Kiambu County Executive Staff Mortgage Scheme Fund.
Annual Report and Financial Statements for the year ended June 30, 2024

5. Chairman's Statement

Introduction: It is my pleasure to present the financial statements of the Kiambu County Executive Staff Mortgage Scheme Fund. This Fund, established under the Kiambu County Executive Staff Mortgage Scheme Fund Regulations, 2016, aims to provide a loan scheme to facilitate the purchase, development, renovation, or repair of residential properties for the members of the scheme.

Principal Activity: The Fund's primary activity is the provision of loans to county executive staff members, enabling them to acquire, develop, renovate, or repair their residential properties.

Current Year Performance: During the financial year ending on 30th June 2024, the Fund disbursed loans amounting to Kshs. 3,400,000 and the beneficiaries repaid a total of Kshs 2,882,416.60. Looking ahead, the Fund is committed to disbursing loans to a larger number of county executive staff members, thereby improving the lives and livelihoods of its workforce.

Implementation Challenges: The Fund has encountered several challenges in its implementation, including:

1. **Limited Revolving Fund:** The revolving fund is not sufficiently large to support all County Executive staff. To date, it has primarily supported County Executive Committee Members (CECMs), who have faced political interference challenges following the impeachment of the second governor of Kiambu County.
2. **Political Issues:** The political challenges have affected the loan servicing of some beneficiaries. The Fund's principal operation relies on repayment deductions through the salary check-off system, which has been disrupted by the political issues.
3. **Loan Default:** As an unprecedented situation with no established protocol, the Fund is facing challenges in managing defaults on previously advanced mortgage loans.

Value for Money and Future Outlook

The Fund has already taken significant steps by starting to issue mortgage loans to County Executive Committee Members, with plans to extend this service to other county staff members in the near future. This strategic expansion is expected to have a positive impact on staff morale, as it not only provides financial support but also demonstrates the county's commitment to the well-being of its employees. Moreover, by carefully managing the Fund and ensuring prudent financial practices, we are confident that the Fund will continue to offer value for money to its beneficiaries.

Looking ahead, the Fund is poised for growth and improvement. With an anticipated increase in the allocation of funds, the Fund will be better equipped to serve a larger number of staff members, thereby fulfilling its mandate more effectively. The enhanced financial capacity will enable the Fund to disburse loans more widely, reaching more employees and helping them achieve their home ownership and property improvement goals.

Kiambu County Executive Staff Mortgage Scheme Fund.
Annual Report and Financial Statements for the year ended June 30, 2024

In conclusion, this report highlights the activities, achievements, challenges, and future direction of the Kiambu County Executive Staff Mortgage Scheme Fund. Despite the challenges faced, the Fund remains committed to its mission of supporting the housing needs of the county's executive staff. We look forward to a future where the Fund can reach even more members, improving lives and contributing to the overall development of the county.

Signed: _____

Fund Committee Chairman

Peter Ndegwa

15th November 2024

6. Report of the Fund Administrator

Introduction

The Kiambu County Executive Staff Mortgage Scheme Fund's discussion and analysis provide an in-depth overview of the Fund's financial activities for the period ending 30th June 2024. This report is designed to highlight the key activities, significant changes, and known facts that emerged during this period. For a comprehensive understanding of the Fund's financial status and performance, this report should be read alongside the Fund's Financial Statements. The financial report has been meticulously prepared in accordance with appropriate accounting policies and in full compliance with the International Public Sector Accounting Standards (IPSAS), ensuring transparency and accuracy in reporting.

Financial..Performance

In the financial year 2023/2024, the Fund disbursed loan amounting to Kshs.3,400,000, reflecting a cautious approach to financial management during this period. The Fund managed to recover a total of Kshs 2,882,416.60 from existing beneficiaries, demonstrating ongoing efforts to maintain financial stability and recover funds previously disbursed. Despite these recoveries, the Fund still faces a significant challenge with a balance of Kshs 16,846,602 which are non-performing loans. That have not been serviced as expected, posing a risk to the Fund's financial health.

The non-performing loans represent a substantial portion of the Fund's outstanding liabilities and highlight the need for improved loan management strategies. Addressing this issue is crucial for the Fund's future sustainability and its ability to continue supporting the county executive staff effectively. The Fund is committed to enhancing its recovery efforts and exploring new measures to mitigate the risks associated with loan defaults.

Future Outlook

Looking ahead, the Fund is determined to expand its impact by increasing the number of loans disbursed to a broader segment of the county executive staff. This expansion is aimed at improving the lives and livelihoods of the workforce, who play a vital role in the county's operations. The Fund has already begun issuing mortgage loans to County Executive Committee Members and plans to extend this initiative to other county staff members in the near future. This strategic move is expected to boost morale among the staff and support their aspirations for home ownership and property improvement.

Implementation Challenges

The implementation of the Fund has encountered several challenges, which have impeded its ability to fully realize its objectives. One of the primary challenges is the limited size of the revolving fund kitty, which is currently insufficient to support the entire county executive staff. To date, the Fund has only been able to assist the County Executive Committee Members (CECMs). However, even this limited support has faced obstacles due to political interference following the impeachment of the second governor of Kiambu County.

This political instability has disrupted the loan servicing process, particularly because the Fund's operations rely heavily on the deduction of loan repayments through the salary check-off system. The political challenges have created uncertainties, leading to delays and difficulties in loan recovery.

Kiambu County Executive Staff Mortgage Scheme Fund.
Annual Report and Financial Statements for the year ended June 30, 2024

Moreover, the Fund is grappling with the issue of non-performing loans, a challenge that is compounded by the lack of a documented approach to handling such defaults. This situation is unprecedented, and the absence of a clear strategy has made it difficult to address the problem effectively. The Fund recognizes the need to develop and implement robust measures to mitigate the risks associated with loan defaults and ensure the long-term sustainability of the mortgage scheme.

Conclusion

In conclusion, while the Kiambu County Executive Staff Mortgage Scheme Fund has made significant strides in recovering funds and supporting a portion of the county executive staff, it is clear that several challenges remain. The Fund's future success will depend on its ability to overcome these challenges, expand its support to a larger number of staff members, and ensure the sustainability of its operations. The Fund is committed to addressing these issues head-on and is optimistic about the positive impact it will continue to have on the lives of the county executive staff in the years to come.

7. Statement of Performance against Predetermined Objectives for FY 2023/2024

The primary objective of the Kiambu County Executive Mortgage Scheme Fund is to provide mortgage facilities to Kiambu County Executive staff. This initiative aims to ensure that the staff have access to affordable housing, thereby enhancing their well-being and financial stability.

Progress on the Attainment of Strategic Development Objectives

The table below outlines the progress made toward achieving the stated objectives of the Kiambu County Executive Mortgage Scheme Fund:

Program	Objective	Outcome	Indicator	Performance
Mortgage	To support County Executive staff in accessing mortgage facilities	Increased number of staff benefiting from the mortgage facility	Percentage of officers motivated to work with the County due to access to mortgage facilities	In the FY 2023/2024, significant progress was made in maintaining the operational status of the revolving fund. This was achieved through diligent follow-up on the repayment of outstanding loan balances from beneficiaries.

This performance underscores the County's unwavering commitment to providing its staff with access to affordable housing, which is a critical component of their overall well-being and job satisfaction. By ensuring that the revolving fund remains operational and actively pursuing the repayment of loans, the County is taking important steps to sustain this initiative. Additionally, the fund is currently in the process of developing a comprehensive 5-year strategic plan. The development of a 5-year strategic plan will further enhance the fund's ability to achieve its long-term objectives, ensuring that more staff members can benefit from this essential program.

This progress is indicative of the positive impact the Mortgage Scheme Fund has on the lives of the County Executive staff, fostering a motivated and stable workforce that is better equipped to serve the people of Kiambu County.

8. Corporate Governance Statement

During the fiscal year under review, the Loan Advisory Committee of the Kiambu County Executive Staff Mortgage Scheme Fund held two formal meetings. Notably, every member of the committee was present at each meeting, underscoring their dedication and commitment to the effective management of the Fund. These meetings provided a crucial platform for discussing and making decisions on key matters related to the Fund's operations and governance.

The structure and composition of the Kiambu County Loans Management and Advisory Committee are explicitly stipulated under Regulation 7(1) of the Kiambu County Executive Staff Mortgage Scheme Fund Regulations, 2016. This regulation ensures that the committee is appropriately constituted to fulfill its mandate. The committee is entrusted with several critical functions that are vital to the success and sustainability of the Fund:

1. **Consideration and Approval of Mortgage Loan Applications:** The committee is responsible for thoroughly reviewing and approving all applications for mortgage loans. This process is conducted with meticulous attention to detail, ensuring that each application meets the established criteria and aligns with the overall objectives of the Fund. The committee's diligence in this area ensures that only eligible and deserving applicants benefit from the Fund.
2. **Approval of Housing Development and Financial Proposals:** The committee plays a pivotal role in the evaluation and approval of all housing development initiatives and financial proposals that are presented in connection with the Fund. This function is crucial in ensuring that the Fund's resources are allocated to projects that are financially sound, viable, and contribute to the housing goals of the county.
3. **Approval of Disbursement Criteria:** The committee is also responsible for setting and approving the criteria for the disbursement of funds. This involves developing clear, fair, and transparent guidelines to govern how the Fund's resources are distributed. By doing so, the committee helps to maintain the integrity and fairness of the Fund's operations, ensuring that all disbursements are conducted in a manner that is equitable and just.
4. **Execution of Additional Duties as Directed:** Beyond these core responsibilities, the committee is also tasked with performing additional duties as may be directed by the County Executive Member. These duties are aimed at ensuring the proper and effective management of the Fund, and they reflect the committee's flexibility and responsiveness to the evolving needs of the Fund and its stakeholders.

The appointment and removal of committee members are governed by the provisions set forth in the Kiambu County Executive Staff Mortgage Fund Regulations, 2016. This ensures that the process is conducted with transparency, fairness, and accountability, thereby upholding the integrity of the committee.

In a significant development, the Fund is in the process of drafting and finalizing a Board Charter for the year 2023/2024. This Charter is expected to serve as a comprehensive guide for the governance and operations of the Board, outlining its roles, responsibilities, and best practices. The development of the Charter represents the Fund's ongoing commitment to enhancing its governance framework and ensuring that it operates in line with the highest standards of corporate governance.

Kiambu County Executive Staff Mortgage Scheme Fund.
Annual Report and Financial Statements for the year ended June 30, 2024

It is noteworthy that during the year under review, no training sessions were conducted for the Board members. Despite the absence of formal training, the members demonstrated a commendable understanding of their roles and responsibilities. Additionally, it is important to highlight that the committee members did not receive any form of remuneration, including meeting allowances, for their service during the year. This reflects their dedication to serving the Fund and the county with integrity and selflessness.

Finally, it is with great satisfaction that we report there were no instances of conflict of interest or unethical conduct within the committee during the year. The members of the committee conducted themselves with the utmost professionalism, adhering strictly to the ethical standards and guidelines that govern the operations of the Fund.

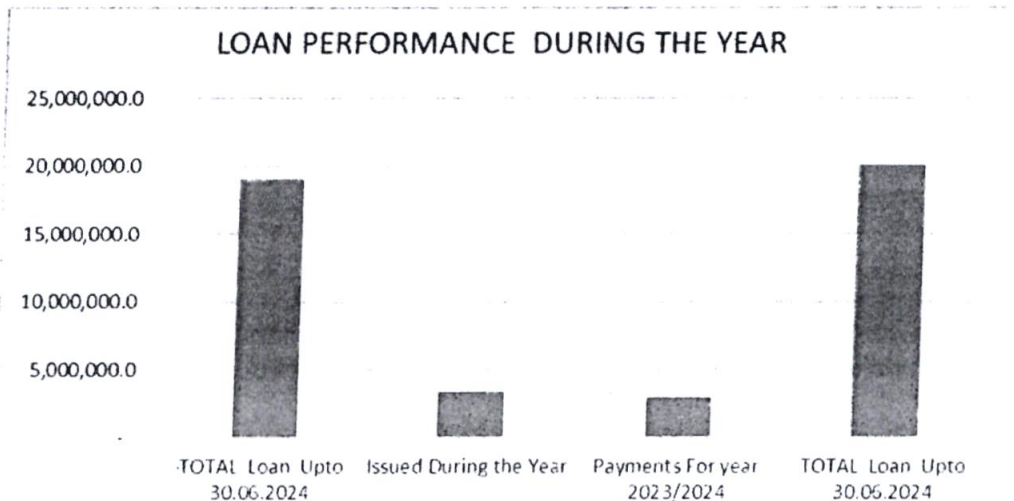

**Kiambu County Executive Staff Mortgage Scheme Fund.
Annual Report and Financial Statements for the year ended June 30, 2024**

9. Management Discussion and Analysis

This Management Discussion and Analysis provides a comprehensive overview of the financial activities of the Kiambu County Executive Staff Mortgage Scheme Fund for the fiscal year ending on 30th June 2024. It is designed to offer a clear perspective on the Fund's performance, including key financial events, operational changes, and significant developments. For a complete understanding, this analysis should be read in conjunction with the Fund's Financial Statements. These statements are prepared in accordance with established accounting policies and in compliance with International Public Sector Accounting Standards (IPSAS), ensuring accuracy and transparency.

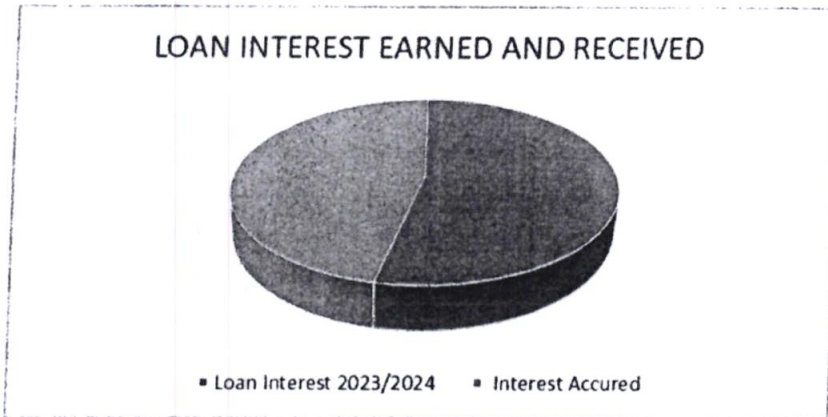

During the fiscal year 2023/2024, the committee convened management and advisory meetings as needed to review various requests from staff members. These meetings are held to carefully evaluate and address applications and proposals, ensuring they are managed effectively in alignment with the Fund's objectives and available resources.

Family Bank Ltd, the financial institution responsible for processing mortgage loans, conducted thorough evaluations of applicants' repayment capacities. This assessment is crucial to ensure that loans are granted only to those who can meet their financial obligations. During the year, the revolving fund remained Kshs 85 million, reflecting no additional budgetary allocation for the financial year 2023/2024. This limits the Fund's capacity to meet its obligations and respond to the mortgage needs of staff members.

At start of the year the fund had Kshs 18,996,894.5 as loan balances, disbursed new loan during the financial year worth Kshs 3,400,000 and significant efforts were directed towards recovering outstanding amounts. A total of Kshs 2,882,416.60 was recovered from beneficiaries over the past twelve months, leaving a balance of Kshs 20,065,617.60 in performing and non-performing loans. This recovery effort is crucial for maintaining the Fund's financial stability and managing its loan portfolio effectively.

**Kiambu County Executive Staff Mortgage Scheme Fund.
Annual Report and Financial Statements for the year ended June 30, 2024**

The Fund earned interest income totaling Kshs 551,139.75. out of which Kshs 483,753.6 remained accrued during the year. This interest was accrued on both performing and non-performing loans at an annual rate of 3%, compounded monthly. The interest has been recalculated for all loans from their respective disbursement dates through the end of the financial year on 30th June 2023, ensuring that the reported income accurately reflects the Fund's financial performance.

Despite these efforts, the Fund reported a modest surplus of Kshs 261,712 for the year. Nevertheless, the Fund has demonstrated a strong commitment to regulatory compliance by meeting all statutory requirements. This includes the timely submission of quarterly reports to the Controller of Budget and the National Treasury, which helps ensure the Fund's adherence to regulatory standards.

The Fund has complied with the Public Finance Management Act, 2012, and the Kiambu County Executive Staff Mortgage Scheme Fund Regulations, 2016. Adherence to these regulations is essential for maintaining the Fund's integrity and operational transparency.

One of the major challenges faced by the Fund has been managing non-performing loans from the previous administration. To address this issue, management has initiated a recovery process using the collateral charged against these loans. This proactive approach is critical for improving the Fund's financial position and ensuring its long-term viability.

In conclusion, despite facing challenges, including the non-disbursement of new loans and managing non-performing loans, the Fund remains dedicated to effective financial management and governance. Through its recovery efforts and regulatory compliance, the Fund is working diligently to enhance its financial stability and continue supporting staff mortgage needs.

10. Environmental and Sustainability Reporting

Introduction

The Kiambu County Executive Staff Mortgage Scheme Fund is committed to promoting sustainable development and environmental stewardship in its operations. This Environmental and Sustainability Report outlines the fund's efforts to integrate environmental and sustainability principles into its mortgage financing practices, contributing to the well-being of both staff members and the broader Kiambu County community.

1. Environmental Impact Assessment

- **Energy Efficiency in Kiambu Homes:** The fund actively encourages the inclusion of energy-efficient designs in the homes it finances. For instance, the use of solar panels, energy-saving appliances, and insulation techniques is recommended to reduce the energy consumption of these homes.
- **Sustainable Resource Use in Construction:** The fund advocates for the use of locally sourced, sustainable building materials in Kiambu county. This not only supports the local economy but also minimizes the carbon footprint associated with transportation and production.

2. Sustainability Practices Specific to Kiambu county

- **Biodiversity Conservation in Kiambu:** The fund promotes the preservation of Kiambu's unique biodiversity by encouraging the use of native plants in landscaping and the protection of natural habitats in and around the properties it finances.

3. Social Responsibility in Kiambu county

- **Affordable and Sustainable Housing for Staff:** The fund is committed to providing Kiambu County staff members with access to affordable, sustainable housing. This includes financing options for homes that meet both affordability and sustainability criteria.

4. Governance and Compliance within Kiambu county

- **Adherence to Environmental Regulations:** The fund ensures that all financed projects comply with Kiambu County's environmental regulations, as well as national and international standards. This includes adherence to environmental impact assessments and sustainable development policies.
- **Transparency in Reporting:** The fund is committed to transparency in its operations, regularly publishing reports on the environmental and sustainability performance of the properties it finances. These reports include measurable outcomes and progress toward sustainability goals.

6. Long-Term Sustainability Strategy for Kiambu county

- **Future Planning Aligned with Kiambu’s county Vision:** The fund’s long-term sustainability strategy is aligned with Kiambu County’s broader environmental and development goals. This includes contributing to the county’s Vision 2030 objectives, particularly in housing and urban development.
- **Innovation in Sustainable Housing:** The fund encourages innovation in sustainable housing within Kiambu, such as the integration of renewable energy sources, green roofs, and smart home technologies that contribute to environmental sustainability.

Conclusion

The Kiambu County Executive Staff Mortgage Scheme Fund is dedicated to fostering a sustainable future for its staff members and the wider Kiambu county community. By integrating environmental and sustainability principles into its mortgage financing practices, the fund not only enhances the quality of life for its beneficiaries but also contributes to the long-term environmental health and sustainability of Kiambu County.

Kiambu County Executive Staff Mortgage Scheme Fund.
Annual Report and Financial Statements for the year ended June 30, 2024

11. Report of the Fund Committee

The Trustees submit their report together with the audited financial statements for the year ended June 30, 2024 which show the state of the Fund affairs.

iii) Fund Committee

The members of the Fund Committee who served during the year are shown on page v. During the year ended June 30, 2024, no fund committee retired/ resigned.

iv) Auditors

The Auditor-General is responsible for the statutory audit of the Fund in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015

By Order of the Board

.....
David Kiiru Matu
Fund Administrator
Date: 15th November 2024

12. Statement of Fund Committee Responsibilities

Section 81 or 164 of the Public Finance Management Act, 2012 and County Public Fund established by Public Finance Management and Kiambu County Executive Staff Mortgage Scheme Fund Regulations, 2016, require the Fund Committee to prepare financial statements in respect of that Entity, which give a true and fair view of the state of affairs of the fund at the end of the financial year and the operating results of the fund for that year. The Fund Committee are also required to ensure that the fund keeps proper accounting records which disclose with reasonable accuracy the financial position of the fund. The Fund Committee is also responsible for safeguarding the assets of the fund.

The Fund Committee are responsible for the preparation and presentation of the fund's financial statements, which give a true and fair view of the state of affairs of the fund for and as at the end of the financial year (period) ended on June 30, 2024. This responsibility includes: (i) Maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) Maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Entity; (iii) Designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) Safeguarding the assets of the fund; (v) Selecting and applying appropriate accounting policies; and (vi) Making accounting estimates that are reasonable in the circumstances.

The Fund Committee accept responsibility for the fund's financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012 and Kiambu County Executive Staff Mortgage Scheme Fund Regulations, 2016. The Fund Committee are of the opinion that the fund's financial statements give a true and fair view of the state of the fund's transactions during the financial year ended June 30, 2024, and of the fund's financial position as at that date. The Fund Committee further confirms the completeness of the accounting records maintained for the fund, which have been relied upon in the preparation of the fund's financial statements as well as the adequacy of the systems of internal financial control.

Kiambu County Executive Staff Mortgage Scheme Fund.
Annual Report and Financial Statements for the year ended June 30, 2024

In preparing the financial statements, the Fund Committee have assessed the entity's ability to continue as a going concern.

Nothing has come to the attention of the Fund Committee to indicate that the fund will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements

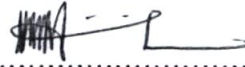

The Fund 's financial statements were approved by the Board on 15th November 2024 and signed on its behalf by:

REPORT OF THE AUDITOR-GENERAL ON KIAMBU COUNTY EXECUTIVE STAFF MORTGAGE SCHEME FUND FOR THE YEAR ENDED 30 JUNE, 2024

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements;
- B. Report on Lawfulness and Effectiveness in the Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure the Government achieves value for money and that such funds are applied for the intended purpose; and,
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, risk management environment and internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

A Qualified Opinion is issued when the Auditor-General concludes that, except for material misstatements noted, the financial statements are fairly presented in accordance with the applicable financial reporting framework. The Report on Financial Statements should be read together with the Report on Lawfulness and Effectiveness in the Use of Public Resources, and the Report on Effectiveness of Internal Controls, Risk Management and Governance.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012, and the Public Audit Act, 2015. The three parts of the report when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Kiambu County Executive Staff Mortgage Scheme Fund set out on pages 1 to 62, which comprise the statement of

Report of the Auditor-General on the Kiambu County Executive Staff Mortgage Scheme Fund for the year ended 30 June, 2024

financial position as at 30 June, 2024 and the statement of financial performance, statement of changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the Kiambu County Executive Staff Mortgage Scheme Fund as at 30 June, 2024 and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Public Finance Management Act, 2012 and the Public Finance Management (Kiambu County Executive Staff Mortgage Scheme Fund) Regulations, 2016.

Basis for Qualified Opinion

1. Inaccuracies in the Comparative Balances of Receivables from Exchange Transactions

The statement of financial position and as disclosed in Note 28 to the financial statements reflects receivables from exchange transaction for current and non-current assets comparative balances of Kshs.552,746 and Kshs.18,267,784 totaling Kshs.18,820,530 while the ledger reflects opening balance totalling Kshs.18,996,894 resulting to unexplained variance of Kshs.176,364.

In the circumstances, the accuracy of the comparative balances of receivables from exchange transactions could not be confirmed.

2. Interest Received

The statement of cash flows reflects interest received amount of Kshs.68,892. Review of the loan movement schedule revealed total amount of Kshs.67,505 for the interest paid during the year of audit resulting to an unexplained variance of Kshs.1,387.

In the circumstances, the accuracy of the interest received amount of Kshs.68,852 could not be confirmed.

3. Loan Principal Repayments

The statement of cash flows reflects loan principal repayment of Kshs.2,813,436. However, review of the loan movement schedule revealed a total loan repayment amount of Kshs.2,814,911 resulting to an unexplained variance of Kshs.1,475.

In the circumstances, the accuracy and completeness of the own repayments could not be confirmed.

The audit was conducted in accordance with International Standards for Supreme Audit Institutions (ISSAIs). I am independent of the Kiambu County Executive Staff Mortgage Scheme Fund Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Emphasis of Matter

Budgetary Control and Performance

The statement of comparison of budget and actual amounts reflects final expenditure budget and actual on comparable basis totaling to Kshs.74,021,421 and Kshs.3,689,427 respectively, resulting to under-utilization of Kshs.70,331,994 or 95% of the budget. The under-utilization affected the planned activities of the Fund and may have impacted negatively on mortgage facility for the staff.

My opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the financial statements. Except for the matter described in the Basis for Qualified Opinion section of my report, I have determined that there are no other key audit matters to communicate in my report.

Other Matter

Prior Year Audit Issues

In the audit report of the previous year, several matters were raised under the Report on Financial Statements and Report on Lawfulness and Effectiveness in Use of Public Resources. Appendix I on progress on follow up of prior year Auditor's recommendations indicate that some of the issues have been resolved. However, Management has not provided evidence on how the resolution was arrived at. Therefore, the matters remain unresolved.

Other Information

The Management are responsible for the other information set out on page iii to xxi which comprise of Key Entity Information and Management, The Fund Committee, Key Management Team, Chairman's Statement, Report of the Fund Administrator, Statement of Performance Against Predetermined Objectives, Corporate Governance Statements, Management Discussion and Analysis, Environmental and Sustainability Reporting, Report of the Fund Committee and Statement of Fund Committee Responsibilities. The Other Information does not include the financial statements and my audit report thereon.

In connection with my audit on the Kiambu County Executive Staff Mortgage Scheme Fund financial statements, my responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work I have performed, I conclude that there is no material misstatement of this Other Information, I am required to report that fact. I have nothing to report in this regard.

My opinion on the financial statements does not cover the Other Information and accordingly, I do not express an audit opinion or any form of assurance conclusion thereon.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN THE USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the effects of the matter described in the Basis for Conclusion on Lawfulness and Effectiveness in the Use of Public Resources section of my report, I confirm that nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

Non-Repayment of Loans

The statement of financial position and Note 28 to the financial statements reflects long-term receivables from exchange transaction balance of Kshs.19,581,864. Included in this balance is an amount of Kshs.16,846,602 advanced to three (3) individuals who are no longer employees of the County Executive of Kiambu.

The loans were issued in July, 2018 and January, 2020 and repayment stopped in June, 2020. Review of the ledger and individual repayment records revealed that the three beneficiaries were not servicing their loans since interests and monthly instalments were not being paid. Further, there was no documentary evidence provided in form of correspondences with the beneficiaries showing efforts made by Management to recover the outstanding amounts from the debtors.

This was contrary to Regulation 21(1) of the Public Finance Management (Kiambu County Executive Staff Car Loan and Mortgage Scheme Fund) Regulations, 2016 which provides that where the repayment of a loan is not made in accordance with the terms and conditions of the loan, the sum of money due to the Fund shall be recoverable, without prejudice to any other remedy, in civil proceedings in a court of law.

In the circumstances, the accuracy and full recoverability of loan balance of Kshs.19,581,864 could not be confirmed.

The audit was conducted in accordance with ISSAI 3000 and ISSAI 4000. The standards require that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements comply in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk Management and overall governance were operating effectively in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of the Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management is aware of the intention to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements comply with the authorities which govern them and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Fund's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

My responsibility is to conduct an audit of the financial statements in accordance with Article 229(4) of the Constitution, Section 35 of the Public Audit Act, 2015 and the International Standards for Supreme Audit Institutions (ISSAIs). The standards require that, in conducting the audit, I obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes my opinion in accordance with Section 48 of the Public Audit Act, 2015. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In conducting the audit, Article 229(6) of the Constitution also requires that I express a conclusion on whether or not in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way. In addition, I consider the entity's control environment in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015.

Further, I am required to submit the audit report in accordance with Article 229(7) of the Constitution.

Detailed description of my responsibilities for the audit is located at the Office of the Auditor-General's website at: <https://www.oagkenya.go.ke/auditor-generals-responsibilities-for-audit/>. This description forms part of my auditor's report.

FCPA Nancy Gathungu, CBS

Budget notes :

- *The bank which administers the fund has not yet deducted its administration fee for Financial Year 2023/2024 which has contributed to an under-absorption in the use of goods and services (48%). Only Ksh. 3,400,000 was disbursed, as only one loan application was submitted and approved during the 2023/2024 financial year. This also led to under-absorption in loan disbursements (5%), resulting in an overall absorption rate of 53%.*
- *The changes between the original and final budget occurred due to two supplementary budgets approved by the County Assembly during the Financial year ended 30th June 2024.*

19. Notes to the Financial Statements

1. General Information

Kiambu County Executive Staff Mortgage Scheme Fund is established by and derives its authority and accountability from Public Finance Management and Kiambu County Executive Staff Mortgage Scheme Fund) Regulations, 2016. The Entity is wholly owned by the Government of Kenya/County Government of Kiambu and is domiciled in Kenya. The Entity's principal activity is The Fund's principal activity is to provide loans to members of staff for purchase, development, renovation or repair of a residential property.

2. Statement of Compliance and Basis of Preparation

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant and equipment, marketable securities and financial instruments at fair value, impaired assets at their estimated recoverable amounts, and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Public Sector Accounting Standards (IPSAS) allows the use of estimates and assumptions. It also requires management to exercise judgment in the process of applying the *Entity's* accounting policies. The areas involving a higher degree of judgment or complexity, or where assumptions and estimates are significant to the financial statements, are disclosed in Note 5 of these financial statements. The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the *Entity*. The financial statements have been prepared in accordance with the PFM Act 2012, the State Corporations Act and International Public Sector Accounting Standards (IPSAS). The accounting policies adopted have been consistently applied to all the years presented.

3. Adoption of New and Revised Standards

i. *New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2024.*

Standard	Effective date and impact:
<p>IPSAS 43: Leases</p>	<p>Applicable 1st January 2025</p> <p>The standard sets out the principles for the recognition, measurement, presentation, and disclosure of leases. The objective is to ensure that lessees and lessors provide relevant information in a manner that faithfully represents those transactions. This information gives a basis for users of financial statements to assess the effect that leases have on the financial position, financial performance and cashflows of an Entity.</p> <p>The new standard requires entities to recognise, measure and present information on right of use assets and lease liabilities.</p> <p><i>This standard has no expected impact on the fund</i></p>
<p>IPSAS 44: Non- Current Assets Held for Sale and Discontinued Operations</p>	<p>Applicable 1st January 2025</p> <p>The Standard requires,</p> <p>Assets that meet the criteria to be classified as held for sale to be measured at the lower of carrying amount and fair value less costs to sell and the depreciation of such assets to cease and:</p> <p>Assets that meet the criteria to be classified as held for sale to be presented separately in the statement of financial position and the results of discontinued operations to be presented separately in the statement of financial performance.</p> <p><i>This standard has no expected impact on the fund</i></p>
<p>IPSAS 45: Property Plant and Equipment</p>	<p>Applicable 1st January 2025</p> <p>The standard supersedes IPSAS 17 on Property, Plant and Equipment. IPSAS 45 has additional guidance/ new guidance for heritage assets, infrastructure assets and measurement. Heritage assets were previously excluded from the scope of IPSAS 17 in IPSAS 45, heritage assets that satisfy the definition of PPE shall be recognised as assets if they meet the criteria in the standard. IPSAS 45 has an additional application guidance for infrastructure assets, implementation guidance and illustrative examples. The standard has clarified existing principles e.g. valuation of land over or under the infrastructure assets, under- maintenance of assets and distinguishing significant parts of infrastructure assets.</p> <p><i>This standard has no expected impact on the fund</i></p>
<p>IPSAS 46: Measurement</p>	<p>Applicable 1st January 2025</p> <p>The objective of this standard was to improve measurement guidance across IPSAS by:</p> <ul style="list-style-type: none"> i. Providing further detailed guidance on the implementation of commonly used measurement bases and the circumstances under which they should be used. ii. Clarifying transaction costs guidance to enhance consistency across

Kiambu County Executive Staff Mortgage Scheme Fund.

Annual Reports and Financial Statements for the year ended June 30, 2024.

	<p>IPSAS.</p> <p>iii. Amending where appropriate guidance across IPSAS related to measurement at recognition, subsequent measurement and measurement related disclosures.</p> <p>The standard also introduces a public sector specific measurement bases called the current operational value.</p> <p><i>This standard has no expected impact on the fund</i></p>
IPSAS 47: Revenue	<p><i>Applicable 1st January 2026</i></p> <p>This standard supersedes IPSAS 9- Revenue from exchange transactions, IPSAS 11 Construction contracts and IPSAS 23 Revenue from non- exchange transactions. This standard brings all the guidance of accounting for revenue under one standard. The objective of the standard is to establish the principles that an entity shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flow arising from revenue transactions.</p> <p><i>This standard has no expected impact on the fund</i></p>
IPSAS 48: Transfer Expenses	<p><i>Applicable 1st January 2026</i></p> <p>The objective of the standard is to establish the principles that a transfer provider shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of expenses and cash flow arising from transfer expense transactions. This is a new standard for public sector entities geared to provide guidance to entities that provide transfers on accounting for such transfers.</p> <p><i>This standard has no expected impact on the fund</i></p>
IPSAS 49: Retirement Benefit Plans	<p><i>Applicable 1st January 2026</i></p> <p>The objective is to prescribe the accounting and reporting requirements for the public sector retirement benefit plans which provide retirement to public sector employees and other eligible participants. The standard sets the financial statements that should be presented by a retirement benefit plan.</p> <p><i>This standard has no expected impact on the fund</i></p>

ii. ***Early adoption of standards***

The Entity did not early – adopt any new or amended standards in the financial year.

4. Summary of Significant Accounting Policies

a) Revenue recognition

i) Revenue from non-exchange transactions

Fees and other charges

The *Entity* recognizes revenues from fees and other charges when the event occurs, and the asset recognition criteria are met. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, deferred income is recognized instead of revenue. Other non-exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow to the *Entity* and the fair value of the asset can be measured reliably.

Transfers from other government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services, and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the *Entity* and can be measured reliably. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, the amount is recorded in the statement of financial position and realised in the statement of financial performance over the useful life of the assets that have been acquired using such funds.

ii) Revenue from exchange transactions

Rendering of services

The *Entity* recognizes revenue from the rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours. Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable.

Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

b) Budget information

The original budget for the 2023/2024 was approved by the County Assembly in June 2023. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the Entity upon receiving the respective approvals to conclude the final budget. The Entity recorded additional appropriations of zero on the 2023/2024 budget following the governing body's approval. The *Entity's* budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on an accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

c) Taxes

Current income tax

Current income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the area where the *Entity* operates and generates taxable income. Current income tax relating to items recognized directly in net assets is recognized in net assets and not in the statement of financial performance. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognized for all taxable temporary differences, except in respect of taxable temporary differences associated with investments in controlled entities, associates, and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits, and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except in respect of deductible temporary differences associated with investments in controlled entities, associates and interests in joint ventures, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognized outside surplus or deficit is recognized outside surplus or deficit. Deferred tax items are recognized in correlation to the

underlying transaction in net assets. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable *Entity* and the same taxation authority.

Sales tax

Expenses and assets are recognized net of the amount of sales tax, except:

- i) When the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the sales tax is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
- ii) When receivables and payables are stated with the amount of sales tax included
The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

d) Investment property

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property. Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition. Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of de-recognition. Transfers are made to or from investment property only when there is a change in use.

e) Property, plant, and equipment

All property, plant, and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the Entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus, or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

f) Leases

Finance leases are leases that transfer substantially all the risks and benefits incidental to ownership of the leased item to the *Entity*. Assets held under a finance lease are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the future minimum lease payments. The *Entity* also recognizes the associated lease liability at the inception of the lease. The liability recognized is measured as the present value of the future minimum lease payments at initial recognition. Subsequent to initial recognition, lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in surplus or deficit. An asset held under a finance lease is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the *Entity* will obtain ownership of the asset by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating leases are leases that do not transfer substantially all the risks and benefits incidental to ownership of the leased item to the *Entity*. Operating lease payments are recognized as an operating expense in surplus or deficit on a straight-line basis over the lease term.

g) Intangible assets

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred. The useful life of the intangible assets is assessed as either finite or indefinite. Intangible assets with an indefinite useful life are assessed for impairment at each reporting date.

h) Research and development costs

The *Entity* expenses research costs as incurred. Development costs on an individual project are recognized as intangible assets when the *Entity* can demonstrate:

- i) The technical feasibility of completing the asset so that the asset will be available for use or sale.
- ii) Its intention to complete and its ability to use or sell the asset.
- iii) How the asset will generate future economic benefits or service potential
- iv) The availability of resources to complete the asset.
- v) The ability to measure reliably the expenditure during development.

Following initial recognition of an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete, and the asset is available for use. It is amortized over the period of expected future benefit. During the period of development, the asset is tested for impairment annually with any impairment losses recognized immediately in surplus or deficit.

Financial instruments

IPSAS 41 addresses the classification, measurement, and de-recognition of financial assets and financial liabilities, introduces new rules for hedge accounting and a new impairment model for financial assets. The entity does not have any hedge relationships and therefore the new hedge accounting rules have no impact on the Company's financial statements. A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. At initial recognition, the entity measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through surplus or deficit, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

a) Financial assets

Classification of financial assets

The entity classifies its financial assets as subsequently measured at amortised cost, fair value through net assets/ equity, or fair value through surplus and deficit on the basis of both the entity's management model for financial assets and the contractual cash flow characteristics of the financial asset. A financial asset is measured at amortized cost when the financial asset is held within a management model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. A financial asset is measured at fair value through net assets/ equity if it is held within the management model whose objective is achieved by both collecting contractual cashflows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. A financial asset shall be measured at fair value through surplus or deficit unless it is measured at amortized cost or fair value through net assets/ equity unless an entity has made an irrevocable election at initial recognition for particular investments in equity instruments.

Subsequent measurement

Based on the business model and the cash flow characteristics, the entity classifies its financial assets into amortized cost or fair value categories for financial instruments. Movements in fair value are presented in either surplus or deficit or through net assets/ equity subject to certain criteria being met.

Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest, and that are not designated at fair value through surplus or deficit, are measured at amortized cost. A gain or loss on an instrument that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is de-recognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through net assets/ equity

Financial assets that are held for the collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through net assets/ equity. Movements in the carrying amount are taken through net assets, except for the recognition of impairment gains or losses, interest revenue, and foreign exchange gains and losses which are recognized in surplus/deficit. Interest income from these financial assets is included in finance income using the effective interest rate method.

Trade and other receivables

Trade and other receivables are recognized at fair values less allowances for any uncollectible amounts. Trade and other receivables are assessed for impairment on a continuing basis. An estimate is made of doubtful receivables based on a review of all outstanding amounts at the year-end.

Fair value through surplus or deficit

Financial assets that do not meet the criteria for amortized cost or fair value through net assets/equity are measured at fair value through surplus or deficit. A business model where the entity manages financial assets with the objective of realizing cash flows through solely the sale of the assets would result in a fair value through a surplus or deficit model.

Impairment

The entity assesses, on a forward-looking basis, the expected credit loss ('ECL') associated with its financial assets carried at amortized cost and fair value through net assets/equity. The entity recognizes a loss allowance for such losses at each reporting date.

b) Financial liabilities

Classification

The entity classifies its liabilities as subsequently measured at amortized cost except for financial liabilities measured through profit or loss.

i) Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or a nominal cost), the cost of the inventory is its fair value at the date of acquisition. Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

- i) Raw materials: purchase cost using the weighted average cost method.
- ii) Finished goods and work in progress: cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs.

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost. Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the *Entity*.

j) Provisions

Provisions are recognized when the *Entity* has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the *Entity* expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

k) Contingent liabilities

The Entity does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

l) Contingent assets

The Entity does not recognize a contingent asset but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

m) Nature and purpose of reserves

The Entity creates and maintains reserves in terms of specific requirements. The entity maintains revenue reserve to finance its activities.

n) Changes in accounting policies and estimates

The Entity recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

o) Employee benefits

Retirement benefit plans

The *Entity* provides retirement benefits for its employees and directors. Defined contribution plans are post-employment benefit plans under which an Entity pays fixed contributions into a separate *Entity* (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable. Defined benefit plans are post-employment benefit plans other than defined-contribution plans. The defined benefit funds are actuarially valued tri-annually on the projected unit credit method basis. Deficits identified are recovered through lump sum payments or increased future contributions on a proportional basis to all participating employers. The contributions and lump sum payments reduce the post-employment benefit obligation

p) Foreign currency transactions

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

q) Borrowing costs

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when the construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance.

r) Related parties

The *Entity* regards a related party as a person or an Entity with the ability to exert control individually or jointly or to exercise significant influence over the Entity. Members of key management are regarded as related parties and comprise the Fund Committees, Fund Administrator, and senior managers.

s) Service concession arrangements

The Entity analyses all aspects of service concession arrangements that it enters in determining the appropriate accounting treatment and disclosure requirements. In particular, where a private party contributes an asset to the arrangement, the Entity recognizes that asset when, and only when, it controls or regulates the services the operator must provide together with the asset, to whom it must provide them, and at what price. In the case of assets other than 'whole-of-life' assets, it controls, through ownership, beneficial entitlement, or otherwise – any significant residual interest in the asset at the end of the arrangement. Any assets so recognized are measured at their fair value. To the extent that an asset has been recognized, the Entity also recognizes a corresponding liability, adjusted by a cash consideration paid or received.

t) Cash and cash equivalents.

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call, and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and various commercial banks at the end of the financial year.

u) Comparative figures

Where necessary, comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

v) Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2024.

5. Significant Judgments and Sources of Estimation Uncertainty

The preparation of the *Entity's* financial statements in conformity with IPSAS requires management to make judgments, estimates, and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods. State all judgements, estimates, and assumptions made:

Estimates and assumptions.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The *Entity* based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the *Entity*. Such changes are reflected in the assumptions when they occur. IPSAS 1.140

Useful lives and residual value

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- a) The condition of the asset is based on the assessment of experts employed by the Entity.
- b) The nature of the asset, its susceptibility, and adaptability to changes in technology and processes.
- c) The nature of the processes in which the asset is deployed.
- d) Availability of funding to replace the asset.
- e) Changes in the market in relation to the asset

Provisions

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note 37. Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date and are discounted to present value where the effect is material.

46. Financial Risk Management

The Entity's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The Entity's overall risk management programme focuses on the unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The Entity does

not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history. The Entity's financial risk management objectives and policies are detailed below:

i) Credit risk

The Entity has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments. Management assesses the credit quality of each customer, taking into account its financial position, past experience, and other factors. Individual risk limits are set based on internal or external assessments in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the Entity's management based on prior experience and their assessment of the current economic environment.

Financial Risk Management

The carrying amount of financial assets recorded in the financial statements representing the Entity's maximum exposure to credit risk without taking account the value of any collateral obtained is made up as follows:

Description	Total amount	Fully performing	Past due	Impaired
	Kshs	Kshs	Kshs	Kshs
As at 30th June 2024				
Receivables from exchange transactions	20,065,618.00	3,903,197.65	0	0
Receivables from non-exchange transactions	-	-	-	-
Bank balances	70,016,366.60	70,016,366.60	0	0
Total	90,081,984.60	73,919,564.25	0	0
As at 30th June 2023				
Receivables from exchange transactions	18,820,529.65	3,313,010.80	0	0
Receivables from non-exchange transactions	-	-	-	-
Bank balances	73,421,421.00	73,421,421.00	0	0
Total	92,241,950.65	76,734,431.80	0	0

Financial Risk Management

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the Entity has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts. The board of directors sets the Entity's credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated.

ii) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Entity's directors, who have built an appropriate liquidity risk management framework for the management of the Entity's short, medium, and long-term funding and liquidity management requirements. The Entity manages liquidity risk through continuous monitoring of forecasts and actual cash flows. The table below represents cash flows payable by the Entity under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

Description	Less than 1 month	Between 1-3 months	Over 5 months	Total
	Kshs	Kshs	Kshs	Kshs
As at 30th June (Current FY)

Others	0	0	0	0
Total	0	0	7,303,690.00	7,303,690.00

Financial Risk Management

iii) Market risk

The *Entity* has put in place an internal audit function to assist it in assessing the risk faced by the *Entity* on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls. Market risk is the risk arising from changes in market prices, such as interest rates, equity prices, and foreign exchange rates which will affect the *Entity's* income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee. The *Entity's* Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by the Audit and Risk Management Committee) and for the day-to-day implementation of those policies. There has been no change to the *Entity's* exposure to market risks or the way it manages and measures the risk.

a) Foreign currency risk

The *Entity* has no transactional currency exposures. Such exposure arises through purchases of goods and services that are done in currencies other than the local currency.

Financial Risk Management

The carrying amount of the *Entity's* foreign currency-denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Financial Risk Management

The following table demonstrates the effect of the Entity's statement of comprehensive income on applying the sensitivity for a reasonable possible change in the exchange rate of the three main transaction currencies, with all other variables held constant. The reverse would also occur if the Kenya Shilling appreciated with all other variables held constant.

Description	Change in currency rate	Effect on Profit before tax	Effect on Equity/Net assets

Current FY			
Euro	0	0	0
USD	0	0	0
Sterling pound	0	0	0
Previous FY	0	0	0
Euro	0	0	0
USD	0	0	0
Sterling pound	0	0	0

b) Interest rate risk

Interest rate risk is the risk that the Entity's financial condition may be adversely affected as a result of changes in interest rate levels. The Entity's interest rate risk arises from bank deposits. This exposes the Entity to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the Entity's deposits.

Management of interest rate risk

To manage the interest rate risk, management has endeavored to bank with institutions that offer favourable interest rates.

Sensitivity analysis

The Entity analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant. The analysis has been performed on the same basis as the prior year.

Fair value of financial assets and liabilities

a) Financial instruments are measured at fair value.

Determination of fair value and fair values hierarchy

IPSAS 30 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources; unobservable inputs reflect the *Entity's* market assumptions. These two types of inputs have created the following fair value hierarchy:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities. This level includes listed equity securities and debt instruments on exchanges.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs). This level includes equity investments and debt instruments with significant unobservable components. This hierarchy requires the use of observable market data when available. The *Entity* considers relevant and observable market prices in its valuations where possible.

Kiambu County Executive Staff Mortgage Scheme Fund.
Annual Reports and Financial Statements for the year ended June 30, 2024.

Financial Risk Management

The following table shows an analysis of financial and non-financial instruments recorded at fair value by level of the fair value hierarchy:

Description	Level 1	Level 2	Level 3	Total
	Kshs	Kshs	Kshs	Kshs
As at 30 June (Current FY)				
Financial Assets				
Quoted Equity Investments	0	0	0	0
Non- Financial Assets	0	0	0	0
Investment Property	0	0	0	0
Total	0	0	0	0
As at 30th June (Previous FY)	0	0	0	0
Financial Assets	0	0	0	0
Quoted Equity Investments	0	0	0	0
Non- Financial Assets	0	0	0	0
Investment Property	0	0	0	0
Total	0	0	0	0

There were no transfers between levels 1, 2, and 3 during the year. Disclosures of fair values of financial instruments not measured at fair value have not been made because the carrying amounts are a reasonable approximation of their fair values.

iv) Capital Risk Management

The objective of the Entity's capital risk management is to safeguard the Entity's ability to continue as a going concern. The Entity capital structure comprises of the following funds:

Description	FY 2023-2024	FY 2022-2023
	Kshs	Kshs
Revaluation Reserve	0	0
Retained Earnings	3,186,002.00	-61,739.00
Reserve	0	0
Total Funds	3,186,002.00	-61,739.00
Total Borrowings	0	0
Less: Cash and Bank Balances	70,016,366.60	73,421,421.00
Net Debt/(Excess Cash And Cash Equivalents)	70,016,366.60	73,421,421.00
Gearing	4.55%	-0.83%

47. **Related Party Disclosures**

Nature of related party relationships

Entities and other parties related to the *Entity* include those parties who have the ability to exercise control or exercise significant influence over its operating and financial decisions. Related parties include management personnel, their associates, and close family members.

Government of Kenya

The Government of Kenya is the principal shareholder of the *Entity*, holding 100% of the *Entity's* equity interest. The Government of Kenya has provided full guarantees to all long-term lenders of the *Entity*, both domestic and external.

Other related parties include:

- i) The Parent Ministry.
- ii) County Governments
- iii) Other SCs and SAGAs
- iv) Key management.
- v) Board of Directors/Fund Committees.
- vi) Others

51. Events after the Reporting Period

There were no material adjusting and non-adjusting events after the reporting period.

52. Ultimate And Holding Entity

The Entity is a Semi-Autonomous Government Agency under the County Government of Kiambu. Its ultimate parent is the Government of Kenya.

53. Currency

The financial statements are presented in Kenya Shillings (Kshs) rounded to the nearest Kshs.

54. Prior Period Adjustment-

54a. Shared Profit

This is surplus/ profit shared of 50% as per Financial Institution agreement which has now been recognized in the accounts.

Description	Amount
Cumulative Administration fee as at 30th June 2023	5,747,046
50% as per Financial Institution agreement	2,873,523

54b. Over provision in the Payables

Over previous years, the financial institution had not confirmed the actual payment due for its administration fees. To account for these fees, management had been recording annual provisions by debiting the Statement of Financial Performance and crediting the payable account. Upon the bank confirmation an over provision of Kshs 112,506 had accumulated over these years under the Payables account. This has now been written back to the accumulated surplus.

Kiambu County Executive Staff Mortgage Scheme Fund.

Annual Reports and Financial Statements for the year ended June 30, 2024.

54c Other Adjustments during the year relating to prior periods that affected the audited financial statements include:-

Description Of the Error	Balance b/f from Previous FY as per audited financial statements	Adjustments during the year relating to prior periods	Adjusted **Balance b/f For previous FY

20. Appendices

Appendix 1: Implementation Status of Auditor-General's Recommendations

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor.

Reference No.: OAG/NRO/KCE/KCE-SMSF/ 2022/2023/(19)	Observations from Auditor	Management comments	Status:	Timeframe:
Non-Payment of Loans	<p>The statement of financial position reflects long-term receivables from exchange transaction balance of Kshs.18,267,784 as disclosed in Note 13 to the financial statements. Included in this balance is Kshs.15,507,519 advanced to two (2) individuals who are no longer employees of the County Executive of Kiambu. The loans were issued in July, 2018 and January, 2020 and repayment stopped in June, 2020. No effort seems to have been made to recover the loans contrary to Regulation 21(1) of Public Finance Management (Kiambu County Executive Staff Car Loan and Mortgage Scheme Fund) Regulations, 2016 on recovery of mortgage loans which stipulates that where the repayment of a loan is not made in accordance with the terms and conditions of the loan, the</p>	<p>Measures were put in place by the Family bank and the county government of Kiambu to recover the outstanding amounts from the beneficiaries.</p> <p>The County government has made efforts to recover the outstanding loans through gratuity payable to the defaulters. In November 2022 the county recovered shs 3,639,161.00 from gratuity which was payable to the one of the defaulters. We have recovered the gratuity of another County Executive Committee Member, of Kshs 547,896.00 in the month of December 2022. The other remaining two beneficiaries have not been paid their gratuities. The Bank that administers the fund has issued</p>	Not Resolved	Waiting for County Assembly Public Account and investment committee to meet and deliberate on the same

	Management and Governance. However, Management has not provided evidence on how the resolutions were arrived at.			
Long Outstanding Trade and Other Payables from Exchange Transactions	The statement of financial position reflects trade and other payables from exchange transactions balance of Kshs.7,303,690 as disclosed in Note 20 to the financial statements. Review of the account's trade payables ageing analysis revealed that an amount of Kshs.1,566,982 has been outstanding for over three years. Further, analysis of the payables ledger showed an increase of payables by Kshs.1,037,265 from the Kshs.6,266,425 reported in 2021/2022 financial year to Kshs.7,303,690 in 2022/2023 financial year. In addition, an amount of Kshs.1,444,138 for refundable deposits over-deducted from members was outstanding as at 30 June, 2023. No reason was provided as to why the fund had not refunded the over deducted monies to the respective officers.	The over-deduction of monies arose from the fact that some beneficiaries deposited some money directly to the bank account while at the same the county enforced full recovery of the loan through check off the system as per the memorandum of understanding between the county government of Kiambu through the department of finance and economic planning and the Family bank. The management noted this and is in the process of refunding the said amount.	Not Resolved	Waiting for County Assembly Public Account and investment committee to meet and deliberate on the same
