**RIVATEX EAST AFRICA LIMITED**  
**FINANCIAL STATEMENTS FOR THE YEAR ENDED 30<sup>TH</sup> JUNE 2016**

**CHAIRMAN'S STATEMENT**

**Dear Shareholders**

I am sincerely privileged to table this annual report for the year ended 30<sup>th</sup> June 2016.

We are driven by the goal of becoming a leading textile factory in the East African region, one that produces quality and embraces innovation for consistent and sustainable supply of quality fabrics and apparels both locally and internationally. During the year we utilized three hundred and ninety seven million seven hundred thousand nine hundred ninety three thousand two hundred and twenty two shillings (Kshs.397,775,748/-) to modernize processing department of the factory in order for Rivatex East Africa Limited to be more competitive to withstand threats and take advantage of emerging opportunities in the fast changing global textile manufacturing arena. We recognize that in order to build a formidable textile industry giant we must invest in modern plant and machinery that will enable the company to sustainably produce both efficiently and cost effectively. We continued to manage our costs while ensuring that quality not compromised by availing to the market high quality textile products despite having to overcome various machinery breakdowns and obsolescence.

**Board Changes**

During the financial year Mr. John Temba replaced Mr. Michael Kahiti as the alternate of PS-State Department of Higher Education. Dr. Eric Oyondi also joined the Board to replace Prof. John T. Githaiga. The Board wishes to thank Mr. M. Kahiti and Prof. J. T. Githaiga for their expert contributions and sacrifices that they made while serving as Board members of the company.

**Overview of Business Environment**

According to World Bank, in their April 2016 forecast report, the Kenyan economy will grow by five decimal nine percentum (5.9%) in 2016 and six decimal one percentum in 2017 buoyed by the ongoing infrastructural investments. The government has also identified the textile industry as one sector of the economy that can catalyze economic growth in the country as well as increase employment opportunities for the youth and women. The Ministry of Industrialization and Enterprise Development has prioritized the textile sector in the country's industrialization road map. One of the key enablers in the road map is enhancement of skills for industrial development for which Rivatex is strategically placed by virtue of being owned by Moi University, which happens to be the only University in the country that trains and equips graduates with textile industry related expertise. Last year sixteen (16) students in textiles sciences graduated from Moi University with undergraduate degrees.

The ten (10) year extension of African Growth and Opportunity Act (AGOA) in 2015 has further increased the opportunities that Rivatex East Africa Limited can exploit in order to grow and be profitable upon completion of the modernization that is being undertaken. Furthermore the East African region has been tipped as the next global textile manufacturing frontier after China and South East Asia. Going by the positive global developments and shifts Rivatex is strategically placed geographically to be a global textile industry player in the near future.

**Corporate Social Responsibility**

Rivatex recognizes that for sustainable growth and profitability it must play its role in society as an ethical and compliant company in respect to people, communities, legal requirements and natural environment. During the financial year Rivatex East Africa Limited supported projects and activities that positively impacts on the lives of communities and society at large. Rivatex East Africa Limited also

**RIVATEX EAST AFRICA LIMITED**  
**FINANCIAL STATEMENTS FOR THE YEAR ENDED 30<sup>TH</sup> JUNE 2016**

adopted greener production practices that protect the environment and minimizes the damage to the natural environment and the society. We take cognizance of the fact that abiding by the set regulations and doing the right things in terms of decisions and actions, immensely contributes and sustains our future success as a Company.

#### **Future Outlook**

Rivatex continues to maintain its solid reputation of home of quality textiles. The local textile industry is expected to receive much attention from potential investors given the Government's various interventions and efforts to revive the cotton value chain. Other positive developments have been witnessed in the region following proven regional textile industry's milestones in the past five years. East African countries have been increasing their relentless efforts to expand their respective textile industry infrastructure and sphere to tap into the unfolding global shifts in textile manufacturing sites. The company has not been left behind in strategically placing itself to benefit from the opportunities that will accrue from leading textile manufacturers shifting their manufacturing bases to Kenya and the larger East Africa. We are aggressively modernizing the spinning and processing departments in order to maximize on the emerging opportunities and consequently deliver superior shareholder value.

#### **Strategic Direction**

The Board and management developed and approved the implementation of the company's 2015-2020 Strategic Plan. The Strategic plan took into consideration the achievements of the strategic objectives envisaged in the 2010-2015 Strategic Plan. The 2015-2020 Strategic Plan is expected to guide the company through the next phase of modernization, human capital optimization and growth for five (5) years to become a textile industry leader in the East African region.

#### **Appreciation**

I would like to extend my thanks to Moi University Council and Rivatex Board of Directors, the management team and employees for their continued dedication and hard work to ensure that Rivatex is fully revived and grows to be an industry giant. I urge the Board and management, as a team, to tackle the next financial year with the same enthusiasm and effort with a view to positioning ourselves as a leader in the global textile environment.

Thank you.

**Prof. Jenesio Kinyamario**  
Chairman, Board of Directors

**RIVATEX EAST AFRICA LIMITED**  
**FINANCIAL STATEMENTS FOR THE YEAR ENDED 30<sup>TH</sup> JUNE 2016**

**MANAGING DIRECTOR'S STATEMENT**

**Production Capacity Enhancement**

Allow me to present the financial statements for the year ended 30<sup>th</sup> June 2016.

The government of Kenya has steadfastly supported Rivatex East Africa Limited through allocation of funds which have been utilized prudently through acquisition of state-of-the-art machinery. Through modernization we shall be able to produce cost effectively and thus be competitive to attract huge orders from the apparels manufacturers and brands that are expected to shift to the Special Economic Zones in the near future as well as serve our existing strongholds. During the 2015/2016 financial year Rivatex East Africa Limited acquired one (1) singeing machine, one (1) steamager, one (1) carding machine, two (2) draw frames and one (1) washing range. This will make Rivatex East Africa Limited effectively serve the local and regional markets with quality products. We consider the investment in the above machines will enable the company increase its sales volumes tremendously while retaining more clients during the 2016/2017 financial year. The company plans to procure, in the 2016/2017 financial year, one (1) padsteam, one (1) mercerizing machine, one (1) plaiting and folding machine and one (1) automatic inspection machine. These modernization efforts will together enable Rivatex East Africa Limited increase production and sales volumes in the long run.

**Financial Results**

During the financial year under review Rivatex East Africa Limited recorded an increase of sixty two percentum (62%) in its non-current assets from six hundred and fifty six million one hundred and ninety thousand seven hundred and twenty eight shillings (Kshs.656,190,728/-) to one billion, sixty million, four hundred and thirty one thousand and thirty two shillings (Kshs.1,060,431,032/-).

Rivatex East Africa Limited registered a forty four percentum (44%) growth in its financial position from one billion, one hundred and eighty seven million seven hundred and forty two thousand three hundred and twenty shillings (Kshs. 1,187,742,320/-) recorded in the previous financial year to one billion, seven hundred and seven million five hundred and sixty seven thousand nine hundred and twenty six shillings (Kshs. 1,707,567,926/-). We expect to record a further growth in net assets in the 2016/2017 financial year especially with the transformative modernization of the Processing department of the company.

The company registered a seventeen percentum (17%) drop in turnover from one hundred and eighteen million four hundred and twenty five thousand six hundred and forty shillings (Kshs.118,425,640) recorded in the previous financial year to ninety eight million one hundred and seventy two thousand and fifty eight shillings (Kshs.98,172,058) due to wet processing machinery challenges and ongoing installation of new machines which necessitates that machines are stopped and obsolete ones removed from the factory.

**Business Environment**

The textile and apparel sector has been identified by the Kenyan Government as one of the sectors that will accelerate the country's economic growth. With the recent positive trends and developments in the global and regional textile industry Rivatex East Africa Limited is fastracking the implementation of its modernization strategies in order to take advantage of the expected shift of production and manufacturing sites by leading textile brands to East Africa from China and Far East. Rivatex East Africa Limited will continue scanning its environment for opportunities and options to pursue in order to ensure sustainable growth and profitability.

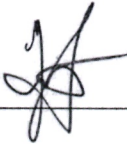

**RIVATEX EAST AFRICA LIMITED**  
**FINANCIAL STATEMENTS FOR THE YEAR ENDED 30<sup>TH</sup> JUNE 2016**

**Appreciation**

The achievements that we have been able to fulfill in 2015/2016 financial year would not have been possible without the dedication and expertise of our employees, to whom I extend my sincere thanks. I would also like to show my appreciation to the Board of Directors who have provided wise counsel to my colleagues and myself during the year.

On behalf of the Board, I would like to thank the Government for its continued support through the Ministry of Education, Science & Technology, National Treasury and Ministry of Industrialization and Enterprise Development. It's my sincere hope that the 2016/2017 financial year will usher in profitability and sustainable growth.

Thank you.

---

**Prof. Thomas Kipkurgat, EBS**  
**Managing Director**

**RIVATEX EAST AFRICA LIMITED**  
**FINANCIAL STATEMENTS FOR THE YEAR ENDED 30<sup>TH</sup> JUNE 2016**

**STATEMENT OF DIRECTORS' RESPONSIBILITIES**

The Kenyan Companies Act No. 17 of 2015 requires the directors to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for that year. It also requires the directors to ensure that the company maintains proper accounting records that disclose, with reasonable accuracy, the financial position of the company. The directors are also responsible for safeguarding the assets of the company.

The directors accept responsibility for the preparation of financial statements that are free from material misstatement whether due to fraud or error. They also accept responsibility for:

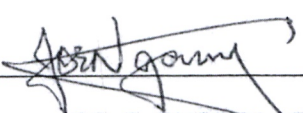

- i. designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements;
- ii. selecting and applying appropriate accounting policies; and
- iii. making accounting estimates and judgements that are reasonable in the circumstances.

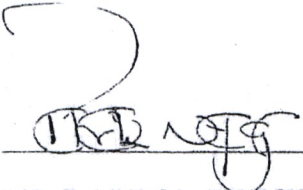

The directors are of the opinion that the financial statements give a true and fair view of the state of the financial affairs of Rivatex East Africa Limited as at 30<sup>th</sup> June 2016 and of its financial performance and cashflows for the year then ended in accordance with International Financial Reporting Standards and the requirements of the Kenyan Companies Act No. 17 of 2015.

Nothing has come to the attention of the directors to indicate that Rivatex East Africa Limited will not remain a going concern for twelve (12) months from the date of this statement.

**Approval of the financial statements**

Approved by the Board of Directors on .....<sup>30<sup>th</sup></sup>...../~~.....~~<sup>SEPTEMBER</sup>..... 2016 and signed on its behalf by:

  
\_\_\_\_\_  
DR. E. OYONDI - DIRECTOR

  
\_\_\_\_\_  
MR. P. NYAGA - DIRECTOR

**RIVATEX EAST AFRICA LIMITED**  
**FINANCIAL STATEMENTS FOR THE YEAR ENDED 30<sup>TH</sup> JUNE 2016**

**CORPORATE GOVERNANCE STATEMENT**

Corporate governance comprises rules, laws, practices and processes by which Rivatex East Africa Limited is directed and involves balancing of interests of all stakeholders in order to achieve long term strategic objectives of the company.

The Board of Directors of Rivatex East Africa Limited has embraced corporate governance to direct, control and be held accountable by the shareholders. Rivatex East Africa Limited is in compliance with the Mwongozo Code which was recently launched by the President H. E. Uhuru Kenyatta. The Mwongozo Code offers corporate governance framework for all state corporations. The Board has undergone training on this Code which culminated to the Evaluation of all Board members by State Corporations Advisory Committee.

**Board of Directors**

The roles of the Chairman and the Managing Director are distinct and their respective responsibilities clearly defined.

The Board comprises of nine (9) directors of which three (3) of them are independent non-executive including the Chairman. The Board defines Rivatex East Africa Limited's strategies, objectives and values and ensures that procedures and practices are set in place to ensure effective control over strategic, financial, operational and compliance issues. The directors bring their diverse experience and qualifications into the Board's deliberations.

Except for direction and guidance on general policy, the Board has delegated authority of its day-to-day business to the Managing Director. However the Board is responsible for the stewardship of the company and assumes responsibility for the effective control of the company.

**Board Meetings**

The Board holds Board and committee meetings on regular basis while Special meetings are called when deemed necessary to do so.

**Committees of the Board**

The Board has set up the following four principal committees which meet under well defined terms of reference set by the Board. This is intended to facilitate efficient decision making of the Board in discharging its duties and responsibilities. They are:-

- 1) Finance, Administration and Strategy committee
- 2) Audit and Risk Management committee
- 3) Production, Operations and Technical committee
- 4) Human Resources, Training and Development committee

**Internal audit function**

Rivatex East Africa Limited has a fully operational internal audit function that is led by a senior member of staff who is a member of the Institute of Certified Public Accountants of Kenya. Internal Audit monitors compliance with policies and standards and the effectiveness of internal control structures across the company through its audit programmes.

## OFFICE OF THE AUDITOR-GENERAL

### REPORT OF THE AUDITOR-GENERAL ON RIVATEX EAST AFRICA LIMITED FOR THE YEAR ENDED 30 JUNE 2016

---

#### REPORT ON THE FINANCIAL STATEMENTS

I have audited the accompanying financial statements of Rivatex East Africa Limited set out on pages 14 to 32, which comprise the statement of financial position as at 30 June 2016, and the statement of comprehensive income, statement of changes in equity, statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

#### **Auditor-General's Responsibility**

My responsibility is to express an opinion on these financial statements based on the audit and report in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. The audit was conducted in accordance with International Standards of Supreme Audit Institutions. Those standards require compliance with ethical requirements and that the audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures

---

*Report of the Auditor-General on the Financial Statements of Rivatex East Africa Limited for the year ended 30 June 2016*

that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

## **Basis for Qualified Opinion**

### **1.0 Inaccuracy in the Financial Statements**

The statement of cash flows for the year ended 30 June 2016 discloses purchase of plant and equipment figure of Kshs.461,559,841 while note 16 to the financial statements indicates a figure of Kshs.538,834,819 for additions to property, plant and equipment resulting in a variance of Kshs.77,274,978 which has not been explained or reconciled.

### **2.0 Company Land**

Included in the statement of financial positions under property, plant and equipment figure of Kshs 1,060,431,032 is net book value figure for land of Kshs 43,562,531. The Company headquarters sits on land measuring 17.18 Ha. (Title No. Eldoret Municipality/Block 12/164). The land is leased from the Government of Kenya at annual rent of Kshs.36,000 for a term of 99 years from 1.1.1976. The title is in the name of Rivatex East Africa Limited and was issued on 30 August 2007. The original title deed was not availed for audit verification. The cost of land reported in the financial statement of Kshs.50,322,233 appears understated given the locality of the land. In addition, the land is also under-utilized given that the company occupies only half of it contrary to Public Finance Management Act 2012 Section 72(1) which states that the accounting officer for a national government entity shall be responsible for the management of the entity's assets and liabilities and manage those assets in a way which ensures that the national government entity achieves value for money in acquiring, using and disposal of those assets. Consequently, the accuracy and completeness of the property, plant and equipment figure of Kshs.1,060,431,032 as at 30 June 2016 could not be confirmed.

### **3.0 Trade and Other Receivables**

#### **3.1 Prepayments**

Included in the trade and other receivables and as disclosed in note 18(a) to the financial statements is prepayments of Kshs.14,102,936 relating to 2013/2014 and prior years. However, no documentary evidence was availed for audit verification to determine the nature of the good or services paid for and why they have not been delivered three years since the prepayment was made. Consequently, the propriety of the prepayment of Kshs.14,102,936 as at 30 June 2016 could not be confirmed.

### **3.2 Long Outstanding Trade Other Receivables**

Included in the trade and other receivables balance of Kshs.43,805,179 are receivables amounting to Kshs.14,384,290 which have been outstanding for a period of more than 90 days. The management has not provided evidence to show efforts being made to recover the long outstanding amount. Consequently, the accuracy and completeness of the trade and other receivable figure of Kshs.43,805,179 as at 30 June 2016 could not be confirmed.

### **4.0 Trade Creditors and Other Payables**

Note 20 to the financial statement discloses that the company had accumulated trade creditors and other payables amounting to Kshs.51,406,658 as at 30 June 2016 compared to Kshs.13,535,674 in the previous year 2014/2015 resulting in an increase of Kshs.37,870,984 contrary to Treasury Circular Ref: AG3/101/ (7S) which require accounting officers to institute stringent financial controls and maintain financial discipline in order to achieve efficient utilization of resources and ensure strict adherence to financial regulation and procedures and to curb accumulation of pending bills. Further, creditor's ledger and the supporting documents such as Quotation/tenders, Local Purchase order, invoices, demand notices or suppliers' statements were not availed for audit verification.

Consequently, the accuracy and completeness of the trade creditors and other payables figure of Kshs.51,406,658 as at 30 June 2016 could not be confirmed.

### **5.0 Unsupported Prior Year Adjustment**

Included in the cost of sales balance of Kshs.154,892,211 and as disclosed in note 8 to the financial statements is prior year adjustment figure of Kshs.51,511,214 for which no supporting documents were availed for audit review. In the circumstances, the validity, accuracy and completeness of cost sales figure of Kshs.154,892,211 for the year ended 30 June 2016 could not be confirmed.

### **Qualified Opinion**

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of Rivatex East Africa Limited as at 30 June 2016, and of its financial performance and its cash flows for the year then ended, in accordance with International Financial Reporting Standards and comply with Kenyan Companies Act.

### **Other Matter**

#### **1.0 Financial Performance**

The company recorded turnover of Kshs.98,172,058 during the year 2015/16 as compared to Kshs.118,425,640 during the year 2014/2015 a decrease of Kshs.20,253,582 or approximately 17.10%. Net loss increased from Kshs 109,178,538 in 2014/2015 to Kshs.132,543,477 which is approximately 17.62% to bring the accumulated losses to Kshs.1,020,603,854. The management attributes the poor performance to constant breakdown in wet processing machine that had hindered the company's ability to supply goods of the right quality and on time.

Although the management indicate that it has partially addressed this challenge through acquisition of new machinery, no indication has been provided on the measures being taken to increase the sales volume. If this loss making trend is not reversed, the company is likely to face financial difficulties in its future operations.

## **2.0 Budget Control and Performance**

### **2.1 Receipts**

The company budgeted to collect income of Kshs.185,575,022 during the year under review. However, Kshs.99, 372,058 was realized resulting in a shortfall of Kshs.86,202,964 or approximately 46.45% of the budgeted income.

### **2.2 Expenditure**

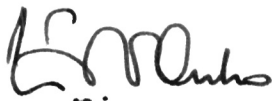

A review of company budgeted and actual expenditures for the year ended 30 June 2015 revealed that the total budget for the year 2015/2016 was Kshs.82,736,254 against which total expenditure of Kshs.77,023,323 was incurred resulting to an under expenditure of Kshs. 5,712,931 or approximately 6.90% of the budgeted expenditure. This is an indication of poor budgetary strategies and there is need for the management to re-engineer its budgeting processes to come up with realistic budgets to avoid the downward trend in financial performance.

My opinion is not qualified in respect of this matter.

## **REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS**

As required by the Kenya Companies Act, I report based on my audit, that:

- i. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit;
- ii. In my opinion, proper books of accounts have been kept by the Company, so far as appears from examination of those books; and
- iii. The Company's statement of financial position and statement comprehensive income are in agreement with the books of account.

**RIVATEX EAST AFRICA LIMITED**  
**FINANCIAL STATEMENTS FOR THE YEAR ENDED 30<sup>TH</sup> JUNE 2016**  
**NOTES TO THE FINANCIAL STATEMENTS**

**1. SIGNIFICANT ACCOUNTING POLICIES**

The principal accounting policies adopted in the preparation of these financial statements are set out below:

**a) BASIS OF PREPARATION**

The financial statements are prepared under the Historical Cost basis of measurement as modified by fair value adjustments where necessary and in accordance with International Financial Reporting Standards (IFRS) International Accounting Standards (IAS), Interpretations originated by the International Financial Reporting Interpretation Committee (IFRIC) as well as the accrual basis.

Rivatex East Africa Limited is a going concern with there being no intention to liquidate or curtail its operations materially. The preparation of these financial statements conforms to Generally Accepted Accounting Principles (GAAP) which requires the use of estimates and assumptions that affect the reporting amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reporting amounts of revenues and expenses during the reporting period.

The financial statements comprise of the Statement of comprehensive income, Statement of financial position, Statement of changes of equity, Statement of cashflows, notes comprising a summary of accounting policies and other explanatory notes which are presented in functional currency of Kenya shillings (Kshs) which is the prevailing currency within the primary economic environment, rounded to the nearest shilling and prepared in accordance with the measurement bases prescribed by International Financial Reporting Standards.

In the process of applying Rivatex East Africa Limited's accounting policies, its Directors make certain judgments, estimates and assumptions that are continuously evaluated and assessed for adjustments based on prior experience and other determinants, including expectations of future events that are believed to be reasonable under the prevailing circumstances. Although these estimates are based on the Directors' best knowledge of current events and actions, in practice actual results may differ from these estimates. Such estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities are reviewed at the end of each reporting period, and any revisions to such estimates are recognized in the year in which the revision is made and are described in these notes to the Financial Statements.

**REVISED AND NEW STANDARDS**

Several Standards were revised and their clarifications came into effect for periods ending 30<sup>th</sup> June 2016. They are:

**a. IFRIC 21: Levies**

IFRIC 21 is applicable to all levies other than outflows within the scope of other standards and fines and other penalties for breaches of legislation. Levies are defined in the interpretation as outflows of resources embodying economic benefits imposed by government on entities in accordance with legislation. Rivatex East Africa Limited shall implement the requirements of the revised standard when recording levies that are mandatory but accrue economic benefits to the company.

**RIVATEX EAST AFRICA LIMITED**  
**FINANCIAL STATEMENTS FOR THE YEAR ENDED 30<sup>TH</sup> JUNE 2016**  
**NOTES TO THE FINANCIAL STATEMENTS**

**i) PROVISIONS**

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, for which it is highly probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. During the financial year a general provision of Kshs.1,180,609 being 5% of the total trade debtors was provided as required under IAS 39.

**b) REVENUE RECOGNITION**

Revenue represents the fair value of consideration received or receivable for the sale of goods and services in the course of the company's activities. It is recognized when it is probable that future economic benefits will flow to the company and the amount of revenue can be measured reliably. Interest income is recognized on an accruals basis in the Statement of Comprehensive Income. When financial assets become impaired, any inherent income/revenue is thereafter recognized at rates used to discount future cash flows for the purpose of measuring the recoverable amount.

Interest income and expenses are recognized in the Statement of Comprehensive Income for all interest bearing instruments on an accrual basis taking into account the effective yield on the assets. Fees income is generally recognized on an accrual basis.

**c) STAFF OBLIGATIONS**

Rivatex East Africa Limited runs a defined contribution pension scheme for its permanent and pensionable staff, the assets of which are held in a separate trustee administered scheme managed by independent scheme administrators, fund managers & custodians engaged at arms length as well as a gratuity scheme for its contracted employees which is fully funded by the Company. Where employees are entitled to annual leave, gratuity and awards, these are recognized when they accrue to employees. A provision is made for the estimated liability for annual leave, gratuity and awards as a result of services rendered by the employees up to the end of the reporting period.

Rivatex East Africa Limited also contributes to a statutory defined contribution pension scheme, the National Social Security Fund (NSSF), a national retirement benefit scheme. It also contributes to a statutory defined health insurance scheme, the National Hospital Insurance Fund (NHIF). Both of these contributions are defined by local statutes.

Rivatex East Africa Limited's contributions to the above schemes are charged to the Statement of Comprehensive Income in the year to which they relate.

**d) NON FINANCIAL ASSETS**

Rivatex East Africa Limited reviews its non-financial assets to assess the likelihood of impairment on an annual basis. In determining whether such assets are impaired, the management makes prudent judgments as to whether there are any conditions that indicate potential impairment of such assets.

**e) PROPERTY, PLANT AND EQUIPMENT**

All property, plant and equipment is initially recorded at cost and thereafter stated at historical cost less accumulated depreciation & accumulated impairment losses. Cost includes expenditure directly attributable to acquisition of the assets. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset where appropriate, only when it is probable that future economic benefits associated with them will flow to Rivatex East Africa Limited and the cost can be reliably measured. The carrying amount of a replaced part is derecognized and all other repairs and maintenance expenses are

**RIVATEX EAST AFRICA LIMITED**  
**FINANCIAL STATEMENTS FOR THE YEAR ENDED 30<sup>TH</sup> JUNE 2016**  
**NOTES TO THE FINANCIAL STATEMENTS**

charged to the Statement of Comprehensive Income during the financial period in which they are incurred.

Increases in the carrying amount arising on revaluation are recognized in other comprehensive income and accumulated in equity under the heading of revaluation surplus. Decreases that offset previous increases of the same asset are recognized in other comprehensive income. All other decreases are charged to the statement of comprehensive income. Annually, the difference between depreciation charge based on the revalued carrying amount of the asset charged to the statement of comprehensive income based on the asset's original cost is transferred from the revaluation surplus reserve to retained earnings.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. Property, plant and equipment are periodically reviewed for impairment. Where the carrying amount of property and equipment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount. Gains or losses on disposal of property and equipment are determined by reference to their carrying amount and are taken into account in determining the surplus tools and other minor office equipments are fully (100%) depreciated in the year of acquisition.

Depreciation is calculated on a straight-line basis to write down the cost of each asset to its residual value over its estimated useful life using the following annual rates.

a.	Land	-Amortized over the remaining lease period
b.	Buildings	- 2.5%
c.	Plants & Machinery	- 2.5%
d.	Office Furniture	- 12.5%
e.	Office Equipment	- 12.5%
f.	Motor Vehicles and Tractors	- 12.5%
g.	Computers	- 25%

**f) TRANSLATION OF FOREIGN CURRENCIES**

On initial recognition, all transactions are recorded in the functional currency (the currency of the primary economic environment in which Rivatex East Africa Limited operates), which is Kenya shillings.

Transactions in foreign currencies during the financial period are converted into the functional currency using the exchange rate prevailing at the transaction date. Monetary assets and liabilities at the statement of financial position date denominated in foreign currencies are translated into the functional currency using the exchange rate prevailing as at that date. The resulting foreign exchange gains and losses from the settlement of such transactions and from year-end translation are recognized on a net basis in the Statement of Comprehensive Income in the year in which they arise.

**2. RISK MANAGEMENT OBJECTIVES AND POLICIES**

Rivatex East Africa Limited's activities expose it to a variety of financial risks including credit and market risks. The Rivatex East Africa Limited's overall risk management policies are set out by the Board and implemented by the management, and focus on the unpredictability of changes in the operating environment and seek to minimize the potential adverse effects of such risks on the Company's performance by setting acceptable levels of risk. Rivatex East Africa Limited does not hedge against any risks. Rivatex East Africa Limited's activities expose it to a variety of financial risks, including credit risk

**RIVATEX EAST AFRICA LIMITED**  
**FINANCIAL STATEMENTS FOR THE YEAR ENDED 30<sup>TH</sup> JUNE 2016**  
**NOTES TO THE FINANCIAL STATEMENTS**

and A description of the significant risk factors is given below together with the risk management policies applicable.

*i. Credit risk*

Rivatex East Africa Limited does not have any significant concentrations of credit risk. Credit risk on trade receivables is managed by ensuring that credit is extended to customers with an established credit history. The credit history is determined by taking into account the financial position, past experience and other relevant factors. Credit is managed by setting the credit limit and the credit period for each customer. The utilisation of the credit limits and the credit period is monitored by management on a monthly basis.

*ii. Market risk*

*a. Foreign exchange risk*

The Company closely monitors foreign exchange rates. Currency exposure arising from liabilities denominated in foreign currencies is managed primarily through the holding of bank balances in dollars. Foreign currency letters of credit facilities are also used to manage foreign currency fluctuations.

*b. Cash flow and fair value interest rate risk*

As the Company has no significant interest bearing assets, its income and operating cash flows are substantially independent of changes in market interest rates.

**3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS**

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including experience of future events that are believed to be reasonable under the circumstances.

**a. Critical accounting estimates and assumptions**

*Property, plant and equipment*

Critical estimates are made by the Directors in determining depreciation rates for property, plant and equipment. The rates used are set out in Note 2(d) above.

**b. Critical judgements in applying the entity's accounting policies**

In the process of applying the Company's accounting policies, management has made judgements in determining:

- The classification of leases
- The useful lives of, or expected pattern of consumption of the future economic benefits embodied in depreciable assets
- Whether assets are impaired

**4. REVALUATION RESERVES**

The Revaluation reserves reduced by thirty two million six hundred and thirty thousand nine hundred and seventeen shillings (Kshs 32,630,917) from one hundred and six million two hundred thousand and eighty three five hundred and ninety eight shillings (Kshs.106, 283,598/-) in 2014/2015 financial year to seventy four million eight hundred and thirty three thousand two hundred and eighty nine shillings (Kshs.73,652,681). This reduced reserve had resulted from revaluation of work-in-progress during 2014/2015 financial year.

**RIVATEX EAST AFRICA LIMITED**  
**FINANCIAL STATEMENTS FOR THE YEAR ENDED 30<sup>TH</sup> JUNE 2016**  
NOTES TO THE FINANCIAL STATEMENTS

**5. GOVERNMENT GRANTS**

Government grants are assistance by government in the form of transfers of resources to an entity in return for past or future compliance with certain conditions relating to the operating activities of the entity. They exclude those forms of government assistance which cannot reasonably have a value placed upon them and transactions with government which cannot be distinguished from the normal trading transactions of the entity. Government grants related to assets, including non-monetary grants at fair value, shall be presented in the statement of financial position either by setting up the grant as deferred income or by deducting the grant in arriving at the carrying amount of the asset in accordance with IAS 20 *Accounting for Government Grants and Disclosure of Government Assistance*. During the financial year the Company received capital grants of six hundred and eighty five million shillings (Kshs 685,000,000/-) while in 2014/2015 the government grants were one hundred and eighty five million (Kshs. 185,000,000/-).

**6. UTILITIES DEPOSITS**

These are amounts paid to the KPLC as a deposit for power connection for the factory, showground stand, Eldoret, Nairobi and Kisumu factory outlets including rent deposits for existing outlets.

Utilities deposits

	2015/2016 Kshs	2014/2015 Kshs

Note

\* The cost is carried in the financial statements as long-term prepayment and is amortized to the income statement on a straight-line basis over 67 years of the remaining 99 year lease period.

\* Under Plant & Equipment the company acquired one (1) singeing machine, one (1) carding machine, two (2) draw frames, one steamager and one (1) washing machine worth a total of Kshs.397, 295, 222. All the other machines have been received except for the one (1) washing machine which is expected to be received in November 2016.

## NOTES TO THE FINANCIAL STATEMENTS

### 17. INVENTORY

	2015/2016 Kshs	2014/2015 Kshs
Raw materials	111,873,042	114,149,743
Finished goods	42,205,625	20,265,216
Work-In-Progress	224,979,897	246,558,649
<b>Sub-Total</b>	<b>379,058,564</b>	<b>380,973,608</b>
Consumables, spares & accessories	214,047,056	118,741,154
<b>Sub-Total</b>	<b>214,047,056</b>	<b>118,741,154</b>
<b>Total</b>	<b>593,105,620</b>	<b>499,714,762</b>

Inventories are valued using First in First out (FIFO) method. They are valued at lower of cost and net realizable value.

### 18. TRADE & OTHER RECEIVABLES

Trade and other receivables as at the end of financial year was Kshs. 43.8 million.

	2015/2016 Kshs	2014/2015 Kshs
Trade receivables	23,612,175	8,097,952
Prepayments (Note 18(a))	14,102,936	14,102,936
Other receivables from related parties (Note 18 (b))	5,709,928	809,827
Utilities deposits (Note 6)	380,140	330,140
<b>TOTAL</b>	<b>43,805,179</b>	<b>23,340,854</b>

The past due debtors are not impaired and continue to be settled. The company does not hold any collateral against the past due or impaired receivables. The management continues to actively follow up past due and impaired receivables. Periodically, each debt is assessed individually and provisions recalculated based on a history of debt recovery. In case of liquidation, receivership and insolvency the provision is always be a hundred percentum (100%). In the case of imprests and supplier prepayments, no provision for bad debts is made until the imprest holder is confirmed dead or the entity is insolvent. The Company's general provision for bad and doubtful loans is as provided for in its Credit control policy. The company did not provide for bad debts during the 2015/2016 financial year.

#### 18(a). Prepayments
