GENERAL INFORMATION

INTRODUCTION

The Kenya Industrial Property Institute is a body corporate established under the Industrial Property Act 2001. The Act came into effect on 2nd May, 2002, but the Board was inaugurated in 2004 when the Institute was operating as Kenya Industrial Property Office in the Ministry of Trade and Industry. It is also worth noting that KIPI got authority to open an account in July, 2005.

MANDATE

The principal activity of the Kenya Industrial Property Institute is to examine applications and grant Industrial Property rights for patents, trademarks and industrial designs both local and international.

MANAGING DIRECTOR/SECRETARY TO THE BOARD

CORPORATE GOVERNANCE STATEMENT

Corporate governance is the system of clearly defined authorities and responsibilities, which results in the establishment, operation, and maintenance of the system of internal control that is regularly tested to ensure effectiveness. The system enables the Board to ensure that the Institute runs smoothly. The Board has now formulated and developed financial procedures for the Institute.

At Kenya Industrial Property Institute we place a great deal of importance on robust corporate governance practices and are committed to applying the highest standards of business integrity and professionalism in all our activities. It has also introduced individual targets and performance indicators.

The Board of the Institute has formulated and applies sound internal corporate governance guidelines, which address the responsibilities of the Board, management and the staff.

The Board has set up three key Board committees to help in the implementation of its policy guidelines and strategic plan. These include;

- (i) Human Resource and Administration Committee
- (ii) Audit Committee
- (iii) Finance and General Purposes Committee

These Committees meet when there is need and are chaired by selected chairmen who are Board members.

The Committees report their findings to the Board for further deliberations.

The Board meets regularly and has a formal schedule of matters reserved to it. All Board members have access to the Board secretary.

CHAIRMAN OF THE BOARD

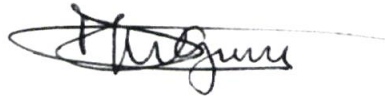

STATEMENT OF THE DIRECTORS RESPONSIBILITIES

The State Corporation Act, the Industrial Property Act 2001 and the Trade Marks Act Cap 506 require the Directors to prepare financial statements for each financial year, which give a true and fair view of the state of affairs of the Institute at the end of the financial year. It also requires the Directors to ensure the Institute keeps proper accounting records, which disclose the reasonable accuracy at any time of the financial position of the Institute. They are also responsible for safeguarding of the assets of the Institute.

The Board members accept responsibility for the annual financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgement and estimates in conformity with International Financial Reporting Standards and in the manner required by the State Corporations Act, Industrial Property Act 2001 and the Trade Marks Act Cap 506. The Board members are of the opinion that the financial statements give a true and fair view of the state of the financial affairs. The Board members further accept responsibility for the maintenance of accounting records, which may be relied upon in the preparation of financial statements as well as adequate systems of internal financial control.

KENYA NATIONAL AUDIT OFFICE

REPORT OF THE AUDITOR-GENERAL ON KENYA INDUSTRIAL PROPERTY INSTITUTE FOR THE YEAR ENDED 30 JUNE 2013

REPORT ON THE FINANCIAL STATEMENTS

I have audited the accompanying financial statements of Kenya Industrial Property Institute set out on pages 8 to 22, which comprise the statement of financial position as at 30 June 2013, and the statement of comprehensive income, statement of changes in accumulated fund and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 14 of the Public Audit Act, 2003. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 13 of the Public Audit Act, 2003.

Auditor-General's Responsibility

My responsibility is to express an opinion on the financial statements based on the audit and report in accordance with the provisions of Section 15 (2) of the Public Audit Act, 2003 and to submit the audit report in compliance with Article 229(7) of the Constitution of Kenya. The audit was conducted in accordance with International Standards on Auditing. Those standards require compliance with ethical requirements and that the audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement.

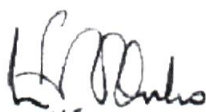

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to

design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Institute's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Institute as at 30 June 2013, and of its financial performance and its cash flows for the year then ended, in accordance with International Financial Reporting Standards and comply with the Industrial Property Act, 2001.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR 1ST JULY, 2012 TO 30TH JUNE, 2013

1. SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in preparation of these financial statements are set out as below.

(a) THE BASIS OF ACCOUNTING

The financial statements are prepared in accordance and comply with the international reporting standards (IFRS). These statements have been prepared under the historical cost convention. These policies have been consistently applied to all years presented unless otherwise stated.

(b) ACCOUNTING FOR GRANTS

Grants are accounted for and charged to the Income Statement on accrual basis. The treatment complies with the matching of income and expenditure concept.

(c) INCOME RECOGNITION

- (i) The total income charged to income and expenditure Statement is recognized on accrual basis and credited to revenue account.
- (ii) Interest earned on investments is recognized as it accrues unless its collectibility is in doubt.

(d) PROPERTY, PLANT AND EQUIPMENT

All property, plant and equipment are initially recorded at historical cost less accumulated depreciation. Depreciation is calculated using the reducing balance method to write off the cost of each asset to its residual value over its estimated useful life.

(e) DEPRECIATION

Depreciation of property, plant and equipment is calculated to write off the cost or the revalued amounts on reducing balance basis using the following annual rates:

Furniture and Equipment	12.5%
Computers	30.0%
Motor Vehicles	25.0%

The excess annual depreciation attributable to revaluation surplus on property, plant and equipment is transferred annually from the revaluation surplus to the revenue reserve.

The assets residual values and lives are reviewed and adjusted if appropriate at each balance sheet date.

(f) CAPITAL FUND

This consists of cumulative figure from the donated assets capitalized at the cost price.

(g) INVENTORIES

The inventories included the stock of consumables and library books which are stated at the lower of cost and net realizable value.

(h) CURRENCY TRANSACTIONS

Assets and liabilities that are denominated in foreign currencies are translated into Kenya Shillings at the rates of exchange ruling on the balance sheet date. Transactions during the year, which are expressed in foreign currencies, are translated at the rates ruling on the dates of the transactions. Gains and losses on exchange are dealt with in the Income Statement.

(i) INTANGIBLE ASSETS

The intangible asset consisted of the SMS software acquired during the year and is to be amortized at the rate of 30% over a period of its useful life.
