5. **Chairman's Statement**

It is my pleasure to present the Hospital's 2024/2025 annual report and Financial Statements. The Board of Management is proud of the achievements realized by the hospital in this period towards a best class patient Specialized care Hospital.

Considering the scale and operations and being the second largest hospital in UASIN GISHU County, I am particularly impressed by the "can do attitude" of staff coupled with their commitment to delivering the best possible service to patients.

Turbo Sub-County Hospital is the public Hospital of choice in Turbo Sub-County, UASIN GISHU County and beyond, offers quality specialized health care to patients from within the sub county and beyond.

These services include; outpatient, inpatient, maternity, dental, physiotherapy, orthopaedic and plaster, radiology services, family planning among others. Building on the gains made in the previous years, reinforced by clear systems and processes as well as enabling environment, the year 2024/2025 reaffirmed our strong sense of purpose in delivering high quality, personalized care with sharp edge of innovations.

Regulatory environment Management and operations of the hospital is guided by the existing legal, policy, and institutional frameworks that govern health sector to ensure efficient and effective delivery of services in the Hospital. The Kenyan Constitution 2010 under the Bill of Rights provides the right to the highest attainable standard of health including reproductive health care and emergency medical treatment.

The evaluation of the annual strategic plan shows that the hospital has exhibited continuous improvement in performance over the years. Further, I am happy to report that the Management not only achieved most of the Performance targets including renovation and modernization of our maternity, operationalization of radiology services, construction of power house and purchasing and installation of modern laundry machine

As we move into a new financial year, I would like to express my gratitude to Turbo Sub-County Hospital staff, specialists, team leaders and the Board members, who take such pride in their work, and who exemplify our hospital's mission and values each day.

Finally, I strongly believe that our strategy and the staff in place will consistently drive our growth in the future as has been the case over the years.

.....
Mr. David Samoei

Chairman to the Board

6. Report of The Medical Superintendent

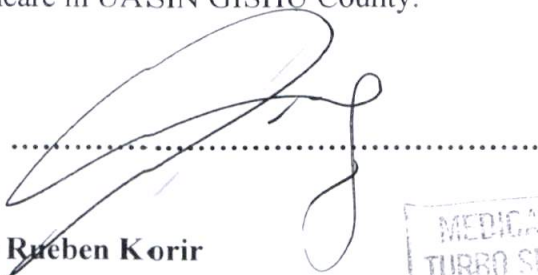

I am pleased to present the Annual Report and Financial Statements of Turbo Sub-County Hospital (TSCH) for the fiscal year 2024/2025. This report provides an overview of the hospital's operational and financial performance, alongside our strategic direction as we look to the future.

In our continuous effort to ensure equitable access to high-quality, patient-centered generalized services, (TSCH) employs general professional staff across all medical disciplines. These professionals work tirelessly to deliver timely, evidence-based, and culturally appropriate care to our patients. During the 2024/2025 fiscal year, (TSCH) provided care to 13735 patients, representing an 18.5% Increase in outpatient visits compared to the previous year's 11588. The hospital also recorded 2.20% increase in inpatient admissions during the same period.

Quality improvement is deeply embedded in all aspects of our hospital's operations. (TSCH) continues to meet or surpass the performance metrics established by both the county and national governments. Our focus on enhancing patient safety and experience is reflected in several key initiatives aimed at reducing hospital-acquired infections, medical errors, falls, and occurrences of venous thrombosis. To support these efforts, we established the Department of Quality Healthcare (QHC), which oversees clinical governance, infection prevention and control, patient safety, and monitoring and evaluation. Additionally, we have developed and implemented protocols, standard operating procedures (SOPs), and guidelines for patient management. Enhancements to our customer care services and process improvements have also been introduced to strengthen patient-caregiver engagement.

We are immensely grateful to all stakeholders who have played a role in our growth and success. A special thank you goes out to Team (TSCH) for their unwavering dedication and professionalism in delivering exceptional services. We also extend our appreciation to our Board of Management, led by David Samoei, for their leadership and to all our development partners for their invaluable support in advancing the hospital's growth strategy.

Together, we will continue to strive for excellence and ensure that (TSCH) remains a pillar of quality healthcare in UASIN GISHU County.

Dr Rueben Korir
Medical Superintendent

7. Statement of Performance Against Predetermined Objectives

The Turbo Sub-County Hospitals performance for FY 2024/2025 was evaluated against four strategic enablers outlined in its current Strategic Plan (FY 2022/23 - FY 2027/28): governance, infrastructure, finances, and human resources.

Governance, Leadership, and Management: Turbo Sub-County Hospital is focused on enhancing its leadership to ensure alignment with its mission and vision. By improving governance and stakeholder relationships, the hospital aims to inspire staff commitment to its strategic objectives.

Infrastructure and Equipment: The hospital continues to modernize its facilities, equipment, and technology to improve patient care. However, the current state of its infrastructure is unsatisfactory, necessitating renovations, expansions, and new construction to meet growing service demands.

Finances for Sustainability: Turbo Sub-County Hospital is working on securing government funding and exploring new funding opportunities. Efforts to mobilize resources are ongoing, with a focus on efficient utilization and accountability of financial resources to ensure sustainability.

Human Resource Development: Developing human capital is critical to achieving the hospital's goals. Turbo Sub-County Hospital is committed to ensuring that its workforce is adequate, skilled, and motivated to enhance service efficiency and effectiveness.

Turbo Sub-County Hospitals develops its annual work plans based on these four enablers, and the Board assesses performance quarterly. For FY 2024-2025, Turbo Sub-County Hospital successfully met its performance targets in all four areas.

Turbo Level 4 Hospital (Uasin Gishu County Government)
Annual Report and Financial Statements for The Year Ended 30th June 2025

| Strategic Pillar | Objective | Key Performance | Activities | Achievements |
|---------------------------------------|--|--|--|---|
| Governance, leadership and management | - Strengthen capacity building for hospital management | - Number of trainings held - Annual performance reviews | - Identify capacity gaps - Conduct training for HMB and HMT | - 4 trainings conducted - Annual assessments completed |
| | - Improve hospital quality assurance | - Quality assurance unit established - Quality program implemented - descriptions program in place | - Establish quality assurance unit - Implement quality program | - Quality assurance unit established - Quality program operational |
| Human resource development | - Strengthen professional development | - Number of CMEs and HOD trainings held - Training programs developed | - Conduct training needs assessment - Develop staff training programs | - 6CMEs held - 4 HOD training sessions conducted |
| | - Improve performance management systems | - Number of units with performance targets - Support supervision reviews | - Set performance targets for units - Conduct regular supervision | - Performance targets set for units - Support supervision strengthened |

Corporate Governance Statement

Turbo Sub-county Hospital acknowledges the significance of establishing a robust corporate governance framework, procedures, and protocols, and is deeply committed to maintaining high standards of transparency, accountability, responsibility, and equity within the Hospital and towards our stakeholders. The Board is tasked with supervising how Management effectively serves the interests of shareholders and other stakeholders concerning environmental, social, and governance aspects, as well as matters pertaining to risk management, regulatory and governmental shifts, and global trends.

The Board of Management

The composition of the Turbo Sub-county Hospital Board of Management adheres to the guidelines outlined in the County Government Act of 2012, consisting of 7 members. The selection of Board members emphasizes diversity in gender, age, ethnicity, and culture. Furthermore, the current Board possesses a wide range of expertise and experience in areas such as medicine, finance, community development, and administration. External specialists and independent professional advisors are consulted as necessary to supplement the Board's capabilities.

Appointment of the Board

The Chairman of the Board, along with 6 additional members, are appointed by H.E. the Governor. The Hospital In-Charge serves as an ex officio member and acts as the secretary to the Board. Each member serves a maximum of two terms, each lasting three (3) years. The names of all members and any changes are officially published in the Kenya Gazette.

Board of Management Composition

The members of the Board of Management who served during the year are as shown below:

Table 2: Board Composition

| Board member | Board position | Appointment date | Retire date |
|---------------------|------------------------|-------------------------|--------------------|
| David Samoei | Chairperson | 1/09/2023 | 1/09/2026 |
| Daniel Cheruiyot | Vice Chairman | 1/09/2023 | 1/09/2026 |
| Reuben Kiptoo | Medical Superintendent | 1/09/2023 | 1/09/2026 |
| Irene Tuwei | Member | 1/09/2023 | 1/09/2026 |
| Emanuel Kemboi | Member | 1/09/2023 | 1/09/2026 |
| Nicholas Yego | Member | 1/09/2023 | 1/09/2026 |
| Eunis Kering | Member | 1/09/2023 | 1/09/2026 |
| Benjamin Segoo | Member | 1/09/2023 | 1/09/2026 |

Role of the Chairman

The Chairman holds the responsibility for providing strategic leadership to the board, playing a pivotal role in fostering conditions for the board's overall effectiveness. These include promoting an open environment for discussion, ensuring all members can freely express their views and contribute effectively. The Chairman also ensures that the board actively participates in shaping the Hospital's strategies and policies. Moreover, they oversee the scheduling of board meetings as needed and ensure that members receive accurate, timely, and adequate information to fulfill their duties effectively.

Role of the Board

The Board of Management, with the support of Board Committees and the Secretary-Medical Superintendent, bears the responsibility for promoting good corporate governance and stewardship of the Hospital. The Board, with its Committees, offers strategic guidance, while the Hospital in charge, aided by the Hospital Management Team, is accountable to the Board for executing the strategy. Board members are expected to demonstrate responsibility, prudence, and skillfulness in carrying out their fiduciary duties on behalf of the Hospital.

The roles and responsibilities of the Board as set out in the Board Charter include:

- (i) Establishing the Hospital's strategic direction and priorities, and adopting business plans proposed by management for the achievement of the strategic objectives
- (ii) Monitoring and evaluating the implementation of strategies, policies, management performance criteria and business plans.
- (iii) Providing oversight in financial reporting to the Government and communication to stakeholders.
- (iv) Ensuring availability of adequate resources for the achievement of the Hospital's objectives.
- (v) Safeguarding Hospital assets by instituting appropriate internal control systems.
- (vi) Reviewing succession planning for the management and making senior executive appointments, organizational changes and remuneration issues.
- (vii) Overseeing business affairs of the Hospital in light of emerging risks and opportunities.
- (viii) Ensuring the Hospital complies with all relevant laws, regulations and codes of best business practices.
- (ix) Approving annual budgets.

Board work plan and meetings

A work plan outlining an annual schedule of meetings for the Board and its committees is prepared in advance. The Chairman, in collaboration with the Hospital in charge, determines the agenda for each Board meeting, which is then circulated to members at least seven days prior to the meeting.

In the year under review, the Board held a total of 4 meetings to consider pertinent issues relating to strategy, business performance and sustainability of the Hospital.

Table 3: Board and committee meeting attendance

| Board Member /Total No of meetings | Board meetings |
|--------------------------------------|----------------|
| | 4 |
| David Samoei-Chairman | 4/4 |
| Daniel Cheruiyot-Vice Chairman | 4/4 |
| Reuben Kiptoo-Medical Superintendent | 4/4 |
| Irene Tuwei-Member | 4/4 |
| Emanuel Kemboi-Member | 4/4 |
| Nicholas Yego-Member | 4/4 |
| Eunis Kering-Member | 4/4 |
| Benjamin Segoi | 4/4 |

Board Committees and Responsibilities

To improve efficiency and effectiveness, the Board established four standing committees with well-defined terms of reference covering key operational areas. These committees operate with delegated authority without diminishing the Board's overall accountability. Committee members are appointed based on their relevant skills and experience.

When required, the Board may establish an ad hoc committee to address specific issues not within the purview of existing committees. The medical superintendent serves as the secretary to all Board committees except the Audit and Risk Committee, for which the Head of Internal Audit fulfills this role.

Board Committees and Roles

Clinical Research & Standards Committee

- (i) Identifying health care service problems in the hospital and ensuring that they are resolved;
- (ii) Review any changes on policy issues on standards, quality assurance and research;
- (iii) Liaise with the Medical Advisory Committee on matters of quality health care delivery; and Undertake comprehensive quarterly evaluation of standards, quality assurance programs in the hospital based on health professional's handbook on quality management in health care in Kenya.

Human Capital, Finance & Administration Committee

- (i) Monitoring the Hospital annual budget and overseeing the Hospital's financial management.
- (ii) Monitoring the Hospital annual procurement plan and overseeing procurement of goods and services.
- (iii) Establishing human resource policies and corporate organizational structure;
- (iv) Appointment, promotion and disciplinary issues of senior staff;

- (v) Establishing remuneration structure for the staff;
- (vi) Developing succession plan for senior staff; and
- (vii) Reviewing performance of the staff pension scheme.

Corporate Strategy Enterprise Committee

- (i) Reviewing the Five-Year Corporate Strategic Plan and oversees the annual implementation of the Hospital's strategy.
- (ii) Advising the Board on strategies to enhance performance of the Hospital;
- (iii) Monitoring major projects under implementation and directing strategies for improving customer service;
- (iv) resource mobilization and forging partnerships/linkages;
- (v) Overseeing realization of the targets set out in the Board's Performance Contract.

Risk and Audit Committee

- (i) Reviewing quarterly, half-yearly and annual financial statements before submission to the Board;
- (ii) Reviewing the performance, objectivity, and independence of external auditors;
- (iii) Consideration of audit findings by the external auditors;
- (iv) Monitoring and reviewing the effectiveness of the Hospital's internal audit function;
- (v) Reviewing the Hospital's internal control and ensuring quality, integrity, effectiveness and reliability of the Hospital's risk management framework; and
- (vi) Ensuring adherence to the code of ethics and integrity in financial transactions of the Hospital.

9. Management Discussion and Analysis

Clinical Performance

Turbo Sub-County Hospital remains dedicated to offering a comprehensive range of specialized healthcare services to the residents of UASIN GISHU County and surrounding areas. These services encompass outpatient general care, accident and emergency services, dental care, orthopedics, mental health services, physiotherapy, minor surgical procedures, and nutrition services, alongside comprehensive care clinics.

Clinical support services include laboratory services, radiology which encompasses, ultrasound, and pharmacy services. Specialties available for consultation include pediatrics, internal medicine, Mother-child services such as antenatal and postnatal care, as well as immunization, are provided. Given our county's prominence in athletics and sports, we offer allied health and sports medicine services.

Inpatient services include general medicine, surgical procedures, pediatrics, maternity care, , mental health care, Additionally, rehabilitative services, , and theater operations are also available.

Overall patient attendance

In the fiscal year 2024/2025, (TSCH) experienced an increase outpatient visits, totaling 13,735, and inpatient admissions, which increased to 139. This increase is primarily attributed to a improved service delivery. This trend follows the 2023/2024 FY, where outpatient visits were recorded at 11,588 and inpatient admissions at 136.

Reproductive health

In the financial year 2024/2025, Turbo Sub-County Hospital has experienced an overall increase in maternity and antenatal care services, highlighted by a rise in antenatal clinic (ANC) visits and maternity deliveries. ANC Visits 2024/2025[979] 2023/2024 [777]

Bed Capacity

The bed capacity is at 45 beds,

Average Length of Stay.

The average length of stay (ALOS) in the hospital remains a crucial metric for assessing the efficiency of inpatient healthcare delivery. For the year 2024/25, the ALOS was recorded at 2 days, consistent with previous assessments.

Mortality Rate.

During the review period, the average mortality rate stood at 1.4%. The low mortality rate is promptly referral of sick patient and the hospital's effective management of patients.

Patient Safety.

(TSCH) is committed to enhancing patient safety, recognizing it as a fundamental aspect of healthcare delivery. The hospital has implemented strategies to reduce hospital-acquired infections, minimize medical errors, and decrease the incidence of falls and venous thrombosis, thereby fostering a safer environment for all patients.

Financial Highlights

Financial Performance

The financial performance of Turbo Sub-County hospital during the year under review reflects a continued reliance on multiple sources of funding, including the Facility Improvement Funds (FIF), free maternity services reimbursements, and rebates from the National Hospital Insurance Fund (NHIF). Additionally, the hospital received significant support from the County Government of UASIN GISHU, the Ministry of Health.

For the financial year 2024/25, Turbo Sub-County hospital demonstrated notable revenue growth. The hospital's total revenue in FY 2024/25 was approximately Kshs. 8.3 million. This revenue can be attributed to enhanced resource mobilization strategies.

The revenue generated during the year was used to cover hospital expenditures approximately Kshs. 5.3 million, which included costs associated with service delivery, maintenance, and procurement.

Performance Results

While the hospital made strides in collecting its revenue, it faced financial challenges in terms of poverty levels among the clients. The challenge highlights the need for more robust financial sustainability strategies and enhanced efficiency in resource utilization.

Moving forward, (TSCH) aims to implement measures to further increase the revenue collections such as refining cost management processes, scaling up resource mobilization efforts, and pursuing new partnerships to diversify funding streams. By addressing these financial challenges, (TSCH) seeks to position itself for long-term sustainability while continuing to deliver high-quality healthcare services.

The hospital's financial performance, while determined to improve its services which will ensure revenue growth, also underscores the importance of securing more sustainable funding models and enhancing operational efficiencies. Moving forward, (TSCH) will continue to focus on improving financial management and diversifying its revenue streams to ensure long-term sustainability and improved healthcare service delivery.

Sign:  Date: 27th August, 2025

Dr. Rueben Korir

Medical Superintendent

10. Environmental And Sustainability Reporting

At Turbo Sub-County Hospital ((TSCH)), we face a variety of sustainability challenges, reflected through the Triple Bottom Line framework, People and Planet. As a Sub-county hospital, sustainability is integral to our operations, aligning with our goal to create long-term value for our stakeholders and communities. Our commitment extends beyond healthcare services, emphasizing environmental and social responsibility to ensure sustainable success and operational longevity. We are dedicated to upholding high standards of corporate governance, ethics, and integrity as we contribute to the nation's healthcare system.

Recognizing our role in reducing health disparities and advancing sustainability, (TSCH) integrates sustainability commitments into every aspect of our operations. Our strategic focus is on developing and executing initiatives that deliver real, lasting benefits to our stakeholders. With a commitment to becoming the healthcare provider of choice, we strive to create enduring value for all stakeholders by addressing material issues that help categorize our economic, environmental, and social impacts.

i) Sustainability Strategy and Profile

(TSCH)'s sustainability strategy focuses on meeting current needs while maintaining environmental responsibility and promoting a healthy, equitable society. We ensure compliance with national and regional regulations, emphasizing efficient facility management to reduce energy use and CO2

emissions. Collaborating with suppliers and stakeholders, we uphold high standards for sustainable healthcare and encourage environmental and social contributions from our workforce. By working with sustainability specialists, we share best practices to maximize resource efficiency, regularly measuring and reporting our progress. (TSCH)'s corporate governance is based on accountability, transparency, and integrity. We foster a culture of ethical behavior, with all employees expected to uphold integrity principles in line with Kenya's Constitution, 2010, and public service laws.

ii) Environmental Performance

In both clinical and office settings, we encourage employees to reduce energy consumption by adopting energy-efficient practices, such as turning off computers and lights when not in use. Additionally, we utilize environmentally friendly packaging for medications and manage medical waste through clearly labeled disposal bags for clinical waste, recyclables, and food waste. Staffs are provided with personal protective equipment to ensure safety during waste management.

iii) Employee Welfare

(TSCH) is committed to providing a healthy and supportive work environment. We offer comprehensive SHIF health coverage to all employees and encourage continuous professional development through training programs in leadership, management, and technical skills. The hospital also promotes the physical and mental well-being of its employees, adhering to Occupational Safety and Health (OSHA) policies guided by the County Human Resource policies. We are dedicated to fostering a culture of equality, diversity, and inclusion, delivering services that are responsive to the diverse needs of our employees, patients, and their families. (TSCH) also supports collective bargaining through employee unions.

iv) Practices

Our core mission is to improve the health and well-being of our community through innovative, high-quality healthcare services. We maintain a strong reputation for excellence by consistently meeting safety and regulatory standards, ensuring that all products and services provided meet both ethical and legal requirements.

v) Responsible Competition Practices

As a leading healthcare provider in the region, (TSCH) sets an example of responsible business conduct. We adhere to all applicable laws and regulations and engage regularly with governmental bodies to ensure compliance in operations, renovations, and expansions. Our healthcare services are designed to be affordable, with pricing determined by the County Finance Act, passed by the County Assembly of UASIN GISHU.

(a) Responsible Supply Chain and Supplier Relations

The procurement department at (TSCH) plays a key role in supporting our sustainability objectives. (TSCH) complies with the Public Procurement and Asset Disposal Act, 2015, and related county policies. We prioritize partnerships with suppliers who adhere to best practices and contractual agreements, ensuring the highest quality of service and goods.

(b) Responsible Marketing and Advertisement

Under the Health Act of 2017, healthcare advertising is regulated to ensure ethical practices in the licensing, testing, and promotion of health products. As a public hospital, (TSCH) does not advertise its services.

(c) Product Stewardship

(TSCH)'s Product Stewardship program focuses on minimizing the environmental impact of healthcare products and packaging throughout their life cycle. We prioritize patient safety and satisfaction while ensuring affordability in line with the County Finance Act.

vi) Corporate Social Responsibility (CSR) and Community Engagement

(TSCH)'s commitment to social responsibility drives us to fulfill public healthcare needs, particularly for marginalized and vulnerable communities. Although no specific CSR activities were conducted this year, we remain dedicated to improving lives through inclusive healthcare and raising awareness of disease prevention and interventions.

11. Report of The Board of Management

The board members submit their report together with the audited financial statements for the year that ended June 30, 2025, which show the state of the *hospital's* affairs.

Principal activities

1. To assure provision of Quality health care services, disaster preparedness and response
2. To Strengthen availability of essential medicines, medical equipment and supplies
3. To maintain and improve hospital infrastructure and means of transport to meet the demands for service delivery.

Results

The results of the entity for the year ended June 30th 2025 are set out on pages 1 to 6.

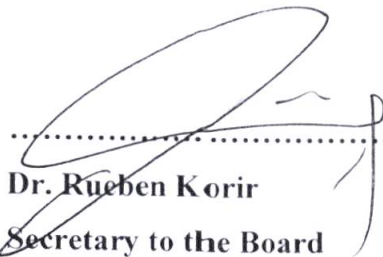

Board of Management

The members of the Board who served during the year are shown on page xiii. During the year, no director(s) retired/ resigned, and all the directors were appointed with effect from 1st September,2023.

Auditors

The Auditor General is responsible for the statutory audit of the *entity* in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015.

By Order of the Board

.....
Dr. Rueben Korir
Secretary to the Board

(To be signed by the Secretary of the Board)

12. Statement of Board of Management’s Responsibilities

Section 164 of the Public Finance Management Act, 2012 requires the Board of Management to prepare financial statements in respect of that Turbo Sub-County hospital, which give a true and fair view of the state of affairs of the Turbo sub county hospital at the end of the period and the operating results of the TSCH for that period. The Board of Management is also required to ensure that the Turbo sub county hospital keeps proper accounting records which disclose with reasonable accuracy the financial position of the Turbo sub county hospital. The Board members are also responsible for safeguarding the assets of the Turbo sub county hospital.

The Board of Management is responsible for the preparation and presentation of the Turbo Sub-County hospital financial statements, which give a true and fair view of the state of affairs of the Turbo Sub-County hospital for and as at the end of the financial year (period) ended on June 30, 2025. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period, (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity, (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud, (iv) safeguarding the assets of the Turbo Sub-County hospital; (v) selecting and applying appropriate accounting policies, and (vi) making accounting estimates that are reasonable in the circumstances.

The Board of Management accepts responsibility for the entity’s financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012 and Public Audit Act, 2015. The Board members are of the opinion that the Turbo Sub-County hospital financial statements give a true and fair view of the state of Turbo Sub-County hospital transactions during the financial year ended June 30, 2025, and of the Turbo Sub-County hospital financial position as at that date. The Board members further confirm the completeness of the accounting records maintained for the Turbo Sub-County hospital, which have been relied upon in the preparation of the Turbo Sub-County hospital financial statements as well as the adequacy of the systems of internal financial control. Nothing has come to the attention of the Board of management to indicate that the Turbo Sub-County hospital will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements

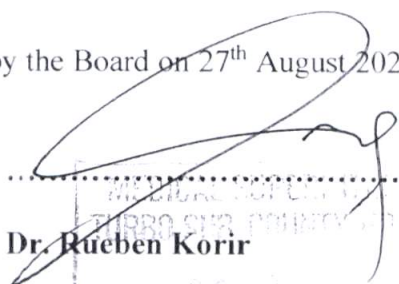

The Hospital’s financial statements were approved by the Board on 27th August 2025 and signed on its behalf by:

.....

Mr David Samoei

Chairperson

Board of Man agement

REPORT OF THE AUDITOR-GENERAL ON TURBO LEVEL 4 HOSPITAL FOR THE YEAR ENDED 30 JUNE, 2025 - COUNTY GOVERNMENT OF UASIN GISHU

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the financial statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements;
- B. Report on Lawfulness and Effectiveness in use of public resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure government achieves value for money and that such funds are applied for intended purpose; and,
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment, and the internal controls developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An Adverse Opinion is issued when the Auditor-General determines that the financial statements are materially misstated and are not fairly presented in accordance with the applicable financial reporting framework. The Report on the Financial Statements should be read together with the Report on Lawfulness and Effectiveness in the Use of Public Resources, and the Report on Effectiveness of Internal Controls, Risk Management and Governance.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012, and the Public Audit Act, 2015. The three parts of the report when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Adverse Opinion

I have audited the accompanying financial statements of Turbo Level 4 Hospital - County Government of Uasin Gishu set out on pages 1 to 57, which comprise of the statement of financial position as at 30 June, 2025, statement of financial performance, statement of

Report of the Auditor-General on Turbo Level 4 Hospital for the year ended 30 June, 2025 - County Government of Uasin Gishu

changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended 30 June, 2025, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, because of the significance of the matters discussed in the Basis for Adverse Opinion section of my report, the financial statements do not present fairly, in all material respects, the financial position of Turbo Level 4 Hospital as at 30 June, 2025, and of its financial performance and its cash flows for the year then ended, in accordance with the International Public Sector Accounting Standards (Accrual Basis) and do not comply with the Health Act 2017, County Government Act, 2012, Public Procurement and Assets Disposal Act, 2015 and Public Finance Management Act, 2012.

Basis for Adverse Opinion

1. Anomalies in Presentation, Accuracy and Disclosure in the Financial Statements

1.1 Presentation of the Financial statements

Review of the financial statements submitted for audit revealed the following anomalies:

- i. Board of Management profile had not included photographs of four Board Members. Also, the profiles for six (6) Board Members have not been disclosed.
- ii. Pages for notes which form an integral part of the annual financial statements have been indicated as page x to page xx.
- iii. The financial statements contain guidance notes as provided by the Public Sector Accounting Standards Board (PSASB) that should be deleted.

1.2 Accuracy of the Financial Statements

- i. The statement of financial position reflects net assets balance of Kshs.7,019,523 while a recast revealed Kshs.7,134,523 leading to unexplained variance of Kshs.115,000. In addition, the total for net assets under 'represented by' should be Kshs.3,037,870 according to the financial statements. However, the amount had been erroneously stated as Kshs.7,019,523.
- ii. The Facility prepared the financial statements for the first time. However, an opening statement for the opening assets and liabilities was not been indicated.
- iii. The statement of comparison of budget and actual amounts reflects Nil amounts under performance differences. Further, the percentage (%) of utilization was not computed.
- iv. The statement of changes in net assets did indicate the total net assets value.

- v. The statement of financial performance reflects grants and subsidies expenses of Kshs.4,786,557 which according to schedules provided, were also expensed under in-kind and donor expenses of Kshs.9,978,203 as per Note 8 to the financial statements. The amount of Kshs.4,786,557 has therefore been double accounted.
- vi. The statement of financial performance reflects in kind revenue from the County Government of Kshs.5,191,646. However, schedules provided reflect an amount of Kshs.4,305,646 therefore, leading to an unexplained variance of Kshs.886,000. Further, the statement reflects in kind and donor expenses of Kshs.9,978,202 whereas schedules provided support an amount of kshs.8,516,693 therefore, leading to an unexplained variance of Kshs.1,461,509. Further, the in-kind and donor expenses were not included in the notes to the financial statements.
- vii. In kind donations were not included in the budget and the accuracy of the statement of comparison of budget and actual amounts could not be confirmed.

In the circumstances, the accuracy and completeness of the financial statements could not be confirmed.

2. Inaccuracies in Rendering of Services - Medical Service Income

The statement of financial performance and Note 11 to the financial statements reflects rendering of services – medical services income amount of Kshs.8,379,703. Similarly, the same amount of Kshs.8,379,703 is reflected in the statement of cashflows. However, the Hospital had receivables from exchange transactions – medical services totalling Kshs.7,816,750 and therefore the reported revenue may not be accurate.

In the circumstances, the accuracy and completeness of rendering of services – medical services income amount of Kshs.8,379,703 could not be confirmed.

3. Failure to Disclose In-Kind Employee Costs

The statement of financial performance and Note 16 to the financial statements reflects employee costs amount of Kshs.1,546,340. Examination of personnel records revealed that the Hospital received services from sixty-nine (69) medical and support staff employed and paid by the County Government of Uasin Gishu. However, the expenditure was not disclosed in the financial statements as in-kind donations under revenue and expensed under employee costs.

In the circumstances, the accuracy and completeness of employee costs of Kshs.1,546,340 could not be confirmed.

4. Variances in Cash and Cash Equivalents

The statement of financial position reflects cash and cash equivalents balance of Kshs.3,202,400 which includes Cooperative Bank balance of Kshs.2,842,700 and Cooperative Bank balance of Kshs.359,700 as disclosed in Note 27 to the financial

statements. Review of the cashbook balance revealed variances between the amount recorded in the financial statements and cashbook balance as detailed below;

| Cash and Cash Equivalents | Amount as per the Financial Statements (Kshs) | Amount as per the Cash book balance (Kshs) | Variance (Kshs) |
|----------------------------------|--|---|------------------------|
| Cooperative Bank account 1 | 2,842,700 | 2,669,180 | 173,520 |
| Cooperative Bank account 2 | 359,700 | 361,750 | (2,050) |

In addition, Cooperative Bank account 3 was not disclosed in the financial statements. Further, Management did not maintain a cash book for the account and monthly bank reconciliation were not done and certificate of bank balance for the account was not provided for audit review. A register of bank accounts owned by the Hospital and approved by The County Treasury was not provided for audit.

In the circumstances, the accuracy and completeness of cash and cash equivalents balance of Kshs.3,202,700 could not be confirmed.

5. Unsupported Receivables from Exchange Transactions

The statement of financial position and Note 29 to the financial statements reflects receivables from exchange transactions balance of Kshs.7,816,750. However, it was found out that the reported amount related to receivable from defunct National Hospital Insurance Fund (NHIF) which had been outstanding between 1 to 2 years as per the ageing analysis. Further, it was noted that the amount omitted outstanding Social Health Authority (SHA) claims detailed as below: -

| Details | Amount (Kshs.) |
|---|-----------------------|
| Total Claims made to SHA as at 30 June 2025 | 6,320,928 |
| Total Claims Paid by SHA as at 30 June 2025 | (3,168,010) |
| Total Claims Returned by SHA as at 30 June 2025 | (1,097,700) |
| Total Claims Rejected by SHA as at 30 June 2025 | (1,830,400) |
| Outstanding SHA balance as at 30 June 2025 | 224,818 |

It was not clear why claims totalling Kshs.1,097,700 were returned and Kshs.1,830,400 were rejected and whether the rejected and returned claims were resubmitted and reimbursed.

In the circumstances, the accuracy, completeness of receivables from exchange transactions balance of Kshs.7,816,750 could not be confirmed.

6. Failure to Disclose Inventories

The statement of financial position and Note 31 to the financial statements reflects Nil inventories balance. However, there were no stock take reports to support the balance.

In the circumstances, the accuracy and completeness of inventories balance could not be confirmed.

7. Variances Between Financial Statements and Ledgers

The statement of financial performance reflects general expenses amount of Kshs.1,189,738. However, a review of schedules provided for audit revealed an amount of Kshs.1,169,738 resulting to unreconciled variance of Kshs.20,000.

In the circumstances, the accuracy and completeness of total expenditure amount of Kshs.1,189,738 could not be confirmed.

8. Property, Plant and Equipment

8.1 Non-Disclosure of Property, Plant and Equipment

The statement of financial position and as disclosed in Note 32 to the financial statements reflects property, plant and equipment balance of Kshs.115,000. However, the amount differs with Kshs.70,000 reflected in schedules provided for audit resulting to unreconciled variance of Kshs.45,000,

In the circumstances, the accuracy, completeness and ownership of property, plant and equipment balance of Kshs.115,000 could not be confirmed.

8.2 Lack of Land Ownership Documents

The Hospital occupies land measuring approximately one point six (1.6) acres according to the representation made by Management. However, it was established that no title deed was held by the Hospital and there was no documentary evidence to show effort by Management to obtain ownership documents.

In the circumstances, the ownership of the land could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Turbo Sub County Hospital Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my Adverse opinion.

Emphasis of Matter

Budgetary Control and Performance

The statement of comparison of budget and actual amounts reflects a final revenue budget on comparable basis against actual receipts of Kshs.12,000,000 and Kshs.8,379,703 respectively resulting into underfunding of Kshs.3,620,297 or 30% of the

budget. Similarly, the Hospital spent Kshs.5,341,833 against actual receipts of Kshs.8,379,703 resulting to under expenditure of Kshs.3,037,870 or 36% of the actual receipts. Further, in-kind donations were not included in the statement of comparison of budget and actual performance.

The underfunding and under expenditure affected service delivery to the citizens.

My opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. Except for the effect of the matters described in the Basis for Adverse Opinion section, I have determined that there are no other key audit matters to communicate in my report. There are no key audit matters to report in the year under review.

Other Information

The Management is responsible for the Other Information set out on page (ii) to (xvii) which comprise of Acronyms and Glossary of Terms, Key Entity Information and Management, The Board of Management, Key Management Team, Chairman's Statement, Report of the Medical Superintendent, Statement of Performance against Predetermined Objectives, Corporate Governance statement, Management Discussion and Analysis, Environmental and sustainability Reporting, Report of the Board of Management and Statement of Board of Management Responsibilities. The Other Information does not include the financial statements and my audit report thereon.

In connection with my audit on the Hospital financial statements, my responsibility is to read the Other Information and in doing so, consider whether the Other Information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that if there is a material misstatement of this Other Information, I am required to report that fact. Based on the audit procedures performed and the matters described in my Basis for Adverse Opinion, I confirm that Other Information is not materially inconsistent with the financial statements

My opinion on the financial statements does not cover the Other Information and accordingly, I do not express an audit opinion or any form of assurance conclusion thereon.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, because of the significance of the matters discussed in the basis for adverse opinion and Basis for Conclusion on Lawfulness and Effectiveness in Use of Public

Resources sections, I confirm that, public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Failure to Prepare Quarterly Financial Statements Report

Review of records submitted for audit revealed that Management did not prepare quarterly reports for the year under review as required by Regulation 64(1) of the Public Finance Management (County Governments) Regulations, 2015

In the circumstances, Management was in breach of the law.

2. Lack of Assets Disposal Plan and Non-Disposal of Hazardous Roofing Materials

Review of fixed asset register revealed the existence of obsolete assets that were due for disposal. However, during the year under review, Management did not prepare an Annual Disposal Plan for the obsolete assets. There was no documentation to show that Disposal Committee had been constituted and how the obsolete assets were to be identified for disposal. Further, the Hospital held pile of waste due to lack of an incinerator and disposed wastes through burning which is not environmentally safe and maybe a health hazard. In addition, the Hospital has old structures with asbestos roofing. Asbestos has been declared a cancer-causing substance and no disposal plans and mitigations have been put in place to replace the asbestos roofing.

In the circumstances, Management had not effectively addressed the disposal of obsolete or unwanted stores and wastes.

3. Non-Compliance with Data Protection Laws

Review of Turbo Sub-County Hospital records revealed that they handled data belonging to patients but there was no certification of the Facility as a data controller by the Office of the Data Protection Commissioner. This was contrary to the requirement of Section 18(1) of the Data Protection Act, 2019 which states that subject to Sub-Section (2), no person shall act as a data controller or data processor unless registered with the Data Commissioner.

In the circumstance, Management was in breach of the law.

4. Deficiencies in Implementation of Universal Health Coverage (UHC)

Review of Hospital records and interviews on verification of services offered, equipment used and medical specialists in the Hospital at the time of audit revealed that the Hospital did not meet the requirements of Kenya Quality Model for Health Policy Guidelines due to staff deficits as tabulated below;

| Staff Requirements | Level 4 standard | Number in Hospital | Variance | Percentage % |
|--|-------------------------|---------------------------|-----------------|---------------------|
| Medical officers | 16 | 0 | 16 | 100% |
| Anesthesiologists | 2 | 0 | 2 | 100% |
| General surgeons | 2 | 0 | 2 | 100% |
| Gynecologists | 2 | 0 | 2 | 100% |
| Paediatrics | 2 | 0 | 2 | 100% |
| Radiologists | 2 | 0 | 2 | 100% |
| Kenya Registered Community Health Nurses | 75 | 64 | 11 | 15% |

In addition, the Hospital lacked the necessary equipment and machines outlined in the Health Policy Guidelines as detailed below;

| Service | Level 4 Hospital Standard | Actuals in the Hospital | Variance | Percentage |
|---|----------------------------------|--------------------------------|-----------------|-------------------|
| Beds | 150 | 20 | 130 | 87% |
| Resuscitaire (2 in labour & 1 in theatre) | 2 | 0 | 2 | 100% |
| New born unit incubators | 5 | 5 | 0 | 0% |
| New born unit cots | 5 | 0 | 0 | 100% |
| Functional ICU beds | 6 | 0 | 6 | 100% |
| High Dependency Unit (HDU) Beds | 6 | 0 | 6 | 100% |
| Renal Unit with at least 5 dialysis machines | 5 | 0 | 5 | 100% |
| Two Functional operational theatres-Maternity & General | 5 | 0 | 5 | 100% |

The deficiencies contravene the First Schedule of Health Act, 2017 and imply that accessing the highest attainable standard of health, which includes the right to health care services, including reproductive health care as required by Article 43(1) of the Constitution of Kenya, 2010 may not be achieved.

In the circumstances, the Hospital was in breach of the law.

5. Failure to Maintain Fixed Asset Register

The statement of financial position and Note 32 to the financial statements reflects property, plant and equipment balance of Kshs.115,000. However, it was noted that the

Hospital did not maintain fixed asset register to control its assets contrary to Regulation 136(1) of the Public Finance Management (County Government) Regulations, 2015 which requires that the Accounting Officer shall be responsible for maintaining a register of assets under his or her control or possession as prescribed by the relevant laws. In addition, there was no evidence to show that valuation of assets has ever been done to ascertain the correct market values.

In the circumstances, Management was in breach of the law.

The audit was conducted in accordance with ISSAI 3000 and ISSAI 4000. The standards require that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements comply in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, because of the significance of the matters discussed in the basis for Adverse Opinion and Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance sections of my report, I confirm that, that internal controls, risk management and governance were not effective.

Basis of Conclusion

1. Deficiencies in Revenue Collection

The statement of financial performance and Note 11 to the financial statements reflects rendering of services – Medical Services Income amount of Kshs.8,379,703. Review of revenue collection systems revealed that the Revenue Collection Officers at the Hospital used Point of Service (POS) to bill patients who pay through the Uasin Gishu Revenue Management System (Sisibo pay). However, the Facility could not monitor revenue collected through Sisibo pay as they did not have access to the system. Further, revenues collected through the System were received back in the Hospital bank account through Jambo pay after a period of five (5) days. It was not clear why the delay took place and it was also not possible to confirm if the received revenue was actually what was collected.

In the circumstances, the efficiency of revenue collection at the facility could not be confirmed.

2. Failure to Conduct Internal Audit Review

Review of the Hospital documents and records revealed that the Hospital had not established an internal audit function and was relying on the internal audit services from

the County Government of Uasin Gishu. Further, the Internal Audit Reports from the County Government relating to the Hospital were not provided for audit verification.

In the circumstances, the effectiveness of internal controls and risk management could not be confirmed.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and Board of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Hospital's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Hospital or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

The Board of Management is responsible for overseeing the financial reporting process, reviewing the effectiveness of how the entity monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

My responsibility is to conduct an audit of the financial statements in accordance with Article 229(4) of the Constitution, Section 35 of the Public Audit Act, 2015 and the International Standards of Supreme Audit Institutions (ISSAIs). The standards require that, in conducting the audit, I obtain reasonable assurance about whether the financial

statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes my opinion in accordance with Section 48 of the Public Audit Act, 2015. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In conducting the audit, Article 229(6) of the Constitution also requires that I express a conclusion on whether or not in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way. In addition, I consider the entity's control environment in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015.

Further, I am required to submit the audit report in accordance with Article 229(7) of the Constitution.

Detailed description of my responsibilities for the audit is located at the Office of the Auditor-General's website at: <https://www.oagkenya.go.ke/auditor-generals-responsibilities-for-audit/>. This description forms part of my auditor's report.

FCPA Nancy Gathungu, CBS
AUDITOR-GENERAL

19. Notes to the Financial Statements

1. General Information

Turbo Sub county Hospital is established by and derives its authority and accountability from PFM Act. The entity is wholly owned by the Uasin Gishu County Government and is domiciled in Uasin Gishu County in Kenya. The entity's principal activity is provision of medical services.

2. Statement of Compliance and Basis of Preparation

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant, and equipment, marketable securities and financial instruments at fair value, impaired assets at their estimated recoverable amounts and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Public Sector Accounting Standards (IPSAS) allows the use of estimates and assumptions. It also requires management to exercise judgement in the process of applying the *entity's* accounting policies. The areas involving a higher degree of judgment or complexity, or where assumptions and estimates are significant to the financial statements, are disclosed in Note xx The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the *entity*. The financial statements have been prepared in accordance with the PFM Act, and (*include any other applicable legislation*), and International Public Sector Accounting Standards (IPSAS). The accounting policies adopted have been consistently applied to all the years presented.

3. Adoption of New and Revised Standards

(When an IPSAS becomes effective on 1st January 20xx, it is applicable in Kenya from 1st July 20xx)

i. New and amended standards and interpretations in issue effective in the year ended 30 June 2025

There were no new and amended standards issued in the financial year.

ii) New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2025.

| Standard | Effective date and impact: |
|--|---|
| IPSAS 43 | <p><i>Applicable 1st January 2025</i></p> <p>The standard sets out the principles for the recognition, measurement, presentation, and disclosure of leases. The objective is to ensure that lessees and lessors provide relevant information in a manner that faithfully represents those transactions. This information gives a basis for users of financial statements to assess the effect that leases have on the financial position, financial performance and cashflows of an Entity.</p> <p>The new standard requires entities to recognise, measure and present information on right of use assets and lease liabilities.</p> <p><i>State the expected impact of the standard to the Entity if relevant</i></p> |
| IPSAS 44: Non- Current Assets Held for Sale and Discontinued Operations | <p><i>Applicable 1st January 2025</i></p> <p>The Standard requires,</p> <p>Assets that meet the criteria to be classified as held for sale to be measured at the lower of carrying amount and fair value less costs to sell and the depreciation of such assets to cease and:</p> <p>Assets that meet the criteria to be classified as held for sale to be presented separately in the statement of financial position and the results of discontinued operations to be presented separately in the statement of financial performance.</p> <p><i>State the expected impact of the standard to the Entity if relevant</i></p> |

| Standard | Effective date and impact: |
|---|---|
| <p>IPSAS 45- Property Plant and Equipment</p> | <p><i>Applicable 1st January 2025</i></p> <p>The standard supersedes IPSAS 17 on Property, Plant and Equipment. IPSAS 45 has additional guidance/ new guidance for heritage assets, infrastructure assets and measurement. Heritage assets were previously excluded from the scope of IPSAS 17 in IPSAS 45, heritage assets that satisfy the definition of PPE shall be recognised as assets if they meet the criteria in the standard. IPSAS 45 has an additional application guidance for infrastructure assets, implementation guidance and illustrative examples. The standard has clarified existing principles e.g valuation of land over or under the infrastructure assets, under- maintenance of assets and distinguishing significant parts of infrastructure assets.</p> <p><i>State the expected impact of the standard to the Entity if relevant</i></p> |
| <p>IPSAS 46 Measurement</p> | <p><i>Applicable 1st January 2025</i></p> <p>The objective of this standard was to improve measurement guidance across IPSAS by:</p> <ul style="list-style-type: none"> i. Providing further detailed guidance on the implementation of commonly used measurement bases and the circumstances under which they should be used. ii. Clarifying transaction costs guidance to enhance consistency across IPSAS; iii. Amending where appropriate guidance across IPSAS related to measurement at recognition, subsequent measurement and measurement related disclosures. <p>The standard also introduces a public sector specific measurement bases called the current operational value.</p> <p><i>State the expected impact of the standard to the Entity if relevant</i></p> |
| <p>IPSAS 47- Revenue</p> | <p><i>Applicable 1st January 2026</i></p> <p>This standard supersedes IPSAS 9- Revenue from exchange transactions, IPSAS 11 Construction contracts and IPSAS 23 Revenue from non-exchange transactions. This standard brings all the guidance of accounting for revenue under one standard. The objective of the standard is to establish the principles that an entity shall apply to report useful information to users</p> |

Turbo Level 4 Hospital (Uasin Gishu County Government)
Annual Report and Financial Statements for The Year Ended 30th June 2025

| Standard | Effective date and impact: |
|--|---|
| | <p>of financial statements about the nature, amount, timing and uncertainty of revenue and cash flow arising from revenue transactions.</p> <p><i>State the expected impact of the standard to the Entity if relevant</i></p> |
| <p>IPSAS 48- Transfer Expenses</p> | <p><i>Applicable 1st January 2026</i></p> <p>The objective of the standard is to establish the principles that a transfer provider shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of expenses and cash flow arising from transfer expense transactions. This is a new standard for public sector entities geared to provide guidance to entities that provide transfers on accounting for such transfers.</p> <p><i>State the expected impact of the standard to the Entity if relevant</i></p> |
| <p>IPSAS 49- Retirement Benefit Plans</p> | <p><i>Applicable 1st January 2026</i></p> <p>The objective is to prescribe the accounting and reporting requirements for the public sector retirement benefit plans which provide retirement to public sector employees and other eligible participants. The standard sets the financial statements that should be presented by a retirement benefit plan.</p> <p><i>State the expected impact of the standard to the Entity if relevant</i></p> |
| <p>IPSAS 50: Exploration For & Evaluation of Mineral Resources</p> | <p><i>Applicable 1st January 2027</i></p> <p>The objective of this Standard is to specify the financial reporting for the exploration for and evaluation of mineral resources. The Standard requires:</p> <ul style="list-style-type: none"> i. Limited improvements to existing accounting practices for exploration and evaluation expenditures. ii. Entities that recognize exploration and evaluation assets to assess such assets for impairment in accordance with this Standard and measure any impairment in accordance with IPSAS 26. iii. Disclosures that identify and explain the amounts in the entity's financial statements arising from the exploration for and evaluation of mineral resources and help users of those financial statements understand the amount, timing and certainty of future cash flows from any exploration and evaluation assets recognized. <p><i>State the expected impact of the standard to the Entity if relevant</i></p> |

iii) Early adoption of standards

The Entity did not early – adopt any new or amended standards in the financial year or *the entity adopted the following standards early (state the standards, reason for early adoption and impact on entity's financial statements.)*

4. Summary of Significant Accounting Policies

a. Revenue recognition

i) Revenue from non-exchange transactions

Transfers from other Government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the *Entity* and can be measured reliably. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, the amount is recorded in the statement of financial position and realised in the statement of financial performance over the useful life of the asset that has been acquired using such funds.

ii) Revenue from exchange transactions

Rendering of services

The entity recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours. Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable.

Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably, and it is probable that the economic benefits or service potential associated with the transaction will flow to the entity.

Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income for each period.

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

Notes to the Financial Statements (Continued)

b. Budget information

The original budget for FY 2024/2025 was approved by Board at the beginning of the 1st quarter. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the entity upon receiving the respective approvals in order to conclude the final budget. Accordingly, the *entity* recorded additional appropriations of *funds* on the FY 2024/2025 budget following the Board's approval. The *entity's* budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget.

A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts, and the actuals as per the statement of cash flows.

c. Taxes

Sales tax/ Value Added Tax

Expenses and assets are recognized net of the amount of sales tax, except:

- When the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the sales tax is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
- When receivables and payables are stated with the amount of sales tax included. The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

Notes to the Financial Statements (Continued)

d. Investment property

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property.

Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition. Subsequent to initial recognition, investment properties are measured using the cost model and are depreciated over a period of *xx* years. Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of de-recognition. Transfers are made to or from investment property only when there is a change in use.

e. Property, plant and equipment

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

Notes to the Financial Statements (Continued)

f. Leases

Finance leases are leases that transfer substantially the entire risks and benefits incidental to ownership of the leased item to the Entity. Assets held under a finance lease are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the future minimum lease payments. The Entity also recognizes the associated lease liability at the inception of the lease. The liability recognized is measured as the present value of the future minimum lease payments at initial recognition.

Subsequent to initial recognition, lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in surplus or deficit.

An asset held under a finance lease is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Entity will obtain ownership of the asset by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating leases are leases that do not transfer substantially all the risks and benefits incidental to ownership of the leased item to the Entity. Operating lease payments are recognized as an operating expense in surplus or deficit on a straight-line basis over the lease term.

g. Intangible assets

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred. The useful life of the intangible assets is assessed as either finite or indefinite.

Notes to the Financial Statements (Continued)

h. Biological Assets

The entity recognizes biological assets when it controls the assets due to past events, it is probable that future economic benefits associated with the asset will flow to the entity, and when the fair value or cost of the asset can be measured reliably. Biological assets are initially and subsequently measured at fair value less costs to sell, except where fair value cannot be reliably determined. In such cases, the asset is measured at its cost less accumulated depreciation and any accumulated impairment losses. Changes in fair value less costs to sell are recognized in surplus/deficit in the period in which they occur.

i. Research and development costs

The Entity expenses research costs as incurred. Development costs on an individual project are recognized as intangible assets when the Entity can demonstrate:

- The technical feasibility of completing the asset so that the asset will be available for use or sale
- Its intention to complete and its ability to use or sell the asset
- The asset will generate future economic benefits or service potential
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development.

Following initial recognition of an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortized over the period of expected future benefit. During the period of development, the asset is tested for impairment annually with any impairment losses recognized immediately in surplus or deficit.

j. Financial instruments

IPSAS 41 addresses the classification, measurement and de-recognition of financial assets and financial liabilities, introduces new rules for hedge accounting and a new impairment model for financial assets. *The entity does not have any hedge relationships and therefore the new hedge accounting rules have no impact on the hospital's financial statements. (amend as appropriate).*

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. At initial recognition, the entity measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through surplus or deficit, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

Financial assets

Classification of financial assets

The entity classifies its financial assets as subsequently measured at amortised cost, fair value through net assets/ equity or fair value through surplus and deficit on the basis of both the entity's management model for financial assets and the contractual cash flow characteristics of the financial asset. A financial asset is measured at amortized cost when the financial asset is held within a management model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. A financial asset is measured at fair value through net assets/ equity if it is held within the management model whose objective is achieved by both collecting contractual cashflows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. A financial asset shall be measured at fair value through surplus or deficit unless it is measured at amortized cost or fair value through net assets/ equity unless an entity has made irrevocable election at initial recognition for particular investments in equity instruments.

Subsequent measurement

Based on the business model and the cash flow characteristics, the entity classifies its financial assets into amortized cost or fair value categories for financial instruments. Movements in fair value are presented in either surplus or deficit or through net assets/ equity subject to certain criteria being met.

Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest, and that are not designated at fair value

through surplus or deficit, are measured at amortized cost. A gain or loss on an instrument that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is de-recognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through net assets/ equity

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through net assets/ equity. Movements in the carrying amount are taken through net assets, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in surplus/deficit. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through surplus or deficit

Financial assets that do not meet the criteria for amortized cost or fair value through net assets/ equity are measured at fair value through surplus or deficit. A business model where the entity manages financial assets with the objective of realizing cash flows through solely the sale of the assets would result in a fair value through surplus or deficit model.

Trade and other receivables

Trade and other receivables are recognized at fair values less allowances for any uncollectible amounts. Trade and other receivables are assessed for impairment on a continuing basis. An estimate is made of doubtful receivables based on a review of all outstanding amounts at the year end.

Impairment

The entity assesses, on a forward-looking basis, the expected credit loss ('ECL') associated with its financial assets carried at amortized cost and fair value through net assets/equity. The entity recognizes a loss allowance for such losses at each reporting date. Critical estimates and significant judgments made by management in determining the expected credit loss (ECL) are set out in *Note xx*.

Financial liabilities

Classification

The entity classifies its liabilities as subsequently measured at amortized cost except for financial liabilities measured through profit or loss.

k. Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for as follows:

- Raw materials: purchase cost using the weighted average cost method.
- Finished goods and work in progress: cost of direct materials and labour, and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs.

After initial recognition, inventory is measured at the lower cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower cost and the current replacement cost. Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Entity.

l. Provisions

Provisions are recognized when the Entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Where the Entity expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain.

The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

Notes to the Financial Statements (Continued)

m. Social Benefits

Social benefits are cash transfers provided to i) specific individuals and / or households that meet the eligibility criteria, ii) mitigate the effects of social risks and iii) Address the need of society as a whole. The entity recognises a social benefit as an expense for the social benefit scheme at the same time that it recognises a liability. The liability for the social benefit scheme is measured at the best estimate of the cost (the social benefit payments) that the entity will incur in fulfilling the present obligations represented by the liability.

n. Contingent liabilities

The Entity does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

o. Contingent assets

The Entity does not recognize a contingent asset but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

p. Nature and purpose of reserves

The entity creates and maintains reserves in terms of specific requirements. *(Entity to state the reserves maintained and appropriate policies adopted.)*

q. Changes in accounting policies and estimates

The Entity recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

Notes to the Financial Statements (Continued)

r. Employee benefits

Retirement benefit plans

The Entity provides retirement benefits for its employees and directors. Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable. Defined benefit plans are post-employment benefit plans other than defined-contribution plans. The defined benefit funds are actuarially valued tri-annually on the projected unit credit method basis. Deficits identified are recovered through lump-sum payments or increased future contributions on a proportional basis to all participating employers. The contributions and lump sum payments reduce the post-employment benefit obligation. *(the entity to retain information relating to defined benefits or contributions, where both schemes are managed full policy applies)*

s. Foreign currency transactions

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. At each reporting date, foreign currency monetary items are translated using the closing rate. Non-monetary items measured in historical cost are translated using the exchange rate at the date of the transaction, and those measured at fair value are translated using the exchange rates at the date when the fair value was determined. Exchange differences arising from the settlement of monetary items or translation of monetary/non-monetary items at rates different from those at which they were initially reported are recognized in surplus or deficit in the period.

t. Borrowing costs

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when

construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance.

u. Related parties

The Entity regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the *Entity*, or vice versa. Members of key management are regarded as related parties and comprise the directors, the CEO/principal and senior managers.

v. Service concession arrangements

The Entity analyses all aspects of service concession arrangements that it enters into in determining the appropriate accounting treatment and disclosure requirements. In particular, where a private party contributes an asset to the arrangement, the *Entity* recognizes that asset when, and only when, it controls or regulates the services. The operator must provide together with the asset, to whom it must provide them, and at what price. In the case of assets other than 'whole-of-life' assets, it controls, through ownership, beneficial entitlement or otherwise – any significant residual interest in the asset at the end of the arrangement. Any assets so recognized are measured at their fair value. To the extent that an asset has been recognized, the *Entity* also recognizes a corresponding liability, adjusted by a cash consideration paid or received.

w. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

x. Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

y. Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2025.

5. Significant Judgments and Sources of Estimation Uncertainty

The preparation of the Entity's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and assumptions.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Entity based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur. (IPSAS 1.140)

Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the Entity.
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes.
- The nature of the processes in which the asset is deployed.
- Availability of funding to replace the asset.
- Changes in the market in relation to the asset.

Provisions

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note xxx. Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date and are discounted to present value where the effect is material.

(Include provisions applicable for your organisation e.g provision for bad debts, provisions of obsolete stocks and how management estimates these provisions).

Notes to the Financial Statements (Continued)

44. Financial Risk Management

The entity's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The hospital's overall risk management programme focuses on the unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The hospital does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The entity's financial risk management objectives and policies are detailed below:

(i) Credit risk

The entity has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments. Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the hospital's management based on prior experience and their assessment of the current economic environment. The carrying amount of financial assets recorded in the financial statements representing the entity's maximum exposure to credit risk without taking account of the value of any collateral obtained is made up as follows:

| Description | Total amount | Fully performing | Past due | Impaired |
|---|--------------|------------------|----------|----------|
| | Kshs | Kshs | Kshs | Kshs |
| At 30 June 2024 | | | | |
| Receivables from exchange transactions | - | - | - | - |
| Receivables from –non-exchange transactions | - | - | - | - |
| Bank balances | - | - | - | - |
| Total | - | - | - | - |
| At 30 June 2025 | | | | |
| Receivables from exchange transactions | - | - | - | - |
| Receivables from –non-exchange transactions | - | - | - | - |
| Bank balances | - | - | - | - |
| Total | - | - | - | - |

(NB: The totals column should tie to the individual elements of credit risk disclosed in the entity's statement of financial position)

Notes to the Financial Statements (Continued)

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the hospital has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts. The entity has significant concentration of credit risk on amounts due from xxxx. The board of management sets the hospital's credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated.

(ii) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the hospital's board of management who have built an appropriate liquidity risk management framework for the management of the entity's short, medium and long-term funding and liquidity management requirements. The entity manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

The table below represents cash flows payable by the hospital under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

| Description | Less than 1 month | Between 1-3 months | Over 5 months | Total |
|-------------------------------|-------------------|--------------------|---------------|-------|
| | Kshs | Kshs | Kshs | Kshs |

Turbo Level 4 Hospital (Uasin Gishu County Government)
Annual Report and Financial Statements for The Year Ended 30th June 2025

Notes to the Financial Statements (Continued)

(iii) Market risk

The hospital has put in place an internal audit function to assist it in assessing the risk faced by the entity on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls. Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

The hospital's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day-to-day implementation of those policies. There has been no change to the entity's exposure to market risks or the way it manages and measures the risk.

a) Foreign currency risk

The entity has transactional currency exposures. Such exposure arises through purchases of goods and services that are done in currencies other than the local currency. Invoices denominated in foreign currencies are paid after 30 days from the date of the invoice and conversion at the time of payment is done using the prevailing exchange rate. The carrying amount of the entity's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

| Description | KShs | Other currencies | Total |
|---|------|------------------|-------|
| | Kshs | | Kshs |
| At 30 June 2025 | | | |
| Financial assets (investments, cash, debtors) | - | - | - |
| Liabilities | | | |
| Trade and other payables | - | - | - |
| Borrowings | - | - | - |
| Net foreign currency asset/(liability) | - | - | - |

The entity manages foreign exchange risk from future commercial transactions and recognised assets and liabilities by projecting expected sales proceeds and matching the same with expected payments.

Notes to the Financial Statements (Continued)

| Description | KShs | Other currencies | Total |
|---|------|------------------|-------|
| | Kshs | | Kshs |
| At 30 June 2025 | | | |
| Financial assets (investments, cash, debtors) | - | - | - |
| Liabilities | | | |
| Trade and other payables | - | - | - |
| Borrowings | - | - | - |
| Net foreign currency asset/(liability) | - | - | - |

Foreign currency sensitivity analysis

The following table demonstrates the effect on the hospital's statement of financial performance on applying the sensitivity for a reasonable possible change in the exchange rate of the three main transaction currencies, with all other variables held constant. The reverse would also occur if the Kenya Shilling appreciated with all other variables held constant.

| Description | Change in currency rate | Effect on Profit before tax | Effect on equity |
|-------------|----------------------------|--------------------------------|---------------------|
| | Kshs | Kshs | Kshs |
| 2025 | | | |
| Euro | 10% | - | - |
| USD | 10% | - | - |
| 2025 | | | |
| Euro | 10% | - | - |
| USD | 10% | - | - |

b) Interest rate risk

Interest rate risk is the risk that the entity's financial condition may be adversely affected as a result of changes in interest rate levels. The hospital's interest rate risk arises from bank deposits. This exposes the hospital to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the hospital's deposits.

Management of interest rate risk

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

Turbo Level 4 Hospital (Uasin Gishu County Government)
Annual Report and Financial Statements for The Year Ended 30th June 2025

Notes to the Financial Statements (Continued)

Sensitivity analysis

The entity analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant. The analysis has been performed on the same basis as the prior year.

Using the end of the year figures, the sensitivity analysis indicates the impact on the statement of financial performance if current floating interest rates increase/decrease by one percentage point as a decrease/increase of KShs xxx (20xx: KShs xxx). A rate increase/decrease of 5% would result in a decrease/increase in surplus of KShs xxx (20xx – KShs xxx).

iv) Capital Risk Management

The objective of the entity's capital risk management is to safeguard the Hospital's ability to continue as a going concern. The entity capital structure comprises of the following funds:

| Description | 2024-2025 | 2023-2024 |
|---|------------|------------|
| | FY Kshs | FY Kshs |
| Revaluation reserve | - | - |
| Retained earnings | - | - |

(NB: Capital commitments are commitments to be carried out in the next financial year and are disclosed in accordance with IPSAS 17. Capital commitments may be those that have been authorised by the board but at the end of the year had not been contracted or those already contracted for and ongoing)

49. Events after the Reporting Period

There were no material adjusting and non-adjusting events after the reporting period.

50. Ultimate and Holding Entity

The entity is a County Corporation/ or a Semi- Autonomous Government Agency under the Department of xxx. Its ultimate parent is the County Government of XXX.

51. Currency

The financial statements are presented in Kenya Shillings (Kshs) and all values are rounded off to the nearest shilling.

20. Appendices

Appendix 1: Progress on Follow Up of Auditor Recommendations

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

| Reference No. on the external audit Report | Issue / Observations from Auditor | Management comments | Status: (Resolved / Not Resolved) | Timeframe: (Put a date when you expect the issue to be resolved) |
|--|-----------------------------------|---------------------|--------------------------------------|---|
| | | | | |
| | | | | |

Guidance Notes:

- (i) Use the same reference numbers as contained in the external audit report.
- (ii) Obtain the “Issue/Observation” and “management comments”, required above, from the final external audit report that is signed by Management.
- (iii) Before approving the report, discuss the timeframe with the appointed Focal Point persons within your entity responsible for the implementation of each issue.
- (iv) Indicate the status of “Resolved” or “Not Resolved” by the date of submitting this report to National Treasury.
