FIRST HALF

FY 2020/21

FEBRUARY, 2021

FOREWORD

I am pleased to present the National Government Budget Implementation Review Report (BIRR) for the first half of the Financial Year (FY) 2020/21, covering the period from July to December 2020. The report has been prepared in fulfilment of Article 228 (6) of the Constitution of Kenya and the Controller of Budget Act, 2016, which require the Controller of Budget (COB) to submit to both Houses of Parliament a report on the implementation of budgets of both National and County Governments every four months.

The report presents information on the approved budgets comprised of the total funds released to the Ministries, Departments and Agencies (MDAs) and are based on financial reports submitted by MDAs in line with Section 83(4) of the Public Finance Management Act, 2012. It is also informed by financial data generated from the Integrated Financial Information System (IFMIS). The key issues that affected budget implementation in the period under review have been identified and recommendations to address them included in the report in order to enhance budget implementation.

In line with Section 39(8) of the Public Finance Management Act, 2012, the Office of the Controller of Budget (OCoB) is committed in ensuring that information on budget implementation is accessible to members of the public and other stakeholders, thereby enhancing openness and promoting accountability in the use of public resources. MDAs are encouraged to exercise prudence in the use of public resources in order to ensure budgeted activities are implemented efficiently in order to achieve the country's development goals.

Preparation of this report was made possible through the collective efforts of staff from the MDAs and my staff whom I greatly appreciate.

EXECUTIVE SUMMARY

This is the first half National Government Budget Implementation Review Report for FY 2020/21. It has been prepared in line with Article 228 of the Constitution of Kenya, (2010) and Section 9 of the Controller of Budget Act, 2016, which require the Controller of Budget to submit to Parliament quarterly budget implementation reports for the National and County Governments every four months.

During the reporting period, receipts into the consolidated fund amounted to **Kshs1.20 trillion**, representing 42.5 per cent of the annual target of Kshs.2.83 trillion, a 4.5 per cent decline compared to Kshs.1.25 trillion received in a similar period of the FY 2019/20. Total exchequer issues to the MDAs, Consolidated Funds Service (CFS) and County Governments amounted to **Kshs.1.18 trillion** representing 42.7 per cent of the net estimates, a decline compared to 44.2 per cent recorded in a similar period of the FY 2019/20. Exchequer issues comprised of **Kshs.139.35 billion** for development expenditure, **Kshs.917.4 billion** for recurrent expenditure and **Kshs.123.96 billion** to the County Governments representing 35.9 per cent, 43.8 per cent and 39.2 per cent of annual allocations respectively.

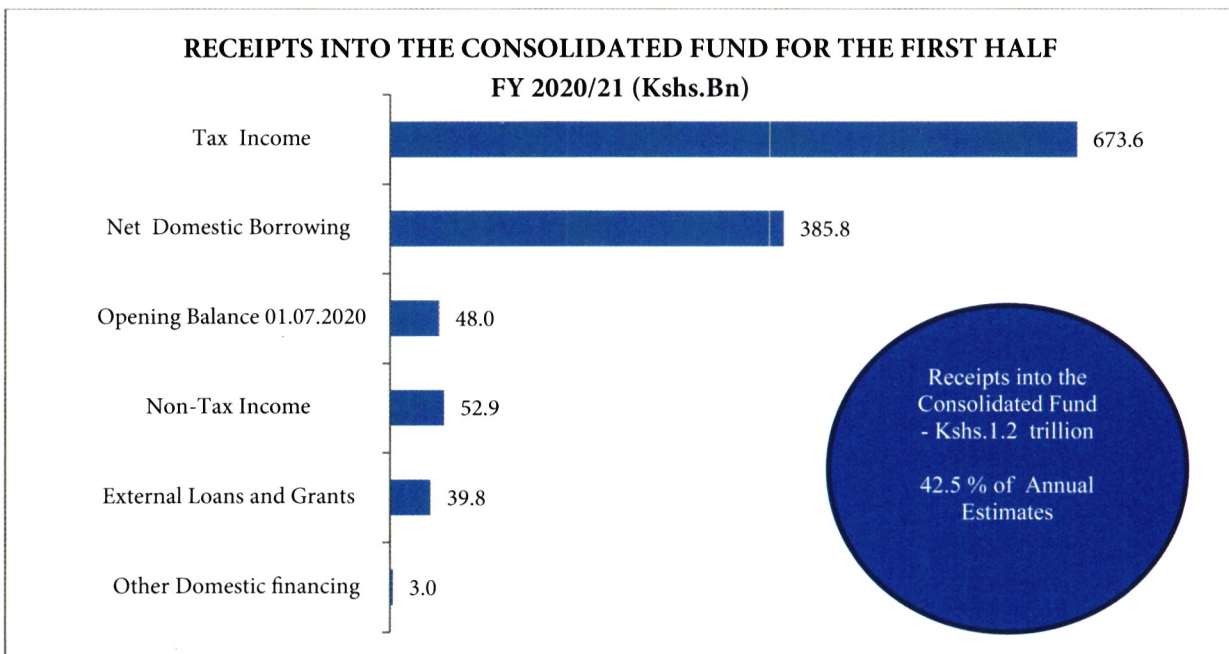

The total expenditure by the national government amounted to **Kshs.1.18 trillion**; representing 35.6 per cent of the gross estimates compared to 44.8 per cent recorded in the first half of the FY 2019/20. This comprised of development, recurrent expenditure and CFS expenditure of **Kshs.230.89 billion** (absorption rate of 36.5 per cent) and **Kshs.550.17 billion** (absorption rate of 43.9 per cent) and **Kshs. 394.45 billion** (absorption rate of 38.4 per cent) respectively. Gross development expenditure was higher than exchequer issues due to utilization of Appropriations-in-Aid realised in funding the expenditure.

Further review of the recurrent expenditure shows that a total of Kshs.248.86 billion was spent on compensation to employees representing 45.2 per cent of the gross recurrent expenditure by MDAs. The Teachers Service Commission (TSC) recorded the highest expenditure on compensation to employees at Kshs.135.54 billion, translating to 54.5 per cent of total expenditure on compensation to employees by the national government. This is attributed to the fact that the bulk of the TSC's budget is for teachers' salaries. Further, some budget items recorded low levels of expenditure, which was attributed to the impact of Corona Virus Diseases (COVID -19) mitigation measures adopted by government to curb spread of the disease. They included; Travelling, Training and Hospitality activities which are some of the major spending budget items by most MDAs.

The Office of the Controller of Budget identified key challenges that hindered effective budget implementation in the first six months of the FY 2020/21. These included; delay in release of exchequer issues to MDAs and counties, thereby delaying execution of planned activities. Others included ; the economic, social and health effects occasioned by the COVID-19 pandemic in budget implementation and a high level of public debt which undermines fiscal sustainability.

The report contains recommendations aimed at addressing the challenges. They include; need for the National Treasury to release funds to MDAs based on their work-plans and cash flow projections and in accordance with Section 17(6) of the PFM Act 2012, which stipulates that the National Treasury shall at the beginning of every quarter and in any event not later than the fifteenth day from the commencement of the quarter disburse monies to the county governments. To check on the burden of public debt and other related fiscal strains, the government should enhance collection of domestic taxes in order to expand fiscal space.

KEY HIGHLIGHTS

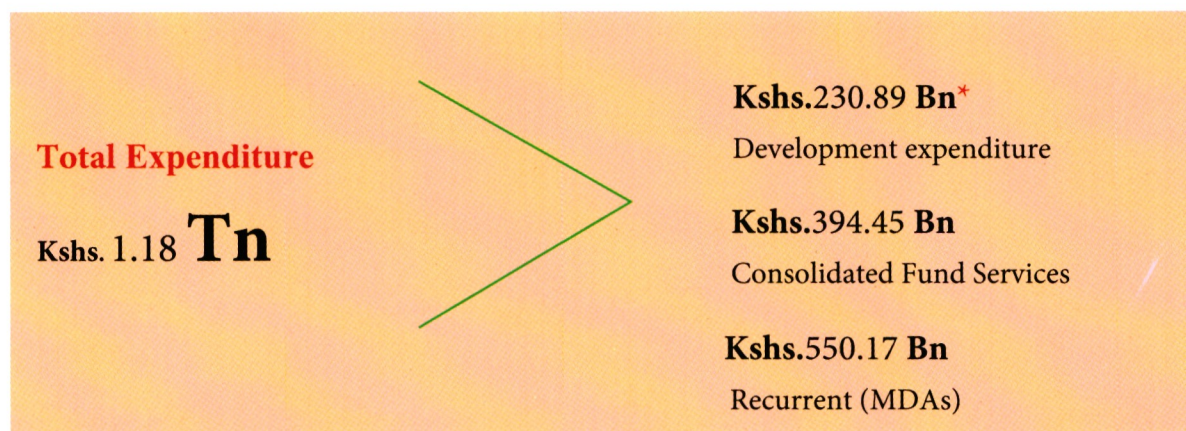

OVERALL NATIONAL GOVERNMENT BUDGET PERFORMANCE IN THE FIRST HALF OF FY 2020/21

Exchequer Issues

**Includes equitable share arrears brought forward from FY 2019/20*

National Government Expenditure

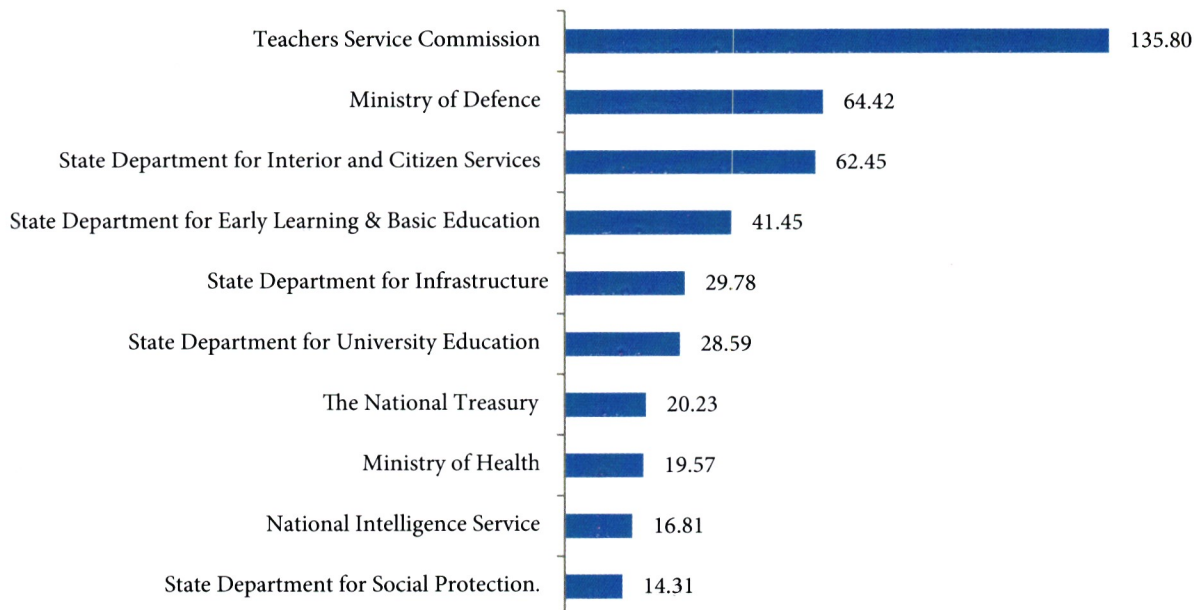

** Expenditure is significantly higher than the total development exchequers issued due to Appropriations-in-Aid (A-I-A) generated by the MDAs and donor funding. This also due to outstanding and unpaid commitments in the system.*

1 INTRODUCTION

The office of the Controller of Budget is established under Article 228 of the Constitution of Kenya and mandated to oversee the implementation of the budgets of the National and County Governments by authorizing withdrawals from public funds under Articles 204, 206 and 207 of the Constitution and to report on the implementation of the budgets to each House of Parliament every four months. This report fulfils the requirement of Article 228(6), of the Constitution of Kenya, Section 9 of the Controller of Budget Act, 2016 by presenting information on the budget implementation by national government in the first half of the FY 2020/21.

The report presents budget implementation status and programme performance as executed by MDAs in the first half of the FY 2020/21. The report is organised into eight chapters. Chapter one offers an introduction which provides a summary on the report organisation. Chapter two presents information on budget funding which includes receipts into the Consolidated Fund and disbursement of funds to fund expenditure by MDAs, CFS and the forty-seven counties for both development and recurrent activities.

Chapter three presents the overall budget performance in the first half of the FY 2020/21. It provides a summary of the Consolidated Fund Services which comprises of Public debt, Pensions and gratuities, and Salaries and Allowances to Constitutional Officeholders. It further presents expenditure breakdown of major budget items for the MDAs for both development and recurrent budgets.

In chapter four, it present further analysis of budget implementation by MDAs. Analysis of performance for both development and recurrent expenditure is presented and is aggregated by Sectors. This provides detailed analysis of the exchequer issues to net estimates and actual expenditure to gross estimates (absorption rate), for MDAs which are classified into ten (10) Sectors according to the Classification of Functions of the Government. The Sectors are; (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT), (iv) Environmental Protection, Water and Natural Resources (EWNRR), (v) General Economic and Commercial Affairs (GECA), (vi) Governance, Justice, Law and Order (GJLO), (vii) Health, (viii) National Security, (ix) Public Administration and International Relations (PAIR), (x) Social Protection, Culture and Recreation Sector.

Chapter five provides budget performance by programmes for each MDA and further breaks down sub-programmes with the highest and lowest expenditure in the period under review. Chapter six highlights the key issues that affected budget implementation in the first half of FY 2020/21 and provides recommendations aimed at improving budget implementation. Chapter seven presents emerging issues which COB has encountered in the course of executing the constitutional mandate while chapter eight provides a conclusion.

The chapters are supported by annexes. A PDF version of the report is available on the COB website, <https://cob.go.ke>.

2 ANALYSIS OF RECEIPTS AND EXCHEQUER ISSUES

2.1 Introduction

This chapter provides a summary of receipts into the Consolidated Fund and analysis of exchequer issues in the first half of the FY 2020/21. Exchequer issues comprise of disbursements by the National Treasury towards development expenditure, recurrent expenditure and transfers to the forty-seven counties.

2.2 Analysis of Revenue Estimates and Receipts into the Consolidated Fund

This section presents a summary of the revenue estimates and receipts into the Consolidated Fund in the first half of the FY 2020/21. The Consolidated Fund is established under Article 206(1) of the Constitution of Kenya and is the account into which all money raised or received by or on behalf of the national government is deposited. It excludes money that is reasonably excluded from the Fund by an Act of Parliament and payable into another public fund established for a specific purpose or may under an Act of Parliament, be retained by the State organ that received it for the purpose of defraying the expenses of the State organ. The Section also provides the trend of receipts into the Consolidated Fund over similar periods in the last five financial years.

2.2.1 FY 2020/21 Revenue Estimates

Revenue estimates for FY 2020/21 amounted to Kshs.2.83 trillion, an increase compared to Kshs.2.7 trillion budgeted in the FY 2019/20. To finance the budget, the government through the National Treasury budgeted to raise revenue from various sources which include: Tax revenue (Kshs.1.57 trillion), Non-tax revenue (Kshs.66.13 billion), Domestic borrowing (Kshs.786.65 billion), External loans and grants (Kshs.373.2 billion) and other Domestic financing at Kshs.36.82 billion.

2.2.2 Receipts into the Consolidated Fund

In the first half of the FY 2020/21 total receipts into the Consolidated Fund was Kshs.1.20 trillion representing 42.5 per cent of the annual target, a decline compared to Kshs.1.25 trillion (47 percent of the annual target) recorded in a similar period FY 2019/20. The receipts comprised the of opening balance from the previous financial year (FY 2019/20), Tax and non-tax revenue, Domestic borrowing, External Loans and Grants and other Domestic financing.

Table 2.1 presents the statement of receipts into the Consolidated Fund in the first half of the FY 2020/21.

Trend analysis shows decline in receipts in the first half of the FY 2020/21 compared to a similar period of FY 2019/20. This is attributed to the adverse effect of the COVID-19 pandemic, which affected the business environment, thereby affecting tax revenue.

2.3 FY 2020/21 Overall Budget

The approved budget for the FY 2020/21 was to Kshs.3.29 trillion comprising of Kshs.2.28 trillion for recurrent expenditure, Kshs.633.31 billion for development expenditure and Kshs.369.87 billion towards financing county governments

2.4 Exchequer Issues to MDAs and County Governments

In the first half of the FY 2020/21, total exchequer issues to the MDAs and County governments amounted to Kshs.1.18 trillion representing 42.7 per cent of net estimates, a decrease compared to 44.2 per cent issued in a similar period of the FY 2019/20.

Table 2.2 presents a summary of the exchequer issues for the first half of the FY 2020/21 against the net estimates.

*Net Estimates based on the Appropriation Act, 2020

Further Analysis from table 2.2 shows that CFS received the highest percentage of exchequer issues to net estimates at 44.5 per cent while the county governments received the lowest at 33.5 per cent.

Figure 2.3 illustrates the proportion of issues by category. The highest proportion went to recurrent expenditure at 77.7 per cent while County governments received 10.5 per cent. The low proportion of exchequer issues to County government is attributed to delay in the enactment of the County Allocation of Revenue Act, 2020 (CARA), which was gazetted on 12th October, 2020.

2.5 Exchequer Issues to MDAs by Sector.

MDAs are classified into ten Sectors according to the Classification of Functions of Government (COFOG), which is designed to support fiscal analysis by breaking down government fiscal statistics for the purpose of comparability across governments.

The ten sectors are (i) Agriculture, Rural and Urban Development (ii) Education (iii) Energy, Infrastructure and Information Communications Technology (iv) Environmental Protection, Water and Natural Resources (v) General Economic and Commercial Affairs (vi) Governance, Justice, Law and Order (vii) Health (viii) National Security (ix) Public Administration and International Relations and (x) Social Protection, Culture and Recreation.

Table 2.3 shows the summary of exchequer issues by sector in the first half of FY 2020/21.

In the period under review, exchequer issues to MDAs amounted to Kshs.599.09 billion representing 41.1 percent of the net estimates. This was a slight increase from 40.4 per cent recorded in the first half of the FY 2019/20. The EI & ICT sector received the highest proportion of exchequer issues to net estimates at 48.1 per cent due to a capital grant transfer to the Postal Corporation of Kenya under the State Department for Broadcasting & Telecommunications. The SPCR sector received the lowest exchequer issues at 25.6 per cent.

2.5.1 Development Exchequer Issues by Sector

In the first half of the FY 2020/21, the gross allocation to development expenditure was Kshs.633.31 billion representing 19 per cent of the national gross budget, a decrease compared to Kshs.762.9 billion allocated in the FY 2019/20.

2.5.3 Exchequer Issues to Consolidated Fund Services (CFS)

The Consolidated Fund Services (CFS) comprise funds allocated towards (i) Repayment of Public Debt (domestic and foreign), and government-guaranteed loans to parastatals, (ii) Pensions and gratuities, (iii) Salaries and Allowances to Constitutional Office holders and Miscellaneous Services, and (iv) Subscriptions to International Organizations.

The allocation to CFS in FY 2020/21 amounted to Kshs.1.03 trillion an increase from the Kshs.805.78 billion allocated in the FY 2019/20.

Table 2.8 shows exchequer issues to CFS in the first three months of FY 2020/21.

In the first six months of FY 2020/21, the total exchequer issues to CFS amounted to Kshs.457.66 billion, representing 44.5 per cent of the annual net estimates, a decrease from 57.3 per cent reported in a similar period of FY 2019/20. Public Debt received the highest proportion of exchequer issues to annual net estimates at 45.7 per cent while Subscriptions to International Organizations did not receive any funding during the period.

3 OVERALL BUDGET PERFORMANCE

3.1 Introduction

This chapter presents expenditure analysis for the first six months of FY 2020/21 for both development and recurrent expenditure by National Government Ministries, Departments and Agencies (MDAs). The Consolidated Fund Services (CFS) is discussed under recurrent expenditure and provides information on Public debt; Pensions and Gratuities as well as Salaries and allowances to Constitutional office-holders and Miscellaneous services. The chapter also presents expenditure by major budget items for both development and recurrent votes.

3.2 Overall Government Budget Performance

In FY 2020/21, the aggregate budget was Kshs.3.29 trillion, as presented in table 3.1. It consists of budget estimates for the MDAs and the allocation to County governments.

*The County Allocation of Revenue Act, 2020 allocated a total of Kshs.369.87 billion to the County Governments. This comprised Kshs.316.5 billion as equitable share, Kshs.23.16 billion and Kshs.30.20 billion as Conditional Grants funded by National Government and Development Partners respectively.

** The difference between the exchequer issues of Kshs.123.96 billion And expenditure of Kshs.134.90 billion was financed by revenue from own sources and balances brought forward from FY 2019/20.

^^ Absorption rate for county governments (27.8 per cent) is calculated as a percentage of the Counties' total budget estimates of Kshs 485.47 billion, which is financed from CARA, 2020 allocation, own-source revenue and balance brought forward from FY 2019/20.

The total funding by the National Government through exchequer issues in the first six months of the FY 2020/21 amounted to Kshs.1.18 trillion representing 42.2 per cent of the annual net estimates, a decrease compared to 44.2 per cent achieved in a similar period of FY 2019/20. The exchequer issues comprised of Kshs.139.35 billion (35.9 per cent) for development expenditure, Kshs.917.4 billion for recurrent expenditure (43.8 per cent) and Kshs.123.96 billion to the counties (39.2 per cent). Overall expenditure for both the National and County Governments was Kshs.1.31 trillion recording an absorption rate of 39.9 per cent, a decline from 43.9 per cent achieved in a similar period of the FY 2019/20.

Figure 3.1 and 3.2 shows a comparison of annual budget allocations and expenditure by sector in the first six months of FY 2020/21.

3.3 Consolidated Fund Services (CFS)

The allocation to CFS in the FY 2020/21 was Kshs.1.03 trillion representing 31 per cent of the gross national budget. This was an increase from Kshs.870.48 billion allocated in the FY 2019/20.

Table 3.2 presents a summary of CFS exchequer issues and expenditure performance in the first half of the FY 2020/21.

Total CFS expenditure in the period under review amounted to Kshs.394.45 billion representing 38.4 per cent of the CFS annual estimates, a decline compared to Kshs.443.01 billion (55 per cent of revised budget estimates) recorded in a similar period of the FY 2019/20. This is attributed to the decline in domestic debt redemption and interest payments, which could be due to the changing dynamics in the overall debt and maturity structure.

3.3.1 Public Debt

As at 31st December 2020, total public debt stock stood at Kshs.7.28 trillion representing 20.5 per cent growth from Kshs.6.04 trillion as at 31st December 2019. The overall increase is attributed to new external loan disbursements and uptake of additional domestic debt during the period. Figure 3.3 shows public debt position as at 31st December 2020.

Figure 3.3: Trend in Public Debt for the period December 2017 to December 2020 (Kshs.Trillions)

Allocation towards servicing of public debt in the FY 2020/21 amounted to Kshs.904.7 billion, representing 88 per cent of the CFS budgetary allocation. This amount represented an increase of 30 per cent from Kshs.696.55 billion allocated in the FY 2019/20 and comprised of Kshs.441.60 billion for loan redemptions, and Kshs.463.11 billion for interest payment respectively. Redemptions comprised of Kshs.179.64 billion and Kshs.261.96 billion for external and domestic debts respectively, while interest payments comprised of Kshs.154.68 billion and Kshs.308.42 billion for external and domestic debt respectively.

Total expenditure on public debt during the reporting period amounted to Kshs.350.31 billion; representing 38.7 per cent of the annual estimates recording a decline from Kshs.397.59 billion (57.1 per cent) recorded in a similar period of the FY 2019/20. The decline is attributed to decrease in domestic debt redemptions and interest payments which could be due to the changing dynamics in the overall debt and maturity structure as well as rescheduling of Chinese debt repayment. The expenditure comprised of Kshs.141.78 billion (Kshs.80.71 billion and Kshs.61.04 billion) and Kshs.208.53 billion (Kshs.85.23 billion and Kshs.123.34 billion) towards principal and interest payment for both external debt and domestic debt respectively.

3.3.2 Salaries and Allowances and Miscellaneous Services

Allocation for payment of salaries and allowances for Constitutional Office holders in the FY 2020/21 amounted to Kshs.4.17 billion, a decline of Kshs.476 million compared to Kshs.4.64 billion allocated in the FY 2019/20. Total expenditure towards this vote was Kshs.1.30 billion representing 31.2 per cent of the annual estimates, a decline compared to Kshs.1.69 billion (35.4 per cent) recorded in a similar period of the FY 2019/20.

Figure 3.4 shows the trend in budgetary allocations and expenditure for Salaries, allowances and miscellaneous services in the first half of the year from December 2017 to December 2020.

The reduction in both budget provisions and expenditure compared to FY 2019/20 was due to delay in the appointment of the Auditor General following end of term of the first holder of the office and the Office of the former presidents following death of the second president of Kenya in early 2020.

3.3.3 Pensions and Gratuities

The annual estimates for pensions and gratuities for the FY 2020/21 amounted to Kshs.119.92 billion, an increase of 37 per cent compared to the Kshs.86.99 billion allocated in the FY 2019/20. Exchequer issues towards payment of pensions and gratuities in the first half of the FY 2020/21 amounted to Kshs.42.85 billion, representing 36 per cent of the gross estimate, a slight decline from Kshs.43.75 billion (41.9 per cent) recorded in a similar period of FY 2019/20.

Figure 3.5 shows the trend in annual budgetary allocation and expenditure for pensions and gratuities for the first half of the year between December 2017 and December 2020.

Analysis of MDAs development expenditure by budget items in the first half of the FY 2020/21 shows that, the highest expenditure by category was on capital transfers to SAGAs at Kshs.130.12 billion, representing 56.2 per cent of the gross development expenditure. The second highest spending category was Construction and Civil Works at Kshs.22.3 billion representing 9.7 per cent of the development expenditure. Other categories with significant expenditure include Construction on Non-residential building at Kshs.14.54 billion and Refurbishment of building/infrastructure at Kshs.4.17 billion represent 6.3 per cent and 1.8 per cent respectively.

Further analysis shows that the State Department for Infrastructure had the highest capital transfers to SAGAs at Kshs.19 billion representing 14.6 per cent of the total capital transfers followed by the State Department for Planning at Kshs.18.21 billion which represented 14 per cent. State Department for Transport incurred the highest expenditure on Construction and Civil Works at Kshs.22.1 billion, representing 98.9 per cent of the expenditure under this category. The Executive Office of the President reported the highest spending on refurbishment of buildings/infrastructure at Kshs.2.5 billion which was equivalent to 60.3 per cent of the total expenditure under this category.

Note:

- (1) Expenditure reports from IFMIS and those from MDAs indicated that some MDAs generated and spent Appropriations-in-Aid (AIA) in carrying out their activities
- (2) Expenditure on PE does not include Payments to the Military under the Ministry of Defence and are they are accounted under current transfer and other expenses respectively.

The MDAs' recurrent expenditure is disaggregated into Compensation to Employees, Operations and Maintenance and Current Transfers to SAGAs as discussed below.

Compensation to Employees

Compensation to Employees includes Basic salaries for permanent employees, wages for temporary employees and personal allowances paid as part of salary among other payments to staff. The total expenditure under compensation to employees in the period under review was Kshs.248.86 billion (doesn't include payment to Kenya Defence Forces (KDF), under the Ministry of Defence) representing 45.2 per cent of the MDAs' recurrent expenditure. TSC recorded the highest expenditure at Kshs.135.54 billion representing 54.5 per cent of the total expenditure on compensation to employees.

Operation and Maintenance

This category includes among others domestic and foreign travel, printing and advertising, rent and rates for non-residential buildings, training, hospitality, legal fees, and maintenance expenses include refined vehicles and other. Some of the items aggregated under other expenses include refined fuel and lubricants for transport, contracted professional services, motor vehicle insurance, and medical insurance for the staff.

In the period under review, travelling expenditure was Kshs.5.89 billion, recording a significant decline compared to Kshs.9 billion recorded in a similar period FY 2019/20. This comprised of domestic travel of Kshs.4.89 billion and Kshs.1 billion on foreign travel. The decline is attributed to interruption of local and foreign travelling due to mitigation measures introduced by Government to curb spread of the COVID-19 pandemic.. Rent and rates on residential buildings recorded Kshs.3.09 billion, while hospitality was Kshs.1.9 billion.

Expenditure aggregated under "other expenses" was Kshs.143.62 billion. The highest spending by MDAs under this category was Kshs.63.9 billion by the Ministry of Defence being payments to KDF.

Transfers to Semi-Autonomous Government Agencies

Transfers by the MDAs to SAGAs are meant to complement activities and mandates executed on behalf of parent ministries. In the period under review, current transfers to SAGAs amounted to Kshs.144.2 billion, representing 26.2 per cent of the total MDAs recurrent expenditure. The highest transfer was reported by State Department for Infrastructure at Kshs.29.18 billion representing 20.2 per cent followed by State Department for University Education at Kshs.28.47 billion representing 19.7 per cent of the total amount spent under this category.

Figure 3.7 shows the composition of MDAs recurrent expenditure for the first half of FY 2020/21.

4 DEVELOPMENT AND RECURRENT EXPENDITURE ANALYSIS BY SECTOR

4.1 Introduction

This chapter presents an analysis of performance by sector for both development and recurrent expenditure in the first half of the FY 2020/21. Sector performance is presented in an alphabetical order as follows; (i) Agriculture, Rural and Urban Development (ARUD) (ii) Education (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT) (iv) Environmental Protection, Water and Natural Resources (EWNR) (v) General Economic and Commercial Affairs (GECA) (vi) Governance, Justice, Law and Order (GJLO) (vii) Health (viii) National Security (ix) Public Administration and International Relations (PAIR) (x) Social Protection, Culture and Recreation (SPCR) Sector.

4.2 Agriculture, Rural and Urban Development (ARUD) Sector

The sector consists of seven MDAs namely: Ministry of Lands and Physical Planning (MoLPP), State Department for Crop Development and Agricultural Research, State Department for Livestock, State Department for Fisheries, Aquaculture and the Blue Economy and the National Land Commission (NLC), together with affiliated Semi-Autonomous Government Agencies and Training Institutions.

The overall goal of the sector is to attain national food security and sustainable management of land and the Blue Economy. Kenya's economic blueprint, the Kenya Vision 2030 and the Government Agenda on the 'Big Four' initiatives recognize the ARUD sector as a key player in the economic and social development of the country through food production; employment and wealth creation; foreign exchange earnings; security of land tenure and land management.

To deliver on the Food and Nutrition Security Agenda under the 'Big Four', key drivers and enablers were identified through ARUD sector with a budgetary allocation of Kshs.38.6 billion. They include the Kenya Smart Climate Agriculture Project (Kshs.10.6 billion), National Agricultural and Rural Inclusivity Project (Kshs.5.5 billion), Kenya Cereal Enhancement Programme (Kshs.4.1 billion), Food Security and Crop Diversification Project (Kshs.0.7 billion), Irrigation and land reclamation (Kshs.10.billion), Enhancing aquaculture business (Kshs.1.8 billion), Small scale irrigation and value addition support (Kshs.1.4 billion), Enhancing resilience of pastoralist communities (Kshs.1.3 billion), Enhancing drought resilience and sustainable livelihood (Kshs.1.1 billion), Support processing of title deeds (Kshs.1.6 billion) and Agricultural loans through Agriculture Finance Corporation (Kshs.0.5 billion).

The budgetary allocation to the sector in FY 2020/21 amounted to Kshs.61.61 billion representing 2 per cent of the gross national budget, a decrease from the Kshs.72.4 billion allocated in FY 2019/20. The reduction alluded to the transfer of the State Department for Irrigation to Environmental Protection, Water and Natural Resources sector through Executive Order no.6 of 2019 dated 22nd August 2019. The allocation comprised of Kshs.42.14 billion (68 per cent) for development activities and Kshs.19.47 billion (32 per cent) for recurrent expenditure. The State Department for Crop Development and Agricultural Research received the highest budgetary allocation of Kshs.41.81 billion (68 per cent of the sector's allocation), while NLC had the lowest budgetary allocation of Kshs.1.23 billion (2 per cent of the sector's allocation).

The high allocation to the State Department for Crop Development and Agricultural Research is due to its' key role in the agricultural policy and research management, national food policy, strategic food reserve, crops development, phytosanitary services and international standards compliance, agricultural farmers training, agricultural land resources inventory and management, among others.

Figure 4.1 shows the budgetary allocation trend for the ARUD sector for the period FY 2016/17 to FY 2020/21.

In the first half of the FY 2020/21, the total exchequer issues to the ARUD sector amounted to Kshs.24.50 billion representing 45.8 per cent of the sector's net estimates. This comprised of Kshs.9.37 billion for development expenditure, representing 25.5 per cent of development net estimates and Kshs.15.13 billion for recurrent expenditure representing 90.2 per cent of recurrent net estimates.

Table 4.1 shows ARUD sector analysis of exchequer issues and expenditure in the first half of the FY 2020/21.

The total expenditure for the ARUD sector in the first half of the FY 2020/21 amounted to Kshs.27.76 billion representing 45.1 per cent of the gross estimates, an increase compared to 27.7 per cent recorded in a similar period of the FY 2019/20. This comprised of Kshs.11.7 billion for development budget representing absorption of 27.8 per cent and Kshs.16.06 billion for recurrent expenditure representing 82.5 per cent of the recurrent gross estimates, an increase compared from 20.9 per cent recorded in a similar period in FY 2019/20.

The State Department for Livestock recorded the highest absorption on development budget at 34.9 per cent while the State Department for Fisheries, Aquaculture and the Blue Economy recorded the lowest at recorded the lowest at 25.9 per cent. The State Department for Fisheries, Aquaculture and the Blue Economy recorded the highest recurrent expenditure to gross estimates at 45.5 per cent while the National Land Commission recorded the lowest at 30.3 per cent.

4.3 Education Sector

The Education Sector comprises of five MDAs namely State Department for Early Learning and Basic Education, State Department for University Education, State Department for Vocational and Technical Training, State Department for Post-Training and Skills Development and the Teachers Service Commission (TSC), together with their affiliated Agencies and Institutions.

The Education sector is mandated to provide quality education, training, science, technology, research and skills development. The sectors' overall goal is to increase access to education and training, improve quality and relevance of education, reduce inequality as well as leverage on knowledge and skills in science, technology, and innovation for global competitiveness. It also envisions contributing to the achievement of the "Big Four Agenda" by providing the requisite skilled human resources and promoting research and development.

The budgetary allocation to the Sector in the FY 2020/21 amounted to Kshs.505.1 billion representing 15 per cent of the gross national budget, an increase from the Kshs.500.58 billion allocated in the FY 2019/20. The allocation comprised of Kshs.23.93 billion (5 per cent) for development activities and Kshs.481.17 billion (95 per cent) for recurrent expenditure. TSC received the highest budgetary allocation of Kshs.266.09 billion (52.7 per cent of the Sector's allocation), which is attributed to the key role of teacher management. The State Department for Post-Training and Skills Development had the lowest budgetary allocation of Kshs.150.94 million (less than 1 per cent of the sector's allocation) which is attributed to its mandate to provide an institutional framework to devise and implement national, sectoral and workplace strategies to develop and improve the skills of the Kenyan workforce and management of skills and post-training policy.

TSC recorded the highest recurrent expenditure to gross estimates at 51.2 per cent while the State Department for University Education recorded the lowest of 26.5 per cent.

4.4 Energy, Infrastructure and Information Communications Technology (EI & ICT) Sector

This sector consists of eight MDAs namely; State Departments for Infrastructure, Transport, Shipping and Maritime, Housing and Urban Development, Public Works, Youth Affairs, Information Communication and Technology, Broadcasting and Telecommunications, Petroleum and the Ministry of Energy.

The Sector aims at providing efficient, affordable and reliable infrastructure which is critical for the socio-economic transformation underscored in the Third Medium Term Plan (MTP III) 2018-2022 of the Kenya Vision 2030 as well as catalysing the realization of the “Big Four Agenda”.

The key strategic goals of the sector include among others; sustainable transport infrastructure and services, vibrant shipping and maritime industry, affordable and sustainable housing infrastructure, regulated construction industry, universal access to ICT services and sufficient, secure, efficient and affordable energy. To support infrastructural development, the government identified key activities under EI&ICT sector in the FY 2020/21 to enhance economic growth which includes; construction, rehabilitation and maintenance of roads, design of roads and bridges, construction of SGR Phase II (Nairobi to Naivasha), LAPSSSET project and Mombasa Port Development Project.

The annual budgetary allocation to EI&ICT sector in the FY 2020/21 amounted to Kshs.366.43 billion representing 11 per cent of the gross national budget, a decrease from Kshs.470.2 billion allocated in the FY 2019/20. The allocation comprised of Kshs.272.77 billion (74 per cent) for development activities and Kshs.93.66 billion (26 per cent) for recurrent expenditure. State Department for Infrastructure received the

highest budgetary allocation of Kshs.189.52 billion (52 per cent of the sector's allocation), while the State Department for Shipping and Maritime had the lowest budgetary allocation of Kshs.2.52 billion (1 per cent of the sector's allocation).

This comprised of Kshs.114.26 billion for development budget representing absorption rate of 41.9 per cent and Kshs.38.93 billion for recurrent budget representing 41.6 per cent of the gross recurrent estimates, a decrease compared from 44 per cent recorded in a similar period of FY 2019/20.

The State Department for Transport recorded the highest absorption on development budget at 102.5 per cent while the State Department for Shipping and Maritime recorded the lowest at 12.8 per cent. The State Department for Information and Communication Technology recorded the highest recurrent expenditure to gross estimates at 47 per cent while Ministry of Energy recorded the lowest at 14.5 per cent.

4.5 Environmental Protection, Water and Natural Resource Sector

The Environmental Protection, Water and Natural Resources Sector (EPW&NR) consist of four MDAs namely: Ministry for Environment and Forestry, Ministry of Water, Sanitation and Irrigation, State Department for Mining and State Department for Wildlife.

The overall goal of EPW&NR is to ensure sustainable development in a clean, healthy and secure environment. Its specific objectives are to: enhance sustainable management of environment, water, irrigation and natural resources; ensure access to water and natural resources for benefit socio-economic development and enhance capacity building for environment, water and natural resources management. It also aims at increasing utilization of land through irrigation, drainage and land reclamation; enhance research on environment, water and natural resources for sustainable development, protect and reclaim the environment in order to establish a durable and sustainable system of development and resilience to climate change.

The annual budgetary allocation to the EPW&NR in the FY 2020/21 amounted to Kshs.105.22 billion representing 3.2 per cent of the gross national budget, an increase from Kshs.85.3 billion allocated in the FY 2019/20. The increase in the allocation is attributed to transfer of functions for the State Department for Irrigation under ARUD sector to Ministry of Water, Sanitation The allocation comprised of Kshs.77.98 billion (74 per cent) for development activities and Kshs.27.23 billion (26 per cent) for recurrent expenditure. Ministry of Water, Sanitation and Irrigation received the highest budgetary allocation of Kshs.77.21 billion (73.4 per cent of the sector's allocation), while the State Department for Mining had the lowest budgetary allocation of Kshs.0.95 billion (0.9 per cent of the sector's allocation).

6 KEY ISSUES AND RECOMMENDATIONS

6.1 Introduction

This chapter highlights key issues that affected budget implementation in the first half of the FY 2020/21. Further, it provides recommendations aimed at improving implementation to achieve effective budget execution in the financial year.

6.1.1 Delays in Exchequer Issues

In the first half of the FY 2020/21, total exchequer issues to the National and County Governments amounted to Kshs.1.18 trillion, representing 42.7 per cent of the annual net estimates. This was a decrease compared to 44.2 per cent recorded in a similar period of the FY 2019/20. It would be expected that by the end of the first half, the exchequer releases should be at a minimum of 50 per cent of the annual net estimates.

From the analysis of financial reports submitted by MDAs to the COB, the low level of expenditure on programme implementation as well as the pending bills is attributed to delays in exchequer releases by the National Treasury. Delay in the disbursement of exchequers affects the implementation of planned programmes by MDAs and subsequently affects the timely delivery of services.

The COB recommends that the National Treasury releases funds to the MDAs based on their annual work-plans and cash flow projections.

6.1.2 Evidence of Expenditures above Exchequer Issues

Analysis of reports submitted to the OCOB by MDAs in the first half of the FY 2020/21 revealed that, expenditure reported by some MDAs was higher than the exchequer issues for the period. This is due to posting of commitments into the vote book and treating the same as actual expenditure before receiving funding from the exchequer.

The COB recommends proper accounting for of commitments to ensure unfunded expenditure is accounted as commitments but not actual payments. MDAs should provide information to support expenditure which is not yet funded through exchequer issues either as Appropriations-in-Aid or donor funding. This will ensure transparency and accuracy in financial reporting and avoid expenditure over reporting.

6.1.3 Effect of the COVID-19 Pandemic on Budget Implementation

The COVID-19 disease was first reported in the world in December 2019 while the first case was recorded in Kenya on 13th March 2020. This prompted the government to institute stringent measures to curb its spread. While the COVID-19 pandemic is primarily a health crisis it has caused far-reaching ramifications on budget implementation, because some of the responses instituted to control its spread have disrupted millions of livelihoods with a disproportionate impact on poor households.

The disruptions occasioned by actions taken by the government to contain spread of the COVID-19 pandemic affected MDAs' planned activities resulting to low revenue and expenditure. Expenditure items that were mostly affected include; domestic and foreign travel, training and hospitality.

The government should continuously monitor and review the impact of the measures instituted to combat COVID-19 pandemic on the economy. This will provide basis a for developing a framework for action aimed at saving lives, protecting households, businesses, and quick economic recovery.

6.1.4 High Level of Public Debt

The PFM Act, 2012 allows the government to borrow funds internally and externally to meet budget deficits. While borrowing, the government should ensure that its financing needs and payment obligations are at the lowest market cost and with prudent risk.

As at December 30, 2020, the public debt stock stood at Kshs.7.28 trillion having increased by 20.5 per cent from December 30, 2019 when public debt stock stood at Kshs. 6.05 trillion. Actual expenditure on public

debt amounted to Kshs.350.31 billion in the reporting period, representing 38.7 per cent of the gross estimates and 48.2 per cent of the ordinary revenue in the first six months of FY 2020/21. This expenditure exceeded that on development programmes, which stood at Kshs.230.89 billion during the period.

Increased public borrowing may result in undesirable fiscal consequences such as high interest rates, inflation, and overburdening of future generations. To overcome this, COB recommends that, the National Treasury should take appropriate measures to ensure public debt remains at sustainable levels while boost revenues by expanding domestic tax sources to meet government obligations.

7 EMERGING ISSUES

7.1 Exchequer Requisitions under Article 223 of the Constitution

Article 223 of the Constitution of Kenya provides for the conditions under which the national government may access supplementary appropriation and includes such circumstances such as when the appropriated amount is insufficient or a need has arisen for expenditures for a purpose for which no amount has been appropriated and or money has been withdrawn from the Contingency Fund. The law requires all spending entities to seek the approval of Parliament for expenditures under Article 223 within two months after the first withdrawal of the money.

From 1st July to December 2020, the cumulative requests from the MDAs to the National Treasury for additional funding under Article 223 amounted to Kshs.133.52 billion. This translates to 7.1 percent of the total MDAs approved budget of Kshs.1.89 trillion for the FY 2020/21. As shown in Figure 7.1, Energy, Infrastructure and ICT sector (EI&ICT) requested for the highest amount of funds under Article 223 of the Constitution amounting to Kshs.69.25 billion. This comprised of Kshs.22.0 billion to implement flagship projects and Kshs.6. billion to implement phase II of the Kaazi Mtaani Programme, among others.

Figure 7.1 shows that the total requests for supplementary funding by the MDAs in the first half of the financial year, 2020/21.

It was noted that some MDAs made requests for additional funding in the second and third months after the approval of the budget by Parliament.

As shown in Table 7.1 the cumulative approvals to cater for supplementary expenditures to MDAs by the Office of the Controller of Budget amounted to Kshs 22.19 billion (15.74 percent of the total requests).

From the table 7.1 the State Department for Transport received the highest amount of additional funding to cater for the development of Nairobi Commuter Rail, Kisumu Meter Gauge Railway and to provide funds for the Kenya Airways rescue package.

Reliance on Article 223 by some MDAs to fund development and recurrent activities has undermined the credibility and reliability of the approved budgets. To safeguard the credibility of the approved budgets, the national government should ensure that budget allocation for long-term projects and programs follows the laid down budget-making procedures. This will ensure that principles of public finance such as public

participation are adhered to during the selection and implementation of long-term capital projects. Budget credibility is further undermined when requests for supplementary funding are received at the beginning of the financial year just after the approval of the budget in Parliament.

Budget credibility is further undermined when supplementary funds are used by the MDAs to fund projects which have not been subjected to public participation as required by Section 35(2) of the PFM Act, 2012. To ensure the credibility of the approved budgets, the Controller of Budget recommends that all MDAs should strive to ensure all budgeted projects and programs are captured in the budget estimates and submitted to Parliament for approval. Once approved, MDAs should strive to implement the approved projects and programs with the allocated funds and within specified time periods.

8 CONCLUSION

The Office of the Controller of Budget prepared this first half National Government Budget Implementation Review Report covering the period July to December 2020 in fulfilment of Article 228 of the Constitution of Kenya and Section 9 of the Controller of Budget Act, 2016. The report sought to provide information on budget implementation in the first six months of the FY 2020/21, identified key issues that hampered effective budget execution and raised the emerging issues.

In the first half of the FY 2020/21, budget implementation recorded slow performance compared to a similar period of the FY 2019/20. Receipts into the Consolidated Fund were Kshs.1.20 trillion which was 42.5 per cent of the annual target recording a decline compared to Kshs.1.25 trillion received in a similar period of the FY 2019/20 (47 per cent of the annual target). The decline could be attributable to low economic activities largely occasioned by the measures introduced by the government in mitigating the spread of COVID-19 pandemic. The effects on economic activities included loss of employment due to closure of businesses mostly in the manufacturing and hospitality industries, a decline in foreign trade volumes, reduction on Value Added Tax from 16 percent from 14 percent, Pay as You Earn and Corporate tax from 30 to 25 per cent, among others. Exchequer issues to MDAs and County governments in the reporting period were Kshs.1.18 trillion representing 42.2 per cent of the net estimates. This comprised of Kshs.139.35 billion for development expenditure, Kshs.917.40 billion for recurrent expenditure and Kshs.123.96 billion towards county governments representing 35.9 per cent, 43.8 per cent and 39.2 per cent respectively.

Total expenditure for the national government was Kshs.1.18 trillion representing an overall budget absorption rate of 35.6 per cent, a decline compared to the 44.8 per cent recorded in a similar period of the FY 2019/20. This comprised of development expenditure of Kshs.230.89 billion, representing an absorption rate of 36.5 per cent and recurrent expenditure of Kshs.944.62 billion, representing 41.2 per cent of the gross recurrent budget, a decline compared to 44.5 per cent recorded in the first half of FY 2019/20. The decline in absorption rate of recurrent budget could be attributable to drop in public debt expenditure and scaling down of operations for the MDAs following COVID -19 pandemic mitigation measures put in place to curb its spread.

In overseeing budget implementation, the Controller of Budget identified key issues which hampered overall budget performance in delivering on the country's development agenda. These include delays in disbursement of the exchequers to MDA's and county governments, high level of public debt and the effects of COVID-19 on the economy. The National Treasury should ensure exchequer issues to MDAs and counties are released as per their annual work-plan and cash flow projections. To overcome the debt burden the, National Treasury should take appropriate measures to enhance domestic revenue mobilization. Finally, the government should monitor and review the measures instituted to address the impact of the COVID-19 pandemic on the economy and take actions aimed at protecting lives and supporting businesses to enhance economic productivity.
