Dr Leah Bii  
Representing Director KMTC

Hon Mohammed Gabbow –  
Representing National Council for  
Persons with Disabilities

**4. Key Management Team**

There were no management team during the year under review.

### **5. Chairman's Statement**

The fiscal year 2020/2021 has been a testing period for the Physiotherapy Council of Kenya (PCK) in terms of revenue generation. The challenges posed by the ongoing Covid-19 pandemic have significantly impacted our financial standing. Despite this, the Council has been proactive in exploring innovative avenues for revenue generation. We have undertaken a comprehensive review of our financial strategies, seeking to diversify income streams and ensure the sustainability of our operations in the face of economic uncertainty.

The PCK recognizes the paramount importance of public awareness in fostering an understanding of the role and significance of physiotherapy. Throughout the year, we have intensified our efforts to sensitize the public about the pivotal role physiotherapy plays in promoting health and well-being. Various channels, including social media, community outreach programs, and collaborations with media partners, have been leveraged to disseminate information and debunk misconceptions surrounding physiotherapy.

In a rapidly evolving healthcare landscape, strategic partnerships and linkages are instrumental in achieving our objectives. The PCK has actively sought collaborations with government bodies, healthcare institutions, and international organizations. These partnerships are not only crucial for sharing knowledge and resources but also for amplifying our collective impact on the physiotherapy profession. As we move forward, we remain committed to fostering meaningful relationships that advance the goals of the PCK and contribute to the overall improvement of healthcare services in Kenya.

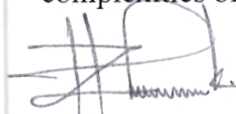

The PCK Act is a cornerstone of our regulatory framework, and discussions surrounding its impact and potential revisions have been at the forefront of our agenda. We acknowledge the need for a dynamic legislative framework that aligns with the evolving healthcare landscape and ensures the highest standards of practice. The Council has actively engaged with relevant stakeholders and authorities to address any gaps in the current legislation and advocate for amendments that support the growth and development of the physiotherapy profession.

Amidst the trials and tribulations, the PCK has achieved noteworthy milestones. The dedication of our members, the successful implementation of public awareness campaigns, and the resilience displayed in the face of financial challenges are all commendable achievements. However, challenges persist, including economic uncertainties and the need for continuous adaptation to emerging healthcare trends. We remain vigilant in addressing these challenges, drawing strength from our collective commitment to the betterment of physiotherapy services in Kenya.

*Physiotherapy Council of Kenya*  
**Annual Report and Financial Statements**  
**For the year ended June 30, 2021.**

---

Looking ahead, the PCK is poised for a future that embraces change, innovation, and growth. We envision a strengthened regulatory framework, expanded public understanding of physiotherapy, and enhanced collaborations that position the PCK as a leading authority in the healthcare sector. Our commitment to excellence, transparency, and inclusivity will guide us as we navigate the complexities of the healthcare landscape.

**Dr. Nassib Tawa**  
**Chairman**

## **6. Report of the Chief Executive Officer**

The fiscal year 2020/2021 has been a period marked by numerous challenges, primarily attributed to the global Covid-19 pandemic. The Physiotherapy Council of Kenya (PCK) faced substantial hurdles that impacted its financial standing. Despite these challenges, the Council embraced innovative approaches, leveraged online platforms for communication, and demonstrated resilience in the face of adversity.

The fiscal challenges stemming from the pandemic led to a considerable reduction in revenues for the Council. Comparing the financial data from 2019/2020 to 2020/2021, the revenues plummeted from Ksh 9671,205 to Ksh 8,855,178 reflecting the economic impact of the ongoing crisis.

In response to the limitations imposed by the pandemic, the PCK swiftly adapted and has continued to expand utilization of online platforms for meetings and interactions with its members. This transition not only ensured the continuity of essential operations but also laid the foundation for a more interconnected and technologically adept organization.

Despite the challenging economic climate, the Council continued to register new members and health facilities. This growth signifies the resilience and relevance of physiotherapy services, even in the face of a global health crisis.

The PCK took significant strides in revising clinical protocols and initiating the revision of health facility checklists. These measures are essential for maintaining high standards within the physiotherapy profession and ensuring the safety and well-being of both practitioners and patients.

The Council has continued to actively engaged in public sensitization and awareness creation campaigns during the year. This outreach aimed to educate the public about the role of physiotherapy in health care and the role of the council in ensuring quality physiotherapy services are offered to the public.

*Physiotherapy Council of Kenya*  
**Annual Report and Financial Statements**  
**For the year ended June 30, 2021.**

---

Strategic partnerships and linkages played a pivotal role in navigating the challenges of the year. Collaborations with other healthcare organizations and stakeholders strengthened the Council's position and facilitated a more coordinated response to emerging issues.

In the face of evolving circumstances, the PCK implemented robust enforcement and compliance measures to ensure that all members adhered to the highest professional standards. This commitment to regulatory compliance is crucial for upholding the integrity of the physiotherapy profession.

The Council adopted a proactive approach to revenue recognition, exploring new avenues and strategies to mitigate the financial impact of the pandemic. This included exploring alternative funding sources and optimizing existing revenue streams.

While the year posed significant challenges, the PCK achieved notable milestones in terms of membership growth, standards enhancement, and public outreach. However, challenges persist, requiring continuous adaptation and strategic planning to navigate the uncertain landscape. Some of the key challenges include limited finances, low staffing and limited awareness among the public on the role of physiotherapy in health care and the role of the council.

Looking ahead, the Physiotherapy Council of Kenya is poised for continued growth and resilience. The lessons learned during the pandemic will inform future strategies, emphasizing adaptability, innovation, and a commitment to the highest standards in physiotherapy.

**7. Statement of Performance against Predetermined Objectives for FY 2020/2021**

The Council's had not developed and crafted a strategic plan at the time of audit and therefore could not objectively compare the performance vas the strategic plan as required.

However, the Council is committed to ensure that it meets its mandate which as prescribed in the enabling Act

The Objectives are listed below:

<b>Quality Objective</b>	<b>Performance against objectives</b>
Prescribe the minimum educational requirements for persons wishing to be registered as physiotherapists; Sec 4, (2) 1 a)	Compliance with educational standards established and enforced
Consider and approve the qualifications of physiotherapists for the purposes of registration; Sec 4, (2) 1 b)	Timely review and approval of qualification applications undertaken
Cause to be maintained a register of all persons registered as physiotherapists: Sec 4, (2) 1 c)	Register for all persons registered as per the Act maintained
prescribe and conduct examinations for purposes of registration under this Act collaboration with the approved institutions; Sec 4, (2) 1 d)	Necessary structures to ensure delivery of credible examinations being put in place
approve institutions other than those established or accredited under the Universities Act, 2012, or the Technical and Vocational Education and Training Act, 2013 for the training of physiotherapists; Sec 4, (2) 1 e)	Five institutions so far inspected and given temporary accreditation. Others to be inspected in the next financial year.
license the private practice of physiotherapists; Sec 4, (2) 1 f)	Efficient process of inspection of facilities and issuance of practice licenses has been put in place and is working well
Establish and maintain a professional code of conduct for all persons registered under this Act Sec 4, (2) 1 g)	Draft physiotherapy code of conduct developed, awaiting finalization.
regulate the professional conduct of registered physiotherapists and take such disciplinary measures as may be appropriate to maintain proper professional standards; Sec 4, (2) 1 h)	There is an established disciplinary committee that ensures that ensures adherence to regulations and professional codes of conduct.
establish, approve and accredit programs for continuing professional educational programs; Sec 4, (2) 1 i)	A robust process of approving CPD providers established. A list of approved CPD providers available.
cause to be published in the Kenya Gazette every calendar year or such other period as may be prescribed, the names of all registered	List of approved physiotherapists published in the council website.

physiotherapists; Sec 4, (2) 1 j)	
-----------------------------------	--

### **8. Corporate Governance Statement**

The Council consists of a Board responsible for governance and a Secretariat headed by the Chief Executive Officer responsible for the day-to-day execution of the affairs of the Council.

The Board consists of;

- a) A Chairperson appointed by the Cabinet Secretary
- b) The Principal Secretary responsible for health or a designated representative not below the level of Chief Physiotherapist
- c) Director of the Kenya Medical Training College or a designated representative not below the level of Deputy Director;
- d) Director of the National Council for Persons with Disabilities or a designated representative not below the level of Deputy Director;
- e) physiotherapists working in the private sector
- f) physiotherapists working in the county governments;
- g) physiotherapists working in universities in Kenya which award the qualifications recognized by the Council under section 4;
- h) a representative of the governing organ of the Kenya Society of Physiotherapists.
- i) the Registrar who shall be the secretary to the Council.

The appointment of a member of the Board may be terminated by the appointing authority where the member-

- a) is adjudged bankrupt or enters into a composition or scheme of arrangement with his creditors;
- b) is convicted of an offence and sentenced to imprisonment for a term of six months or more without the option of a fine;
- c) is incapacitated by prolonged physical or mental illness from performing his duties as a member of the Authority; or
- d) Becomes, for any reason, incapable or incompetent of properly performing the functions of office.

*Physiotherapy Council of Kenya*  
**Annual Report and Financial Statements**  
**For the year ended June 30, 2021.**

---

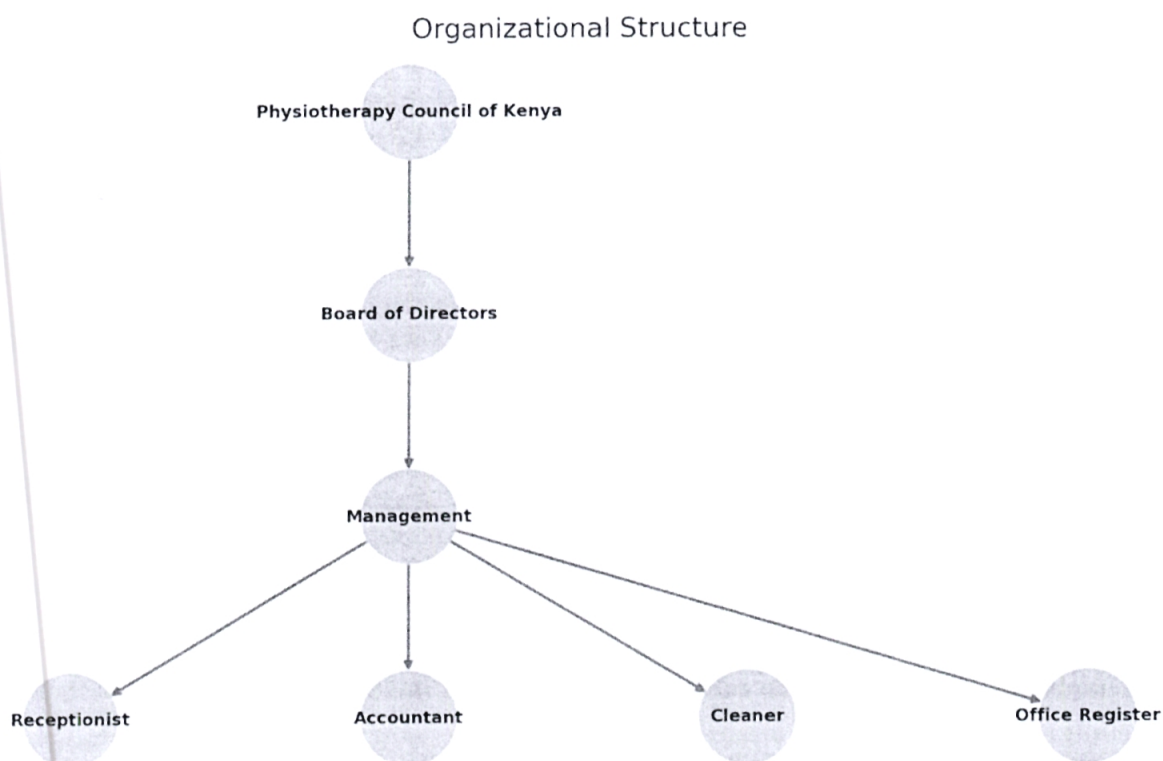

No person shall be appointed as chairperson of the Council unless such person is-

- (a) is registered under this Act as a physiotherapist; and
- (b) a physiotherapist of not less than ten years standing

The Council's Board of Directors has the appropriate mix of skills, knowledge and experience to perform its role effectively. The areas of expertise of the current Board of Directors are Physiotherapist and related Healthcare services providers and financial expertise.

In order to effectively and efficiently carry out its governance roles and responsibilities, the Board is in the process of establishing Committees.

**Figure I: Governance structure.**

### **Board meetings**

There were board meetings held during the year under review

### **Roles and functions of the Board**

The Board is responsible for the governance of the Council. The Council's act 2014 stipulates the governance parameters within which the Board exists and operates. A summary of the Board responsibilities are as follows;

Determine the organization's mission, vision, purpose and core values.

Set and oversee the overall strategy and approve significant policies of the organization.

- a) Ensure that the strategy is aligned with the purpose of the organization and the legitimate interests and expectations of its physiotherapy services and other stakeholders.
- b) Ensure that the strategy of the organization is aligned to the long-term goals of the organization on sustainability so as not to compromise the ability of future generations to meet their own needs.
- c) Approve the organizational structure.
- d) Approve the annual budget for the organization.
- e) Monitor the organization's performance and ensure sustainability.
- f) Enhance the corporate image of the organization.
- g) Ensure availability of adequate resources for the achievement of the organization's objectives.
- h) Ensure effective communication with stakeholders.

#### **Board remuneration**

The Board members are paid sitting allowances for each meeting attended as per the existing SRC circulars. The Board Chairman is paid a monthly taxable honorarium of Ksh 15,000.

#### **Conflict of interest**

Directors have a statutory duty to avoid situations in which they have interests, which may conflict with the interests of the Authority. Upon presentation of the agenda items for the Committee or Board meetings, members present declare (non) existence of conflict of interest.

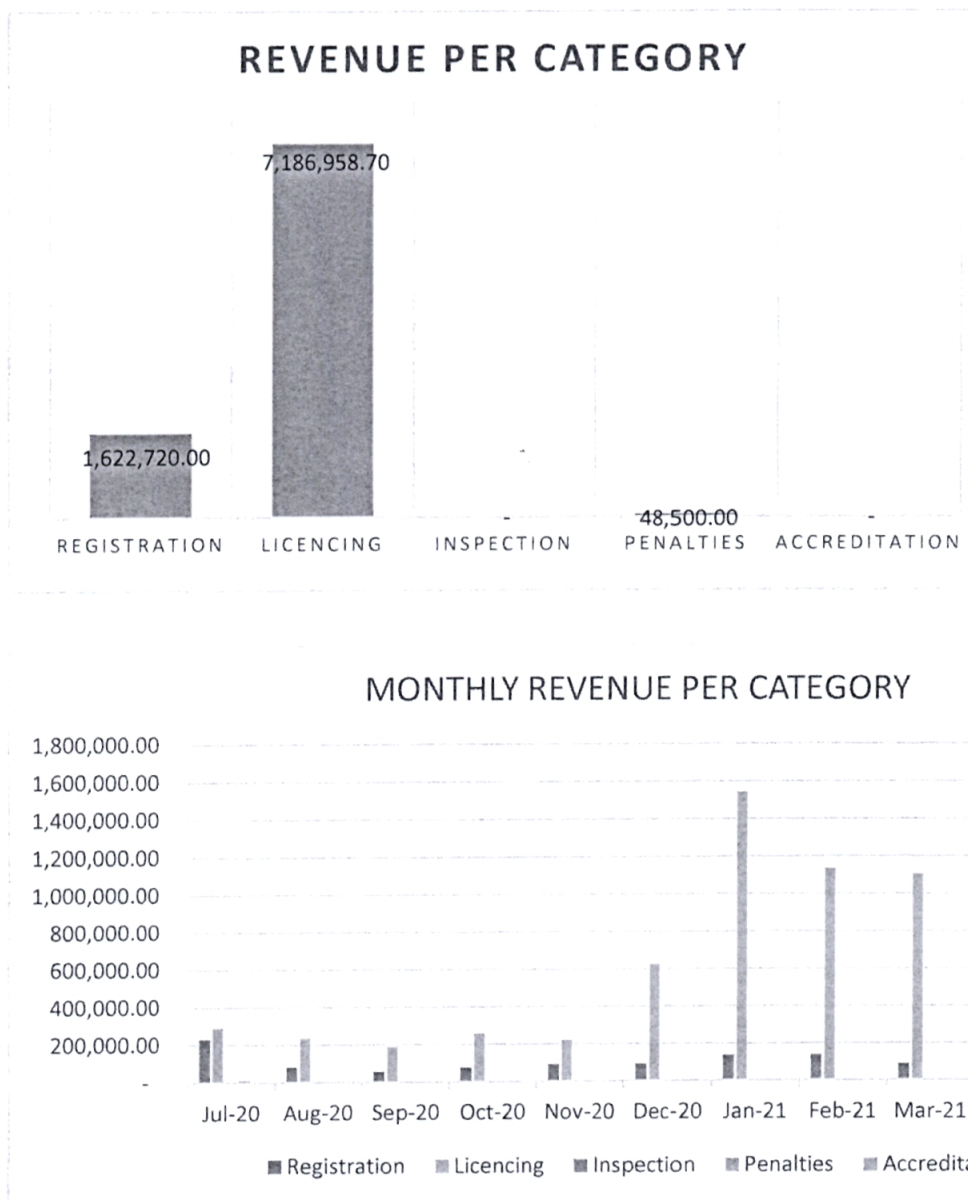

### **9. Management Discussion and Analysis**

#### **a) Financial Performance**

The Council collected Kes. 8,858,178.7 from Member registration fees, Licensing fees, inspection fees, Penalties Charges and accreditation fees in the financial year 2020/2021

**Figure II: Analysis of revenue collection from July 2020 to June 2021.**

*Physiotherapy Council of Kenya*  
**Annual Report and Financial Statements**  
**For the year ended June 30, 2021.**

**Figure III: Review of financial performance since inception in 2014**

The Council had not generated any revenue prior to financial year 2016/17 and thus no activities were done during initial years of set up.

**Entity's compliance with statutory requirements**

During the year, the council is not registered to submit all deduction due to statutory bodies including NHIF, NSSF, KRA and HELB.

### **Major Risks facing the entity**

**Operational risk:** The Council's work is at times hampered by logistical issues such as lack of transport. Efficient and adequate mobility is critical for a Regulatory body like the Council, Inadequate Staffing as well as inadequate policy guidelines.

**Financial risk:** The Council had been relying heavily on registration and licensing fees with no single allocation from the ministry. Lack of Budget, many a time, expose the Council to financial constraints. The Council is increasingly collecting revenue from members and exploring other sources of income such as private sector and development agencies to support its work.

**Legal risk:** Some gaps have been identified in the corporate governance where there are no board committees especially the prescribed mandatory committees as per the Act thus non-compliance. There are increased efforts laid down to set up functional board committees to mitigate this risk

**Political risk:** Office tenure and constitution of a functional council can pose a significant risk to the council, delay in appointments of office bearers may as well hinder the council's operations. Often, issues are politicized and this adversely affects the Council's progress. The Council has however enhanced discussions and information sharing sessions with the members of the Ministry of Health as well as awareness creation for the Kenyan Citizenry to enhance understanding of the tenets of the law.

### **The entity's financial improbity and serious governance issues**

The Council had no financial improbity or serious governance issues during the year.

Great milestones have so far been attained in the 4 years of the Council's existence. A Bill seeking to amend the Act in order to provide clarity for the effective implementation of this Act was submitted and tabled in cabinet and adopted. The amendments addressed salient issues that shall ensure Compliance and effective governance of physiotherapy in expanding duties and responsibilities of the Key driving committees as prescribed in the amendments. This will foster a clear mandate execution through the overarching council's guidelines and rules as envisaged through effective administration of the Act.

## **10. Environmental and Sustainability Reporting**

The Council promotes sustainable physiotherapy programs through member driven approach for mutual professional benefits. There are no major environmental requirements expected to be met by the council

### **a) Employee welfare**

The Council will has been relying on the guidelines provided by the national human resource management policies has a clear job descriptions and competitively recruits for vacant positions as and when they are required and resources made available. The Council observes the gender rule and promotes national cohesion by hiring from other ethnicities and religious affiliations.

### **b) Improvement of skills and managing careers, appraisal and reward systems**

The Council will allocate a budget for training to enhance staff competence and capacity to deliver effectively and efficiently. The Council will embrace performance management and will commit to achieve their set out targets.

### **c) Policy on safety and compliance with Occupational Safety**

A safe work environment is necessary for a productive workforce. The Council complies with the Occupational Safety and Health Act of 2007(OSHA) through the following efforts through the Ministry:

1. Training of staff on handling fire emergencies;
2. Having First Aid Kits and emphasize on the need for personal responsibility culminating in social responsibility;
  1. Having a Fire Assembly Point and are in touch with the Ministry Fire Response team in case of emergency.

### **i) Market place practices-**

#### **a) Enhance Responsible competition practice**

The council does not engage with the public for competitive products and services:

1. Internal measures

*Physiotherapy Council of Kenya*  
**Annual Report and Financial Statements**  
**For the year ended June 30, 2021.**

---

The Council will be keen on the integrity of its staff which will inadvertently reflect on the integrity of the Council. To this end the Council, through its management conducts staff anti-corruption training at least once a year and mandates the management to sign and adhere to the Public servants ethics and integrity code through the Ministry.

2. External Measures

The Council relates with the public and other stakeholders and has in place stakeholder engagement forums and feedback platforms.

**b) Responsible Supply Chain and Supplier relations**

The Council will be keen to observe principles of procurement as outlined by the Public Procurement and Asset Disposal Act, 2015 when fully set out operational policies and guidelines are put in place.

**d) Responsible Marketing and Advertisement**

The Council will seek to ensure responsible marketing and advertisement when operational policies and guidelines are set out through:

Ensuring there is equity and fairness in provision of information to suppliers on the required goods, works and services.

- i. Ensuring confidentiality of the information received from suppliers about their businesses and bids submitted in accordance with PPDA of 2015.
- ii. Ensuring the suppliers are notified of the proceeding resulting from the tender they submitted in accordance with the regulation and act.
- iii. Ensuring there is transparency in evaluation of suppliers and awarding of tenders based on the evaluation criteria described in solicitation document.
- iv. Ensuring the organization gets value for their money and at the same time the supplier benefits from the service, good or work rendered to the organization.

**e) Product Stewardship**

The Council will seek to ensure that consumer rights and interests are safeguarded through:

- a) Advising the Ministry on applicable licenses and rates in relation to Physiotherapy which in turn is subjected to public participation.
- b) Ensuring that public participation is embraced during any proposed product or

service/policy or guidelines

### **Corporate Social Responsibility**

While dispensing our mandate as the lead agency in all matters to Physiotherapy in the County, the Council will make efforts to also give back to the community. The Council does not have a structured way of carrying out CSR activities.

#### **11. Report of the Directors**

The Directors submit their report together with the audited financial statements for the year ended June 30, 2021, which show the state of the Council's affairs.

##### **a) Principal activities**

The principal activity of the Council is the provision for training and licensing of Physiotherapists and to regulate their practice in protecting health and safety of the public by ensuring ethical and competent Physiotherapists offer services to the public.

##### **b) Results**

The results of the Council for the year ended June 30, 2021, are set out on page 1-7.

##### **c) Directors**

The members of the Board of Directors who served during the year are shown on page v.

##### **d) Surplus remission**

In accordance with Regulation 219 (2) of the Public Financial Management (National Government) Regulations, regulatory entities shall remit into Consolidated Fund, ninety per centum of its surplus funds reported in the audited financial statements after the end of each financial year. The Authority did not remit any funds to the Consolidated Fund because the funds were reallocated in the subsequent year and there is an act which guides on distribution of the resources.

*Physiotherapy Council of Kenya*  
**Annual Report and Financial Statements**  
**For the year ended June 30, 2021.**

---

**e) Auditors**

The Auditor-General is responsible for the statutory audit of the Authority in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015.

**By Order of the Board:**

Name: *Douglas Kotut*

Signature: *[Handwritten Signature]* Date: *28<sup>th</sup> February, 2024.*

Secretary to the Board

## **12. Statement of Directors Responsibilities**

Section 81 of the Public Finance Management Act, 2012 and (section 16) of the Physiotherapy Council of Kenya Act, 2014 require the Directors to prepare financial statements in respect of the Council, which give a true and fair view of the state of affairs of the Council at the end of the financial year and the operating results of the Council for that year. The Directors are also required to ensure that the Council keeps proper accounting records which disclose with reasonable accuracy the financial position of the Council. The Directors are also responsible for safeguarding the assets of the Council.

The Directors are responsible for the preparation and presentation of the Authorities financial statements, which give a true and fair view of the state of affairs of the Council for and as at the end of the financial year ended on June 30, 2021. This responsibility includes:

- i. maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period;
- ii. maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity;
- iii. designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud;
- iv. safeguarding the assets of the Authority;
- v. selecting and applying appropriate accounting policies; and
- vi. making accounting estimates that are reasonable in the circumstances.

The Directors accept responsibility for the Council's financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Financial Reporting Standards (IFRS), and in the manner required by the PFM Act, 2012. The Directors are of the opinion that the Council's financial statements give a true and fair view of the state of the Council's transactions during the financial year ended June 30, 2021, and of the Council's financial position as at that date. The Directors further confirm the completeness of the accounting records maintained for the Council, which have been relied upon in the preparation of the Council's financial statements as well as the adequacy of the systems of internal financial control.

*Physiotherapy Council of Kenya*  
**Annual Report and Financial Statements**  
**For the year ended June 30, 2021.**

---

Nothing has come to the attention of the Directors to indicate that the Council will not remain a going concern for at least the next twelve months from the date of this statement.

**Approval of the financial statements**

The Council's financial statements were approved by the Board on ~~28th February, 2021~~ <sup>28th February, 2024</sup> and signed on its behalf by:

Signature: 

Name: HENRY OPONDU

Chairperson of the Board

Signature: 

Name: Douglas Kotut

## REPORT OF THE AUDITOR-GENERAL ON PHYSIOTHERAPY COUNCIL OF KENYA OR THE YEAR ENDED 30 JUNE, 2021

---

### PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements;
- B. Report on Lawfulness and Effectiveness in the Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure the Government achieves value for money and that such funds are applied for the intended purpose; and,
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, risk management environment and internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

A Qualified Opinion is issued when the Auditor-General concludes that, except for material misstatements noted, the financial statements are fairly presented in accordance with the applicable financial reporting framework. The Report on Financial Statements should be read together with the Report on Lawfulness and Effectiveness in the Use of Public Resources, and the Report on Effectiveness of Internal Controls, Risk Management and Governance.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012, and the Public Audit Act, 2015. The three parts of the report when read together constitute the report of the Auditor-General.

### REPORT ON THE FINANCIAL STATEMENTS

#### Qualified Opinion

I have audited the accompanying financial statements of Physiotherapy Council of Kenya set out on pages 1 to 32, which comprise the statement of financial position as at

30 June, 2021 and the statement of financial performance, statement of changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of Physiotherapy Council of Kenya as at 30 June, 2021 and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with Physiotherapists Act, 2014 and the Public Finance Management Act, 2012.

### **Basis for Qualified Opinion**

#### **1. Non-Disclosure of Depreciation Charge for the Year**

The statement of financial performance reflects total expenses amount of Kshs.5,376,400. However, this amount omits depreciation charge for the year amount of Kshs.336,637 disclosed in Note 32 to the financial statements.

In the circumstances, the accuracy and completeness of total expenses amount of Kshs.5,376,400 could not be confirmed.

#### **2. Inaccuracies in the Statement of Cash Flows**

The statement of cash flows reflects an amount of Kshs.4,474,249 in respect to net cash generated from operations which was not broken down into various components. However, this presentation is not in line with the financial reporting template issued by the Public Sector Accounting Standards Board which requires full disclosure of all components of receipts and payments to arrive at net cash flows from/(used in) operating activities.

#### **3. Unsupported Revenue Collection**

The statement of financial performance reflects an amount of Kshs.8,809,679 in respect to revenue collections as disclosed in Note 5 to the financial statements being licensing, inspection and permits. However, there was no evidence of invoicing members or maintenance of individual member's ledgers indicating opening balances, amount billed, payments made and outstanding balances.

In the circumstances, the accuracy and completeness of revenue collection amount of Kshs.8,809,679 could not be confirmed.

#### **4. Unsupported Use of Goods and Services Expenditure**

The statement of financial performance reflects an amount of Kshs.540,700 in respect to use of goods and services as disclosed in Note 16 to the financial statements. The amount

includes Kshs.261,800.00 relating to administration fees, inspection team and professional fees travel accommodation whose respective payments voucher and supporting documents were not provided for audit for audit.

In the circumstances, the accuracy and completeness of use of goods and services amount of Kshs.540,700 could not be confirmed.

## **5. Erroneous Disclosure of Donations**

The statement of financial performance reflects an amount of Kshs.190,000 in respect to donations as disclosed in Note 20 to the financial statements. Review of expenditure records revealed that the amount was in respect to trainings which was incurred and paid for by another entity.

In the circumstances, the accuracy, completeness and disclosure of donations amount of Kshs.190,000 could not be confirmed.

## **6. Unsupported Trade and Other Payables**

The statement of financial position reflects a balance of Kshs.2,436,313 in respect to trade and other payables as disclosed in Note 36 to the financial statements. However, the balance was not supported by payment vouchers, Local Purchase Orders (LPOs), delivery notes, invoices and aging analysis.

In the circumstances, the accuracy and completeness of trade and other payables balance of Kshs.2,436,313 could not be confirmed.

The audit was conducted in accordance with International Standards for Supreme Audit Institutions (ISSAIs). I am independent of the Physiotherapy Council of Kenya Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the financial statements. Except for the matters described in the Basis for Qualified Opinion section, I have determined that there are no other key audit matters to communicate in my report.

### **Other Information**

The Management is responsible for the other information set out on page v to xxv which comprise of Key Entity Information and Management, The Board of Directors, Management Team, Chairman's Statement, Report of the Chief Executive Officer, Statement of Performance Against Predetermined Objectives, Corporate Governance Statement, Management Discussion and Analysis, Environmental and Sustainability

Reporting, Report of the Directors, Statement of Directors Responsibilities. The Other Information does not include the financial statements and my audit report thereon.

In connection with my audit on the Council's financial statements, my responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work I have performed, I conclude that there is a material misstatement of this Other Information, I am required to report that fact. I have nothing to report in this regard.

My opinion on the financial statements does not cover the Other Information and accordingly, I do not express an audit opinion or any form of assurance conclusion thereon.

## REPORT ON LAWFULNESS AND EFFECTIVENESS IN THE USE OF PUBLIC RESOURCES

### **Conclusion**

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the effect of the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in the Use of Public Resources section of my report, I confirm that nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

### **Basis for Conclusion**

#### **1. Budget Imbalance and Failure to Prepare Estimates**

The statement of comparison of budget and actual amounts reflects final budget income amount of Kshs.8,858,179 and total expenditure budget of Kshs.5,376,400 resulting to budget imbalance of Kshs.3,481,779. This was contrary to Regulation 33(c) of the Public Finance Management (National Government) Regulations, 2015 which states that budget shall be balanced. Further, there was no evidence that the estimates of expenditure and revenues were prepared contrary to Section 68(2)(h) of the Public Finance Management Act, 2012 which states that an accounting officer shall prepare estimates of expenditure and revenues of the entity in conformity with the strategic plan referred to in paragraph (g).

In the circumstances, Management is in breach of the law.

#### **2. Late Submission of 2020/2021 Financial Statements**

The financial statements for the year ended 30 June, 2021 were submitted to the Auditor General on 19 January, 2024, twenty-eight (28) months after the statutory deadline to submit of 30 September, 2021. This was contrary to Section 47 (1) of the Public Audit Act, 2015 which states that the financial statements required under the Constitution of Kenya 2010, the Public Finance Management Act, 2012 and any other legislation, shall be submitted to the Auditor-General within three (3) months after the end of the fiscal year to which the accounts relate.

In the circumstances, Management was in breach of the law.

### **3. Board Expenses**

The statement of financial performance reflects an amount of Kshs.3,675,300 in respect to board expenses as disclosed in Note 19 to the financial statements. However, the following unsatisfactory matters were noted;

#### **3.1 Lack of Board Work Plan, Charter and Calendar**

During the year under review, the Board operated without approved annual Board Work Plan and Charter. This was contrary to Chapter 1(1.9)(1) of Mwongozo which states that; "Board members should ensure the development of an annual Board work plan." and Chapter 1 (1.11)(1) of Mwongozo which provides that; "The Board should develop and adopt a Board Charter."

#### **3.2 Irregular Conduct Board Meetings**

The attendance registers for two full board and two committee meetings were not provided for audit and a conflict-of-interest register was not maintained for all the nine (9) board meetings held within the period under review. This was contrary to Annexure I-E (8) (e) of Mwongozo provides that; "Minutes must be drawn up for every board and committee meeting with resolutions highlighted therein."

#### **3.3 Lack of Induction of Board Members**

Review of the board activities revealed that there was no induction programme for the new board members within the period. Further, there was no evidence that the board members had been certified by an accredited body. This was contrary to Chapter 1 (1.10) (1-2) of Mwongozo provides that; "The board should: (a) Develop an induction programme for new board members and Board members should be certified by an accredited body within 6 months of their appointment"

In the circumstances, Management was in breach of the law.

The audit was conducted in accordance with ISSAI 3000 and ISSAI 4000. The standards require that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements comply in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

## **REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE**

### **Conclusion**

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the effect of the matters described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance

section of my report, I confirm that nothing else has come to my attention to cause me to believe that internal controls, risk management and governance were not effective.

## Basis for Conclusion

### Lack of Key Departments, Committees and Policies

During the year under review, the Council was not fully operational and the following departments, committees and policies were not in place;

No	Observation	Law Breached	Risk
1	Lack of finance, human resource management and procurement departments	Section 5(3) of the State Corporations Act states that a state corporation may engage and employ such number of staff, including the chief executive, on such terms and conditions of service as the Minister may, in consultation with the Committee, approve.	This may affect optimal realization of the Council's mandate.
2	Failure to establish an audit committee	Section 73(5) of the Public Finance Management Act, 2012 which states that every national government public entity shall establish an audit committee whose composition and functions shall be as prescribed by the regulations	There is no annual review of the independence, performance and competency of the internal audit unit and comment on their effectiveness in the annual reports.
3	Failure to establish an internal audit	Section 73(1)(a) of the Public Finance Management Act, 2012 which states that every national government entity shall ensure that it complies with this Act and has appropriate arrangements in place for conducting internal audit according to the guidelines of the Accounting Standards Board	There is no independent, objective assurance and disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes
4	Lack of strategic plan, organogram and a risk management policy	Section 68 (2)(g) of the Public Finance Management Act, 2012 and Regulation 165 of the Public Finance Management (National Government) Regulations, 2015	The overall goals for you're the Council and a develop a plan to achieve them may not be clear. Also, there is lack of policies to guide on risk mitigation
5	Senior officer is in acting positions for	Section C.14 (1) of the Human Resource Policies and Procedures Manual for the Public Service states	Non-compliance with the law

No	Observation	Law Breached	Risk
	more than six (6) years	that "..... Acting allowance will not be payable to an officer for more than six (6) months."	

Further, in the period under review, the Council had only the chief executive officer and an intern while the following deficiencies in key functions of the Council were noted;

Functions	Law Breached	Observations
Failure to consider and approve the qualifications of physiotherapists for the purposes of registration	Section 20 (1) (b) of the Physiotherapists Act, 2014	The council's membership register indicated one thousand and thirty-eight (1,038) members as at 30 June 2018. However, the application forms in the members' personal files were not approved by the Council to confirm whether the registration conditions were met.
Failure to cause to be maintained a register of all persons registered as physiotherapists	Section 22 (1) and (2) of the Physiotherapists Act, 2014	The membership register was maintained in an excel sheet which is prone to manipulation and did not indicate the category of the physiotherapy, the date of registration, level of compliance to continuing professional development and the status of a member, whether active or inactive.
Failure to prescribe and conduct examinations for purposes of registration	Section 4 (2) (d) of the Physiotherapists Act, 2014	The Council's records indicated that members were registered without undergoing an examination.
Failure to establish, approve and accredit programs for continuing professional educational programs;	Section 35 (3) and (5) of the Physiotherapists (Registration and Licensing) Rules, 2017	There was no evidence that the Council administered Continuing Professional Development (CPD) programs to members.
Failure to cause to be published in the Kenya Gazette every calendar year or such other period as may be prescribed, the names of all registered physiotherapists;	Section 22 (3) (a) of the Physiotherapists Act, 2014	Review of the Council's membership register indicated one thousand and thirty-eight (1,038) members as at 30 June 2018. However, the Council did not publish the list of members.

Failure to operationalize key departments, formulate policies, having senior officer in acting positions and deficiencies in functions implies that the key mandate to supervise and control over the training and practice of physiotherapists in Kenya and to advise the Government may not be achieved.

In the circumstances, general supervision and control over the training and practice of physiotherapists in Kenya and advice to the Government were lacking.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk Management and overall governance were operating effectively in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

### **Responsibilities of the Management and Board of Directors**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management is aware of the intention to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements comply with the authorities which govern them and that public resources are applied in an effective way.

The Board of Directors is responsible for overseeing the Council's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

### **Auditor-General's Responsibilities for the Audit**

My responsibility is to conduct an audit of the financial statements in accordance with Article 229(4) of the Constitution, Section 35 of the Public Audit Act, 2015 and the International Standards for Supreme Audit Institutions (ISSAIs). The standards require that, in conducting the audit, I obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes my opinion in accordance with Section 48 of the Public Audit Act, 2015. Reasonable assurance is a high level of assurance but is

not a guarantee that an audit conducted in accordance with IFPP will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In conducting the audit, Article 229(6) of the Constitution also requires that I express a conclusion on whether or not in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way. In addition, I consider the entity's control environment in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015.

Further, I am required to submit the audit report in accordance with Article 229(7) of the Constitution.

Detailed description of my responsibilities for the audit is located at the Office of the Auditor-General's website at: <https://www.oagkenya.go.ke/auditor-generals-responsibilities-for-audit/>. This description forms part of my auditor's report.

## 19. Notes to the Financial Statements

### 1. General Information

Physiotherapy Council of Kenya is established by and derives its authority and accountability from the Physiotherapy Council of Kenya Act 2014. The entity is wholly owned by the National Government and is domiciled in Kenya. The entity's principal activity is protecting the health and safety of the public by ensuring ethical and competent Physiotherapists offer services to the public.

The balance sheet is represented by the statement of financial position and the profit and loss account by the Statement of Financial Performance in these financial statements.

### 2. Statement of Compliance and Basis of Preparation

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant and equipment, marketable securities and financial instruments at fair value, impaired assets at their estimated recoverable amounts and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Public Sector Accounting Standards (IPSAS) allows the use of estimates and assumptions. It also requires management to exercise judgement in the process of applying the Council's

*Physiotherapy Council of Kenya*  
**Annual Report and Financial Statements**  
**For the year ended June 30, 2021.**

---

accounting policies. The areas involving a higher degree of judgement or complexity, or where assumptions and estimates are significant to the financial statements, are disclosed in Note 5 of these financial statements.

The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the Council.

The financial statements have been prepared in accordance with the PFM Act, the State Corporations Act, Physiotherapy Council of Kenya Act and International Public Sector Accounting Standards (IPSAS). The accounting policies adopted have been consistently applied to all the years presented.

**Notes to the Financial Statements (Continued)**

**3. Adoption of New and Revised Standards**

- i. New and amended standards and interpretations in issue effective in the year ended 30 June 2022.*

IPSASB deferred the application date of standards from 1<sup>st</sup> January 2022 owing to Covid 19

This was done to provide entities with time to effectively apply the standards. The deferral was set for 1<sup>st</sup> January 2023.

*Therefore, above amendments have not been adopted in the preparation of these financial statements*

- i. New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2023.*

**Notes to the Financial Statements (Continued)**

Standard	Effective date and impact:
<p><b>IPSAS 41:</b> Financial Instruments</p>	<p><b>Applicable: 1<sup>st</sup> January 2023:</b></p> <p>The objective of IPSAS 41 is to establish principles for the financial reporting of financial assets and liabilities that will present relevant and useful information to users of financial statements for their assessment of the amounts, timing and uncertainty of an Entity’s future cash flows. IPSAS 41 provides users of financial statements with more useful information than IPSAS 29, by:</p> <ul style="list-style-type: none"> <li>• Applying a single classification and measurement model for financial assets that considers the characteristics of the asset’s cash flows and the objective for which the asset is held;</li>   <li>• Applying a single forward-looking expected credit loss model that is applicable to all financial instruments subject to impairment testing; and</li>   <li>• Applying an improved hedge accounting model that broadens the hedging arrangements in scope of the guidance. The model develops a strong link between an Entity’s risk management strategies and the accounting treatment for instruments held as part of the risk management strategy.</li> </ul> <p><b>Impact</b></p> <p>The Standard had no impact to the Council’s financial statements and has not has not been able to implement early adoption</p>

<p>IPSAS 44:  Non- Current  Assets Held for  Sale and  Discontinued  Operations</p>	<p><b>Applicable 1st January 2025</b>  The Standard requires,  Assets that meet the criteria to be classified as held for sale to be measured at the lower of carrying amount and fair value less costs to sell and the depreciation of such assets to cease and:  Assets that meet the criteria to be classified as held for sale to be presented separately in the statement of financial position and the results of discontinued operations to be presented separately in the statement of financial performance.</p> <p><b>Impact</b>  The Standard had no impact to the Council’s financial statements and has not has not been able to implement early adoption</p>
---	--

*iv) Early adoption of standards*

The Council did not early – adopt any new or amended standards in year 2020/2021.

**4. Summary of Significant Accounting Policies**

**a) Revenue recognition**

**i. Revenue from non-exchange transactions Registration, Licensing, Inspection and accreditation fees**

The Entity recognizes revenues from above fees when the event occurs and the asset recognition criteria are met. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, deferred income is recognized instead of revenue. Other non-exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow to the Entity and the fair value of the asset can be measured reliably.

**ii. Transfers from other government entities**

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the Entity and can be measured reliably. Recurrent grants are recognized in the statement of comprehensive income. Development/capital grants are recognized in the statement of financial position and realized in the statement of comprehensive

income over the useful life of the assets that has been acquired using such funds. During the year, there were no revenues generated under this category

**iii. Revenue from exchange transactions Rendering of services**

The Entity recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours.

Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable. There were no such revenues generated during the year under review.

**Notes to the Financial Statements (Continued)**

**Summary of Significant Accounting Policies (Continued)**

**v) Interest income**

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period. During the year under review, there were no such incomes.

**b) Budget information**

There were neither budget for FY 2020-2021 was approved by the Ministry on June 2021 or Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities.

The entity's budget would be prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget where one would exist. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the

*Physiotherapy Council of Kenya*  
**Annual Report and Financial Statements**  
**For the year ended June 30, 2021.**

---

statement of comparison of budget and actual amounts. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

**Notes to the Financial Statements (Continued)**

**Summary of Significant Accounting Policies (Continued)**

d) **Taxes**

**Current income tax**

Current income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the area where the Entity operates and generates taxable income. Current income tax relating to items recognized directly in net assets is recognized in net assets and not in the statement of financial performance. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. During the year under review, the council had not registered for tax purposes.

**Deferred tax**

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except in respect of taxable temporary differences associated with investments in controlled entities, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that

it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except in respect of deductible temporary differences associated with investments in controlled entities, associates and interests in joint ventures, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside surplus or deficit is recognized outside surplus or deficit. Deferred tax items are recognized in correlation to the underlying transaction in net assets. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable Entity and the same taxation authority.

### **Sales tax**

Expenses and assets are recognized net of the amount of sales tax, except:

- i. When the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the sales tax is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable
- ii. When receivables and payables are stated with the amount of sales tax included

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

*Physiotherapy Council of Kenya*  
**Annual Report and Financial Statements**  
**For the year ended June 30, 2021.**

---

During the year under review, the council had not registered for Sales tax and hence consuming all input taxes related to tax on expenses

**Notes to the Financial Statements (Continued)**

**Summary of Significant Accounting Policies (Continued)**

**e) Investment property**

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property. Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition. Subsequent to initial recognition, investment properties are measured using the cost model and are depreciated over an xx-year period. Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of de-recognition. Transfers are made to or from investment property only when there is a change in use.

During the year under review, the council did not have any investment property.

**f) Property, plant and equipment**

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the Entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value. During the year under review, the council did not have any property, plant and equipment.

**Notes to the Financial Statements (Continued)**

**Summary of Significant Accounting Policies (Continued)**

**g) Leases**

Finance leases are leases that transfer substantially all of the risks and benefits incidental to ownership of the leased item to the Entity. Assets held under a finance lease are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the future minimum lease payments. The Entity also recognizes the associated lease liability at the inception of the lease. The liability recognized is measured as the present value of the future minimum lease payments at initial recognition. Subsequent to initial recognition, lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in surplus or deficit. An asset held under a finance lease is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Entity will obtain ownership of the asset by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term. During the year under review, the council did not have any lease.

Operating leases are leases that do not transfer substantially all the risks and benefits incidental to ownership of the leased item to the Entity. Operating lease payments are recognized as an operating expense in surplus or deficit on a straight-line basis over the lease term.

During the year under review, the council did not have any operating lease.

**Notes to the Financial Statements (Continued)**

**Summary of Significant Accounting Policies (Continued)**

**h) Intangible assets**

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred. The useful life of the intangible assets is assessed as

*Physiotherapy Council of Kenya*  
**Annual Report and Financial Statements**  
**For the year ended June 30, 2021.**

---

either finite or indefinite. During the year under review, the council did not have any Intangible assets.

**i) Research and development costs**

The Entity expenses research costs as incurred. Development costs on an individual project are recognized as intangible assets when the Entity can demonstrate:

- i) The technical feasibility of completing the asset so that the asset will be available for use or sale
- ii) Its intention to complete and its ability to use or sell the asset
- iii) How the asset will generate future economic benefits or service potential
- iv) The availability of resources to complete the asset
- v) The ability to measure reliably the expenditure during development.

Following initial recognition of an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete, and the asset is available for use. It is amortized over the period of expected future benefit. During the period of development, the asset is tested for impairment annually with any impairment losses recognized immediately in surplus or deficit. During the year under review, the council did not have any research and development costs.

- i) Financial instruments
- a) Financial assets

**Initial recognition and measurement**

Financial assets within the scope of IPSAS 29 Financial Instruments: Recognition and Measurement are classified as financial assets at fair value through surplus or deficit, loans and receivables, held-to-maturity investments or available-for-sale financial assets, as appropriate. The Entity determines the classification of its financial assets at initial recognition.

**j) Loans and receivables**

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. Losses arising from impairment

are recognized in the surplus or deficit. During the year under review, the council did not have any Loans and receivables.

**k) Held-to-maturity**

Non-derivative financial assets with fixed or determinable payments and fixed maturities are classified as held to maturity when the Entity has the positive intention and ability to hold it to maturity. After initial measurement, held-to-maturity investments are measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The losses arising from impairment are recognized in surplus or deficit. During the year under review, the council did not have any Asset held to maturity.

**l) Impairment of financial assets**

The Entity assesses at each reporting date whether there is objective evidence that a financial asset or an Entity of financial assets is impaired. A financial asset or an Entity of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset or the Entity of financial assets that can be reliably estimated. Evidence of impairment may include the following indicators:

- i) The debtors or an Entity of debtors are experiencing significant financial difficulty.
- ii) Default or delinquency in interest or principal payments
- iii) The probability that debtors will enter bankruptcy or other financial reorganization.
- iv) Observable data indicates a measurable decrease in estimated future cash flows (e.g., changes in arrears or economic conditions that correlate with defaults)

During the year under review, the council did not have any property, plant and equipment.

**c) Financial liabilities**

**Initial recognition and measurement**

Financial liabilities within the scope of IPSAS 29 are classified as financial liabilities at fair value through surplus or deficit or loans and borrowings, as appropriate. The Entity determines the classification of its financial liabilities at initial recognition., All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, plus directly

attributable transaction costs. During the year under review, the council did not have any Financial Liabilities.

**d) Loans and borrowing**

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in surplus or deficit when the liabilities are derecognized as well as through the effective interest method amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. During the year under review, the council did not have any Loans and Borrowings.

**e) Inventories**

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition. Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

- i) Raw materials: purchase cost using the weighted average cost method.
- ii) Finished goods and work in progress: cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs.

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost. Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Entity.

During the year under review, the council did not have any inventories.

**f) Provisions**

Provisions are recognized when the Entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of

the amount of the obligation. Where the Entity expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of financial performance net of any reimbursement. During the year under review, the council did not have any provisions.

**g) Contingent liabilities**

The Entity does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote. During the year under review, the council did not have any provisions.

**h) Contingent assets**

The Entity does not recognize a contingent asset but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs. During the year under review, the council did not have any provisions.

**i) Nature and purpose of reserves**

The Entity creates and maintains reserves in terms of specific requirements. Currently the Council has no provisions in place.

**j) Changes in accounting policies and estimates**

The Entity recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

**k) Employee benefits Retirement benefit plans**

The Council Will provide retirement benefits for its employees and directors. Currently the Council does not have staff.

**l) Foreign currency transactions**

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise. Currently, the Council has no foreign currency transactions

**m) Borrowing costs**

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance. Currently, the council has no borrowings

**n) Related parties**

The Entity regards a related party as a person or an Entity with the ability to exert control individually or jointly, or to exercise significant influence over the Entity, or vice versa. Members of key management are regarded as related parties. The council did not have related parties

**o) Service concession arrangements**

The Entity analyses all aspects of service concession arrangements that it enters into in determining the appropriate accounting treatment and disclosure requirements. In particular, where a private party contributes an asset to the arrangement, the Entity recognizes that asset when, and only when, it controls or regulates the services the operator must provide together with the asset, to whom it must provide them, and at what price.

In the case of assets other than 'whole-of-life' assets, it controls, through ownership, beneficial entitlement or otherwise – any significant residual interest in the asset at the end of the arrangement. Any assets so recognized are measured at their fair value. To the extent that an asset has been recognized, the Entity also recognizes a corresponding liability, adjusted by a cash

consideration paid or received. No service concession arrangements existed in the council under the year of review.

**u) Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

**v.) Comparative figures**

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation. 2017/18 is the first year of operations and hence no comparative figures presented.

**w) Subsequent events**

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2021.

**4. Significant Judgments and Sources of Estimation Uncertainty**

The preparation of the Entity's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods. State all judgements, estimates and assumptions made:

**Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Entity

*Physiotherapy Council of Kenya*  
**Annual Report and Financial Statements**  
**For the year ended June 30, 2021.**

---

based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur. IPSAS 1.140

**Useful lives and residual value**

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- a) The condition of the asset based on the assessment of experts employed by the Entity.
- b) The nature of the asset, its susceptibility and adaptability to changes in technology and processes.
- c) The nature of the processes in which the asset is deployed.
- d) Availability of funding to replace the asset.
- e) Changes in the market in relation to the asset

**Provisions**

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note 40.

Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date, and are discounted to present value where the effect is material.

The Council had no applicable provisions as at the date of reporting.

**Notes to the Financial Statements (Continued)**

**5. Revenue Collections (Registration fees, Licensing, Inspections & Accreditation fees)**

<b>Description</b>	<b>2020-2021</b>	<b>2019-2020</b>
	<b>KShs</b>	<b>KShs</b>
Registration Fees	1,622,720.00	2,167,690.00
Licensing fees	7,186,958.70	6,594,512.30
Inspection fees	-	-
Accreditation fees	-	900,000.00
<b>Total Collections</b>	<b>8,809,678.70</b>	<b>9,662,202.30</b>

The Collections are to support the Council's operations.

**c) Transfers from the National Government**

There were no transfers from National government during the year under review

**6. Levies, Fines and Penalties**

Penalties amounting to Kes 48,500.00 were levied for late registration

**7. Public Contributions and Donations**

There were no public contributions and Donations during the year

**8. Grants**

There were no grants received during the year

**9. Property Taxes Revenue**

The Council did not receive a revenue from property during the year.

**10. Licenses, Fees and Permits**

The Licenses, Fees and Permits income received are explained in note 5.

**11. Rendering of Services**

The Council did not receive revenue from rendering of services during the year.

**12. Sale of Goods**

The Council is a regulatory body and does not receive revenue from sale of goods.

*Physiotherapy Council of Kenya*  
**Annual Report and Financial Statements**  
**For the year ended June 30, 2021.**

**13. Rental Revenue from Facilities and Equipment**

The Council did not receive revenue from facilities and equipment during the period under audit.

#### **45. Financial Risk Management**

The Council's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The council's overall risk management program focuses on unpredictability of changes in the business environment and seeks to minimize the potential adverse effect of such risks on its performance by setting acceptable levels of risk.

##### **Credit risk**

The Council is not exposed to Credit Risk

##### **Liquidity risk management**

Ultimate responsibility for liquidity risk management rests with the Entity's directors, who have built an appropriate liquidity risk management framework for the management of the Entity's short, medium and long-term funding and liquidity management requirements. The Entity manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

##### **Market risk**

The Entity council composition is well robust with a financial expertise to assist it in assessing the risk faced by the Entity on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the Entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Board of directors.

*Physiotherapy Council of Kenya*  
**Annual Report and Financial Statements**  
**For the year ended June 30, 2021.**

**Capital Risk Management**

The objective of the Entity's capital risk management is to safeguard the Entity's ability to continue as a going concern. The Entity capital structure comprises of the following funds:

	2020-2021	2019-2020
	Kshs	Kshs
