KEY ENTITY INFORMATION AND MANAGEMENT

a) Background information

Alcoholic Drinks Control Board was established vide the Uasin Gishu County Alcoholic Drinks Control Act, 2014. The Fund was established as an independent body within the Uasin Gishu County Government to provide for the control of production, sale, and use of alcoholic drinks. The Fund is wholly owned by the County Government of Uasin Gishu and is domiciled in Kenya.

The fund's objective is to:

The Fund's principal activity is to reduce the risks and impact of alcohol and drug abuse through demand and supply reduction.

The fund also aims to reduce demand for alcohol and drugs abuse through prevention activities and addiction treatment through establishment of accessible treatment and rehabilitation facilities.

b) Principal Activities

Vision

Communities free from Alcohol and Drug Abuse in Uasin Gishu County and beyond

Mission

To transform lives through prevention of substance abuse and addiction treatment in Uasin Gishu County through evidence-based practices

Core Objectives

- a) To develop legal and policy framework that will help in supply reduction of alcohol and drugs abuse through new control mechanisms and strengthening the existing ones
- b) To reduce demand for alcohol and drugs abuse through substance abuse prevention activities and addiction treatment through establishment of accessible treatment and rehabilitation facilities.
- c) To encourage inter-agency coordination and collaboration
- d) To partner and network with individuals, civil society organizations, faith based organizations and private organizations involved in the fight against alcohol and drug abuse.

**STATEMENT OF PERFORMANCE AGAINST COUNTY ENTITY'S
PREDETERMINED OBJECTIVES**

Section 164 (2) (f) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the accounting officer when preparing financial statements of each County Government entity, Government entities in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board includes a statement of the county government entity's performance against predetermined objectives.

During the year under review, the Uasin Gishu County Alcoholic Drinks Control Fund had objectives and the achievements as shown in the table below.

Ref	Objectives	Outcome	Indicator	Performance
1.	To conduct inspection of liquor outlets for licensing	Check the requirements of premises as recommended by the inspection team before the issuance of liquor licenses	82% of the premises were approved for the year 2022 liquor licensing	In FY 2021/2022, the licensed premises decreased by 30% following the political influences
2.	To Sensitize the public on Alcohol and Drug Abuse Issues	Enlighten the public on the dangers of alcohol and drug abuse	81 % of the residents of Uasin Gishu County were reached during sensitization programmes and educated on the issues of Alcohol and Drug Abuse	In FY 2021/2022 the sensitization meetings increased by 35% following compliance to covid-19 protocols by the public, availability of covid-19 vaccines and low spreading rate of covid-19 virus.
3.	To rehabilitate alcoholic and drug addicts	Treat and counsel the addicts through rehabilitation centres and after care programmes so as to live drug free lifes.	71 % of the residents of Uasin Gishu County were rehabilitated through rehabilitation centres, after care programmes and family interventions.	In FY 2021/2022 rehabilitation services increased by over 30% due to diversified rehabilitation services from various rehabilitation centres and increased rate of after care and follow up programmes

BOARD/FUND CHAIRPERSON'S REPORT

Section 4 (1) of the Uasin Gishu County Alcoholic Drinks Control Act, 2014 outlines that there is established the County Alcoholic Drinks Control Board which shall be a body corporate with perpetual succession capable of entering into contracts, suing and being sued on its own name. The Board members were appointed on 1st November, 2020 and inaugurated on 21st January, 2021. The Board is a team of Five (5) members who are competent and dedicated to provision of quality services to the residents of Uasin Gishu County. The induction training for the Board Members was conducted in March 2021 hence equipping the team with the right knowledge and skills of performing as per the mandate.

The Board in July 2021 adopted and approved the fund's budget as its important mandate. The Work Plan also was revised and approved so as to ensure that the activities of the fund are carried out for the benefit of the residents of Uasin Gishu County.

The Board during the year under review approved the inspection exercise of one thousand two hundred thirty eight (1,238) liquor outlets sourced from the applications received from interested proprietors within Uasin Gishu County. The Board further approved one thousand nineteen (1,019) successful liquor outlets sourced from licensing committee report for the year 2022 liquor licensing.

During the year under review, the Board Members reviewed and forwarded Regulation Policy and Treatment and Rehabilitation Policy to the County Cabinet for approval. The Board through the support of County Executive Committee Member for Health Services has established a County Treatment, Rehabilitation and Skills Development Unit in Moiben Sub County Hospital.

The Board supported the activities of the fund through the programme officers in carrying out prevention and advocacy campaigns in learning institutions, churches, and public barazas and in the work place. Further, the board sponsored the alcoholic addicts referred by the programme officers after their assessment for rehabilitation in other accredited rehabilitation centres. The officers further conducted after care programmes, family interventions and monitoring of the formed Alcohol Anonymous Groups

The Board Members are committed in collaborating with other stakeholders so as to ensure that this fund is providing the best and satisfactory services to the residents of Uasin Gishu County

REPORT OF THE FUND MANAGER/ ADMINISTRATOR

Section 116 of the Public Finance Management (PFM) Act, 2012 requires the fund in the county government to prepare financial statements in formats to be prescribed by the Public Sector Accounting Standards Board (PSASB). The annual financial statement therefore presents all payments made into and out of the fund account; gives a summary of the appropriation accounts and statements prepared by accounting officers; highlights all revenue collected during the financial year and a summary of assets acquired by the fund during the financial year under review.

During the period under review, it is worth mentioning that substantial progress has been made by the fund in achieving its mandates.

In the 2021/2022 financial year, there was an overall improvement in fiscal performance compared to the previous year. During the period under review, the revenue collected dropped as compared to the previous financial year. This is attributed to political influences that rendered most premises not to comply. The fund has strategized to deal with the non-compliant premises immediately after the election period.

The fund conducted several sensitization meetings on alcohol and drug abuse, carried out prevention and advocacy meetings in learning institutions, churches and public gatherings. The fund also sponsored some individuals to rehabilitation centres for addiction counselling and treatment. The fund has started its treatment, rehabilitation and skills development unit in Moiben Sub County Hospital so as to help sensible number of alcoholic addicts and drug abusers in Uasin Gishu County.

During the year under review, the Uasin Gishu County Alcoholic Drinks Control Fund staff received payment of their salaries amounting to Eight Million One Hundred Seventy Eight Thousand One Hundred Shillings (Kshs 8,178,100) from the Uasin Gishu County Treasury

Finally, let me take the earliest opportunity to thank all members of the technical team for their time and sacrifice in preparing the annual financial statements. I also wish to re-affirm our commitments to enhance financial discipline and fiscal responsibilities for the betterment of Alcoholic Drinks Control Fund and service delivery to the residents of Uasin Gishu County.

MARK K. TARUS

FUND ADMINISTRATOR

UASIN GISHU COUNTY ALCOHOLIC DRINKS CONTROL FUND

CORPORATE GOVERNANCE STATEMENT

Alcoholic Drinks Control Board came into office vide the Uasin Gishu County Alcoholic Drinks Control Act (2012). The Board members were sworn into office in mid-January 2015 but their term came to an end in December 2018. The current Board Members were sworn into office in January 2021. During the year under review, the Board Members had Fourty Eight (48) sittings.

- i. Chairperson- Kshs 12,000
- ii. Vice Chairperson- Kshs 10,000
- iii. Members- Kshs 8,000

The Uasin Gishu County Alcoholic Drinks Control Board is committed in the service delivery as by as per the mandate outlined in the Uasin Gishu County Alcoholic Drinks Control Act, 2014.

**Uasin Gishu County Alcoholic Drinks Control Fund
Reports and Financial Statements
for the year ended June 30, 2022.**

MANAGEMENT DISCUSSION AND ANALYSIS

The Uasin Gishu County Alcoholic Drinks Control Fund had good progress during the financial year 2021/2022. The fund conducted several sensitization meetings through the programme officers with the main aim of educating the community on effects of alcohol and drug abuse concurrently while urging the members in the meetings to take covid-19 vaccines and to adhere to the Covid-19 protocols.

The fund received applications of 2022 liquor licenses in the month of December 2021. One Thousand Two Hundred Thirty Eight (1,238) applications were received. Inspection for the applied liquor outlets was conducted in the month of February, 2022 and One Thousand Nineteen (1,019) liquor outlets were approved for the 2022 liquor licensing and this resulted to 82% of the total applicants. The approved premises comprised of 181 Hotels, 530 General Retailers, 164 Wines and Spirits (Wholesale), 132 Wines and Spirits (Take Away) and 12 supermarkets. The enforcement team worked tirelessly during the year and several offenders (Selling before and after stipulated hours, operating without liquor licenses, illicit brewers and drunk & disorderliness) were arrested, charged and fined in the County Municipal Court. The total fines charged to the offenders during the year under review were Kshs 7,080,385.

The fund during the year under review sponsored Nineteen (19) alcoholic addicts to various NACADA Accredited Rehabilitation Centres in the Uasin Gishu County and beyond for a three month session of psychology counselling and treatment. Over Two Thousand Five Hundred (2,500) people were helped through after care follow ups and Alcohol Anonymous (AA) groups. The fund also conducted work place alcohol and drug abuse sensitizations programmes and Fourty Five (45) employees were helped. The fund has been able to achieve all these through the services of its programme officer for Treatment and Rehabilitation. However, the fund did not achieve its plan of constructing a rehabilitation centre during the financial year under review. However, this process is underway.

The fund realized several issues of concern in Uasin Gishu Alcoholic Drinks Control Act, 2014; an Act that established the fund and the Fund Administrator there is need to initiate the process of amending the Act. The Fund is also in the process of documenting its Regulation Policy.

The fund is committed to delivering services to the residents of Uasin Gishu County as per the Uasin Gishu County Alcoholic Drinks Control Act and being accountable as per the requirements of Section 167 of the Public Finance Management Act, 2012.

**CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY
REPORTING**

The Alcoholic Drinks Control Board during the year under review conducted several public barazas, sensitization meetings, family interventions, treatment and rehabilitation and after care programmes.

The board through public barazas was able to create awareness to the public on the issues of alcohol and drug abuse and the importance of living drug free lives. The residents of Uasin Gishu County in various regions through prevention and advocacy programmes were educated on other alternatives of generating income while embracing education and spiritual matters. The youths also through youth extravaganzas were counselled and advised to be committed in their education, work places and to respect their elders as a way of their prosperity.

The board through the programme officers carried out several family interventions as a way of re-uniting families that had been affected by alcoholism. This exercise is of great impact to the society since a re-united family forms a functional unit in the community that gives an opportunity for family progress and success to the children in the long run. Family intervention also is very crucial to the society since it reduces the cases of family conflicts, social crimes and poverty.

The board during the year under review sponsored several individuals to the rehabilitation centres for psychology counselling and treatment. Several others were also rehabilitated through after care programmes. This programme is of great impact to the society since it restores hopes for the families of the alcoholic addicts, it gives employment opportunities to the rehabilitated individuals, it secures jobs for the rehabilitated persons who had been served with warning letters by the employers and it gives opportunity for Christianity to the rehabilitees which is a livelihood of every active society.

D. REPORT OF THE BOARD

The Board Members submit their report together with the financial statements for the year ended June 30, 2022 which show the state of the Fund affairs.

Principal activities

The principal activities of the Fund are:

1. To develop legal and policy framework that will help in supply reduction of alcohol and drugs of abuse through new control mechanisms and strengthening the existing ones
2. To reduce demand for alcohol and drugs of abuse through substance abuse prevention activities and addiction treatment through establishment of accessible treatment and rehabilitation facilities.
3. To encourage inter-agency coordination and collaboration
4. To partner and network with individuals, civil society organizations, faith based organizations and private organizations involved in the fight against alcohol and drug abuse.
5. To conduct research activities on various aspects of substance abuse and alcohol dependence in Uasin Gishu County

Results

The results of the Fund for the year ended June 30, 2022 are set out on page 1

Board

The members of the Board were in office for Twelve (12) months during the year under review. Their term began on 1st November, 2021, a contract for Three (3) years.

Auditors

The Auditor General is responsible for the statutory audit of the Fund in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015.

11. STATEMENT OF MANAGEMENT’S RESPONSIBILITIES

Section 167 of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Administrator of a County Public Fund established by the Uasin Gishu County Alcoholic Drinks Control Act, 2014 shall prepare financial statements for the Fund in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board.

The Administrator of the Alcoholic Drinks Control Fund is responsible for the preparation and presentation of the Fund’s financial statements, which give a true and fair view of the state of affairs of the Fund for and as at the end of the financial year ended on June 30, 2022. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Fund; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the Fund; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Administrator of the Alcoholic Drinks Control Fund accepts responsibility for the Fund’s financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012 and Uasin Gishu County Alcoholic Drinks Control Act, 2014. The Administrator of the Fund is of the opinion that the Fund’s financial statements give a true and fair view of the state of Fund’s transactions during the financial year ended June 30, 2022, and of the Fund’s financial position as at that date. The Administrator further confirm the completeness of the accounting records maintained for the Fund, which have been relied upon in the preparation of the Fund’s financial statements as well as the adequacy of the systems of internal financial control

In preparing the financial statements, the Administrator of the Alcoholic Drinks Control Fund has assessed the Fund’s ability to continue as a going concern and disclosed, as applicable, matters relating to the use of going concern basis of preparation of the financial statements. Nothing has come to the attention of the Administrator to indicate that the Fund will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements

The Fund’s financial statements were approved by the Board on 5TH JANUARY, 2023 and signed on its behalf by:

Mark K. Farus
Fund Administrator Uasin Gishu County Alcoholic Drinks Control Fund

REPORT OF THE AUDITOR-GENERAL ON UASIN GISHU COUNTY ALCOHOLIC DRINKS CONTROL FUND FOR THE YEAR ENDED 30 JUNE, 2022

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure Government achieves value for money and that such funds are applied for the intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment and the internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Uasin Gishu County Alcoholic Drinks Control Fund set out on pages 1 to 34, which comprise of the statement of financial position as at 30 June, 2022, and the statement of financial performance, statement of changes in net assets, statement of cash flows and the statement of comparison of budget

Report of the Auditor-General on Uasin Gishu County Alcoholic Drinks Control Fund for the year ended 30 June, 2022

and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the Uasin Gishu County Alcoholic Drinks Control Fund as at 30 June, 2022, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Uasin Gishu County Alcoholic Drinks Control Act, 2014, the Public Finance Management Act, 2012 and the County Governments Act, 2012.

Basis for Qualified Opinion

1. Unremitted Revenue

The statement of financial performance reflects total revenue from non- exchange transactions amount of Kshs.49,728,600 which includes fines, penalties and other levies amounting to Kshs.41,550,500. Records maintained by the Municipal Court indicated that other penalties and fines amounting to Kshs.7,080,385 were collected in relation to offences committed during the year. However, the revenue was not remitted to the Fund account but instead was paid in the Uasin Gishu County Revenue Fund account contrary to Section 6(2) (c) of the Uasin Gishu County Alcoholic Drinks Control Act, 2014.

In the circumstances, the accuracy and completeness of fines, penalties and other levies could not be confirmed.

2. Receivables from Exchange Transactions

The statement of financial position reflects current portion of long-term receivables from exchange transaction balance of Kshs.6,318,000 which relates to other exchange debtors as disclosed in Note 11 to the financial statements. However, Management did not provide aging analysis of debtors together with measures put in place to ensure full collection of the receivables. Further, there was no evidence that management has made any provisions for non-collection of the receivables.

In the circumstances, the accuracy of receivables balance of Kshs.6,318,000 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Uasin Gishu County-Alcoholic Drinks Control Fund Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Matter

1. Budget Control and Performance

The statement of comparative budget and actual amounts reflects final receipts budget and actual on a comparable basis of Kshs.76,160,721 and Kshs.71,561,221 respectively resulting to an under-funding of Kshs.4,599,500 or 6% of the budget. Similarly, the Fund expended Kshs.54,496,440 against an approved budget of Kshs.76,160,721 resulting to an under-expenditure of Kshs.21,664,281 or 28.4% of the budget.

The under-funding and under-expenditure affected the planned activities and impacted negatively on service delivery to the public.

2. Unresolved Prior Year Matters

The audit report for the year ended 30 June, 2021 raised several unsatisfactory issues in regard to balances reflected in the financial statements and lawfulness and effectiveness in use of resources. However, the issues remained unresolved as at 30 June, 2022. Management has not provided reasons for the delay in resolving the issues. Further, the issues are not disclosed under the progress on follow-up of auditor's recommendations section of the financial statements as required by the Public Sector Accounting Standards Board.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Board Composition

The three-year term of six (6) board members for Uasin Gishu County Alcoholic Drinks Control Fund ended on 31 December, 2018. Five (5) new members were appointed by the Governor but one abstained and only four went to the County Assembly for vetting. A resolution was passed on 11 June, 2020 by the County Assembly that recommended four members to be appointed as new board members by the Governor. The appointment letters of the new members were signed on 10 November, 2020. However, at the time of

audit no documentary evidence was provided to show efforts made to replace the other two directors. In this regard the Board was not fully constituted contrary to Section 4(3) of the Uasin Gishu County Alcoholic Drinks Control Act, 2014

In the circumstances, Management was in breach of the law.

2. Failure to submit Monthly Financial and Non-Financial Budgetary Reports

The statement of comparison of budget and actual amounts for the period ended 30 June 2022 reflects a final budget figure of Kshs.76,160,721 comprising of approved budget for the year amounting to Kshs.54,328,100 and unspent cash and bank balance from 2020/2021 financial year amounting to Kshs.21,832,621 out of which Kshs.54,496,440 was utilised. However, there was no evidence provided for review to show that management prepared and submitted monthly financial and non-financial budgetary reports to the County Treasury with copies to the Controller of Budget and the Auditor-General which is contrary to Regulation 54 (1) of the Public Finance Management (County Governments) Regulations, 2015.

In the circumstances, the Fund Management is in breach of the law.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance section of my report, I confirm that, nothing else has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

1. Lack of Risk Management Policy

In the year under review, the Uasin Gishu County Alcoholic Drinks Control Fund did not have a risk management policy in place or formal risk assessments performed during the year under audit contrary to Regulation 158(1) of the Public Finance Management County Government Regulations, 2015. The Fund lacked mechanisms of identification of threats and opportunities hence may not meet its targets.

In the circumstances, the existence of an effective risk management intervention could not be established.

2. Lack of Debt Management Policy

The statement of financial position reflects current portion of long-term receivables from exchange transaction amount of Kshs.6,318,000 which relates to other exchange debtors as disclosed in Note 11 to the financial statements. However, the Fund does not have a debt management policy to provide formal guidance on debt management. Lack of debt management policy results to non-identification of risks and appropriate measures to manage risks.

3. Untagged Fixed Assets

The statement of financial position reflects property, plant and equipment amount of Kshs.8,634,441 comprising of motor vehicles, furniture and fittings and computers and office equipment with total cost amount Kshs.15,439,944 as detailed in Note 15 to the financial statements. However, the Fund management had not tagged its assets.

In the circumstances, the Fund is likely to lose its assets due to weak internal control.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Fund or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Fund's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes

and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229 (7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a

basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Fund to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Fund to express an opinion on the financial statements.
- Perform such other procedures, as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence and where applicable, related safeguards.

3.6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

. Statement of compliance and basis of preparation

The Fund's financial statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS). The financial statements are presented in Kenya shillings, which is the functional and reporting currency of the Fund. The accounting policies have been consistently applied to all the years presented.

The financial statements have been prepared on the basis of historical cost, unless stated otherwise. The cash flow statement is prepared using the direct method. The financial statements are prepared on accrual basis.

For the year ended June 30, 2022.**

SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Adoption of new and revised standards

a) Relevant new standards and amendments to published standards effective for the year ended 30 June 2022

Standard/ Amendments : Applicable: 1 st January 2021:	Impact
a) Amendments to IPSAS 13, to include the appropriate references to IPSAS on impairment, in place of the current references to other international and/or national accounting frameworks	There was no impact of the amendment to IPSAS 13 with respect to the current financial report
b) IPSAS 13, Leases and IPSAS 17, Property, Plant, and Equipment. Amendments to remove transitional provisions which should have been deleted when IPSAS 33, First Time Adoption of Accrual Basis International Public Sector Accounting Standards (IPSASs) was approved	There was no impact of the amendment to IPSAS 13 and IPSAS 17 with respect to the current financial report
c) IPSAS 21, Impairment of Non-Cash-Generating Assets and IPSAS 26, Impairment of Cash Generating Assets. Amendments to ensure consistency of impairment guidance to account for revalued assets in the scope of IPSAS 17, Property, Plant, and Equipment and IPSAS 31, Intangible Assets.	There was no impact of the amendment to IPSAS 21 and IPSAS 26 with respect to the current financial report as the entity does not have Non-Cash Generating Assets and neither did it have impaired cash generating assets.
d) IPSAS 33, First-time Adoption of Accrual Basis International Public Sector Accounting Standards (IPSASs). Amendments to the implementation guidance on deemed cost in IPSAS 33 to make it consistent with the core principles in the Standard	There was no impact

**Uasin Gishu County Alcoholic Drinks Control Fund

Standard	Effective date and impact:
	(c) The impact of such social benefits provided on the entity’s financial performance, financial position and cash flows.
Amendments to Other IPSAS resulting from IPSAS 41, Financial Instruments	<p>Applicable: 1st January 2022:</p> <p>a) Amendments to IPSAS 5, to update the guidance related to the components of borrowing costs which were inadvertently omitted when IPSAS 41 was issued.</p> <p>b) Amendments to IPSAS 30, regarding illustrative examples on hedging and credit risk which were inadvertently omitted when IPSAS 41 was issued.</p> <p>c) Amendments to IPSAS 30, to update the guidance for accounting for financial guarantee contracts which were inadvertently omitted when IPSAS 41 was issued.</p> <p>Amendments to IPSAS 33, to update the guidance on classifying financial instruments on initial adoption of accrual basis IPSAS which were inadvertently omitted when IPSAS 41 was issued.</p>

**Uasin Gishu County Alcoholic Drinks Control Fund
Reports and Financial Statements
for the year ended June 30, 2022.**

) Early adoption of standards

The entity adopted the new or amended standards in year 2020/2021.

. Revenue recognition

Revenue from non-exchange transactions

Transfers from other government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the entity and can be measured reliably.

) Revenue from exchange transactions

Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

4. Budget information

The original budget for FY 2021/2022 was approved by the Uasin Gishu County Alcoholic Drinks Control Board on 5th July, 2021. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the entity upon receiving the respective approvals in order to conclude the final budget.

The entity's budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts.

In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

**Basin Gishu County Alcoholic Drinks Control Fund
Reports and Financial Statements
for the year ended June 30, 2022.**

A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actual as per the statement of financial performance has been presented under section 13.1 of these financial statements.

1. Property, plant and equipment

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

Assets are depreciated using reducing balances method at the following annual rates:

- i. Motor Vehicles (25%)
- ii. Furniture and fittings (12.5%)
- iii. Computer and equipment (33.30%)

2. Intangible assets

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred. The useful life of the intangible assets is assessed as either finite or indefinite.

3. Financial instruments

a) Financial assets

Initial recognition and measurement

Financial assets within the scope of IPSAS 29 Financial Instruments: Recognition and Measurement are classified as financial assets at fair value through surplus or deficit, loans and receivables, held-to-maturity investments or available-for-sale financial assets, as appropriate. The Entity determines the classification of its financial assets at initial recognition.

Tasin Gishu County Alcoholic Drinks Control Fund
Reports and Financial Statements
for the year ended June 30, 2022.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. Losses arising from impairment are recognized in the surplus or deficit.

Held-to-maturity

Non-derivative financial assets with fixed or determinable payments and fixed maturities are classified as held to maturity when the Entity has the positive intention and ability to hold it to maturity. After initial measurement, held-to-maturity investments are measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The losses arising from impairment are recognized in surplus or deficit.

Impairment of financial assets

The Entity assesses at each reporting date whether there is objective evidence that a financial asset or an entity of financial assets is impaired. A financial asset or an entity of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset or the entity of financial assets that can be reliably estimated. Evidence of impairment may include the following indicators:

- The debtors or an entity of debtors are experiencing significant financial difficulty
- Default or delinquency in interest or principal payments
- The probability that debtors will enter bankruptcy or other financial reorganization
- Observable data indicates a measurable decrease in estimated future cash flows (e.g. changes in arrears or economic conditions that correlate with defaults)

b) Financial liabilities

Initial recognition and measurement

Financial liabilities within the scope of IPSAS 29 are classified as financial liabilities at fair value through surplus or deficit or loans and borrowings, as appropriate. The Entity determines the classification of its financial liabilities at initial recognition.

**Jasin Gishu County Alcoholic Drinks Control Fund
Reports and Financial Statements
for the year ended June 30, 2022.**

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, plus directly attributable transaction costs.

Loans and borrowing

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in surplus or deficit when the liabilities are derecognized as well as through the effective interest method amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate

4. Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

- Raw materials: purchase cost using the weighted average cost method
- Finished goods and work in progress: cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost.

Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution.

Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Entity.

5. Provisions

Provisions are recognized when the Entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

**Basin Gishu County Alcoholic Drinks Control Fund
Reports and Financial Statements
for the year ended June 30, 2022.**

Where the Entity expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain.

The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

Contingent liabilities

The Entity does not recognize a contingent liability, but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

Contingent assets

The Entity does not recognize a contingent asset but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

6. Nature and purpose of reserves

The Entity has not created and does not maintain reserves in terms of specific requirements.

7. Changes in accounting policies and estimates

The Entity recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

8. Employee benefits – Retirement benefit plans

The Entity provides retirement benefits for its employees and directors. Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity (a fund), and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable.

Defined benefit plans are post-employment benefit plans other than defined-contribution plans. The defined benefit funds are actuarially valued tri-annually on the projected unit

**Uasin Gishu County Alcoholic Drinks Control Fund
Reports and Financial Statements
for the year ended June 30, 2022.**

credit method basis. Deficits identified are recovered through lump sum payments or increased future contributions on proportional basis to all participating employers. The contributions and lump sum payments reduce the post-employment benefit obligation.

Foreign currency transactions

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

0. Borrowing costs

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance.

1. Related parties

The Entity regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the Entity, or vice versa. Members of key management are regarded as related parties and comprise the directors/Trustee, the Fund Managers and Fund Accountant.

2. Cash and cash equivalents

Cash and cash equivalents comprise cash at bank. Bank account balances include amounts held at the Kenya Commercial Bank at the end of the financial year.

3. Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

4. Events after the reporting period

There were no material adjusting and non-adjusting events after the reporting period.

5. Ultimate and Holding Entity

The entity is a County Public Fund established by the Uasin Gishu County Alcoholic Drinks Control Act, 2014 under the Department of Health Services. Its ultimate parent is the County Government of Uasin Gishu.

6. Currency

The financial statements are presented in Kenya Shillings (Kshs).

**Basin Gishu County Alcoholic Drinks Control Fund
Reports and Financial Statements
for the year ended June 30, 2022.**

7. Significant judgments and sources of estimation uncertainty

The preparation of the Entity's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods. State all judgements, estimates and assumptions made:

For example:

a) Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Entity based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur.

b) Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- i) The condition of the asset based on the assessment of experts employed by the Entity
- ii) The nature of the asset, its susceptibility and adaptability to changes in technology and processes
- iii) The nature of the processes in which the asset is deployed
- iv) Availability of funding to replace the asset
- v) Changes in the market in relation to the asset

c) Provisions

No provisions were raised during the year under review

18. Financial risk management

The Fund's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The Fund's overall risk management programme focuses on unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable

Basin Gishu County Alcoholic Drinks Control Fund
Reports and Financial Statements
for the year ended June 30, 2022.

levels of risk. The Fund does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The Fund's financial risk management objectives and policies are detailed below:

Credit risk

The Fund has exposure to credit risk, which is the risk that a counter party will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments.

Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the entity's management based on prior experience and their assessment of the current economic environment.

The carrying amount of financial assets recorded in the financial statements representing the entity's maximum exposure to credit risk without taking account of the value of any collateral obtained is made up as follows:

	Total amount Kshs	Fully performing Kshs	Past due Kshs	Impaired Kshs
At 30 June 2021				
Receivables from exchange transactions	-	-	-	-
Receivables from non-exchange transactions	-	-	-	-

At 30 June 2022				
Receivables from exchange transactions	6,318,000	6,318,000	-	-
Receivables from non-exchange transactions	-	-	-	-
Bank balances	13,307,776	13,307,776	-	-
Total	19,625,776	19,625,776	-	-

**Basin Gishu County Alcoholic Drinks Control Fund
Reports and Financial Statements
for the year ended June 30, 2022.**

) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Fund Administrator, who has built an appropriate liquidity risk management framework for the management of the entity's short, medium and long-term funding and liquidity management requirements. The entity manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

The table below represents cash flows payable by the Fund under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Less than 1 month	Between 1-3 months	Over 5 months	Total
	Kshs	Kshs	Kshs	Kshs
At 30 June 2021

Current portion of borrowings	-	-	-	-
Provisions	-	-	-	-
Employee benefit obligation	-	-	-	-
Total	58,183	-	-	58,183

) Market risk

The board has put in place an internal audit function to assist it in assessing the risk faced by the entity on an on-going basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Uasin Gishu County Alcoholic Drinks Control Fund
Reports and Financial Statements
For the year ended June 30, 2022.

Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

The Fund's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day to day implementation of those policies.

There has been no change to the entity's exposure to market risks or the manner in which it manages and measures the risk.

) Foreign currency risk

The entity has transactional currency exposures. Such exposure arises through purchases of goods and services that are done in currencies other than the local currency. Invoices denominated in foreign currencies are paid after 30 days from the date of the invoice and conversion at the time of payment is done using the prevailing exchange rate.

The carrying amount of the entity's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

		Other currencies	Total
	Kshs	Kshs	Kshs
At 30 June 2022			
Financial assets	-	-	-

Net foreign currency asset/(liability)	-	-	-

Foreign currency sensitivity analysis

The following table demonstrates the effect on the Fund's statement of financial performance on applying the sensitivity for a reasonable possible change in the exchange rate of the three main transaction currencies, with all other variables held constant. The reverse would also occur if the Kenya Shilling appreciated with all other variables held constant.

Uasin Gishu County Alcoholic Drinks Control Fund
 Reports and Financial Statements
 For the year ended June 30, 2022.

	Change in currency rate	Effect on surplus/ deficit	Effect on equity
	KShs	KShs	KShs
2022			
Euro	10%	-	-
USD	10%	-	-
2021			
Euro	10%	-	-
USD	10%	-	-

Interest rate risk

Interest rate risk is the risk that the entity's financial condition may be adversely affected as a result of changes in interest rate levels. The entity's interest rate risk arises from bank deposits. This exposes the Fund to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the Fund's deposits.

Management of interest rate risk

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

Sensitivity analysis

The Fund analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant. The analysis has been performed on the same basis as the prior year.

Capital risk management

The objective of the Fund's capital risk management is to safeguard the Fund's ability to continue as a going concern. The entity capital structure comprises of the following funds:

	2021/2022	2020/2021
	Kshs	Kshs
