Dear

Petitioners,

**RE: PETITION ON THE SLOW PACE OF CONSTRUCTION OF THE
CHIAKARIGA-MITUNGUU-MERU ROAD (C92)**

I acknowledge with thanks receipt of your Petition on the above subject matter, which is addressed to Kenya National Highways Authority (KeNHA), and copied to the Speaker of the Senate.

The contents of the Petition have been duly noted.

Yours *sincerely,*

**M. A. MOHAMED,
SENIOR DEPUTY CLERK,
FOR: CLERK OF THE SENATE**

CONSTRUCTION OF CHIAKARIGA-MITUNGUU-MERU ROAD (C92)

PETITION ON THE SLOW PACE OF THE CONSTRUCTION OF CHIAKARIGA-MITUNGUU-MERU ROAD (C92)

TO THE DIRECTOR-GENERAL,
KeNHA
P.O BOX 49712-00100
Nairobi.

Dear Sirs/Madam,

We the undersigned refer to the above captioned matter and address you as follows;
That the undersigned are Kenyans of goodwill living within and around the said road, concerned and affected by the said slow pace of the construction of the said road.

That we note with optimism that the said road is currently being upgraded to bitumen standards. We also note, and have observed that the said road has now been going on for about two years with construction stopping occasionally for reasons that are not clear. It is public knowledge the construction stopped at some point with bushes growing in hitherto cleared parts.

We also note that that the completion of the said road, which is only approximately 55.8 KM of main road, is long overdue. Indeed KENHA has previously assured Kenyans that the construction was on course and completion was scheduled for **May, 2016**. To date the completion falls short of this by far.

We also note that while access will be extended to some institutions like Materi Catholic Hospital, Mater Girls' School, and Nkabune Technical College, we are concerned that major facilities along this road, Cottolengo Mission Hospital and Gaitu police station (Kaguma) may have been left out in this plan.

That H.E. the President launched the construction of the road on 27th February, 2015 and was reliably expected that the road construction would be done expeditiously and completed on time, that is May the following year. The media reports attest to this fact.

It is clearly evident that the construction of the road has been going on at unusually slow pace since inception causing anxiety to the many stakeholders, the undersigned inclusive.

While the disruption of normal usage of the road occasioned by the construction is understandable in the circumstances, the sluggish pace is worrying and suspicious. Further, the slow pace is causing further and unnecessary disruption of normal usage. We also submit that the diversions provided be properly maintained for ease of use as the construction continues.

This petition is purposed to urge that the construction of the said road be expedited without further delay.

We aver that this petition is our humble expression of our dissatisfaction of the slow pace of the construction of the road (C92) and an appeal to the concerned authorities to fast-track the construction of the referred road.

That this petition has been made in utmost good faith believing that necessary action shall be taken in the shortest time possible.

We attach an annexure of signatures against our names and identity numbers as testimony of our dissatisfaction, and legitimate complaint on the slow pace of the construction of the said road.
