CHAIRPERSON'S FOREWORD

Erastus Edung Ethekon, HSC,
Chairperson of the Independent Electoral and Boundaries Commission (IEBC)

It is my privilege and honor to present the Annual Report of the Independent Electoral and Boundaries Commission (IEBC) for the Financial Year 2025/2026. This reporting period marks a historic turning point in Kenya's democratic governance. Following a prolonged leadership vacancy, the Commission was fully reconstituted in July, 2025, ushering in a renewed commitment to institutional independence, operational transparency, and administrative excellence. Throughout the year, our primary imperative was rebuilding public trust, fortifying electoral infrastructure, and laying a firm foundation towards delivering a free, fair, inclusive, transparent and credible 2027 General Election in conformity with our mandate as stipulated in Article 88 of the Constitution.

In the year under review, the Commission continued to discharge its constitutional mandate by implementing key electoral activities aimed at strengthening electoral preparedness and enhancing citizen participation. These included the successful conduct of 31 by-elections, implementation of Continuous Voter Registration (CVR) and the Enhanced Continuous Voter Registration (ECVR) exercise, oversight of political party activities, resolution of electoral disputes, and sustained stakeholder engagement.

Further, on 24 June 2026, the Commission achieved a significant milestone with the launch of the IEBC Strategic Plan 2024–2029 and the Election Operations Plan (EOP) 2025–2027 under the theme "Inclusion and Participation in Deepening Democracy in Kenya" and the slogan "Kura Yako, Sauti Yako." The Strategic Plan outlines the Commis-

sion's priorities across four Key Result Areas (KRAs): **KRA 1: Managing Elections; KRA 2: Citizen Engagement and Participation; KRA 3: Equitable Representation; and KRA 4: Institutional Resilience.** These strategic focus areas provide the framework for strengthening electoral management, enhancing citizen participation, promoting equitable representation, and building a resilient institution in preparation for future electoral processes.

Regarding boundaries delimitation and in fulfillment of constitutional principles under Article 89, the Commission maintained continuous technical readiness regarding boundary review by actively updating spatial data layers and modeled sublocation-level demographics to ensure an empirical baseline for future delimitation exercises.

Additionally, during the period under review, the Commission actively engaged Parliament on key electoral reforms, including the submission of legislative proposals aimed at harmonizing conflicting statutory deadlines.

A major legal achievement was the completion and rollout of the Pre-Election Disputes Resolution Report for the 2022 General Election and the 2022 General Election Case Digest, which provide valuable jurisprudential guidance for future electoral dispute resolution. The Commission's Dispute Resolution Committee (DRC) also successfully adjudicated nomination and party list disputes arising from scheduled by-elections.

"Rebuilding public trust and laying a firm foundation for a credible 2027 General Election."

Regarding voter education and stakeholder engagement, the Commission partnered with civil society organizations, youth networks, and media outlets to implement localized voter education initiatives under the "Kura Yako, Sauti Yako" campaign. Targeted programmes focusing on youth, women, and Persons with Disabilities (PWDs) enhanced civic awareness and encouraged voter registration during the Enhanced Continuous Voter Registration (ECVR) exercise.

In collaboration with the Centre for Multiparty Democracy (CMD-Kenya), the Commission also implemented youth-focused engagement initiatives aimed at promoting meaningful participation in electoral processes, strengthening civic responsibility, and building greater confidence among young people in Kenya's democratic institutions.

The Commission also successfully hosted the Regional Electoral Management Bodies (EMBs) Capacity-Building and Experience-Sharing Program, which brought together Commissioners and senior electoral officials from across the region to exchange experiences, share best practices, and strengthen institutional capacity. The programme provided a valuable platform for deliberations on emerging issues in electoral management, including electoral technology, cybersecurity, artificial intelligence, institutional resilience, and stakeholder engagement, reaffirming the Commission's commitment to continuous learning, regional collaboration, and the promotion of credible, transparent, and inclusive electoral processes.

The Commission faced operational challenges, including delayed exchequer releases, logistical constraints during field operations, public skepticism from previous electoral cycles, online disinformation, and localized security concerns during by-elections. Nevertheless, the Commission maintained strong internal controls, fully cooperated with the Office of the Auditor-General, and ensured prudent utilization of resources across its operations.

Key priorities ahead include implementing the Election Operations Plan 2025–2027; implementation of Election Campaign Financing Regulations 2026; fill the vacant positions for the CEO, Directors and other staff, upgrading electoral technology; conducting ECVR Phase 2 including registration of Kenyans residing outside the country; audit of the Register of Voters; upgrading core data centers; procurement of the strategic materials, advancing multi-stakeholder engagement on election security through the Election Security Arrangement Project (ESAP); and enhancing nationwide voter education and engage the relevant stakeholders for patronization of the IEBC Fund.

Notable, ahead of the 2027 General Election, the Commission made deliberate efforts to improve the staff welfare, enhance institutional capacity, strengthen operational efficiency and accountability by engaging the Public Service Commission (PSC), the Salaries and Remuneration Commission (SRC) and the National Treasury to review the salaries and staff career progression.

In conclusion, I extend my heartfelt gratitude to the Commissioners for their dedicated leadership, and to the Commission Secretary/CEO and staff for their unwavering passion, focus, and commitment. I equally thank the Parliament of Kenya, the Judiciary, the National Treasury, political parties, civil society organizations, security agencies, and Development Partners including Electoral Law and Governance in Africa (ELGIA) and the United Kingdom High Commission for their support. Most importantly, I thank the citizens of Kenya for their faith, patience, belief and continued participation in strengthening our nation's democratic foundations.

Erastus Edung Ethekon, HSC
Chairperson, Independent Electoral and Boundaries Commission

PREFACE

The Financial Year 2025/2026 was a defining period for the Independent Electoral and Boundaries Commission, shaped by the full reconstitution of the Commission in July 2025 and an intensified drive toward readiness for the 2027 General Election. The Secretariat's central task was to translate the Commission's renewed leadership into operational delivery by rebuilding institutional capacity, resourcing electoral processes, and anchoring the year's work in a clear strategic roadmap.

This culminated in the development, validation, and launch, on 24 June 2026, of the IEBC Strategic Plan 2024–2029 and the Election Operations Plan (EOP) 2025–2027, which now provide the framework guiding the Commission's priorities through the next electoral cycle.

Delivery remained on track through sound planning, effective coordination and prudent resource management.

Key Achievements

Voter Registration: The Secretariat resumed Continuous Voter Registration (CVR) across all 290 constituency offices and rolled out Enhanced Continuous Voter Registration (ECVR) Phase I in 1,450 County Assembly Wards and 57 Huduma Centres nationwide. The exercise registered 2,768,984 new voters in total, including 2,345,476 through ECVR I (92% of its 2.551 million target), and 423,508 office-based CVR alongside 244,317 processed transfers and 3,620 changes of particulars.

Electoral Operations: The Secretariat delivered 31 by-elections (1 Senate, 8 National Assembly and 22 County Assembly Ward seats) and facilitated 37 external elections for learning institutions and other organizations, all managed in full compliance with constitutional and statutory timelines. The Candidate Registration Management System (CRMS) cleared 217 candidates with a 100% success rate, while 28,804 electoral officials were trained to reinforce operational readiness.

Institutional Capacity: Staff training, deployment, and organizational-structure review were prioritized alongside the Strategic Plan's emphasis on governance, human capital development, and performance management. Against an establishment of 1,138 positions, 819 were in post at year-end following the exit of 29 staff, and career-progression, grading, and HR policy instruments were advanced for oversight approval.

Financial Management: The Commission was allocated KES 12,980,293,313 for recurrent expenditure and KES 30,000,000 for development expenditure, utilizing KES 11,065,249,074.45, a budget absorption rate of 85.25% while generating KES 4,158,960 in Appropriation in Aid from by-election nominations and the sale of voter registers and maps. Resources were prioritized for voter registration, by-election management, procurement of electoral materials, stakeholder engagement, and institutional strengthening, supported by continued engagement with the National Treasury and development partners.

Technology, Governance and Risk: ICT systems recorded 99.9% uptime and 100% incident-response resolution, with KIEMS, CRMS, and RTS fully maintained and four internal systems re-engineered for efficiency. The Secretariat advanced information-security compliance, data-protection safeguards, and institutional risk management, while progressing legal and policy reforms, including public participation on proposed electoral law amendments and the Election Campaign Financing Regulations to strengthen transparency and accountability.

Voter Education and Partnerships: During ECVR I, the Commission enhanced voter education across 1,450 wards through its various platforms. It also sustained collaboration with government institutions, constitutional commissions, political parties, development partners, civil society organizations, the media, and other electoral stakeholders. These partnerships significantly advanced electoral preparedness, voter education, strategic planning, and institutional development. The Secretariat sincerely appreciates the technical and financial support provided by its development partners, whose contributions were instrumental to the successful implementation of these initiatives.

The Secretariat's work was constrained by delayed exchequer releases, evolving technological requirements, compressed electoral timelines, and the continuing task of rebuilding institutional capacity following the leadership vacancy. Notwithstanding these constraints, delivery remained on track through sound planning, effective coordination, and prudent resource management.

In the 2026/2027 Financial Year, the Secretariat will intensify implementation of the Strategic Plan 2024–2029 and the EOP 2025–2027, strengthening institutional coordination, expanding voter registration, enhancing election technology, building staff capacity, supporting electoral legal reforms, and accelerating preparations for the 2027 General Election.

An Election Results-Based Monitoring Framework is under development to track progress and support evidence-based decision-making, alongside clear performance standards and an accountability framework to strengthen oversight. The Commission will also continue to embed environmental sustainability, including efficient resource use, responsible waste management, and climate-related preparedness into its operations under the "Going Green" agenda.

The Commission remains committed to delivering free, fair, inclusive, transparent, efficient, credible, and constitutionally compliant electoral processes that deepen democracy in Kenya.

Lastly, I wish to sincerely appreciate the Commission and staff for their commitment, professionalism and continued support in delivering on the Commission's responsibilities.

.....

Kulundu R.K. (Mrs.)

Ag. Commission Secretary/CEO

EXECUTIVE SUMMARY

The Financial Year 2025/2026 marked a significant milestone for the IEBC, following its full reconstitution in July 2025 after a prolonged leadership vacancy. During the year, the Commission focused on rebuilding public confidence through inclusion and participation, strengthening institutional capacity, enhancing operational preparedness, and laying a firm foundation for the successful delivery of the 2027 General Election. Guided by its constitutional mandate, the Commission made notable progress in electoral management, voter registration, stakeholder engagement, election technology, governance, and legal reform.

The Commission successfully conducted 31 by-elections, comprising one Senate, eight National Assembly, and 22 County Assembly Ward elections, while also facilitating 37 external elections for various institutions. Through the Candidate Registration Management System (CRMS), 217 candidates were successfully cleared, and 28,804 electoral officials were trained to support electoral operations and readiness.

Voter registration remained a key priority during the reporting period. The Commission registered 2,768,984 new voters, out of which 423,508 voters and 2,345,476 were enlisted through CVR and ECVR Phase I respectively translating to a total of 24 million registered voters. These achievements significantly strengthened the voter register ahead of the 2027 General Election.

A major institutional milestone was the launch of the IEBC Strategic Plan 2024–2029 and the Election Operations Plan (EOP) 2025–2027 on 24th June 2026 under the theme "Inclusion and Participation in Deepening Democracy in Kenya" and the clarion call "Kura Yako, Sauti Yako" (Your Vote, Your Voice). The two plans provide the Commission's roadmap for delivering credible elections, enhancing citizen participation, promoting equitable representation, and strengthening institutional resilience.

The Commission continued to strengthen inclusion and participation through voter education, partnerships, and stakeholder engagement. During the year under review, 159 voter education providers were accredited, 2,016 voter educators engaged, 23,700 voter education materials disseminated, and 7,116 election observers accredited. In addition, 1,962 stakeholder engagement forums were conducted, contributing to increased public participation and awareness of electoral processes.

To enhance efficiency and service delivery, the Commission maintained key electoral systems, including Kenya Integrated Election Management System (KIEMS), CRMS, and the Results Transmission System (RTS), achieving 99.9% system uptime and fully resolving ICT incidents. The Commission also strengthened information security, upgraded internal business systems, advanced electoral legal reforms, and published key electoral dispute resolution reports to support future electoral processes.

In advancing its governance and institutional transformation agenda, the Commission in consultation with PSC, SRC and the National Treasury reviewed its organizational structure and initiated the human resource reforms. By the end of the financial year, 819 staff were in post against an establishment of 1,138 positions.

Furthermore, the Commission strengthened risk management and internal audit functions, and maintained technical preparedness for future boundary review processes. The Commission also participated in regional and international peer-learning initiatives to promote institutional learning and innovation.

Regarding financial management, the Commission was allocated KES 12.98 billion for recurrent expenditure and KES 30 million for development expenditure. It utilized KES 11.07 billion, representing an absorption rate of 85.25%, and generated KES 4.16 million in Appropriation in Aid from by-election nominations and the sale of voter registers and maps. Resources were prudently utilized to support electoral operations, voter registration, stakeholder engagement, technology maintenance, and institutional strengthening initiatives, among others.

"A credible Electoral Management Body committed to deepening Kenya's democracy."

Despite these achievements, the Commission faced challenges including delayed exchequer releases, budget constraints, logistical complexities, staffing gaps, evolving technological demands, online disinformation, and public skepticism arising from previous electoral cycles. Nevertheless, the Commission maintained effective stakeholder engagement, strategic communication, internal controls and risk management to ensure continuity of operations and service delivery.

Looking ahead to FY 2026/2027, the Commission will focus on implementing the Election Operations Plan 2025–2027, rolling out ECVR Phase II including registration of Kenyans residing outside Kenya, geospatial mapping of polling stations, auditing the Register of Voters, strengthening the election results management, gazetting and impl#menting the Election Campaign Financing Regulations, upgrading electoral technology and data centre infrastructure, operationalizing the IEBC Fund, strengthening election security arrangements, and expanding voter education and stakeholder engagement programmes. Through these efforts, the Commission remains committed to delivering free, fair, inclusive, transparent, efficient, and credible elections that deepen democracy in Kenya.

The Commission provides strategic direction, policy oversight and leadership in the implementation of the IEBC's constitutional and statutory mandate.

1.1 Introduction

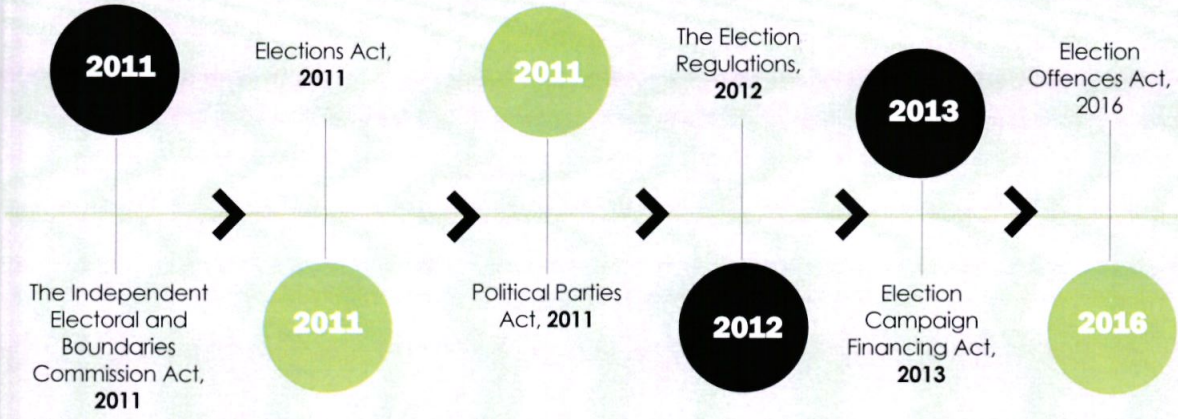

This chapter provides background information about the Independent Electoral and Boundaries Commission (IEBC). It explains the Commission's establishment, mandate, organizational structure, and governance framework. Further, it describes the Commission's programmes and the transition of the Strategic Plan 2020-2024 to 2024-2029.

1.2 Establishment and Mandate

The Independent Electoral and Boundaries Commission is established under Article 88 (1) and incorporated as a body corporate under Article 253 of the Constitution of Kenya 2010. The Commission derives its mandate from Article 88(4) of the Constitution of Kenya, 2010, to conduct or supervise referenda and elections to any elective body or office established by the Constitution and any other elections as prescribed by an Act of Parliament. The Commission is specifically responsible for:

To achieve its mandate, various laws were enacted to operationalize it. These include;

7
Members providing strategic leadership and oversight

1
Chairperson

6
Members of Commission

1.3 Governance Framework

1.3.1 Organization Structure

The Independent Electoral and Boundaries Commission is structured into the Commission and the Secretariat. Further, the Commission conducts its business through established Directorate Committees and the Plenary.

1.3.2 The Commission

The Commission is composed of a Chairperson and Six Commissioners, as provided under Article 88(5) of the Constitution of Kenya, 2010, and Section 5 of the IEBC Act, 2011. These members are appointed by the President through a competitive and transparent process involving a selection panel and approval by the National Assembly, in line with Article 250(2), (4) of the Constitution.

The Chairperson and Commissioners serve a single non-renewable term of six years, as stipulated in Article 250(6) (a) of the Constitution and Section 7(1) of the IEBC Act. The Commissioners provide strategic leadership, oversight, and policy direction to ensure the Commission effectively fulfills its constitutional mandate and upholds democratic governance in Kenya.

1.3.3 The Committees of the Commission

The Commission established the Commission Committees to improve coordination and oversight across core functions. These Committees include;

i. Audit and Risk Committee;
ii. Legal, Compliance and Political Party Liaison Committee.
iii. Human Resource, Training, Administration and disciplinary Committee;
iv. Research, innovation, information & communication technology committee
v. Boundaries Delimitation Committee;
vi. Finance and Supply Chain Management Committee;
vii. Voter Education Partnerships, communications and Stakeholder Management Committee
viii. Election operation committee

1.3.4 The Secretariat

The Secretariat comprises the Commission Secretary/Chief Executive Officer (CS/CEO) and the Commission's staff. The CS/CEO serves as the head of the Secretariat and is the Accounting Officer for the Commission. Two Deputy Commission Secretaries (DCSs), responsible for Operations and Support Services, assist the CS/CEO. The Secretariat's role is to implement the Commission's policies and strategy. The Secretariat comprises nine directorates, as follows:

i) Electoral Operations,

ii) Voter Education and Partnerships and Communication,

iii) Research, Electoral Boundaries and Risk Management,

iv) Information and Communication Technology,

v) Finance,

vi) Legal Services,

vii) Human Resources and Administration,

viii) Supply Chain Management, and

ix) Internal Audit and Compliance.

To enhance service delivery and ensure the efficient implementation of its programmes and activities, the Commission has decentralized its operations across all 47 counties and 290 constituencies. County operations are coordinated by County Elections Managers (CEMs), while constituency offices are managed by Senior Elections Officers (SEOs), who are supported by Assistant Elections Officers (AEOs).

The county and constituency offices are further supported by County Accountants, Warehouse Accountants, County ICT Officers, and Drivers, whose complementary roles are critical in facilitating the effective delivery of the Commission's constitutional mandate at the grassroots level.

2.0 Introduction

This chapter presents the Commission's performance for the financial year under review, based on the four Key Result Areas (KRAs) identified in the IEBC Strategic Plan 2024–2029: Managing Elections, Citizen Engagement and Participation, Equitable Representation, and Institutional Resilience. These KRAs provide the framework for implementing the Commission's constitutional mandate and for measuring progress towards its strategic objectives. The chapter also highlights key activities and achievements under each KRA, assesses performance against established Key Performance Indicators (KPIs), and provides a comparative analysis of planned targets versus actual achievements during the reporting period.

2.1.2 Conduct of Election Operations

The Commission is responsible for conducting voter registration, elections, candidate registration, logistics management and electoral training, which are critical functions in delivering the Commission's constitutional mandate. During the year under review, the Commission focused on the following electoral strategic priorities:

i. Enhanced access to voter registration services through decentralized registration centers and innovative registration approaches.

ii. Updated the register of voters through enrolment of new applicants, affected transfers, and updated particulars of voters.

iii. Conducted 31 by-elections.

iv. Facilitated the conduct of 37 external elections for learning institutions and other stakeholders.

v. Spearheaded institutional preparedness for the 2027 General Election by reviewing CRMS technology, the registration module of KIEMS, among others.

vi. Enhanced the technical capacity of permanent and temporary election officials through standardized electoral training.

vii. Improved operational efficiency through technology, innovation and real-time monitoring.

2.1.2.1 Voter Registration

During the year under review, the Commission restored voter registration services across its 290 Constituency Offices through Gazette Notice No. 12008 and implemented Enhanced Continuous Voter Registration (ECVR) in 1,450 County Assembly Wards, 57 Huduma Centers across the country, the IEBC Customer Experience Center and institu-

tions of higher learning except the areas affected by the by-elections.

The Commission also mapped the voter registration centers and published the list in the Kenya Gazette Vol. No. 13904. CXXVII—No. 201 of 26th September 2025. Table 11 shows the gazetted voter registration centres during the year under review;

Table 11: Gazetted Voter Registration Centres

2.1.2.2 Electoral Operations

Electoral Operations constitute the core implementation function through which the Commission plans, coordinates and delivers electoral activities in accordance with the Constitution of Kenya, the Elections Act and other applicable electoral laws.

During the 2025/2026 Financial Year, the Commission implemented a broad range of activities aimed at sustaining electoral readiness, responding to emerging electoral events and strengthening institutional preparedness.

2.1.2.3 Conduct of By-elections

During the year under review, the Commission conducted thirty-one (31) by-elections in electoral areas where vacancies occurred. Table 13 highlights the details of by-elections conducted.

2.1.2.5 Candidate Registration

During the year under review, the Commission registered 217 candidates within the prescribed timelines, achieving a 100% success rate for all the aspirants. A key innovation during the exercise was the deployment of CRMS, which automated the registration process and enhanced the accuracy, efficiency, and integrity of the candidate data management. The system enabled immediate generation and display of ballot paper proof at the point of registration. Table 14 summarizes the number of candidates who were cleared by the CRMS.

2.1.2.6 Electoral Logistics

Electoral logistics is a critical function that supports the entire electoral cycle by ensuring that personnel, technology, and election materials are available in the right quantities, at the right locations, and at the required time. During the year under review, the Commission ensured that election materials were timely acquired, provided and delivered to support voter registration, by-elections, electoral training and external election activities.

2.1.2.7 Electoral Training

The Commission trained 28,804 officers across various electoral activities, reinforcing institutional readiness and operational capacity. Table 15 highlights the summary of the training.

2.1.2.8 Results Management

During the year under review, the Commission successfully managed the results declaration process for all 31 by-elections, ensuring full compliance with the Constitution, electoral laws and Commission procedures. The Commission ensured timely publication of results through its designated public portal after verification and quality assurance.

2.1.2.9 Post-Election Evaluation

Following each by-election, the Commission conducted post-election evaluations to assess operational performance, identify strengths and challenges, document lessons learned, and recommend improvements. The findings were consolidated into post-election assessment reports that supported institutional learning, strengthened operational preparedness, and informed continuous improvement efforts, thereby enhancing the Commission's readiness for future electoral activities.

The Commission successfully managed the results declaration process for all 31 by-elections, ensuring full compliance with the Constitution, electoral laws and Commission procedures.

2.1.3 Electoral Information and Communication Technology

The Commission leverages Information and Communication Technology (ICT) to enhance the credibility and efficiency of electoral processes and internal operations. This includes the management of electoral technologies, communication networks, database systems and systems integration. The Commission also develops and maintains business applications and ICT infrastructure to ensure secure, reliable and uninterrupted access to services. During the year under review, the Commission undertook the following activities as part of its routine operations:

2.1.3.1 Infrastructure and network system

The Commission:

2.1.3.2 Applications and Support Services

The Commission:

i. Maintained election technology and business applications, including the Kenya Integrated Electoral Management System (KIEMS), Candidate Registration Management System (CRMS) and Results Transmission System (RTS);

ii. Provided ICT support and maintenance services to enhance service delivery at the Headquarters, 47 County offices, and 290 Constituency offices;

iii. Enhanced operational efficiency by achieving 99% ICT service availability and uptime, while ensuring 100% response and resolution of all reported incidents; and

iv. Re-engineered internal systems, including the Information Technology Service Management System (ITSM), Inventory Management System (IMS), Human Resource Management Information System (HRMIS), and Budget Management System (BMS), to improve operational efficiency and business processes.

2.1.4 Supply Chain Management

The Commission's Supply Chain Management function supports the timely acquisition, storage, and distribution of goods, services, and works required for the effective discharge of its mandate. During the period under review, the function facilitated operational continuity, efficient procurement and logistical processes by ensuring compliance with applicable legal and regulatory requirements. The Commission undertook the following key supply chain management activities as shown in Table 18.

KRA 2: Citizen Engagement & Participation

2.2.1 Introduction

This section highlights the strategies the Commission deployed to enhance the active involvement of citizens and stakeholders in the electoral process, laying the foundation for credible elections. These strategies focus on enhancing voter education, strategic partnerships, stakeholder engagement, and election observation.

2.2.2 Voter Education

During the reporting period, the Commission implemented several voter education programs to increase voter awareness and promote informed participation in electoral processes. The key activities undertaken included:

2.2.2.1 Voter Mobilization and Outreach for ECVR I

The Commission coordinated nationwide ward-based voter mobilizers, complemented by traditional media and digital communication platforms, to disseminate voter registration messages and encourage eligible citizens to register during the Enhanced Continuous Voter Registration Phase I (ECVR I) exercise.

2.2.2.2 Voter Education During By-Elections

During the reporting period, the Commission conducted one Senate by-election in Baringo County, seven National Assembly by-elections in Banissa, Magarini, Ugunja, Malava, Mbeere North, Kasipul and Emurua Dikirr constituencies, and 23 Member of County Assembly Ward (CAW) by-elections. Comprehensive voter education was undertaken in all the 31 electoral areas. Two voter educators were deployed in each ward, while additional Constituency and County Voter Educators were engaged to coordinate voter education activities during constituency and county by-elections, respectively.

2.2.2.3 People's Dialogue Festival

The Commission participated in the 2026 People's Dialogue Festival organized by the Centre for Multiparty Democracy (CMD) at Uhuru Park, Nairobi and the Meru National Polytechnic. The Commission established an exhibition stand where Commissioners and staff engaged members of the public on voter registration, electoral processes and the Commission's constitutional mandate. Participation in discussion panels provided additional opportunities to educate citizens on democratic governance and electoral participation.

2.2.2.4 Digital Voter Education

The Commission continued to utilize digital communication platforms, including X, Facebook and YouTube, to reach wider audiences with electoral information. In the period under review, the Commission conducted six (6) interactive X-Space sessions that enabled direct engagement with members of the public through question-and-answer sessions on electoral processes. Online posters and digital campaigns were also used to disseminate timely voter education messages.

2.2.2.5 Information, Education and Communication Materials

To support voter education activities, the Commission produced and distributed posters, brochures and flyers during ECVR I, 31 by-elections and other voter education programs. The standardized IEC materials enhanced public understanding of voter registration procedures and electoral participation.

2.2.2.6 Accreditation of Voter Education Providers

During the reporting period, the Commission accredited 159 Voter Education Providers to support implementation of non-partisan voter education programs across the country. Annex 9 contains the list of accredited Voter Education Providers.

2.2.2.7 Cultural Exhibitions

The Commission strategically leveraged cultural events and exhibitions to enhance its public image as an accessible, citizen-centered institution. At events such as the Rendile Cultural Festival in Marsabit, Tobong'u Lore cultural festival in Turkana, the Commission took electoral services directly to marginalized communities, facilitating on-site voter registration and education.

Further, engagements at university cultural weeks successfully targeted the youth demographic, boosting registration among students.

2.2.2.8 Voter Education in Institutions of Higher learning

The Commission deliberately and strategically collaborated with 61 institutions of higher learning, at least one in each county, during the ECVR1 and equipped students with essential knowledge on electoral processes, and the importance of informed voting and electing responsible leaders. This early intervention ensures that Kenya's democracy is sustained by a generation that understands its rights, responsibilities and the power of the ballot.

2.2.2.9 Inclusive participation in electoral processes

The Commission promoted inclusive electoral participation through targeted engagements with youth, women, marginalized groups, minorities, and persons with disabilities. Dialogue forums were held, among others, with Bunge la Mwananchi, the National Youth Council and regional youth leaders, disability organizations, the Westminster Foundation for Democracy, FIDA Kenya and the University of Nairobi. Further, the Commission held targeted stakeholder engagement during 31 by-elections and the ECVR 1.

2.2.3 Partnerships and Stakeholder Engagement

In the period under review, the Commission strengthened collaboration with strategic partners and stakeholders to deliver on its mandate through partnership coordination, stakeholder engagement, and election observation.

2.2.3.1 Institutional Partnerships

The Commission strengthened collaboration with electoral governance institutions and oversight agencies to support electoral processes. In the year under review, the Commission held consultative engagements with, among others, ELGIA, the Uchaguzi Platform, Transparency International Kenya, EACC, ODPP and the Judiciary. Others were the Political Parties Liaison Committee (PPLC), Office of the Registrar of Political Parties (ORPP), the Law Society of Kenya (LSK), National Cohesion and Integration Commission (NCIC), Amnesty International Kenya and the Evangelical Alliance of Kenya.

2.2.3.2 Stakeholder Engagement

The Commission conducted 140 stakeholder engagement forums during Senate, National Assembly and MCA by-elections held between November 2025 and May 2026. In addition, the Commission held stakeholder engagement forums in support of the ECVR and conducted 1,962 stakeholder meetings targeting state agencies, non-state actors, women, youth and persons with disabilities.

a. Diaspora Engagement

The Commission collaborated with the State Department for Diaspora Affairs and the Diaspora Technical Working Group to strengthen preparations for diaspora voter registration and participation, focusing on harmonizing registration data, operational planning, and civic awareness for Kenyans living abroad.

b. Media, Development Partners and International Cooperation

The Commission strengthened partnerships with the Media Owners Association, Media Council of Kenya (MCK), Kenya Union of Journalists, Kenya Correspondents Association (KCA), Nation Media Group, Kenya Editors Guild (KEG) and the Kenya Media Sector Working Group (KMSWG) to enhance dissemination of voter education messages and public communication during electoral activities. Further, the Commission collaborated with the United Nations Development Program (UNDP) to support the actualization of the Elections Basket Fund and engaged EISA and Yiaga Africa to enhance technical cooperation on electoral management and emerging technologies in elections.

c. Inter-Agency and Private Sector Collaboration

The Commission collaborated with the Ministry of Interior and National Administration, through the National Registration Bureau and the Immigration Department, to support voter registration and the Election Security Arrangement Program (ESAP). Further, the Commission entered into a strategic partnership with the Kenya National Chamber of Commerce and Industry (KNCCI) that promoted voter registration.

2.2.4 Election Observation

The Commission accredited observers to lend credibility to electoral activities. During the year under review, the Commission accredited 7,116 election Observers to oversee the conduct of the 31 by-elections. The Commission also conducted observer sensitization and briefings before their deployment to the field to observe the by-election and rollout of ECVR 1. Table 19 highlights key activities for Citizen Engagement and Participation.

KRA 3: Equitable Representation

2.3.1 Electoral Boundaries Delimitation

Article 89 mandates the Commission to review the names and boundaries of constituencies at intervals of not less than eight years, and not more than twelve years, but any review shall be completed at least twelve months before a general election of members of Parliament. Due to the lapse in the second boundary review timeline, the Commission received the Supreme Court's advisory opinion and the doctrine of constitutional necessity, binding judicial decisions affecting census data. Upon extensive internal deliberations, the Commission resolved to adopt a phased approach to the boundary review.

The following activities were undertaken during the year under review as shown in Table 20.

Table 20: Electoral Boundaries Delimitation Performance Matrix

2.3.2 Equity in Representation in Parliament and County Assembly Levels

The Constitution of Kenya, 2010 prescribes the promotion of representation in Parliament and County Assemblies for women, persons with disabilities, youth, ethnic and other minorities, and marginalized communities in the process of nominating candidates for election.

Article 90 of the Constitution of Kenya, 2010 bestows upon the Commission the responsibility to conduct and supervise elections for special seats based on proportional representation by use of party lists. Section 36 of the Elections Act, 2011 consequently provides that the Commission shall allocate special seats in each of the Assemblies based on the proportional seats a Party obtained in that respective House.

During the year under review, the Commission re-allocated Party List seats from various assemblies based on the proportional seats of each of the political parties as shown in Table 21.

KRA 4: Institutional Resilience

2.4.1 Governance

Sound corporate governance is fundamental to the Commission's independence, accountability, and public credibility. The Commission advanced the principles of transparency, integrity, and compliance with applicable laws, policies, and international best practices in discharging its mandate. Further, the Commission integrates risk management in decision-making and processes. During the period under review, the Commission implemented the following activities;

2.4.1.1 Development of Strategic Plan 2024-2029

The Commission prepared and launched its Strategic Plan 2024-2029 on June 24, 2026, which is a roadmap for its activities informed by lessons learned from previous strategic plans, stakeholder consultations, situational analysis, post-election evaluation, jurisprudence, election observer reports and the National Development Plan.

2.4.1.2 Development of Election Operation Plan 2025-2027

The Election Operation Plan (EOP) 2025-2027 was developed and launched to guide the implementation of electoral activities. It outlines key election milestones, resource requirements, operational procedures, risk management measures, and monitoring mechanisms and timelines.

2.4.1.3 Strategic Direction

The Commission reviewed the vision, mission, core values, strategic goals, strategic theme and quality policy statement to provide strategic direction. The Commission also reviewed the tagline on the Commission's logo from Your Vote Your Future to Your Vote, Your Voice (Kura Yako Sauti Yako).

Mission

To conduct inclusive, credible, and efficient elections, and to undertake boundary delimitation for equitable representation and sustainable democracy.

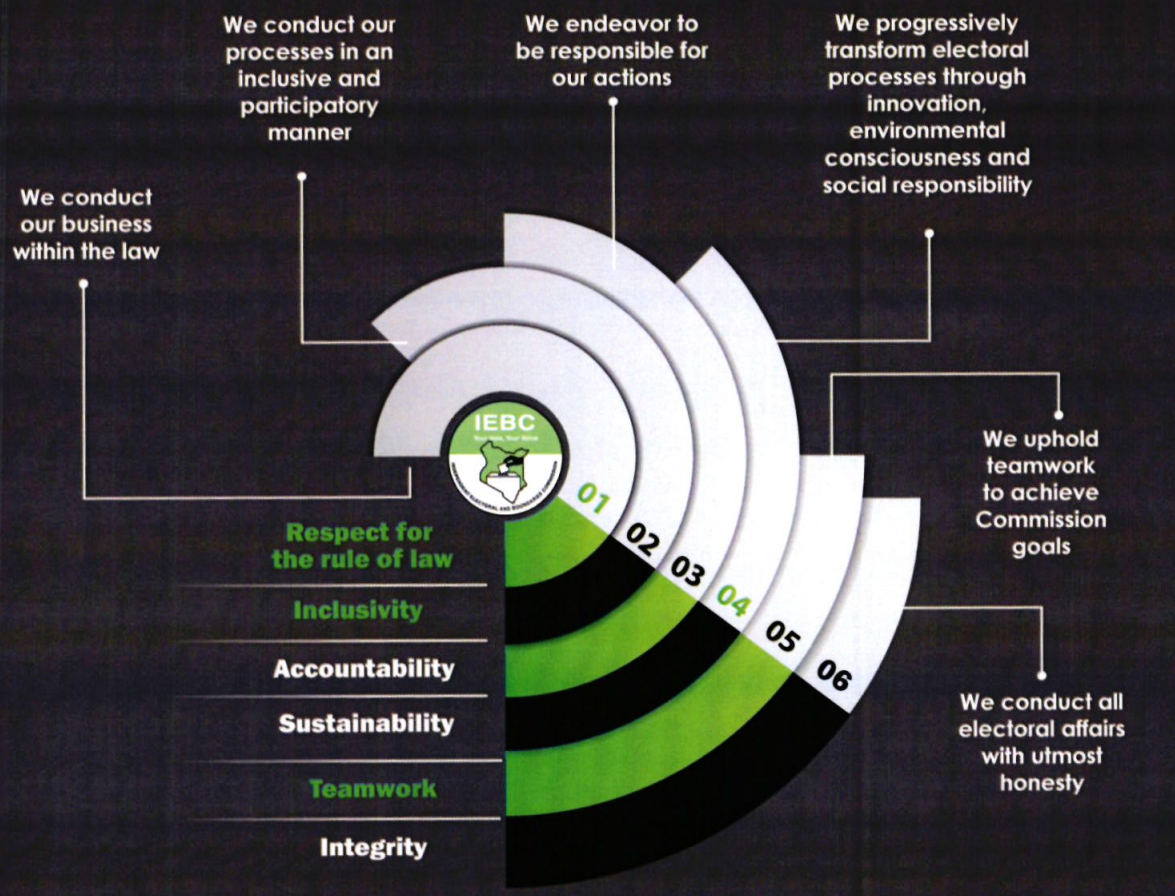

Vision

A credible Electoral Management Body committed to deepening democracy in Kenya

Core Values

Core Values

Strategic Theme

Inclusion and Participation in Deepening Democracy in Kenya.

Quality Policy Statement

We affirm our commitment to deepening democracy in Kenya by conducting inclusive, credible, and participatory electoral and boundaries processes.

2.4.1.4 Review of the Organizational Structure

During the reporting period, the Commission reviewed its organizational structure to strengthen institutional capacity, improve operational efficiency, and enhance accountability. Annex 8 shows the proposed organizational structure, which was submitted to the Public Service Commission (PSC) for consideration and approval.

2.4.1.5 Plenary and Commission Committee Meetings

The Directorates are responsible for implementing the strategic issues and decisions approved by the Plenary. These strategic issues may arise in response to both internal and external factors affecting the Commission. With regard to operational matters, the Directorates prepare and submit papers to Management for consideration. Management subsequently forwards the papers to the relevant Commission Committees and, where necessary, to the Plenary for review and approval.

Table 22 highlights the number of meetings held by the relevant Commission Committees in the discharge of their oversight and decision-making responsibilities. Through these meetings, the Committees reviewed and approved operational matters aimed at enhancing organizational performance, as well as strategic issues requiring policy direction and governance oversight. Matters considered by the Committees were subsequently escalated to the Plenary, where necessary, for final review and approval in accordance with the Commission's governance framework.

2.4.1.6 Peer learning and Benchmarking

During the period under review, the Commission engaged with electoral management bodies and other institutions through study visits, knowledge-sharing forums, and benchmarking engagements. These interactions provided valuable insights into emerging trends, innovative practices, and practical experiences in electoral administration, governance, technology, and stakeholder engagement.

The Commission during an engagement with the United Nations Special Envoy for the Horn of Africa to discuss Kenya's democratic stability and roadmap toward the 2027 General Election.

The Commission conducted peer visits and election observation missions in 17 countries. In addition, the Commission hosted delegations from EMBs from 3 countries. Finally, the Commission collaborated with AWEB and IITEC to train Commissioners and staff in election management.

Table 23 provides details of the peer learning visits hosted by the Commission and the benchmarking engagements undertaken during the year under review.

The Commission during a CSR activity in Tiaty Constituency.

During the reporting period, the Commission continued to demonstrate its commitment to corporate social responsibility(CSR) as an integral part of its institutional mandate, recognizing that public trust in electoral management extends beyond the conduct of elections to the Commission's broader role as a responsible public institution. Through targeted community engagement initiatives, the Commission sought to give back to the communities it serves while reinforcing the values of transparency, inclusivity, and accountability that underpin its core operations. These efforts reflect the Commission's understanding that a credible electoral body must also be a good corporate citizen, contributing meaningfully to the social and economic wellbeing of the nation it serves.

CHALLENGES AND RECOMMENDATIONS

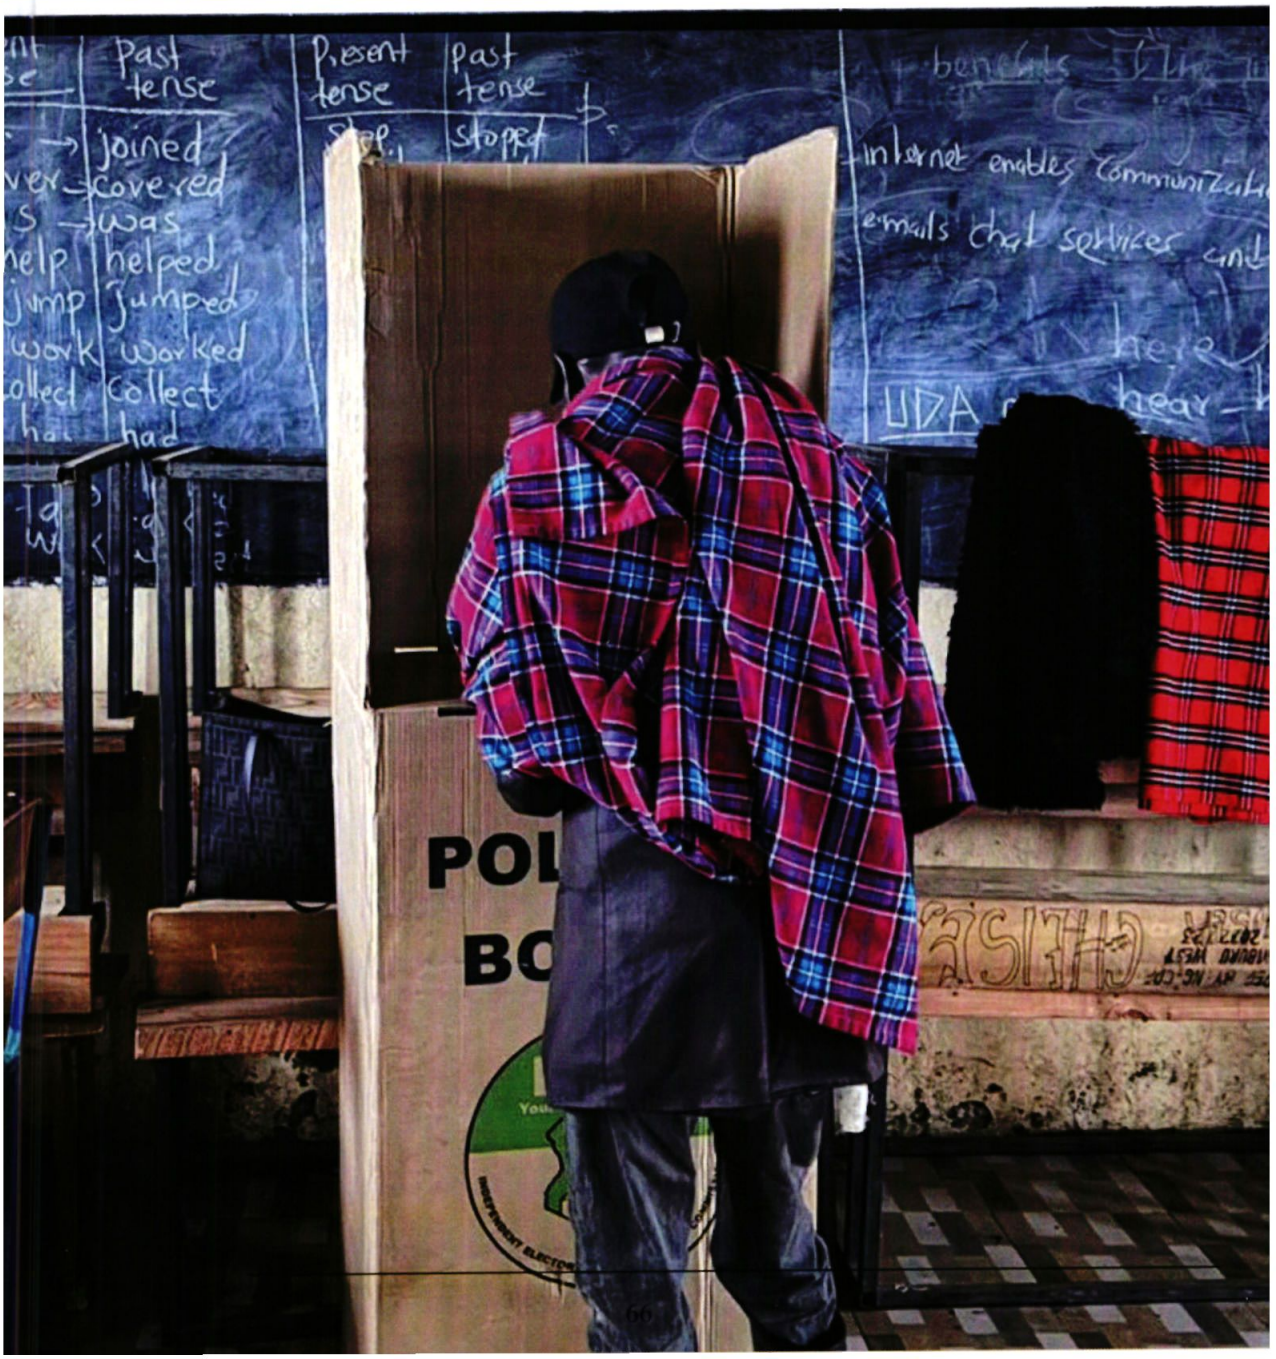

2.3M

Number of new voters registered during the period under review.

99%

KIEMS performance

Voter registration faced operational, legal, security and financial challenges.

During the reporting period, the Commission conducted a total of thirty-one (31) by-elections across the country, comprising one Senate seat (Baringo County), eight National Assembly seats (Magarini, Banissa, Mbeere North, Ugunja, Kasipul, Malava, Isiolo South, and Emurua Dikirr constituencies), and twenty-two County Assembly Ward seats spread across sixteen counties.

These mini-polls were conducted alongside ECVR Phase I exercise (30th March–28th April 2026), which enlisted over 2.3 million new voters ahead of the 2027 General Election. While the Commission recorded notable operational successes, including a 99% functionality rate of KIEMS kits during the November 27, 2025 polls, the exercise also exposed a range of operational, legal, security, and financial challenges that require deliberate institutional attention. This section documents these challenges and sets out corresponding recommendations for consideration in the Commission's reform agenda ahead of the 2027 General Election. Table 33 highlights a summary of the challenges.

Table 33: Challenges and Recommendations

Challenge	Description	Recommendation
Electoral/campaign violence	Deadly and sporadic clashes instigated by goons attached to political figures in Malava, Mbeere North, Kasipul and other isolated by-election areas (2 deaths reported, injuries, attack on Police officers) during campaigns	Proactively enforce the Code of Conduct; deploy multi-agency security early; require signed peace charters before nomination.
Breach of statutory timelines	Baringo, Banissa, Magarini, Ugunja, Malava and Mbeere North by-elections held beyond the 90-day constitutional limit.	Adopt an SOP that triggers automatic gazettement upon confirmation of a vacancy.
Legal disputes and petitions	Candidate eligibility challenge (Banissa); results petition alleging manipulation (Malava, 54 stations).	Strengthening Legal Service Directorate capacity for swift, transparent dispute resolution and public communication.
Low voter turnout	Some By-election areas recorded low voter turnout.	Redesign voter education using digital/social platforms; run targeted local voter education before polling.
Regional/registration disparities	Uneven ECVR registration numbers; network connectivity gaps in remote areas.	Deploy mobile registration to underserved wards; invest in backup connectivity (e.g., satellite) for KIEMS.
Financial/procurement constraints	Outstanding pending bills from previous election cycles, which have eroded supplier confidence and likely to affect 2027 GE.	Secure ring-fenced Treasury funding for by-elections; clear pending bills in a phased, transparent manner.

INDEPENDENT ELECTORAL AND BOUNDARIES COMMISSION (IEBC)
ANNUAL REPORT AND FINANCIAL STATEMENTS FOR THE PERIOD ENDED 30TH JUNE 2026

CHAIRPERSON'S STATEMENT

I am pleased to present the Commission's Annual Report and Financial Statements for the period ended 30th June 2026.

During the period under review, the Commission successfully conducted thirty-one (31) by-elections in 29 electoral areas while two electoral areas had no contest. The Commission also conducted continuous and enhanced voter registration and registered 2,768,984 new voters which reflected 87% of the targeted potential voters. Meanwhile, the Commission continued with the preparatory activities towards the 2027 General Election activities.

The Commission concluded the development and preparation of the 2024–2029 Strategic Plan and the 2025–2027 Election Operations Plan (EOP) as strategic instruments for effective planning and implementation of activities and programmes for the 2027 General Election. The plans were launched in June 2026.

The Commission continued stakeholder engagements to strengthen electoral legal framework through engagement with Political Party Liaison Committees (PPLC), parliamentary engagements Development Partners and other key stakeholders in the electoral processes

During the period under review, the Commission with the support of the National Treasury was able to settle pending bills worth Kshs. 3 billion which was a great relief to the service providers. The Commission, however continued to engage with the relevant government departments with a view of obtaining additional budget to fund the deficit in the 2027 general Election budget. IEBC is looking forward to the National Treasury and the National Assembly to provide adequate budget allocation and timely release of exchequer to fund the planned 2027 General election activities and settle balance of the pending bills amounting to Kshs. 1.8 billion. Some of these bills continue to attract interest due to non-payment.

Further, the Commission concluded the development of key Human Resource Instruments including Organizational Structure, Grading Structure, Staff Establishment, Career Guidelines, and Human Resource Policy & Procedures Manual. These instruments will ensure objective human resource decision-making, align employee performance with organizational goals, ensure legal compliance, and promote fair labor practices and staff career growth.

I wish to commend and applaud the Members and Staff of the IEBC, as well as all our partners and stakeholders, for their support towards the fulfilment of the Commission's mandate as enshrined in the Constitution of Kenya, 2010.

In conclusion, I wish to convey the Commission's gratitude to the National Government, the National Treasury, Parliament, our partners and stakeholders, and the staff of the Commission for their continued support towards the fulfilment of our mandate.

ERASTUS EDUNG ETHEKON, HSC
CHAIRPERSON

INDEPENDENT ELECTORAL AND BOUNDARIES COMMISSION (IEBC)
ANNUAL REPORT AND FINANCIAL STATEMENTS FOR THE PERIOD ENDED 30TH JUNE 2026

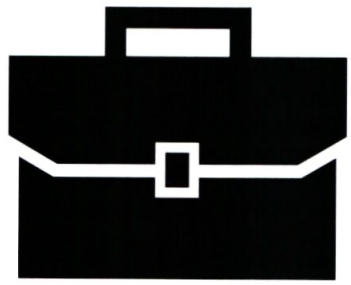

REPORT OF THE SECRETARY/CEO

The Independent Electoral and Boundaries Commission, hereby, submits its Annual Report and Financial Statements for the period from 1st July 2025 to 30th June, 2026. During the period under review, the Commission was allocated Kshs.12,980,293,313 for the Recurrent Expenditure and Kshs.30,000,000.00 was allocation for the Development Expenditure. The Commission earned recurrent exchequers amounting Kshs. 11,065,249,074.45 and earned an Appropriation in Aid amounting to Kshs. 4,158,959.50 from sale of electoral maps, register of voters and hire of ballot boxes.

The Annual Report and Financial Statements comprises the Statement of the Financial Performance, Statement of the Financial Position, Statement of Changes in Net Assets, Statement of Cash Flows and Statement of Comparison of Budget and Actual amounts. The Commission has continued to ensure probity and prudence in the management of its resources in accordance with the provisions of the Public Finance Management Act (PFM), 2012 and the attendant regulations. The Financial Statements of the Commission are also prepared in conformity with the International Public Sector Accounting Standards (IPSAS) on accrual basis.

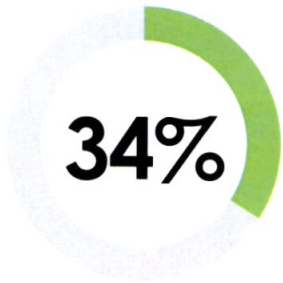

The mandate of the Commission is derived from Article 88 of the Constitution of Kenya, 2010 and statutory instruments that include; the IEBC Act, 2011, the Elections Act, 2011 and the attendant election regulations. The Commission is responsible for enforcing the Electoral Code of Conduct and monitoring compliance relating to the nomination of candidates by political parties. It also conducts investigation of electoral malpractices in Kenya.

More so, the Mission of the Commission is to conduct transparent, efficient, and impartial elections; and undertake boundary delimitation for equitable representation and sustainable democracy. This is reflected in the conduct of the elections and the election related activities in a manner that consistently delivers the desired results. The Commission successfully conducted thirty-one (31) by-elections, with an average voter turnout of 34% of the registered voters. The Commission conducted continuous and enhanced voter registration and registered 2,768,984 new voters reflected 96% of the targeted potential voters. Meanwhile, the Commission continued with the preparatory activities towards the 2027 General

Election activities. It is important to also note that public trust and participation are key pillars in the Commission's strategic direction aimed at instilling confidence and trust in the electoral processes among citizens. In cognizance of this, the Commission has continued to work very closely with various electoral stakeholders to ensure transparency and inclusivity in the electoral process.

The Commission continued stakeholder engagements to strengthen electoral legal framework through engagement with Political Party Liaison Committees (PPLC), Parliamentary engagements and development partners.

As regards risks management and assurance, the Commission recognizes that the two are important corporate governance pillars. To this end, the Commission has embedded a robust risk management framework in all its operations and functions.

Furthermore, the Commission has put in place continuous risks assessment and mitigation strategies to enhance internal controls and compliance. The Commission has also undertaken enterprise-wide risks management trainings, established a Risks Register and continuous review of the Commission's processes and operations.

Finally, I wish to sincerely appreciate the members of staff for their relentless dedication and commitment in the realization of the Commission's set-out goals and objectives. I am also thankful to all partners and stakeholders for their immense support towards the fulfilment of the Commission's mandate as enshrined in the Constitution of Kenya, 2010.

Indeed, building a better electoral body demands concerted efforts from both the internal and external actors. I request everyone to carefully read and analyse these statements and provide invaluable feedbacks to gear the Commission forward.
