<p>Mr. Douglas Kotut Ag CEO /Secretary</p>	

The Directors who served the Council during the year were as follows:

4. Key Management Team

There was no management team during the year under review.

5. Chairman's Statement

Over the past year, the PCK has achieved significant milestones in various areas, and our commitment to promoting excellence in physiotherapy remains unwavering.

Effective revenue generation is crucial for sustaining the PCK's operations and facilitating the implementation of key initiatives. Our financial strategies have focused on diversifying income streams, including membership fees, accreditation processes, and partnership ventures. We have successfully increased revenue by 20% through streamlined financial management and enhanced collaboration with stakeholders.

Creating awareness about the critical role of physiotherapy is central to our mission. We have embarked on extensive public sensitization campaigns through media engagements, community outreach programs, and partnerships with educational institutions. These efforts have not only increased public understanding of physiotherapy but have also resulted in a surge in demand for qualified physiotherapists.

Collaboration is key to advancing the physiotherapy profession. The PCK has forged strategic partnerships with governmental bodies, non-governmental organizations, and international physiotherapy associations. These collaborations have opened avenues for knowledge exchange, training programs, and research initiatives. We are committed to expanding and strengthening these partnerships to enhance the quality of physiotherapy services in Kenya.

The effective implementation of the PCK Act is pivotal to regulating the physiotherapy profession in Kenya. We have actively engaged with relevant authorities to ensure the successful execution of the Act's provisions. Through advocacy and dialogue, we have made substantial progress, and we remain dedicated to overseeing the full implementation of the PCK Act for the benefit of both practitioners and the public.

Achievements

- Successful accreditation of new physiotherapy programs in collaboration with relevant authorities
- Enhanced professional development opportunities through workshops and conferences
- Strengthened ties with international physiotherapy organizations for global benchmarking

Challenges

- Limited resources to execute mandate
- Low Regulatory compliance issues with some institutions offering physiotherapy services
- Huge disparities in availability and access to physiotherapy services across the country

Future outlook of PCK

Looking ahead, the PCK is committed to:

1. Implementing robust continuing professional development programs
2. Expanding accreditation processes to ensure the highest standards
3. Advocating for increased governmental support for the profession
4. Promoting research initiatives to advance evidence-based practice

The Council remains steadfast in its mission to promote excellence in physiotherapy. Our achievements reflect the dedication of our members and the collaborative spirit of our partners. As we navigate challenges and embrace opportunities, we are confident in the bright future of physiotherapy in Kenya.

Henry Opondo
Chairman

6. Report of the Chief Executive Officer

The PCK plays a pivotal role in regulating and advancing the physiotherapy profession in Kenya. We are committed to ensuring the highest standards of practice, education, and ethics within the field. Our primary responsibilities include licensing and accrediting physiotherapy practitioners and institutions, enforcing compliance with established standards, and promoting continuous professional development.

Over the past year, the PCK has intensified efforts to raise public awareness about the importance and the integral role played by physiotherapists in health care. Through targeted campaigns, workshops, and collaborations with healthcare institutions, media we have worked to educate the public on the benefits of physiotherapy in maintaining and restoring physical function. This increased awareness contributes to a better-informed public and fosters a greater appreciation for the profession.

The PCK recognizes the significance of strategic partnerships in advancing the physiotherapy sector. Over the past year we have, we have forged new collaborations and deepened existing ones with key stakeholders, including the ministry leadership, other regulatory agencies in the ministry, healthcare providers, training institutions and non-governmental agencies. These partnerships aim to enhance the quality of physiotherapy education, streamline regulatory processes, and create a more interconnected healthcare ecosystem.

To ensure adherence to established standards, the PCK has continued to implement rigorous enforcement and compliance measures. Regular inspections, audits, and continuous communication with practitioners and institutions help maintain a high level of accountability. We remain committed to fostering a culture of compliance to uphold the integrity and professionalism of the physiotherapy profession.

Financial stability of the PCK is vital for sustaining our operations and achieving our goals. Revenue is generated through licensing fees, accreditation charges, and partnerships. Our commitment to transparent financial practices ensures that resources are utilized efficiently to advance the council's mission.

Financial recognition is a critical aspect of sustaining the PCK's operations. Funding sources, membership fees and partnerships, contribute to the council's financial stability.

Physiotherapy Council of Kenya
Annual Report and Financial Statements
For the year ended June 30, 2023.

However, exploring innovative revenue streams and ensuring efficient financial management are crucial for the PCK's long-term sustainability.

Looking ahead, the PCK envisions a future marked by continued growth and influence. Embracing technological advancements and fostering international collaborations are key elements of the council's future outlook. By staying adaptive and responsive to evolving healthcare landscapes, the PCK aims to position physiotherapy as an integral component of comprehensive healthcare in Kenya.

Some of the key achievements made by the council include successful implementation of a streamlined licensing process, reducing processing times.

Expansion of educational partnerships to enhance the quality of physiotherapy education.

Increased public awareness resulting in a higher demand for licensed physiotherapy services.

Additionally, the council has worked tirelessly to finalize some of the documents that are critical in carrying out its mandate. Some of the finalized documents include.

- (i) CPD guidelines
- (ii) Professional codes of conduct
- (iii) PCK professional fees
- (iv) Clinical protocols

A number of other documents have been reviewed by stakeholders and are due for finalization. They include:

- (i) Examination Policy guidelines
- (ii) Finance, risk and procurement policy manual
- (iii) HR policy manual
- (iv) Council Charter
- (v) Students and internship logbooks
- (vi) Clinical instructor's manual

Review of sections of the Physiotherapists Act and regulations has also started with a view to strengthening clauses that have been found to have gaps.

The Council has also initiated the process of purchase of its first vehicle to enhance mobility, visibility and improved service delivery. The first instalment has been paid, while the second and final installment is to be paid in the financial year 2023/2024

Despite the achievements made the council continues to experience challenges including:

Limited financial and human resources hindering the council's ability to carry out its functions effectively. This impact its capacity for inspections, accreditation, and ongoing professional development programs towards compliance.

There is still low public awareness on the importance of physiotherapy, as well as the necessity of seeking services from registered and qualified professionals. Keeping pace with technological advancements in healthcare and integrating them into the practice of physiotherapy is also still a

Physiotherapy Council of Kenya
Annual Report and Financial Statements
For the year ended June 30, 2023.

challenge. This includes adopting electronic health records and other technologies for efficient record-keeping and communication.

There is still low uptake of continuous professional development by physiotherapists that aims at ensuring that they stay updated on the latest research and techniques in the field.

Douglas Kotut

Chief Executive Officer

Physiotherapy Council of Kenya
Annual Report and Financial Statements
For the year ended June 30, 2023.

7. Statement of Performance against Predetermined Objectives for FY 2022/2023

The Council's had not developed and crafted a strategic plan at the time of audit and therefore could not objectively compare the performance vas the strategic plan as required.

However, the Council is committed to ensure that it meets its mandate which as prescribed in the enabling Act

The Objectives are listed below:

Quality Objective	Performance against objectives
Prescribe the minimum educational requirements for persons wishing to be registered as physiotherapists; Sec 4, (2) 1 a)	Compliance with educational standards established and enforced .
Consider and approve the qualifications of physiotherapists for the purposes of registration; Sec 4, (2) 1 b)	Timely review and approval of qualification applications undertaken
Cause to be maintained a register of all persons registered as physiotherapists: Sec 4, (2) 1 c)	Register for all persons registered as per the Act maintained
prescribe and conduct examinations for purposes of registration under this Act collaboration with the approved institutions; Sec 4, (2) 1 d)	Necessary structures to ensure delivery of credible examinations being put in place
approve institutions other than those established or accredited under the Universities Act, 2012, or the Technical and Vocational Education and Training Act, 2013 for the training of physiotherapists; Sec 4, (2) 1 e)	Ten training institutions inspected and seven given temporary accreditation. Others to be inspected in the next financial year.
license the private practice of physiotherapists; Sec 4, (2) 1 f)	Efficient process of inspection of facilities and issuance of practice licenses has been put in place and is working well
Establish and maintain a professional code of conduct for all persons registered under this Act Sec 4, (2) 1 g)	Draft physiotherapy code of conduct developed, awaiting finalization.
regulate the professional conduct of registered physiotherapists and take such disciplinary measures as may be appropriate to maintain proper professional standards; Sec 4, (2) 1 h)	There is an established disciplinary committee that ensures that ensures adherence to regulations and professional codes of conduct.
establish, approve and accredit programs for continuing professional educational programs; Sec 4, (2) 1 i)	A robust process of approving CPD providers established. A list of approved CPD providers available.
cause to be published in the Kenya Gazette every calendar year or such other period as may be prescribed, the names of all registered physiotherapists; Sec 4, (2) 1 j)	List of approved physiotherapists published in the council website.

8. Corporate Governance Statement

The Council consists of a Board responsible for governance and a Secretariat headed by the Chief Executive Officer responsible for the day-to-day execution of the affairs of the Council.

The Board consists of;

- a) A Chairperson appointed by the Cabinet Secretary
- b) The Principal Secretary responsible for health or a designated representative not below the level of Chief Physiotherapist
- c) Director of the Kenya Medical Training College or a designated representative not below the level of Deputy Director;
- d) Director of the National Council for Persons with Disabilities or a designated representative not below the level of Deputy Director;
- e) physiotherapists working in the private sector
- f) physiotherapists working in the county governments;
- g) physiotherapists working in universities in Kenya which award the qualifications recognized by the Council under section 4;
- h) a representative of the governing organ of the Kenya Society of Physiotherapists.
- i) the Registrar who shall be the secretary to the Council.

The appointment of a member of the Board may be terminated by the appointing authority where the member-

- a) is adjudged bankrupt or enters into a composition or scheme of arrangement with his creditors;
- b) is convicted of an offence and sentenced to imprisonment for a term of six months or more without the option of a fine;
- c) is incapacitated by prolonged physical or mental illness from performing his duties as a member of the Authority; or
- d) Becomes, for any reason, incapable or incompetent of properly performing the functions of office.

No person shall be appointed as chairperson of the Council unless such person is-

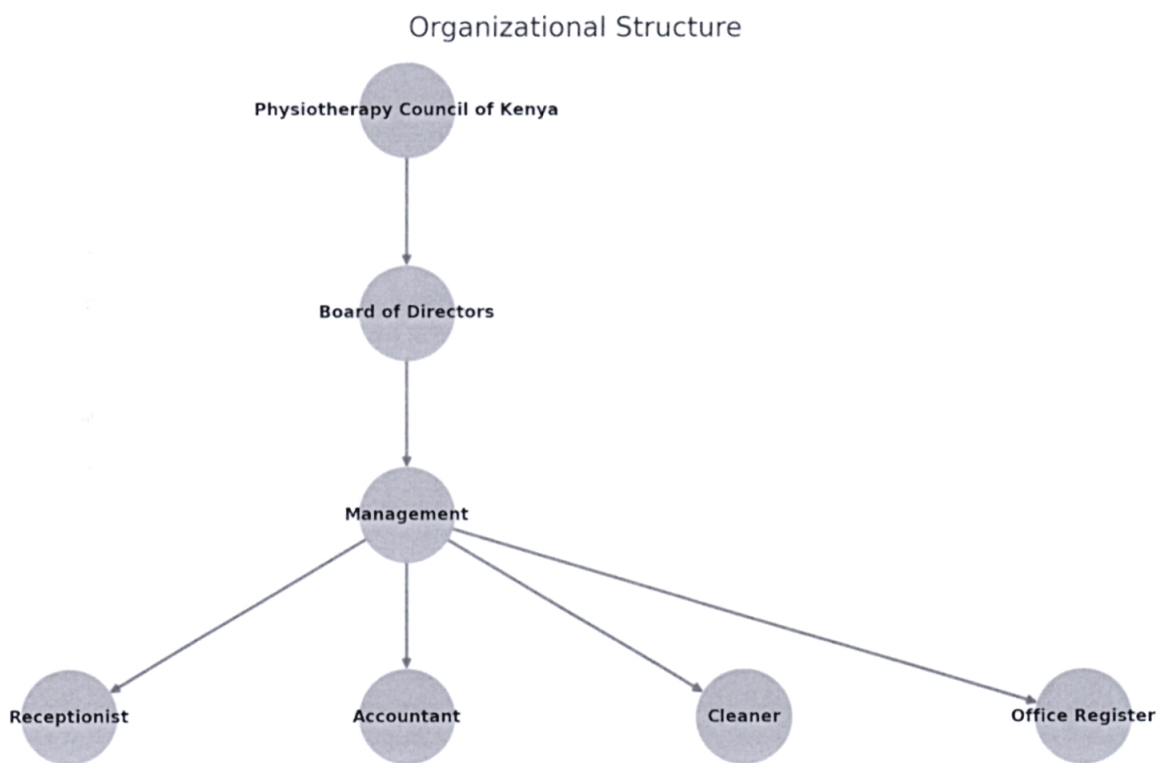

- (a) is registered under this Act as a physiotherapist; and

(b) a physiotherapist of not less than ten years standing

The Council's Board of Directors has the appropriate mix of skills, knowledge and experience to perform its role effectively. The areas of expertise of the current Board of Directors are Physiotherapist and related Healthcare services providers and financial expertise.

In order to effectively and efficiently carry out its governance roles and responsibilities, the Board is in the process of establishing Committees.

Figure I: Governance structure

Board meetings

There were board meetings held during the year under review

Roles and functions of the Board

The Board is responsible for the governance of the Council. The Council's act 2014 stipulates the governance parameters within which the Board exists and operates. A summary of the Board responsibilities are as follows;

Determine the organization's mission, vision, purpose and core values.

Set and oversee the overall strategy and approve significant policies of the organization.

- a) Ensure that the strategy is aligned with the purpose of the organization and the legitimate interests and expectations of its physiotherapy services and other stakeholders.
- b) Ensure that the strategy of the organization is aligned to the long-term goals of the organization on sustainability so as not to compromise the ability of future generations to meet their own needs.
- c) Approve the organizational structure.
- d) Approve the annual budget for the organization.
- e) Monitor the organization's performance and ensure sustainability.
- f) Enhance the corporate image of the organization.
- g) Ensure availability of adequate resources for the achievement of the organization's objectives.
- h) Ensure effective communication with stakeholders.

Board remuneration

The Board members are paid sitting allowances for each meeting attended as per the existing SRC circulars. The Board Chairman is paid a monthly taxable honorarium of Ksh 15,000.

Conflict of interest

Directors have a statutory duty to avoid situations in which they have interests, which may conflict with the interests of the Authority. Upon presentation of the agenda items for the Committee or Board meetings, members present declare (non) existence of conflict of interest.

9. Management Discussion and Analysis

a) Financial Performance

The Council collected Kes. 12,136,977.00 from Member registration fees, Licensing fees, inspection fees, Penalties Charges and accreditation fees in the financial year 2022/2023.

Figure II: Analysis of revenue collection from July 2022 to June 2023.

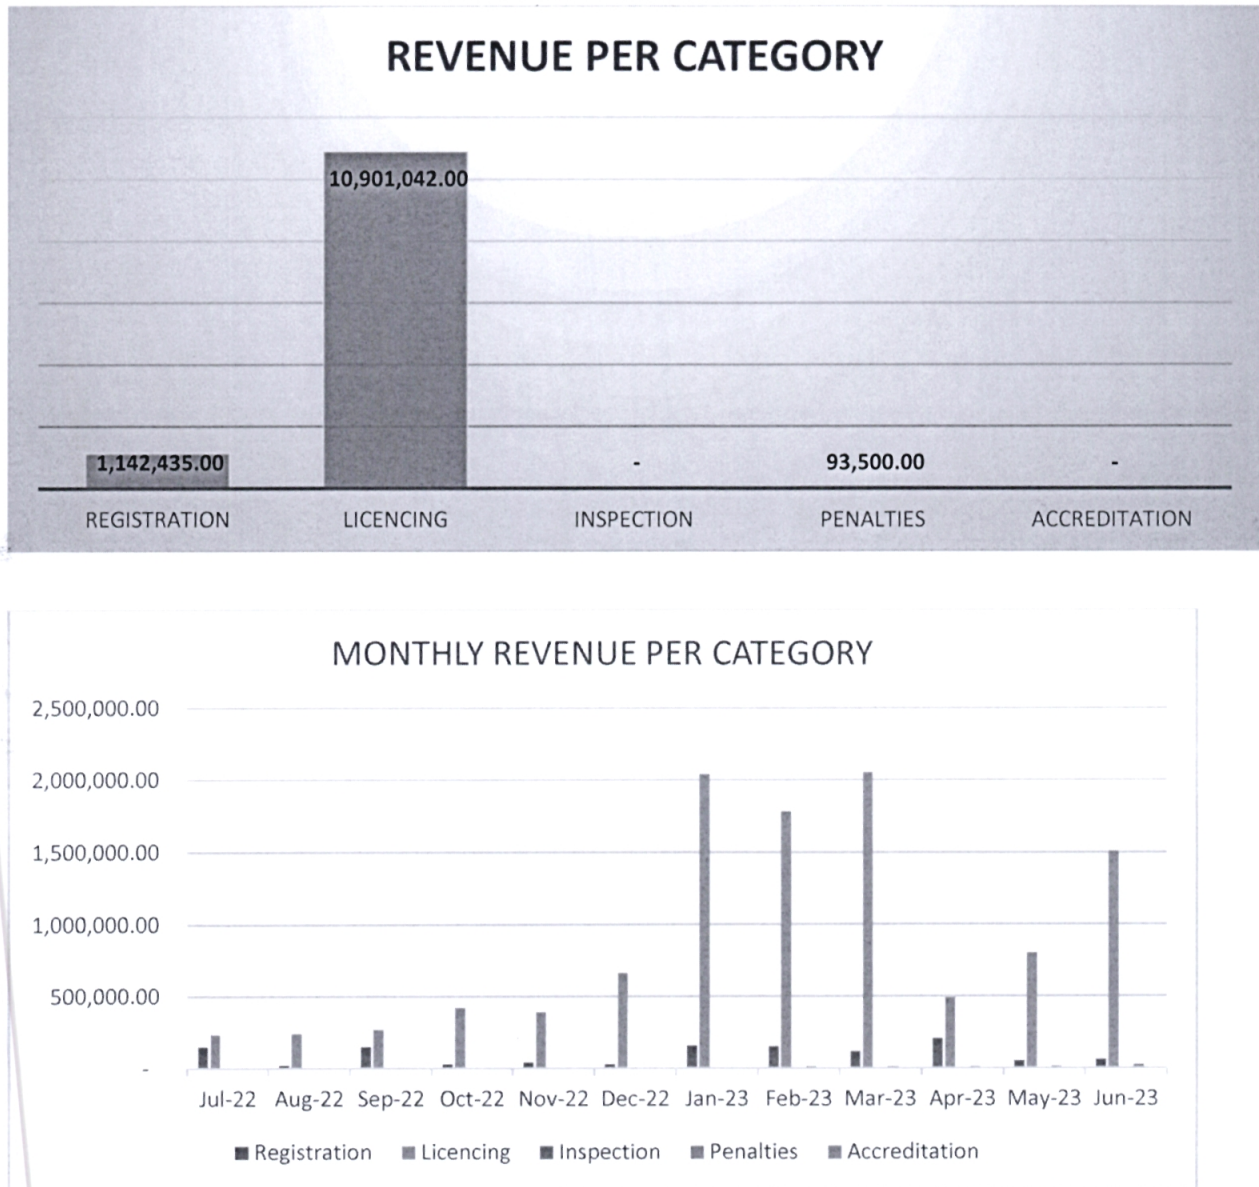

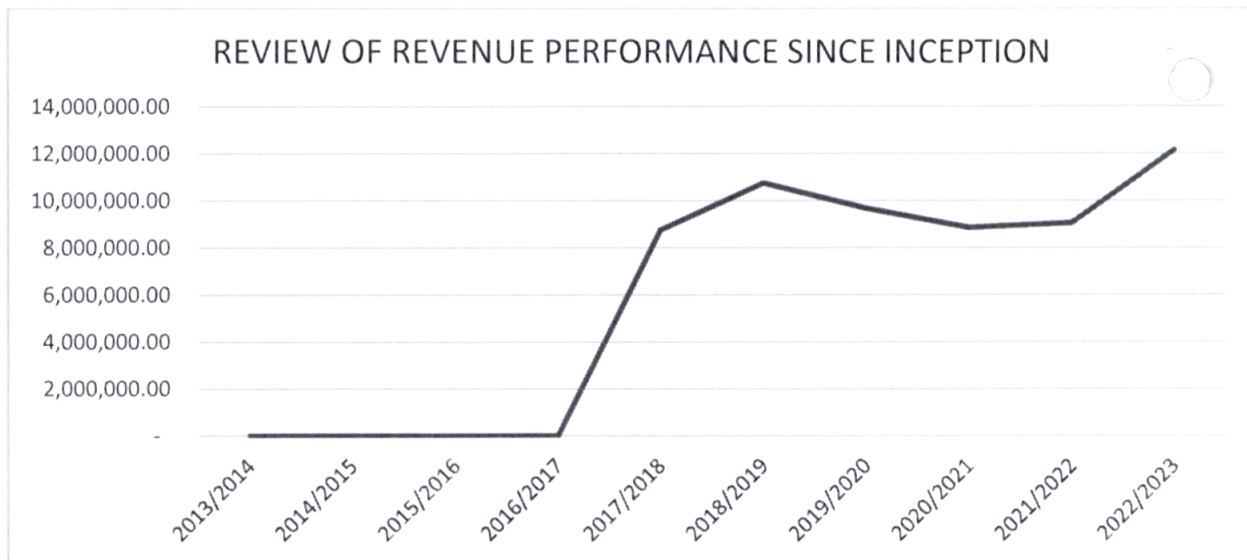

Figure III: Review of financial performance since inception in 2014

The Council had not generated any revenue prior to financial year 2016/17 and thus no activities were done during initial years of set up.

Entity's compliance with statutory requirements

During the year, the council is not registered to submit all deduction due to statutory bodies including NHIF, NSSF, KRA and HELB.

Major Risks facing the entity

Operational risk: The Council's work is at times hampered by logistical issues such as lack of transport. Efficient and adequate mobility is critical for a Regulatory body like the Council, Inadequate Staffing as well as inadequate policy guidelines.

Financial risk: The Council had been relying heavily on registration and licensing fees with no single allocation from the ministry. Lack of Budget, many a time, expose the Council to financial constraints. The Council is increasingly collecting revenue from members and exploring other sources of income such as private sector and development agencies to support its work.

Legal risk: Some gaps have been identified in the corporate governance where there are no board committees especially the prescribed mandatory committees as per the Act thus non-compliance. There is increased efforts laid down to set up functional board committees to mitigate this risk

Political risk: Office tenure and constitution of a functional council can pose a significant risk to the council, delay in appointments of office bearers may as well hinder the council's operations. Often, issues are politicized and this adversely affects the Council's progress. The Council has however enhanced discussions and information sharing sessions with the members of the Ministry of Health as well as awareness creation for the Kenyan Citizenry to enhance understanding of the tenets of the law.

The entity's financial improbity and serious governance issues

The Council had no financial improbity or serious governance issues during the year.

Great milestones have so far been attained in the 4 years of the Council's existence. A Bill seeking to amend the Act in order to provide clarity for the effective implementation of this Act was submitted and tabled in cabinet and adopted. The amendments addressed salient issues that shall ensure Compliance and effective governance of physiotherapy in expanding duties and responsibilities of the Key driving committees as prescribed in the amendments. This will foster a clear mandate execution through the overarching councils guidelines and rules as envisaged through effective administration of the Act.

10. Environmental and Sustainability Reporting

The Council promotes sustainable physiotherapy programs through member driven approach for mutual professional benefits. There are no major environmental requirements expected to be met by the council

a) Employee welfare

The Council has been relying on the guidelines provided by the national human resource management policies has a clear job description and competitively recruits for vacant positions as and when they are required and resources made available. The Council observes the gender rule and promotes national cohesion by hiring from other ethnicities and religious affiliations.

b) Improvement of skills and managing careers, appraisal and reward systems

The Council will allocate a budget for training to enhance staff competence and capacity to deliver effectively and efficiently. The Council will embrace performance management and will commit to achieve their set out targets.

c) Policy on safety and compliance with Occupational Safety

A safe work environment is necessary for a productive workforce. The Council complies with the Occupational Safety and Health Act of 2007(OSHA) through the following efforts through the Ministry:

1. Training of staff on handling fire emergencies;
2. Having First Aid Kits and emphasize on the need for personal responsibility culminating in social responsibility;
 1. Having a Fire Assembly Point and are in touch with the Ministry Fire Response team in case of emergency.

i) Market place practices-

a) Enhance Responsible competition practice

The council does not engage with the public for competitive products and services:

1. Internal measures

The Council will be keen on the integrity of its staff which will inadvertently reflect on the integrity of the Council. To this end the Council, through its management conducts staff anti-corruption training at least once a year and mandates the management to sign and adhere to the Public servants ethics and integrity code through the Ministry.

2. External Measures

The Council relates with the public and other stakeholders and has in place stakeholder engagement forums and feedback platforms.

b) Responsible Supply Chain and Supplier relations

The Council will be keen to observe principles of procurement as outlined by the Public Procurement and Asset Disposal Act, 2015 when fully set out operational policies and guidelines are put in place.

d) Responsible Marketing and Advertisement

The Council will seek to ensure responsible marketing and advertisement when operational policies and guidelines are set out through:

Ensuring there is equity and fairness in provision of information to suppliers on the required goods, works and services.

- i. Ensuring confidentiality of the information received from suppliers about their businesses and bids submitted in accordance with PPDA of 2015.
- ii. Ensuring the suppliers are notified of the proceeding resulting from the tender they submitted in accordance with the regulation and act.
- iii. Ensuring there is transparency in evaluation of suppliers and awarding of tenders based on the evaluation criteria described in solicitation document.
- iv. Ensuring the organization gets value for their money and at the same time the supplier benefits from the service, good or work rendered to the organization.

e) Product Stewardship

The Council will seek to ensure that consumer rights and interests are safeguarded through:

- a) Advising the Ministry on applicable licenses and rates in relation to Physiotherapy which in turn is subjected to public participation.
- b) Ensuring that public participation is embraced during any proposed product or service/policy or guidelines

Corporate Social Responsibility

While dispensing our mandate as the lead agency in all matters to Physiotherapy in the County, the Council will make efforts to also give back to the community. The Council does not have a structured way of carrying out CSR activities.

11. Report of the Directors

The Directors submit their report together with the audited financial statements for the year ended June 30, 2023, which show the state of the Council's affairs.

a) Principal activities

The principal activity of the Council is the provision for training and licensing of Physiotherapists and to regulate their practice in protecting health and safety of the public by ensuring ethical and competent Physiotherapists offer services to the public.

b) Results

The results of the Council for the year ended June 30, 2023, are set out on page 1-7.

c) Directors

The members of the Board of Directors who served during the year are shown on page v.

d) Surplus remission

In accordance with Regulation 219 (2) of the Public Financial Management (National Government) Regulations, regulatory entities shall remit into Consolidated Fund, ninety per centum of its surplus funds reported in the audited financial statements after the end of each financial year. The Authority did not remit any funds to the Consolidated Fund because the funds were reallocated in the subsequent year and there is an act which guides on distribution of the resources.

Physiotherapy Council of Kenya
Annual Report and Financial Statements
For the year ended June 30, 2023.

e) Auditors

The Auditor-General is responsible for the statutory audit of the Authority in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015.

By Order of the Board:

Name: *Douglas Kotut*

Signature: *[Signature]* Date: *28th February, 2024*

Secretary to the Board

12. Statement of Directors Responsibilities

Section 81 of the Public Finance Management Act, 2012 and (section 16) of the Physiotherapy Council of Kenya Act, 2014 require the Directors to prepare financial statements in respect of the Council, which give a true and fair view of the state of affairs of the Council at the end of the financial year and the operating results of the Council for that year. The Directors are also required to ensure that the Council keeps proper accounting records which disclose with reasonable accuracy the financial position of the Council. The Directors are also responsible for safeguarding the assets of the Council.

The Directors are responsible for the preparation and presentation of the Authorities financial statements, which give a true and fair view of the state of affairs of the Council for and as at the end of the financial year ended on June 30, 2023. This responsibility includes:

- i. maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period;
- ii. maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity;
- iii. designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud;
- iv. safeguarding the assets of the Authority;
- v. selecting and applying appropriate accounting policies; and
- vi. making accounting estimates that are reasonable in the circumstances.

The Directors accept responsibility for the Council's financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Financial Reporting Standards (IFRS), and in the manner required by the PFM Act, 2012. The Directors are of the opinion that the Council's financial statements give a true and fair view of the state of the Council's transactions during the financial year ended June 30, 2023, and of the Council's financial position as at that date. The Directors further confirm the completeness of the accounting records maintained for the Council,

Physiotherapy Council of Kenya
Annual Report and Financial Statements
For the year ended June 30, 2023.

which have been relied upon in the preparation of the Council's financial statements as well as the adequacy of the systems of internal financial control.

Nothing has come to the attention of the Directors to indicate that the Council will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements

The Council's financial statements were approved by the Board on 28th February, 2024 and signed on its behalf by:

Signature: 
Name: HENRY OPONDO

Signature: 
Name: 26th June 2024

Chairperson of the Board

REPORT OF THE AUDITOR-GENERAL ON PHYSIOTHERAPY COUNCIL OF KENYA OR THE YEAR ENDED 30 JUNE, 2023

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements;
- B. Report on Lawfulness and Effectiveness in the Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure the Government achieves value for money and that such funds are applied for the intended purpose; and,
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, risk management environment and internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

A Qualified Opinion is issued when the Auditor-General concludes that, except for material misstatements noted, the financial statements are fairly presented in accordance with the applicable financial reporting framework. The Report on Financial Statements should be read together with the Report on Lawfulness and Effectiveness in the Use of Public Resources, and the Report on Effectiveness of Internal Controls, Risk Management and Governance.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012, and the Public Audit Act, 2015. The three parts of the report when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Physiotherapy Council of Kenya set out on pages 1 to 31, which comprise the statement of financial position as at 30 June, 2023 and the statement of financial performance, statement of changes in net

assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of Physiotherapy Council of Kenya as at 30 June, 2023 and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with Physiotherapists Act, 2014 and the Public Finance Management Act, 2012.

Basis for Qualified Opinion

1. Inaccuracies in the Financial Statements

The financial statement presented for the audit had the following inaccuracies;

- 1.1 The statement of financial performance reflects an amount of Kshs.3,163,008 in respect to use of goods and services while the supporting schedule reflect Kshs.8,580,158 resulting to unexplained nor reconciled variance of Kshs.5,417,150.
- 1.2 The statement of financial position reflects total assets of Kshs.24,107,543 while casting revealed a balance of Kshs.25,170,699 resulting to an unexplained variance of Kshs.1,063,156
- 1.3 The statement of financial position reflects property, plant and equipment balance of Kshs.7,583,680 referenced as Note 34 instead of Note is 32. Further, the cash flow statement reflects cash generated from operations of Kshs.2,620,249 referenced to Note 43 instead of Note is 44.

In the circumstances, the accuracy and completeness of the above amounts and balances reflected in these financial statements could not be confirmed.

2. Inaccuracies in the Statement of Cash Flows

The statement of cash flows reflects an amount of Kshs.2,620,249 in respect to net cash generated from operations which was not broken down into various components. However, this presentation is not in line with the financial reporting template issued by the Public Sector Accounting Standards Board which requires full disclosure of all components of receipts and payments to arrive at net cash flows from/ (used in) operating activities.

In the circumstances, the presentation the statement of cash flows does not comply to the template issued by the Public Sector Accounting Standards Board.

3. Unsupported Revenue Collection

The statement of financial performance reflects an amount of Kshs.12,043,477 in respect to revenue collections as disclosed in Note 5 to the financial statements being registration and licensing fees. However, there was no evidence of invoicing members or

maintenance of individual member's ledgers indicating opening balances, amount billed, payments made and outstanding balances.

In the circumstances, the accuracy and completeness of revenue collections amounting to Kshs.12,043,477 could not be confirmed.

4. Inaccuracies in Board Expenses

The statement of financial performance reflects an amount of Kshs.2,354,200 in respect to board expenses as disclosed in Note 19 to the financial statements whose payment vouchers and supporting documents were not provided for audit. Further, the supporting schedules reflects an amount of Kshs.2,360,100 resulting to unexplained variance of Kshs.5,900. In addition, the amount includes misclassified employee costs of Kshs.300,000.

In the circumstances, the accuracy and completeness of board payments amounting to Kshs.2,354,200 could not be confirmed.

5. Unsupported Office Expenses

The statement of financial performance reflects an amount of Kshs.1,601,700 in respect to office expenses as disclosed in Note 17 to the financial statements. However, this amount was not supported by payment vouchers and supporting documents.

In the circumstances, the accuracy and completeness of office expenses amounting to Kshs.1,601,700 could not be confirmed.

6. Erroneous Disclosure of Donations

The statement of financial performance reflects an amount of Kshs.175,000 in respect to donations as disclosed in Note 20 to the financial statements. Review of expenditure records revealed that the amount was in respect to trainings which was incurred and paid for by another entity.

In the circumstances, the accuracy, completeness and disclosure of donations amounting to Kshs.175,000 could not be confirmed.

7. Unsupported Trade and Other Receivables

The statement of financial position reflects trade and other receivables balance of Kshs.4,166,999 as disclosed in Note 29 to the financial statements. The balance was not supported by a list of members and clinics indicating the amount invoiced, amount received, the outstanding balance and aging analysis.

In the circumstances, the accuracy and completeness of trade and other receivables balance of Kshs.4,166,999 could not be confirmed.

8. Unsupported Trade and Other Payables

The statement of financial position reflects a balance of Kshs.2,400,000 in respect to trade and other payables as disclosed in Note 36 to the financial statements. However,

the balance was not supported by payment vouchers, Local Purchase Orders (LPOs), delivery notes, invoices and aging analysis.

In the circumstances, the accuracy and completeness of trade and other payables balance of Kshs.2,400,000 could not be confirmed.

The audit was conducted in accordance with International Standards for Supreme Audit Institutions (ISSAIs). I am independent of the Physiotherapy Council of Kenya Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the financial statements. Except for the matters described in the Basis for Qualified Opinion section, I have determined that there are no other key audit matters to communicate in my report.

Other Information

The Management is responsible for the other information set out on page v to xxvii which comprise of Key Entity Information and Management, The Board of Directors, Management Team, Chairman's Statement, Report of the Chief Executive Officer, Statement of Performance Against Predetermined Objectives, Corporate Governance Statement, Management Discussion and Analysis, Environmental and Sustainability Reporting, Report of the Directors, Statement of Directors Responsibilities. The Other Information does not include the financial statements and my audit report thereon.

In connection with my audit on the Council's financial statements, my responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work I have performed, I conclude that there is a material misstatement of this Other Information, I am required to report that fact. I have nothing to report in this regard.

My opinion on the financial statements does not cover the Other Information and accordingly, I do not express an audit opinion or any form of assurance conclusion thereon.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN THE USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the effect of the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in the Use of Public Resources section of my report, I

confirm that nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Budget Imbalance and Failure to Prepare Estimates

The statement of comparison of budget and actual amounts reflects final budget income amount of Kshs.12,136,977 and total expenditure budget of Kshs.7,593,908 resulting to budget imbalance of Kshs.4,543,069. This was contrary to Regulation 33(c) of the Public Finance Management (National Government) Regulations, 2015 which states that budget shall be balanced. Further, there was no evidence that the estimates of expenditure and revenues were prepared contrary to Section 68(2)(h) of the Public Finance Management Act, 2012 which states that an accounting officer shall prepare estimates of expenditure and revenues of the entity in conformity with the strategic plan referred to in paragraph (g).

In the circumstances, Management was in breach of the law.

2. Late Submission of 2022/2023 Financial Statements

The financial statements for the year ended 30 June, 2023 were submitted to the Auditor General on 19 January, 2024 four (4) months after the statutory deadline to submit of 30 September, 2023. This was contrary to Section 47 (1) of the Public Audit Act, 2015 which states that the financial statements required under the Constitution of Kenya 2010, the Public Finance Management Act, 2012 and any other legislation, shall be submitted to the Auditor-General within three (3) months after the end of the fiscal year to which the accounts relate.

In circumstances, Management was in breach of the law.

3. Board Expenses

The statement of financial performance reflects an amount of Kshs.2,354,200 in respect to board expenses as disclosed in Note 19 to the financial statements. However, the following unsatisfactory matters were noted;

3.1. Lack of Board Work Plan, Charter and Calendar

During the year under review, the Board operated without approved annual Board Work Plan and Charter. This was contrary to Chapter 1(1.9)(1) of Mwongozo which states that; "Board members should ensure the development of an annual Board work plan." and Chapter 1(1.11)(1) of Mwongozo which provides that; "The Board should develop and adopt a Board Charter."

3.2. Irregular Conduct Board Meetings

The attendance registers for two full board and two committee meetings were not provided for audit and a conflict-of-interest register was not maintained for all the nine (9)

board meetings held within the period under review. This was contrary to Annexure I-E(8)(e) of Mwongozo which provides that; “Minutes must be drawn up for every board and committee meeting with resolutions highlighted therein.

3.3. Lack of Induction of Board Members

Review of the board activities revealed that there was no induction programme for the new board members within the period. Further, there was no evidence that the board members had been certified by an accredited body. This was contrary to Chapter 1 (1.10) (1-2) of Mwongozo which provides that; “The board should: (a) Develop an induction programme for new board members and Board members should be certified by an accredited body within 6 months of their appointment”

In the circumstances, Management was in breach of the law.

3.4. Board Members Exceeding the Term Limit

Examination of the board composition revealed that two board members had been serving for a period exceeding the prescribed maximum number of six (6) years. This was contrary to Chapter 1(1.5) of Mwongozo Code of Governance which provides that the tenure of a board member should not exceed a cumulative term of six years or two terms of three years each provided that upon first implementation of this code, the appointing authority may extend the term of not more than a third of the members of the board in order to achieve continuity as set out in 1.13”.

In the circumstances, Management was in breach of the law.

The audit was conducted in accordance with ISSAI 3000 and ISSAI 4000. The standards require that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements comply in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the effects of the matter described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance section of my report, I confirm that nothing else has come to my attention to cause me to believe that internal controls, risk management and governance were not effective.

Basis for Conclusion

Lack of Key Departments, Committees and Policies

During the year under review, the Council was not fully operational and the following departments, committees and policies were not in place;

No	Observation	Law Breached	Risk
1	Lack of finance, human resource management and procurement departments	Section 5(3) of the State Corporations Act states that a state corporation may engage and employ such number of staff, including the chief executive, on such terms and conditions of service as the Minister may, in consultation with the Committee, approve.	This may affect optimal realization of the Council's mandate.
2	Failure to establish an audit committee	Section 73(5) of the Public Finance Management Act, 2012 which states that every national government public entity shall establish an audit committee whose composition and functions shall be as prescribed by the regulations	There is no annual review of the independence, performance and competency of the internal audit unit and comment on their effectiveness in the annual reports.
3	Failure to establish an internal audit	Section 73(1)(a) of the Public Finance Management Act, 2012 which states that every national government entity shall ensure that it complies with this Act and has appropriate arrangements in place for conducting internal audit according to the guidelines of the Accounting Standards Board	There is no independent, objective assurance and disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes
4	Lack of strategic plan, organogram and a risk management policy	Section 68(2)(g) of the Public Finance Management Act, 2012 and Regulation 165 of the Public Finance Management (National Government) Regulations, 2015	The overall goals for you're the Council and a develop a plan to achieve them may not be clear. Also, there is lack of policies to guide on risk mitigation
5	Senior officer is in acting positions for more than six (6) years	Section C.14(1) of the Human Resource Policies and Procedures Manual for the Public Service states that "..... Acting allowance will not be payable to an officer for more than six (6) months."	Non-compliance with the law

Further, in the period under review, the Council had only the chief executive officer and an intern while the following deficiencies in key functions of the Council were noted;

Functions	Law Breached	Observations
Failure to consider and approve the qualifications of physiotherapists for the purposes of registration	Section 20(1)(b) of the Physiotherapists Act, 2014	The council's membership register indicated one thousand and thirty-eight (1,038) members as at 30 June 2018. However, the application forms in the members' personal files were not approved by the Council to confirm whether the registration conditions were met.
Failure to cause to be maintained a register of all persons registered as physiotherapists	Section 22(1) and (2) of the Physiotherapists Act, 2014	The membership register was maintained in an excel sheet which is prone to manipulation and did not indicate the category of the physiotherapy, the date of registration, level of compliance to continuing professional development and the status of a member, whether active or inactive.
Failure to prescribe and conduct examinations for purposes of registration	Section 4(2)(d) of the Physiotherapists Act, 2014	The Council's records indicated that members were registered without undergoing an examination.
Failure to establish, approve and accredit programs for continuing professional educational programs;	Section 35(3) and (5) of the Physiotherapists (Registration and Licensing) Rules, 2017	There was no evidence that the Council administered Continuing Professional Development (CPD) programs to members.
Failure to cause to be published in the Kenya Gazette every calendar year or such other period as may be prescribed, the names of all registered physiotherapists;	Section 22(3)(a) of the Physiotherapists Act, 2014	Review of the Council's membership register indicated one thousand and thirty-eight (1,038) members as at 30 June 2018. However, the Council did not publish the list of members.
Failure to conduct inspection of one hundred and five (105) physiotherapy clinics to confirm compliance to the set standards	Section 14(1) of the Physiotherapists (Registration and Licensing) Rules, 2017	The clinics may be operating in violation of the set standards compromising the health standards risking the lives of patients.

In addition, physical inspection of physiotherapy clinics in the month of March, 2024 indicated observations highlighted in **Appendix 1**.

Failure to operationalize key departments, formulate policies, having senior officer in acting positions and deficiencies in functions implies that the key mandate to supervise and control over the training and practice of physiotherapists in Kenya and to advise the Government may not be achieved.

In the circumstances, general supervision and control over the training and practice of physiotherapists in Kenya and advice to the Government were lacking.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk Management and overall governance were operating effectively in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of the Management and Board of Directors

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management is aware of the intention to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements comply with the authorities which govern them and that public resources are applied in an effective way.

The Board of Directors is responsible for overseeing the Council's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

My responsibility is to conduct an audit of the financial statements in accordance with Article 229(4) of the Constitution, Section 35 of the Public Audit Act, 2015 and the

International Standards for Supreme Audit Institutions (ISSAIs). The standards require that, in conducting the audit, I obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes my opinion in accordance with Section 48 of the Public Audit Act, 2015. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with IFPP will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In conducting the audit, Article 229(6) of the Constitution also requires that I express a conclusion on whether or not in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way. In addition, I consider the entity's control environment in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7 (1) (a) of the Public Audit Act, 2015.

Further, I am required to submit the audit report in accordance with Article 229(7) of the Constitution.

Detailed description of my responsibilities for the audit is located at the Office of the Auditor-General's website at: <https://www.oagkenya.go.ke/auditor-generals-responsibilities-for-audit/>. This description forms part of my auditor's report.

FCPA Nancy Gathungu, CBS
AUDITOR-GENERAL

Nairobi

19 December, 2024

Appendix 1

No	Health Facility	County	Observations
1	PCEA Tumutumu Hospital	Nyeri	This is a faith-based level five health facility with two physiotherapist one of whom has an invalid practicing licence which expired.
2	Outspan Nyeri	Nyeri	The facility is privately owned and operates as a level five where the physiotherapy licence is registered under an employee.
3	Metropolitan Sanctuary for Children Living with Disability	Nyeri	This facility operates as a community-based organization offering rehabilitation services for children living with disabilities and not a licensed health facility. Further, the physiotherapy license is registered under an employee who no longer works for the institution and no changes have been made on the registration details.
4	AAR Healthcare Nakuru Outpatient Centre	Nakuru	The physiotherapy department has only one room contrary to Section 14 (6) (d) of the Physiotherapists (Registration and Licensing) Rules, 2017 which requires separate rooms for treatment and consultation. Further the department has one physiotherapist on part time bases with an expired practicing license.
5	The Karen Hospital Nakuru Branch	Nakuru	The facility did not provide a license from the Physiotherapy Council of Kenya to operate the clinic in Nakuru. In addition, the physiotherapy department has only one room used for both consultation and treatment contrary to Section 14 (6) (d) of the Physiotherapists (Registration and Licensing) Rules, 2017 which requires two separate rooms for the two services. Further as at the time of audit in the month of March 2024, the two-physiotherapist had invalid practicing licenses which expired on 31 December 2023.
6	Alpha Fit Physiotherapy, Rehab & Sports Clinic	Nakuru	The facility did not provide a valid practicing license, standard operating procedures and infection control policies. Further only one room is used for both treatment and consultation contrary to Section 14 (6) (d) of the Physiotherapists (Registration and Licensing) Rules, 2017 which requires two separate rooms for the services. In addition, the facility lacks a blood pressure machine and a patella hammer for assessing patients' health conditions. The facility is managed by a practitioner with an invalid licence which expired.
7	Mediheal Hospital	Nakuru	The facility closed operations despite being licensed. Further, it has not been possible to

No	Health Facility	County	Observations
			confirm the outstanding balance due from the facility at the time of closure.
8	Nakuru Physiotherapy and Rehab Centre	Nakuru	Physical verification indicated the facility does not have standard operating procedures, infection control policies and has only one treatment room which is also used for consultation. This was contrary to Section 7 (b) and 14 (6) (d) of the Physiotherapists (Registration and Licensing) Rules, 2017 which requires a facility to have updated standard operating procedures and two separate rooms used for treatment and consultation. In addition, as at the time of audit in the month of March 2024 the practitioner of the clinic had an invalid license which expired on 31 December 2023
9	Kabarak University Medical Centre	Nakuru	This facility is located within Kabarak University which serves the students of the university, Moi high school Kabarak and Kabarak primary school. Hospital attendance records indicated an average daily attendance of twenty-one (21) patients against one treatment room which increases patient turnaround times compromising the quality of services due to the lack of adequate space.
10	EME Physiotherapy Clinic	Kisumu	The facility closed down operations despite being listed as a facility that is licensed by Physiotherapy Council of Kenya (PCK) to offer the physiotherapy services.
11	Betterstream Physical Therapy and Rehabilitation Centre	Kisumu	The facility closed down operations despite being listed as a facility that is licensed by PCK to offer the physiotherapy services.
12	Rapha Physiotherapy Clinic	Kisumu	The facility is privately owned and has not been categorized by Kenya Medical Practitioner and Dentist Council (KMPDC). The facility is operating with a licence that expired on 31 December 2023. The facility has one physiotherapist, who had an invalid licence that expired on 31 December 2023.
13	Noblmed Physiotherapy Clinic	Kisumu	The facility is privately owned and has not been categorized by KMPDC and its operating with a licence that expired 30 December 2022. In addition, the facility had one physiotherapist, with an invalid licence which expired on 31 December 2022. Further the facility did not have standard operating procedures, infection control

No	Health Facility	County	Observations
			policies and the treatment room was used for consultation. This was contrary to Section 7 (b) and 14 (6) (d) of the Physiotherapists (Registration and Licensing) Rules, 2017 which requires a facility to have updated standard operating procedures and two separate rooms used for treatment and consultation.
14	Rehema Holistic Center	Kisumu	Facility closed down operations despite being listed as a facility that is licensed by PCK to offer the physiotherapy services.
15	Kakamega Orthopaedic Hospital Ltd	Kakamega	The facility no longer offers physiotherapy services despite being licensed by PCK
16	Kakamega Physiotherapy and Allied Services	Kakamega	The facility is privately owned and has not been categorized by KMPDC. The facility is operating with a licence that expired 31 December 2022. The facility has one physiotherapist, who had an invalid licence as at the time of audit that expired on 31 December 2022.
17	Jaly Physiotherapy Centre	Kakamega	<p>The facility is privately owned and has not been categorized by KMPDC. The facility is operating without a licence pending inspection from PCK. The facility is operated by one physiotherapist. In addition, the facility has only one room used for both consultation and treatment contrary to Section 14 (6) (d) of the Physiotherapists (Registration and Licensing) Rules, 2017 which requires two separate rooms for the two services.</p> <p>Physical verification indicated the facility does not have standard operating procedures and infection control policies and the treatment room also is also used for consultation. This is contrary to Section 7 (b) and 14 (6) (d) of the Physiotherapists (Registration and Licensing) Rules, 2017 which requires a facility to have updated standard operating procedures and two separate rooms used for treatment and consultation.</p>

19. Notes to the Financial Statements

1. General Information

Physiotherapy Council of Kenya is established by and derives its authority and accountability from the Physiotherapy Council of Kenya Act 2014. The entity is wholly owned by the National Government and is domiciled in Kenya. The entity's principal activity is protecting the health and safety of the public by ensuring ethical and competent Physiotherapists offer services to the public.

The balance sheet is represented by the statement of financial position and the profit and

loss account by the Statement of Financial Performance in these financial statements.

2. Statement of Compliance and Basis of Preparation

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant and equipment, marketable securities and financial instruments at fair value, impaired assets at their estimated recoverable amounts and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Public Sector Accounting Standards (IPSAS) allows the use of estimates and assumptions. It also requires management to exercise judgement in the process of applying the Council's accounting policies. The areas involving a higher degree of judgement or complexity, or where assumptions and estimates are significant to the financial statements, are disclosed in Note 5 of these financial statements.

The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the Council.

The financial statements have been prepared in accordance with the PFM Act, the State Corporations Act, Physiotherapy Council of Kenya Act and International Public Sector Accounting Standards (IPSAS). The accounting policies adopted have been consistently applied to all the years presented.

Notes to the Financial Statements (Continued)

3. Adoption of New and Revised Standards

i. New and amended standards and interpretations in issue effective in the year ended 30 June 2023.

IPSASB deferred the application date of standards from 1st January 2023 owing to Covid 19

This was done to provide entities with time to effectively apply the standards. The deferral was set for 1st January 2023.

Therefore, above amendments have not been adopted in the preparation of these financial statements

i. New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2023.

For the year ended June 30, 2023.

IPSAS 44: Non- Current Assets Held for Sale and Discontinued Operations	<p>Applicable 1st January 2025</p> <p>The Standard requires, Assets that meet the criteria to be classified as held for sale to be measured at the lower of carrying amount and fair value less costs to sell and the depreciation of such assets to cease and: Assets that meet the criteria to be classified as held for sale to be presented separately in the statement of financial position and the results of discontinued operations to be presented separately in the statement of financial performance.</p> <p>Impact The Standard had no impact to the Council’s financial statements and has not has not been able to implement early adoption</p>
--	--

iv) Early adoption of standards

The Council did not early – adopt any new or amended standards in year 2022/2023.

4. Summary of Significant Accounting Policies

a) Revenue recognition

i. Revenue from non-exchange transactions Registration, Licensing, Inspection and accreditation fees

The Entity recognizes revenues from above fees when the event occurs and the asset recognition criteria are met. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, deferred income is recognized instead of revenue. Other non-exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow to the Entity and the fair value of the asset can be measured reliably.

ii. Transfers from other government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the Entity and can be measured reliably. Recurrent grants are recognized in the statement of comprehensive income. Development/capital grants are recognized in the statement of financial position and realised in the statement of comprehensive

income over the useful life of the assets that has been acquired using such funds. During the year, there were no revenues generated under this category

iii. Revenue from exchange transactions Rendering of services

The Entity recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours.

Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable. There were no such revenues generated during the year under review.

Notes to the Financial Statements (Continued)

Summary of Significant Accounting Policies (Continued)

v) Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period. During the year under review, there were no such incomes.

b) Budget information

There were neither budget for FY 2022-2023 was approved by the Ministry on June 2023 or Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities.

The entity's budget would be prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget where one would exist. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the

Physiotherapy Council of Kenya
Annual Report and Financial Statements
For the year ended June 30, 2023.

statement of comparison of budget and actual amounts. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

Notes to the Financial Statements (Continued)

Summary of Significant Accounting Policies (Continued)

d) **Taxes**

Current income tax

Current income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the area where the Entity operates and generates taxable income. Current income tax relating to items recognized directly in net assets is recognized in net assets and not in the statement of financial performance. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. During the year under review, the council had not registered for tax purposes.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except in respect of taxable temporary differences associated with investments in controlled entities, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except in respect of deductible temporary differences associated with investments in controlled entities, associates and interests in joint ventures, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside surplus or deficit is recognized outside surplus or deficit. Deferred tax items are recognized in correlation to the underlying transaction in net assets. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable Entity and the same taxation authority.

Sales tax

Expenses and assets are recognized net of the amount of sales tax, except:

- i. When the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the sales tax is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable
- ii. When receivables and payables are stated with the amount of sales tax included

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

During the year under review, the council had not registered for Sales tax and hence consuming all input taxes related to tax on expenses

Notes to the Financial Statements (Continued)

Summary of Significant Accounting Policies (Continued)

e) Investment property

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property. Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition. Subsequent to initial recognition, investment properties are measured using the cost model and are depreciated over an xx-year period. Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of de-recognition. Transfers are made to or from investment property only when there is a change in use.

During the year under review, the council did not have any investment property.

f) Property, plant and equipment

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the Entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value. During the year under review, the council did not have any property, plant and equipment.

Notes to the Financial Statements (Continued)

Summary of Significant Accounting Policies (Continued)

g) Leases

Finance leases are leases that transfer substantially all of the risks and benefits incidental to ownership of the leased item to the Entity. Assets held under a finance lease are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the future minimum lease payments. The Entity also recognizes the associated lease liability at the inception of the lease. The liability recognized is measured as the present value of the future minimum lease payments at initial recognition. Subsequent to initial recognition, lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in surplus or deficit. An asset held under a finance lease is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Entity will obtain ownership of the asset by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term. During the year under review, the council did not have any lease.

Operating leases are leases that do not transfer substantially all the risks and benefits incidental to ownership of the leased item to the Entity. Operating lease payments are recognized as an operating expense in surplus or deficit on a straight-line basis over the lease term.

During the year under review, the council did not have any operating lease.

Notes to the Financial Statements (Continued)

Summary of Significant Accounting Policies (Continued)

h) Intangible assets

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred. The useful life of the intangible assets is assessed as

Physiotherapy Council of Kenya
Annual Report and Financial Statements
For the year ended June 30, 2023.

either finite or indefinite. During the year under review, the council did not have any Intangible assets.

i) Research and development costs

The Entity expenses research costs as incurred. Development costs on an individual project are recognized as intangible assets when the Entity can demonstrate:

- i) The technical feasibility of completing the asset so that the asset will be available for use or sale
- ii) Its intention to complete and its ability to use or sell the asset
- iii) How the asset will generate future economic benefits or service potential
- iv) The availability of resources to complete the asset
- v) The ability to measure reliably the expenditure during development.

Following initial recognition of an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete, and the asset is available for use. It is amortized over the period of expected future benefit. During the period of development, the asset is tested for impairment annually with any impairment losses recognized immediately in surplus or deficit. During the year under review, the council did not have any research and development costs.

- i) Financial instruments
- a) Financial assets

Initial recognition and measurement

Financial assets within the scope of IPSAS 29 Financial Instruments: Recognition and Measurement are classified as financial assets at fair value through surplus or deficit, loans and receivables, held-to-maturity investments or available-for-sale financial assets, as appropriate. The Entity determines the classification of its financial assets at initial recognition.

j) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. Losses arising from impairment

are recognized in the surplus or deficit. During the year under review, the council did not have any Loans and receivables.

k) Held-to-maturity.

Non-derivative financial assets with fixed or determinable payments and fixed maturities are classified as held to maturity when the Entity has the positive intention and ability to hold it to maturity. After initial measurement, held-to-maturity investments are measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The losses arising from impairment are recognized in surplus or deficit. During the year under review, the council did not have any Asset held to maturity.

l) Impairment of financial assets

The Entity assesses at each reporting date whether there is objective evidence that a financial asset or an Entity of financial assets is impaired. A financial asset or an Entity of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset or the Entity of financial assets that can be reliably estimated. Evidence of impairment may include the following indicators:

- i) The debtors or an Entity of debtors are experiencing significant financial difficulty.
- ii) Default or delinquency in interest or principal payments
- iii) The probability that debtors will enter bankruptcy or other financial reorganization.
- iv) Observable data indicates a measurable decrease in estimated future cash flows (e.g., changes in arrears or economic conditions that correlate with defaults)

During the year under review, the council did not have any property, plant and equipment.

c) Financial liabilities

Initial recognition and measurement

Financial liabilities within the scope of IPSAS 29 are classified as financial liabilities at fair value through surplus or deficit or loans and borrowings, as appropriate. The Entity determines the classification of its financial liabilities at initial recognition., All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, plus directly

attributable transaction costs. During the year under review, the council did not have any Financial Liabilities.

d) Loans and borrowing

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in surplus or deficit when the liabilities are derecognized as well as through the effective interest method amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. During the year under review, the council did not have any Loans and Borrowings.

e) Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition. Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

- i) Raw materials: purchase cost using the weighted average cost method.
- ii) Finished goods and work in progress: cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs.

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost. Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Entity.

During the year under review, the council did not have any inventories.

f) Provisions

Provisions are recognized when the Entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of

the amount of the obligation. Where the Entity expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of financial performance net of any reimbursement. During the year under review, the council did not have any provisions.

g) Contingent liabilities

The Entity does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote. During the year under review, the council did not have any provisions.

h) Contingent assets

The Entity does not recognize a contingent asset but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs. During the year under review, the council did not have any provisions.

i) Nature and purpose of reserves

The Entity creates and maintains reserves in terms of specific requirements. Currently the Council has no provisions in place.

j) Changes in accounting policies and estimates

The Entity recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

k) Employee benefits Retirement benefit plans

The Council Will provide retirement benefits for its employees and directors. Currently the Council does not have staff.

l) Foreign currency transactions

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise. Currently, the Council has no foreign currency transactions

m) Borrowing costs

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance. Currently, the council has no borrowings

n) Related parties

The Entity regards a related party as a person or an Entity with the ability to exert control individually or jointly, or to exercise significant influence over the Entity, or vice versa. Members of key management are regarded as related parties. The council did not have related parties

o) Service concession arrangements

The Entity analyses all aspects of service concession arrangements that it enters into in determining the appropriate accounting treatment and disclosure requirements. In particular, where a private party contributes an asset to the arrangement, the Entity recognizes that asset when, and only when, it controls or regulates the services the operator must provide together with the asset, to whom it must provide them, and at what price.

In the case of assets other than 'whole-of-life' assets, it controls, through ownership, beneficial entitlement or otherwise – any significant residual interest in the asset at the end of the arrangement. Any assets so recognized are measured at their fair value. To the extent that an asset has been recognized, the Entity also recognizes a corresponding liability, adjusted by a cash

consideration paid or received. No service concession arrangements existed in the council under the year of review.

u) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorized public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

v.) Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

w) Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2023.

4. Significant Judgments and Sources of Estimation Uncertainty

The preparation of the Entity's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods. State all judgements, estimates and assumptions made:

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Entity based its assumptions and estimates on parameters available when the consolidated financial

Physiotherapy Council of Kenya
Annual Report and Financial Statements
For the year ended June 30, 2023.

statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur. IPSAS 1.140

Useful lives and residual value

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- a) The condition of the asset based on the assessment of experts employed by the Entity.
- b) The nature of the asset, its susceptibility and adaptability to changes in technology and processes.
- c) The nature of the processes in which the asset is deployed.
- d) Availability of funding to replace the asset.
- e) Changes in the market in relation to the asset

Provisions

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note 40.

Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date, and are discounted to present value where the effect is material.

The Council had no applicable provisions as at the date of reporting.

Notes to the Financial Statements (Continued)

45. Financial Risk Management

The Council's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The council's overall risk management program focuses on unpredictability of changes in the business environment and seeks to minimize the potential adverse effect of such risks on its performance by setting acceptable levels of risk.

Credit risk

The Council is not exposed to Credit Risk

Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Entity's directors, who have built an appropriate liquidity risk management framework for the management of the Entity's short, medium and long-term funding and liquidity management requirements. The Entity manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

Physiotherapy Council of Kenya
Annual Report and Financial Statements
For the year ended June 30, 2023.

Market risk

The Entity council composition is well robust with a financial expertise to assist it in assessing the risk faced by the Entity on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the Entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Board of directors.

Capital Risk Management

The objective of the Entity's capital risk management is to safeguard the Entity's ability to continue as a going concern. The Entity capital structure comprises of the following funds:

	2022-2023	2021-2022
	Kshs	Kshs
