Dear **SIR**

RE: SCRUTINY OF THE WILDLIFE (CONSERVATION
MANAGEMENT) NATIONAL PARKS, RESERVES AND SANCTUARIES
RULES AND REGULATIONS, 2023 ON CONSERVATION FEES 2023-
2025

Reference is made to your letter Ref. No. NA/DAA&OSC/CDL/2023/ (093)
dated 27th September, 2023 on the above subject.

The Ministry of Tourism and Wildlife through Kenya Wildlife Service (KWS)
periodically reviews its conservation fees to align with changing conservation
and business environments.

As a result, this Ministry through KWS conducted public participation exercises
across the country in line with the Constitution of Kenya, 2010, the Wildlife
Conservation and Management Act, 2013 and the Statutory Instrument Act,
2013 from 30th January, 2023 to 3rd March, 2023 with a view to review the
Conservation fees. The same were also validated on 17th August, 2023 by the
relevant stakeholders.

Following feedback, recommendations and proposals received from the
public, we have come up with new Conservation fees in which we intend to
implement through the Wildlife (Conservation & Management) National
Parks, Reserves and Sanctuaries Rules and Regulations, 2023.

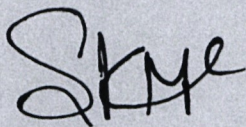

Pursuant to Section 116 of the Wildlife Conservation and Management Act, 2013 as read together with Section 10 and 11 of the Statutory Instrument Act, 2013, we enclose herewith the following documents for tabling before the respective delegated Parliamentary Committee at the Senate:

1. An Explanatory Memorandum;
2. The Wildlife (Conservation & Management) National Parks, Reserves and Sanctuaries Rules and Regulations, 2023 on Conservation Fees; and
3. Minutes, attendance Sheets and photos from the public participation and Validation Forums.

Kindly but urgently have the same tabled before the respective delegated Parliamentary Committee at the Senate for scrutiny.

We shall be grateful if the same can be urgently scrutinized and approved for gazettelement and implementation by 1st November, 2023 as the same will greatly contribute to our efforts to conserve and manage wildlife and its habitat for posterity, including revenue generation.

Yours *SINCERELY*

MINISTRY OF TOURISM AND WILDLIFE
STATE DEPARTMENT FOR WILDLIFE

**BRIEF ON EXEMPTION AS TO THE REQUIREMENT OF A REGULATORY
IMPACT STATEMENT UNDER PART III OF THE STATUTORY INSTRUMENT
ACT, 2013**

Kenya Wildlife Service periodically review its conservation fees through rules and regulations as envisaged under **Section 116 (2) (b)** of the **Wildlife Conservation and Management Act, 2013**.

The Service is in the process of implementing new conservation fees through **Wildlife (Conservation and Management) (National Parks, Sanctuaries and Reserves) (Amendment) Regulations, 2023** which have been subjected to public participation, validation and are yet to be scrutinized by parliament pursuant to the provision of the **Statutory Instrument Act, 2013**, the **Constitution of Kenya, 2010** and the **Wildlife Conservation and management Act, 2013**.

We have prepared an Explanatory Memorandum and draft Rules and Regulations on the proposed new fees.

A Regulatory Impact Statement under **PART III** of the **Statutory Instrument Act** is not necessary pursuant to **Section 9** of the Act, for the following reasons:

1. The Rules and Regulations in its nature is not of a legislative character as it involves Conservation Fees that do not decrease a person's right or impose to the public liability as compared to VAT, PAYE, Exercise Duty etc.
An individual has an option of whether to visit a Park, Sanctuary or a Reserve. The principle of offer and acceptance applies with respect to these Conservation fees.
2. The said Regulations are meant to amend or review previous Conservation fees which in essence do not fundamentally affect the legislation's (the Wildlife Conservation and Management Act, 2013) application or operation.
3. The Regulations are geared to amending a fee (Conservation Fess) which is consistent with announced government policy

From the above reasons, a Regulatory Impact Statement, is not mandatory for this class of Rules and Regulations.
