3. Foreword by the CECM Finance and Economic Planning

It is my pleasure to present the annual Financial Statements for Mombasa County Receiver of Revenue Fund for the fiscal year ended 30th June 2025. These financial statements have been prepared in strict adherence to the provisions stipulated in the Public Financial Management Act of 2012, section 167 and Article 207 of the Kenyan constitution 2010. This legal requirement mandates the County Treasury to compile annual financial reports at the conclusion of each fiscal year. These financial statements serve as a comprehensive representation of Mombasa County Government's financial performance throughout the year.

The purpose of the County Receiver of Revenue as envisioned by the Kenyan constitution Article 207 and section 109 of the PFM Act of 2012 is to receive all monies raised or received by or on behalf of the county government. The Laws of Kenya tasks the responsibility of administering the CRF on behalf of the County Government to the County Treasury of the executive arm of the County Government.

The County Revenue Fund held at the Central Bank of Kenya being a critical fund for the county government as it holds the resources required by county executive and the assembly to discharge their mandate to its citizens. Funds withdrawn are in accordance with the county Appropriation Act and approval by the Controller of Budget.

Financing of the County Governments

The financial resources of the Mombasa County Government are derived from multiple avenues, including:

- **Equitable Share from National Government:** Mombasa County receives a portion of its funding through the equitable share allocation from the National Government. This allocation is determined annually under the County Allocation of Revenue Act (CARA) in accordance with Article 202 of the Constitution of Kenya. The specific allocation formula is developed by the Commission on Revenue Allocation and subsequently endorsed by Parliament as per Article 217 of the Constitution.

*Receiver Of Revenue
County Government Of Mombasa
Revenue Statements for the Period Ended 30th June 2025*

- Conditional Grants from Donors and Development Partners: The County Government also benefits from conditional grants provided by various donors and development partners. These funds are designated for specific projects and initiatives, further contributing to the County's financial resources.
- Own Source Revenue: Mombasa County actively pursues strategies to boost its own source revenue collection by embracing new technological advancements and actively training revenue officers on revenue enhancement.

Local revenue generation in Mombasa County encompasses various streams, with key sources including:

- Single Business Permits: Revenue generated from issuing permits to businesses operating within the County.
- Parking Fees: Income generated from parking fees collected within the County.
- Market Fees: Revenue derived from fees levied on vendors and traders in local markets.
- Cess: Funds collected through cess payments, often related to specific activities or services.
- Sand & Gravel: Income generated from sand-related activities within the County.
- Land Rates: Revenue collected from property owners based on the value of their land.
- Development Plan Approvals: Fees associated with the approval of development plans and permits.
- Advertising Fees: Funds acquired through charges for advertising within the County.
- Various Other Administrative Charges: Additional revenue streams that result from administrative fees and charges.

Mombasa County continues to explore innovative strategies to enhance its local revenue collections, demonstrating a commitment to financial sustainability and efficient resource utilization. These efforts are aligned with the County's dedication to meet the changing needs of its residents and embrace advancements in technology and service delivery.

These measures have paid dividend, since inception of Devolution, own source revenue has continued to increase each year as highlighted below:

Own Source Revenue Collection

- Cess
- Single/Business Permits
- Parking Fees
- Advertising
- Physical Planning and Development
- Conservancy Administration
- Other Fines, Penalties, And Forfeiture Fees
- Land Rate
- Property Rent
- Market Fees
- Public Health Service Fees
- Hire Of County Assets
- Administration Control Fees and Charges
- Hospital Fees

Figure 1: Mombasa County Revenue Sources in FY 2024/2025

Financial Performance

Budget Performance against Actual Amounts

a) Revenue

For the fiscal year ending on 30th June 2025, Mombasa County anticipated total revenues amounting to Kshs 17,360,000,000. This sum can be further broken down into two primary categories: Kshs 6,930,655,697 generated from Own Source Revenue and KShs 10,429,344,303 sourced externally, encompassing County Allocation received through the Exchequer, Opening Balance-CRF and donor funds.

A graphical representation of the revenue budget is as shown below:

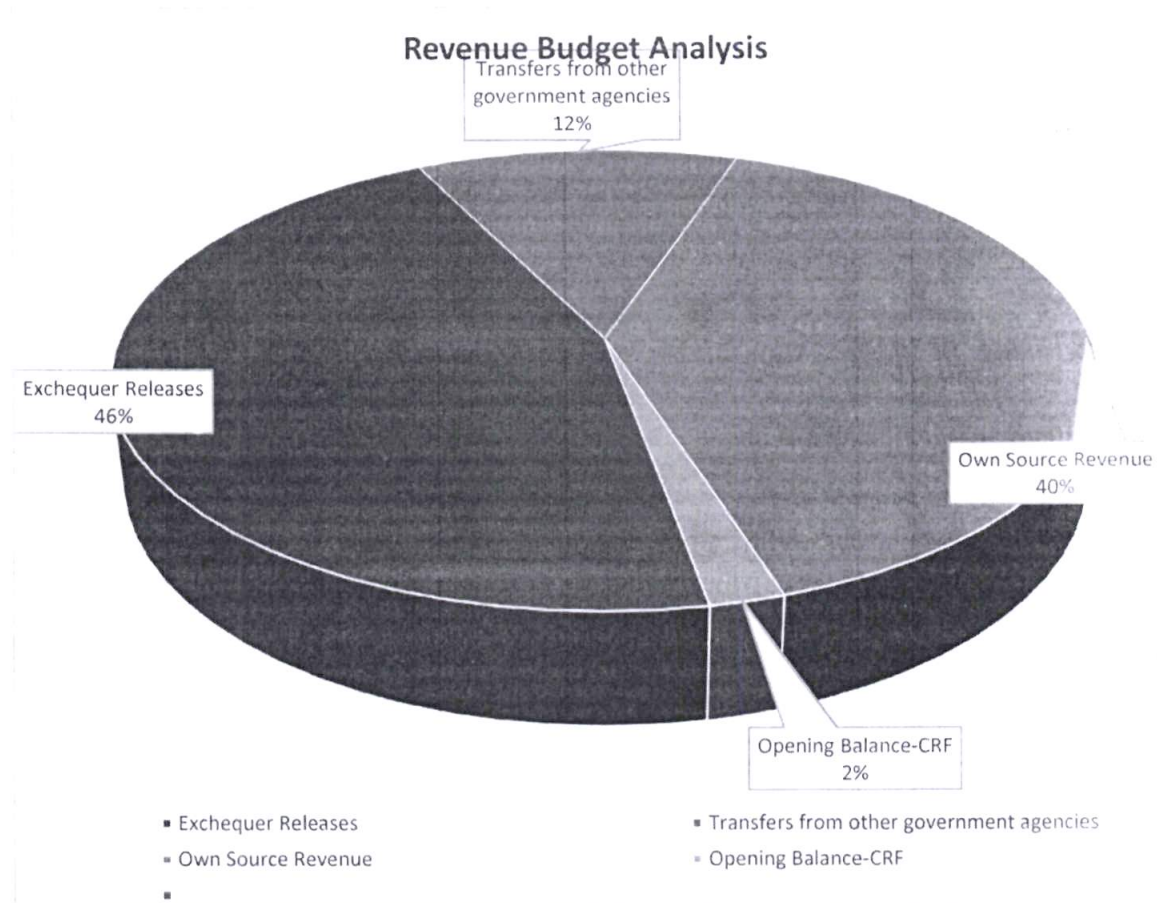

Figure 2: Mombasa County revenue sources FY 2024/2025

*Receiver Of Revenue
County Government Of Mombasa
Revenue Statements for the Period Ended 30th June 2025*

County Allocation of Revenue Act (CARA) funds continue to constitute the most substantial portion of our revenue budget, contributing 57.98% to our overall budget. Meanwhile, revenues generated internally account for the remaining 40% of our budget. Out of the projected revenue, Mombasa County successfully achieved Kshs 15,164,487,913.20 in actual revenues, representing a 87% performance level. This success was driven by 100% realization of the County Allocation through the Exchequer, receipts of June 2024 Exchequer releases and 70% achievement in terms of our self-generated revenues.

The table below shows an analysis of revenue performance during the period ended 30th June 2025.

Revenue Classification	Revenue Budget (KShs)	Actual (KShs)	Realisation (%)
Exchequer releases	7,899,674,038	7,899,674,509	100%
Exchequer releases Arrears-June 2025	0	628,921,902	100%
Transfers from other government agencies	2,165,932,095	1,390,610,205	64%
Own Source Revenue	6,930,655,697	4,880,829,952	70%
CRF Balance- FY 2023/2024	363,738,170	364,451,346	100%
Total	17,360,000,000	15,164,487,914	87%

Table 1: Revenue performance in FY 2024/2025

From the total of Kshs 4,880,829,952 realized from our internally generated revenue sources, an amount of Kshs 3,566,355,333.55 was disbursed to the County Revenue Fund (CRF) Account. Additionally, Kshs 959,800,940.85 was transferred to Coast Province General Hospital Facility Improvement Fund (FIF) in accordance with the stipulations outlined in Section 40 (2) of the Mombasa County Health Act of 2018 and Kshs. 186,270 are bank charges which adds up to Kshs. 959,987,210.85 as per Note 26. This provision mandates that the funds, specifically the revenues, collected by the health facility are to be disbursed into the FIF account.

a) Transfers

In the year under review, the County Government of Mombasa made transfer payments of KShs 12,882,019,063 and KShs 806,596,519 to County Executive and County Assembly respectively.

*Receiver Of Revenue

	Period ended June 2025	Comparative period
	Kshs.	Kshs.
Recurrent Account	9,442,388,676	8,871,471,775
Development Account	2,668,978,182	1,503,007,866
Special purpose Accounts	770,652,205	619,737,466
Others (Specify)	0	0
Total	12,882,019,063	10,994,217,107

Table 2: Transfers to County Executive

The difference in over allocation in this financial year as compared with the previous financial year was due to additional grants.

I would like to express my gratitude at this moment to H.E. the Governor and the Deputy Governor for their invaluable support. I also extend my appreciation to my fellow colleagues, the County Executive Committee Members responsible for various departments. We have collaboratively worked towards fulfilling Mombasa County's mission.

I extend my thanks to all the staff in the Department of Finance and Economic Planning, with special recognition for the Revenue Directorate. Despite numerous challenges, they have consistently demonstrated unwavering commitment and dedication, diligently fulfilling their responsibilities for the betterment of the people of Mombasa County.

.....
CECM Finance and Economic Planning
County Government of Mombasa

4. Management Discussion and Analysis

The County Revenue Fund is treated as an entity itself for the purpose of preparing its report and financial statements. The funding sources for the County Government are derived from three primary channels: the equitable share received from the National Government, Conditional grants provided by Donors and Development Partners, and internally generated Source Revenue collected from a diverse range of revenue streams. The Constitutional framework, as articulated in Article 202 of the Kenyan Constitution, mandates the equitable distribution of revenue generated at the national level between the National Government and County Governments.

Withdrawals from this account for the purpose of expenditure are done through the office of the controller of budget which is aimed at ensuring that all expenditures are within the county budget.

Financial Performance

Own Source Revenue Performance

The County was able to record its highest ever own source revenue collection in the financial year under review and achieved through new and innovative ways such as:

- Automation of revenue collection system
- Sealing revenue leakages

These measures have paid dividend, since inception of the County, own source revenue has continued to increase each year as highlighted below:

**Receiver Of Revenue
County Government Of Mombasa
Revenue Statements for the Period Ended 30th June 2025**

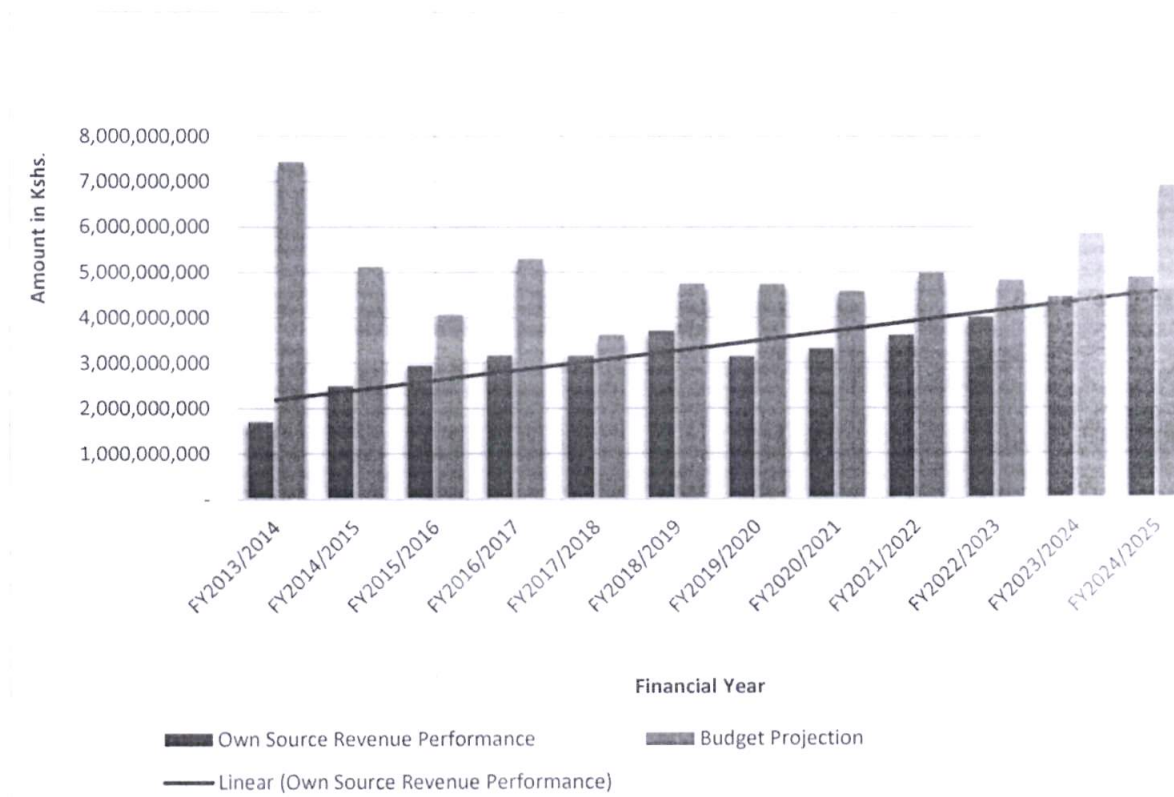

Figure 3: Mombasa County Own source revenue vs budget projected annual trend

The figure 3 compares actual Own Source Revenue Performance against Budget Projections from FY 2013/2014 to FY 2024/2025, revealing a consistent pattern where actual revenues fell short of budgeted targets, especially in the earlier years. For instance, only 22.8% of the projected revenue was achieved in 2013/2014. However, over time, there has been significant improvement both in revenue collection and in the accuracy of budget forecasts. From FY 2017/2018 onwards, the gap between actual revenue and projections narrowed, with performance reaching over 80% in some recent years. This suggests enhanced revenue collection efficiency, better financial planning, and more realistic budgeting practices. Overall, the data reflects steady progress in fiscal discipline and own-source revenue generation.

*Receiver Of Revenue
County Government Of Mombasa
Revenue Statements for the Period Ended 30th June 2025*

Figure 4: Mombasa County Own Source Revenue (Actual) vs Budget revenue stream trend

Challenges in Own Source Revenue Collection

Despite the impressive growth in Own Source Revenue (OSR), the County continues to face several challenges that hinder optimal revenue collection. These challenges include:

1. Inadequate Enforcement Mechanisms

Enforcement of compliance with revenue obligations remains weak in some sectors. This is often due to limited staffing, lack of enforcement capacity, and insufficient legal backing to pursue defaulters aggressively.

2. Resistance to Automation and Digital Platforms

While automation has significantly improved revenue collection, some users—especially in informal sectors—are resistant to change, preferring manual or cash-based systems. This affects efficiency and increases the risk of underreporting.

3. Unmapped and Untapped Revenue Streams

Several potential sources of revenue remain untapped due to lack of data, legal issues, limited capacity to assess and register new payers, and the absence of a comprehensive revenue mapping framework.

4. Public Awareness and Compliance Gaps

Low levels of public awareness about the need to pay county levies and the services they support have led to reluctance or outright refusal to comply with revenue obligations.

5. Statement of the Receiver of Revenue's responsibilities

Section 165 (1) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, a receiver of revenue for a county government shall prepare an account in respect of the revenue collected, received and recovered by the receiver during that financial year.

The Receiver of Revenue is responsible for the preparation and presentation of the Receiver of Revenue account, which gives a true and fair view of the statement of affairs of the Receiver of Revenue for and as at the end of the financial year (period) ended on June 30, 2025. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period, (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the statement of assets and liabilities of the entity, (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud, (iv) safeguarding the assets of the entity, (v) selecting and applying appropriate accounting policies, and (vi) making accounting estimates that are reasonable in the circumstances.

The Receiver of Revenue in charge accepts responsibility for the entity's receiver of revenue accounts, which have been prepared on the Accrual Basis method of financial reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS) and the relevant legal framework of the Government of Kenya. The Receiver of Revenue is of the opinion that the entity's receiver of revenue account gives a true and fair view of the state of the entity's receiver of revenue transactions during the financial year ended June 30, 2025, and of the entity's statement of assets and liabilities as at that date. The Receiver of Revenue further confirms the completeness of the accounting records maintained, which have been relied upon in the preparation of the Receiver of Revenue account as well as the adequacy of the systems of internal financial control.

The Receiver of Revenue confirms that the entity has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable). The Receiver of

REPORT OF THE AUDITOR-GENERAL ON RECEIVER OF REVENUE - REVENUE STATEMENTS FOR THE YEAR ENDED 30 JUNE, 2025 - COUNTY GOVERNMENT OF MOMBASA

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on Revenue statements that considers whether the revenue statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the Revenue statements;
- B. Report on Lawfulness and Effectiveness in the Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure the Government achieves value for money and that such funds are applied for the intended purpose; and,
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, risk management environment and internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

A Qualified Opinion is issued when the Auditor-General concludes that, except for material misstatements noted, the revenue statements are fairly presented in accordance with the applicable financial reporting framework. The Report on Revenue statements should be read together with the Report on Lawfulness and Effectiveness in the Use of Public Resources, and the Report on Effectiveness of Internal Controls, Risk Management and Governance.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012, and the Public Audit Act, 2015. The three parts of the report when read together constitute the report of the Auditor-General.

REPORT ON THE REVENUE STATEMENTS

Qualified Opinion

I have audited the accompanying transitional IPSAS revenue statements of Receiver of Revenue - County Government of Mombasa set out on pages 1 to 41, which comprise of the statement of financial position as at 30 June, 2025 and the statement of revenue and

disbursements, statement of cash flows and the statement of comparison of budget and actual amounts for the year then ended and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the transitional IPSAS revenue statements present fairly, in all material respects, the financial position of the Receiver of Revenue - County Government of Mombasa as at 30 June, 2025 and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards Accrual Basis (including the transitional provisions permitted under IPSAS 33) and comply with the County Governments Act, 2012, the Public Finance Management Act, 2012 and The National Treasury and Economic Planning Circular No. 3 of 14 April, 2025.

Basis for Qualified Opinion

Inaccurate Receivables from Non-Exchange Transactions Balance

The statement of financial position and Note 32 to the revenue statements reflects Nil receivables from non-exchange transactions balance. However, the statement of arrears of revenue disclosed under Appendix 2 indicates net realizable arrears amounting to Kshs.6,902,380,927 which ought to be reported under receivables from non-exchange transactions balance.

In the circumstances, the accuracy and completeness of receivables from non-exchange transactions balance as at 30 June, 2025 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Receiver of Revenue - County Government of Mombasa Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of revenue statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Emphasis of Matter

Budgetary Control and Performance

The statement of comparison of budget and actual amounts reflects final target revenue budget and actual amounts on comparable basis of Kshs.6,930,655,697 and Kshs.4,880,829,952 respectively resulting in under-collection of Kshs.2,049,825,746 or 30% of the budget.

The under collection affected implementation of planned activities and may have impacted negatively on service delivery to the residents of Mombasa.

My opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the revenue statements. Except for the effects of the matter described in the Basis for Qualified Opinion section, I have determined that there are no other key audit matters to communicate in my report.

Other Matter

Unresolved Prior Year Matters

In the prior year's audit report, several issues were raised in respect of the Reports on Revenue statements and Statement of Lawfulness and Effectiveness in the Use of Public Resources. Review of the status during the audit of the Fund in 2024/2025 revealed that the following five (5) issues remained unresolved as at 30 June, 2025.

No.	Year	Audit Issue
1	2023/2024	Unsupported revenue on physical planning and development
2	2023/2024	Unconfirmed cash and cash equivalents
3	2023/2024	Undisclosed and unapproved revenue
4	2023/2024	Failure to prepare statement of arrears of revenue
5	2023/2024	Use of outdated land valuation roll

Other Information

The Management is responsible for the Other Information set out on page iii to xvii which comprise of Key Entity Information and Management, Foreword by the County Executive Committee Member (CECM) Finance and Economic Planning, Management Discussion and Analysis and the Statement of the Receiver of Revenue's Responsibilities. The Other Information does not include the Revenue statements and my audit report thereon.

In connection with my audit on the Receiver of Revenue - revenue statements, my responsibility is to read the Other Information and in doing so, consider whether the Other Information is materially inconsistent with the Revenue statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work I have performed, I conclude that there is a material misstatement of this Other Information, I am required to report that fact. I have nothing to report in this regard.

My opinion on the Revenue statements does not cover the Other Information and accordingly, I do not express an audit opinion or any form of assurance conclusion thereon.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN THE USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the effect of the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in the Use of Public Resources section of my report, I

Report of the Auditor-General on Receiver of Revenue - Revenue Statements for the year ended 30 June, 2025- County Government of Mombasa

confirm that nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Use of Outdated Land Valuation Roll

The statement of receipts and disbursements reflects total revenue from non-exchange transactions of Kshs.2,434,808,861. Included in the amount is Kshs.883,096,534 earned from land rates during the year. However, as reported in previous years audit, the County applied property rates based on valuation roll of the year 2002 from the defunct Municipal Council of Mombasa. This is contrary to the provisions of Section 109 of the County Governments Act, 2012, which requires County Governments to prepare and regularly update a valuation roll of all ratable property to reflect current property values and the Valuation for Rating Act (Cap. 266) and the National Rating Act, 2024 which mandates that valuation rolls be reviewed and updated every five years to ensure accurate, equitable, and lawful rating of properties.

In the circumstances, Management was in breach of the law.

2. Gaps in the Procurement, Implementation and Contract Management of Revenue Collection System

Review of the procurement and implementation of the Fingerprint Revenue Management System revealed several weaknesses in both the contracting process and subsequent management of the contract.

2.1 Contractual Weaknesses

The following weaknesses were observed:-

- i. The termination clause allowed a 60-day period for the service provider to remedy failures, which was excessive for a mission-critical revenue system where prolonged downtime could lead to significant revenue loss.
- ii. The contract lacked defined response and resolution times for system downtimes and did not include measurable key performance indicators (KPIs).
- iii. The contract period was set at 180 months (15 years), which was unusually long for a technology contract given the pace of technological change.
- iv. The contract included a clause allowing the service provider to claim payment and reimbursement for additional costs in the event of force majeure, posing a financial risk to the County.
- v. The agreement lacked clear liability and indemnification clauses to safeguard the County in the event of non-performance or breach of contract.
- vi. The contract did not specify the number of County staff to be trained or the system modules to be covered during capacity-building sessions.

2.2 Procurement Process Weaknesses

Although the service provider was required to submit monthly progress reports, none were provided for audit review. Further, there was no post-implementation review conducted to assess system functionality and performance. Interviews with staff and system access confirmed that several modules were still incomplete.

In addition, under technical evaluation, the winning bidder was awarded the maximum 35 marks despite deficiencies in human resource capacity, as the proposed team leader and key staff did not fully meet the required qualifications and experience levels.

This was contrary to Section 151(2) of the Public Procurement and Asset Disposal Act, 2015, which requires the contract implementation team to oversee and manage the execution of specialized and complex procurement contracts, monitor contractor performance, ensure all contractual obligations are met, and maintain complete and accurate records of all contract administration activities to promote accountability and transparency throughout the contract's lifecycle.

In the circumstances, Management was in the breach of the law.

3. Duplicity of Revenue Management System through Award of Contracts

Review of procurement and contractual records revealed that the County entered into a fifteen-year contract on 29 January, 2025 with a service provider for a comprehensive mapping, licensing, compliance, and digital integration system, despite having an existing ten-year contract signed on 1 December, 2016 for a revenue collection and management system valid until 30 November, 2026. Both contracts were structured under a five percent (5%) revenue share model and covered overlapping functional areas such as revenue collection and management, ICT integration, business mapping, licensing, compliance monitoring, advertisement and signage permits, debt collection, and e-payment integration. One service provider was contracted to provide an end-to-end revenue management system covering all revenue streams, including parking fees, market fees, land rates, rental billing, advertisement permits, and fines, while also establishing the Mombasa Revenue Authority platform and integrated payment gateways, while the other service provider contract also targeted revenue collection through a digital business mapping and integration system encompassing single business permits, fire certificates, advertisement and signage permits, service fees, debt collection, and real-time analytics dashboards.

The audit established duplication in at least seven key operational areas between the two systems, exposing the County to risks of double commission payments, ICT infrastructure redundancy, and inefficiencies in revenue data management and reporting. There was no approved transition or exit plan between service providers, and no evidence of a needs assessment, gap analysis, market or cost-benefit evaluation, risk assessment, or stakeholder consultations prior to procuring the new system. Additionally, the procurement was not included in the approved annual procurement plan or aligned with budget estimates, contrary to Sections 53(8) and 125(2)(a) of the Public Procurement and Asset Disposal Act, 2015, and Section 37(1) of the Public Finance Management Act, 2012. The absence of these essential pre-procurement documents and approvals

indicates that critical planning and due diligence processes were not undertaken before onboarding a new revenue management system, despite the existence of an active and functional system with similar capabilities.

In the circumstances, Management was in breach of law and value for money could not be confirmed.

4. Underutilization of the County Government's Data Center

Audit review and system walkthrough established that the two revenue management systems were hosted externally by the respective vendors rather than within the County's designated Government Data Center. The Data Center was established to provide a secure, high-availability environment for hosting critical County systems and to enhance data control, reliability, and business continuity. A walkthrough of the facility confirmed that it was fully equipped and operational, with infrastructure designed to support core information systems, including revenue management platforms, and equipped with redundancy, scalability, and disaster recovery features consistent with modern data center standards. Physical inspection in the month of October 2025 revealed a substantial public investment in the facility based on physical infrastructure and indicative market valuations. The infrastructure included key features such as air conditioning units, fire suppression systems, server racks with sliding doors, patch panels, smoke detectors, raised flooring, access control, and backup power systems. However, supporting documentation such as the proof of concept, construction contracts, and detailed project cost records were not provided for audit review, and therefore the cost estimates were based on indicative assessments.

Despite this significant investment, the County's core revenue systems continue to be hosted offsite, contrary to the intended design and purpose of the County Data Center. This was contrary to Section 68(1)(c) of the Public Finance Management Act, 2012, which requires Accounting Officers to ensure that public resources are utilized in an effective, economical, and lawful manner.

In the circumstances, the value for money on the investment in the County Government's Data Center could not be confirmed.

The audit was conducted in accordance with ISSAI 3000 and ISSAI 4000. The standards require that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the Revenue statements comply in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the effect of the matters described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance

section of my report, I confirm that nothing else has come to my attention to cause me to believe that internal controls, risk management and governance were not effective.

Basis for Conclusion

1. Limited Controls and Lack of Oversight Over Key Processes

Review of records established that internal controls across revenue management and other operational areas were weak, with limited oversight mechanisms to ensure compliance, efficiency, and accountability. Further, the County's internal audit department did not have any work plan related to the audit of the receiver of revenue as a focus area in its annual audit work plan for the year. In addition, there was no evidence that the entity had an audit committee in place, as audit reports and committee composition documents were not availed for audit review.

In the circumstances, the adequacy and effectiveness of internal controls and oversight mechanisms within the County Government could not be confirmed.

2. Over-Reliance on Vendors and Absence of Escrow Agreements

Audit review revealed that the County Government engaged two vendors to develop and manage its revenue systems but failed to establish formal escrow agreements or secure independent rights to source codes, technical documentation, and configuration files. Consequently, vendors retained exclusive control over critical system assets and intellectual property, exposing the County to continuity risks in case of contract termination or vendor default. This contravenes Section 68(1)(b) of the Public Procurement and Asset Disposal Act, 2015, which requires procurement contracts to clearly specify ownership of intellectual property, and undermines prudent asset management principles under the Public Finance Management Act, 2012.

Additionally, both vendors were granted unrestricted access to production servers, application servers, database servers, and administrative consoles, with systems hosted offsite at vendor premises. Vendors exercised end-to-end control over system lifecycle activities, design, deployment, database administration, user management, and code implementation, without segregation of duties, contrary to ISO/IEC 27002:2013 Section 12.1.2 and ICT Authority Information Security Standard ICTA-3.003:2023 Sections 8.1.1 and 8.1.5, which require which require Ministries, Counties, Departments, and Agencies (MCDAs) to establish role-based access controls and segregation of duties to safeguard information systems and data integrity.

Further, the County had not established a formal ICT governance framework defining access controls, role segregation, and system ownership boundaries to regulate vendor privileges post-deployment. Consequently, County ICT administrators lacked authority and visibility over system environments, audit logs, and financial reports, which were solely generated by vendors with minimal oversight.

In the circumstances, the adequacy of internal controls, data governance, and accountability mechanisms over core revenue systems could not be confirmed.

3. Lack of Change Management Processes

Analysis of records revealed that the County Government had not developed or implemented a formal Change Management Policy or documented procedures to guide the review, approval, and implementation of system changes within the Mombasa Revenue Systems. The review further revealed that there was no evidence of a designated Change Management Committee or an equivalent governance structure responsible for evaluating and approving system modifications.

In addition, the County did not provide critical documentation to support the change management process, including authorized change requests, change registers, approval forms, test scripts, or signed User Acceptance Testing (UAT) reports. Therefore, changes to the systems such as enhancements, updates, patches, and configuration modifications were implemented without evidence of structured assessment, formal approval, or post-change review. This was contrary to Section 9 of ISO/IEC 27001:2013, which requires that changes to information systems, processes, and procedures be controlled and approved through formal change management processes to ensure system continuity, integrity, and security. The absence of such a framework increases the risk of unauthorized changes, system instability, data integrity compromise, and operational disruptions.

In the circumstances, the adequacy and effectiveness of change management controls and user acceptance procedures within the County Government's revenue systems could not be confirmed.

4. Lack of Business Continuity and Disaster Recovery Plans

Review of internal control in place established that the County Government of Mombasa had not developed, approved, or tested a Business Continuity Plan (BCP) and Disaster Recovery Plan (DRP) for the two revenue management systems. Further, there was no documented evidence of any approved continuity or recovery framework outlining roles, procedures, or recovery time objectives in case of system failure, data loss, or prolonged service disruption. This was contrary to Regulation 22(1)(b) of the Public Finance Management (County Governments) Regulations, 2015, which requires the Accounting Officer to maintain effective systems of internal control and ensure their effectiveness. It was also contrary to the provisions of ISO/IEC 27001, which require public institutions to establish, document, and periodically test business continuity and disaster recovery arrangements to ensure resilience and timely restoration of critical services.

In the circumstances, the adequacy and effectiveness of the County Government's business continuity and disaster recovery preparedness could not be confirmed.

5. Lack of System Audit Logs for the Revenue Management Systems

The County Government could not provide system audit logs for either system for the period under review, as the servers are fully hosted and controlled by the vendors. This was contrary to Regulation 22(1)(b) of the Public Finance Management (County Governments) Regulations, 2015, which requires accounting officers to maintain effective systems of internal controls and ensure their effectiveness, and Clause 12.4.1 of ISO/IEC

27002:2013, which requires that event logging be implemented to record user activities, exceptions, faults, and information security events.

In the circumstances, the adequacy and effectiveness of system controls and user activity monitoring within the two revenue management systems could not be confirmed.

6. Failure to Implement User Rights Access Matrix

Review of the User Access Matrix for the County's Revenue Management System revealed that several employees were assigned extensive and unrestricted access rights spanning both financial and system administrative modules. It was further noted that there existed a generic system account with combined financial and administrative privileges, as well as five (5) operational user accounts that could not be traced to the County's official staff list or mapped to any designated officers.

The assignment of excessive and unverified user privileges created an inappropriate concentration of control, undermining segregation of duties and compromising system security. The lack of centralized access management by the County ICT Unit further exposes the County to vendor dependency, making it difficult to monitor or revoke user privileges in real time. This was contrary to Regulation 22(1)(b) of the Public Finance Management (County Governments) Regulations, 2015, which requires accounting officers to maintain effective systems of internal controls and ensure their effectiveness, and ISO/IEC 27002:2022 – Information Security Controls, which requires that user access rights be granted strictly on the principles of least privilege and need-to-know, with periodic review and approval by authorized personnel.

In the circumstances, the adequacy, integrity, and effectiveness of user access controls within the County Revenue Management System could not be confirmed.

7. Poor Physical Condition and Environmental Control of the Server Room

Physical inspection of the County Government of Mombasa's Server Room hosting the Local Authorities Integrated Financial Operations and Revenue Management System (LAIFORMS) receipting servers during the month of October, 2025 revealed that the facility was in poor physical and environmental condition. The server room was musty due to leaking roofs and evidence of water intrusion on the floor. The air conditioning unit responsible for regulating server temperature was found to be faulty, leading to poor cooling performance. Additionally, the cooling ducts showed no evidence of water flow, indicating malfunction or blockage and further compromising the environmental stability of the server room.

Visible signs of water damage, including peeling paint and damp patches on walls and floors, were evident. Dust accumulation was observed on server racks, fire suppression ducts, power distribution units, unused racks, and ventilation ducts, demonstrating inadequate cleaning and maintenance practices. Moreover, network and power cables were found loosely lying on the floor without proper trays or conduits, reflecting poor cable management and housekeeping standards.

In the circumstances, the reliability and environmental adequacy of the County Government of Mombasa's server room hosting the LAIFORMS receiving servers could not be confirmed.

8. Lack of Cookies Policy on the Entity's Website

Review of records on data established that the County Government of Mombasa's official website was not fully compliant with the provisions of the Data Protection Act, 2019, which under Section 25 requires data controllers and processors to inform data subjects of the purpose for which personal data is collected, stored, or processed. Further, in line with best practices prescribed under ISO/IEC 29184:2020 – Online Privacy Notices and Consent, public entities are expected to publish clear and accessible Cookies Policies informing users about the tracking, storage, and use of their personal data.

However, the County Government's website lacks an approved or published Cookies Policy. Users accessing the site are not informed of whether cookies or tracking technologies are used, nor are they provided options to consent to or manage such data collection. This is contrary to the principles of transparency and accountability in the handling of personal information as required under the Data Protection Act, 2019.

In the circumstances, the County Government's compliance with online privacy and data protection requirements in relation to its website could not be confirmed.

9. Limited Access to Information on System Invoices and Receipts

Review of revenue records revealed that access to invoices and receipts generated from the two (2) revenue management systems was limited, contrary to the provisions of Section 9(1) and Section 21(1)(a)(b) of the Public Audit Act, 2015, which empower the Auditor-General and authorized officers to have unrestricted access to all books, records, reports, and electronic documents of public entities, and obligate every public body and its employees to provide such documents and information necessary for audit purposes. Analysis of revenue records established that invoices and receipts totalling Kshs.2,284,318,324.59 could not be fully supported by documentation provided for audit verification across various revenue streams. Further, the audit scope was limited due to restricted system access, as the audit team was granted only partial access to selected reporting modules in one system, while the other system was accessible for a seven-day, view-only period. This restriction impeded the ability to download or review detailed transaction records, including receipt data necessary for confirmation of revenue accuracy and completeness. This was contrary to the statutory mandate of the Auditor-General under Section 9(1)(e) of the Public Audit Act, 2015, which provides for unrestricted access to records and systems of entities subject to audit. The limitation of access and incomplete documentation compromised the transparency and accountability of the County's revenue management processes.

In the circumstances, the recorded revenue transactions and related balances could not be independently verified or confirmed.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The Standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk Management and overall governance

were operating effectively in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those charged with Governance

Management is responsible for the preparation and fair presentation of these Revenue statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of Revenue statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and governance.

In preparing the Revenue statements, Management is responsible for assessing the County Government of Mombasa Receiver of Revenue's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management is aware of the intention to cease operations.

Management is also responsible for the submission of the Revenue statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the Revenue statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the Revenue statements comply with the authorities which govern them and that public resources are applied in an effective way.

Those charged with Governance are responsible for overseeing the Receiver of Revenue - County Government of Mombasa's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

My responsibility is to conduct an audit of the Revenue statements in accordance with Article 229(4) of the Constitution, Section 35 of the Public Audit Act, 2015 and the International Standards of Supreme Audit Institutions (ISSAIs). The standards require that, in conducting the audit, I obtain reasonable assurance about whether the Revenue statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes my opinion in accordance with Section 48 of the Public Audit Act, 2015. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Revenue statements.

In conducting the audit, Article 229(6) of the Constitution also requires that I express a conclusion on whether or not in all material respects, the activities, financial transactions and information reflected in the Revenue statements are in compliance with the authorities that govern them and that public resources are applied in an effective way. In addition, I consider the entity's control environment in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1) (a) of the Public Audit Act, 2015.

Further, I am required to submit the audit report in accordance with Article 229(7) of the Constitution.

Detailed description of my responsibilities for the audit is located at the Office of the Auditor-General's website at: <https://www.oagkenya.go.ke/auditor-generals-responsibilities-for-audit/>. This description forms part of my auditor's report.

[Provide below a commentary on significant under realisation (below 90% of realisation) and any over realisation]

1. Cess – 66.71% Realisation

The underperformance in cess revenue was primarily due to the ongoing construction of the Malindi - Mombasa Road by the Kenya Urban Roads Authority (KURA). This project has significantly reduced transportation and haulage activities, which are the main sources of cess, thereby negatively affecting revenue collections.

*Receiver Of Revenue
County Government Of Mombasa
Revenue Statements for the Period Ended 30th June 2025*

2. Property Rent – 41.17% Realisation

The substantial shortfall in property rent revenue is attributed to the demolition of government housing units to pave the way for the Affordable Housing Project. This led to a reduction in rentable units and, consequently, a decline in revenue from this stream.

3. Market Fees – 13.12% Realisation

Market fee collections fell significantly short of the target. This may be attributed to a combination of underperformance in enforcement, temporary closure of markets due to structural upgrades or health/safety issues, and possible revision of market policies affecting collection efficiency.

4. Physical Planning and Development – 56.80% Realisation

The shortfall is likely due to delays in approval processes or reduced development activity during the financial year. Economic factors, investor confidence, or policy changes may also have contributed.

5. Land Rates – 60.47% Realisation

The low performance in land rate collection could be due to challenges in valuation roll updates, enforcement issues, or public resistance to payment due to pending land disputes or unclear property ownership.

6. Single/Business Permits – 51.13% Realisation

This revenue stream underperformed possibly due to reduced business activity, weak enforcement mechanisms, or delays in permit renewals.

7. Proceeds from Sale of Assets – 0% Realisation

The revenue was not realised, likely due to delays in the disposal process or lack of approval for asset sales.

Over-Realisation (Above 100%)

1. Parking Fees – 101.97% Realisation

This overperformance indicates effective enforcement and increased uptake of parking services, possibly due to expansion in urban centres or improved revenue collection mechanisms.

**Receiver Of Revenue
County Government Of Mombasa
Revenue Statements for the Period Ended 30th June 2025**

2. Hospital Fees – 112.14% Realisation

The over-realisation is attributed to the inclusion of revenue from additional hospital facilities across the county, beyond the County Government Teaching and Referral Hospital (CCTRH). Improved service delivery and automation of hospital billing systems may also have contributed.

(Explain whether the changes between the original and final are as a result of reallocations within the budget or other causes as per IPSAS 24. A reconciliation should be presented where the actual on comparable basis does not tie with the underlying primary financial statements.)

The County Receiver of Revenue's financial statement was approved on 11.12. 2025 and signed by:

Name: Swaleh Mwalizuma

County Receiver of Revenue

Name: Idris Mbaruk

Head of Revenue Reporting
ICPAK M/No: 19977

11. Notes to the Financial Statements

1. General Information

Mombasa County Receiver of Revenue was appointed by the CEC member of Finance of Mombasa County Government in accordance with section 157 of the PFM Act.

2. Statement of Compliance and Basis of Preparation

The revenue statements have been prepared in accordance with and comply with **Transitional** International Public Sector Accounting Standards (IPSAS) Accrual Basis of Accounting and relevant legal framework of the County Government of Mombasa. The financial statements comply with and conform to the form of presentation prescribed by the Public Sector Accounting Standards Board of Kenya.

Guiding note during the transition period:

The financial statements have been prepared in accordance with the PFM Act, and the entity has taken advantage of the transitional provisions under IPSAS 33 and therefore this 1st year financial statements are transitional financial statements.

The entity has not recognized intangible assets, service concession assets and related liabilities and financial instruments. The entity is undertaking capacity building and other initiatives to be fully compliant by end of the provided transition period.

The financial statements are presented in Kenya Shillings, which is the functional and reporting currency of the entity. The accounting policies adopted have been consistently applied to all the years presented.

The Financial statements were authorized for issue by the Accounting Officer on 29th August 2025.

3. Adoption of New and Revised Standards

- i) **New and amended standards and interpretations in issue effective in the year ended 30 June 2025.**

There were no new and amended standards issued in the financial year.

- ii) **New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2025**

Standard	Effective date and impact:
IPSAS 43	<p>Applicable 1st January 2025</p> <p>The standard sets out the principles for the recognition, measurement, presentation, and disclosure of leases. The objective is to ensure that lessees and lessors provide relevant information in a manner that faithfully represents those transactions. This information gives a basis for users of financial statements to assess the effect that leases have on the financial position, financial performance and cashflows of an Entity.</p> <p>The new standard requires entities to recognise, measure and present information on right of use assets and lease liabilities.</p>
IPSAS 44: Non-Current Assets Held for Sale and Discontinued Operations	<p>Applicable 1st January 2025</p> <p>The Standard requires,</p> <p>Assets that meet the criteria to be classified as held for sale to be measured at the lower of carrying amount and fair value less costs to sell and the depreciation of such assets to cease and:</p> <p>Assets that meet the criteria to be classified as held for sale to be presented separately in the statement of financial position and the results of discontinued operations to be presented separately in the statement of financial performance.</p>
IPSAS 4 Property, Plant and Equipment	<p>Applicable 1st January 2025</p> <p>The standard supersedes IPSAS 17 on Property, Plant and Equipment. IPSAS 45 has additional guidance/ new guidance for heritage assets, infrastructure</p>

County Government Of Mombasa
Revenue Statements for the Period Ended 30th June 2025*

Standard	Effective date and impact:
and Equipment	assets and measurement. Heritage assets were previously excluded from the scope of IPSAS 17 in IPSAS 45, heritage assets that satisfy the definition of PPE shall be recognised as assets if they meet the criteria in the standard. IPSAS 45 has an additional application guidance for infrastructure assets, implementation guidance and illustrative examples. The standard has clarified existing principles e.g. valuation of land over or under the infrastructure assets, under- maintenance of assets and distinguishing significant parts of infrastructure assets.
IPSAS 46 Measurement	<p>Applicable 1st January 2025</p> <p>The objective of this standard was to improve measurement guidance across IPSAS by:</p> <ul style="list-style-type: none"> i. Providing further detailed guidance on the implementation of commonly used measurement bases and the circumstances under which they should be used. ii. Clarifying transaction costs guidance to enhance consistency across IPSAS. iii. Amending where appropriate guidance across IPSAS related to measurement at recognition, subsequent measurement and measurement related disclosures. <p>The standard also introduces a public sector specific measurement bases called the current operational value.</p>
IPSAS 47- Revenue	<p>Applicable 1st January 2026</p> <p>This standard supersedes IPSAS 9- Revenue from exchange transactions, IPSAS 11 Construction contracts and IPSAS 23 Revenue from non- exchange transactions. This standard brings all the guidance of accounting for revenue under one standard. The objective of the standard is to establish the principles that an entity shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flow arising from revenue transactions.</p>

*Receiver Of Revenue
County Government Of Mombasa
Revenue Statements for the Period Ended 30th June 2025*

Standard	Effective date and impact:
IPSAS 48- Transfer Expenses	<p>Applicable 1st January 2026</p> <p>The objective of the standard is to establish the principles that a transfer provider shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of expenses and cash flow arising from transfer expense transactions. This is a new standard for public sector entities geared to provide guidance to entities that provide transfers on accounting for such transfers.</p>
IPSAS 49- Retirement Benefit Plans	<p>Applicable 1st January 2026</p> <p>The objective is to prescribe the accounting and reporting requirements for the public sector retirement benefit plans which provide retirement to public sector employees and other eligible participants. The standard sets the financial statements that should be presented by a retirement benefit plan.</p>
IPSAS 50: Exploration For & Evaluation of Mineral Resources	<p>Applicable 1st January 2027</p> <p>The objective of this Standard is to specify the financial reporting for the exploration for and evaluation of mineral resources. The Standard requires:</p> <ul style="list-style-type: none"> i. Limited improvements to existing accounting practices for exploration and evaluation expenditures. ii. Entities that recognize exploration and evaluation assets to assess such assets for impairment in accordance with this Standard and measure any impairment in accordance with IPSAS 26. iii. Disclosures that identify and explain the amounts in the entity's financial statements arising from the exploration for and evaluation of mineral resources and help users of those financial statements understand the amount, timing and certainty of future cash flows from any exploration and evaluation assets recognized.

iii) Early adoption of standards

The Entity did not early-adopt any new or amended standards in the financial year or the entity adopted the following standards early (state the standards, reason for early adoption and impact on the entity's financial statements.)

4. Significant Accounting Policies

The principal accounting policies adopted in the preparation of these revenue statements are set out below:

i) Revenue from non-exchange transactions

Fees, taxes, fines and charges

The Receiver of Revenue recognizes revenues from fees, taxes, fines and charges when the event occurs and the asset recognition criteria is met. Other non-exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow to the Entity and the fair value of the asset can be measured reliably.

ii) Revenue from exchange transactions

Rendering of services

The Receiver of Revenue recognizes revenue from the rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours. Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable.

Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably, and it is probable that the economic benefits or service potential associated with the transaction will flow to the Entity.

Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's

*Receiver Of Revenue
County Government Of Mombasa
Revenue Statements for the Period Ended 30th June 2025*

net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

Dividends

Dividends or similar distributions must be recognized when the shareholder's or the Entity's right to receive payments is established.

Notes to the Financial Statements (Continued)

Summary of Significant Accounting Policies (Continued)

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

iii) Budget

The County Revenue budget is developed on cash basis. The budget has the same accounts classification basis, and for the same period as the financial statements. The County budget was approved as required by law. The original budget was approved by the County Assembly on 30th June 2024 for the period 1st July 2024 to 30 June 2025. There was one number of supplementary budgets passed in the year. A high-level assessment of the County's actual performance against the comparable budget for the financial year under review has been included in these financial statements.

The Entity's budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget. A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actuals as per the statement of financial performance has been presented under section xxx of these financial statements.

iv) Cash and cash equivalents.

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include revenue collection accounts held at Commercial banks.

Notes to the Financial Statements (Continued)

Summary of Significant Accounting Policies (Continued)

v) Revenue in Arrears

Revenue in arrears relate to revenue earned and is yet to be received or collected by the receiver of revenue. These arrears are presented as receivables from exchange and non-exchange transactions in the statement of financial position. These receivables are assessed for impairment on a continuous basis. The details of these arrears are presented as an appendix to the financial statements under the statement of arrears as required under the PFM Act, 2012 Section 165 (2) (b).

vi) Disbursements to CRF

The Receiver of Revenue has an arrangement for transfer of funds from its bank account to the CRF account. Total disbursements to the CRF are as a result of the transfer arrangement during the year.

vii) Payables due to CRF

These relate to amounts yet to be disbursed to the County Revenue Fund at the end of the period. The amount also includes monies that are yet to be collected by the receiver of revenue at the end of the reporting period.

viii) Comparative Figures

Where necessary, comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

ix) Subsequent Events

There have been no events subsequent to the financial year end with a significant impact on the revenue statements for the year ended June 30, 2025

Notes to the financial statements

5. Significant Judgments and Sources of Estimation Uncertainty

The preparation of the Entity's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

State all significant judgements, estimates and assumptions made:

Estimates and assumptions.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Entity based its assumptions and estimates on parameters available when the financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur.

Provisions

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note 30. Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date and are discounted to present value where the effect is material.

(include provisions applicable to your organization, e.g., provision for bad debts and how management estimates these provisions).
