IV. Chairman's Statement

There was no Board of management during the period.

V. Report of The Chief Executive Officer

Uyawi Sub-County Level4 Hospital management is under the Medical Superintendent. There was no Active board of management during the period. The financial performance for the period reflects the true view of the entity's performance throughout the financial year since all the income were recorded and all expenditure captured, all the In- kind contributions, payables and inventory ,There were no receivables at the closure of the financial year in review

Medical Superintendent

VI. Statement Of Performance Against Predetermined Objectives

Section 164 (2) (f) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the accounting officer when preparing financial statements of Uyawi Sub-County Level 4 Hospital is in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board includes a statement of Uyawi Sub-County Hospital Level 4 Hospital performance against predetermined objectives.

Strategic development objectives (Adopted from Uyawi Sub-County)

Uyawi Sub-County Hospital performance against 2 identified objectives.

The targets set for the FY 2021/2022 period for its strategic pillars, as indicated in the diagram below:

Strategic Pillar/Theme/Issues	Objective	Key Performance Indicators	Activities	Achievements
Pillar/ theme/ issue 1:				
Health and Sanitation	To reduce mortality from preventable deaths	Reduce disease burden in Siaya County	% of Clients counselled and tested for HIV	80%
			% of HIV positive clients linked to care	96%
	% of WRA who know their HIV status		92%	
	To provide accessible and appropriate diagnostic and curative services		Percentage of HEI turning HIV positive at 18 months	3%
			% of clients with viral load <1000c/ml	89%
			No. of accredited CHVs given feedback	28
			No. of CHAs sensitized on eye health	28
			No. of half jackets distributed	100
			No. of CHVs sensitized on NCDs	28
			No. of HHs reached with COVID19 messages	500

VII. Corporate Governance Statement

The Board of Management was dissolved after their term expired, new board members had not been elected in the office financial year 2021/2022

VIII. Management Discussion and Analysis

It is my pleasure to present the Uyawi Sub-County Level 4 Hospital financial statements for the year ended 30th June 2022. The financial statements present the financial performance of Uyawi Sub-County Level 4 Hospital over the past year.

Clinical/operational performance

- Bed capacity of the hospital-16
- Overall patient attendance during the year for both inpatient and outpatient-16,887
- Accident and Emergency attendance-5
- Specialised clinic attendance-261
- Average length of stay for in patient-4days
- Bed occupancy rate-62%
- Mortality rate-1.6%
- Surgical theatre utilisation (number of operations over a period of time)-There was no operation
- Sponsorships-nil, partnerships-3

Financial performance that includes

Uyawi Sub-County Level 4 Hospital has three revenue sources that is Facility Improvement Fund, National Hospital Insurance Fund and Linda Mama.

The Hospital was able to generate Kshs. 6,709,800 .00 and Kshs 3,632,956 In-Kind contribution from the County Government and Kshs. 529,200.00 operational grant from County Government as revenue for the year and a total of Kshs. 12,428,149.00 incurred as expenditures.

The Hospital is continually carrying out its mandate in line with different regulations guiding its operations.

The major risk factor facing the Hospital is the lack of liquidity to finance most of its operations. Moreover, this poses a challenge in terms of offsetting its accrued pending bills.

During the reporting period, the hospital accrued a total of **Kshs. 2,587,756** as pending bills.

Medical Superintendent

IX. Environmental And Sustainability Reporting

Uyawi Sub-County Level 4 Hospital exists to transform lives. It's what guides us to deliver our strategy, putting the client/Citizen first, delivering health services, and improving operational excellence. Below is an outline of the organisation's policies and activities that promote sustainability.

i. Sustainability strategy and profile

Uyawi Sub-County Level 4 Hospital has identified the following sustainability priorities; consultative planning and budgeting process, improving own source revenue collection and sourcing for local service providers.

In consultative planning and budgeting process, Uyawi Sub-County Level 4 Hospital has ensured all stakeholders are brought on board in project identification, implementation to completion and this has ensured project ownership by the intended beneficiaries and ultimately creating the desired impact. Uyawi Sub-County Level 4 Hospital has developed own source revenue collection strategy as a deliberate effort of laying down strategies of improving own source revenue collected within Uyawi Sub-County Level 4 Hospital. These efforts are aimed at boosting the fiscal resource basket of the county that is largely supported by the exchequer from the National Government. In the end, Uyawi Sub-County Level 4 Hospital is also promoting sourcing of services from local providers with an objective of 'buying Siaya building Siaya'. This translates to promoting local goods and services that will ultimately build the local economy. While implementing the above sustainability priorities, there are broad political and macroeconomic trends from the National outlook that are likely to affect their realization. The major macroeconomic trend projected is high cost of inflation in the country. The high inflation rate will affect the cost of living and production cost that will negatively affect the business environment and eventually own source revenue collection. Similarly, the country is also headed in the electioneering period and the political environment interfere with the sustainability priorities. Notwithstanding, the county will align its policies to adjust to the microeconomic conditions and implement succession management plan in the transition period to manage the political environment.

In the review period, key achievements have been realized. However, in the course of implementation, there are challenges experienced across departments. They include: effects of covid-19, inadequate staffing, inadequate funding and delays in disbursement of funds

ii. Environmental performance

Uyawi Sub-County Level 4 Hospital is yet to establish an environmental policy however, the county has adopted National laws to guide the public and help in compliance with environmental laws. Some of the environmental and climate change issues experienced in the County include; deforestation in hills, flooding in areas near water bodies, pollution in urban areas, drought and famine, invasive species, loss of biodiversity and change in water levels especially in lake Victoria. To manage these environmental hazards, the county is; developing policies that will help protect the environment; investing in woodlots to promote tree planting, establishing designated dumping sites for waste management; promoting irrigation; establishing dykes in flood prone areas; preserving indigenous trees and certain wild animals.

iii. Employee welfare

To improve staff performance, Uyawi Sub-County Level 4 Hospital has initiated capacity building programmes to staffs through trainings by Kenya School of Government and partners such as World Bank. Further, the Human Resource department coordinates staff appraisal, performance contracting and propose rewards and sanctions.

The County has complied to Occupational Safety and Health Act of 2007. (OSHA) by providing adequate office space that is regularly cleaned, providing sanitation facilities, regular trainings on drug and substance abuse and providing PPEs to staffs in health-related fields.

iv. Market place practices-

In 2019, the County Government was declared a corruption free zone after engagements with Ethics and Anti-corruption commission. The county government advocates for fairness in service provision, resource allocation, open bidding, evaluation and awarding of tenders to suppliers. All advertisement of tenders and communications are done through the County Government website and official social media platforms. The county has fully embraced the e-procurement system to help in the tendering process. To successful suppliers, the county makes timely payment of goods and services delivered and made efforts of settling pending bills owed to creditors. The County expect quality goods and services despite not having a quality assurance unit to check on standards. Nonetheless, the process of ISO certification is on course.

v. Corporate Social Responsibility / Community Engagements

Uyawi Sub-County Hospital is fostering interaction with businesses, NGOs and other key stakeholders to address social problems through Corporate Social Responsibility (CSR) agenda. Various sectors have partnered with NGO's to provide CSR services. In health sector, the county has partnered with NGO's to provide polio vaccine to new born in the communities, training of expectant mothers, providing mosquito nets and providing food supplements. In agriculture, through partners, farmers have benefitted from free extension services, provision of certified seeds and fertilizers, provision of fingerlings and fishing gears.

vi. Report of The Board of Management

Uyawi Sub-county Level 4 Hospital Board of Director's term of service had expired, and had not been renewed. The Facility is yet to appoint new board of directors.

Auditors

The Auditor General is responsible for the statutory audit of Uyawi Sub-County Level 4 Hospital in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015 or XYZ Certified Public Accountants were nominated by the Auditor General to carry out the audit of Uyawi Sub-County Hospital for the year/period ended June 30, 2022 in accordance to section 23 of the Public Audit Act, 2015 which empowers the Auditor General to appoint an auditor to audit on his behalf.

By Order of the Board

.....

Secretary of the Board)

vii. Statement of Board of Management’s Responsibilities

Section 164 of the Public Finance Management Act, 2012 requires the Board of Management to prepare financial statements in respect of Uyawi Sub-County Level 4 Hospital which give a true and fair view of the state of affairs of the Uyawi Sub-County Level 4 Hospital at the end of the financial year/period and the operating results of Uyawi Sub-County Level 4 Hospital for that year/period. The Board of Management is also required to ensure that Uyawi Sub-County Level 4 Hospital keeps proper accounting records which disclose with reasonable accuracy the financial position of Uyawi Sub-County Level 4 Hospital. The council members are also responsible for safeguarding the assets of the Uyawi Sub-County Level 4 Hospital.

The Board of Managements responsible for the preparation and presentation of the Uyawi Sub-County Level 4 Hospital financial statements, which give a true and fair view of the state of affairs of Uyawi Sub-County Level 4 Hospital for and as at the end of the financial year (period) ended on June 30, 2022. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period, (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity, (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud, (v) safeguarding the assets of Uyawi Sub-County Level 4 Hospital; (v) selecting and applying appropriate accounting policies, and (vi) making accounting estimates that are reasonable in the circumstances.

The Board of Management accepts responsibility for Uyawi Sub-County Level 4 Hospital, the Uyawi Sub-County Level 4 Hospital financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012 and The Board members are of the opinion that Uyawi Sub-County Level 4 Hospital financial statements give a true and fair view of the state of Uyawi Sub-County Level 4 Hospital transactions during the financial year ended June 30, 2022, and of Uyawi Sub-County Level 4 Hospital’s financial position as at that date. The Board members further confirm the completeness of the accounting records maintained for Uyawi Sub-County Level 4 Hospital, which have been relied upon in the preparation of Uyawi Sub-County Level4 Hospital’s financial statements as well as the adequacy of the systems of internal financial control.

Nothing has come to the attention of the Board of management to indicate that Uyawi Sub-County Hospital will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements

The Hospital’s financial statements were approved by the Board on _____ and signed on its behalf by:

REPORT OF THE AUDITOR-GENERAL ON UYAWI SUB-COUNTY LEVEL 4 HOSPITAL FOR THE YEAR ENDED 30 JUNE, 2022 - COUNTY GOVERNMENT OF SIAYA

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure the Government achieves value for money and that such funds are applied for the intended purpose.
- C. Report on the Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, risk management environment and internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Uyawi Sub-County Level 4 Hospital – County Government of Siaya set out on pages 1 to 51, which comprise of the statement of financial position as at 30 June, 2022, and the statement of financial performance, statement of changes in net assets, statement of cash flows and statement of comparison of budget and

Report of the Auditor-General on Uyawi Sub-County Level 4 Hospital for the year ended 30 June, 2022- County Government of Siaya

actual amounts for the year then ended and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of Uyawu Sub-County Level 4 Hospital – County Government of Siaya as at 30 June, 2022, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Public Finance Management Act, 2012, Health Act, 2017 and County Governments Act, 2012.

Basis for Qualified Opinion

1. Unbalanced Statement of Financial Position

The statement of financial position reflects total net assets and liabilities of negative Kshs.1,335,701.58 while the re-casted amount on total net assets and liabilities was Kshs.1,252,054.42 resulting in an unexplained and unreconciled variance of Kshs.2,587,756 therefore an unbalanced statement of financial position.

In the circumstances, the accuracy of the statement of financial position could not be confirmed.

2. Doubtful Sustainability of Services

The statement of financial position reflects total current assets of Kshs.1,252,054.42 against total current liabilities of Kshs.2,587,756 resulting in a negative working capital of Kshs.1,335,701.58.

In the circumstances, the Hospital's ability to meet its obligations when they may fall due is doubtful and sustainability of services may be at risk.

3. Non-Disclosure of Donated Drugs

The statement of financial performance reflects a Nil amount on grants from donors and development partners as reported in the financial statements. However, distribution data from Kenya Medical Supplies Authority (KEMSA) revealed that the Hospital received donations and program commodities drugs amounting to Kshs.12,495,781 and Universal Health Coverage of Kshs.336,475 but were not disclosed in these financial statements.

In the circumstances, the accuracy and completeness of grants from donors and development partners could not be confirmed.

4. Non-Disclosure of Property, Plant and Equipment

The statement of financial position reflects a Nil property, plant and equipment balance. However, review of hospital records and physical verification revealed various assets

including land, buildings, motor vehicles, furniture, computers and equipment of undetermined value which were not disclosed in the financial statements. Further, the ownership documents for land were not provided for audit.

In the circumstances, the accuracy, completeness and ownership of Nil property, plant and equipment balance could not be confirmed.

The audit was conducted in accordance with the International Standards for Supreme Audit Institutions (ISSAIs). I am independent of the Uyawu Sub-County Level 4 Hospital Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources sections of my report, I confirm, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Errors in Presentation and Disclosure of the Financial Statements

Review of the financial statements reflects the following errors and inaccuracies;

- i. The page numbering of the components VIII, IX and X under table of contents is not correct.
- ii. On the table of contents and page xv the entity has indicated "Report of the Independent Auditor (Uyawu Sub-County Hospital)" instead of "Report of the Auditor General on the financial statements of Uyawu Sub-County Level 4 Hospital.
- iii. The entity name on the header of the report from page iii to 54 has been indicated as "Uyawu Sub-County Hospital Level 4 Hospital" instead of "Uyawu Sub-County Level 4 Hospital".

- iv. The entity name on the header of the report on page 55 is indicated as “XX Hospital (XX County Government)” instead of “Uyawi Sub-County Level 4 Hospital (Siaya County Government).
- v. Numbering of the headings from page xiv to 51 are incorrectly indicated.
- vi. Accumulated Surplus /Deficit figure captured on the Statements of Financial Position is Kshs.(1,335,701.58) instead of Kshs.(1,556,193).
- vii. Note numbers on the Statement of Cash flows were not indicated.
- viii. Financial years for Cash and Cash Equivalents under Statement of Cash Flows were not indicated.
- ix. Adoption of New and Revised Standards under Notes to the Financial Statement is not numbered.
- x. Summary of Significant Accounting Policies under Notes to the Financial Statement on page 13 is wrongly numbered.
- xi. The Sub-components under Summary of Significant Accounting Policies from e-s are wrongly numbered.
- xii. Statement of financial performance, Statement of financial position, Statement of Changes in Net Asset and Statement of Cash flows should have a footer note indicating. (The notes set out on pages x to xx form an integral part of the Annual Financial Statements).

In the circumstances, the preparation and presentation of the annual reports and financial statements is contrary to Section 81(3) of the Public Finance Management Act, 2012 which requires that the accounting officer shall prepare the financial statements in a form that complies with the relevant accounting standards prescribed and published by the Public Sector Accounting Standards Board.

2. Purchase of Goods Using Imprest

During the year under review, Management purchased ninety four (94) bags of charcoal at an amount of Kshs.200,000 above the stated threshold of low value procurements using standing imprest. It was not clear why the Hospital did not follow the procurement process. This was contrary to the Public Procurement Asset and Disposal Regulations, 2020

In the circumstances, Management was in breach of the law

3. Incorrect Identification of Uyawi County Hospital as a Level 4 Hospital

Review of the Hospital's registration certificate and operation license revealed that Uyawi was licensed to operate as a level 4 public health institution on 17 August, 2017 and the license expired on 31 December, 2017. However, review of the Kenya Gazette notice no.786 of 4

February, 2020 on categorization of health facilities revealed that Uyawi is not categorized as a health facility.

In the circumstances, the Hospital Management was in breach of the Gazette notice.

4. Lack of Quarterly Revenue Reports

The statement of financial performance reflects Kshs.6,709,800 in respect to rendering of services-medical services income as disclosed in Note 11 to the financial statements. However, the Hospital did not provide evidence to show that the quarterly reports were prepared and submitted to the County Treasury with a copy to the Auditor-General as per the requirements of Regulations 64. (1) of the Public Finance Management (County Governments) Regulations, 2015 which requires the Accounting Officer or receiver of revenue or collector of revenue to prepare a quarterly report not later than the 15 day after the end of the quarter.

In the circumstances, Management was in breach of the law.

5. Deficiencies in Implementation of Universal Health Coverage (UHC)

Review of Hospital records and interviews on verification of services offered, equipment used and medical specialists in the Hospital at the time of audit revealed that the Hospital did not meet the requirements of Kenya Quality Model for Health Policy Guidelines due to staff deficits by 89% of the authorized establishment.

Staffing Requirement	Level 4 Requirement	In Post	Variance	Percentage %
Medical Officers	16	0	16	100
Anesthesiologists	2	0	2	100
General Surgeons	2	0	2	100
Gynecologists	2	0	2	100
Pediatricians	2	0	2	100
Radiologists	2	0	2	100
Registered Community Health Nurses	75	11	64	85
Total	101	11	90	89

In addition, the Hospital did not provide required services and lacked the necessary equipment and machines outlined in the Health Policy Guidelines as detailed below;

Equipment and Machines	Level 4 Hospital Standard	Actuals in the Hospital	Variance	Percentage %
Bed Capacity	150	17	133	89
Incubators (Newborn)	5	0	5	100
Cots	5	0	5	100

Equipment and Machines	Level 4 Hospital Standard	Actuals in the Hospital	Variance	Percentage %
Resuscitative in Theatre	1	0	1	100
Resuscitative in Labour Ward	2	1	1	50
Functional ICU Beds	6	0	6	100
HDU Beds	6	0	6	100
Renal Unit with Dialysis Machines	5	0	5	100
Functional Operating Theatres Maternity and General	2	0	2	100
Land Size	5 acres	Unknown		
Ambulance	No ambulance			
Surgical Services	Not available			
Pediatric Services	Not available			
Gynecology Services	Not available			
Radiology Services	Not available			
Renal Services	Not available			

These deficiencies contravene the First Schedule of Health Act, 2017 and imply that accessing the highest attainable standard of health, which includes the right to health care services, including reproductive health care as required by Article 43(1) of the Constitution of Kenya, 2010 may not be achieved.

In the circumstances, the Hospital will not be able to deliver on its mandate.

The audit was conducted in accordance with ISSAI 4000. The Standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements comply, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON THE EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance section of my report, I confirm that nothing else has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

1. Lack of Audit Committee and Internal Audit Unit Function

During the financial year under review, Uyawi Sub-County Hospital did not have an audit committee in place. In the absence of a functioning audit committee, monitoring and review of the effectiveness of the internal audit process, review of internal controls, risk management systems and financial statements among other functions of an audit committee did not occur which may affect good corporate governance at the Hospital Management had also failed to rely on the internal audit department of the County Executive since no evidence to show that Internal Audit from the County Executive had audited the entity.

In the circumstances, the effectiveness of internal controls and risk management could not be confirmed.

2. Lack of Risk Management Policy

The Hospital did not have in place a risk management policy contrary to Section 158 (1) of the Public Finance Management (County Governments) Regulations, 2015 which requires each county government entity to develop risk management strategies and a system of risk management to enable the county to identify and develop appropriate risk strategies in order to improve on effective and efficient management of public resources.

In the circumstances, the effectiveness of internal controls and risk management could not be confirmed.

3. Inadequate Management of IT Systems and Operations

A discussion with the Hospital medical superintendent revealed that the Hospital does not have its own IT function complete with the requisite human resources, in addition the Hospital does not have an IT strategic plan, IT strategic committee, approved ICT and security policy, training needs assessment and is yet to develop and adapt key ICT parameters including procedures manual, business continuity plans, disaster recovery plans and risk management policy. Further, the Hospital does not have an offsite backup to store and secure its data.

In the circumstances, the effectiveness of internal controls on data recovery and business continuity could not be confirmed.

4. Lack of Procurement Plan and Procurement Function

Management did not prepare an annual procurement plan for the purchases of goods, services and works to be done in the financial year under review, which is contrary to the laws and regulations. Further, discussions with the medical superintendent revealed that the Hospital does not have procurement department or procurement personnel hence is not a procurement entity as per the requirements of Siaya County Health Services Act.

In the circumstances, the effectiveness of internal controls on the procurement process of goods and services could not be confirmed.

5. Lack of Hospital Management Board

The statement of financial performance reflects board expenses of Kshs.25,000 as disclosed in Note 17 to the financial statements. However, the board of management that is supposed to direct the Hospital in achieving its strategic objectives was not constituted.

In the circumstances, the Hospital will not achieve its strategic objectives.

The audit was conducted in accordance with ISSAIs 2315 and ISSAIs 2330. The Standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of the Management and the Hospital Board of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Hospital's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless the Management is aware of the intention to terminate the Hospital or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements comply with the authorities which govern them and that public resources are applied in an effective way.

The Board of Management is responsible for overseeing the Hospital's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the

Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition, to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal controls may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Hospital to continue to sustain its services. If I conclude that a material uncertainty

exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Hospital to cease to continue to sustain its services.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Hospital to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on my independence and where applicable, related safeguards.

xiv. Notes To the Financial Statements

1. General Information

Uyawi Sub-County Level 4 Hospital is established by and derives its authority and accountability from Health Act. The entity is wholly owned by the Government of Kenya and is domiciled in Kenya. The entity's principal activity is to provide Medical Services i.e. diagnosis and treatment of diseases, Laboratory services, pharmacy services, Blood services, Radiology services, Insurance and NHIF services, Maternity and nursing services, Preventive of diseases and promotion of Health.

2. Statement Of Compliance And Basis Of Preparation

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant, and equipment, marketable securities and financial instruments at fair value, impaired assets at their estimated recoverable amounts and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Public Sector Accounting Standards (IPSAS) allows the use of estimates and assumptions. It also requires management to exercise judgement in the process of applying the *entity's* accounting policies. The areas involving a higher degree of judgment or complexity, or where assumptions and estimates are significant to the financial statements, are disclosed in Note xx. The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the *entity*.

The financial statements have been prepared in accordance with the PFM Act, and (*include any other applicable legislation*), and International Public Sector Accounting Standards (IPSAS). The accounting policies adopted have been consistently applied to all the years presented.

Adoption of New and Revised Standards

IPSASB deferred the application date of standards from 1st January 2022 owing to Covid19. This was done to provide entities with time to effectively apply the standards. The deferral was set for 1st January 2023.

Notes to the Financial Statements (Continued)

i. New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2022.

Standard	Effective date and impact:
<p>IPSAS 41: Financial Instruments</p>	<p>Applicable: 1st January 2023:</p> <p>The objective of IPSAS 41 is to establish principles for the financial reporting of financial assets and liabilities that will present relevant and useful information to users of financial statements for their assessment of the amounts, timing and uncertainty of an Entity's future cash flows.</p> <p>IPSAS 41 provides users of financial statements with more useful information than IPSAS 29, by:</p> <ul style="list-style-type: none"> • Applying a single classification and measurement model for financial assets that considers the characteristics of the asset's cash flows and the objective for which the asset is held; • Applying a single forward-looking expected credit loss model that is applicable to all financial instruments subject to impairment testing; and • Applying an improved hedge accounting model that broadens the hedging arrangements in scope of the guidance. The model develops a strong link between an Entity's risk management strategies and the accounting treatment for instruments held as part of the risk management strategy.
<p>IPSAS 42: Social Benefits</p>	<p>Applicable: 1st January 2023</p> <p>The objective of this Standard is to improve the relevance, faithful representativeness and comparability of the information that a reporting Entity provides in its financial statements about social benefits. The information provided should help users of the financial statements and general-purpose financial reports assess:</p> <ol style="list-style-type: none"> (a) The nature of such social benefits provided by the Entity; (b) The key features of the operation of those social benefit schemes; and

*Uyawi Sub-County Hospital Level 4 Hospital (Siaya County Government)
Annual Report and Financial Statements for The Year Ended 30th June 2022*

	(c) The impact of such social benefits provided on the Entity's financial performance, financial position and cash flows.
Amendments to Other IPSAS resulting from IPSAS 41, Financial Instruments	<p>Applicable: 1st January 2023:</p> <p>a) Amendments to IPSAS 5, to update the guidance related to the components of borrowing costs which were inadvertently omitted when IPSAS 41 was issued.</p> <p>b) Amendments to IPSAS 30, regarding illustrative examples on hedging and credit risk which were inadvertently omitted when IPSAS 41 was issued.</p> <p>c) Amendments to IPSAS 30, to update the guidance for accounting for financial guarantee contracts which were inadvertently omitted when IPSAS 41 was issued.</p> <p>Amendments to IPSAS 33, to update the guidance on classifying financial instruments on initial adoption of accrual basis IPSAS which were inadvertently omitted when IPSAS 41 was issued.</p>
Other improvements to IPSAS	<p>Applicable 1st January 2023</p> <ul style="list-style-type: none"> • <i>IPSAS 22 Disclosure of Financial Information about the General Government Sector.</i> <p>Amendments to refer to the latest System of National Accounts (SNA 2008).</p> <ul style="list-style-type: none"> • <i>IPSAS 39: Employee Benefits</i> <p>Now deletes the term composite social security benefits as it is no longer defined in IPSAS.</p> <ul style="list-style-type: none"> • IPSAS 29: Financial instruments: Recognition and Measurement <p>Standard no longer included in the 2021 IPSAS handbook as it is now superseded by IPSAS 41 which is applicable from 1st January 2023.</p>
IPSAS 43	<p>Applicable 1st January 2025</p> <p>The standard sets out the principles for the recognition, measurement, presentation, and disclosure of leases. The objective is to ensure that lessees and lessors provide relevant information in a manner that faithfully represents those transactions. This information gives a basis for users of financial statements to assess the effect that</p>

	<p>leases have on the financial position, financial performance and cashflows of an Entity.</p> <p>The new standard requires entities to recognise, measure and present information on right of use assets and lease liabilities.</p>
<p>IPSAS 44: Non-Current Assets Held for Sale and Discontinued Operations</p>	<p><i>Applicable 1st January 2025</i></p> <p>The Standard requires,</p> <p>Assets that meet the criteria to be classified as held for sale to be measured at the lower of carrying amount and fair value less costs to sell and the depreciation of such assets to cease and:</p> <p>Assets that meet the criteria to be classified as held for sale to be presented separately in the statement of financial position and the results of discontinued operations to be presented separately in the statement of financial performance.</p>

ii. Early adoption of standards

The entity did not early – adopt any new or amended standards in the year 2021/2022

3. Summary Of Significant Accounting Policies

a) Revenue recognition

i) Revenue from non-exchange transactions

Transfers from other Government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (*cash, goods, services, and property*) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the entity and can be measured reliably.

Notes to the Financial Statements (Continued)

Revenue from exchange transactions

Rendering of services

The entity recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours. Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable.

Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably, and it is probable that the economic benefits or service potential associated with the transaction will flow to the entity.

Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income for each period.

Dividends

Dividends or similar distributions must be recognized when the shareholder's or the entity's right to receive payments is established.

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

Notes to the Financial Statements (Continued)

b) Budget information

- c) The original budget for FY 2021/22 was approved by Board on. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the entity upon receiving the respective approvals in order to conclude the final budget. Accordingly, the entity recorded additional appropriations of on the FY 2021-22 budget following the Board's approval. The entity's budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget.
- d) A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget. A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actuals as per the statement of financial performance has been presented under section .xxx of these financial statements.

Notes to the Financial Statements (Continued)

e) Taxes

Sales tax/ Value Added Tax

Expenses and assets are recognized net of the amount of sales tax, except:

- When the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the sales tax is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
- When receivables and payables are stated with the amount of sales tax included. The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

f) Investment property

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property.

Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition. Subsequent to initial recognition, investment properties are measured using the cost model and are depreciated over a period of xxx years. Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of de-recognition. Transfers are made to or from investment property only when there is a change in use.

g) Property, plant and equipment

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

Notes to the Financial Statements (Continued)

h) Leases

Finance leases are leases that transfer substantially the entire risks and benefits incidental to ownership of the leased item to the Entity. Assets held under a finance lease are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the future minimum lease payments. The Entity also recognizes the associated lease liability at the inception of the lease. The liability recognized is measured as the present value of the future minimum lease payments at initial recognition.

Subsequent to initial recognition, lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in surplus or deficit.

An asset held under a finance lease is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Entity will obtain ownership of the asset by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating leases are leases that do not transfer substantially all the risks and benefits incidental to ownership of the leased item to the Entity. Operating lease payments are recognized as an operating expense in surplus or deficit on a straight-line basis over the lease term.

i) Intangible assets

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred. The useful life of the intangible assets is assessed as either finite or indefinite

Notes to the Financial Statements (Continued)

j) Research and development costs

The Entity expenses research costs as incurred. Development costs on an individual project are recognized as intangible assets when the Entity can demonstrate:

- The technical feasibility of completing the asset so that the asset will be available for use or sale
- Its intention to complete and its ability to use or sell the asset
- The asset will generate future economic benefits or service potential
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development.

Following initial recognition of an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortized over the period of expected future benefit. During the period of development, the asset is tested for impairment annually with any impairment losses recognized immediately in surplus or deficit.

k) Financial instruments

Financial assets

Initial recognition and measurement

Financial assets within the scope of IPSAS 29 Financial Instruments: Recognition and Measurement are classified as financial assets at fair value through surplus or deficit, loans and receivables, held-to-maturity investments

or available-for-sale financial assets, as appropriate. The Entity determines the classification of its financial assets at initial recognition.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. Losses arising from impairment are recognized in the surplus or deficit.

Notes to the Financial Statements (Continued)

Held-to-maturity

Non-derivative financial assets with fixed or determinable payments and fixed maturities are classified as held to maturity when the Entity has the positive intention and ability to hold it to maturity. After initial measurement, held-to-maturity investments are measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The losses arising from impairment are recognized in surplus or deficit.

Impairment of financial assets

The Entity assesses at each reporting date whether there is objective evidence that a financial asset or an entity of financial assets is impaired. A financial asset or an entity of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that have occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset or the entity of financial assets that can be reliably estimated. Evidence of impairment may include the following indicators:

- The debtors or an entity of debtors are experiencing significant financial difficulty
- Default or delinquency in interest or principal payments
- The probability that debtors will enter bankruptcy or other financial reorganization
- Observable data indicates a measurable decrease in estimated future cash flows (e.g. changes in arrears or economic conditions that correlate with defaults)

Financial liabilities

Initial recognition and measurement

Financial liabilities within the scope of IPSAS 29 are classified as financial liabilities at fair value through surplus or deficit or loans and borrowings, as appropriate. The Entity determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, plus directly attributable transaction costs.

Notes to the Financial Statements (Continued)

Loans and borrowing

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in surplus or deficit when the liabilities are derecognized as well as through the effective interest method amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate.

i) Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for as follows:

- Raw materials: purchase cost using the weighted average cost method
- Finished goods and work in progress: cost of direct materials and labour, and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs

After initial recognition, inventory is measured at the lower cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower cost and the current replacement cost. Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Entity.

j) Provisions

Provisions are recognized when the Entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Entity expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain.

Notes to the Financial Statements (Continued)

The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

Contingent liabilities

The Entity does not recognize a contingent liability, but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

Contingent assets

The Entity does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

k) Nature and purpose of reserves

The Entity creates and maintains reserves in terms of specific requirements.

Changes in accounting policies and estimates

The Entity recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

l) Employee benefits

Retirement benefit plans

The Entity provides retirement benefits for its employees and directors. Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity (a fund), and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the

Current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable. Defined benefit plans are post-employment benefit plans other than defined-contribution plans. The defined benefit funds are actuarially valued tri-annually on the projected unit credit method basis. Deficits identified are recovered through lump-sum payments or increased future contributions on a proportional basis to all participating employers. The contributions and lump sum payments reduce the post-employment benefit obligation.

Notes to the Financial Statements (Continued)

m) Foreign currency transactions

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

n) Borrowing costs

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance.

o) Related parties

The Entity regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the Entity, or vice versa. Members of key management are regarded as related parties and comprise the directors, the CEO/principal and senior managers.

p) Service concession arrangements

The Entity analyses all aspects of service concession arrangements that it enters into in determining the appropriate accounting treatment and disclosure requirements. In particular, where a private party contributes an asset to the arrangement, the Entity recognizes that asset when, and only when, it controls or regulates the services. The operator must provide together with the asset, to whom it must provide them, and at what price. In the case of assets other than 'whole-of-life' assets, it controls, through ownership, beneficial entitlement or otherwise – any significant residual interest in the asset at the end of the arrangement. Any assets so recognized are measured at their fair value. To the extent that an asset has been recognized, the Entity also recognizes a corresponding liability, adjusted by a cash consideration paid or received.

Notes to the Financial Statements (Continued)

q) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

r) Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

s) Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2022.

5. Significant Judgments and Sources of Estimation Uncertainty

The preparation of the Entity's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Entity based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur.(IPSAS 1.140)

Notes to the Financial Statements (Continued)

Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the Entity.
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes.
- The nature of the processes in which the asset is deployed.
- Availability of funding to replace the asset.
- Changes in the market in relation to the asset.

Provisions

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note xxx.

Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date and are discounted to present value where the effect is material.

Notes to the Financial Statements (Continued)

42. Financial Risk Management

The entity's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The company's overall risk management programme focuses on the unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The company does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The entity's financial risk management objectives and policies are detailed below:

(i) Credit risk

The entity has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments. Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the company's management based on prior experience and their assessment of the current economic environment. The carrying amount of financial assets recorded in the financial statements representing the entity's maximum exposure to credit risk without taking account of the value of any collateral obtained is made up as follows:

Notes to the Financial Statements (Continued)

Description	Total amount	Fully performing	Past due	Impaired
	Kshs.	Kshs.	Kshs.	Kshs.
At 30 June 2020				
Receivables from exchange transactions				
Receivables from –non-exchange transactions				
Bank balances				
Total				
At 30 June 2022				
Receivables from exchange transactions				
Receivables from –non-exchange transactions				
Bank balances				
Total				

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the company has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts. The entity has significant concentration of credit risk on amounts due

The board of management sets the company’s credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated:

(ii) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the hospital’s board of management who have built an appropriate liquidity risk management framework for the management of the entity’s short, medium and long-term funding and liquidity management requirements. The entity manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

The table below represents cash flows payable by the company under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

Provisions				
Deferred income				
Employee benefit obligation				
Total				
At 30 June 2022				
Trade payables				
Current portion of borrowings				
Provisions				
Deferred income				
Employee benefit obligation				
Total				

(iii) Market risk

The hospital has put in place an internal audit function to assist it in assessing the risk faced by the entity on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls. Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

Notes to the Financial Statements (Continued)

The company's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day-to-day implementation of those policies. There has been no change to the entity's exposure to market risks or the way it manages and measures the risk.

a) Foreign currency risk

The entity has transactional currency exposures. Such exposure arises through purchases of goods and services that are done in currencies other than the local currency. Invoices denominated in foreign currencies are paid after 30 days from the date of the invoice and conversion at the time of payment is done using the prevailing exchange rate. The carrying amount of the entity's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

	Kshs	Other currencies	Total
	Kshs	Kshs	Kshs
At 30 June 2023			
Financial assets (investments, cash, debtors)			
Liabilities			
Trade and other payables			
Borrowings			
Net foreign currency asset/(liability)			

The entity manages foreign exchange risk from future commercial transactions and recognised assets and liabilities by projecting expected sales proceeds and matching the same with expected payments.

	Kshs	Other currencies	Total
	Kshs	Kshs	Kshs
At 30 June 2023			
Financial assets (investments, cash, debtors)			
Liabilities			
Trade and other payables			
Borrowings			
Net foreign currency asset/(liability)			

Notes to the Financial Statements (Continued)

Foreign currency sensitivity analysis

The following table demonstrates the effect on the company's statement of financial performance on applying the sensitivity for a reasonable possible change in the exchange rate of the three main transaction currencies, with all other variables held constant. The reverse would also occur if the Kenya Shilling appreciated with all other variables held constant.

	Change in currency rate Kshs	Effect on Profit before tax Kshs	Effect on equity Kshs
20xx			
Euro	10%		
USD	10%		
20xx			
Euro	10%		
USD	10%		

Interest rate risk

Interest rate risk is the risk that the entity's financial condition may be adversely affected as a result of changes in interest rate levels. The company's interest rate risk arises from bank deposits. This exposes the company to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the company's deposits.

Management of interest rate risk

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

Sensitivity analysis

The entity analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant. The analysis has been performed on the same basis as the prior year.

Notes to the Financial Statements (Continued)

iv) Capital Risk Management

The objective of the entity's capital risk management is to safeguard the Hospital's ability to continue as a going concern. The entity capital structure comprises of the following funds:

	2021/22	2020/21
	Kshs	Kshs

xx. Appendices

Appendix 1: Progress on Follow Up Of Auditor Recommendations

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)

Guidance Notes:

- (i) Use the same reference numbers as contained in the external audit report.
- (ii) Obtain the "Issue/Observation" and "management comments", required above, from the final external audit report that is signed by Management.
- (iii) Before approving the report, discuss the timeframe with the appointed Focal Point persons within your entity responsible for implementation of each issue.
- (iv) Indicate the status of "Resolved" or "Not Resolved" by the date of submitting this report to National Treasury.
