KENYA NATIONAL AUDIT OFFICE

REPORT OF THE AUDITOR-GENERAL ON MINISTRY OF INDUSTRIALIZATION FOR THE YEAR ENDED 30 JUNE 2013

REPORT ON THE FINANCIAL STATEMENTS

I have audited the accompanying financial statements of Ministry of Industrialization (Vote 160) and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 8 of the Public Audit Act, 2003.

Accounting Officer's Responsibility for the Financial Statements

The Accounting Officer - Ministry of Industrialization - is responsible for the preparation and fair presentation of these financial statements in accordance with the Government Financial Regulations and Procedures and the Public Finance Management Act, 2012 and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The Accounting Officer is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 4 of the Public Audit Act, 2003.

Auditor-General's Responsibility

My responsibility is to express an opinion on these statements based on the audit and report in accordance with the provisions of Section 8 of the Public Audit Act, 2003 and submit audit report in compliance with Article 229 (7) of the Constitution of Kenya. The audit was conducted in accordance with International Standards on Auditing. Those standards require compliance with ethical requirements and that the audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Ministry's internal control. An audit also includes evaluating the appropriateness of accounting policies used and

the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the statement.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my audit opinions.

A. RECURRENT APPROPRIATION ACCOUNT VOTE R.160

Basis for Disclaimer of Opinion

1. Failure to provide footnotes to the Account

The appropriation account reflects variances in excess of Kshs.1,000,000 under four (4) items for which, no footnotes were provided as shown below -:

Head	Sub-Head	Item	Approved Estimates (kshs)	Actual Expenditure (Kshs)	Variance (Kshs)
0001	01	2210500	5,499,328	4,386,840	1,112,488
0001	01	3111100	1,048,000	30,000	1,018,000
0003	01	2211000	1,360,000	0	1,360,000
0010	01	2620100	5,000,000	0	5,000,000
0010	07	2630100	24,192,000	6,563,239	17,628,761

No reasons have been given for failure to provide the footnotes as required under Section 11.7.2 of Government Financial Regulations and Procedures.

2. Personal Emoluments

The appropriation account reflects a total amount of Kshs.273,361,957 incurred on personal emoluments while the payroll shows a figure of Kshs.266,892,449 as per IPPD data verified. The resultant variance of Kshs.6,469,508 has not been reconciled or explained.

3. Unverified Payments

The following items of expenditure could not be confirmed or verified as supporting documents were not availed:-

Item	Title	Amount in the Account (Kshs)	Amount supported by P.V (Kshs)	Difference Kshs
2211100	Office and General Supplies and Services	22,459,248	3,556,884	18,902,364

2210500	Printing, Advertising and Information	14,740,569	-	14,740,569
2211300	Other operating Expenses	24,113,548	1,447,160	22,666,388
3111100	Purchase of office Equipment and Gen. Equipment	19,818,472	-	19,818,472
	Rental of produced assets	<u>81,356,911</u>	<u>64,406,396</u>	<u>16,950,515</u>
		162,488,748	69,410,440	93,078,268
		=====	=====	=====

No satisfactory explanation was provided by management for failure to avail supporting documentary evidence for audit verification.

4. Unsupported Under-expenditure

Item	Title	Amount (Kshs.)
2211300	Other Operating Expenses	5,216,172
3110300	Refurbishment of Non-Residential Building	1,275,500

The under expenditure of Kshs.5,216,172 and Kshs.1,275,500 was explained as due to delay in paying legal dues for services rendered and delay in submission of invoices for services rendered, respectively. However, this could not be confirmed as no documentary evidence was availed for verification and the Ministry did not report any pending bills for the year under review.

5. Unsupported Over-Expenditure on Basic Salaries

The Appropriation Account reflects over expenditure on basic salaries under Kenya Industrial Training Institute and Small Scale Industries Field Services of Kshs.1,499,365 and Kshs.999,616, respectively. However, no information was provided to confirm the source of funds that were used to meet the total over-

expenditure of Kshs.2,498,981, and also why basic salaries paid during the year exceeded the approved budget.

6. Government Pension and Retirement Benefits

A total of Kshs.23,350,498 was spent on payment of pension and retirement benefits under item 2710100. Included in this figure are payments relating to subsistence and overtime allowances totalling Kshs.4,595,294 which do not relate to the expenditure item. No explanation has been provided for expenditure mischarge.

B. STATEMENT OF ASSETS AND LIABILITIES VOTE R.160

Basis for Disclaimer of Opinion

7. Long Outstanding Balances

The statement of assets and liabilities as at 30 June 2013 reflects debit and credit balances brought forward from 2011/2012 and earlier years amounting to Kshs.348,781,452 and Kshs.4,721,108,551 respectively, as detailed-;

Debit Balances	Amount (Kshs.)
PMG A/c	64,049,981
Exchequer A/c	642,495
Advances A/c	540,896
Temporary A/c	3,489,924
Provincial District A/c	278,206,162
Standing Imprest A/c	243,055
General Suspense A/c	<u>1,608,939</u>
TOTAL	<u>348,781,452</u>

Credit Balances	Amount (Kshs)
GAV A/C	13,787,305
Exchequer A/c	133,022,562
District Recurrent A/c	147,140,341
GAV cheques A/c	48,370,642
R/Dcheques A/c	3,873,515
Excess A.IA A/c	1,452,454
Insurance/Welfare/Sacco & others A/c	631,763
Inter-Bank Transfers	30,027
Vote Control Account	<u>4,372,799,942</u>
TOTAL	<u>4,721,108,551</u>

However, no reasons have been given for not clearing these long outstanding balances from the Ministry's books of account.

8. Paymaster General Account Balance

The statement reflects Paymaster General (PMG) Account balance of Kshs.64,134,852 as at 30 June 2013 which was at variance with the reconciled cashbook balance as at the same date of Kshs.84,871 and actual cashbook balance of Kshs.13,764,957 as per the board of survey reported dated 04 July, 2013. The resultant differences among the three sets of records have not been reconciled or explained. In addition, the bank reconciliation statement as at 30 June 2013 reflects receipts of Kshs.700,000 in the bank statement not recorded in the cashbook dated 30 June 2012. Further, the statement reflects receipts in cashbook but not recorded in the bank statement of Kshs.4,309,577 which implies that revenue was not banked intact. No reasons have been given for not updating the Ministry's records with the outstanding reconciling items.

9. General Account of Vote (GAV)

The statement reflects General Account of Vote (GAV) credit balance of Kshs.149,392,022 as at 30 June 2013. However, Appropriation Account for Vote R-160 reflects a balance of Kshs.111,247,162 as net surplus to be surrendered to the Exchequer. The resultant difference of Kshs.38,144,860 has not been reconciled or explained.

10. Unprocedural Cash Management

The Ministry's cashbook is operated on a float of Kshs.700,000 per week. However, instances were noted where cash was withdrawn from the bank even when the cashbox had an unspent balance of Kshs.1,000,000. No satisfactory reasons have been given as to why extra cash withdrawals were made when Kshs.1,000,000 had not been utilized, and which may lead to misuse of funds.

11. Provincial/District Suspense

The statement of assets and liabilities reflects a balance of Kshs.278,206,162 under Provincial/District Suspense Account as at 30 June 2013. However, this balance has not been analysed and supported with adequate documentation. As a result, it has not been possible to confirm what it represents.

C. DEVELOPMENT APPROPRIATION ACCOUNT VOTE D.160

Basis for Qualified Opinion

12. Capital Grants to Government Agencies

12.1 The appropriation account reflects capital grants remitted to Kenya Industrial and Research Development Institute totalling Kshs.645,999,999. However, the cashbook and payment vouchers availed indicate disbursements totalling

Kshs.575,999,999, resulting in an unreconciled and unexplained difference of Kshs.70,000,000.

12.2 Further, the appropriation account shows grants to Numerical Machining Complex Limited amounted to Kshs.387,999,999 while entries in the cashbook amount to Kshs.402,224,139. The resultant difference of Kshs.14,224,140 has not been explained or supported.

12.3 During the year under review, the Ministry made payments to Kenyatta International Conference Centre (KICC) totalling Kshs.28,111,906. Audit verification confirmed that Kshs.25,913,890 was for the conference on African Ministers of Industries in all African Union Countries held between 10 – 14 June 2013 at KICC. However, the balance of Kshs.2,198,016 has not been accounted for.

13. Routine Maintenance – Other Assets

13.1 The Appropriation Account reflects expenditure on routine maintenance and other assets amounting to Kshs.202,565,284 against the approved estimate of Kshs.200,000,000, leading to an over-expenditure figure of Kshs.2,565,284. However, included in the expenditure are recurrent expenses in respect of rent and service charges but described as minor alterations on buildings and civil works amounting to Kshs.52,284,715. The irregular utilization of funds voted for development expenditure to meet expenditure of recurrent nature has not been explained.

13.2 The appropriation account figure of Kshs.202,565,284 for routine maintenance and other assets differ with the cashbook entries totalling Kshs.100,502,409 by an unexplained difference of Kshs.102,062,875. In addition, the expenditure could not be verified since expenditure returns from District Industrial Development Officers (DIDO) were not availed. Further, included in the figure were 2011/2012 pending bills amounting to Kshs.3,673,473 which were initially not captured as pending as at 30 June 2012. No explanation has been provided for the omission.

14. Differences between Appropriation Account and Cashbook

Differences were noted between Appropriation Account and Cashbook as follows:-

Particulars	Amount Reflected in Appropriation A/c. Kshs.	Amount reflected in Cashbook Kshs.	Difference Kshs.
Domestic Travel and Subsistence and other Transportation costs	4,971,473	182,279	4,789,194

Hospitality, Supplies and services	3,094,500	-	3,094,500
Foreign Travel and Subsistence and other transportation	3,913,600	-	<u>3,913,600</u>
TOTAL			<u>11,797,294</u>

The difference of Kshs.11,797,294 has not been reconciled or explained.

15. Unsupported Disbursements

Disbursements made to Kenya Industrial Training Institute (KITI) amounted to Kshs.41,626,997. However, the entire disbursement could not be verified since there were no expenditure returns from the Institute. Further, the cashbook indicates that disbursements to KITI totaled Kshs.36,499,997 giving rise to an unexplained difference of Kshs.5,127,000.

D. STATEMENT OF ASSETS AND LIABILITIES VOTE D.160

Basis for Qualified Opinion

16. Paymaster General Account

16.1 The statement of assets and liabilities as at 30 June, 2013 reflects a Paymaster General (PMG) Account balance of Kshs.1,757,371,668 which includes kshs.51,427,986 relating to the year 2012/2013. However, the cashbook and board of survey report as the same date show a balance of Kshs.335,476. The resultant difference between the two sets of records has not been reconciled or explained.

16.2 It was further revealed that payments amounting to Kshs.78,907,490 and receipts of Kshs.130,000 relating to the year under review had not been captured in the cashbook by the date of the board of survey on 30 June 2013, resulting to adjustments being made after the board of survey exercise on 4 July, 2013. The Ministry has not given reasons why these amounts were not captured in the cashbook when the payments and receipts were made or received.

Consequently, accuracy and completeness of the PMG balance as at 30 June, 2013 could not be confirmed.

17. Exchequer Account

The statement reflects an Exchequer Account balance of Kshs.339,825,081. However, the Controller of Budget's balance on the same as at 30 June, 2013 was

reflected as Kshs.187,538,896. The difference of Kshs.152,286,185 between the two sets of records has not been reconciled or explained.

18. General Account of Vote (G.A.V.)

The statement reflects GAV balance of Kshs.394,565,512 as at 30 June 2013 while the appropriation account reflects a figure of Kshs.327,881,125. The resultant difference of Kshs.66,684,387 has not been reconciled or explained.

19. Long Outstanding Balances

The statement as at 30 June, 2013 reflects various debit and credit balances amounting to Kshs.8,303,745,558 and Kshs.8,305,214,526 respectively relating to earlier years which have not been cleared as detailed below:-

Debit Balances	Amount (Kshs.)
(a) Ministry Hqs. – Development Bank A/C	2,360,973,423
(b) Exchequer Account	2,443,714,716
(c) Temporary Imprest Account	313,075
(d) Exchequer Releases/provisioning Account	1,400,279,592
(e) Provisional/District Suspense Account	<u>392,521,069</u>

Total **6,597,801,875**

Credit Balances	Amount (Kshs.)
(a) General Account of Vote (GAV) A/c	528,044,805
(b) Provision/District Suspense A/c	269,593,791
(c) Vote Control Account	<u>7,507,575,930</u>

Total **8,305,214,526**

However, no reasons have been given for not clearing the above long outstanding balances from the books of account.

20. Unsupported Balances

The statement reflects three account balances which have not been supported with analyses as shown below:-

Debits Balances	Amount (Kshs)
(a) General Suspense Account	6,403,200
(b) Temporary Imprest	313,075
(c) Provisional/District Suspense Account	392,521,069
Total	<u>399,237,344</u>

Credits Balances	Amount (Kshs)
(a) Provisional/District Suspense Account	269,593,791
(b) District Development Bank Account	<u>1,621,787</u>
Total	<u>271,215,578</u>

It has therefore not been possible to confirm what the balances represent.

E. STATEMENT OF ASSETS AND LIABILITIES FOR DEPOSITS

Basis for Adverse Opinion

21. Paymaster General Account

The statement of assets and liabilities for Deposits Vote 160 as at 30 June 2013 reflects a Paymaster General Account balance of Kshs.7,909,414.45 which differs with the cashbook balance as at the same date of Kshs.5,576,469.05. The resultant difference of Kshs.2,332,945.40 has not been reconciled or explained. Further, the deposits cashbook bank reconciliation statements and other related records revealed receipts in bank not recorded in cashbook amounting to Kshs.1,152,320 relating to the months of September, November and December, 2012. Further, receipts recorded in the cashbook totalling Kshs.350,000 and dated October and December 2012 had not been banked as at 30 June, 2013. No explanation has been provided for not recording the receipts in the cashbook and also for not banking the receipts as at 30 June 2013. In the circumstances, it has been possible to confirm that the PMG balance of Kshs.7,909,414.45 as at 30 June, 2013 is fairly stated.

22. Difference between Deposit Ledger and the Statement

The general ledger reflects a balance of Kshs.2,250,984 as at 30 June, 2013 under deposit account which differs with the statement balance of Kshs.5,576,469 as at the same date. The difference of Kshs.3,325,485 between the two sets of records has not been reconciled or explained.

F. STATEMENT OF OUTSTANDING OBLIGATIONS

Basis for Qualified Opinion

Contigent Liability

The statement of outstanding obligations guaranteed by the Government of Kenya as at 30 June 2013 reflects outstanding contingent liability of Kshs.2,225,870,284 (Japanese Yen 2,557,240,000 Exchange Rate 0.870419) in respect of a loan lent by the Japanese Government to the East African Portland Cement Company for rehabilitation of the factory's plant. However, the financial statements of the

Company for the same period reflect principal loan balance of Kshs.2,361,554,000 resulting in an unreconciled and unexplained difference of Kshs.135,683,716.

AUDIT OPINION

In line with my responsibility, I express the following opinions on the financial statements;-

Qualified Audit Opinion

- (i) Development Appropriation Account Vote D.160
- (ii) Statement of Assets and Liabilities for Vote D.160
- (iii) Statement of Outstanding Obligations

In my opinion, except for the effect of the matters described in the respective Basis for Qualified Opinion Paragraph, the three statements present fairly the financial performance of the Ministry for the year ended 30 June 2013 in accordance with Government Financial Regulations and Procedures and the Public Finance Management Act, 2012.

Adverse Opinion

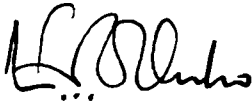

- (i) Statement of assets and liabilities for Deposits

In my opinion, because of the significance of matters discussed in the Basis for Adverse Opinion Paragraph, the statement does not present fairly the financial performance of the Ministry as at 30 June 2013 in accordance with Government Financial Regulations and Procedures and the Public Finance Management Act, 2013.

Disclaimer of Opinion

- (i) Recurrent Appropriation Account Vote R.160
- (ii) Statement of Assets and Liabilities for Vote R.160

In my opinion, because of the significance of the matters described in the Basis for Disclaimer of Opinion Paragraph, I have not been able to obtain sufficient appropriated audit evidence to provide a basis for an audit opinion on the 2 statements. Accordingly, I do not express an opinion on the financial statements.

Edward R.O. Ouko, CBS
AUDITOR-GENERAL

Nairobi

PART I: INTRODUCTION

1. Mandate

The mandate of the Ministry of Industrialization is derived from the *Presidential Circular No. 1/2008 of May 2008*. The Ministry therefore has the mandate to formulate industrial development policies and strategies, and is specifically responsible for the following:

- Industrialization Policy;
- Industrial Property Rights Policy and Settlement of Industrial Property Rights Disputes
- Quality Control, Ant-counterfeiting, Standardization and Settlement of Standard Disputes
- Industrial Training and Capacity Building
- Training, Infrastructure and Business Development Services for Micro, Small and Medium Industries
- Cement Production, Industrial Tooling and Machining
- Industrial Research and Development
- Finances and Venture Capital for Industrial Development
- Development of Micro, Small and Medium Industries
- Provision of Market Linkages and Access to Finance for Micro, Small and Medium Industries

Most of the functions mentioned above are executed by the state corporations under the ministry.

2. Vision

To be a leader in catalyzing a diversified, globally competitive and sustainable industrial sector in Kenya

3. Mission

To facilitate an expanding, globally competitive and innovative industrial sector by creating an enabling environment.

4. Core Values

Values are an integral part of an organization's culture and create a sense of identity, belonging and purpose. The Ministry upholds the following seven principles, as its core values:

- (i) **Customer satisfaction:** through a deliberate open door policy, we are committed to satisfying both our internal and external customers;
- (ii) **Team work:** by consciously and deliberately nurturing team spirit, collaboration and consultation, we will maximize our synergies in working together;
- (iii) **Professionalism:** Through a continuous assessment of training and capacity needs we will be able build a professional human resource base and ensure effective and efficient service delivery;
- (iv) **Integrity:** we aim to be accountable, transparent, ethical and honest, and at the same time adopt a 'zero-tolerance to corruption, policy';
- (v) **Creativity and Innovativeness:** we will be open and proactive in seeking better methods of delivery of service;
- (vi) **Committed to environmental sustainability:** we will be committed to ensuring a sustainable industrial development process through management policies and practices that guarantee environmental protection;
- (vii) **Gender equity:** we will embrace the principles of gender equity, fairness and balance across gender.

5. Key Strategic Objectives

The key strategic objectives for the Ministry are:

- (i) To build Capacity for Industrial development and quality service Delivery
- (ii) To establish policy, legal and institutional framework
- (iii) To attract local and foreign industrial investment
- (iv) To promote the development of MSMEs
- (v) To promote R&D, innovation and technology adoption

6. Strategic Programmes

According to the programme based budget framework, the Ministry has two programmes: Industrial development and investment; and Standard and business incubation. The overall objective of the programmes is to create enabling environment for investment and growth, stimulate industrial technological advancement, and enhance productivity and competitiveness. The two programmes are:

a) Industrial Development and investment

The programme has five (5) sub-programmes namely;

- (i) Promotion of Industrial development
- (ii) Provision of Industrial Training
- (iii) Promotion of industrial products
- (iv) Promotion of Industrial Property Rights and arbitration
- (v) Promotion of Industrial Research and Development, Innovation, and Technology Transfer.

b) Standards and Business Incubation

The programme has two (2) sub-programmes namely;

- (i) Standardization, Metrology and conformity assessment
- (ii) Business financing & incubation of MSMEs

7. Strategic Priorities

During the year under review, the Ministry implemented the following broad strategic priority areas drawn from the first Medium Term Plan of the Kenya Vision 2030.

- a) Development of policy, legal and institutional framework for industrialization:
 - (i) Finalization and implementation of the National Industrialization Policy.
 - (ii) Development of the Subcontracting Policy.
 - (iii) Development of the Business and Technology incubation Policy.
 - (iv) Development of Policy guidelines for public procurement of locally made furniture.
- b) **Implementation of Vision 2030 Flagships projects in the manufacturing sector:**
 - (v) Development of five industrial SME parks.
 - (vi) Development of Mini Steel Plant.
 - (vii) Training of engineers, technologists and technicians.
 - (viii) Development of Industrial Parks.
 - (ix) Transformation of KIRDI to a world class research and technology development institution.
- c) **Implementation of Economic Stimulus Programme:**
 - (x) Construction and equipping of 210 Constituency Industrial Development Centres (CIDCs).
- d) **Other Programmes**
 - (i) Implementation of One Village One Product (OVOP) project in 22 districts, a project supported by a JICA grant.

- (ii) Implementation of the Micro, Small and Medium Enterprises (MSME) Competitiveness project supported by World Bank loan.
- (iii) Implementation of the Business Sector Programme Support (BSPS) a project supported by DANIDA grant.
- (iv) Implementation of the 5K(Kenya Industrial Estates, Kenya Bureau of Standards, Kenya Industrial Property Institute, Kenya Industrial Research and Development Institute, Kenya National Trading Company) SME 2030 initiative.
- (v) Revival of Pan African Paper Mills (Pan Paper) in Webuye.
- (vi) Implementation of Standards and Labelling programme, a project supported by UNDP grant.

8. Key Management Staff

Prior to the re-organization of Government in May 2013, the Ministry was headed by Cabinet Minister for Industrialization as the political head. The Permanent Secretary (PS) was the Authorized and Accounting Officer. Administratively, the PS was assisted by the Senior Deputy Secretary who coordinated support departments. On technical matters the PS was assisted by the Industrialization Secretary who coordinated the technical departments. Under the Ministry, there were nine (9) State Corporations headed by Chief Executive Officers (CEOs) and two tribunals headed by Chairpersons.

The Executive Order No. 2 of May,2013 created the Ministry of Industrialization and Enterprise Development headed by Cabinet Secretary as (CEO) and the Principal Secretary as Chief Operating Officer and supported by the Director of Administration and Industrialization and Co-operative Secretaries as the heads of the technical directorates. Under the new Ministry, there are sixteen (16) State corporations headed by CEOs and three tribunals headed by Chairpersons.

PART II: MANAGEMENT REPORT

(a) Cabinet Secretary's Report

(i) Changes in Policy and strategy

The Ministry has developed the National Industrialization Policy (NIP) and the Industrial Development Bill. The NIP provides the policy framework and an enabling environment for industrial and enterprise development in Kenya. The policy focuses on value addition for both primary and high valued goods; and provides for linkages between the industrial sector and other productive sectors to drive the industrial transformation process. The Policy also aims at providing strategic direction for the sector growth and development. The overarching policy objective is to enable the industrial sector to attain and sustain annual sector growth rate of 15% and make Kenya the most competitive and preferred location for industrial investment in Africa. This will lead to high employment levels and wealth creation.

(ii) Overview of the Ministry's achievement

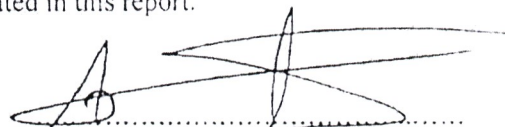

During the year under review, the Ministry developed several draft Policies and Bills to provide the necessary legal and institutional framework for industrialization. The Ministry reviewed various Acts. In addition, the Ministry implemented a number of key programmes and projects spread in various parts of the country to address the unemployment challenge, market access, dispersal of industries, value addition, productivity and competitiveness.

During the implementation of the programmes and projects, the Ministry faced several challenges which negatively impacted on the full realization of the industrial sector targets and goals. These challenges include; delay in operationalization of One Stop Shop, high cost of doing business, inadequate funding, inadequate staffing, procurement bottlenecks, lack of serviced industrial land for industrial projects, and weak inter-ministerial collaboration for cross cutting issues such as high influx of counterfeit and substandard goods.

Acknowledgement

The Ministry appreciates the support from Development Partners; various Parliamentary Committees, Ministries, Departments and Agencies, the Private Sector and the Ministry's staff with whose support the Ministry was able to deliver its mandate and achieve the results highlighted in this report.

DATE: 30/9/2013

Adan Mohamed, EBS
CABINET SECRETARY

(b) The Accounting Officer's Report

During the year under review, the Ministry implemented broad strategic priority areas drawn from the first Medium Term Plan of the Kenya Vision 2030 and achieved the following;

(i) Development of policy, legal and institutional framework for industrialization:

During the year under review, the Ministry undertook other policy, legal and institutional reforms in order to provide for a favorable environment for industrialization and address emerging industrial issues. The Ministry drafted an industrial Incubation Policy; Subcontracting Policy; Intellectual Property Rights Policy; Public Procurement and Disposal (Preference and Reservations) Regulations, 2011 with respect to locally produced furniture. The Ministry is currently reviewing the Special Economic Zones policy and Bill to provide a regulatory framework for the establishment and management of Special Economic Zones and Industrial Parks, reviewing the Scrap Metal Act (Cap 503)

(ii) Implementation of Vision 2030 Flagship projects in the manufacturing sector:

➤ Small And Medium Enterprise (SME) and Industrial Parks :

Small & Medium Enterprise Parks are key elements of the infrastructure supporting the growth of today's global economy. By providing a location in which government, her agencies and private sector cooperate, these parks create environments that foster collaboration and innovation.

One of the Ministry's Vision 2030 flagship project in relation to this objective is to facilitate establishment of SME Parks. In order to pursue this goal, 135 and 20 acres were identified in Eldoret and Taita Taveta respectively. Plans to develop master plans and architectural designs for identified land are in progress.

The Ministry has been collaborating with Jomo Kenyatta University of Agriculture and Technology (JKUAT) to develop an Industrial and Technology Park near Juja town. The university has set aside 32 acres of land for development of the park. Other plans include collaborating with county governments to identify land for industrial development and develop industrial master plans.

➤ Development of Iron and Steel Industry:

The local deposits of iron ore and coal, which are the raw materials for the production of iron, steel and coal have been identified in several locations in the country but their quantities have not been ascertained

One of the major factors that will determine the realization of Vision 2030 is the availability and affordability of iron and steel products. Steel is the key ingredient in infrastructure development and social progress.

It is against this background that the government of Kenya identified development of the iron and steel sector as a Vision 2030 flagship project under the manufacturing

sector. In order to develop the sector, a strategy paper was developed which identified a mini steel mill as one of the catalyst projects for the sector.

In order to establish an iron and steel industry, the sufficiency of iron ore deposits was to be ascertained. The Ministry of Industrialization planned to conduct a feasibility study within the financial year 2012/2013 but this was not realized.

The Ministry will work with the Ministry of Mining to ascertain the quantities of iron ore deposits in the country before a comprehensive road map is developed.

➤ **Training of Engineers, Technologists and Technicians :**

Engineers, Technologists and Technicians are a very critical human resource for any nation aspiring to become industrialized. The development and production of quality products depends on the availability of the right caliber of engineers, technologists and technicians who are products of well facilitated training institutions that utilize a curriculum that addresses the requirements of the economy.

The main objectives of the Training of Engineers, Technologists and Technicians programme are:

- Improve the curricula by addressing the quality of skills and competencies offered to engineers, technologists and technicians
- Upgrade training equipment and related resources in Training Institutions.
- Increase funding for training of engineers, technologists and technicians.
- Improve funding for research and development in the engineering field.

A strategy paper has been developed and validated by major stakeholders in the training institutions, industry players and Government Agencies. The strategy paper made a number of recommendations that require the development of a Sessional paper for implementation.

(iii) Transformation of KIRDI to a world class research and technology development institution

A concept paper for transforming the institute was developed. In addition the Regional Research Institute expansion in Kisumu is almost complete.

(iv) Implementation of Economic Stimulus Programme:

Construction and equipping of 210 Constituency Industrial Development Centres (CIDs)

Out of 188 constituencies where land was identified and construction commenced, 120 CIDs have been completed. The construction works for the other remaining centres are at various levels of completion. The main challenge was acquisition of land, low capacity of local contractors, procurement challenges, disparities in the

bills of quantities and low funding both for construction and equipping the centers.

(v) Other Programmes and projects

(a) Implementation of One Village One Product (OVOP) project in 14 additional districts.

The concept was introduced in additional 14 districts as planned. Specialized technical assistance in form of training in value addition, financial management, marketing, branding and packaging were disseminated to groups in the additional districts in addition to exhibitions in five target districts namely; Nyeri, Bungoma, Kisii, Nakuru and Laikipia for showcasing the emerging OVOP products. Further, 16 firms benefited through the improvement in their production, expansion of their markets and linkages to financial institutions and other business development services providers. The challenge is the lack of GoK counterpart funds for the project.

(b) Implementation of the 5K SME 2030 initiative

5 K MSE Programme : The 5K MSE 2030 programme constitutes 5 institutions namely: Kenya Industrial Research and Development Institute (KIRDI), Kenya Bureau of Standards (KEBS), Kenya Industrial Property Institute (KIPI), Kenya National Trading Company (KNTC) and Kenya Industrial Estates (KIE).

To revolutionize and modernize the MSE sector in line with Vision 2030, the Ministry is implementing the 5 K MSE Programme which is aimed at upgrading MSE products in the following targeted sectors;

- 1) Agro processing
- 2) Leather and leather products
- 3) Metal and Metal products
- 4) Chemicals and Pharmaceuticals
- 5) Furniture
- 6) Electrical and Electronics

The initiative has upgraded Hospital Beds and the Arc welding machines in collaboration with SMEs whose capacity has been built and are currently producing the products.

(c) Development of Regional Specific Industrial Clusters in Mombasa, Kisumu and Garissa :

The Vision 2030 development blue print advocates for regional manufacturing and industrial clusters as engines for realizing industrialization. The blue print recognizes that different regions are endowed with different resources and identifies value addition on locally available raw materials as critical to realizing full potential for economic development of the regions.

The Cluster Approach is a modern business value creation method of effecting positive social and economic changes through enriching the culture of innovation, productivity and prosperity in utilization of natural resources and assets, networks and culture of regions.

The Ministry of Industrialization through Kenya Institute for Public Policy Research and Analysis (*KIPPRRA*) undertook a study in the country on cluster approach and identified meat and leather, fisheries and dairy clusters as having high potential for value addition. The Ministry of Industrialization together with other stakeholders embarked on promoting development of the fisheries cluster in Kisumu, Cashew nut cluster in Mombasa and Meat and leather cluster in Garissa and Kajiado. Currently the process of conducting feasibility studies for the Meat and leather cluster in Garissa and Kajiado are in progress.

(d) Implementation of Standards and Labelling programme

The Standard and Labelling programme is a 5-year initiative designed to remove barriers to market transformation of energy efficient products and services in Kenya with replication effect to other East African Community Countries.

Standards and Labelling Programme achieved the following:

- The Project undertook awareness campaigns through trade fairs, media publication and exhibitions. The project team also participated in the Green Kenya Initiative.
- The project also undertook several studies including the policy support and framework review.

(e) Reduce incidences of counterfeits

The Anti-counterfeit agency achieved the following:

- Carried out 109 investigations out of which all suspects arraigned in court were found guilty.
- Conducted 64 raids and 9 seizures.
- Engaged a consultant to finalize the development of procedure manual on enforcement of IPR under the Anti-Counterfeit Act.
- Carried out public awareness on intellectual property and counterfeiting by taking part in the law society of Kenya awareness week, tax payer week, workshops for relevant agencies and participation in ASK shows.

(f) Development and implementation of standards

- The Kenya Bureau of Standards in collaboration with its stakeholders developed 448 standards against 320 targeted.
- The number of products certified under large firms was 6,203 against the target of 7,500 for 2011-2012) and for small firms (SMEs) of 2,304 against a target of 3,300 due to noncompliance of some of the products manufactured by some firms.
- Construction of two laboratories in Miritini & Kisumu commenced.

Due to lack of funding, construction of the Radiation Testing Laboratory has commenced.

(g) Accreditation and conformity assessment

Kenya Accreditation Service (KENAS) conducted seven awareness programmes on and seven (7) assessment bodies accredited.

(h) Provision of incubation services and work sites

Kenya Industrial Estates (KIE) constructed 239 industrial sheds in Kimilili, Machakos, Narok, Kwale, Kapsabet, Tala, Muranga, Voi, Homabay, Siaya, Nyeri, Embu, Bungoma, Mwatate, Kipsirchet, Kikima, Nundwine, Timau, Imenti central, Nithi, Nairobi, Kakamega, Nyamira, Eldoret- East, Migori, Webuye, Mandera, Vihiga, Wundanyi, Kitui, Nyeri, Kajiado-central, Ndia-Kirinyaga, Wajir, Karatina, Bondo, Kapsabet, Malindi. This has provided quality and competitive industrial infrastructure. In addition KIE provided credit facilities to MSMEs amounting to Kshs. 256.3 Million during the period under review. Furthermore 309 Linkages were created between MSMEs and large enterprises.

(i) Machine tooling and equipment production

The Numerical Machining Complex (NMC) produced;

- Sixty seven (67) 5-Horse Power Pumps for irrigation and sold against the target of 100. This was as result of marketing of the finished products.
- 35 lathe machines produced against the target of 120 machines. The rest machines are 80% complete.
- 22 hydraulic presses and several cabinets
- 24,000 pieces of railway brake blocks were produced worth Kshs. 24 Million.

The main challenges were inadequate funding, low human technical capacity and procurement challenges.

(j) Industrial Property registration

Kenya Industrial Property Institute (KIPI) increased Industrial Property Rights (IPR) registration from 2015 to 4175.

(k) Industrial research and development

Kenya Industrial Research and Development Institute continued to develop technologies for local value addition and commercialization in the following areas.

- Leather processing technology – two tanneries established in West Pokot and Wamunyu.
- Fruit processing technologies – 50 SMEs are already working on it

- Honey Processing Technology – the technology has been transferred to 8 SMEs.
- Extraction of essential oils and medicinal active ingredients: The technology support SME in the export business. 5 SMEs have benefited.
- Cotton Processing Technology – the main technology developed is the handloom machine which can be used by small scale farmers in ginneries for processing of cotton.
- Natural Products extraction technologies: technology developed for extraction of aloe vera.
- Agro waste utilization technologies for fuel making – technologies for briquetting agro waste for fuel have been developed and disseminated to western region.
- Fish leather technologies developed and transferred to SMEs.
- One (1) process design for value addition of selected raw material namely, fish oil extraction.
- Four (4) companies created as a result of the technologies developed and
- 12 technologies transferred to SMEs.

CHALLENGES IN IMPLEMENTATION OF PROGRAMMES AND PROJECTS

- (a) **Industrial land:** The availability of adequate and accessible industrial land is a crucial factor for industrial development. Non-availability of suitable land hampered the timely implementation of projects and programmes such as SME parks, SEZ, Industrial Clusters among others.
- (b) **Budgetary Allocation:** Inadequate budgetary allocation in development funds has hampered the implementation of the various projects and programmes. Flagship projects and other programmes outlined in the plan required substantial amount of resources to be implemented.

DATE: 30-09-2013

 Dr. Wilson Songa, MRS
PRINCIPAL SECRETARY

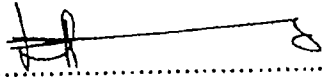

PART III: STATEMENT OF THE ACCOUNTING OFFICER'S RESPONSIBILITIES

I accept responsibility for the maintenance of accounting records which may be relied upon in preparation of financial statements, as well as adequate systems of internal control.

I further accept responsibility for the attached Annual Accounts, which have been prepared in conformity with Treasury directions and appropriate Government Financial Regulations and Procedures.

I am of the opinion that the attached Appropriations and other Financial Statements present fairly the financial state of affairs of the Ministry of Industrialization Vote 60 as at 30th June, 2013.

DATE: 30-09-2013

.....
Dr. Wilson Songa, MBS
PRINCIPAL SECRETARY

MINISTRY OF INDUSTRIALIZATION

R 160 APPROPRIATION ACCOUNT FOR THE YEAR ENDED 30TH JUNE, 2013

Reasons for material differences between approved Estimates and Actual Expenditure

HEAD 0001: Headquarter and Administrative Services

Sub head 01

Item 2210800 – Hospitality Supplies and Services

The under Expenditure of Kshs. 58,511,688 was as a result of a late increase in the supplementary Estimates and Delay in submission of invoices for services rendered

Sub head 01

Item 2211300 – Other Operating Expenses

The under Expenditure of Kshs. 5,216,172 was as a result of delay in paying legal dues for services rendered.

Sub head 01

Item 3110300 – Refurbishment of Non-Residential Buildings

The under Expenditure of Kshs. 1,275,500 was as a result of delay in submission of invoices for services rendered.

Sub head 03

Item 3111100 – Refurbishment of Buildings

The under expenditure of Kshs. 1,018,000 was as a result of delay in procurement process.

Head 0003: Industrial Property Tribunal

Sub head 01: Headquarters Industrial Property Tribunal

Sub head 01

Item 2211000 – Specialized Materials and Supplies

The under expenditure of Kshs. 1,000,000 was as a result of lack of delay in supply of goods under this service

Head 0009: Kenya Industrial Training Institute

Sub head 01 – Headquarters Kenya Industrial Training Institute

Sub head 01

Item 2110100 – Basic Salaries – Civil Service

The over expenditure of Kshs. 1,499,365 was as a result of receiving the supplementary Estimates late after the expenditure had been incurred

Head 0010: Directorate of Industries

Sub head 01 – Headquarters Directorate of Industries

Sub head 01

Item 2620100 –Africa Capacity Building Foundation (ACBF)

The under expenditure of Kshs 5,000,000 was as a result of under capacity in the unit which contributed to non appropriation of the amount

Sub head 07 – The standards Tribunal Directorate of Industries

Sub head 07

Item 2630100 – Current Grants to Semi-Autonomous Government Agencies

The under expenditure of Kshs. 17,603,761

Head 0015: Small Scale Industries – Field Service

Sub head 01 – Headquarters Small Scale Industries – Field Services

Sub head 01

Item 2110100 – Basic Salaries – Civil Service

The over expenditure of Kshs. 999,616 was a result of receiving supplementary estimates late after the expenditure had been incurred

(d) STATEMENT OF PENDING BILLS AS AT 30TH JUNE, 2013

The Ministry had no pending bills at the end of the financial year 2012/2013 period.

DATE: 30/6/2013

THOMAS G. NJOGU
PRINCIPAL ACCOUNTANT

MINISTRY OF INDUSTRIALIZATION

D.160 APPROPRIATION ACCOUNT FOR THE YEAR ENDED 30TH JUNE 2013

Reasons for material differences between Approved Estimates and Actual Expenditure

Head 0001 Headquarters and Administrative services

Subhead 01

Item 3110300 – Refurbishment of Residential Buildings

The under expenditure of Kshs 5,000,0000.

The under expenditure was as a result of delay in awarding a contract to partition 2nd floor of Teleposta Towers

Sub head 01

Item 4120100 – Equity Participation in Domestic Public Non Financial Institutions

The under expenditure of Kshs. 7,570,560

The under expenditure was a result of non-appropriation of funds in the Pan African Paper Mills project which was under a statutory manager.

Sub head 98 – Devolved Functions Headquarter and Administrative services

Item 2220200 – Routine Maintenance – Other Assets

The over expenditure of Kshs. 2,565,284 was as a result reduction which was approved late in the financial year 20112/2013.

Head 0009 – Kenya Industrial Training Institute

Subhead 01

Item 3110300 - Refurbishment of buildings

The under expenditure of Kshs. 1,452,863 was as a result of non-submission of invoices from the contracted suppliers.

Subhead 01

- Item 3110500 – Construction and Civil Works

The under expenditure of Kshs. 12,750,036 was as a result of non-submission of contract document from the contractor of this service.

Subhead 01

Item 3110602 – Overhaul and Refurbishment of Construction and Civil Works

The under expenditure of Kshs. 3,750,000 was as a result of delay in the procurement of this service.

Sub head 07

Item 3111100 – Purchase of Specialized Plant, Equipment and Machinery

The under expenditure of Kshs. 4,820,100 was as a result of delay in the procurement process due to lack of local goods.

Sub head 01

Item 3111500 – Rehabilitation of Civil Works

The under expenditure of KShs. 6,500,000 was as a result of delay in the procurement of this services.

Head 0010 Directorate of Industries

Sub head 01 Headquarter Directorate of Industries

Item 2210200 Communication, Supplies and Services

The under expenditure of Kshs. 21,728,157 was as a result of non-submission of expenditure documents from the Donor.

Sub head 01

Item 2210300 – Domestic Travel and Subsistence and Other Transportation Costs

The under expenditure of Kshs. 7,716,399 was as a result of non-submission of expenditure documents from the Donor.

Sub head 01

Item 2210400 –Foreign Travel and Subsistence and Other Transportation Costs)

The under expenditure of Kshs. 5,347,365 was as a result of non-submission of expenditure documents from the Donor.

Sub head 01

Item 2210500 – Printing Advertising and Information Supplies and Services

The under expenditure of Kshs. 6,447,500 was as a result of non-submission of expenditure documents from the Donor.

Sub head 01

Item 2210800 – Hospitality Supplies and Services

The under expenditure of Kshs. 9,605,000 was as a result of non-submission of expenditure documents from the Donor.

Sub head 01

Item 3111000 – Purchase of Office Furniture and General Equipment

The under expenditure of Kshs. 6,750,000 was as a result of non-submission of expenditure documents from the Donor.

Sub head 01
