I. KEY CONSTITUENCY INFORMATION AND MANAGEMENT

(a) Background information

The National Government Constituencies Development Fund (NG-CDF) (hereafter referred to as the Fund) formerly Constituencies Development Fund (CDF), is a fund established in 2003 through an Act of Parliament, the Constituencies Development Fund Act, 2003. The Act was later reviewed through the enactment of the CDF (Amendment) Act 2007, and repealed through CDF Act, 2013. The latter was subsequently succeeded by the current NG-CDF Act, 2015. At cabinet level, NG-CDF is represented by the Cabinet Secretary for Devolution, who is responsible for the general policy and strategic direction of the Fund.

Mandate

The mandate of the Fund as derived from sec (3) of NG-CDF Act, 2015 is to:

- a) Recognize the constituency as a platform for identification, performance and implementation of national government functions;
- b) Facilitate the performance and implementation of national government functions in all parts of the Republic pursuant to Article 6(3) of the Constitution;
- c) Provide for the participation of the people in the determination and implementation of identified national government development projects at the constituency level pursuant to Article 10(2)(a) of the Constitution;
- d) Promote the national values of human dignity, equity, social justice, inclusiveness, equality, human rights, non-discrimination and protection of the marginalized pursuant to Article 10 (2) (b) of the Constitution;
- e) Provide for the sustainable development of all parts of the Republic pursuant to Article 10 (2) (d) of the Constitution;
- f) Provide a legislative and policy framework pursuant to Article 21 (2) of the Constitution for the progressive realization of the economic and social rights guaranteed under Article 43 of the Constitution;
- g) Provide mechanisms for the National Assembly to deliberate on and resolve issues of concern to the people as provided for under Article 95 (2) of the Constitution;
- h) provide for a public finance system that promotes an equitable society and in particular expenditure that promotes equitable development of the country by making special provisions for marginalized groups and areas pursuant to Article 201 (b) (iii) of the Constitution;
- i) Authorize withdrawal of money from the Consolidated Fund as provided ' under Article 206 (2) (c) of the Constitution;
- j) Provide mechanisms for the National Assembly to facilitate the involvement of the people in the identification and implementation of projects for funding by the national government at the constituency level; and
- k) Provide for mechanisms for supplementing infrastructure development at the constituency level in matters falling within the functions of the national government at that level in accordance with the Constitution

II. FORWARD BY THE CHAIRMAN NGCDF COMMITTEE

Annual Constituency Allocation

I am pleased to present the unaudited financial statements for Nakuru Town West Constituency for the financial year ended 30th June 2020. During the year, the Constituency was allocated a total of Kshs 137,367,724.14 as normal allocation and Kshs 36,000.00 as Appropriation In Aid (AIA).

On receipt of the above allocations, Nakuru Town West National Government Constituencies Development Fund Committee (NG-CDFC) pursuant to the provisions of the National Government CDF Act 2015, as amended in 2016, met and allocated funds to various projects with reference to the priorities of the public participation meetings held across the Constituency. It is noted that during the FY 2019/2020, we received 72.76% of the normal Constituency funding equivalent to Kshs 100,000,000.00 and these funds were then disbursed to earmarked projects. In addition the constituency Received Kshs. 2,000,000 which is for the previous financial year, thus the total amount received during the financial year was Kshs 102,000,000.

Sector Prioritization

During the year, a total of Kshs 40,600,000.00 was allocated as transfers to other Government Units which consist of transfers to primary schools and secondary schools compared to an allocation of Kshs 36,347,166.88 allocated during the FY 2018/2019.

The Committee also allocated Kshs 47,068,721.79 in normal allocation towards other grants and transfers which consists of Bursary, Mocks and CATs, sports, environment and emergency compared to an allocation of Kshs 36,680,029.84 in the FY 2018/2019. Other allocations during the FY 2019/2020 include Kshs 13,369,747.59 towards Security Projects, Kshs 13,000,000.00 towards Roads Projects and a total of Ksh.12,365,255.17 allocated towards administrative costs as well as the NGCDFC monitoring & evaluation programmes and Capacity Building.

Sectoral Analysis of Funding

Over the past 8 years since start of the constituency, the Constituency has received a total of Kshs 674,288,362.53 which were subsequently disbursed to various projects in such sectors as education, water, health, roads and bridges, security etc, in addition to the statutory bursary, emergency, sports, environment, administration and monitoring and evaluation votes. The funding has benefitted over 300 projects and the breakdown in terms of the number of projects funded falling under National Government in these leading sectors over the last five years is as hereunder provided;

Number of Projects Per Sectors FY2019/2020 - 2013/14 (In Key Sectors)

Sector	Number of Projects						Total
	2019/2020	2018/19	2017/18	2016/17	2015/16	2014/15	
Primary Schools	18	17	10	7	12	20	84
Secondary Schools	3	5	3	4	5	7	27
Security	5	4	NIL	3	1	2	6
Roads	3	4	7	5	5	3	27
Total No Funded	29	30	20	19	23	32	144

Source: Nakuru Town West NG-CDF Records (2020)

It is therefore notable that within the education sector, primary schools have realized the highest number of projects funded in the Constituency. Overall, the ranking based on highest number projects

funded over the period has primary Schools as the leading sector. The sectorial analysis in terms of total funding to the respective sectors falling under National Government over the last 6 years is as hereunder provided;

Sectoral Analysis FY2014/15 - 2019/2020 (6 Years)

<i>No</i>	<i>Financial Year</i>	<i>Amount Allocated</i>	% Sectoral Allocation		
			<i>Education</i>	<i>Roads</i>	<i>Security</i>
	2014/2015	89,704,944.00	33.40	18.95	4.46
	2015/2016	94,912,773.00	25.60	14.78	2.11
	2016/2017	81,896,551.72	26.25	20.37	10.38
	2017/2018	98,189,655.17	34.12	15.35	0
	2018/2019	109,040,875.50	33.33	15.59	11.62
	2019/2020	137,403,724.14	29.55	9.46	9.73
Average % Allocations			30.38	15.75	6.38

Source: Nakuru Town West NG-CDF Records (2020)

From the above, it is evident that the leading sectors over the period are **education, Roads and Security** at an average percentage allocation of **30.38%, 15.75%, and 6.38%** respectively. The NG-CDF (Amendment) Act 2016 introduced a major shift in the scope of projects eligible to be funded. Under this Act only projects falling within the functions of the National Government as outlined in the Constitution of Kenya 2010 will be funded. This effectively means that the Fund has since been concentrating primarily on education, security, sports and environment sectors as well as other national government residual functions. During the FY 2019/2020, the Committee undertook to expedite the disbursement of funds to earmarked projects in accordance with the provisions of the NGCDF Act, 2015, as amended in 2016, and the requirements of the Annual Performance Contract. The disbursements saw the implementation of approved project activities across the Constituency. As at the close of the fiscal year 2019/2020 on 30th June 2020, the funds due to projects was Kshs 38,975,349 and the overall funds utilization and absorption rate stood at 72.8 percent. This is an impressive performance realized by the Committee during the year on funds absorption based on funding received from the NG-CDF Board, since there was late disbursement of funds and as at the close of the financial period ending 30th June 2020, all the allocated funds had not been received from the NG-CDF Board hence some of the projects implementation had not started.

Achievements and Major Undertakings

During the year, the Committee disbursed a total of Kshs 31,528,530 as bursary to needy students in secondary, tertiary institutions and this was to benefit a total of over 2,000 students, however due to the COVID19 pandemic, schools were closed hence some of the beneficiaries had not collected their cheques.

Major physical facilities funded are infrastructure such as construction of a police station and police division headquarters, classrooms, removal of Asbestos, Toilet blocks in schools and construction of perimeter walls to secure the schools premises. The continued funding towards the education sector in the Constituency has contributed to increased enrolment in primary and secondary whilst increasing retention and transition rates while equally reducing the burden of education for low income families. Another major project undertaken during the year is the Construction of Sub-County Police Commander (SCPC) Office and Furnishing Kaptembwo Police station which was fully constructed by NG-CDF with Furnitures, which will serve as Police Division Headquarters. The Sub-County Police Commander (SCPC) Office project is currently ongoing and at 70 percent completion. It is expected that the project will be fully completed by October 2020. Provided below are the current status of some projects funded;

During the financial year 2019/2020, the overall budget utilization stood at 96.54 percent based on the funds received. This was achieved due to expeditious disbursement of funds received to

earmarked projects by the NGCDF Committee. During the period Kshs.100, 000,000.00 was received against the total allocation of Kshs 137,367,724.14.

Development Planning

The Constituency Development Funds continue to draw interest of beneficiaries and communities alike. This has seen the receipt of many proposals from communities spanning various sectors. To ensure focus and expedite Constituency development, the Committee is basing its development plans on its strategic plan which is a formalized road map that spells out where the Constituency is going over the next five years in project identification, implementation and management taking cognizance of the global Sustainable Development Goals, Kenya Vision 2030 and related County Integrated Development Plans. The NG-CDF Committee is convinced that the strategic plan shall help the Constituency in setting priorities, focusing energy and resources, strengthening operations and ensuring that the Committee, its employees and other stakeholders are working towards a common goal and results.

Challenges

Despite the above impressive performance and plans, the Committee has noted various challenges in project implementation and management during the FY 2019/2020. These encompass, inadequate record keeping by project management committees and delayed submission of the required returns for funds disbursed. Another notable challenge is the limited numbers of technical officers needed to provide the requisite technical advice in project implementation and management. To mitigate the above, the committee during the year 2019/2020 scaled up its capacity building programmes for NG-CDF Committee, Project Management Committees and staff on various aspects of NG-CDF projects management. These programmes contributed to minimizing the challenges and improving overall performance by Project Management Committees. The NG-CDFC plans to continue with the capacity building as well as monitoring and evaluation programmes during the FY 2019/2020.

I wish to sincerely thank the NG-CDF Committee, NG-CDFC staff, Project Management Committees and other stakeholders for the cooperation and support that saw the achievement of the above milestones. Going forward, the Committee envisions to even perform better and attain better assessments in its performance targets for FY 2019/2020.

IV. CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY REPORTING

NGCDF Nakuru Town West Constituency, like any other Government entity has the responsibility of ensuring public involvement in project identification, prioritization of projects and adequate allocation of funds to the projects. In undertaking the aforementioned, the Nakuru Town West NG-CDF Committee always highlights Corporate Responsibility as a device with relevance for public policy actualization with the aim of enhancing sustainable and inclusive development programmes in the constituency.

The financial prudence has a lot of weight in development agenda which drives on a delicate thread of enormous community expectations. In enhancing the financial trust in various sectors, we assessed the risks factors, long term and short term performance.

We further looked at performance on responsible leadership with clear hint on the interest of the constituents and stakeholders and sufficient respect for environmental, social and governance issues.

This is aimed at ensuring efficient and effective management of public resources at the grassroots level thus transformation of livelihoods. It remains our purpose and the driving force behind everything we do. This is what guides us to deliver our strategies, which is founded on social sector, specifically; Education, Training, Security Sector Support, Environment, and Sports. This support also makes special provisions for Kenyans with various disabilities and previously marginalized communities.

1. Sustainability strategy and profile-

The NG-CDF Committee Nakuru Town West strived to work within the existing policy guidelines that helped in focusing on the service deliver and drive to better performance with the involvement of both internal and external stakeholders on matters development. The relevance of this was attributed to our vision, mission and core values as provided for in our strategic;

Vision and Mission Statement

Vision: A model constituency in economic development. The constituency seeks to make significant giant steps towards achieving economic development. It aims at becoming a model to be emulated by other constituencies in the country.

Mission: Efficient and effective utilization of resources for achievement of equitable and sustainable development. The constituency will endeavour to utilize the available resources in a manner that will bring remarkable change to the people.

Core Values: The core values provide information concerning what we believe in and wish to uphold in the course of providing services to the people of Nakuru Town West Constituency. To realize effective suitability, the constituency relied on the set targets as a sign of performance ambition. The Goals as provided in our strategic plan remained the focal point for inside and outside Stakeholders with a clear set of objectives for management, and a gauge by which external audiences can judge our progress and achievements against their expectations. The frameworks under which we operated included projects identification, allocation of funds, approval, implementation and monitoring

2. Environmental performance

The Environmental policy guiding the NG-CDFC Nakuru Town West are the following:-

- ✓ Comply with all applicable environmental regulations;
- ✓ Prevent pollution whenever possible;
- ✓ Train all of our staff on environmental program and empower them to contribute and participate;
- ✓ Communicate our environmental commitment and efforts to our customers, staff, and our community; and
- ✓ Continually improve over time by striving to measure our environmental impacts and by setting goals to reduce these impacts each year.
- ✓ Complying with all applicable environmental legislation and sustainability commitments
- ✓ Preventing pollution and reducing consumption of resources through waste management strategies that promote waste minimization re-use, recovery and recycling, as appropriate
- ✓ Promoting and continuing to invest in technologies that provide alternatives to business travel
- ✓ Ensure our staff are aware of the environmental impacts of their work activities and encourage them through regular awareness and training to minimize those impacts.
- ✓ Promoting the protection and enhancement of biodiversity and ecosystems through employee awareness programs and stakeholder engagement.
- ✓ Pursuing a programme of continuous improvement by reviewing our Environmental Management System and related objectives, targets, policies and practices.

The NG-CDFC office has conducted trainings in for NG-CDFCs, NG-CDFC staffs and PMCs on environmental management which has great impacted in environment management. These has positively impacted the environment.

The office has noted a major limitation on the environmental management as prolonged draughts being experienced which causes planted seedlings to dry up.

All employees and contractors/Suppliers are encouraged to co-operate with NG-CDFC Office Nakuru Town West in the implementation of the Environmental Policy document and ensure that their own work, so far as is reasonably practicable, is carried out with minimum risk to the environment. Consultation with all relevant stakeholders is structured to ensure environmental awareness.

Environmental Action Plan

The Environmental Action Plan for Nakuru Town West NG-CDF has identified three (3) areas in which we as an office have direct or indirect environmental impact, and where we can implement initiatives to manage and reduce these impacts.

These areas together with our Environmental strategic action are listed below:

Bullying – which means repeated, deliberate and targeted conduct by a person towards a staff member which is offensive, intimidating or humiliating and which detrimentally affects that member’s well-being. Reporting Harassment Cases Any staff who believes that they have experienced some form of harassment should report harassment cases as outlined in the office complaints procedures manual

COMMUNITY ENGAGEMENTS

Public Participation in Project Identification and Implementation and Monitoring The NG-Constituency Development Act 2015 stipulates in part 5 section 27 subsection 1 and 2 that the chairperson of the NG-CDFC shall, within the first year of the commencement of a new Parliament and at least once every two years thereafter, convene open forum public meetings in every ward in the constituency to deliberate on development matters in the ward and in the constituency. The NG-CDFC shall then deliberate on project proposals from all the wards in the constituency and any other projects which the Constituency Committee considers beneficial to the constituency, including joint projects with other constituencies, consider the national development plans and policies and the constituency strategic development plan, and identify a list of priority projects, both immediate and long term, out of which the list of projects to be submitted in accordance with the Act shall be drawn from. There after the list of proposed constituency based projects to be covered under this Act shall be submitted by NG-CDFC to the Board.

Public participation is the process that directly engages the concerned stakeholders in decision making and gives full consideration to public input in making that decision. Public’s engagement is a vital part of many projects and the benefits of it are well documented, such as better outcomes for all stakeholders, community ownership and lower project costs. When the public is involved in a project, they feel motivated to work together, recognize the benefits of their involvement and have ownership of the projects and the decision making process, which is key to a successful project outcome and their sustainability.

Effective public engagement is about recognising that involving the public in a project is no longer about information dissemination and telling the people what is being done, but is a two-way information sharing tool. The more views gathered in the process of making a decision, the more likely the final product will meet the most needs and address the most concerns possible.

In summary stakeholders participation is important since:

- ✓ Providing information helps them understand the issues, options, and solutions available for the projects
- ✓ Consulting with the public aids in obtaining their feedback on alternatives or decisions
- ✓ Involving the public to ensures their concerns are considered throughout the decision process, particularly in the development of decision criteria, options and preferred solutions that are workable, efficient and sustainable. Public Awareness This includes mechanisms for participation and cooperation with local, regional and national agencies, and for conducting community-based needs assessments and public awareness campaigns and holding community meetings Public Awareness and Sensitisation Exercise Provide

V. STATEMENT OF NG-CDF NAKURU TOWN WEST MANAGEMENT RESPONSIBILITIES

Section 81 (1) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the accounting officer for a National Government Entity shall prepare financial statements in respect of that entity. Section 81 (3) requires the financial statements so prepared to be in a form that complies with relevant accounting standards as prescribed the Public Sector Accounting Standards Board of Kenya from time to time.

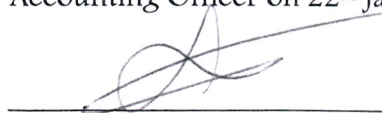

The Accounting Officer in charge of the NG-CDF-Nakuru Town West Constituency is responsible for the preparation and presentation of the NG-CDF-Nakuru Town West Constituency's financial statements, which give a true and fair view of the state of affairs of the NG-CDF-Nakuru Town West Constituency for and as at the end of the financial year 2019/2020 ended on June 30, 2020. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the NG-CDF-Nakuru Town West Constituency; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the NG-CDF-Nakuru Town West Constituency; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Accounting Officer in charge of the NGCDF-Nakuru Town West Constituency accepts responsibility for the entity's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The Accounting Officer is of the opinion that the NGCDF-Nakuru Town West Constituency's financial statements give a true and fair view of the state of entity's transactions during the financial year ended June 30, 2020, and of the NGCDF-Nakuru Town West Constituency's financial position as at that date. The Accounting Officer charge of the NGCDF-Nakuru Town West Constituency further confirms the completeness of the accounting records maintained for the NGCDF-Nakuru Town West Constituency, which have been relied upon in the preparation of the entity's financial statements as well as the adequacy of the systems of internal financial control.

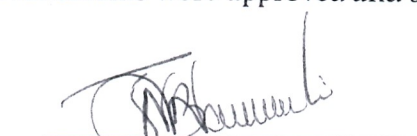

The Accounting Officer in charge of the NGCDF-Nakuru Town West Constituency confirms that the NG-CDF-Nakuru Town West Constituency has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable), and that the NG-CDF-Nakuru Town West Constituency's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for. Further the Accounting Officer confirms that NGCDF-Nakuru Town West Constituency's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the financial statements

The NGCDF-Nakuru Town West Constituency financial statements were approved and signed by the Accounting Officer on 22nd January 2021.

REPORT OF THE AUDITOR-GENERAL ON NATIONAL GOVERNMENT CONSTITUENCIES DEVELOPMENT FUND - NAKURU TOWN WEST CONSTITUENCY FOR THE YEAR ENDED 30 JUNE, 2020

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of National Government Constituencies Development Fund - Nakuru Town West Constituency set out on pages 1 to 30, which comprise of the statement of assets and liabilities as at 30 June, 2020, statement of receipts and payments, statement of cash flows and the summary statement of appropriation - recurrent and development combined for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the National Government Constituencies Development Fund - Nakuru Town West Constituency as at 30 June, 2020, and of its financial performance and its cash flows for the year then ended, in accordance with the International Public Sector Accounting Standards (Cash Basis) and comply with the National Government Constituencies Development Fund Act, 2015 and the Public Finance Management Act, 2012.

Basis for Qualified Opinion

1. Other Grants and Transfers

As disclosed in Note 7 to the financial statements, the statement of receipts and payments reflects other grants and transfers totalling to Kshs.60,928,530. The following observations were made:

1.1 Unsupported Construction of Roads and Bridges

Included in the balance is an expenditure totalling to Kshs.13,000,000 for maintenance of roads and bridges and an amount of Kshs.3,600,000 for emergency fund. The expenditure on emergency fund included an amount of Kshs.2,150,000 on roads incurred on heavy grading, culvert cleaning, fill in hardcore material and compact, gravel patching

with watering and compaction of access roads but the nature of the emergency was not disclosed. Further, these expenditures were not supported with evidence of conditions of the roads. In addition, the drawing/sketch map did not indicate the details of the maintained roads to ease physical verification.

In the circumstances, the accuracy, completeness and validity of expenditure totalling to Kshs.15,150,000 on other grants and payments for the year ended 30 June, 2020 could not be confirmed.

1.2. Unsupported Bursaries

The balance included bursary to secondary schools amount of Kshs.29,694,740 and bursary to tertiary Institutions amount of Kshs.1,833,790. However, acknowledgements for bursary disbursed, list of bursary applications, list of rejected applications and Bursary Committee recommendations, vetting minutes and detail out the cheque numbers and student admission numbers for one thousand and ninety-eight (1,098) students were not provided.

In the circumstances the accuracy, completeness and validity of bursaries totalling to Kshs.31,528,530 for the year ended 30 June, 2020 could not be confirmed.

2. Unsupported Committee Bank Balances

Annex 5 to the financial statements discloses thirty-two (32) Project Management Committee bank balances totalling to Kshs.24,537,316. However, the balances were not supported with bank reconciliation statements and certificate of bank balance. Out of the thirty-two (32) projects, four (4) projects had their status marked as complete and in use yet the related bank balances continued to be active with a balance amount of Kshs.4,970,954 as at 30 June, 2020 in the accounts.

In the circumstances the accuracy, completeness and validity of Committee bank balances totalling to Kshs.24,537,316 as at 30 June, 2020 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the National Government Constituencies Development Fund - Nakuru Town West Constituency Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Matter

Budgetary Control and Performance

The summary statement of appropriation - recurrent and development combined reflects final receipts budget and actual on comparable basis totalling to Kshs.141,040,917 and Kshs.103,637,193 respectively, resulting to an underfunding amounting to Kshs.37,403,724 or 27 % of the budget. Similarly, the statement reflects final expenditure budget and actual on comparable basis totalling to Kshs.141,040,917 and Kshs.100,210,703 respectively, resulting to an under expenditure amounting to Kshs.40,830,214 or 29% of the budget.

The underfunding and underperformance affected the planned activities and may have impacted negatively on service delivery to the public.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Delay in Project Implementation

The Project Implementation Status Report for the year under review indicated that thirty-six (36) projects with an allocation totalling to Kshs.77,764,456 were ongoing due to delayed disbursements from the NGCDF- Board while three (3) projects with an allocation totalling to Kshs.7,441,389 were devolved to the County Government and therefore not funded to completion but there was no evidence they were handed over to the County Government.

In the circumstances, I am unable to confirm whether the public will obtain value for money for the above delayed projects with an allocation totalling to Kshs.85,295,845, for the year ended 30 June, 2020.

2. Unsatisfactory Project Implementation

Physical verification of five (5) projects with an allocation totalling to Kshs.19,000,000 in the month of January, 2021 revealed that they were not satisfactory implemented as detailed in **Appendix I**.

In the circumstances, I am unable to confirm whether the public will obtain value for money for the above unsatisfactory implemented projects with an allocation totalling to Kshs.19,000,000 for the year ended 30 June, 2020.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Fund or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with Governance are responsible for overseeing the financial reporting process, reviewing the effectiveness of how the Fund monitors compliance with relevant

legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to

those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Fund to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Fund to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

XII. SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of Compliance and Basis of Preparation

The financial statements have been prepared in accordance with Cash-basis International Public Sector Accounting Standards (IPSAS) as prescribed by the Public Sector Accounting Standards Board (PSASB) and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB. The accounting policies adopted have been consistently applied to all the years presented.

2. Reporting Entity

The financial statements are for the NGCDF-Nakuru Town West Constituency. The financial statements encompass the reporting entity as specified under section 81 of the PFM Act 2012

3. Reporting Currency

The financial statements are presented in Kenya Shillings (Kshs), which is the functional and reporting currency of the Government and all values are rounded to the nearest Kenya Shilling.

4. Significant Accounting Policies

The accounting policies set out in this section have been consistently applied by the NG-CDF-Nakuru Town West Constituency for all the years presented.

a) Recognition of Receipts

The NG-CDF-Nakuru Town West Constituency recognises all receipts from the various sources when the event occurs and the related cash has actually been received by the NG-CDF-Nakuru Town West Constituency.

Tax Receipts

Tax receipts are recognized in the books of accounts when cash is received. Cash is considered as received when notification of tax remittance is received.

Transfers from the Exchequer

Transfers from the exchequer are recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving NG-CDF-Nakuru Town West Constituency.

SIGNIFICANT ACCOUNTING POLICIES

External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

Grants and loans shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary.

In case of grant/loan in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice. A similar recognition criteria is applied for loans received in the form of a direct payment.

During the year ended 30th June 2020, there were no instances of non-compliance with terms and conditions which have resulted in cancellation of external assistance loans.

Other receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognized in the financial statements the time associated cash is received.

b) Recognition of payments

The Entity recognises all payments when the event occurs and the related cash has actually been paid out by the Entity.

Compensation of Employees

Salaries and wages, allowances, statutory contribution for employees are recognized in the period when the compensation is paid.

Use of Goods and Services

Goods and services are recognized as payments in the period when the goods/services are paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

Acquisition of Fixed Assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the financial statements.

SIGNIFICANT ACCOUNTING POLICIES

5. In-kind contributions

In-kind contributions are donations that are made to the NG-CDF-Nakuru Town West Constituency in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Entity includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

6. Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

7. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year are treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

8. Accounts Payable

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized on an accrual basis (as accounts payables). This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted by National Government Ministries and Agencies. Other liabilities including pending bills are disclosed in the financial statements.

9. Pending Bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the Entity at the end of the year. When the pending bills are finally settled, such payments are included in the Statement of Receipts and Payments in the year in which the payments are made.

10. Unutilized Fund

Unutilized funds consist of bank balances in the constituency account and funds not yet disbursed by the Board to the constituency at the end of the financial year. These balances are available for use in the subsequent financial year to fund projects approved in the respective prior financial years consistent with sec 6(2) and sec 7(2) of NGCDF Act, 2015.

SIGNIFICANT ACCOUNTING POLICIES

11. Budget

The budget is developed on a comparable accounting basis (cash basis except for imprest and deposits, which are accounted for on an accrual basis), the same accounts classification basis, and for the same period as the financial statements. The original budget was approved by Parliament on June 2019 for the period 1st July 2019 to 30th June 2020 as required by Law and there was one supplementary adjustment to the original budget during the year. Included in the adjustments are the unutilized funds.

A comparison of the actual performance against the comparable budget for the financial year under review has been included in the financial statements.

12. Comparative Figures

Where necessary, comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

13. Subsequent Events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended 30th June 2020.

14. Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.

During the year, errors that have been corrected are disclosed under note 14 explaining the nature and amounts.

15. Related Party Transactions

Related party relationships are a normal feature of commerce. Specific information with regards to related party transactions is included in the disclosure notes.

PROGRESS ON FOLLOW UP OF AUDITOR RECOMMENDATIONS

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Focal Point person to resolve the issue (Name and designation)	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)
2.1	The statement of summary of Appropriation Recurrent and Development reports Kshs. 1,964,000 on total receipts while the correct computation is Kshs. 2,000,000 resulting to a variance of Kshs. 36,000	The variance is unutilized revenue from sale of tender for Kshs. 36000. The inaccuracies is as a result of the funds brought forward from the previous financial year which in this case is treated as financial statement adjustment in the summary statement of appropriation	FAM	Resolved	
2.4	The statement of receipts and payments reflects transfer from CDF Board of Kshs. 118,420,186 while the statement of appropriation reports Kshs. 134,207,505 resulting to a variance of Kshs. 15,787,325.	The amount resulting to the variance is the opening balance by the beginning of the financial year.	FAM	Resolved	
1.4	Comparative opening balance for 2018/2019 on unutilized funds Kshs. 16,766,632 while the figure in 2017/2018 is nil resulting to variance of Kshs. 16,766,632	This was an error in financial statement and was corrected	FAM	Resolved
