1. NATIONAL TREASURY INFORMATION AND MANAGEMENT

(a) Background Information

The National Treasury was established via the Executive Order No. 2 of May 2013. The basis for establishment of the National Treasury is found in Article 225 (i) of the Constitution of Kenya which states that an Act of Parliament shall provide for the establishment, functions and responsibilities of the National Treasury. This has been actualized in Section 11 and 12 of the Public Finance Management (PFM) Act 2012.

At Cabinet level, the National Treasury is represented by the Cabinet Secretary for National Treasury and Planning, who is responsible for the general policy and strategic direction of the Ministry with the assistance of the Chief Administrative Secretary.

Vision

“Excellence in economic and public financial management, and development planning”.

Mission

“To provide leadership in economic and public financial management, for shared growth through formulation, implementation and monitoring of economic and financial policies”.

Core Values

The National Treasury is guided by the following core values: Customer Focus, Results Oriented, Stakeholder Participation, Professionalism, Accountability, Integrity and Transparency and Teamwork all geared towards excellence in service delivery.

Mandate of the National Treasury

The National Treasury derives its mandate from Article 225 of the Constitution, Public Finance Management Act 2012 and the Executive Orders No.2/2013 and No.1/2018. The National Treasury will be executing its mandate in consistency with any other legislation as may be developed or reviewed by Parliament from time to time.

The core functions of the National Treasury as derived from the above legal provisions include;

- Formulate, implement and monitor macro-economic policies involving expenditure and revenue;
- Manage the level and composition of national public debt, national guarantees and other financial obligations of national government;
- Formulate, evaluate and promote economic and financial policies that facilitate social and economic development in conjunction with other national government entities;
- Mobilize domestic and external resources for financing national and county government budgetary requirements;
- Design and prescribe an efficient financial management system for the national and county governments to ensure transparent financial management and standard financial reporting.

**THE NATIONAL TREASURY AND PLANNING
SUBSCRIPTIONS TO INTERNATIONAL ORGANIZATIONS
Annual Report and Financial Statements
For the year ended 30 June, 2022**

- In consultation with the Accounting Standards Board, ensure that uniform accounting standards are applied by the national government and its entities;
- Develop policy for the establishment, management, operation and winding up of public funds;
- Prepare the annual Division of Revenue Bill and the County Allocation of Revenue Bill;
- Strengthen financial and fiscal relations between the national government and county governments and encourage support for county governments;
- Assist county governments to develop their capacity for efficient, effective and transparent financial management;
- To prepare the National Budget, execute/implement and control approved budgetary resources to MDAs and other Government agencies/entities; and
- Coordination and integration of public ports, railway and pipeline services.

Role of the National Treasury in the Devolved System of Government

The National Treasury is mandated by law to:

- Strengthen financial and fiscal relations between the National Government and County Governments and support for county governments in performing their functions;
- Issue guidelines on the preparation of county development planning;
- Prepare the annual legislative proposals on intergovernmental fiscal transfers;
- Provide logistical support to intergovernmental institutions overseeing intergovernmental fiscal relations;
- Coordinate the development and implementation of financial recovery plans for County Governments that are in financial distress;
- Build capacity of County Governments on public finance management matters for efficient, effective and transparent financial management as well as planning, monitoring and evaluation and;
- Administer the Equalization Fund.

(b) Key Management

The National Treasury day-to-day management is under the following key offices;

Office of the Principal Secretary

The Office of the Principal Secretary is responsible for the day-to-day administration of the National Treasury operations and is the accounting officer. In addition, the Principal Secretary is charged with the responsibility of providing advice to the Cabinet Secretary in order to enhance efficiency and collective responsibility.

Organizational structure of the National Treasury

The National Treasury is organized into five (5) technical Directorates headed by Director Generals and (1) Administrative and Support Services Directorate headed by a Principal Administrative Secretary. Each Director General is responsible for a Directorate comprising a cluster of Departments responsible for related policy functions. In addition, the Treasury has two independent departments namely Public Procurement and Internal Auditor General both of which are headed by Directors. The Directorates and Departments are as follows:

THE NATIONAL TREASURY AND PLANNING
SUBSCRIPTIONS TO INTERNATIONAL ORGANIZATIONS
Annual Report and Financial Statements
For the year ended 30 June, 2022

Directorate of Budget, Fiscal and Economic Affairs

The Directorate is headed by a Director General, reporting to the Principal Secretary, National Treasury. It is organized into the following four (4) Technical Departments each headed by a director:

- Budget Department;
- Macro and Fiscal Affairs Department
- Financial and Sectoral Affairs Department;
- Inter-Governmental Fiscal Relations Department

Directorate of Accounting Services and Quality Assurance

The Directorate is headed by a Director General reporting to the Principal Secretary, National Treasury. It is organized into the following four (4) Technical Departments each headed by a director:

- Government Accounting Services;
- Financial Management Information Systems (FMIS)
- National Sub-County Treasuries.
- Government Digital Payments Unit.

Directorate of Portfolio Management

The Directorate is headed by a Director General, reporting to the Principal Secretary. It is organized into the following four (4) Technical Departments each headed by a Director:

- Government Investment and Public Enterprises;
- National Assets and Liabilities Management;
- Pensions Department.
- Public Investment Management Unit

Directorate of Public Debt Management Office

The Directorate is headed by a Director General, reporting to the Principal Secretary. It is organized into the following three (3) Technical Departments each headed by a Director:

- Resource Mobilization (Front Office);
- Debt Policy, Strategy and Risk Management (Middle Office);
- Debt Recording and Settlement (Back Office).

Directorate of Public Private Partnership Unit

The Directorate is headed by a Director General, reporting to the Principal Secretary on matters relating to Public Private Partnership.

Directorate of Administrative and Support Services (Common Shared Services)

The Directorate is headed by a Principal Administrative Secretary, reporting to the Principal Secretary. It is organized into twelve (12) specialized functions offering common shared services. The common shared services of the National Treasury consist of functions that are not core to the National Treasury but offer critical support services to the National Treasury. The functions include:

- Accounting,
- Finance,

(d) Fiduciary Oversight Arrangements

To manage the fiduciary risk, the National Treasury has put in place fiduciary oversight arrangements including setting up committees. The key oversight arrangements include:

Internal Audit Unit

The National Treasury has an internal Audit Unit charged with the responsibility of identifying risks in the management and day to day operations of the Ministry through the risk-based audits. The Unit reports directly to the Accounting Officer on a regular basis.

Audit Committees

In line with the Public Finance Management Act, the National Treasury has established a Ministerial Audit Committee comprising five members, three of whom are independent. The Committee provides overall oversight and quality assurance including follow up on the effectiveness of implementation of audit recommendations.

Further, the National Treasury established an audit committee comprising officers from all departments of the Ministry, under the chairmanship of the Senior Chief Finance Officer. The Committee reviews and analyses all audit queries and makes recommendations on how to reduce fiduciary risks. In addition, the committee prepares responses to all audit queries for presentation to the relevant committees of parliament.

Project Implementation Committee

To monitor the implementation of the Government's Infrastructure Projects, the National Treasury has established a Project Steering Committee comprising Principal Secretaries from implementing Ministries and appointed a technical committee comprising officers from the technical departments of the Ministry. The Committees review and analyse the progress made by ministries in the implementation of domestically and externally funded projects and advises accordingly.

Parliamentary Activities

In order to effectively manage the parliamentary activities relating to the Ministry, the National Treasury has established a committee and designated a liaison officer to coordinate the activities under the Office of the Cabinet Secretary in consultation with the Office of the Chief Administrative Secretary.

Development Partner Oversight

To effectively manage Official Development Assistance to the Government, the National Treasury has under the Public Debt Management a department responsible for all matters relating to Development Partners. The Department has various Units that coordinate different development partner activities in the Country.

**THE NATIONAL TREASURY AND PLANNING
SUBSCRIPTIONS TO INTERNATIONAL ORGANIZATIONS
Annual Report and Financial Statements
For the year ended 30 June, 2022**

Other fiduciary oversight arrangements include the following committees with specific objectives;

Top Management Committee and Other Committees

To monitor the implementation of the Ministry's programmes and performance, the National Treasury has appointed Top Management Committee comprising of Director Generals. The Committee receives reports from departments, builds consensus on National Treasury responses to emerging issues, challenges and risks and ensures that the decisions made are implemented in a timely manner. Additionally, the Treasury constituted Ad hoc Committees to handle specific assignments in the Financial Year 2021/22.

Public Financial Management Sector Working Group

To facilitate the implementation of financial management reforms, the National Treasury has appointed senior officers to the Public Financial Management Sector Working Group. The Committee plays an oversight role in the implementation of financial reforms in the public service in collaboration with the development partners.

Budget Implementation Steering Committee

In order to effectively monitor the implementation of the National Government budget implementation, The National Treasury has established a steering Committee chaired by the Cabinet Secretary, National Treasury and Planning. The Principal Secretaries for the National Treasury and State Department of Planning provide general oversight in the Budget implementation.

Budget Implementation Technical Committee

The Committee is chaired by the Principal Administrative Secretary and comprises the Director Generals and various Heads of Department. The Committee is responsible for monitoring the actual implementation of the identified measures and programmes and reporting detailed progress on the same regularly.

Budget Implementation Ministerial Committee

To monitor the implementation of the Ministry's budget, programmes and activities, the National Treasury has appointed a committee comprising of officers from all the Departments of the Ministry. The Committee reviews and analyses the progress made by Departments in the implementation of budget and the planned programmes and activities and advises the management accordingly.

Monitoring and Evaluation

The Ministry undertakes monitoring and evaluation exercises to establish progress made in the implementation of various programmes and projects including those that are funded by the development partners.

2.1. FOREWORD BY THE CABINET SECRETARY

In accordance with Section 12 of the Public Finance Management Act, 2012, the National Treasury is responsible for coordinating the country's economic and financial management. Overall, the National Treasury has continued to maintain a policy environment that is conducive to economic growth and development of the country.

The Kenyan economy demonstrated remarkable resilience to the COVID-19 shock and expanded by 7.5 percent in 2021, a much stronger level from a contraction of 0.3 percent in 2020 (**Chart 1**). This economic recovery was mainly supported by the recovery in the service and industry sectors despite the subdued performance in the agricultural sector.

Chart 1: Annual Real GDP Growth Rates

Data Source: National Treasury: Quarterly Economic and Budgetary Review, September, 2022

In the first quarter of 2022, the economy expanded further by a remarkable 6.8 percent compared with a growth of 2.7 percent in a similar quarter in 2021 (**Chart 2**). The strong performance was supported by continued recovery in manufacturing, transport and storage, accommodation and food services, wholesale and retail trade, Professional, administration and support services and financial and insurance sectors.

THE NATIONAL TREASURY AND PLANNING
SUBSCRIPTIONS TO INTERNATIONAL ORGANIZATIONS
Annual Report and Financial Statements
For the year ended 30 June, 2022

Chart 2: Quarterly Real GDP Growth Rates

Data Source: National Treasury: Quarterly Economic and Budgetary Review, September, 2022

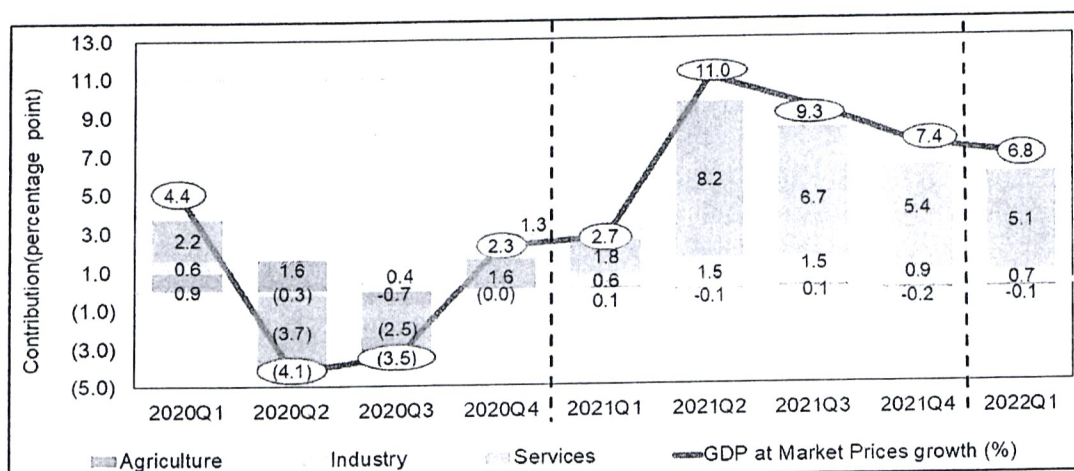

Sectoral Growth rates

Activities in agriculture, forestry and fishing sector remained subdued in the first quarter of 2022 mainly attributed to depressed rainfall during the fourth quarter of 2021 as well as delayed onset of rains during the first quarter of 2022, thereby leading to reduced agricultural production. The sector is estimated to have contracted by 0.7 percent in the first quarter of 2022 compared to 0.4 percent growth in the first quarter of 2021. The poor performance of the sector was mainly due to the significant decline in horticultural exports and tea production. The sector’s performance was however cushioned from a steeper slump by the increase in production of cane, milk, and coffee. The sector’s contribution to GDP growth was -0.1 percentage points in the first quarter of 2022 compared to 0.1 percentage points contribution in the same quarter in 2021 (**Chart 3**).

The biggest contribution to the growth was recorded in the Services Sector. The recovery of activities in the services sector continued in the first quarter of 2022. The sector grew by 9.1 percent in the first quarter of 2022 compared to a growth of 3.2 percent in the same quarter in 2021. The strong growth was largely characterized by significant recovery in transportation and Storage (8.1 percent), accommodation and food services (56.2 percent) and Professional, Administrative and Support Services (14.9 percent). The sector was also supported by strong growths in financial and insurance services (14.4 percent), and wholesale and retail trade (8.7 percent). The services sector contributed 5.1 percentage point to real GDP growth in the first quarter of 2022 compared to the 1.8 percentage point contribution in the same quarter in 2021.

THE NATIONAL TREASURY AND PLANNING
SUBSCRIPTIONS TO INTERNATIONAL ORGANIZATIONS
Annual Report and Financial Statements
For the year ended 30 June, 2022

Chart 3: Sectoral contributions to Real GDP Growth

Data Source: National Treasury: Quarterly Economic and Budgetary Review, September, 2022

Additionally, activities in the manufacturing sub-sector were more vibrant in the first quarter of 2022 compared to the same quarter in 2021. The sub-sector grew by 3.7 percent in the first quarter of 2022 compared to a 2.1 percent growth in 2021. The improved performance was supported by both the food and non-food components. The food component that registered substantial growth was processing of coffee while the non-food component growth was supported by substantial growth in cement production.

Inflation

The year-on-year inflation rate increased to 7.9 percent in June 2022 (slightly above the 7.5 percent upper bound) from 6.3 percent in June 2021 mainly due to higher food and fuel prices. Notwithstanding this, the increase was moderated by Government measures to stabilize fuel prices, lower electricity tariffs and subsidies on fertilizer prices. Additionally, the recent waiver of import duties and levies on white maize, the subsidy on retail prices of sifted maize flour, and the reduction in VAT on LPG will further moderate domestic prices. Overall annual average inflation remained within Government target range at 6.3 percent in June 2022 compared to the 5.3 percent recorded in June 2021.

Exchange Rates

The foreign exchange market has largely remained stable despite the tight global financial conditions attributed to strengthening of the US Dollar. The Kenya Shilling to the US Dollar exchanged at KSh. 117.3 in June 2022 compared to KSh. 107.8 in June 2021. Over the same period, the Euro exchanged at KSh. 124.1 compared to KSh. 130.1 while the Sterling Pound exchanged at KSh. 144.8 compared to KSh. 151.5.

In comparison to most Sub-Saharan Africa currencies, the Kenya Shilling has remained relatively stable weakening by 8.8 percent against the US Dollar (**Chart 4**). The depreciation rate of the Kenya Shilling was lower than that of Botswana pula, Namibian Dollar, South African Rand,

**THE NATIONAL TREASURY AND PLANNING
SUBSCRIPTIONS TO INTERNATIONAL ORGANIZATIONS
Annual Report and Financial Statements
For the year ended 30 June, 2022**

Malawi Kwacha and Ghanaian Cedi. The stability in the Kenya Shilling was supported by increased remittances, adequate foreign exchange reserves and improved exports.

Chart 4. Performance of Selected Sub-Saharan Countries Currencies against the US Dollar (June, 2021 to June, 2022)

Data Source: National Treasury: Quarterly Economic and Budgetary Review, September, 2022

Overall, leading economic indicators including interest rates, Foreign Exchange Reserves balance of payments and, money and credit for the fourth quarter of 2021 and the first quarter of 2022 recorded stable performance and point to strong recovery from the adverse impact of the COVID-19 pandemic.

Going forward, the National Treasury is committed to promoting Growth enabling investments through the implementation of the Economic Recovery Strategy. Specifically, the National Treasury will:

1. Scale-up the COVID-19 response;
2. Reduce debt vulnerabilities through revenue-driven fiscal consolidation plan that target to stabilize the debt to GDP ratio and subsequently put it on a downward path;
3. Support structural and governance reforms while addressing weaknesses in state-owned enterprises; and,
4. Strengthen monetary policy framework and support financial stability.

**HON. (AMB.) UKUR YATANI, EGH
CABINET SECRETARY
THE NATIONAL TREASURY AND PLANNING**

**THE NATIONAL TREASURY AND PLANNING
SUBSCRIPTIONS TO INTERNATIONAL ORGANIZATIONS
Annual Report and Financial Statements
For the year ended 30 June, 2022**

**2.2. STATEMENT BY THE PRINCIPAL SECRETARY
Budget performance**

The National Treasury expenditure for the FY 2021/22 stood at KSh. 106.08 billion against an approved budget of KSh. 167.9 billion translating to an overall absorption rate of 63 percent as demonstrated in that pie chart below.

Chart 5: Total Allocation against Total Expenditure (KSh. Billion)

Total Allocations against Total Expenditure (KSh. Billions)

The National Treasury implemented the 2021/22 budget within five economic classifications/programmes. These were General Administration, Planning and Support Services, Public Financial Management, Economic and Financial Policy Formulation and Management, Market Competition and Creation of an Enabling Business Environment, Government Clearing Services, Rail Transport and Marine Transport. The latter two programmes were transferred to the National Treasury by an executive directive that merged the ports, rail and pipeline services.

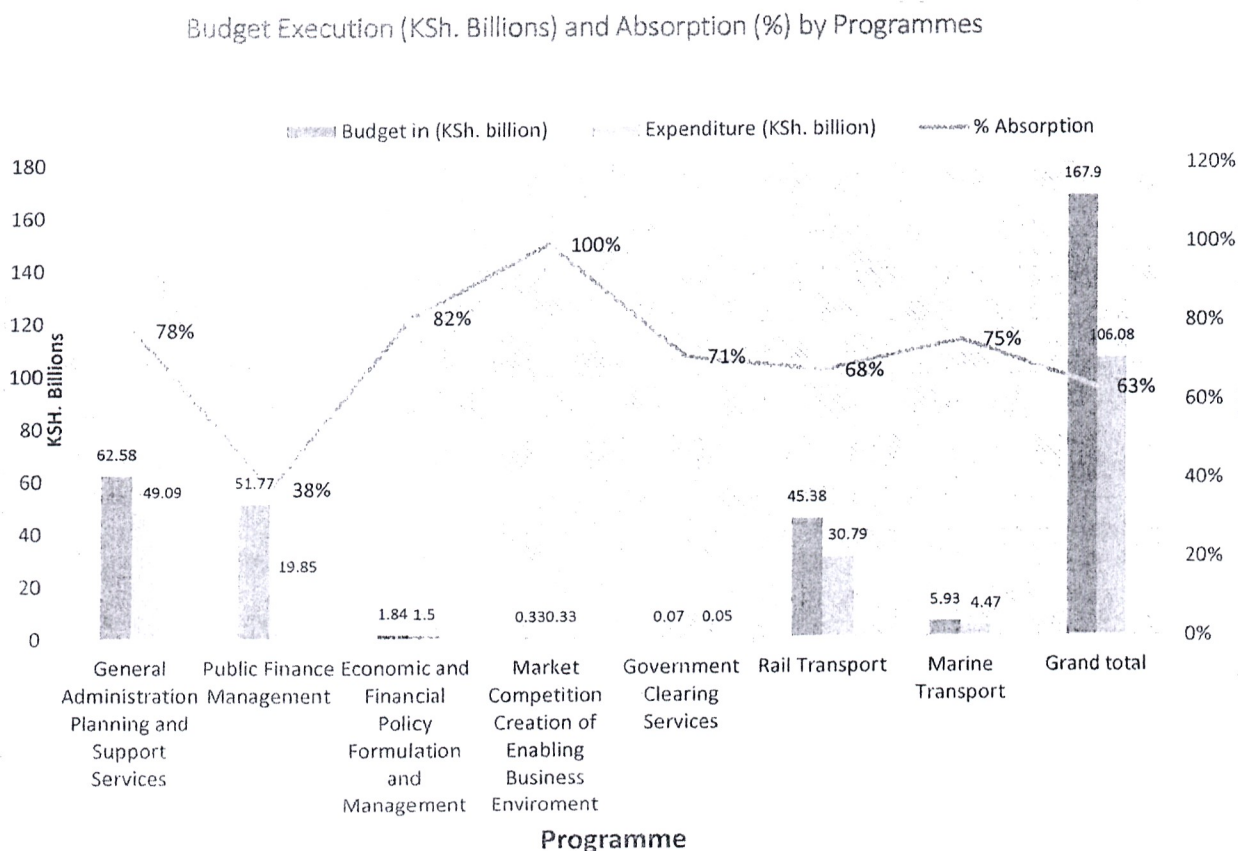

As demonstrated in the bar chart below, Market Competition and Creation of Enabling Business Environment Programme had the highest absorption at 100 percent followed by Economic and Financial Policy Formulation and Management at 82 percent, General Administration at 78 percent, Marine Transport 75 percent, Government Clearing Service at 71 percent, Rail Transport at 68 percent, and Public Financial Management at 38 percent. The 100 percent absorption rate in Market Competition and Creation of an Enabling Business Environment programme is attributed to transfers to Semi Autonomous Government Agencies (SAGAs) under the National Treasury which implemented this programme.

The low absorption rate in Public Financial Management programme relates to lower than anticipated execution on the following sub-programmes; Resource Mobilization, Budget Formulation, Coordination and Management, and Government Investment and Assets. The underperformance in Resource Mobilization sub-programme is attributed to a number of factors relating to implementation of externally funded projects. These include delay in granting of letter of 'no objection' from Development Partner funding Aid Effectiveness project, delay in restructuring and signing of contracts under the Infrastructure Finance for Public Private Partnerships project, lengthy procurement processes relating to Global Fund commodities, and delay in approval of County Allocation of Revenue Act 2021 to enable execution of budget under the Kenya Financing Locally-led Climate Action Programme.

THE NATIONAL TREASURY AND PLANNING
SUBSCRIPTIONS TO INTERNATIONAL ORGANIZATIONS
Annual Report and Financial Statements
For the year ended 30 June, 2022

Under Budget formulation sub-programme, the Equalization Fund budgetary allocation for FY 2021/22 of KSh. 6,825,317,433 was not transferred to the Equalization Fund bank account due to lack of an appropriate legal framework that enable disbursement of funds to beneficiaries counties. Under the Government Investments and Assets sub-Programme, Kenya Airways did not place a request for the transfer of KSh. 13.9 billion initially earmarked for the entity by the closure of the Financial Year.

Chart 6: Budget Execution (KSh. Billions) and proportion (%) by Programme

Key Achievements

Enhanced Revenue Collection

The economic recovery underway coupled with improved business environment resulted to a strong rebound in revenue collection. As at end June 2022, ordinary revenues amounted to Ksh.1.919 trillion recording an above target collection of Ksh 67.5 billion. This performance is a growth of 22.9 percent over the previous year

Other key achievements during the period under review are as follows;

- i. Developed the Draft National Tax Policy to guide tax administration and revenue collection. The policy sets out broad parameters on tax policy and related tax matters in Kenya, with the objectives of providing policy guidance on the collection, enforcement and administration of tax laws; the basis for review and development of tax laws; guidelines to stakeholders including investors on tax policy matters; guiding principles for

**THE NATIONAL TREASURY AND PLANNING
SUBSCRIPTIONS TO INTERNATIONAL ORGANIZATIONS
Annual Report and Financial Statements
For the year ended 30 June, 2022**

- the Kenyan tax system; and a legal framework for granting tax incentives to various sectors of the economy;
- ii. Developed the draft information security (PFM Systems) policy to provide guidelines for the holistic management of information security risks within PFM systems operational environment including but not limited to Information Security governance, cyber security management, systems and applications security, communication security and human resource security;
 - iii. Facilitated the National Police Service by leasing 3,400 vehicles towards enhancing security;
 - iv. Developed the processes and procedures manual for Credit Guarantee Scheme;
 - v. Mobilized over KSh. 10 billion for HIV, TB and Malaria interventions;
 - vi. Developed the debt risk management framework;
 - vii. Mobilized external resources amounting to Kshs.14 billion for the purposes of financing COVID 19 vaccine acquisition, procurement, deployment and other related health interventions aimed at mitigating the effects of COVID 19 Pandemic;
 - viii. Developed the e- Government Procurement System.

Emerging Issues

The emerging issues that have impacted the operations of the National Treasury include;

- Transition to new Government will require re-alignment of the existing plans and strategies to accommodate Emerging Priorities under the new administration.
- Leveraging on ICT innovations in the delivery of services to the citizenry.
- Change in Government Policies that led to adjustment in the implementation of planned programmes and projects.
- Eastern Europe Conflict: - the ongoing conflict in Eastern Europe, has presented global shocks and challenges in the form of rising global energy, fertilizer and food prices.

Challenges

Some of the challenges the National Treasury faced while implementing the 2021/22 budget include:-

• Inflationary pressures

The country experienced inflationary shocks that pushed the year-on-year inflation rate above the upper bound target due to higher food and fuel prices occasioned by global increases in prices of imported commodities.

• Shortage of Key Technical Staff

Despite recruitment of staff across certain cadres such as Economists and Accountants, the National Treasury continues to experience staff shortage across all cadres. This is mainly attributed to natural attrition. The planned recruitment and promotion of staff by the appointing authorities has been slow hence affecting service delivery and succession management initiatives.

- Shortage of office space especially for key technical staff; and,
- Inadequate resourcing of the Monitoring and Evaluation function;

**THE NATIONAL TREASURY AND PLANNING
SUBSCRIPTIONS TO INTERNATIONAL ORGANIZATIONS
Annual Report and Financial Statements
For the year ended 30 June, 2022**

To surmount the above emerging issues and challenges and ensure successful implementation of the National Treasury goals and objectives, the Ministry undertook the following: -

- Continued to implement borrowing policy that provides for domestic borrowing to plug the financing gap created by non-performing revenue,
- The effects of the Eastern Europe Conflict on inflation and cost of living were moderated by the Government's interventions including:
 - i) Subsidizing fuel pump prices;
 - ii) Waiving of taxes, fees and charges on maize and animal feeds imported into the country;
 - iii) Setting aside KSh. 3.0 billion in April-June, 2022 for a fertiliser subsidy to support farmers during the last planting season, with a further KSh. 2.7 billion set aside for the next planting season in October, 2022.
 - iv) Reducing electricity tariffs by 15 percent to lower the cost of power.
- Continued to implement succession planning towards progressively filling in staff shortage, continued training and timely promotions.
- Engaged other development partners for concessional loans and grants as well as pursued strategies to finance government projects.

Recommendations

- Increasing allocation to the National Treasury to facilitate effective mobilization of resources to finance public expenditure particularly towards facilitation and implementation of post COVID-19 Economic Recovery Strategy and emerging Government priorities;
- Reforms in Public Financial Management and taxation shall be sustained to enable the National Treasury to mobilize adequate financial resources and enhance absorption capacity;
- Sustained implementation of succession planning, especially with respect to recruitment of key technical staff;
- Strengthening Monitoring and Evaluation Framework and capacity;
- Continued leveraging on ICT to ensure timely delivery of targets;
- Enhancing working environment and sustained refurbishment of offices to provide accommodation of staff.
- Prioritization of ongoing projects and fast tracking to ensure timely completion.

Going forward, the National Treasury will implement a risk management strategy that will identify, monitor and control risks associated to its activities. This will include government investments and cash flows, banking, money markets and capital market transactions as well as borrowing.

**JULIUS M. MUIA, PhD, CBS
PRINCIPAL SECRETARY/ NATIONAL TREASURY**

THE NATIONAL TREASURY AND PLANNING
SUBSCRIPTIONS TO INTERNATIONAL ORGANIZATIONS
Annual Report and Financial Statements
For the year ended 30 June, 2022

3.0 STATEMENT OF PERFORMANCE AGAINST PREDETERMINED OBJECTIVES

Introduction

Section 81 (2) (f) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the accounting officer when preparing financial statements of each National Government entity in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board includes a statement of the national government entity's performance against predetermined objectives. The key development objectives of the National Treasury's 2018-2022 Plan are to:

- a) Strengthen organization capacity for quality service delivery;
- b) Enhance mobilization, allocation and utilization of public resources;
- c) Ensure stable and sustainable macro-economic environment;
- d) Ensure market structures that encourage competition and orderly conduct of business;

Progress on Attainment of Strategic Development Objectives

For purposes of implementing and cascading the above development objectives to specific sectors, all the development objectives were made specific, measurable, achievable, realistic and time-bound (SMART) and converted into development outcomes. Attendant indicators were identified for reasons of tracking progress and performance measurement: Below we provide the progress on attaining the stated objectives:

| MDA Program | Strategic Objective | Outcome | Indicator | Performance |
|---|---|--|--|---|
| General Administration, Planning and Support Services. | To enhance institutional and human resource capacity for quality delivery of services | Efficient and effective service delivery | No. of vehicles leased | 3,528 security vehicles were leased for the National Police Service towards enhancing security |
| | | | Government Investments Management Information System (GIMIS) | Developed one Government Management Information System (GIMIS) |
| | | | % level of compliance to PSSS | On Boarded and maintained all Permanent and Pensionable (P&P) Public servants of age 45 years and below in the Public Service Super Annuation Scheme (PSSS) |
| | | | No. of Pension claims processed | 27,117 pensions claims have been processed within 60 days of submission. |
| | To increase the reliability, | Increased reliability and | Annual National Budget presented | Budget presented to parliament. |

4. CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY REPORTING

The National Treasury's core values include customer/Citizen first, delivering relevant goods and services, and improving operational excellence. Guided by the above principles, we undertaken the following:

4.1. Sustainability Strategy and Profile

To ensure economic sustainability, the National Treasury has put in place several measures geared towards protecting the economy. Some of them include; National Tax Policy to guide tax administration and revenue collection. The policy sets out broad parameters on tax policy and related tax matters in Kenya, with the objectives of providing policy guidance on the collection, enforcement and administration of tax laws; the basis for review and development of tax laws; guidelines to stakeholders including investors on tax policy matters; guiding principles for the Kenyan tax system; and a legal framework for granting tax incentives to various sectors of the economy; Going forward into the medium term, the Government will continue in its fiscal consolidation path with the overall fiscal deficit being maintained broadly at the levels outlined in the Budget Policy Statement (BPS). A Debt risk Management Framework was also developed to ensure debt is maintained within sustainable levels. Towards, holistic management of information security of the PFM Systems, a draft information security (PFM Systems) policy has been developed. The Policy provides guidelines for operational environment including but not limited to Information Security governance, cyber security management, systems and applications security, communication security and human resource security. Additionally, the National Treasury developed the processes and procedures manual for Credit Guarantee Scheme to guide in the implementation of the Scheme.

Overall, leading economic indicators including interest rates, Foreign Exchange Reserves balance of payments and, money and credit for the fourth quarter of 2021 and the first quarter of 2022 recorded stable performance and point to strong recovery from the adverse impact of the COVID-19 pandemic. stable performance and point to strong recovery from the adverse impact of the COVID-19 pandemic.

Going forward, the National Treasury is committed to promoting Growth enabling investments through the implementation of the Economic Recovery Strategy. Specifically, the National Treasury will: Scale-up the COVID-19 response; Reduce debt vulnerabilities through revenue-driven fiscal consolidation plan that target to stabilize the debt to GDP ratio and subsequently put it on a downward path; Support structural and governance reforms while addressing weaknesses in state-owned enterprises; and, strengthen monetary policy framework and support financial stability.

4.2. Environmental performance

The National Treasury has constituted a committee comprising officers from the key Departments of the Ministry to oversee all matters relating to environmental sustainability. The Committee has since developed a ministerial policy on the same in line with the National Policy on environmental

management and participated in planting trees in Machakos county thus contributing towards the 10 percent tree cover initiative.

4.3. Employee welfare

Employee welfare is critical for effective implementation of the programmes and projects of an organization. Noting the importance of human resources, the National Treasury has a Department established to handle Human Resources Management and Development. The Ministry has also established a Human Resource Management Advisory Committee and Departmental Training Committees that processes all the promotions, discipline, training, appraisal and general employee matters in line with the Public Service guidelines and procedures. In addition, a committee on occupational safety and health has been established to follow up of the safety conditions in the work place. In order to attract and retain competent officers, the National Treasury conducted capacity building for the staff in various technical subjects and recruited officers at the entry grade to fill skills gaps and enhance human resource capacity. In addition, the National Treasury continued to implement succession management plan by declaring vacant posts to be filled by the Public Service Commission. Further, the National Treasury has continued to build the capacity on the online staff appraisal management system in collaboration with the Public Service Commission to ensure seamless implementation of the system.

4.4. Market place practices

The National Treasury is responsible for promoting fair trade practices in the economy. To ensure effective implementation of this function assigned by the Constitution, one of the programmes implemented by the Treasury is ensuring that existing market structures encourage competition and orderly conduct of business in order to support high productivity and competitive markets. This is undertaken mainly by the Competition Authority of Kenya, a State Corporation under the National Treasury.

4.5. Community Engagements

To mitigate technological hazards, terrorism, fire and natural disasters, the National Treasury engaged a professional security services firm contracted for purposes of enhancing security in the Ministry. The National Treasury continued to improve security within the building and its environs by use of CCTV cameras installed at the Treasury Building and at the entrances and maintained firefighting facilities at the premises in collaboration with the State Department for Public Works.

5. STATEMENT OF MANAGEMENT RESPONSIBILITIES

Section 81 (1) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Accounting Officer for a National Government Entity shall prepare financial statements in respect of that entity. Section 81 (3) requires the financial statements so prepared to be in a form that complies with relevant accounting standards as prescribed the Public Sector Accounting Standards Board of Kenya from time to time.

The Accounting Officer in charge of the National Treasury is responsible for the preparation and presentation of the entity's financial statements, which give a true and fair view of the state of affairs of the entity for and as at the end of the financial year (period) ended on June 30, 2022. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the entity; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

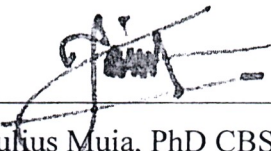

The Accounting Officer in charge of the National Treasury accepts responsibility for the entity's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The Accounting Officer is of the opinion that the *entity's* financial statements give a true and fair view of the state of entity's transactions during the financial year ended June 30, 2022, and of the entity's financial position as at that date. The Accounting Officer charge of the National Treasury further confirms the completeness of the accounting records maintained for the *entity*, which have been relied upon in the preparation of the entity's financial statements as well as the adequacy of the systems of internal financial control.

Reports and Financial Statements
For the year ended 30 June, 2022.**

The Accounting Officer in charge of the National Treasury confirms that the entity has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable), and that the entity's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for. Further the Accounting Officer confirms that the entity's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the financial statements

The *entity's* financial statements were approved and signed by the Accounting Officer on 30th sept. 2022.

REPORT OF THE AUDITOR-GENERAL ON CONSOLIDATED FUND SERVICES - SUBSCRIPTIONS TO INTERNATIONAL ORGANIZATIONS FOR THE YEAR ENDED 30 JUNE, 2022 - THE NATIONAL TREASURY

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure Government achieves value for money and that such funds are applied for intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment and the internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Opinion

I have audited the accompanying financial statements of Consolidated Fund Services - Subscriptions to International Organizations set out on pages 1 to 18, which comprise of

the statement of financial assets as at 30 June, 2022, and statement of receipts and payments, statement of cash flows and the statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Consolidated Fund Services - Subscriptions to International Organizations as at 30 June, 2022, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with the Public Finance Management Act, 2012.

Basis for Opinion

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Consolidated Fund Services - Subscriptions to International Organizations Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There are no other key audit matters to report during the year under review.

Other Matter

1. Multiple Laws Guiding Operations of the Fund

As Previously reported, prior to 2017, the Government through The National Treasury had been paying subscriptions to international organizations through Vote R53 – Consolidated Fund Services - Subscriptions to International Organizations under various pieces of legislation namely: International Finance Corporation Act, Cap 466, International Development Association Act, Cap 465, Bretton Woods Agreements Act, Cap 464, the African Development Bank Act, Cap 492 and the Multilateral Investment Guarantee Agency Convention, 1988 (Revised 2010). Other Ministries, Departments and Agencies, MDAs have been remitting such subscriptions through their voted provisions within their budgets.

However, the Public Finance Management (African Union and Other International Organizations Subscription Fund) Regulations, 2017 established the African Union and Other International Organizations Subscription Fund through which Kenya's contributions

to African Union and Other International Organizations across all Government agencies were to be paid. This in effect rendered all other individual voted provisions to be consolidated and budgeted under one umbrella body, the African Union and Other International Organizations Subscription Fund.

Management has not caused the revocation or repealing of the earlier laws to be in tandem with the current legislation and avert the risk of making multiple payments to the international organizations.

2. Budgetary Control and Performance

Review of the statement of comparison of budget and actual amounts revealed that the Fund had a budget of Kshs.500,000 but did not incur any expenditure during the period under review resulting in under absorption of funds by the same amount or 100% under-utilization. The under-utilization of funds was attributed to the fact that the Fund did not receive any invoices during the period under review. There is need for Management to review its budget making process with a view to formulating a realistic budget that would be actualized during implementation.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE.

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective

processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Fund or cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Fund's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall governance and risk management, and ensuring the adequacy and effectiveness of the controls environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal controls in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal controls would not necessarily disclose all matters in the internal controls that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal controls components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal controls may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report.

However, future events or conditions may cause the Fund to cease to continue to sustain its services.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Fund to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

**THE NATIONAL TREASURY AND PLANNING
SUBSCRIPTIONS TO INTERNATIONAL ORGANIZATIONS
Annual Report and Financial Statements
For the year ended 30 June, 2022**

12. SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of Compliance and Basis of Preparation

The financial statements have been prepared in accordance with Cash-basis International Public Sector Accounting Standards (IPSAS) as prescribed by the Public Sector Accounting Standards Board (PSASB) and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB. The accounting policies adopted have been consistently applied to all the years presented.

2. Reporting Entity

The financial statements are for the CFS Subscriptions to International Organisation. The financial statements encompass the reporting entity as specified under section 81 of the PFM Act 2012 and also comprise of the following development projects implemented by the CFS Subscriptions to International Organisation

3. Reporting Currency

The financial statements are presented in Kenya Shillings (KShs), which is the functional and reporting currency of the Government and all values are rounded to the nearest Kenya Shilling.

4. Significant Accounting Policies

The accounting policies set out in this section have been consistently applied by the Entity for all the years presented.

**THE NATIONAL TREASURY AND PLANNING
CFS SUBSCRIPTIONS TO INTERNATIONAL ORGANISATIONS
Reports and Financial Statements
For the year ended 30 June, 2022.**

a) Recognition of Receipts

The Entity recognises all receipts from the various sources when the event occurs and the related cash has actually been received by the Entity.

i) Tax Receipts

Tax receipts are recognized in the books of accounts when cash is received. Cash is considered as received when notification of tax remittance is received.

ii) Transfers from the Exchequer

Transfers from the exchequer are recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

iii) External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

Grants and loans shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary.

In case of grant/loan in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice. A similar recognition criteria is applied for loans received in the form of a direct payment.

During the year ended 30th June 2021 there were no instances of non-compliance with terms and conditions which have resulted in cancellation of external assistance loans.

iv) Other receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognised in the financial statements the time associated cash is received.

**THE NATIONAL TREASURY AND PLANNING
CFS SUBSCRIPTIONS TO INTERNATIONAL ORGANISATIONS
Reports and Financial Statements
For the year ended 30 June, 2022.**

b) Recognition of payments

The Entity recognises all payments when the event occurs, and the related cash has been paid out by the Entity.

i) Compensation of Employees

Salaries and wages, allowances, statutory contribution for employees are recognized in the period when the compensation is paid.

ii) Use of Goods and Services

Goods and services are recognized as payments in the period when the goods/services are paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

iii) Interest on Borrowing

Borrowing costs that include interest are recognized as payment in the period in which they are paid for.

iv) Repayment of Borrowing (Principal Amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made.

v) Acquisition of Fixed Assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the financial statements.

**THE NATIONAL TREASURY AND PLANNING
CFS SUBSCRIPTIONS TO INTERNATIONAL ORGANISATIONS
Reports and Financial Statements
For the year ended 30 June, 2022.**

5. In-kind contributions

In-kind contributions are donations that are made to the Entity in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Entity includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

6. Third Party Payments

Included in the receipts and payments, are payments made on its behalf to third parties in form of loans and grants. These payments do not constitute cash receipts and payments and are disclosed in the payment to third parties in the statement of receipts and payments as proceeds from foreign borrowings.

7. Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

a) Restriction on Cash

Restricted cash represents amounts that are limited/restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation.

Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits. As at 30th June 2021, this amounted to Kshs 0 compared to Kshs 0 in prior period as indicated on note N/A.

There were no other restrictions on cash during the year.

THE NATIONAL TREASURY AND PLANNING
CFS SUBSCRIPTIONS TO INTERNATIONAL ORGANISATIONS
Reports and Financial Statements
For the year ended 30 June, 2022.

8. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year are treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

9. Accounts Payable

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized on an accrual basis (as accounts payables). This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted by National Government Ministries and Agencies. Other liabilities including pending bills are disclosed in the financial statements.

10. Pending Bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the Entity at the end of the year. When the pending bills are finally settled, such payments are included in the Statement of Receipts and Payments in the year in which the payments are made.

11. Budget

The budget is developed on a comparable accounting basis (cash basis except for imprest and deposits, which are accounted for on an accrual basis), the same accounts classification basis, and for the same period as the financial statements. The original budget was approved by Parliament on June 2021 for the period 1st July 2021 to 30th June 2022 as required by Law and there were two supplementary adjustments to the original budget during the year.

**THE NATIONAL TREASURY AND PLANNING
CFS SUBSCRIPTIONS TO INTERNATIONAL ORGANISATIONS
Reports and Financial Statements
For the year ended 30 June, 2022.**

A comparison of the actual performance against the comparable budget for the financial year under review has been included in the financial statements.

Government Development Projects are budgeted for under the MDAs but receive budgeted funds as transfers and account for them separately. These transfers are recognised as inter-entity transfers.

12. Comparative Figures

Where necessary, comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

13. Subsequent Events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended 30th June 2022.

14. Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented. During the year, errors that have been corrected are disclosed under note 26 explaining the nature and amounts.

15. Related Party Transactions

Related party relationships are a normal feature of commerce. Specific information with regards to related party transactions is included in the disclosure notes.

16. Contingent Liabilities

Section 148 (9) of the PFM Act regulations 2015 requires the Accounting officer of a National Government entity to report on the payments made, or losses incurred, by the National Government entity to meet contingent liabilities as a result of loans during the financial year.

A contingent liability is:

**THE NATIONAL TREASURY AND PLANNING
CFS SUBSCRIPTIONS TO INTERNATIONAL ORGANISATIONS
Reports and Financial Statements
For the year ended 30 June, 2022.**

- a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- b) A present obligation that arises from past events but is not recognised because:
 - i) It is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or
 - ii) The amount of the obligation cannot be measured with sufficient reliability.

Some of contingent liabilities may arise from: litigation in progress, guarantees, indemnities. Letters of comfort/ support, insurance, Public Private Partnerships. The CFS Subscriptions to International Organizations does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.
