MIN No. HUPPW 007/2022: **CONFIRMATION OF MINUTES OF THE PREVIOUS SITTING**

MIN No. HUPPW 008/2022: **PRE-VETTING MEETING FOR NOMINEES TO BE APPOINTED AS PRINCIPAL SECRETARIES FOR THE STATE DEPARTMENTS OF HOUSING AND URBAN DEVELOPMENT AND PUBLIC WORKS.**

The Chairperson invited the committee secretariat to take members through the vetting process of the two nominees of the state departments under the Ministry of Lands, Public works, Housing and Urban Development i.e., Mr. Charles Hinga-State Department for housing and urban development and Mr. Joel Arumonyang-State Department for Public works.

The legal counsel briefed the members on their mandate as far as the vetting process is concerned as guided by the constitution and relevant laws. The counsel highlighted to the members that Parliamentary approval of appointments to public offices is governed by the constitution, the Public Appointments Act, 2011 and the National Assembly Standing Orders.

The brief also enlightened the members on various key constitutional and procedural requirements before, during and after vetting process, vetting committee powers, etc. as itemized below:

1. That the committee has the power to call for evidence from witnesses if it so wishes.
2. That ordinarily, the committee should vet the nominee and table the report in the house within 28 days. However, as per speaker's communication dated 3rd November 2022, the committee is expected to table the vetting report in the house by 22/11/2022.
3. That the approval hearing should focus on a candidate's academic credentials, professional training, experience, personal integrity and background.
4. That the committee has the duty to establish if the nominees are suitable and competent to hold the offices that they are being nominated to.
5. That the committee has the role of establishing whether the nominee has met all the constitutional requirements like:
 - a) Not having dual citizenship
 - b) Not holding office in a political party
 - c) Having integrity in serving members of the public.
 - d) Compliance with relevant statutory requirements as confirmed by state agencies like the DCI, KRA, EACC, HELB and Credit reference bureaus.

The members were also informed that as at 10th November 2022, no memoranda or affidavits had been received in respect of either nominee though the deadline for submission of the same was yet to lapse.

MIN No. HUPPW 009/2022: **COMMITTEE RESOLUTIONS**

1. The committee resolved that there was a need to strategize on how to interview the nominees so that the vetting exercise runs smoothly with the committee achieving the intended objectives at the end of it all. Members were therefore requested to make every

effort to prepare well in advance by way of doing background checks for the nominees as well as familiarizing themselves with the specific activities of the committee.

2. Members also resolved that the secretariat should avail to them in a file all the relevant documents for the nominee like their CVs, Legal brief, Committee mandates, blank questionnaire etc. to enable them prepare upfront.
3. The committee unanimously agreed that the secretariat should come up with relevant guiding questions to enable the members plan upfront on the order and chronology of the questions to the nominees. The members further observed that each one of them was free to ask any other follow up questions and that the questions to the nominees should be about the state departments to which they have been nominated.
4. The committee resolved that the vetting process should be undertaken professionally by the members including following all the due processes so that everything is above board.
5. Committee members to compare notes with other departmental committees doing similar vetting so that they can be at par with their counterparts.
6. No need for other preparations meeting before the actual vetting day. Members agreed to come to the meeting at least 30 minutes before the scheduled time so that they can have ample time to review the replied questionnaires, distribute questions amongst themselves as they purpose to plan well way in advance.

DETAILED CURRICULUM VITAE

NAME:	Charles M. Hinga
POSITION:	Principal Secretary, Housing and Urban Development
PROFESSION:	Chartered Accountant / Investment Banker
DATE OF BIRTH:	11 August 1975
NATIONALITY:	Kenyan

PROFESSIONAL SUMMARY

Mr. Charles Hinga is the current Principal Secretary, State Department for Housing and Urban Development (SDHUD) within the Ministry of Transport, Infrastructure, Housing and Urban Development. In this role, Charles leads the SDHUD team in undertaking housing policy management, management of various housing schemes for civil servants and disciplined forces, development and management of government pool housing, public accommodation lease and management, maintenance of the inventory of government housing property as well as development and management of affordable housing. The State Department is also charged with shelter and slum upgrading, urban planning and development, as well as the establishment of an integrated, efficient, and sustainable urban public transport within the Nairobi Metropolitan Area. More specifically, the State Department is spearheading the implementation of the New Urban Agenda and efforts to achieve SDG 11 which focus on creating sustainable cities and human settlements, disaster risk reduction, adequacy of services, and inclusivity within communities. SDHUD also championed the Affordable Housing Program (AHP) as articulated under the previous administration's Big Four Agenda.

Mr. Mwaura has focused on leading initiatives related to human settlement and mobility under his office including the ambitious Affordable Housing Program, Kenya Urban Support Program, Kenya Slum Upgrading Project, among others. Under his leadership, AHP gained significant traction including the first-ever defined development framework for affordable housing in Kenya, onboarding of strategic partners offering projects with over 134,000 units, and championing significant changes in legislation that facilitate the development of affordable housing. The delivery framework also included approaches for integrating the informal sector into the housing program by ring-fencing a number of components for local production. In just one of the flagship projects with 1,370 units, Mr. Mwaura led the negotiation for the award of over KES 120 million (Mn) to three worker cooperatives corporatized as NgoKamKa to produce doors and windows thereby creating new income generation opportunities for 10,000 of its members.

Under Mr. Mwaura's steer, the Civil Servants Housing Scheme (CSHS) revamped its strategy to facilitate housing for civil servants and issued in five years over 1,300 mortgages – nearly the same number that had previously been disbursed in the prior 20 years. By facilitating housing projects and participating as an anchor investor, CSHS was able to offer more opportunities for homeownership to the lower cadres of civil servants who were traditionally underserved.

In efforts to integrate transport, land use, and urban planning for future urban cities, the housing program has mapped five (5) major areas in the metropolis for development and motivated for multi-agency approaches to funding and deployment of technical expertise. Other achievements on the human mobility front include the development of a harmonized commuter rail master plan with rapid implementation of quick-win projects including acquisition of eleven (11) diesel multi units. In addition, Mr. Mwaura has spearheaded the implementation of bus rapid transit systems along five (5) corridors within the Nairobi Metropolitan Area, with two corridors scheduled to decongest the metro area and open up new areas for development in short order. The accomplishments have

been made possible by a commitment to cooperation with both internal and external stakeholders, and the pursuit of mutually beneficial strategies for the bold execution of projects, programs, and initiatives.

Focusing on urban development, Mr. Mwaura led the completion of construction of 42 modern markets which improved work conditions and economic prospects for over 32,000 traders across the country. He also spearheaded the implementation of the Kenya Informal Settlements Improvement Program which channeled nearly KES 17 billion (Bn) towards improving infrastructure, access to tenure security, and the related physical and spatial planning within informal settlements and impacted over 1.38 million people across 14 counties. Through the Kenya Urban Support Program, nearly KES 34 Bn was disbursed to 59 municipalities in 45 counties to develop urban infrastructure and undertake economic stimulus projects. These funds financed the construction of over 263 infrastructure investments across the country which have improved urban service delivery at the lowest levels of implementation.

Following the onset of the COVID-19 pandemic in 2020, Mr. Mwaura led a series of engagements among stakeholders in the urban development sector to brainstorm and outline strategies that would mitigate socio-economic impacts on the sector and its participants. From those engagements, Mr. Mwaura led the State Department in crafting a program that would target youth living in informal settlements with a cash-for-work program. The National Hygiene Program (Kazi Mtaani) was able to provide over 500,000 youth across three phases to create an impact in their neighborhoods, reconnect with their communities, and earn a wage that would support their basic needs. The program benefitted local area economies as it circulated over KES 1.3 Bn every two weeks when the youth were paid.

Mr. Mwaura represents the Government of Kenya on the Board of Shelter Afrique, the pan-African organization dedicated to the development of housing for all, and where he chairs the Audit and Risk Committee. He also is a Board Member for the National Housing Corporation, Civil Servants Housing Scheme, and the Nairobi Metropolitan Area Transport Authority (NaMATA). He is a sought-after speaker on housing and urban development following his representation of Kenya as the UN-Habitat Focal Point. He has led delegations to discuss urban development on the Continent at the UN Habitat General Assembly, the World Urban Forum, the AfriCities Summit, and other stakeholder forums globally.

Previously, Mr. Mwaura worked successfully with public sector clients in South Africa to deliver projects in the property, energy, transport, and communications sectors that are aimed at improving service provision to citizens. Serving as a senior advisor, Mr. Mwaura has worked on such projects as: formulating a detailed Property Structure Strategy for The City of Jo'burg Property Company (JPC); the City of Johannesburg and the City of Tshwane (Pretoria) Bus Rapid Transport Programs; the Build, Operate and Transfer (BOT) of the Johannesburg Broadband Network; the Gauteng Green Agenda Program feasibility studies on behalf of the Gauteng Department of Infrastructure Development (GDID) and Gauteng Institute for Architecture (GIFA); establishment of City of Johannesburg as the preferred BPO location for local and global operators; upgrading of the City of Johannesburg's Fresh Produce Market to a market of the future, among others.

Mr. Mwaura is at heart an entrepreneur and was most recently the Founding Chairman and CEO of Pamoja Financial Consultants and Bright Wave Technologies respectively, both of which have been successful in undertaking seminal projects in Kenya and South Africa. With over 15 years' work experience in finance and management consulting, Mr. Mwaura looks forward to lending his expertise to these programs and other national initiatives in his home country.

For distinguished and exemplary public service to the nation, Mr. Mwaura was awarded the Chief of the Order of the Burning Spear (CBS) while his contributions to public service as a leading management consultant in South Africa earned him recognition as the Management Consulting Professional of the Year in 2016 by the South African Professional Services Awards. He is a Chartered Accountant (CA) and holds a Bachelor of Commerce

(Accounting) degree from Kenyatta University as well as a Bachelor of Accounting Science (Honors) degree from University of South Africa (UNISA).

CITY OF TSHWANE BUS RAPID TRANSPORT (BRT) SYSTEM

The City of Tshwane (CoT) Integrated Rapid Public Transport Network (IRPTN): 2012 – 2013

Charles was the Co-Lead Advisor to the City of Tshwane (CoT) which had identified the implementation of a Bus Rapid Transport (BRT) system as a near-term goal to form the backbone of the CoT's Integrated Rapid Public Transport Network (IRPTN). Charles was part of the core strategic team that comprised transport specialist technical and legal advisors. Charles offered critical input into devising the overarching solution to enable the IRPTN rollout. The key aim of the project was to provide an efficient and accessible transport system that would integrate with rail services (PRASA, Gautrain and Metrorail), and thereby:

- Reduce traffic congestion on roads (66% of morning peak traffic was made by persons using private cars) and alleviate associated challenges – time wasted on the road, road accidents, etc.
- Improve the market share of bus (8%) and rail (7%) which were a reflection of poor service rather than available capacity of the systems.

Charles was instrumental in:

- the formulation of the overall planning and development of the IRPTN business framework from inception, concept and viability and design development and implementation;
- the above exercise incorporated an array of elements including:
 - demand management, fare structure and ticketing (including smart card technology);
 - scheduling and required fleet size;
 - asset management strategies;
 - contract and performance management; and
 - industry transition to a bus operating company (BOC) structure (including a compensation model for existing operators).

In addition to the above Charles leading the financial advisory team:

- Developed and recommended the optimal funding mechanism for the purchase of 154 buses which are required for the first phase of the BRT system;
- Developed financial models to test the financial impact of using various modes of funding;
- Undertook an assessment of accounting and tax implications of the structures /strategies under consideration giving due cognizance to the fact that consolidation of the bus operations into CoT's books was the least desirable option.

Upon approval by the City of the concept, the following additional tasks were performed:

- Formulated a comprehensive risk assessment of the implementation and operational phases of the project;
- Formulated a conceptual framework and strategy to guide industry transformation and compensation of affected operators;
- Offered input into the formation of a Special Purpose Vehicle to in the interim act on behalf of the shareholders of the Bus Operating Company (BOC) to be formed;
- Developed financial models to establish:
 - A reasonable fee per kilometer to be paid to the BOC that will be the basis of bankability for any lending to the BOC to finance the purchase of buses;
 - The overall costs to CoT of running the BRT system and the level of operating subsidy that may be required.

The mandate entailed the formulation and execution of a project finance model that could possibly incorporate a mix of a range of funding sources including equity, straight debt, mezzanine instruments, government grants, Export Credit Agency (ECA) funding, etc. Prior to engaging in the fundraising activity, Charles led the team in reviewing and undertaking a full analysis of the:

- TRT's business plan;
- City's BRT Infrastructure and TRT's Bus Procurement Plan;

He was key in providing a suitable funding solution for the payment of Phase 1 buses all potential risks are mitigated by ensuring a streamlined and well-facilitated funding transaction is executed in cooperation with all stakeholders to ensure timeous delivery of phase 1 of the project.

Charles has been actively involved in stakeholder engagement while he continued to play a strategic role in the project by performing the following tasks:

- Offering strategic advice on the optimal bus procurement;

Charles was the Lead Financial Advisor when Pamoja was appointed to undertake this project for the Passenger Rail Agency of South Africa (PRASA) / South African Rail Commuter Corporation (SARCC). The mandate entailed assisting PRASA / SARCC in formulating a funding strategy for the re-capitalization of its asset base. The entire funding requirement was estimated at approximately US\$9 billion. This funding requirement also addressed a CAPEX backlog of over US\$2.5 billion. The assets covered were:

- **Signaling:** Approximately US\$ 600 million of capital investment was required by SARCC to ensure that the signaling used is of the latest technology and is uniform throughout the country and also in line with world standards;
- **Rolling stock:** Due to aging rolling stock that has gone through a complete life cycle, it was SARCC's aim to over the next 10 years acquire 5000 new coaches at an estimated cost of US\$1.2 million per coach.
- **Cape Link:** This project entailed the provision of a rail link between Cape Town International Airport and Cape Town Station in the Central Business District. It was recommended that as this railway line had revenues that could be ring-fenced, then project finance would be the ideal source of funding for the US\$200 million project.
- **Moloto Rail:** This project entailed the construction of 180 km of rail linking Pretoria to Moloto in Mpumalanga province in order to reduce the traffic volumes on the Moloto Road. Successful execution of the project would result in the provision of an integrated transport link between Gauteng and Mpumalanga Provinces and would speed onward traffic to the port of Maputo in Mozambique.
- **Autopax:** This project entailed structuring the funding and acquisition of buses for mass transportation of soccer supporters to various stadia during the 2010 FIFA World Cup. FIFA recommended the acquisition of 1,422 buses however the challenge was that these buses would be excess to demand post the 2010 World Cup

Charles and the TA team (financial, technical and legal advisors) examined the challenges associated with each of the sub-projects and developed mitigating solutions; overall Charles led the multidisciplinary team in:

- The development and evaluation of investment plans;
- Reviewing and advising on business plans;
- Designing appropriate funding plans;
- Making recommendations to update the recapitalization plan;
- Negotiations with various funding institutions;
- Assisting PRASA/SARCC to apply for the registration of the PPP in line with the prescribed processes and guidelines as set out by the SA National Treasury.

Statistics South Africa appointed a transaction advisory to provide advisory services for the construction and development of their new head office worth \$350 million. Charles was a key member of a transaction advisory team, whose responsibility together with the legal and technical teams was to take the procurement process from the National Treasury Approval – TA I to financial close. Charles' role as Senior Financial Advisor was to:

- Guide in the drafting of financial input into the procurement documentation;

- Draft financial evaluation criteria and manual;
- Participate in the Bid Evaluation Committee's (BEC) strategic team which reviewed the BEC's technical team's report in order to advise the client's strategic team to make recommendations to the Bid Adjudication Committee on the preferred and reserve bidders;

- Assist with the formulation of the negotiation strategy and especially items that relate to financial issues;
- Reach Financial Close and draft the Close-out report.

Charles and the TA team made ground-breaking achievements by drastically reducing the negotiating period by:

- Inviting the pre-qualified bidders to provide their input and or comments on the draft PPP Agreement. The net effect of this approach was that on issue of Phase 2 of the RFP the prequalified bidders would not be allowed to mark up the PPP Agreement, save for its schedules. and
- Stipulating to the Private Party that they must ensure that the banks (lenders) and the operator were part of the negotiation team in an effort to ensure that they are aware of all contentious issues that may arise. The inclusion of the Lenders in the negotiations was a key aspect in the speedy conclusion of the negotiations as all Lender issues were addressed early on.

These provisions resulted in substantial saving of negotiation time with the Private Party on the PPP Agreement and reaching Financial Close within the fastest time for an accommodation PPP.

Charles led the finance team in undertaking the feasibility study and as water provision is a basic municipal service the feasibility study had to follow the Municipal Systems Act Section 78 assessment which aims at determining the optimal technical and service delivery options and the value for money arising from implementing the preferred solution. The team's key tasks included:

- Drafting of an MSA section 78(1) report detailing the considerations under various internal service delivery mechanisms;
- Financial modeling of the various service delivery options;
- Drafting of an MSA section 78(3) report detailing the considerations under various external service delivery mechanisms;

Charles was the Lead Advisor for JMark for a project which sought to carry out a significant infrastructure upgrade that would restore the market to a modern and competitive fresh produce market at par with the standards set by similar markets in developed countries. This proposed upgrade was termed the "Market Of The Future" ("MOTF"). Towards this end, Pamoja was mandated to raise the funding on a project finance basis that would finance the upgrade of facilities. Charles as the lead advisor:

- Oversaw the preparation of the financial models that tested the feasibility of the various funding models that included
 - Direct funding from the City of Johannesburg;
 - Leveraging private sector funds (PPP, commercial lenders, bond issue, etc.); or
 - The incorporation of new shareholders.

Based on the outcomes of the feasibility study Charles developed a recommendation that he presented to the City on the optimal funding solution.

CO-PRINCIPAL

ADVISORY ON BUILD, OPERATE AND TRANSFER OF JOHANNESBURG BROADBAND NETWORK

Joburg Broadband Network Project, South Africa: Feb – Dec 2010

Charles was a co-principal on the Advisory Team that advised the City of Johannesburg on the Build, Operate and Transfer (BOT) of the Johannesburg Broadband Network. The project was undertaken by Ericsson and was valued at US\$150 million. Charles was instrumental in successfully proposing a project structure and procurement process that met the legislative requirements, the commonsense test and which also passed the bankability test. Charles' role included the following:

- The supervision and review of the financial modeling exercise that was geared towards arriving at a fair unitary payment to be paid by the City on a project finance basis;
- Leading the team in structuring and negotiating the BOT Agreement that ensured the project adhered to the principles of value for money, affordability and risk transfer.

Charles was able to successfully lead the team in:

- Developing a bankable procurement process that has minimal balance sheet effect;
- Creating a self-funding model that was premised on the securitization of existing sunk telecommunication costs. Effectively, the CoJ was able to secure the construction of a broadband network (which it will eventually wholly own) through the ring-fencing of expenditure that it was already incurring;
- The asset will be transferred back to the City after the operate phase; and
- The City receives 30% of the revenues from the outside market.

Critical to the success of the project was ensuring that it passed the legal and regulatory muster. Charles was able to guide the team in obtaining Council approval on important legislation and MFMA Considerations including:

- Approval of capital projects, including the total cost thereof (see section 19(1)(b) of the MFMA);
- Approval of contracts that will impose financial obligations on the municipality beyond the three years covered in the annual budget for that financial year (see section 33(1) of the MFMA)
- Approval of debt agreements (see section 46(2)(a) of the MFMA; and
- Decisions relating to security for municipal debt obligations (see section 48 of the MFMA).

The Project has been implemented and contributes to ensuring the residents of Johannesburg have access to affordable broadband.

Dear Sir

RE: RECOMMENDATION FOR PRINCIPAL SECRETARY CHARLES HINGA

I have had the privilege of collaborating and working closely with PS Charles Hinga in the course of my work as the Chief Executive Officer for the Kenya Private Sector Alliance (KEPSA). As one of the critical intermediaries between Government and the Private Sector, our organization values working relationships that foster dialogue, collaboration, and joint problem solving for the benefit of enterprise and citizens.

Mr. Hinga has been quite open to consultations with the private sector and created numerous opportunities for us to contribute to the framing and shaping of various policies within the State Department for Housing and Urban Development. As the Government was rolling out implementation of the Affordable Housing Program, we were able to participate in various consultations that led to improvements in implementation and particularly in approaches for improving the manufacturing supply chain.

In addition, during the onset of the COVID-19 pandemic, Mr. Hinga was instrumental in structuring engagements in which participants from private sector were able to give new ideas for keeping the construction sector open as well as functional in the face of the pandemic. Several members of the organization have participated in various initiatives to shape the urban development landscape including participating in the Taskforce for Re-engineering and Transformation of Urban Development in Kenya.

In all these interactions, I have found Mr. Hinga to be quite open to new ideas; he understood the working of government to guide the private sector engagements effectively, he was energetic, passionate, and focused on service delivery. We have appreciated his collaborative working style and count him as an ally in ensuring that we achieve win-win outcomes in various endeavors.

Mr. Hinga demonstrates a leadership capacity, professionalism that facilitates stronger collaboration between Government and Private Sector, makes government deliver on the citizens of which private sector is a major constituent, and I am confident that he is a strong candidate for the position that he is seeking. His valuable experience over the last four (4) years has demonstrated his ability to rise to the occasion and serve our country well.

I have no hesitancy in recommending him and being available for any information needed.

Yours Sincerely,

Carole Kariuki, EBS, MBS, HSC

Dear Sir,

RE: RECOMMENDATION FOR PRINCIPAL SECRETARY CHARLES MWAURA HINGA

The Kenya Property Developers Association (KPDA) is the representative body of residential, commercial, and industrial property development sector in Kenya. As the Chairperson, I had the privilege of working with Mr. Hinga in his capacity as the Principal Secretary for Housing and Urban Development.

As the country embarked on the implementation of Affordable Housing under the Big Four Agenda, we had the occasion of interacting regularly with Mr. Hinga and the various teams working in the State Department to implement the program. Our interactions were characterized by vigorous debate and engagement geared towards creating a facilitative environment for the development of affordable homes. Our members had the opportunity to contribute meaningfully through meetings, stakeholder engagement workshops, committees on affordable housing, and even in thought leadership on further this important agenda. Our ideas were met with openness, and we were happy to see some of the financial and tax incentives implemented in our favour.

Mr. Hinga has provided an example of passionate leadership and openness to new ideas. He has embraced our organization as key stakeholders and demonstrated that we have a true partnership in making incremental changes in the development of homes. Even when we have differed in approach, we have found Mr. Hinga to be approachable and amenable to continued discussions that improve overall outcomes for the sector. In a long-term relationship with the private sector, embracing a facilitative role goes a long way in making solutions work and stick. This investment in a working relationship continues to benefit the sector as we drive solutions for operationalizing tax incentives, conducting studies that can improve the models for the delivery of affordable housing, and proposing changes that can allow private developers to do their work for the benefit of the country.

Mr. Hinga is a passionate and supportive leader, and it is my view that he would be able to quickly grasp challenges and opportunities for any sector that he is engaged in, and step in to provide what is required for progress. Mr. Hinga would be a qualified candidate for this position, going above and beyond the call of duty to ensure that strategic goals are met. I am convinced that Mr. Hinga has demonstrated leadership and skills that allow for innovative and home-grown solutions to thrive.

Dear Sir/Madam,

RE: RECOMMENDATION-PS CHARLES HINGA MWaura

Kindly make reference to the mentioned subject matter.

NGOKAMKA HOLDING LIMITED representing three Main NAIROBI JUA KALI fraternity mainly Kariobangi Light Industries, Kamukunji & Ngong road artisans, with a composition of over 10,000 membership wish to recognize and recommend Hon. Charles Hinga Mwaura for his role in the Ministry of Housing particularly with regards to Participation of the informal Sector in Affordable Housing.

PS Hinga was very instrumental in the integration of JUA KALI sector in the Big Four Agenda-Affordable Housing from the Corporatization path, Standardization of Jua Kali products, MOU signing and eventual Contract award that benefited many Jua Kali artisans.

Besides economic empowerment of our group through the supply and fix of 8,880 Frame and doors to Park Road housing development, After successful completion of the project 55 of our members are now new home owners, something that was a pipe dream. It's through his office that our work spaces were greatly improved and while a lot more can be done; we do not suffer the indignity of working next to open sewage lines & underneath the weather elements because of the improved work sheds.

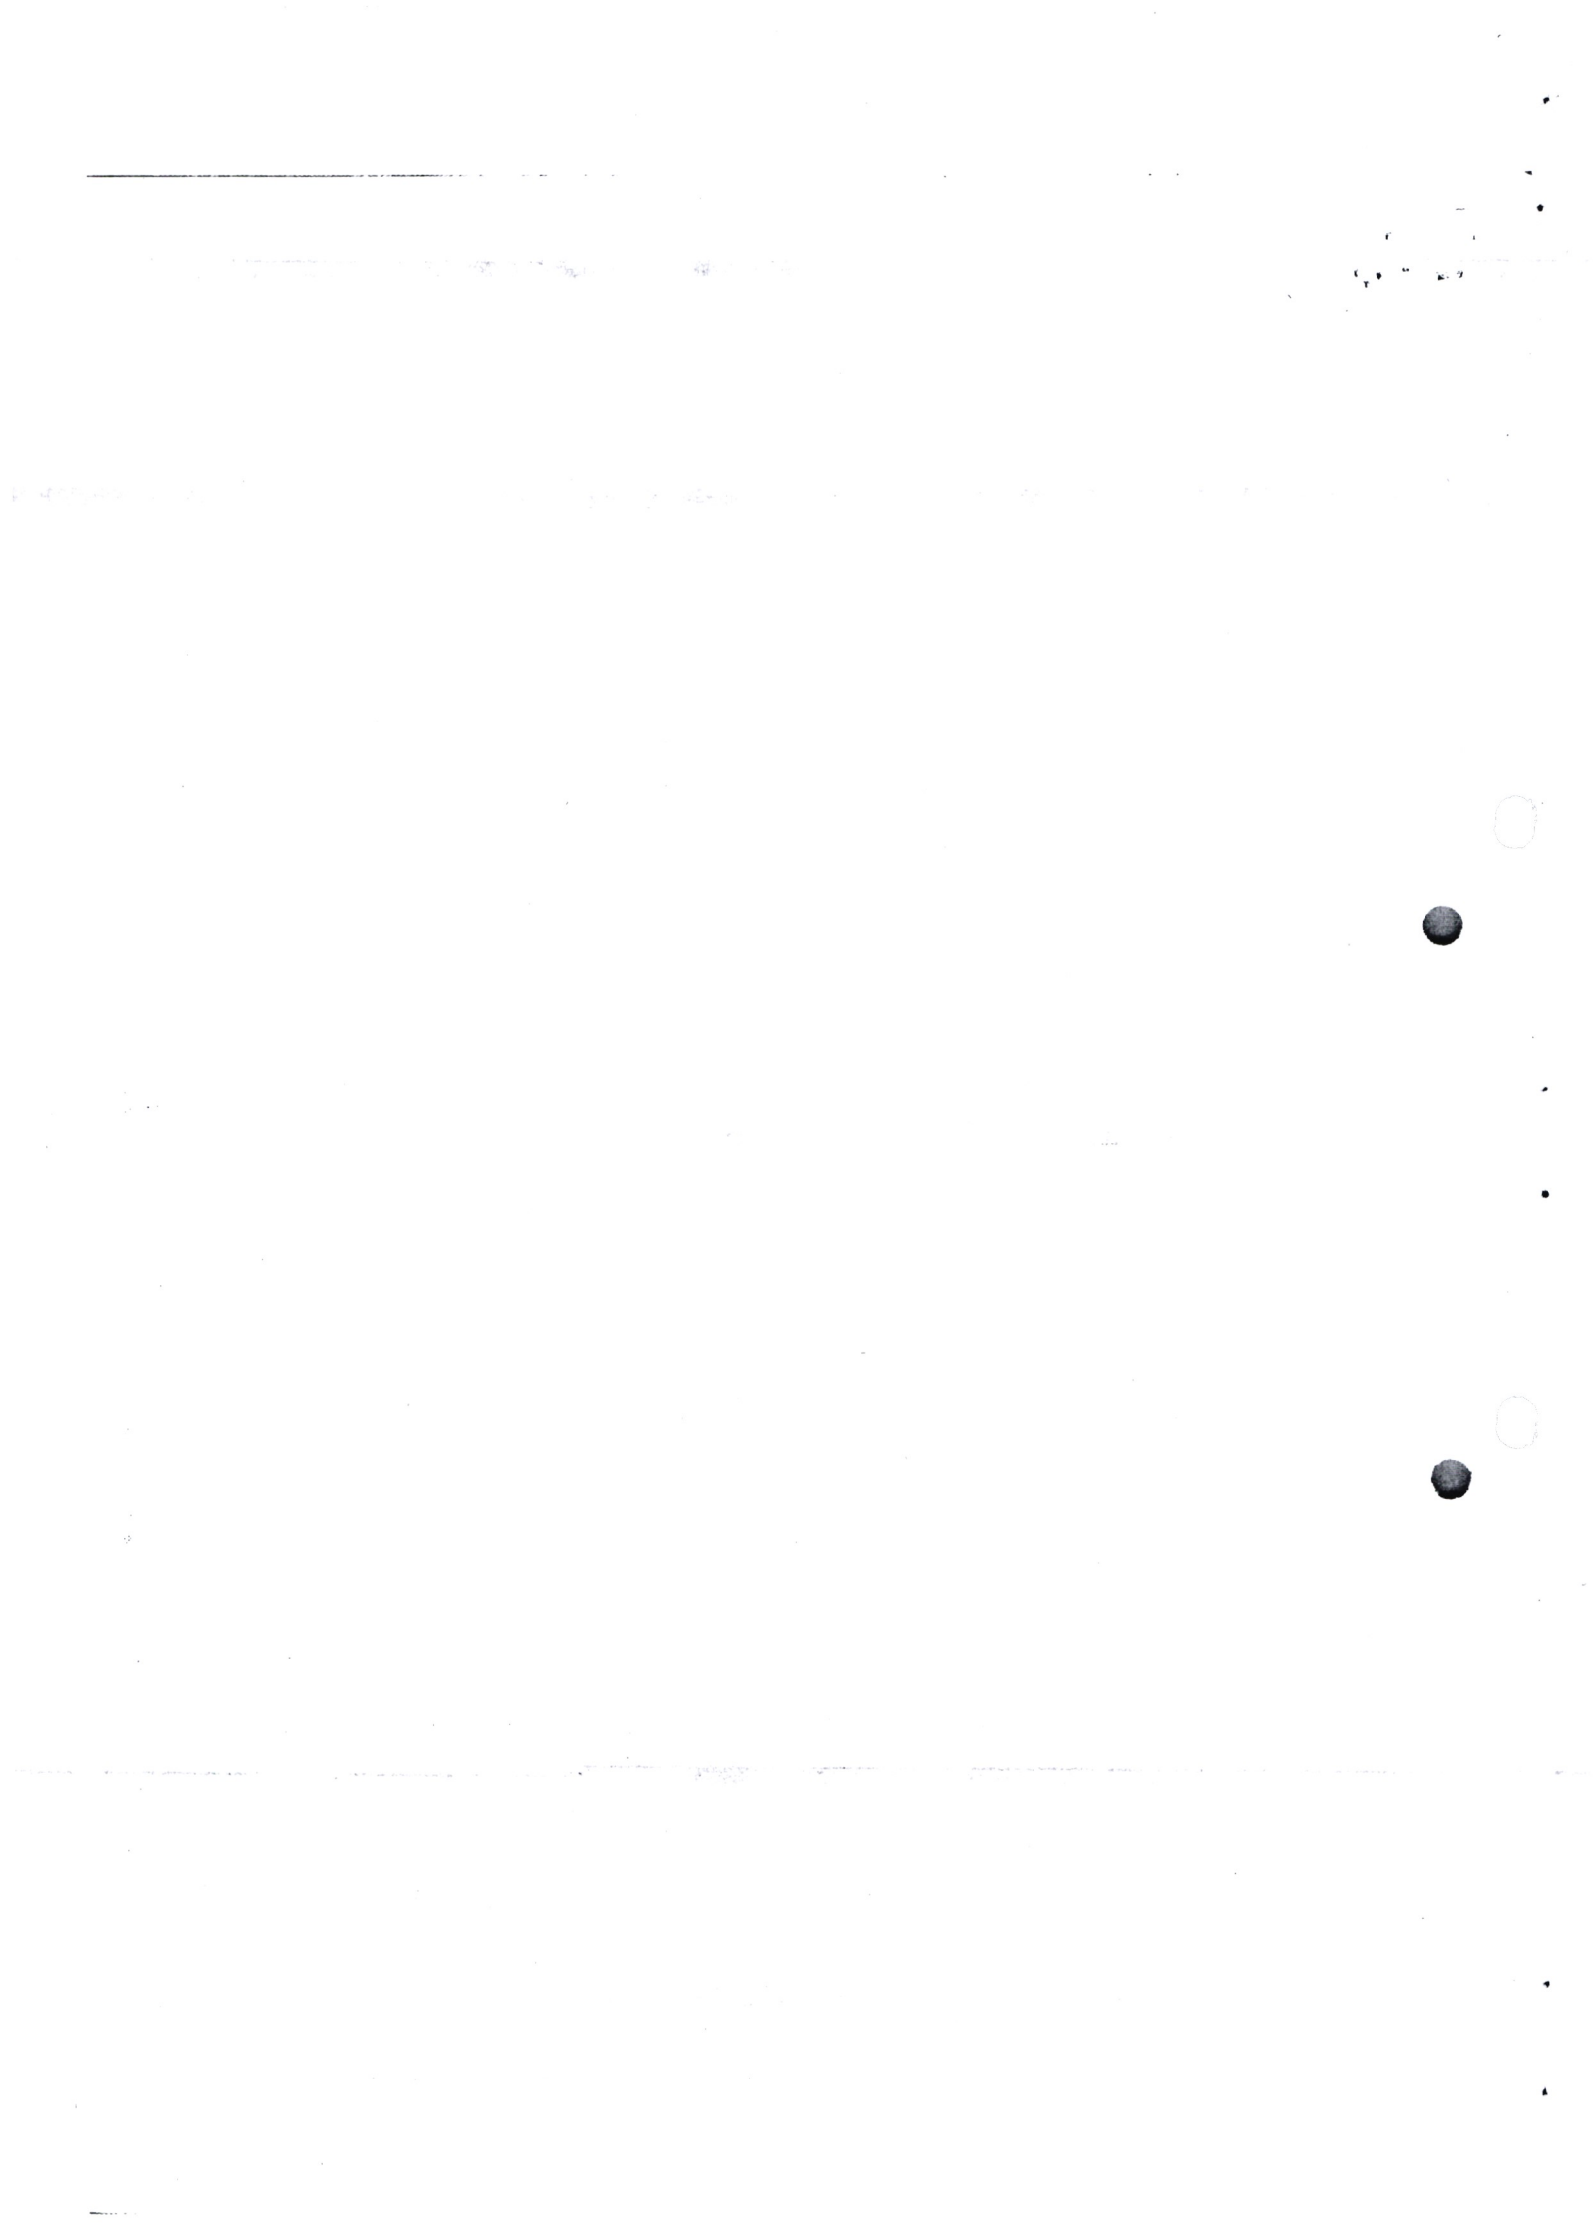

We believe that his continued stay as PS will open more doors for greater economic opportunities for our members and indeed other Jua Kali artisans in the country, a constituent that is at the heart of the new administration. We affirm that bottom up approach is more than a campaign rhetoric; we are a living testament that it works.

While we wish Hon. Charles Hinga all the best in his endeavors we highly recommend him for similar or higher role in the current Government.

Yours Faithfully,

Dear Sir

RE: RECOMMENDATION FOR PRINCIPAL SECRETARY CHARLES MWAURA HINGA

I worked with PS Charles Hinga in my tenure as the Cabinet Secretary for Transport, Infrastructure, Housing, Urban Development and Public Works. During this time, Mr. Hinga served as the Principal Secretary for Housing and Urban Development and was the accounting officer on a number of our critical projects in housing, markets development, master planning, and implementation of urban infrastructure projects in collaboration with counties.

Most notably, Mr. Hinga led our efforts to craft a strategy that would deliver the Affordable Housing Program under the Big Four Agenda. Mr. Hinga was passionate and committed to program, championing its workings and striving to ensure that we delivered several projects. Though the implementation was plagued with fiscal constraints, the project was able to deliver several catalytic projects funded by National Government and led to record registration of housing projects by the National Construction Authority amounting to over 264,000 units during this time. Mr. Hinga also championed our Civil Servants Housing Scheme work ensuring that the scheme issued that same number of mortgages in the last four years that it had in the over 20 years of its existence. He also ensured that we were able to deliver over 42 completed modern markets that improved local area economies and impacted over 32,000 traders. Under his leadership, the State Department was also able to implement several donor-funded projects that changed the face of urbanization in Kenya including the Kenya Informal Settlements Improvement Program (KISIP), Kenya Urban Support Program (KUSP), and other programs. He was also instrumental in crafting one of our best performing COVID-19 social protection response programs – the National Hygiene Program popularly known as Kazi Mtaani – and secured livelihoods for over 500,000 youth across three phases of implementation.

Mr. Hinga is a committed and energetic professional with innovative ideas and the capacity to take on challenging assignments. He was collaborative in his approach and consulted frequently with me and other stakeholders on critical decisions. Mr. Hinga has a talent for bouncing back in the face of adversity and this resilience has ensured that the State Department recorded some significant achievements. Mr. Hinga also demonstrated a capacity to learn and change tact in the face of changing implementation environments. As a leader, I have seen him grow his skills,

advocate for impactful projects, rally his teams to deliver well under time constraints, and continually strive for excellence in public service.

I am grateful for Mr. Hinga's contributions to our office and remain confident that he has the requisite qualifications and drive to serve in this post and add value to wherever he works.

I remain available should you have any additional questions.

Yours Sincerely,
