Kshs.847.15 billion, representing 73.6 per cent of the revised estimates, compared to Kshs.765.91 billion (80.2 per cent) recorded in FY 2020/21. The increase is attributable to increased principal repayments and interest rates for domestic and external loans. The total expenditure comprised Kshs.339.82 billion towards principal redemption and Kshs.507.33 billion towards interest payments. External debt servicing amounted to Kshs.305.35 billion, consisting of Kshs.184.54 billion for principal repayment and Kshs.120.81 billion for interest payments. The total domestic debt payment was Kshs.541.80 billion, consisting of Kshs.155.28 billion and Kshs.386.52 billion for principal and interest payments, respectively.

3.3.2 Overdraft Facility

The overdraft facility is a temporary source of funds mainly to fund the deficit in payments of domestic debt instruments such as the matured Treasury Bills. Government overdraft administered through the Central Bank of Kenya is restricted to five per cent of the most recently audited revenues. It is expected to be paid off by the end of the financial year as specified in Section 15 (3) of the Public Finance Management Act.

The overdraft limit for FY 2021/22 stands at Kshs.75 billion and is charged an interest rate of 7 per cent per annum on the amount outstanding at the end of each month. In FY 2021/2, the total charge on the overdraft facility was Kshs.2.06 billion, as shown in Table 3.4.

Table 3.4: Charges on Overdraft Facility by month in FY 2021/22

Month	Amount in Kshs.
July 2021	228,127,202.45
August 2021	74,242,960.60
September 2021	15,175,123.45
October 2021	52,817,775.95
November 2021	185,353,369.45
December 2021	204,001,593.85
January 2022	217,443,088.40

3.3.3 Salaries and Allowances and Miscellaneous Services

The allocations for Salaries and Allowances for Constitutional officeholders and miscellaneous services in FY 2021/22 amounted to Kshs.4.41 billion, revised to Kshs.4.54 billion in Supplementary Budget I and Kshs.4.56 billion in Supplementary Budget II, representing a 9.4 per cent growth compared to the allocation of Kshs.4.17 billion was allocated in FY 2020/21. However, the overall net increase in budget allocation is attributable to additional funding to some of the commissions and independent offices in FY 2021/22.

The total expenditure towards SAM in FY 2021/22 was Kshs.3.17 billion, representing 69.6 per cent of the revised estimates, compared to Kshs.2.59 billion (62.2 per cent) recorded in FY 2020/21. Figure 3.5 shows the budgetary allocations and expenditure trends for salaries, allowances, and miscellaneous services from FY 2017/18 to FY 2021/22.

3.3.4 Pensions and Gratuities

The allocation for Pensions and Gratuities for FY 2021/22 amounted to Kshs.153.64 billion, comprised of ordinary pensions of Kshs.62.43 billion, commuted pensions and gratuities of Kshs.70.14 billion, other pension schemes of Kshs.92.10 million, and the Public service Superannuation scheme at Kshs.20.83 billion. The allocation increased by 38.2 per cent compared to Kshs.111.14 billion in FY 2020/21. The increased allocation is attributable to additional funding in the ordinary pension and the Public Service Superannuation Scheme, which became effective in FY 2021/22.

Total payments towards Pensions and Gratuities in FY 2021/22 amounted to Kshs.145.63 billion, which included Kshs.26.38 billion towards the Public Service Superannuation, representing 94.8 per cent of the estimates, compared to Kshs.110.27 billion (99.2 per cent) recorded in FY 2020/21. Figure 3.6 shows the Pensions and Gratuities performance trend from 30th June 2018 to 30th June 2022.

Figure 3.6: Trend in Pensions and Gratuities Performance as of 30th June 2018 to 30th June 2022

3.4 Ministries, Department, and Agencies Expenditure Analysis.

3.4.1 Introduction

This section analyses MDAs' expenditure on significant budget items for development and recurrent activities in FY 2021/22. Development expenditure is analysed by the main budget items, including Capital Transfers, Civil Works and Construction of Residential and Non-Residential Buildings, Refurbishment of Buildings/infrastructure, Purchase of Specialized Plant, Equipment, and Machinery, and Pre-Feasibility studies. The others are presented or classified as other expenses.

Recurrent expenditure analysis is based on significant budget items: Compensation to Employees, Operations and Maintenance (O&M), and Current Transfer. O&M is further disaggregated into the various budget items expenditure, including Travelling, Printing and Advertising, Rentals and Rates for Non-Residential Buildings, Training, Hospitality, Maintenance Expenses for motor vehicles, and other assets. The additional expenses are presented under other expenses.

3.4.2 Ministries, Departments, and Agencies Development Expenditure Analysis

In FY 2021/22, gross allocations towards ministerial development activities amounted to Kshs.668.38 billion, revised to Kshs.682.89 billion in Supplementary Budget I and Kshs.688.75 billion in Supplementary Budget II, compared to Kshs.705.93 billion allocated in FY 2020/21. Gross ministerial development expenditure in FY 2021/22 amounted to Kshs.553.37 billion, recording an absorption rate of 80.3 per cent, compared to 79.5 per cent (Kshs.561.52 billion) registered in FY 2020/21. Table 3.6 shows the breakdown of development expenditure by MDAs in FY 2021/22.

Source: MDAs & National Treasury

Analysis of MDAs' development expenditure by budget items shows that the highest spending by category was on Capital Transfers by MDAs at Kshs.332.06 billion, representing 60.0 per cent of the gross development expenditure. Capital Transfers by the MDAs may be in the form of subsidies, grants, or direct transfers to SAGAs, which are meant to complement activities and mandates executed on behalf of parent ministries. A summary of the Capital Transfers is annexed to this report as Annex VI (referenced on page 95).

The second highest spending category was on Refurbishment of Buildings/Infrastructure at Kshs.29.58 billion representing 5.3 per cent of the gross development expenditure. Other budget items with significant expenses include the Construction of Non-residential Buildings at Kshs.6.53 billion and the purchase of Specialized Plant, Equipment and Machinery at Kshs.5.49 billion, representing 1.2 per cent and 1.0 per cent, respectively.

Further analysis shows that the National Treasury had the highest Capital Transfers at Kshs.81.67 billion, representing 24.6 per cent of the total Capital Transfers, followed by the State Department of Infrastructure at Kshs.73.34 billion, which represented 22.1 per cent.

In the analysis of expenses, the report has classified budget line items not captured under major expenses under other expenses development expenditure amounting to Kshs.171.94 billion, representing 31.1 per cent of the gross ministerial development expenditure. MDAs recording the highest expenditure under this category includes:

- **The State Department for Infrastructure** -Kshs.57.02 billion comprised of funding for various projects from development partners at Kshs.39.82 billion, Road Maintenance Fuel Levy and Annuity at Kshs.17.13 billion, training at Kshs.50.65 million, maintenance of civil works at Kshs.14.46 million and overhaul of plant, machinery & equipment at Kshs.2.27 million.
- **Ministry of Health**-Kshs.13.96 billion comprised of Kshs.7.20 billion for rentals of produced assets, Kshs.2.63 billion for emergency relief, Kshs.1.96 billion for other operating expenses, Kshs.1.97 billion for specialised materials and supplies, Kshs.135.85 million for hospitality supplies and services, Kshs.39.88 million for purchasing vehicles and other transport equipment, and Kshs.14.57 million for compensation to employees under various programmes.
- **The State Department for Housing and Urban Development**-Kshs.6.26 billion comprised of Kshs.6.24 billion for Contracted Technical and Professional Services, Kshs.20.46 million for general office supplies, and Kshs.2 million for general office supplies refined fuels and lubricants for transport.
- **The State Department for Crop Development and Agricultural Research**-Kshs.5.13 billion comprises Kshs.2.79 billion for payment of transport, Equipment and maintenance expenses, Kshs1.39 billion as subsidies to private financial enterprises, Kshs.513.43 million for payment of contracted technical and professional services, Kshs.135.23 million for the purchase of certified crop seed, Kshs.143.01 million for domestic travel and subsistence allowances, Kshs.85.05 million for the purchase of information technology networking/communication equipment, Kshs.71.17 million for fuel, oils, and lubricant.
- **The National Treasury**-Kshs.12.62 billion comprising Kshs.1.54 billion for contracted technical and professional services and Kshs.9.04 billion for other developments activities.
- **The State Department for Youth Affairs**-Kshs.2.81 billion comprising Kshs.1.07 billion for training expenses, Kshs.1.05 billion for hospitality supplies and services, Kshs.451.02 million for contracted technical and professional services, Kshs.111.71 million for purchase of information technology networking/communication equipment, Kshs.28.70 million for motor vehicles maintenances, and Kshs.13.15 million for office and general supplies

and services.

- **The State Department for Interior and Citizen Services**-Kshs.2.64 billion comprises Kshs.2.46 billion for supplies for production, Kshs.111.32 million for purchase of information technology networking/communication equipment, Kshs.19.59 million for maintenance of plant machinery and equipment, and Kshs.33.29 million for maintenance of computers, software, and networks.
- **The State Department for Fisheries, Aquaculture and the Blue Economy**-Kshs.2.11 billion comprises Kshs.10 million for contracted technical and professional services and Kshs.2.10 billion for other expenses.
- **The Social Protection, Senior Citizens and Special Programmes**-Kshs.1.84 billion comprises Kshs.1.63 billion for other expenses, Kshs.114.04 million for purchasing information technology networking/communication equipment, and Kshs.99.50 for contracted technical and professional services.
- **The Judiciary**-Kshs.1.61 billion comprises Kshs.594.86 million for purchasing information technology and networking/communication equipment, Kshs.909.42 million for Judiciary performance improvement project, Kshs.92.16 million for purchasing generators, and Kshs.14.28 million for minor alterations and project management.
- **The State Department of Livestock** - Kshs.1.41 billion comprising of Kshs.181.15 million for contracted technical and professional services, Kshs.169.38 million for domestic and foreign travel, Kshs.68.56 million for training expenses, Kshs.62.33 million for temporary wages, Kshs.36.49 million for hospitality supplies and services, Kshs.249.00 million for insurance costs, Kshs.121.63 million for specialised materials and supplies, Kshs.327.09 million for the acquisition of non-financial assets, Kshs.22.89 million for maintenance of motor vehicles and Kshs.103.47 million for other operations and maintenance expenses.
- **The State Department for Information Communications and Technology & Innovation**-Kshs.1.10 billion comprises Kshs.343.59 million for purchasing information technology networking/communication equipment, Kshs.312.49 million for contracted technical and professional services, kshs.436.86 million for acquiring financial and Kshs.5.89 million for routine maintenance-other assets.
- **Ministry of Water, Irrigation, and Sanitation**-Kshs. 29.71 billion comprises Kshs.29.59 billion that was received as A-I-A for funding various projects.
- **The State Department of Sports** - Kshs.13.04 billion was an A-I-A transferred to Sports Arts and Social Development Fund and spent under the fund.
- **The State Department for Information Communications and Technology & Innovation**-Kshs. 15.21 billion comprises Kshs.14.16 billion incurred under the ICT and Business Process Outsourcing Development Programme, Kshs.343.59 million for purchasing information technology networking/communication equipment, Kshs.312.49 million for contracted technical and professional services, kshs.436.86 million for acquiring financial and Kshs.5.89 million for routine maintenance-other assets.

Figure 3.7 shows the composition of MDAs development expenditure in FY 2021/22.

3.4.3 MDAs Recurrent Expenditure Analysis

In FY 2021/22, the gross allocation to recurrent ministerial expenditure amounted to Kshs.1.27 trillion, revised to Kshs.1.40 trillion in Supplementary Budget I and Kshs.1.46 trillion in Supplementary Budget II, compared to Kshs.1.26 trillion allocated in FY 2020/21. Gross ministerial recurrent expenditure by MDAs in FY 2021/22 was Kshs.1.41 trillion, representing 96.0 per cent of the revised gross recurrent estimates, compared to Kshs.1.15 trillion (91.5 per cent), recorded in FY 2020/21.

A breakdown of the MDAs' total recurrent expenditure in FY 2021/22 is presented in Table 3.7.

Table 3.7: Breakdown of Recurrent Expenditure by MDAs (Kshs. Million)

Source: MDAs & National Treasury

Recurrent expenditure for MDAs is disaggregated into Compensation to Employees, Operations and Maintenance, and Current Transfers in subsidies, grants, or direct transfers to SAGAs. The report annexes the current transfer performance for Semi-Autonomous Government Agencies/State-Owned Enterprises under Annex VII (referenced on page 102).

3.4.4 Compensation to Employees

Compensation to Employees includes basic salaries for permanent employees, wages for temporary employees and personal allowances paid as part of the salary, among other payments to staff. The total expenditure under employee compensation was Kshs.506.29 billion, representing 36.0 per cent of the gross ministerial recurrent spending. However, this amount does not include salaries for Kenya Defence Forces and National Intelligence Services under the National Security sector, which has not been tabulated due to the nature of their operations.

3.4.5 Operations and Maintenance

This category includes Travelling, Printing and Advertising, Rent and Rates for non-residential buildings, Training, Hospitality, Legal fees, and Maintenance expenses for motor vehicles and other assets. Some items aggregated under Other Expenses include Refined Fuels and Lubricants and fuel for transport, Contracted technical and professional services, Medical and Group Personal Insurance, and Domestic Loans to individuals and Households.

In FY 2021/22, travelling expenditure was Kshs.20.17 billion, an increase from the Kshs.14.23 billion recorded in FY 2020/21. This comprised domestic travel of Kshs.14.13 billion and Kshs. 6.04 billion on foreign travel. This growth is attributable to the government's lifting of COVID-19 travel restrictions. Expenditure on Rent and Rates-non-Residential was Kshs.9.86 billion, while Hospitality was Kshs.6.26 billion.

In the analysis of O&M expenditure, some budget line items were classified under other expenses and amounted to Kshs.344.76 billion in the period under review. MDAs recording high expenditures under this category include:

- **Ministry of Petroleum and Mining**- Kshs.81.03 billion for oil market price stabilisation.
- **State Department for Early Learning and Basic Education** – Kshs.68.10 billion comprises Kshs.62.09 billion subsidies to Board of Governors maintained schools to support free primary and secondary education and Kshs.5.59 billion for use on other goods and services.
- **State Department for University Education and Research**- Kshs.39.65 billion comprises Kshs.11.69 billion for higher education support services.
- **State Department for Social Protection, Senior Citizens and Special Programmes** – Kshs.29.85 billion, which comprises Kshs.25.79 billion for cash transfers to individuals and households, Kshs.3.34 billion for emergency relief, Kshs.400.0 million for Presidential bursary, and kshs.272.82 million for other goods and services.
- **State Department for Interior and Citizen Services** – Kshs.28.86 billion, which comprises Kshs.5.58 billion for the payment of medical and group personal insurance for staff, Kshs.1.48 billion for fuel and lubricants, Kshs.1.26 billion for utilities supplies and services, Kshs.5.91 billion for purchasing specialised materials and supplies, Kshs.1.36 billion for purchase of technical plant, Equipment, and Machinery, and Kshs.12.70 billion for other operating expenses.
- **Teachers Service Commission**- Kshs.17.30 billion comprising Kshs.16.72 billion for Medical and Group Personal

Insurance, Kshs.34.02 million for payment of contracted professional services. Kshs.203.04 million for purchase of specialised plant, Kshs.68.57 million for purchase of office furniture, Kshs.66.52 million for ex-gratia, Kshs.43.48 million for fuel and lubricants, and Kshs.39.98 million for the purchase of motor vehicles.

- **The National Treasury** – Kshs.19.72 billion comprised of Kshs.3.88 billion for medical and group personal insurance, Kshs.11.33 billion for payment of contracted professional services, and Kshs.4.15 billion for membership and subscription fees. Kshs.61.36 million for general office supplies, Kshs.187.12 million for telephone, telex, and facsimiles, and Kshs.22.30 million for fuels and lubricants. In addition, the National Treasury also reported receipts from agency fees (Kenya Revenue Authority) of Kshs.4.08 billion.
- **The Executive Office of the President** – Kshs.12.16 billion comprises Kshs.2.14 billion for contracted guards and cleaning services, Kshs.1.12 billion for purchasing specialised materials and supplies, Kshs.5.86 billion for other operating expenses, and Kshs.754.83 million for utilities, supplies and services. Kshs.696.53 million for medical and group personal insurance, Kshs.394.35 million for purchase of fuel oil and lubricants, Kshs.358.96 million for purchase of vehicles and other transport equipment, Kshs.179.93 million for office and general supplies and services, Kshs.158.90 million for government pension and retirement benefits, and Kshs.95.19 million for purchase of specialised plant, equipment, and machinery, Kshs.97.41 million for communication, supplies, and services, and Kshs.45.34 million for purchase of office furniture and general equipment.
- **Independent Electoral and Boundaries Commission**– Kshs.10.58 billion comprised of Kshs.4.76 billion for election materials and transport, Kshs.1.72 billion for purchase of software, Kshs.1.70 billion for the purchase of information communication and technology equipment, Kshs.933.96 million for maintenance of computers, software, networks and communications equipment, Kshs.427.95 million for contracted professional services, Kshs.406.72 million for utilities supplies and services, Kshs.255.86 million for medical and group personal insurance, Kshs.126.18 million for telephone, telex, facsimiles, and mobile services, Kshs.64.60 million for general office supplies, Kshs.64.14 million for fuel oil and lubricants, and Kshs.58.36 million for housing and car loans.
- **State Department for Tourism**-Kshs.4.33 billion comprising Kshs.4.24 billion as an expenditure from SAGAs, Kshs.45.0 million for scholarships and other educational benefits (tertiary education), Kshs.23.25 million for supplies for production, Kshs.17.30 million for temporary committee expenses, Kshs.6.26 million for contracted professional services, and Kshs.3.03 million for fuel and lubricants.
- **The Ministry of Foreign Affairs** – Kshs.3.36 billion comprises Kshs.1.06 billion for contracted professional services, membership fees, and subscriptions, Kshs.457.52 million for payment of utilities supplies and services, Kshs.670.28 million for educational benefits, Kshs.335.79 million for purchase of motor vehicles Kshs.246.14 million for communication supplies and services, Kshs.109.35 million for insurance costs, Kshs.119.51 million for fuels, oils and lubricants, Kshs.107.95 million for legal fees/dues and arbitration, Kshs.83.60 million for purchase of household furniture and institutional furniture and fittings, and Kshs.56.89 million for purchase of office furniture and general equipment.
- **State Department for Correctional Services**- Kshs.2.96 billion comprising Kshs.1.50 billion for medical and group personal insurance, Kshs.1.05 billion for other expenses, Kshs.119.30 million for fuel and lubricants, Kshs.12.34 million for general office supplies, and Kshs.5.25 million for telephone, telex, facsimiles, and mobile services.
- **The Judiciary** – Kshs.2.95 billion comprises Kshs1.32 billion for medical and group personal insurance, Kshs.63.25 million for payment of contracted professional services, Kshs.151.25 million for general office supplies, Kshs.89.27

million for telephone, telex, facsimiles, and Kshs.141.19 million for fuels and lubricants, Kshs.272.00 million for domestic loans to public servants, Kshs.160.72 million for other communication services, Kshs.79.97 million for utilities, Kshs.84.77 million for purchase of vehicles, Kshs.58.89 million for purchase of capital assets – non-financial, Kshs.43.31 million for specialised materials and supplies, and Kshs.484.69 million for other operating expenses.

- **The National Assembly**-Kshs.2.84 billion comprising Kshs.2.52 billion for constituency office expenses, kshs.76.8 million for purchase of specialised plant, equipment, and machinery, Kshs.73.67 million for contracted professional services, Kshs.40.71 million for general office supplies, Kshs.48.43 million for purchase of office furniture and general equipment, and Kshs.24.71 million for purchase of vehicles and other transport equipment.
- **State Department for Wildlife**-Kshs.2.58 billion comprising Kshs.2.5 billion as A-I-A from SAGAs, Kshs.9.98 million for purchase of tree seedlings, Kshs.5.67 million for purchase of furniture and other office equipment, Kshs.1.07 million for specialised materials and supplies, Kshs.45.28 million for temporary committee expenses and Kshs.6.69 million for gratuity for civil servants.
- **Ministry of Health**- Kshs.1.89 billion comprised Kshs.730.15 million for other operating expenses, Kshs.621.96 million for purchase of specialised plant, equipment, and machinery, Kshs.141.36 million for utilities, kshs.94.82 million for emergency relief and refugee assistance, Kshs.100.00 million for government pension and benefits, Kshs.42.35 million for purchase of vehicles and other transport equipment, Kshs.23.53 million for purchase of office furniture and general equipment, and Kshs.14.91 million for communication supplies and services.
- **The Parliamentary Joint Services** - Kshs.1.58 billion comprising Kshs.534.36 million for medical and group personal insurance, Kshs.297.66 million for contracted professional services. Kshs.79.46 million for general office supplies, Kshs.50.67 million for utilities supplies and services, and Kshs.435.06 million for medical expenses, Kshs.36.83 million for contracted guards and cleaning services, Kshs.44.23 million for purchase of office furniture and general equipment, Kshs.34.57 million for purchase of specialised plant, equipment and machinery, Kshs.16.02 million for specialised materials and supplies, and Kshs.21.19 million for telephone, telex, facsimiles, and mobile services.
- **The State Department of Devolution** – Kshs.1.46 billion comprises Kshs.1.04 billion for emergency relief, Kshs.63.96 million for the purchase of motor vehicles, Kshs.19.39 million for fuel oil and lubricants, Kshs.18.07 million for gratuity of civil servants, and Kshs.292.49 million for other operating expenses.
- **The Parliamentary Service Commission**-Kshs.838.40 million comprising of Kshs.533.00 million for county offices operating expenses, Kshs.40.12 million for fuels and lubricants, Kshs.38.51 million for general office supplies, Kshs.55.53 million contracted professional services, Kshs.32.47 million for membership fees and subscription and Kshs.64.86 million for purchase of vehicles.

3.4.6 Current Transfers

Current Transfers by the MDAs may be in the form of subsidies, grants, or direct transfers to SAGAs, which are meant to complement activities and mandates executed on behalf of the parent ministry. In FY 2021/22, Current transfers reported by MDAs amounted to Kshs.506.27 billion, representing 36.0 per cent of the gross ministerial recurrent expenditure. The Ministry of Defence recorded the highest transfer at Kshs.128.60

billion transferred to Kenya Defence forces representing 25.4 per cent, followed by Kshs.71.26 billion (14.1 per cent) under the State Department for Infrastructure and Kshs.46.46 billion, the gross expenditure for the National Intelligence Services.

Source: National Treasury & MDAs

*At the time of publishing this report, some MDAs had not submitted schedules of pending bills. Therefore, the figures presented in Table 3.8 may not represent the absolute position on pending bills.

Analysis of Table 3.8 shows that the amount paid by MDAs was Kshs.14.74 billion, a partial payment of pending bills brought forward from FY 2020/21 while Kshs.929.42 million was declared ineligible. Pending bills for FY 2021/22 amounted to Kshs.3.14 billion. MDAs recording the pending bills above one billion Kenya shillings as of 30th June 2022 includes The Executive Office of the President -(Nairobi Metropolitan Services) at Kshs.3.19 billion, Ministry of Defence at Kshs.1.76 billion, State Department for Transport at Kshs.6.12 billion, State Department for Broadcasting and Communication Kshs.1.31 billion, State Department for Sports Kshs.1.14 billion, State Department for Crop Development and Agricultural Research Kshs.10.84 billion, State Department for Public Services -(National Youth Services) at Kshs.14.58 billion, State Department for Regional and Northern Corridor Development Kshs.2.22 billion, State Department for Wildlife at Kshs.2.06 billion and Independent Electoral and Boundaries Commission at Kshs.1.81 billion.

Data from Quarterly Economic Report by the National Treasury (<https://www.treasury.go.ke/quarterly-economic-budgetary-review-qebr/>) for the period ending June 2022 shows that, pending bills for State Owned Enterprises amounted to Kshs.448.6 billion. The State Corporations pending bills include payment to contractors/projects, suppliers, unremitted statutory and other deductions, pensions arrears for Local Authorities, Pension Trust, and others. The highest percentage of the State Corporations pending bills (65.5 per cent) belong to Contractors/Projects and Suppliers.

The analysis of the pending bills data shows that the MDAs recording pending bills above Kshs.1 billion had accumulated the bills from prior years and FY 2020/21. Delayed payment to suppliers and contractors adversely affects their businesses in terms of liquidity, while the government is negatively impacted by low revenue due to delays in taxes submission. The Controller of Budget recommends that Accounting Officers ensure payment of the eligible pending bills is honoured and prioritised as a first charge in the subsequent budget implementation cycle. Many MDAs do not seem to comply with their payment plans.

4 DEVELOPMENT AND RECURRENT EXPENDITURE ANALYSIS BY SECTOR

4.1 Introduction

MDAs are classified into ten sectors according to the COFOG, which is designed to support fiscal analysis by breaking down Government Fiscal Statistics for comparability. The chapter analyses the performance of MDAs by sector in FY 2021/22 (see Annex III to Annex V, referenced on page 92, 93, and 94). It presents budget allocations to specific MDAs, exchequer issues, expenditure, and absorption of the budget for both exchequer issues and the gross budget. Budget performance is further disaggregated into programmes and sub-programmes, showing programmes with the highest and lowest budget allocation and implementation rates. The analysis shows exchequer issues as a percentage of net estimates, whereas expenditure is a percentage of gross estimates.

Sector performance is presented in alphabetical order as follows; (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT), (iv) Environment Protection, Water and Natural Resources (EWNR) (v) General Economic and Commercial Affairs (GECA) (vi) Governance, Justice, Law, and Order (GJLO) (vii) Health (viii) National Security (ix) Public Administration and International Relations (PAIR) (x) Social Protection, Culture and Recreation (SPCR) Sectors.

4.2 Agriculture, Rural, and Urban Development Sector

4.2.1 Introduction

Agriculture is a devolved function under the Fourth Schedule of the Constitution of Kenya. It is a critical sector in the economic pillar of the Kenya Vision 2030.

The sector consists of six MDAs: Ministry of Lands and Physical Planning, State Department for Crop Development and Agricultural Research, State Department for Livestock, State Department for Fisheries, Aquaculture and the Blue Economy, State Department for Cooperatives, and the National Land Commission. The sector has forty-two Autonomous and Semi-Autonomous Government Agencies (SAGAs), fourteen training institutions and four Professional Boards.

The overall goal of the sector is to attain national food and nutritional security and sustainable fisheries and land management, co-operatives growth, and blue economy utilisation. Kenya's economic blueprint, the Kenya Vision 2030, and the Government Agenda on the 'Big Four' economic strategy both recognise the ARUD sector as a critical player in the economic and social development of the country through food production, employment and wealth creation, foreign exchange earnings, security of land tenure and land management.

4.2.2 Budget Performance for ARUD Sector

The budgetary allocation to the ARUD sector in FY 2021/22 amounted to Kshs.75.73 billion, revised to Kshs.73.41 billion in Supplementary Budget I and further to Kshs.68.90 billion in Supplementary Budget II, representing 1.8 per cent of the gross national budget, compared to Kshs.67.09 billion allocated in FY 2020/21. The allocation comprised Kshs.43.33 billion (62.9 per cent) for development activities and Kshs.25.57 billion (37.1 per cent) for recurrent expenditure. The State Department for Crop Development and Agricultural

Research received the highest allocation at Kshs.45.08 billion (65.4 per cent of the sector's budget), while the National Land Commission had the lowest budgetary allocation at Kshs.1.73 billion (2.5 per cent of the ARUD sector allocation).

The high allocation to the State Department for Crop Development and Agricultural Research is due to its vital role in the agricultural policy and research management, national food policy, strategic food reserves, crop development, phytosanitary services, international standards compliance, agricultural farmers' training, and agricultural land resources inventory and management.

In Supplementary Budget 1, recurrent expenditure was reduced due to rationalisation by the government and the recorded low absorption of funds. The State Department for Crop Development and Agricultural Research was allocated additional funds to cater for implementing Sector interventions, Coffee Sector interventions, Sugar Sector reforms and donor funds for implementing projects. However, the funds were reduced in Supplementary Budget II due to low funds absorption. Figure 4.1 shows the trend of budgetary allocation for the ARUD sector from FY 2017/18 to FY 2021/22.

Figure 4.1: Budgetary Allocation Trend for ARUD Sector

Source: National Treasury

The total exchequer issues to the ARUD sector in FY 2021/22 was Kshs.51.74 billion, representing 89.4 per cent of the sector's revised net estimates. This amount comprised Kshs.34.15 billion for development expenditure, representing 85.7 per cent of the development revised net estimates, and Kshs.17.59 billion for the recurrent activities representing 97.7 per cent of revised net estimates. Table 4.1 shows ARUD sector analysis of exchequer issues and expenditure in FY 2021/22.

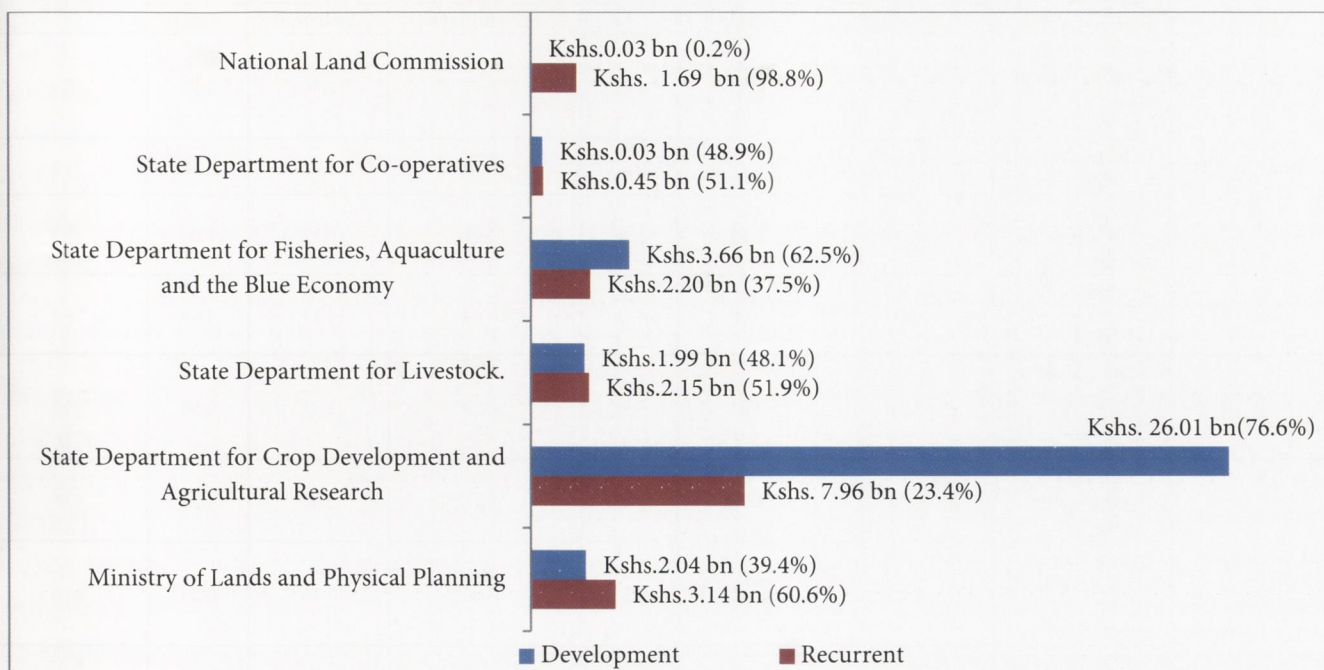

Table 4.1: ARUD Sector-Analysis of Exchequer Issues and Expenditure

							Gross estimates	Net estimates	Exchequer Issues	Expenditure	% of Exchequer to Net estimates	% of Expenditure to Gross Estimates
Development							43.33	39.86	34.15	32.46	85.7	74.9
Recurrent							25.57	18.01	17.59	21.24	97.7	83.1
Total							68.90	57.87	51.74	53.70	89.4	77.9

Source: MDAs and National Treasury

In FY 2021/22, the State Department for Co-operatives received the highest proportion of development exchequer issues to development revised net estimates at 99.1 per cent, while the National Land Commission received the lowest at 65.5 per cent. The Ministry of Lands and Physical Planning, State Department for Co-operatives and National Land Commission recorded the highest proportion of recurrent exchequer issues to recurrent revised net estimates of 100 per cent each, implying that the MDAs were funded in full by the National Treasury. The State Department for Livestock received the lowest proportion of recurrent exchequer issues to revised net estimates of 86.3 per cent. Figure 4.2 shows the exchequer issues in ARUD Sector in FY 2021/22.

Figure 4.2: Exchequer Issues to ARUD Sector

Source: National Treasury

In FY 2021/22, the total expenditure for the ARUD sector was Kshs.53.70 billion, representing 77.9 per cent of the revised gross estimates, compared to Kshs.49.43 billion (70.7 per cent, recorded in FY 2020/21). This amount comprised Kshs.32.46 billion for the development budget representing an absorption rate of 74.9 per cent, compared to 52.4 per cent recorded in FY 2020/21 and Kshs.21.24 billion for recurrent expenditure representing 83.1 per cent of the recurrent revised gross estimates, compared to 90.7 per cent recorded in FY 2020/21.

The State Department for Co-operatives and National Land Commission recorded the highest absorption of development budget at 99.7 per cent. In contrast, the State Department for Fisheries, Aquaculture, and the Blue Economy recorded the lowest at 56.5 per cent. The National Land Commission recorded the highest recurrent expenditure to revised gross estimates at 100.0 per cent. The State Department for Crop Development and Agricultural Research recorded the lowest at 72.2 per cent.

4.2.3 Budget Execution by Programmes for ARUD Sector

The allocation to the ARUD sector was to fund eleven programmes. Table 4.2 summarises the budget execution by programmes in FY 2021/22.

Table 4.2: ARUD Sector Budget Performance by Programmes

VOTE	Programme	Revised Gross estimates (Kshs. Billion)			Expenditure (Kshs. Billion)			Absorption (%)

Source: MDAs and National Treasury

In FY 2021/22, Crop Development and Management programme under the State Department for Crop Development and Agricultural Research received the highest budgetary allocation at Kshs.28.71 billion (41.7 per cent) of the revised gross estimates for the sector, while General Administration Planning and Support Services programme under the State Department for Fisheries, Aquaculture, and the Blue Economy had the lowest allocation at Kshs.226.72 Million (3.3 per cent) of the revised gross estimates for the sector.

The high allocation in the Land and Crops Development sub-programme under Crop Development and Management programme was for funding of the National Agricultural and Rural Inclusivity Project (NARIGP) in promoting the productivity of the selected agricultural value chains and the Kenya Climate Smart Agriculture Projects (KCSAP) to empower smallholders in agro-pastoral and pastoral procedures.

An analysis of programme performance shows that the Land Administration and Management programme under the National Lands Commission recorded the highest proportion of programme expenditure to the revised gross estimates at 100 per cent. In comparison, Cooperative Development and Management programme under the State Department for Cooperatives had the lowest at 44.9 per cent.

4.3 Education Sector

4.3.1 Introduction

The Education Sector comprises six MDAs, namely: State Department for Early Learning and Basic Education, State Department for University Education, State Department for Vocational and Technical Training, State Department for Post-Training and Skills Development, the State Department for Implementation of Curriculum Reforms and Teachers Service Commission (TSC), together with their affiliated Agencies and Institutions.

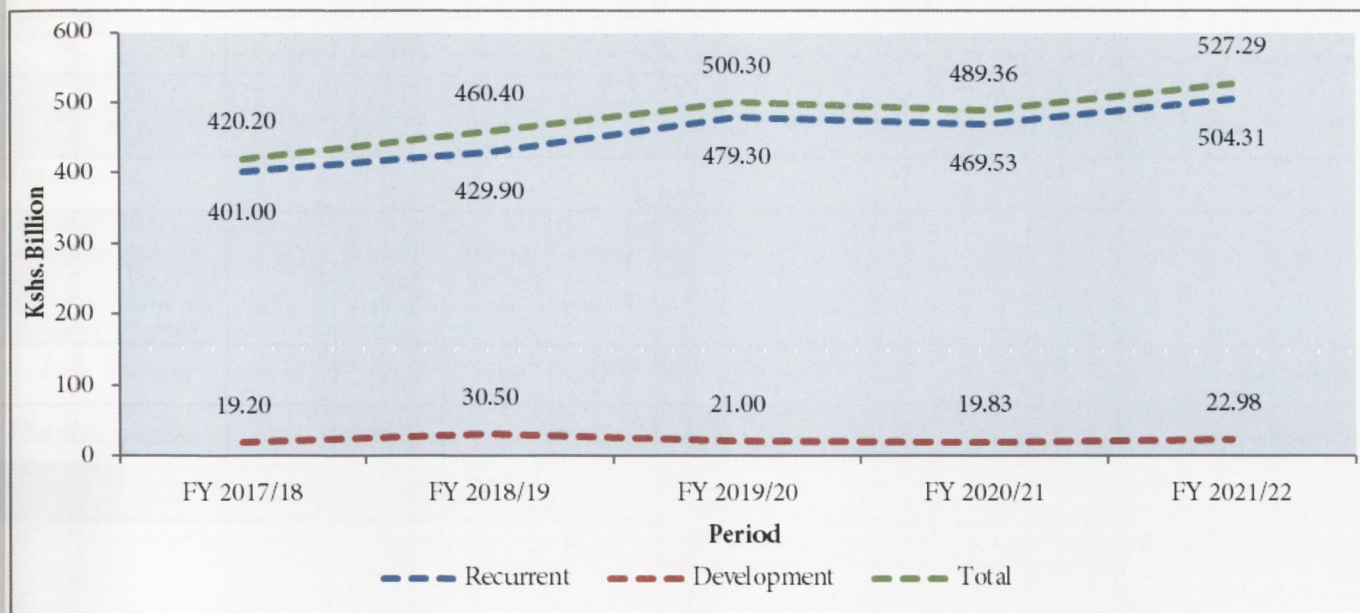

The Education sector is critical in promoting Kenya's political, social, and economic development by developing all-around individuals who can overcome prevailing societal challenges. The sector envisions attaining quality and inclusive education, training, and research for sustainable development. The Education sector is committed to providing quality education, training, science, technology, research, and skills development to all Kenyans. The sector's overall goal is to increase access to education and training, improve the quality and relevance of education, reduce inequality, and leverage knowledge and skills in science, technology, and innovation for global competitiveness. The sector also envisions contributing to achieving the "Big Four Agenda" by providing the requisite skilled human resources and promoting research and development.

4.3.2 Budget Performance for Education Sector

The budgetary allocation to the Education Sector in FY 2021/22 amounted to Kshs.503.97 billion, revised to Kshs.522.02 billion in Supplementary Budget I and Kshs.527.28 billion in Supplementary Budget II, representing 13.8 per cent of the gross national budget, compared to Kshs.489.36 billion was allocated in FY 2020/21. The allocation comprised Kshs.22.98 billion (4.4 per cent) for development activities and Kshs.504.31 billion (95.6 per cent) for recurrent expenditure. The Teachers Service Commission received the highest budgetary allocation at Kshs.290.83 billion (55.2 per cent of the sector's budget), while the State Department for Implementation of Curriculum Reforms had the lowest budgetary allocation at Kshs.87.6 million (less than 1 per cent of the sector allocation).

The additional allocations to the Education Sector were due to the newly created vote for the State Department for Implementation of Curriculum Reforms under the Ministry of Education, which will coordinate the implementation of the Competence Based Curriculum (CBC) across Pre-primary, Primary, Secondary, and Tertiary Education levels (all under the National Government). The additional funding to TSC was for the increased salaries and wages, rise in Appropriation-in-Aid collected by the Public Universities and increased allocation for construction of classrooms to support CBC and donor commitments. Figure 4.3 shows the budgetary allocation trends of the Education sector from FY 2017/18 to FY 2021/22.

Figure 4.3: Budgetary Allocation Trend for the Education Sector

Source: National Treasury

The total exchequer issues to the Education sector amounted to Kshs.466.64 billion. The figure represented 97.9 per cent of the sector's revised net estimates and comprised Kshs.12.33 billion for development expenditure,

representing 62.2 per cent of development revised net estimates and Kshs.454.31 billion for recurrent spending. The exchequer issues represented 99.5 per cent of recurrent revised net estimates. Table 4.3 shows the Education sector analysis of exchequer issues and expenditure in FY 2021/22.

Table 4.3: Education Sector-Analysis of Exchequer Issues and Expenditure

VOTE	Development (Kshs. Billion)						Recurrent (Kshs. Billion)					
	Revised Gross estimates	Revised Net estimates	Exchequer Issues	Revised Expenditure	% of Exchequer to Revised Net estimates	% of Expenditure to Revised Gross estimates	Revised Gross estimates	Revised Net estimates	Exchequer Issues	Expenditure	% of Exchequer to Revised Net estimates	% of Expenditure to Revised Gross estimates

Total							527.28	476.55	466.64	508.17	97.9	96.4

Source: MDAs and National Treasury

In FY 2021/22, the State Department for University Education and Research received the highest proportion of development exchequer issues to development revised net estimates at 98.9 per cent, while the State Department for Early Learning and Basic Education received the lowest at 52.3 per cent. The State Department for University Education and Research and the State Department for Implementation of Curriculum Reforms

recorded the highest proportion of recurrent exchequer issues to recurrent revised net estimates of 100 per cent. Comparatively, the State Department for Post-Training and Skills Development recorded the lowest ratio of 96.0 per cent. Figure 4.4 shows the exchequer issues in the Education Sector in FY 2021/22.

Figure 4.4: Exchequer Issues to the Education Sector

Source: National Treasury

The total expenditure for the Education sector amounted to Kshs.508.17 billion, representing 96.4 per cent of the revised gross estimates, compared to Kshs.445.26 billion (91 per cent), recorded in FY 2020/21. This amount comprised Kshs.13.40 billion for the development budget representing an absorption rate of 58.3 per cent, compared to 80 per cent recorded in FY 2020/21 and Kshs.494.77 billion for recurrent expenditure representing 98.1 per cent of the recurrent revised gross estimates, compared to 91.5 per cent recorded in FY 2020/21.

The State Department for University Education and Research recorded the highest absorption of the development budget at 84 per cent. The State Department for Early Learning and Basic Education recorded the lowest at 51.3 per cent. The Teacher Service Commission recorded the highest percentage of recurrent expenditure to revised gross estimates at 99.5 per cent. The State Department for University Education and Research recorded the lowest at 94.4 per cent.

4.3.3 Budget Execution by Programmes for Education Sector

The Education sector's budgetary allocation was to fund seventeen programmes. Table 4.4 summarises the budget execution by programmes in FY 2021/22.

Table 4.4: Education Sector's Programme Performance

Source: MDAs and National Treasury

In FY 2021/22, the Teachers Resource Management programme under the Teachers Service Commission received the highest budgetary allocation at Kshs.282.21 billion, 53.5 per cent of the revised gross estimates for the sector. The Post Training Information Management under the State Department for Post Training and Skills Development had the lowest allocation at Kshs.36.78 million (Less than 1 per cent) of the revised gross estimates for the sector.

The additional allocation in the Teachers Resource Management Programme is attributed to recruiting intern teachers in the primary schools under the teacher resource planning sub-programme.

An analysis of programme performance shows that the Teacher Resource Management programme under the Teachers Service Commission recorded the highest proportion of programme expenditure to the revised gross estimates at 99.8 per cent. In comparison, University Education under the State Department for University Education and Research had the lowest at 60.6 per cent.

4.4 Energy, Infrastructure, and Information Communications Technology (EI & ICT) Sector

4.4.1 Introduction

This sector consists of ten MDAs: State Departments for Infrastructure, Transport, Shipping and Maritime, Housing and Urban Development, Public Works, Youth Affairs, Information Communication, Technology and Innovation, Broadcasting and Telecommunications, Ministry of Energy, and Ministry of Petroleum and Mining.

The EI&ICT sector aims to provide an efficient, affordable, and reliable infrastructure critical for the socio-economic transformation underscored in the Third Medium Term Plan (MTP III) 2018-2022 of the Kenya Vision 2030 and catalyses the realisation of the “Big Four Agenda.”

The EI&ICT sector’s critical strategic goals include sustainable transport infrastructure and services, vibrant shipping and maritime industry, affordable and sustainable housing infrastructure, regulated construction industry, universal access to ICT services, and sufficient, secure, efficient, and affordable energy. To support infrastructural development, the government identified critical activities under the EI&ICT sector in FY 2021/22 to enhance economic growth, which includes the construction, rehabilitation, and maintenance of roads, design of roads and bridges, construction of Standard Gauge Railway Phase II (Nairobi to Naivasha), LAPSET project and Mombasa Port Development Project.

4.4.2 Budget Performance for EI&ICT Sector

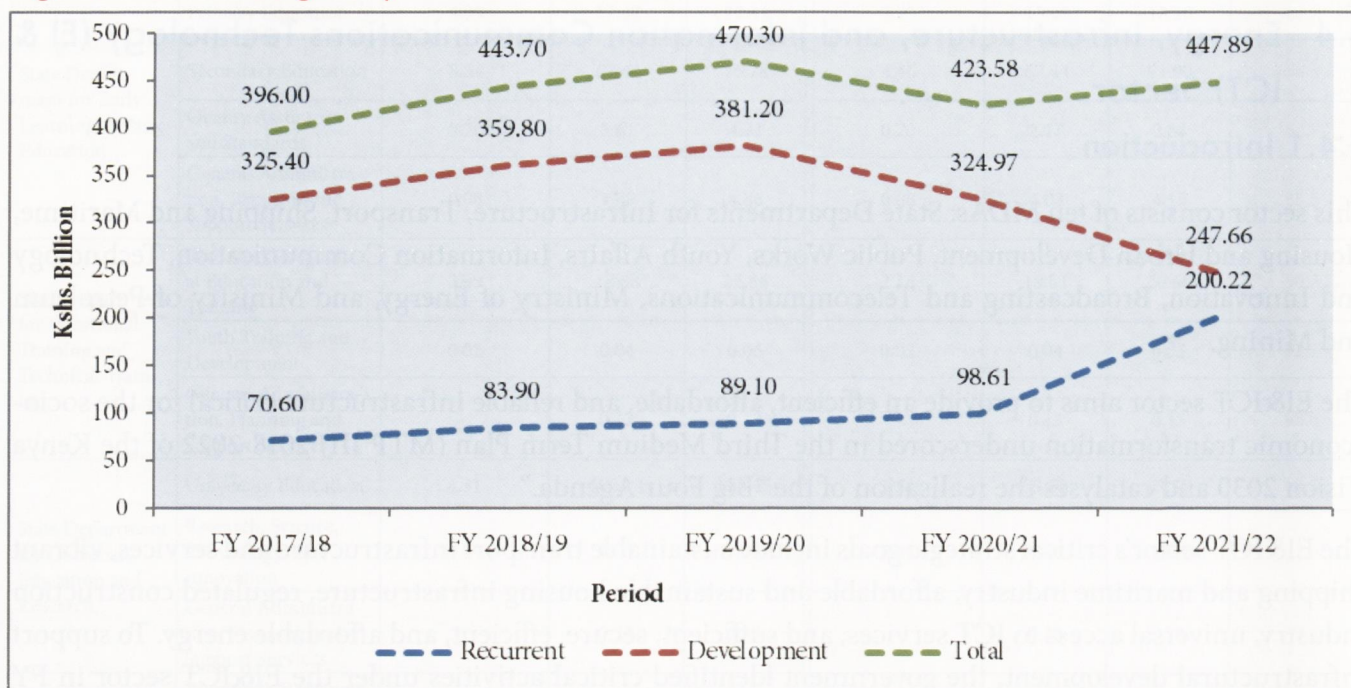

The budgetary allocation to the EI&ICT sector in FY 2021/22 was Kshs.340.46 billion, revised to Kshs.385.57 billion in Supplementary Budget I and Kshs.447.89 billion in Supplementary Budget II, representing 11.7 per cent of the revised gross national budget, compared to Kshs.423.59 billion allocated in FY 2020/21. The allocation comprised Kshs.247.66 billion (55.3 per cent) for development activities and Kshs.200.22 billion (44.7 per cent) for recurrent expenditure.

The State Department of Infrastructure received the highest budgetary allocation at Kshs.230.59 billion (51.5 per cent of the sector’s budget) is attributable to its road transport programme purposed for the construction of roads and bridges and rehabilitation and maintenance of roads in the country. The State Department for Shipping and Maritime had the lowest budgetary allocation at Kshs.2.68 billion (0.6 per cent of the sector allocation).

In the Supplementary Budget reviews, the additional allocations to the sector were mainly to the Ministry for Petroleum and Mining, where Kshs24.5 billion was awarded in Supplementary 1. The review was for stabilising oil market prices and rationalising capital expenditure. In Supplementary 2, another Kshs.49.3 billion was awarded for catering to oil market price stabilisation. In addition, the State Department for Infrastructure had Kshs.7.3 billion increase in the first supplementary review and Kshs.26.7 billion increase in the second supplementary review meant for rationalisation of Capital expenditure and dualling of Nairobi Eastern Bypass, construction of Makupa Causeway Bridge, and upgrading of Lamu-Ijara-Garissa Road among others.

Further, the State Department for Housing and Urban development budget was reduced by Kshs.2.32 billion due to the reduction in capital expenditure due to rationalised donor funding and to cater for pending bills. Figure 4.5 shows the budgetary allocation trend for the EI & ICT Sector from FY 2017/18 to FY 2021/22.

Figure 4.5: Budgetary Allocation Trend for the EI & ICT Sector

Source: National Treasury

The total exchequer issues to the EI&ICT sector amounted to Kshs.185.18 billion, representing 92.1 per cent of the sector's revised net estimates. This amount comprised Kshs.103.88 billion for development expenditure, representing 87.9 per cent of development revised net estimates, and Kshs.81.3 billion for recurrent activities representing 98.1 per cent of revised recurrent net estimates. Table 4.5 shows an EI&ICT sector analysis of exchequer issues and expenditure in FY 2021/22.

Source: MDAs and National Treasury

In FY 2021/22, the State Department for shipping and Maritime received the highest proportion of development exchequer issues to development revised net estimates at 100 per cent, while the State Department for Transport received the lowest at 41.5 per cent. The State Department for Shipping and Maritime, State Department for Public Works, State Department for Broadcasting and Telecommunications, and the Ministry for Energy recorded the highest proportion of recurrent exchequer issues to recurrent revised net estimates of 100 per cent. The State Department for Transport recorded the lowest ratio of 19.1 per cent. Figure 4.6 shows the EI & ICT sector's exchequer issues in FY 2021/22.

Figure 4.6: Exchequer Issues to the EI & ICT Sector

Source: National Treasury

The total expenditure for the EI&ICT sector amounted to Kshs. 380.40 billion, representing 84.9 per cent of the revised gross estimates, compared to Kshs.366.19 billion (86.2 per cent), recorded in FY 2020/21. This amount comprised Kshs.192.31 billion for development expenditure representing 77.6 per cent of the development revised gross estimates, compared to 85.0 per cent (Kshs.277.91 billion) recorded in FY 2020/21 and Kshs.188.09 billion for the recurrent budget representing an absorption rate of 93.9 per cent, compared to 89.9 per cent (Kshs.88.28 billion) recorded in FY 2020/21.

The State Department for Broadcasting and Telecommunications recorded the highest absorption of the development budget at 99.9 per cent. The State Department for Shipping and Maritime Affairs recorded the lowest at 27.2 per cent. The Ministry of Petroleum and Mining recorded the highest recurrent expenditure to revised gross estimates at 99.8 per cent, while the State Department for Transport recorded the lowest at 66.9 per cent.

4.4.3 Budget Performance by Programmes for EI&ICT Sector

The EI & ICT sector budgetary allocation was to fund twenty-nine programmes. Table 4.6 shows budget execution by programmes.

Table 4.6: EI & ICT Sector's Programme Performance

Source: MDAs and National Treasury

The Road Transport programme under the State Department for Infrastructure received the highest budgetary allocation in FY 2021/22, at Kshs.230.59 billion, 51.5 per cent of the revised gross estimates for the sector. The Geological Survey and Geo-information Management programme under the Ministry of Petroleum and Mining had the lowest allocation at Kshs.75.39 million (Less than 1 per cent) of the revised gross estimates for the sector.

The high allocation in the Road Transport Programme was for the Construction of Roads and Bridges Sub-Programme by Kenya National Highway Authority, Kenya Urban Roads Authority, and Kenya Rural Roads Authority.

An analysis of programme performance shows that the Exploration and Distribution of Oil and Gas programme under the Ministry of Petroleum and Mining recorded the highest proportion of programme expenditure to the revised gross estimates at 99.6 per cent. In comparison, Marine Transport Services under the State Department for Transport had the lowest at 1.0 per cent.

4.5 Environment Protection, Water and Natural Resources Sector

4.5.1 Introduction

The Environment Protection, Water and Natural Resources Sector (EPWNR) comprise three MDAs: The Ministry of Environment and Forestry, the Ministry of Water, Sanitation and Irrigation, and the State Department for Wildlife.

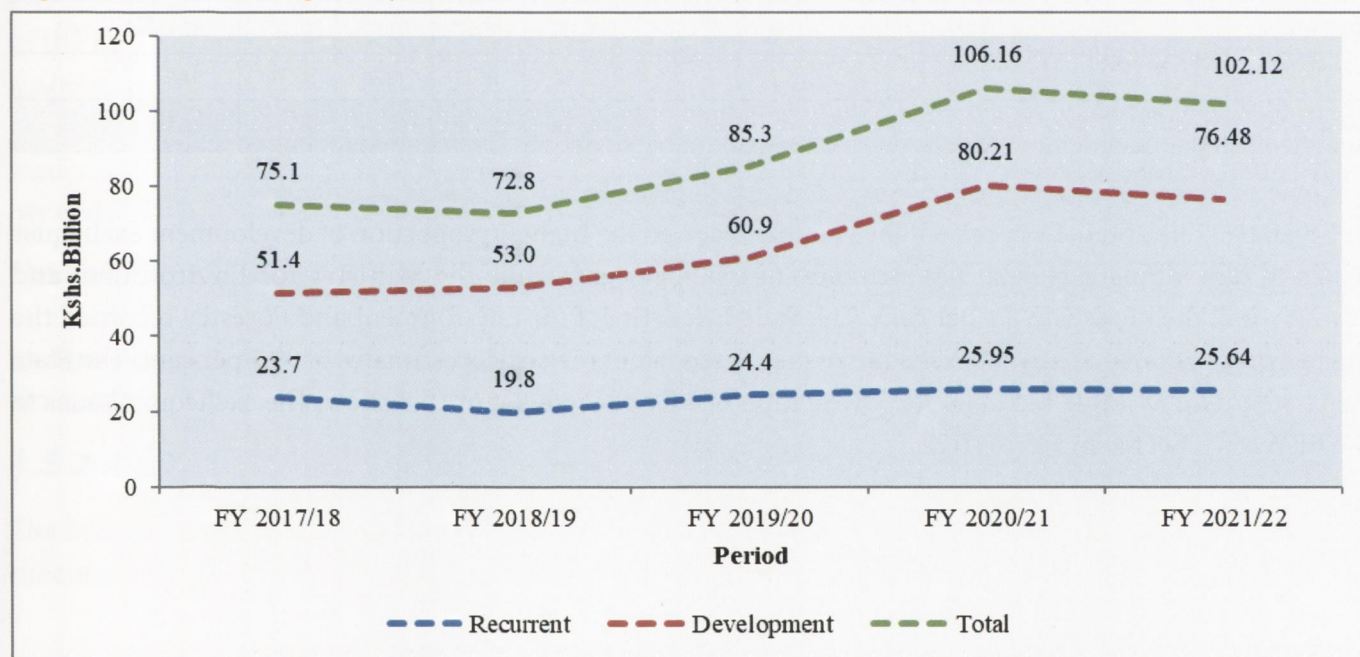

The EPWNR sector plays a critical role in Kenya's economy, securing, stewarding, and sustaining the environment and natural capital of the country. The overall goal of the EPWNR sector is to ensure sustainable development in a clean and secure environment. The specific objectives include providing the policy, legal and integrated planning framework for sustainable management of the environment and natural resources for socio-economic development, enhancing good governance in the protection, restoration, conservation, development, and management of the environment, and forest resources for sustainable development, enhance control and development of water resources for sustainable social-economic development and to enhance water harvesting and storage for domestic, irrigation and industrial use. The sector also aims to increase land productivity through reclamation, rehabilitating degraded land through irrigation and drainage services, and enhancing conservation of wildlife, biological resources, and their habitats for posterity.

Budget Performance for EPW&NR Sector

The annual budgetary allocation to the EPW&NR sector in FY 2021/22 amounted to Kshs.100.59 billion, revised to Kshs.104.21 billion in Supplementary Budget I and Kshs.102.12 billion in Supplementary Budget II, representing 2.7 per cent of the revised gross national budget, compared to Kshs.106.16 billion allocated in FY 2020/21. The allocation comprised Kshs.76.48 billion (74.9 per cent) for development activities and Kshs.25.64 billion (25.1 per cent) for recurrent expenditure. The Ministry of Water, Sanitation, and Irrigation received the highest budgetary allocation at Kshs.77.87 billion (76.3 per cent of the sector's budget) attributable to water and sewerage infrastructure development and water resource management, irrigation, and land reclamation. The State Department for Wildlife had the lowest budgetary allocation at Kshs.9.64 billion (9.4 per cent of the sector allocation).

In Supplementary Budgets, I and II, the additional allocation of Kshs1.0 billion to the State Department for Wildlife was purposed to cater for personnel emoluments due to the shortfall of AIA at Kenya Wildlife Service, Kshs.86.8 million for the exchange of endangered wildlife between Kenya and Tanzania, and Kshs.100 million for Nairobi Safari Walk Project at the Nairobi National Park. The Ministry of Water and Sanitation and Irrigation had a decrease in the current allocation on budget austerity measures and a slight increase in capital allocation on account of additional donors and Government of Kenya funding. Figure 4.7 shows the budgetary allocation trend for the EI & ICT Sector from FY 2017/18 to FY 2021/22.

Figure 4.7: Budgetary Allocation Trend for the EPW&NR Sector

Source: National Treasury

The total exchequer issues to the EPW&NR sector amounted to Kshs.50.36 billion, representing 88.3 per cent of the sector's revised net estimates. This amount comprised Kshs.31.97 billion for development expenditure, representing 85.1 per cent of development revised net estimates, and Kshs.18.39 billion for recurrent activities representing 94.6 per cent of revised recurrent net estimates. Table 4.7 shows EPW&NR sector analysis of exchequer issues and expenditure in FY 2021/22.

Table 4.7: EPW&NR Sector-Analysis of Exchequer Issues and Expenditure

In FY 2021/22, the State Department for Wildlife received the highest proportion of development exchequer issues to development revised net estimates at 95.0 per cent, while the Ministry for Environment and Forestry had the lowest at 73.1 per cent. The State Department for Environment and Forestry recorded the highest proportion of recurrent exchequer issues to recurrent revised net estimates of 99.7 per cent. The State Department for Wildlife recorded the lowest ratio of 84.4 per cent. Figure 4.8 shows the exchequer issues to the EPW&NR Sector in FY 2021/22.

Figure 4.8: Exchequer Issues to EPW&NR Sector

Source: National Treasury

The total expenditure for the EPW&NR sector amounted to Kshs.85.27 billion, representing 83.5 per cent of the revised gross estimates, compared to Kshs.59.29 billion (55.9 per cent), recorded in FY 2020/21. This amount comprised Kshs.61.57 billion for the development budget representing an absorption rate of 80.5 per cent, compared to 47.3 per cent (Kshs.37.96 billion recorded in FY 2020/21 and Kshs.23.70 billion for recurrent expenditure representing 92.4 per cent of the recurrent revised gross estimates, compared to 82.2 per cent (Kshs.21.33 billion) recorded in FY 2020/21.

The State Department for Wildlife recorded the highest absorption of the development budget at 94.1 per cent, while the Ministry for Environment and Forestry recorded the lowest at 65.6 per cent. The Ministry for Environment and Forestry recorded the highest recurrent expenditure to revised gross estimates at 95.9 per cent. In contrast, the State Department for wildlife recorded the lowest at 88.3 per cent.

4.5.2 Budget Performance by Programmes for EPW&NR Sector,

The budgetary allocation to the EPW&NR sector was to fund eleven programmes. Table 4.8 shows budget execution by programmes in FY 2021/22.

Table 4.8: EPW&NR Sector's Programme

Source: MDAs and National Treasury

The Water and Sewerage Infrastructure Development programme under the Ministry of Water, Sanitation and Irrigation received the highest budgetary allocation in FY 2021/22, at Kshs.33.08 billion (32.4 per cent) of the revised gross estimates for the sector. In contrast, the General Administration, Planning and Support Services programme under the Ministry of Environment and Forestry had the lowest allocation at Kshs.508.77 million (less than 1 per cent) of the revised gross estimates for the sector.

The high allocation in the water and sewerage infrastructure development programme was for the sewerage and infrastructure development sub-programme to improve access to water services.

An analysis of programme performance shows that the General Administration, Planning and Support Services programme under the Ministry of Environment and Forestry recorded the highest proportion of programme expenditure to the revised gross estimates at 98.6 per cent. In comparison, Water Storage and Flood Control under the Ministry of Water, Sanitation, and Irrigation had the lowest at 17 per cent.

4.6 General Economic and Commercial Affairs Sector

4.6.1 Introduction

The General Economic and Commercial Affairs (GECA) sector consists of five MDAs: the State Departments for Industrialization, Tourism, Trade and Enterprise Development, East African Community, and Regional and Northern Corridor Development.

The sector is a significant player in delivering the 'Big Four' Agenda in manufacturing, universal health coverage, food and nutrition security and affordable housing. The sector also contributes to employment and wealth creation, promotion of industrial investments, trade and tourism, basin-based development and regional integration in a sustainable clean environment development.

4.6.2 Budget Performance for GECA Sector

The budgetary allocation to the GECA sector in FY 2021/22 amounted to Kshs.20.58 billion, revised to Kshs.24.17 billion in Supplementary Budget I and Kshs.25.56 billion in Supplementary Budget II, representing 0.7 per cent of the gross national budget, compared to Kshs.25.44 billion allocated in FY 2020/21. The allocation comprised Kshs.8.40 billion (32.9 per cent) for development activities and Kshs.17.16 billion (67.1 per cent) for recurrent expenditure. The State Department for Tourism received the highest budgetary allocation at Kshs.8.21 billion (32.1 per cent of the sector's budget), while the State Department for the East African Community had the lowest budgetary allocation at Kshs. 609.28 million (2.4 per cent of the sector allocation).

The additional funding in the Supplementary Budget was for the upward projection of A-I-A under the State Department for Tourism for the Tourism Promotion Fund. Figure 4.9 shows the budgetary allocation trend for the GECA sector from FY 2017/18 to FY 2021/22.

Figure 4.9: Budgetary Allocation Trend for the GECA Sector

Source: National Treasury

The total exchequer issues to the GECA sector amounted to Kshs.16.13 billion, representing 93.3 per cent of the sector's revised net estimates. This amount comprised Kshs.6.89 billion for development expenditure, representing 85.9 per cent of development revised net estimates and Kshs.9.24 billion for recurrent activities representing 99.8 per cent of the revised recurrent net estimates. Table 4.9 analyses exchequer issues and expenditure to the GECA sector in FY 2021/22.

Table 4.9: GECA Sector-Analysis of Exchequer Issues and Expenditure

VOTE	Development (Kshs. Billion)						Recurrent (Kshs. Billion)

Total	25.56	17.28	16.13	21.61	93.3	84.5

Source: MDAs and National Treasury

In FY 2021/22, the State Department for Trade and Enterprise Development received the highest proportion of development exchequer issues to development revised net estimates at 100.0 per cent, while the State Department for Industrialization received the lowest at 68.6 per cent. The State Department for Industrialization recorded the highest proportion of recurrent exchequer issues to recurrent revised net estimates at 100 per cent, while other GECA sector MDAs averaged 99.6 per cent. Figure 4.10 shows the exchequer issues to GECA Sector in FY 2021/22.

Figure 4.10: Exchequer Issues to the GECA Sector

Source: National Treasury

The total expenditure for the GECA sector amounted to Kshs.21.61 billion, representing 84.5 per cent of the revised gross estimates, compared to Kshs.22.01 billion (86.5 per cent), recorded in FY 2020/21. This amount comprised Kshs.7.05 billion for the development budget representing an absorption rate of 84.0 per cent, compared to 84.7 per cent (Kshs.8.82 billion) recorded in FY 2020/21 and Kshs.14.55 billion for recurrent expenditure representing 84.8 per cent of the recurrent revised gross estimates, compared to 87.8 per cent (Kshs.13.19 billion) recorded in FY 2020/21.

The State Department for Trade and Enterprise Development and State Department for Tourism recorded the highest absorption of development budget at 100 per cent and 99.9 per cent, respectively. The State Department for Industrialization recorded the lowest at 65.3 per cent. The State Department for Regional and Northern Corridor Development recorded the highest recurrent expenditure to revised recurrent gross estimates at 99.9 per cent. The State Department for Tourism recorded the lowest at 71.9 per cent.

4.6.3 Budget Performance by Programmes for GECA Sector

The budgetary allocation was to fund seven programmes. Table 4.10 shows budget execution by programmes by the GECA sector in FY 2021/22.

Table 4.10: GECA Sector's Programme

VOTE	Programme	Revised Gross estimates (Kshs. Billion)			Expenditure (Kshs. Billion)			Absorption (%)
		Development	Recurrent	Total	Development	Recurrent	Total	
State Department for Industrialization	General Administration Planning and Support Services	-	0.44	0.44	-	0.44	0.44	99.3
	Industrial Development and Investments	0.67	1.45	2.12	0.66	1.30	1.96	92.7
	Standards and Business Incubation	2.32	1.41	3.73	1.28	1.41	2.69	72.2
State Department for Trade and Enterprise Development	Trade Development and Promotion	2.39	2.55	4.94	2.39	2.32	4.70	95.3

State Department for Tourism	Tourism Development and Promotion	0.48	7.74	8.21	0.47	5.57	6.04	73.6
Total		8.40	17.16	25.56	7.05	14.10	21.15	82.8

Source: MDAs and National Treasury

The Tourism Development and Promotion programme under the State Department for Tourism received the highest budgetary allocation in FY 2021/22 at Kshs.8.21 billion (32.12 per cent) of the revised gross estimates for the sector, while General Administration Planning and Support Services programme under the State Department for Industrialization had the lowest allocation at Kshs.440.18 million (1.72 per cent) of the revised gross estimates for the sector.

The high allocation in the tourism development and promotion programme is attributed to niche tourism product development & diversification sub-programme to promote tourism in the country.

An analysis of programme performance shows that the General Administration Planning and Support Services and Standards and Business Incubation programme, under the State Department for Industrialization, recorded the highest and lowest proportion of programme expenditure to the revised gross estimates at 99.3 per cent and 72.2 per cent, respectively.

4.7 Governance, Justice, Law, and Order (GJLO) Sector

4.7.1 Introduction

The GJLO Sector consists of fourteen MDAs, which include the State Department for Interior and Citizen Services, State Department for Correctional Services, State Law Office and Department of Justice, The Judiciary, Ethics and Anti-Corruption Commission (EACC), Office of the Director of Public Prosecutions (ODPP), Office of the Registrar of Political Parties (ORPP), Witness Protection Agency (WPA), Kenya National Commission on Human Rights (KNCHR), Independent Electoral and Boundaries Commission (IEBC), Judicial Service Commission (JSC), National Police Service Commission (NPSC), National Gender and Equality Commission (NGEC), and the Independent Policing Oversight Authority (IPOA) as well as SAGAs and Tribunals under the Judiciary.

The GJLO Sector creates a favourable environment for the country's economic, social, and political development necessary to fulfil the Kenya Vision 2030. It comprises institutions with linkages in peace and security building, correctional services, legal advisory services to government agencies, national government representation

in civil proceedings and matters before foreign courts and tribunals, and dispensation of justice. The GJLO Sector also significantly promotes good governance, integrity, and corruption eradication, provides public prosecution services, regulates political parties, and protects witnesses and human rights. Further, the sector plays an instrumental role in delimiting electoral boundaries and managing the electoral process, promoting gender equality, including marginalised groups and communities, and overseeing police operations.

Besides, this Sector plays a role in border management, peacebuilding and conflict management, registration services, gaming industry regulation, population management services, eradicating drug and substance abuse, crime research, and government printing services. The Sector also plays a crucial role in ensuring national values and promoting national cohesion.

Budget Performance for the GJLO Sector

The budgetary allocation to the GJLO Sector in t FY 2021/22 was Kshs.217.32 billion, revised to Kshs.232.63 billion in Supplementary Budget I and Kshs.233.12 billion in Supplementary Budget II, representing 6.1 per cent of the gross national budget, compared to Kshs.199.10 billion allocated in FY 2020/21. The allocation comprised Kshs.12.23 billion (5.2 per cent) for development activities and Kshs.220.90 billion (94.8 per cent) for recurrent expenditure.

The State Department for Interior and Citizen Services received the highest budgetary allocation at Kshs.142.86 billion (61.3 per cent of the sector's budget), while the Kenya National Commission on Human Rights had the lowest budgetary allocation at Kshs.399.71 million (0.2 per cent of the sector allocation). The higher share of budget allocation to the State Department for Interior and Citizen Services was for policing services.

In Supplementary Budgets I and II, the highest additional allocation was to the Independent Electoral and Boundaries Commission of Kshs.8.8 billion that was meant for general election preparedness. The State Department for Interior and Citizen Services also had an additional allocation of Kshs.1.7 billion during the first supplementary review, which was later reduced by Kshs.55 million during the second supplementary review. The amendments were to cater for operations and maintenance under the National Cohesion and Integration Commission, enhanced security operations, and construction of the National Police Service Hospital. The Office of the Registrar of Political Parties had additional funding for Kshs.1 billion for the Political Parties Fund and a reduction of KShs.31 million under personnel emoluments due to delayed recruitment of County and Constituency monitors. However, the State Department for Correctional Services budget was reduced by Kshs.800 million in the second supplementary review due to the delayed recruitment process and other changes on account of gratuity payments under Operations and Maintenance. Figure 4.11 shows the budgetary allocation trend for the GJLO sector from FY 2017/18 to FY 2021/22.

Figure 4.11: Budgetary Allocation Trend for the GJLO Sector

Source: National Treasury

The total exchequer issues to the GJLO sector amounted to Kshs.219.32 billion, representing 96.0 per cent of the sector's revised net estimates. This amount comprised Kshs.210.99 billion for recurrent expenditure representing 96.7 per cent of recurrent revised net estimates, and Kshs.8.33 billion for development activities representing 81.0 per cent of revised recurrent net estimates. Table 4.11 shows the GJLO sector analysis of exchequer issues and expenditure in FY 2021/22.

In FY 2021/22, the State Department for Correctional Services received the highest proportion of development exchequer issues to development revised net estimates at 89.7 per cent, while the Ethics and Anti-Corruption Commission received the lowest at 54.4 per cent. The Witness Protection Agency recorded the highest proportion of recurrent exchequer issues to recurrent revised net estimates of 100 per cent. The Independent Electoral and Boundaries Commission recorded the lowest ratio of 85.1 per cent. Figure 4.12 shows the exchequer issues to GJLO Sector in FY 2021/22.

Figure 4.12: Exchequer Issues to the GJLO Sector

Source: National Treasury

The total expenditure for the GJLO sector amounted to Kshs.221.96 billion, representing 95.2 per cent of the revised gross estimates, compared to Kshs.190.31 billion (95.6 per cent), recorded in FY 2020/21. This amount comprised Kshs.11.15 billion for the development budget representing an absorption rate of 91.6 per cent, compared to 83.3 per cent (Kshs.5.90 billion) recorded in FY 2020/21, and Kshs.210.81 billion for recurrent expenditure representing 95.4 per cent of the recurrent revised gross estimates, compared to 91.6 per cent (Kshs.184.41 billion) recorded in FY 2020/21.

The State Law Office and Department of Justice recorded the highest absorption of the development budget at 99.6 per cent. The Ethics and Anti-Corruption Commission recorded the lowest at 54.6 per cent. The Witness Protection Agency recorded the highest recurrent expenditure to revised gross estimates at 99.8 per cent while the State Department for Correctional Services recorded the lowest at 83.2 per cent.

4.7.2 Budget Execution by Programmes for GJLO Sector

The GJLO sector allocation was to fund twenty-six programmes. Table 4.12 shows budget execution by programmes by the GJLO sector in FY 2021/22.

The Policing Services programme under the State Department for Interior and Citizen Services received the highest budgetary allocation in FY 2021/22, at Kshs.100.13 billion (43 per cent) of the revised gross estimates

for the sector. In comparison, the Delimitation of Electoral Boundaries programme under the Independent Electoral and Boundaries Commission had the lowest allocation at Kshs.101.2 million (less than 1 per cent) of the revised gross estimates for the sector.

The high allocation in the Policing Services Programme was for Kenya Police Services Sub-Programme mandated to maintain law and order for public security.

Policing Services programme under the State Department for Interior and Citizen Services recorded the highest proportion of programme expenditure to the revised gross estimates at 100 per cent. The Road Safety programme under the State Department for Interior and Citizen Services had the lowest at 68.2 per cent.

4.8 Health Sector

4.8.1 Introduction

Health is a devolved function under the Fourth Schedule of the Constitution of Kenya. Schedule 4 assigns some functions to the Ministry of Health, such as health policy, national referral health facilities, capacity building, and technical assistance to Counties.

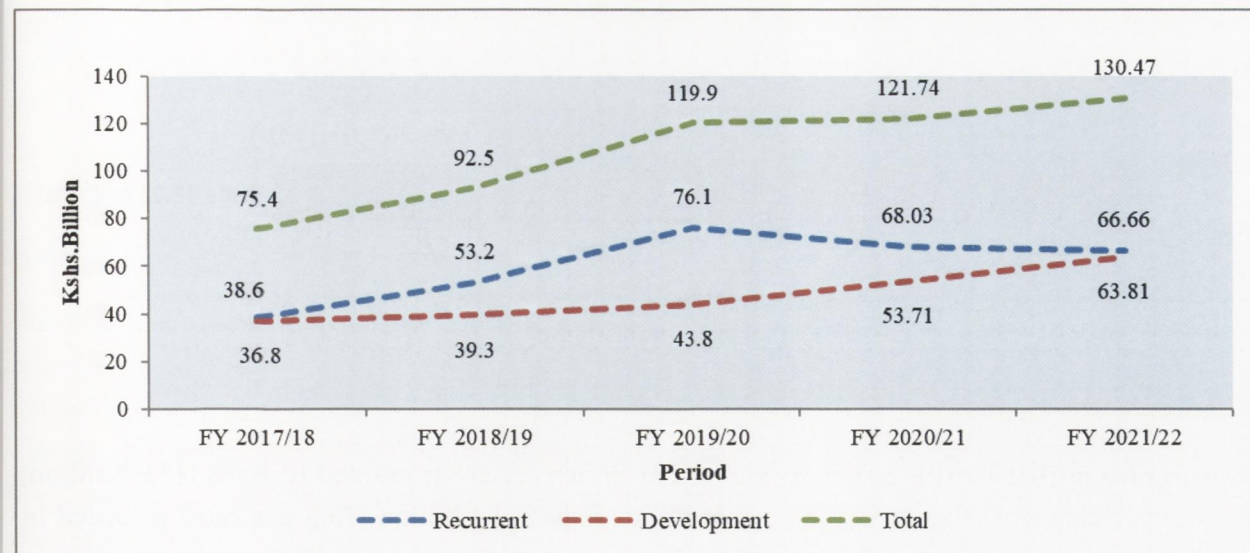

The sector comprises the Ministry of Health and Semi-Autonomous Government Agencies. The twelve Semi-Autonomous Government Agencies complement the Ministry in discharging its core functions through specialised health service delivery, medical research and training, procurement and distribution of drugs, and financing through health insurance. These SAGAs are the Kenyatta National Hospital; Kenya Medical Supplies Authority, Kenya Medical Research Institute, National Health Insurance Fund; National Acquired Immune Deficiency Syndrome Control Council; National Cancer Institute of Kenya, Kenyatta University Teaching Referral and Research Hospital, Kenya Nuclear Regulatory Authority and Kenya Medical Practitioners and Dentists Council. The Ministry also manages the National Spinal Injury Hospital, Mathari National, Teaching and Referral Hospital, and National Reference Laboratories.

4.8.2 Budget Performance for Health Sector

The budgetary allocation to the Health sector in FY 2021/22 was Kshs.121.09 billion, revised to Kshs.134.24 billion in Supplementary Budget I and Kshs.130.47 billion in Supplementary Budget II, representing 3.4 per cent of the national budget, compared to Kshs.121.75 billion allocated in FY 2020/21. The allocations comprised Kshs.63.81 billion (48.9 per cent) for development activities and Kshs.66.66 billion (51.1 per cent) for recurrent expenditure.

In Supplementary Budget, I, the increase in recurrent expenditure was to cater for the establishment of the Kenya Bio Vax Institute Limited and personnel emoluments. In contrast, the increase in development expenditure was to cater for establishing the Vaccine Form and Finish Facility, Modern Neuropsychiatric National Teaching and Referral Hospital, acquisition of Covid-19 vaccine, construction of new level III hospitals, and increased donor commitments. However, in Supplementary Budget II, there was an overall decrease with an increase in recurrent expenditure due to projected growth in A-I-A collected by SAGAs under the Ministry of Health. In contrast, the reduction in development expenditure was, therefore, due to the rationalisation of donor commitments. Figure 4.13 shows the budgetary allocation for the Health sector from FY 2017/18 to FY 2021/22.

Figure 4.13: Budgetary Allocation Trend for the Health Sector

Source: National Treasury

The total exchequer issues to the Health sector amounted to Kshs.84.64 billion, representing 87.6 per cent of the sector's revised net estimates. This amount comprised Kshs.36.43 billion for development expenditure, representing 75.3 per cent of development revised net estimates and Kshs.48.21 billion for recurrent activities representing 100 per cent of revised recurrent net estimates. Table 4.13 shows the Health sector analysis of exchequer issues and expenditures in FY 2021/22.

Table 4.13: Health Sector-Analysis of Exchequer Issues and Expenditure

Figure 4.14 shows the exchequer issues to the Health Sector in FY 2021/22.

Figure 4.14: Exchequer Issues to the Health Sector

Source: National Treasury

The total expenditure for the Health Sector in the period under review amounted to Kshs.113.92 billion, representing 87.3 per cent of the gross budget compared to Kshs.91.93 billion (75.5 per cent) recorded in FY 2020/21. This amount comprised of Kshs.48.44 billion spent on development activities representing an absorption rate of 75.9 per cent, compared to 74.1 per cent (Kshs.39.81 billion) in t FY 2020/21 and Kshs.65.48 billion on recurrent activities representing 98.2 per cent on recurrent gross estimates, compared to 76.8 per cent (Kshs.52.13 billion) recorded in FY 2020/21.

4.8.3 Budget Execution by Programmes for Health Sector

The Health sector allocation was to fund five programmes. Table 4.14 shows budget execution by programmes in the Health sector in FY 2021/22.

Table 4.14: Health Sector's Programme

Source: MDAs and National Treasury

*RMNCAH: Reproductive Maternal Neo-natal Child and Adolescent Health

The National Referral and Specialized Services programme received the highest budgetary allocation in FY 2021/22 at Kshs.50.28 billion (38.5 per cent) of the revised gross estimates. The General Administration, Planning & Support Services had the lowest share at Kshs.8.10 billion (6.2 per cent) of the revised gross estimates for the sector.

The high allocation was for the national referral health services sub-programme, specifically in providing specialized healthcare services in different Referral Hospitals Countrywide.

An analysis of programme performance shows that the Health Policy, Standards, and Regulations recorded the highest proportion of programme expenditure to its revised gross estimates at 96.8 per cent. In contrast, the Preventive, Promotive & RMNCAH programme recorded the lowest at 41.6 per cent.

4.9 National Security Sector

Introduction

The National Security sector has two MDAs: The Ministry of Defence and the National Intelligence Service (NIS). The sector's mandate is to ensure the country's security against any threats from within or outside the Kenyan borders, defend the country, and support the civil powers in maintaining peace and order.

Budget Performance for National Security Sector

The budgetary allocation to the National Security sector in FY 2021/22 was Kshs.162.20 billion, revised to Kshs.180.90 billion in Supplementary Budget I and Kshs.183.96 billion in Supplementary Budget II, representing 4.8 per cent of the revised gross national budget, compared to Kshs.167.81 billion allocated in FY 2020/21. The allocations comprised Kshs.6.15 billion (3.3 per cent) for development activities and Kshs.177.81 billion (96.7 per cent) for recurrent expenditure. The Ministry of Defence was allocated Kshs.136.76 billion (74.3 per cent of the sector's share), while NIS received Kshs.47.20 billion (25.7 per cent of the sector's allocation).

In Supplementary Budget I and II, the additional allocation to the Ministry of Defence and the National Intelligence Security was towards enhancing security and personnel emoluments to the Ministry of Defence. Figure 4.15 below shows the budgetary allocation trend for the National Security sector from FY 2017/18 to FY 2021/22.

Figure 4.15: Budgetary Allocation Trend for the National Security Sector

Source: National Treasury

In FY 2021/22, the National Security sector received Kshs.181.88 billion, representing 98.9 per cent of the sector's revised net estimates, comprised of Kshs.6.08 billion for development expenditure representing 100 per cent of the revised development net estimates, and Kshs.175.80 billion for recurrent spending representing 98.9 per cent of the revised recurrent net estimates.

The Ministry of Defence received Kshs.128.60 billion for recurrent activities representing 98.5 per cent of the revised recurrent net estimates, and Kshs.6.08 billion for development expenditure, representing 100 per cent of the revised net estimates. The NIS received Kshs.47.20 billion, representing 100 per cent of the recurrent revised net estimates. Table 4.15 shows the National Security sector analysis of exchequer issues and expenditure in FY 2021/22.

Table 4.15: National Security Sector-Analysis of Exchequer Issues and Expenditure

Source: National Treasury

The total expenditure for the National Security sector in FY 2021/22 amounted to Kshs.183.30 billion, representing 99.6 per cent of the gross estimates, compared to Kshs.166.94 billion (99.5 per cent) recorded in FY 2020/21. The Ministry of Defence spent Kshs.6.08 billion on development activities, an absorption rate of 98.9 per cent compared to Kshs.9.67 billion (99.3 per cent) recorded in FY 2020/21, and Kshs.130.36 billion

on recurrent activities representing 99.8 per cent of the gross estimates compared to Kshs.112.44 billion (99.9 per cent) recorded in FY 2020/21. NIS spent Kshs.46.86 billion on recurrent activities, recording 99.3 per cent of its revised gross estimates compared to Kshs.44.83 billion (98.4 per cent) recorded in FY 2020/21.

4.9.1 Budget Execution by Programmes for National Security Sector

The National Sector allocation in FY 2021/22 was to fund five programmes. Table 4.16 shows budget execution by the National Security sector programmes in FY 2021/22.

Table 4.16: National Security Sector's Programme Performance

VOTE	Programme	Revised Gross estimates (Kshs. Billion)			Expenditure (Kshs. Billion)			Absorption (%)
		Development	Recurrent	Total	Development	Recurrent	Total	
Ministry of Defence	Defence	6.15	127.76	133.91	6.08	127.70	133.78	99.9

National Intelligence Service	National security intelligence	0.00	47.20	47.20	0.00	46.86	46.86	99.3
Total		6.15	177.81	183.96	6.08	177.22	183.30	99.6

Source: MDAs and National Treasury

The defence programme received the highest budgetary allocation at Kshs.133.91 billion (72.79 per cent) of the revised gross estimates for the sector. National Space Management had the lowest share at Kshs.200 million (less than 1 per cent) of the revised gross estimates for the sector.

The high allocation was for the Defence sub-programme, for supporting the operations of the Kenya Defence Forces.

An analysis of programme performance shows that the Civil Aid and National Space Management recorded the highest proportion of their programme expenditure to their revised gross estimates at 100 per cent each. In contrast, the General Administration, Planning and Support Services programme recorded the lowest at 90.0 per cent.

4.10 Public Administration and International Relations Sector

4.10.1 Introduction

The PAIR sector consists of fifteen MDAs, namely; The Executive Office of the President, State Department for Planning, State Department for Devolution, Ministry of Foreign Affairs, The National Treasury, State Department for Public Service, Parliamentary Service Commission, National Assembly, Parliamentary Joint Services, Commission on Revenue Allocation (CRA), Public Service Commission (PSC), Salaries and Remuneration Commission (SRC), Auditor General, Controller of Budget (COB), and Commission on Administrative Justice (CAJ).

The PAIR sector is a fundamental pillar of the Kenyan economy. The sector provides overall national leadership, oversight and policy direction, prudent public finance management for transparency and accountability, oversees national legislation, and the human resource function in the public service. Further, the sector

coordinates national and sectoral development planning, management of population policy, implementation, monitoring and evaluation, resource mobilisation and management, devolution oversight, implementation of Kenya's foreign policy, and oversight of public resources and service delivery.

Budget Performance for the PAIR Sector

The budgetary allocation to the PAIR sector in FY 2021/22 amounted to Kshs.327.87 billion, revised to Kshs.350.91 billion in Supplementary Budget I and Kshs.358.30 billion in Supplementary Budget II, representing 9.3 per cent of the revised gross national budget, compared to Kshs.302.61 billion allocated in FY 2020/21. The allocation comprised Kshs.175.96 billion (49.1 per cent) for development activities and Kshs.182.34 billion (50.9 per cent) for recurrent expenditure. The Treasury received the highest budgetary allocation at Kshs.170.10 billion (47.5 per cent of the sector's budget), while the Commission of Revenue Allocation had the lowest budgetary allocation at Kshs.446.03 billion (0.1 per cent of the sector allocation). The increased funding under the National Treasury was meant for rail transport, public finance management, and administrative expenses.

In Supplementary Budget I and II, the National Treasury received the highest budgetary allocation of Kshs.170.10 billion (47.5 per cent of the sector's funding), with an increase of Kshs.1.4 billion during the second supplementary review aimed at supporting Kenya Revenue Authority on resource mobilisation and for the Railway Development Levy Fund. The Commission of Revenue Allocation had the lowest budgetary allocation of Kshs.446.03 million (0.1per cent of the sector's funding) with a deduction of Kshs.19.6 million in the second supplementary review on account of saving on the personnel emoluments and minimal additional funding for operations and maintenance.

Figure 4.17 shows the budgetary allocation trend for the PAIR Sector for FY 2017/18 to FY 2021/22.

Figure 4.17: Budgetary Allocation Trend for the PAIR Sector

Source: National Treasury

The total exchequer issues to the PIAR sector amounted to Kshs.236.18 billion, representing 84.7 per cent of the sector's revised net estimates. This amount comprised Kshs.87.56 billion for development expenditure, representing 73.1 per cent of development revised net estimates, and Kshs.148.61 billion for recurrent activities representing 93.5 per cent of revised recurrent net estimates. Table 4.17 analyses exchequer issues and expenditure in FY 2021/22 for the PAIR Sector.

In FY 2021/22, the Auditor General received the highest proportion of development exchequer issues to development revised net estimates at 100 per cent, while the Public Service Commission received the lowest at 33.6 per cent. The State Department for Planning recorded the highest proportion of recurrent exchequer issues to recurrent revised net estimates of 100 per cent. In comparison, the Executive Office of the President recorded the lowest ratio of 84.5 per cent. Figure 4.18 shows the PAIR sector's exchequer issues in FY 2021/22.

Figure 4.18: Exchequer Issues to the PAIR Sector

Source: National Treasury

The total expenditure for the PAIR sector amounted to Kshs.324.16 billion, representing 90.5 per cent of the revised gross estimates, compared to Kshs.272.75 billion (90.1 per cent), recorded in FY 2020/21. This amount comprised Kshs.156.29 billion for the development budget representing an absorption rate of 88.8 per cent, compared to Kshs.133.56 billion (94 per cent) recorded in FY 2020/21 and Kshs.167.88 billion for recurrent expenditure representing 92.1per cent of the recurrent revised gross estimates, compared to Kshs.139.18 billion (86.7 per cent) recorded in FY 2020/21.

The State Department for Planning recorded the highest absorption of the development budget at 99.6 per cent, while the Public Service Commission recorded the lowest at 33.6 per cent. The Ministry of Foreign Affairs recorded the highest recurrent expenditure to revised gross estimates at 99.5 per cent, while the State Department for Public Service recorded the lowest at 85.7 per cent.

4.10.2 Budget Execution by Programmes for the PAIR Sector

The PAIR sector allocation in FY 2021/22 was to fund thirty-nine programmes. Table 4.18 shows budget execution by programmes in the PAIR sector in FY 2021/22.

Table 4.18: PAIR Sector's Programme Performance

Source: MDAs and National Treasury

The General Administration, Planning and Support Services programme under the National Treasury received the highest budgetary allocation at Kshs.62.58 billion (17.4 per cent) of the revised gross estimates for the sector. On the contrary, the Performance and Productivity Management programme under the Public Service Commission had the lowest allocation at Kshs.34.43 million (less than 1 per cent) of the revised gross estimates for the sector.

An analysis of programme performance shows that the Market Competition programme under the National Treasury recorded the highest proportion of programme expenditure to the revised gross estimates at 100 per cent. In comparison, Devolution Support Services under the State Department for Devolution had the lowest at 61.8 per cent.

4.11 Social Protection, Culture, and Recreation Sector

4.11.1 Introduction

The Social Protection, Culture and Recreation (SPCR) Sector comprises six Departments: Sports, Culture and Heritage, Labour, Social Protection, Pensions, Senior Citizens Affairs, Development of Arid and Semi-Arid Lands (ASALs), and Gender.

The SPCR sector plays a strategic role in the country's transformation and socio-economic development by implementing special programmes for the development of the ASALs. The SPCR sector promotes sustainable employment, harmonious industrial relations, a productive workforce, and gender equity and equality. Other key roles include empowering communities and vulnerable groups, safeguarding children's rights, and promoting diverse cultures, arts, and sports to enhance cohesiveness and Kenya's regional and international competitiveness.

4.11.2 Budget Performance for SPCR Sector

The budgetary allocation to the SPCR sector in FY 2021/22 amounts to Kshs.72.19 billion, revised to Kshs.73.68 billion in Supplementary Budget I and Kshs.75.03 billion in Supplementary Budget II, representing 2 per cent of the revised gross national budget, compared to Kshs.59.95 billion allocated in FY 2020/21. The allocation comprised Kshs.31.77 billion (42.3 per cent) for development activities and Kshs.43.26 billion (57.7 per cent) for recurrent expenditure. The State Department for Social Protection, Pension, and Senior Citizen Affairs received the highest budgetary allocation at Kshs.37.21 billion (49.6 per cent of the sector's budget), while the State Department for Culture and Heritage had the lowest budgetary allocation at Kshs.3.15 billion (4.2 per cent of the sector allocation). The high budget under the State Department for Social Protection, Pension, and Senior Citizen Affairs is attributed to funding the national social safety net, social development, and children's services.

In Supplementary Budget, I and II, the additional funding to the State Department for Social Protection, Pension, and Senior Citizen Affairs in its recurrent expenditure was to cater for famine relief food supplies, while the increase in capital expenditure was on account of donor funding for the Kenya Social and Economic Inclusion project. The State Department for Development of the ASAL received additional Kshs.1.3 billion in the first supplementary review for drought interventions and rent shortfall, which was later reduced by Kshs.232 million in the second supplementary review because of the low absorption of donor funds. The State Department for Culture and Heritage budget received an additional allocation for the sector to cater for personnel emoluments for the Kenya National Library. Figure 4.19 shows the budgetary allocation trend for the SPCR sector from FY 2017/18 to FY 2021/22.

Figure 4.19: Budgetary Allocation Trend for the SPCR Sector

Source: National Treasury

The total exchequer issues to the SPCR sector amounted to Kshs.54.86 billion, representing 94.8 per cent of the sector's revised net estimates. This amount comprised Kshs.13.39 billion for development expenditure, representing 82.7 per cent of development revised net estimates, and Kshs.41.47 billion for recurrent activities representing 99.5 per cent of revised recurrent net estimates. Table 4.19 shows the SPCR sector analysis of exchequer issues and expenditure in FY 2021/22.

Table 4.19: SPCR Sector-Analysis of Exchequer Issues and Expenditure

Source: MDAs and National Treasury

In FY 2021/22, the State Department for Culture and Heritage received the highest proportion of development exchequer issues to development revised net estimates at 100 per cent, while the State Department for Social Protection, Pensions & Senior Citizens Affairs received the lowest at 44.4 per cent. The State Department for Development for the ASALs recorded the highest proportion of recurrent exchequer issues to recurrent revised net estimates of 100 per cent. The State Department for Sports recorded the lowest ratio of 97.9 per cent. Figure 4.20 shows the exchequer issues to the SPCR sector in FY 2021/22.

Figure 4.20: Exchequer Issues to the SPCR Sector

Source: National Treasury

The total expenditure for the SPCR sector amounted to Kshs.66.63 billion, representing 88.8 per cent of the revised gross estimates, compared to Kshs.51.44 billion (85.8 per cent), recorded in FY 2020/21. This amount

comprised Kshs.24.63 billion for the development budget representing an absorption rate of 77.5 per cent, compared to Kshs.13.63 billion (65 per cent) recorded in FY 2020/21 and Kshs.42.0 billion for recurrent expenditure representing 97.1 per cent of the recurrent revised gross estimates, compared to Kshs.37.82 billion (97 per cent) recorded in FY 2020/21.

The State Department for Culture and Heritage recorded the highest absorption of the development budget at 98.8 per cent, while the State Department for Labour recorded the lowest at 57.1 per cent. The State Department for Labour recorded the highest recurrent expenditure to revised gross estimates at 99.5 per cent. The State Department for Culture and Heritage recorded the lowest at 88.5 per cent.

4.11.3 Budget Execution by Programmes for SPCR Sector

The SPCR sector allocation was to fund fifteen programmes. Table 4.20 shows budget execution by programmes by the SPCR sector in FY 2021/22.

Table 4.20: SPCR Sector's Programme Performance

VOTE	Programme	Revised Gross estimates (Kshs. Billion)			Expenditure (Kshs. Billion)			Absorption Rate (%)

Total		31.77	43.26	75.03	24.20	41.85	66.05	88.03

Source: MDAs and National Treasury

In FY 2021/22, the National Social Safety Net programme under the State Department for Social Protection, Pensions & Senior Citizens Affairs received the highest budgetary allocation at Kshs.32.58 billion (43.4 per cent) of the revised gross estimates for the sector, while General Administration, Planning and Support Services programme under the State Department for Social Protection, Pensions & Senior Citizens Affairs had the lowest allocation at Kshs.179.45 million (less than per cent) of the revised gross estimates for the sector.

The high allocation under the National Social Safety Net programme was for social assistance to vulnerable groups sub-programme in supporting the weak persons, rehabilitating street families, and supplying relief food to the needy.

An analysis of programme performance shows that the Community Development programme under the State Department for Gender recorded the highest proportion of programme expenditure to the revised gross estimates at 100 per cent. In comparison, Accelerated ASALs Development under the State Department for Development of the ASALs had the lowest at 65.7 per cent

5 KEY ISSUES AND RECOMMENDATIONS

5.1 Introduction

This chapter highlights the critical issues that affected budget implementation in FY 2021/22. Further, it provides recommendations to achieve effective budget execution.

5.1.1 Declining Allocations to Development Expenditure

In FY 2021/22, the overall gross government budget was Kshs.3.46 trillion, comprising Kshs.688.75 billion for the development vote and Kshs.2.77 trillion for the recurrent vote. The recurrent vote comprised Kshs.1.46 trillion and Kshs.1.31 trillion for recurrent ministerial budget and Consolidated Fund Services, respectively.

The development expenditure allocation was 19.89 per cent of the total Government budget.

Further, an analysis of the budget performance trend over the past three years, i.e., FY 2019/20, FY 2020/21, and FY 2021/22, shows a reduction in budgetary allocation to the development budget and growth in recurrent funding, which is attributed mainly to an increase in the CFS budget, notably for public debt. Development expenditure has also shown a decline in the overall expenditure of the development budget, while the recurrent budget has recorded growth. This trend indicates that recurrent expenditure deprived development activities of resources, resulting in low investment in capital projects that would enhance economic growth.

The overall absorption of the National Government budget was 83.3 per cent (Kshs.2.88 trillion). Development expenditure recorded an absorption rate of 71.0 per cent (Kshs.489.14 billion), recurrent ministerial expenditure recorded an absorption rate of 95.6 per cent (Kshs.1.40 trillion) and 76.1 per cent for the Consolidated Fund Services (Kshs.995.95 billion). The below-target budget absorption implies that some targeted activities were not undertaken as budgeted.

The Controller of the Budget recommends that the government focus on growing the development budget to hasten economic development in the country. In addition, the National Treasury should ensure timely release of the disbursements to the MDAs and ensure timely implementation of the planned activities.

5.1.2 Delay in the Disbursement of Funds

Total exchequer issues by the National Treasury to MDAs and County Governments in FY 2021/22 were Kshs.3.08 trillion, recording 92.3 per cent of the annual target. The exchequers comprised 80.4 per cent of the development budget, 97.9 per cent of the recurrent ministerial budget, 91 per cent for CFS, and 92 per cent for the County governments. In our previous reports, low absorption due to delays in disbursement was reported as hindering projected performance at both levels of government.

Delay in the disbursement of funds negatively affects the timely implementation of the planned activities for the MDAs and County governments. The Controller of Budget recommends that the National Treasury adheres to the cash plan forecast as per Section 29 (2) of the PFM Act and section 17(6) of the PFM Act, 2012, when releasing funds to MDAs and the County governments.

5.1.3 Poor Budget Discipline, as Reflected in Additional Funding Requests Just After the Start of the Financial Year

At the start of FY 2021/22, some MDAs made funding requests under Article 223 of the Constitution for expenditures that should have been foreseen and included in the annual budget. While Article 223 allows

MDAs to access funds that have not been appropriated, such access should only be made in instances where; (i) the amount appropriated for any purpose under the Appropriation Act is insufficient, or a need has arisen for expenditure for a purpose for which no amount has been appropriated by the Act, or (ii) money has been drawn from the Contingencies Fund.

The CoB was concerned that some sectors do not include already known expenditures in their budgets but use Article 223 of the Constitution to request additional funds for activities that could have been provided as part of the regular budget estimates. The frequent changes observed in the supplementary budgets may indicate a lack of budget discipline.

Therefore, the use of Article 223 of the Constitution should strictly be applied in accordance with the law. Appropriate budgeting during the budget cycle should be upheld, specifically for multi-year capital projects.

5.1.4 Poor Follow-Through on Some Programmes and Sub-Programmes

Analysis of MDAs' budget implementation by programmes shows that some programmes absorbed 100 per cent of the allocated funding while others recorded way below 50 per cent. Some of the programmes with the lowest absorption include marine, air transport services and road safety under the State Department for Transport, water resource management, and water storage and flood control under the Ministry of Water, Sanitation and Irrigation.

The Controller of Budget recommends that MDAs institute mechanisms to follow through with implementing programmes and sub-programmes during the financial year to enhance service delivery to the citizens. Non-performing programmes should be scrapped to free up funds for other needy projects.

5.1.5 Late Submission of Financial and Non-Financial Reports From The MDAS to The Office of The Controller Of Budget

Under Article 228(6) of the Constitution, the CoB must submit a budget implementation report for the National and County Governments to Parliament every quarter. To perform this reporting role effectively, the CoB provided guidelines and formats to MDAs to guide them when submitting their financial and non-financial reports for FY 2021/2022 to enhance uniformity and compliance in reporting.

However, some MDAs did not submit their reports as per the guidelines issued and did not disclose some expenditures. In some cases, submissions were made later than the required submission date as presented under Annex VIII (referenced on page 111). The non-disclosure of budget performance information may result in under-reporting and not reflecting the actual position of budget performance.

The CoB recommends that all Accounting Officers ensure that financial and nonfinancial performance reports reflect the proper position of the budget performance for accurate reporting and in a timely manner as per Section 83 (4) of the Public Finance Management Act, 2012.

5.1.6 Delay in Settlement of Pending Bills

As of 30th June 2022, the total outstanding MDA's pending bills stood at Kshs.49.24 billion, while State Owned Enterprises (SOEs) amounted to Kshs.448.6 billion. The SOE's pending bills include payments to contractors, and suppliers, unremitted statutory and other deductions, and pension arrears for Local Authorities Pension Trust, among others. The highest percentage of the SOE's pending bills (6per cent) belong to Contractors/ Projects and Suppliers.

Delayed payment to suppliers and contractors adversely affects their businesses in terms of liquidity. At the same time, the government is negatively impacted by low revenue due to delays in tax submission and trust by the suppliers. The country's overall economic growth is thereby negatively impacted.

The Controller of Budget recommends that Accounting Officers ensure payment of the eligible pending bills is prioritised as the first charge in FY 2022/23 and settle bills without delay as provided in Regulations 42(1a) of the Public Finance Management Act (National Government) Regulations, 2015.

5.1.7 Growth in Public Debt

As of 30th June 2022, the Public debt stock stood at Kshs.8.45 trillion, comprising 50.7 per cent due to external lenders and 49.3 per cent due to domestic lenders, recording a 9.6 per cent growth from Kshs.7.71 trillion reported on 30th June 2021. The Controller of Budget has noted that public debt stock has grown significantly over the recent years to finance the budget deficit. The growth in public debt stock has, nonetheless, resulted in an increase in principal and interest repayment on both domestic and external loans. Likewise, the National Treasury continues to pay huge sums in commitment fees for several years for loans that are yet to benefit the country.

The allocation towards servicing the public debt in FY 2021/22 amounted to Kshs.1.17 trillion, representing 88.1 per cent of the CFS budget, compared to Kshs.958.40 billion in FY 2020/21. Total expenditure on public debt during FY 2021/22 amounted to Kshs.847.15 billion, compared to Kshs.765.91 billion in FY 2020/21.

Section 50(1) of the PFM Act states that “in guaranteeing and borrowing money, the national government shall ensure that its financing needs and payment obligations are the at the lowest possible cost in the market, which is consistent with a prudent degree of risk while ensuring an overall level of public debt is sustainable”.

In line with the above Section, the Controller of Budget recommends that the Government ensure that borrowing is only for development expenditure and at the minimum cost to keep debt sustainable. The payment of commitment fees should be rationalised and the loans drawn down or cancelled to stem the haemorrhage.

6 CONCLUSION

The Office of the Controller of Budget prepared this Annual National Government Budget Implementation Review Report covering July 2021 to June 2022 in fulfilment of Article 228 of the Constitution of Kenya and Section 9 of the Controller of Budget Act, 2016. The report provided information on budget performance in FY 2021/22. The report also cumulated key issues that hampered effective budget execution by the National Government in FY 2021/22.

In FY 2021/22, the revised gross budget for the National Government was Kshs.3.46 trillion compared to Kshs.3.42 trillion for FY 2020/21. The Controller of Budget noted a decline in the development budget compared to previous financial years. It calls for the government to consider more funding for development programmes to foster economic growth. Receipts into the Consolidated Fund were Kshs.3.06 trillion representing 91.7 per cent of the revised annual target compared to Kshs.2.82 trillion received in FY 2020/21 (95.6 per cent of the annual target). Kenya Revenue Authority has attributed a positive revenue change to taxpayers' enhanced tax compliance. The increase in tax revenues can also be attributed to improved business activities following the lifting of mitigation measures that the government had set to curb the spread of the COVID-19 pandemic. The implication is that with enhanced tax compliance, the government can generate revenue for budget support and reduce overreliance on deficit financing.

The total exchequer issues in the financial year were Kshs.3.08 trillion representing 92.3 per cent of the revised net estimates, comprised of Kshs.341.01 billion for development expenditure, Kshs.2.40 trillion for recurrent expenditure, and Kshs.341.01 billion for County governments, representing 80.4 per cent, 94.3 per cent, and 92 per cent, respectively. However, counties did not receive their equitable share for June 2022 from the national government and carried the balance forward to FY 2022/23. Delay in releasing funds to MDAs and counties is likely to affect planned activities and interrupt service delivery to the citizens.

Total expenditure for the national government was Kshs.2.91 trillion representing an overall budget absorption rate of 84.3 per cent, compared to the 85.4 per cent (Kshs.2.52 trillion) achieved in FY 2020/21. This comprised of development expenditure of Kshs.553.37 billion, an absorption rate of 80.3 per cent, and recurrent expenditure of Kshs.2.40 trillion, representing 86.7 per cent of the revised recurrent gross budget. The low overall absorption rate could be attributable to the low absorption of the development budget and the Consolidated Fund Services.

Despite the revival of the economy after the global effect of the economic environment caused by the spread COVID-19 pandemic, there is a need to address some of the critical issues the Controller of Budget identified as hampering overall budget implementation to deliver on the country's development agenda. These include the delay in settlement of pending bills, growth in public debt, the decline in the development expenditure compared to the growth of recurrent budget, and delay in disbursement of funds to Ministries, Departments, Agencies, and County Governments. There is also a need for greater budget discipline going forward.

The Controller of Budget recommends that MDAs with pending bills ensure payment of the bills is prioritised as the first charge in FY 2022/23 Budget before embarking on new development projects. In addition, the National Treasury should adhere to the cash plan forecast as per Section 29 (2) of the PFM Act and Section 17(6) of the PFM Act when releasing funds to MDAs and the County governments. On declining development budget over the years, the Controller of the Budget recommends that the government focus on growing the development budget to hasten economic development in the country.

To curb the growth of public debt, the government should implement strategies to check revenue leakages and improve revenue collection by the National and County Governments. Further, MDAs should devise mechanisms to follow through with the implementation of programs and reallocate funds where there is a likely hood it will not be utilised within the implementation period. To avoid requests for additional funding immediately after the start of the financial year, there should be proper planning at the sector working group, stage and the use of Article 223 of the Constitution should be strictly applied in accordance with the law.

Finally, Accounting Officers should ensure quarterly financial and non-financial performance reports are submitted in a timely manner as per Section 83(4) of the PFM Act, 2012 to the Controller of Budget to ensure timely submission of budget implementation review reports by the Controller of Budget to the Parliament,
